Disclaimer

The online calendar is the official publication of regulations, policies, programs, requirements, and course descriptions for the 2020-2021 academic year produced annually by Capilano University. The programs and courses listed in the calendar have been approved by Senate and are expected to be offered this academic year. Students at Capilano University are responsible for knowing and complying with all requirements as stated in the calendar.

Changes to Curricula, Regulations, and Services

Capilano University reserves the right to make such changes as necessary, including the cancellation or adjustment of programs or courses and changes in fee structure or other regulations or services, without liability for any resulting loss or damage.

Although every effort is made to ensure accuracy at the time of publication, the statements in the calendar do not constitute an irrevocable contract between the student and Capilano University.

Academic Information

Academic Schedule

Refer to the [Academic Schedule Policy](#) for information related to the setting of the Academic Schedule.

Please see the current [Academic Schedule and Important Dates](#).

Admission and Readmission

BECOMING A CAPILANO UNIVERSITY STUDENT

1. Get Informed

- Read the calendar and the Capilano [website](#) to find information about your program of interest.
- On the calendar, the table of contents and index will be helpful in finding particular subjects in the calendar.
- For information about events for your program of interest please visit our [event calendar](#) page.
- For general information contact the Registrar's Office at 604.984.4900.

2. Check the Admission Requirements

- Before you apply, check to make sure you meet the admission requirements for the program you have chosen.
- General information on admission requirements is posted on the [Admission Requirements](#) page.
- Program-specific admission requirements can be found on the [program pages](#). Make sure you check the specific program page for application and document deadlines.

3. What to Submit:

- **Submit an Application for Admission/Readmission**
 - New Applicants – all first time applicants must apply for admission.
 - Returning Applicants - All students in non-cohort programs who have not attended classes for three consecutive major terms (fall or spring) must apply for readmission. Students who wish to change programs or have withdrawn from a cohort program must also apply for readmission.
 - Current Students - All current students who want to change programs must submit a new application.
 - All applicants should apply through [EducationPlannerBC](#).
- **Submit Application Fee**
 - You must pay this fee online when you submit the online application.
 - A \$50 non-refundable application fee is required for new or returning students.
 - A \$135 non-refundable application fee for new international students.
- **Submit Supporting Documents**
 - Supporting documents can be submitted to the Registrar's Office at 2055 Purcell Way, North Vancouver, BC, V7J 3H5.

4. Register:

- Complete information on how to register, as well as schedules (myCapU Schedule) of all the courses to be offered in the coming term will be available online at [myCapU](#). This information will be available prior to the commencement of registration. Individual student information on when to register will be available on their myCapU Account.
5. **Pay Your Tuition:**
- The most current fee information is available online at [Fees & Finances](#).
6. **Medical Insurance:**
- Students are not covered by Workers' Compensation while attending Capilano University. Students are responsible for acquiring their own Medical Services Plan (MSP) and accident insurance coverage.
 - International students must have adequate medical coverage while studying at Capilano University. Students can buy medical insurance for the first 90 days in British Columbia from their home country or at the Capilano Centre for International Experience.
 - Any Temporary Resident who stays in British Columbia for 6 months or longer must have the BC Medical Services Plan (MSP). Find more details on the [MSP website](#).

APPLICATION DATES

Application deadlines vary by program, please consult the individual program websites for the most up to date information. We encourage students to apply early!

Most program applications open 11 months prior to the start of that term.

- Fall Intakes - first Tuesday in October
- Spring Intakes - first Tuesday in February
- Summer Intakes - first Tuesday in June

ADMISSION REQUIREMENTS

English Language Requirement

All students must have a level of English sufficient to write assignments, read textbooks, understand class lectures, and take part in class discussions.

If English is not your first language, or you have received your education in another language, you will be required to provide proof of English Language Proficiency in one of the following ways:

Ways to Meet the English Language Requirement

English Language Assessment Tests

- **TOEFL** (Test of English as a Foreign Language): 83 (internet-based score), 560 (paper-based score) Contact: www.ets.org/toefl (Note: Capilano University's TOEFL institution code is 0505)
- **ELA** (English Language Assessment Test): 145 Contact: Vancouver Community College, King Edward Campus, 1155 East Broadway
- **Academic IELTS** (International English Language Testing System): 6.5 overall, and no one score less than 6 Contact: www.ielts.org or ielts@sfu.ca
- **CAEL** (Canadian Academic English Language Assessment Test): 70 Contact: www.cael.ca
- **PTE** (Pearson Test of English - Academic): 56 Contact: www.pearsonpte.ca
- **DET** (Duolingo English Test)*: required minimum mark 110 Contact: englishtest.duolingo.com (*Note: DET test scores will be accepted on a temporary basis until January 2021)

Other Ways to Meet the English Language Requirement

- 6 credits of post-secondary English that transfers to Capilano University; or
- English Studies 12 or English 12 or English First Peoples 12 with a final mark of C+ grade or higher and two years of full time high school education in Canada; or
- Advanced Placement English Language/Composition or English Literature /Composition with a minimum mark of 4; or
- International Baccalaureate English Language A Higher Level with a minimum mark of 5; or
- Language Proficiency Index (LPI) Level 4 with an essay score of 26 (*scores are valid for a maximum of 5 years after the date of the test*); or
- Capilano University EAP 100 and 101 with minimum mark of B+ (77%) in each course; or
- Four or more consecutive years of full-time education in English in Canada, or in a country other than Canada where English is the principal language*; or
- Four or more years at an eligible international high school that uses English as the language of instruction but operates in a country where the primary language is not English; or
- Graduate from a recognized degree program at an accredited university at which English is the primary language of instruction in a country where English is the principal language*.

*A list of countries that are considered to have English as the principal language for the purpose of satisfying this requirement can be found in the [English Language Requirements](#) section of the Capilano Website.

Students who do not qualify under one of the above measures may submit a Request for a Waiver of the English Language Requirement form to the attention of Admissions in the Registrar's Office (see the [English Language Requirements](#) section of the Capilano Website).

If the University then decides you need additional instruction in English you will be asked to take an English examination suitable to the program area in which you wish to enrol.

English for Academic Purposes (EAP) Program

For students applying only for EAP: EAP Placement Test, **contact:** EAP Department, Capilano University, 604.986.1911, ext. 4971 or eap@capilanou.ca for testing appointment.

Provincial Graduation Assessments (all programs)

British Columbia Secondary School students applying to Capilano University will require successful completion of the two provincial graduation assessments (one for numeracy and one for literacy) in order to meet the BC Graduation Program requirements.

Admission Requirements for Preparatory Programs

Please see the specific program description in the University Calendar for admission requirements.

Admission Requirements for Career and Limited Enrolment Programs

Please see the specific program description in the University Calendar for admission requirements.

Admission Requirements for Arts or Sciences Programs

Admission from BC/Yukon high schools

Arts or Sciences programs require British Columbia Secondary School Graduation (Grade 12) or equivalent with a minimum grade point average (GPA) of 2.0 (60%) calculated on English Studies 12 or English 12 or English First Peoples 12 and two (2) academic Grade 12 courses selected from the list below (please note that the list below continues to be under review to reflect the changing BC High School Curriculum):

- All Advanced Placement courses
- All International Baccalaureate courses
- 20th Century World History (*formerly History 12*)
- Accounting 12 or Financial Accounting 12
- Anatomy and Physiology 12 (*formerly Biology 12*)
- Applications of Mathematics 12 or Foundations of Mathematics 12
- Asian Studies (*formerly History 12*)
- BC First Nations Language 12
- BC First Peoples 12 (*formerly BC First Nations Studies 12*)
- Calculus 12
- Chemistry 12
- Communications 12
- Comparative Cultures 12 (*formerly Comparative Civilization 12*)
- Comparative World Religions 12 (*formerly Comparative Civilizations 12*)
- Contemporary Indigenous Studies 12 (*formerly BC First Nations Studies 12*)
- Creative Writing 12 (*formerly Writing 12*)
- Composition 12 (*formerly Writing 12*)
- E-Commerce 12 (*formerly Marketing 12*)
- Economics 12
- Economic Theory 12
- Entrepreneurship 12
- Environmental Science 12
- French 12 or Français-Langue Seconde 12
- Genocide Studies 12 (*formerly History 12*)
- Geology 12
- German 12
- Human Geography 12 (*formerly Geography 12*)
- Information Technology 12 or one of the following: ICTC 12, ICTM 12, ICTP 12, ICTS 12, ICTX 12
- Japanese 12
- Korean 12
- Law Studies 12
- Literary Studies 12 (*formerly English Literature 12*)
- Mandarin 12
- New Media 12
- Philosophy and Religion 12 or Philosophy 12
- Physics 12
- Physical Geography 12 (*formerly Geography 12*)
- Political Studies 12
- Principles of Mathematics 12 or Pre-calculus 12

- Psychology 12
- Punjabi 12
- Social Justice 12
- Spanish 12
- Spoken Language 12
- Sustainable Resources 12
- Urban Geography (*formerly Geography 12*)

OR

- Successful completion of the BC Adult Dogwood Graduation Diploma; or
- Successful completion of the General Education Diploma (GED)

Admission from the International Baccalaureate (IB) Program

IB Diploma Applicants

International Baccalaureate students are eligible for admission on the basis of successful completion of the IB Diploma. Capilano University English Language Requirements and program specific requirements must also be met.

For those students who are completing both the IB Diploma and another high school curriculum, Capilano will use the credential which offers the applicant the best advantage.

Transfer credit or advanced standing will be awarded for IB courses. Please see the Transfer Credit section of this calendar for a table of credit awarded for IB course work. Applicants may also consult the BC Transfer Guide at www.bctransferguide.ca.

IB Certificate Applicants

In order to meet admission requirements applicants must successfully achieve high school completion (or the equivalent). Capilano University English Language Requirements and program specific requirements must also be met. For IB students not completing the IB Diploma it should be noted that IB certificate courses at both the standard and higher level can be used for admission in conjunction with another high school curriculum. IB certificate courses will also be considered for transfer credit or advanced standing. Please see the Transfer Credit section of this calendar for a table of credit awarded for IB course work. Applicants may also consult the BC Transfer Guide at www.bctransferguide.ca.

IB Grade Conversion

We will convert your IB exam scores into percentages for purposes of admission and transfer credit. If you are completing an IB course and the related high school course, we will use the higher of the two grades for admission.

IB Exam Grade	% Equivalent
7	96
6	90
5	86
4	76
3	70

Admission from the Advanced Placement (AP) Program

In order to meet admission requirements applicants must successfully achieve high school completion (or the equivalent). Capilano University English Language Requirements and program specific requirements must also be met. AP courses are eligible for admission consideration and AP course grades may be combined with an approved high school curriculum to meet Capilano's admission requirements. AP courses will also be considered for transfer credit or advanced standing. Please see the Transfer Credit section of this calendar for a table of credit awarded for AP course work. Applicants may also consult the BC Transfer Guide at www.bctransferguide.ca.

AP Grade Conversion

We will convert your AP scores into percentages for the purpose of admission and transfer credit. If you are completing an AP course and the related high school course, we will use the higher of the two grades for admission.

AP Grade	% Equivalent
5	96
4	86
3	80
2	70

Arts or Sciences Programs - Admission Requirements from High Schools from Other Canadian Provinces

Admission from Alberta, Northwest Territories, or Nunavut High Schools

Applicants must supply evidence of academic Grade 12 completion leading to graduation and include at least three five-credit courses, selected as follows:

1. English Language Arts 30-1; and
2. at least two additional courses selected from: Aboriginal Studies 30, Biology 30, Blackfoot Language and Culture 30, Experimental Psychology 30, Chemistry 30, Chinese Language and Culture 30, Cree Language and Culture 30, Français 30/30-1/30-2, French 30, French 31A/ 31B/31C, French Language Arts 30, German 31, German Language and Culture 30, German Language Arts 30, Italian Language and Culture 30, Japanese Language and Culture 30, Latin 30, Math 30-1, Math 30-2, Math 30-3, Math 31, Macroeconomics 30, Microeconomics 30, Philosophies of Man 30, Physics 30, Punjabi Language and Culture 30, Pure Mathematics 30, Science 30, Social Studies 30/30-1, Spanish Language and Culture 30, Spanish Language Arts 30, Ukrainian Language and Culture 30, Ukrainian Language Arts 30, Western World History 30.

Admission average will be based on English Language Arts 30-1 and the two best five-credit courses in group two.

Admission from Saskatchewan

Applicants must supply evidence of completion of academic level three (grade 12) leading to graduation, including at least four academic courses selected as follows:

1. English A30 and B30; and
2. at least two additional 30 numbered courses selected from: Biology 30, Calculus 30, Chemistry 30, Computer Science 30, Economics 30, English Language Arts A 30 and B 30, Foundations of Mathematics

30, Francais Fransaskois A30 B30, Francais immersion 30, French 30, Geography 30, Geology 30, German 30, History 30, Latin 30, Law 30, Mandarin 30, Native Studies 30, Physics 30, Pre-calculus 30, Psychology 30, Social Studies 30, Spanish 30, Ukrainian 30, Ukrainian Language Arts 30.

Admission average will be based on English A30, B30 and the two best courses in group two.

Admission from Manitoba

Applicants must supply evidence of completion of an academic program which will lead to graduation and includes at least three courses selected as follows:

1. English Language Arts 40S (one of Comprehensive, Literary or Transactional focus); and
2. at least two additional courses selected from: Applied Math 40S/E/M, Biology 40S, Chemistry 40S, Chinese 40S, Computer Science 40S, Deutsch 40S, Economics 40S, Essential Mathematics 40S/E/M, Filipino 40S, Francais 40S, French 40S, Geography 40S, German 40S, Global Issues: Citizenship & Sustainability 40S, Hebrew 40S, History: Western Civilization 40S, Icelandic 40S, Italian 40S, Japanese 40S, Latin 40S, Law 40S, Physics 40S, Polish 40S, Portuguese 40S, Pre-calculus Mathematics 40S/E/M, World Issues 40S, Spanish 40S, Ukrainian 40S.

Admission average will be based on English Language Arts 40S and the two best courses in group two.

Admission from Ontario

Applicants must supply evidence of academic Grade 12 completion, including at least three academic courses selected as follows:

1. ENG4U; and
2. at least two additional 4U/M courses selected from: Advanced Functions (MHF4U), Biology (SBI4U), Chemistry (SCH4U), Canadian and International Law (CLN4U), Canadian and World Politics (CPW4U), Canadian Geography (CGW4U), Earth and Space Science (SES4U), Current Economic Issues (CIA4U), Geomatics (CG*4M), World Geography (CGW4U), World History (CHY4U), Ancient Greek (LVLGCU), Classical Civilization (LVV4U), Latin (LVLCU), Other Languages (L**DU), Physics (SPH4U), Studies in Literature (ETS4U), The Writer's Craft (EWC4U), Core French (FSF4U), Extended French (FIF4U), French Immersion (FSF4U), Exercise Science (PSE4U), Interdisciplinary (IDC4U & IDP4U) Mathematics and Data Management (MDM4U), Calculus and Vectors (MCV4U), Aboriginal Governance: Emerging Directions (NDG4M), Indigenous Peoples (NDW4M), Science (SNC4M), Religious Education (HRE4M), Technological Design (TDJ4M).

Admission average will be based on English 4U and two acceptable courses from group two.

Admission from Quebec

CEGEP: Applicants from a CEGEP must present either a completed DEC or at least one year of an approved academic program.

Grade 12: Applicants must supply evidence of academic Grade 12 completion including at least 3 academic courses selected as follows:

1. English 12; and
2. at least two additional university preparatory grade 12 courses selected from: Biology, Chemistry, Geography, History, Languages, Literature, Mathematics, Physics, Social Sciences.

Admission average will be based on English 12, and the two best courses in group two.

If your first language is French and you have four years or more of full-time study in a Canadian school system and English 12 (or equivalent) is among the courses you have successfully completed, you will satisfy the Language Requirement for admission to Capilano University.

Admission from New Brunswick

Applicants must supply evidence of completion of an academic (i.e. college preparatory) program which will lead to graduation and includes at least three courses as follows:

1. English 121 or 122; and
2. at least two additional grade 12 academic courses selected from: Advanced Mathematics with Intro Calculus 120, Biology 121/122, Calculus 120, Canadian Geography 120, Canadian History 121/122, Canadian Literature 120, Chemistry 121 or 122, Computer Science 120, Economics 120, English 121, English 122, Environmental Science 122, Foundations of Mathematics 120, French 121, French 122, Geography 120, Geology 120, History 120, Language Arts 120, Law 120, Mandarin 120, Mathematics 121, Mathematics 122, Music 120, Music 122, Native Studies 120, Physics 121 or 122, Political Science 120, Pre-calculus B120, Psychology 120, Science 122, Sociology 120, Spanish 120, Trig & 3-Space 121, Trig & 3-Space 122, World History 121, World Issues 120, Writing 110.

Admission average will be based on English 121 or 122 and the two best courses in group two.

Admission from Prince Edward Island

Applicants must supply evidence of completion of an academic or advanced academic program which will lead to graduation and includes at least three academic and/or advanced academic subjects selected as follows:

1. English 611 or 621; and
2. at least two additional courses numbered 611 or 621 from: Advanced Math & Calculus 611B, Animal Science 621A, Biology 621A, Chemistry 611A, Chemistry 621A, Computer Science 621A, Economics 621A, Exploring Civilizations 621F, Foundations of Math 621A, Francais 621M, Francais 621F, French 621A or French 621M, Global Studies 621A, History 621A, History 621B, Oceans 621A, Physics 621A, Political Science 621A, Pre-calculus 621B, Sociology 621F.

Admission average will be based on English 611 or 621 and the two best courses in group two.

Admission from Nova Scotia

Applicants must supply evidence of completion of an academic (i.e. university preparatory) program which will lead to graduation, including at least three subjects selected as follows:

1. English 12; and
2. at least two additional Grade 12 courses selected from: Advanced Biology 12, Advanced Chemistry 12, Advanced Mathematics 12, Advanced Physics 12, African Heritage Literature 12, Biology 12, Calculus 12, Canadian Literature 12, Chemistry 12, Comparative World Religions 12, Computer-Related Studies 12, Economics 12, Food Science 12, Francais Immersion 12, French - core 12, Gaelic 12, Geography 12, Geology 12, German 12, Global Geography 12, Global History 12, Latin 12, Law 12, Mathematics 12 (Academic or Advanced), Mi'kmaq 12, Philosophy 12, Physics 12, Political Science 12, Pre-calculus Mathematics 12, Sociology 12 (LD - academic), Spanish 12.

Admission average will be based on English 12 and the two best courses in group two.

Admission from Newfoundland and Labrador

Applicants must supply evidence of completion of an academic program which will lead to graduation and includes at least 13 credits as follows:

1. English 3201; and
2. at least two additional Grade 12 courses selected from: Biology 4221, Chemistry 3202, Chemistry 4222, Computer Technology 3200, Computer Science 4220, Earth Systems 3209, Environmental Science 4225, Environmental Science 3205, European History 3205, Folk Literature 3203, Français 3202, French 3200/3201/3203/4220, Global Issues 3205, Government and Politics 4227, Histoire Mondiale 3231, Inuktitut 3225, Mathematics 3200/3201/3208, Physics 3204, Physics 4224, World Geography 3202/3208, World History 3201, World History 4224, World Literature 3216, World Religions 3101/3106.

Admission average will be based on English 3201 and the two best courses in group two.

Admission Requirements for Students from Other Countries

International students are eligible for admission to Capilano if they have completed the equivalent of secondary school graduation (Grade 12) in British Columbia. Please refer to the applicable section of the University Calendar for complete admission requirements to each program. Note: some programs require a portfolio, supplemental documents, audition, particular academic subjects, a minimum GPA or have a selective or competitive admission process.

Official, original or school certified transcripts are required for all programs. Transcripts show a list of subjects and grades in each. If graduation is not shown on the official transcript, please provide official proof of graduation as well. These documents must be in the original language of issue and translated into English by a recognized translator, if required.

If you are currently in your final year of secondary school, a mid-term report of grades is acceptable until final graduation grades are submitted.

Vocational streams of secondary school completion will be considered for certain programs.

For the International Equivalence Curricula list, please see the [Arts or Sciences programs: students from other countries](#) section of the Capilano website.

Other Qualifications for Meeting Admission Requirements

- British Columbia Adult Dogwood Graduation Diploma, or
- General Education Diploma (GED)

Concurrent Admission

Secondary students with superior academic records may apply for **limited admission to a credit program(s) at the University and take a University course(s)**.

Students applying under the concurrent admission category must submit a [Concurrent Studies Consent Form](#) signed by a parent/guardian and the high school principal or designate. The completed form must be accompanied by an official copy of the high school academic record.

This admission will be recommended/approved by the Faculty Dean. Upon admission, the student may take a University course(s) while still attending high school. These students might be eligible for dual credit based on the successful completion of the course.

Inquiries should be directed to admissions@capilano.ca.

Discretionary Admission

Admission of an Applicant who does not meet one (1) or more of the academic or non-academic admission requirements will be considered Discretionary. A Discretionary Admission application will be jointly approved by the Faculty Dean and the Registrar or the Registrar's designate.

Home Schooled Students

- Home schooled applicants must provide proof that they have met secondary school graduation requirements from a recognized educational jurisdiction and also program specific minimum subject and academic admission requirements.
- In addition, all applicants are required to take exams, or equivalent, for all courses in which they are mandatory.
- In cases where applicants do not meet the above-mentioned requirements, they must submit a Letter of Intent outlining the reasons for not being able to meet these requirements and provide SAT scores and/or any other relevant documentation for admission consideration.

Visiting Students

A student wishing to take a course at Capilano University to transfer back to their home post-secondary institution may do so by applying to the University as a visiting student and submitting a letter of permission from their home institution to Capilano University. The Letter of Permission must indicate the course the student is permitted to take at the University and how it will transfer back to the home institution. The Letter of Permission must also specify the term in which the course may be taken. Official transcripts might be requested of Visiting Students depending on the course taken at the University. The student must meet all the necessary University admission requirements. Permission to register as a Visiting Student must be approved on a term by term basis.

Transfer Students

Students who have successfully completed 9 or more credits in an academic program at a recognized college or university will be granted admission to the Arts or Sciences programs based on the work completed.

TRANSFER CREDIT

All public B.C. post-secondary institutions accept each other's credit upon transfer if applicable to a program at the admitting institution and if there is suitable equivalency.

Transfer credit will be granted at the time of admission for all courses identified on official transcripts at that time. Additional transfer credit may be granted for courses completed at other post-secondary institutions. Students seeking transfer credit must complete the [Request for Transfer Credit](#) form, attach official transcripts, if not already submitted, or note that transcripts will be sent from another institution, and submit to the Registrar's Office. For courses completed at out-of-province institutions, detailed course outlines must also be submitted.

All approved transfer credit is noted on the permanent student record. While the credit awarded does not affect the grade point average, the credit will be included in the total number of credits completed and may be used to complete certificate, diploma or degree requirements if applicable.

Limit of Transfer Credits

For most credentials, 50 per cent of the credit required must be completed at Capilano University. There might be specific residency requirements and/or time restrictions. See specific programs for more information.

Approved transfer credit is relevant at Capilano University only.

Advanced Placement (AP) Transfer Credit

Official transcripts sent directly from the College Board are required in order for transfer credit to be awarded for Advanced Placement courses. Applicants who have passed an Advanced Placement Examination, administered by the College Entrance Examination board, with a minimum of 4 will receive credit as noted on the [Advanced Placement Search](#) of BC Transfer Guide website.

Capilano University's Entrance Examination Board Code is 7892

Note

Transfer credit granted for Advanced Placement courses will apply to programs at Capilano University. Students should be aware that other universities and colleges may not accept these courses for transfer credit.

International Baccalaureate (IB) Transfer Credit

Applicants who have completed the International Baccalaureate Diploma with the minimum marks listed will receive credit or waivers for some **higher level** subjects passed as noted on the [International Baccalaureate Search](#) of the BC Transfer Guide website.

Note

Transfer credit granted for International Baccalaureate courses will apply to programs at Capilano University.

General Certificate of Secondary Education (GCSE) and Advanced Levels

Transfer credit may be awarded for completed academic A-Level subjects (no credit for AS-Level or O-Level subjects is awarded). Students who have achieved strong A-level results may receive first year course credit. Capilano University determines credit for A-Level examined subjects on a case-by-case basis.

Prior Learning Assessment

Prior Learning Assessment (PLA) is a process whereby students may receive university credits for learning acquired in formal and informal situations. This process called Prior Learning Assessment (PLA) is of benefit to students who have work and life experiences that equate to courses offered at the University. For example, if you have on-the-job work experience in computers you may be able to receive credits offered in one or more office or business administration courses. You will need to demonstrate that you have acquired the knowledge, skills and values required in the formal courses for which you are requesting credit. This is done by providing evidence of what you have learned. This might include any one or combination of the following: a work site visit, documentation, interview, oral presentation, or portfolio. For more information about whether PLA is an option in the program for which you are applying, please contact the program coordinator.

The regular tuition fee for the course will be required for PLA. Prior Learning Assessment granted will be recorded on the permanent student record and will appear on the student's official university transcript.

Credit for PLA will apply to credentials earned at Capilano University. Students should be aware that other universities and colleges may not grant credit or transfer credit for credit received by PLA.

Registration

RIGHT TO REGISTER

A current Capilano University student who has not maintained satisfactory standing in a program in any term may be denied permission to enrol in that program in a subsequent term. Individual programs may require a GPA higher than that stated in the Academic Standing Policy to continue enrolment.

Students are required to apply for Readmission if they miss one major term in a cohort program or after missing three consecutive major terms in a non-cohort program. Students who are required to withdraw will also be required to apply for Readmission. The application for readmission fee will apply. Applicants in this category must meet all University and program admission requirements. Students who wish to change programs must also apply for readmission. Apply online via the [Capilano University Apply](#) page.

Failure to Pay Fees and Charges. Students who fail to pay fees by the established deadlines, have library book replacement fees or other university charges, have not repaid emergency loans, or in any other manner have not discharged all financial obligations to the University, will not be issued transcripts or permitted to enrol or re-enrol. They will also not be able to take advantage of some university services.

INSTRUCTIONAL YEAR

The instructional year is comprised of three terms:

Fall: September through December

Spring: January through April

Summer:

- Session I: May through June
- Session II: July through August
- Full Term: May through August

Note

A limited number of courses are offered during the Summer term.

MATH PLACEMENT TEST (MPT)

The Mathematics and Statistics Department offers placement tests for students who lack the prerequisites for the entry level courses listed in the [Prerequisite Table for Entry Courses](#) in the [Math and Statistics](#) section. For each placement test there is a study guide which provides suggested review material and lists the scheduled test dates. With the exception of the placement test for admission into MATH 097 students are not allowed to rewrite the same level of placement test within a twelve month period. The waiting period to rewrite the placement test for entry into MATH 097 is one month or longer. For more information please contact the Registrar's Office or the School of Science, Technology, Engineering & Mathematics (STEM), or visit the [Mathematics & Statistics](#) department website.

Students wanting to enrol in an entry level course must write a placement test if they do not satisfy the prerequisite requirements for the course.

Students with prerequisites that are more than twelve months old are strongly advised to write the MPT and to follow its placement recommendation. MPT results are valid for a one year period.

Note

The cost to write a Math Placement Test is \$25. Payment can either be made in person at the [Cashier's Office](#) during regular business hours or by completing a MPT Credit Card Payment Form found online at [Math Placement Test \(MPT\)](#), and by either e-mailing a scanned copy of this completed credit card form to the Cashier's Office at finserve@capilano.ca or by faxing it to 604.984.1723.

ENGLISH DIAGNOSTIC TEST (EDT)

Students who wish to enrol in English courses must submit the results of the Capilano University English Diagnostic Test (EDT) or the Language Proficiency Index Test (LPI). EDT and LPI results are valid for 5 years from the date of testing.

Students with any one of the following are exempt from this requirement:

1. a final grade of 73% or higher in English Studies 12, English 12, English First Peoples 12 or Literary Studies 12;
2. an LPI score of 24 or higher;
3. successful completion of ENGL 010, or equivalent transfer credit;
4. successful completion of ENGL 112, or equivalent transfer credit;
5. a final grade of 4 or higher in an Advanced Placement course in English Composition or English Literature;
6. a final grade of 4 or higher in the International Baccalaureate Language A: Literature, Language A: Language and Literature, or Language A: Literature and Performance - Higher Level and Standard Level;
7. a final grade B+ or higher in BENG 052; or a final grade of B+ or higher in both BENG 053 and BENG 054;
8. a final grade of C- or higher in an English transfer course from another university or college;
9. a degree from an English-speaking university;
10. a C grade or higher in FAL X99 from Simon Fraser University;
11. IELTS (academic): score of 6.5 or higher with a minimum band level of 6.0; or
12. TOEFL (IBT): score of 88 or higher with no section below 20.

Note

Successful completion of any EAP course does not qualify a student to directly enter ENGL 100.

Note

Based on the EDT, students are placed in EAP (English for Academic Purposes), CUP (College & University Preparation) or an ENGL 100 level course.

Note

Based on the LPI, students will be placed as follows:

Level	Score	Placement
1	10	EAP

Level	Score	Placement
3	18 - 22	ENGL 010
4	24 or higher	ENGL 100 recommended
5	30, 31, 32, 34	Any first-year English course
6	36 - 40	Any first-year English course

Students who wish to register in any English course who do not qualify for an exemption must submit the results of the Capilano University English Diagnostic Test (EDT) or the Language Proficiency Index Test (LPI) prior to registration. EDT schedules are available online at the [English Diagnostic Test](#) website.

Note

Students are encouraged to pay for the EDT in person through the Cashier's Office, North Vancouver campus. Alternatively, an [online payment form](#) may be submitted. Students may also pay for káalax-ay | Sunshine Coast campus sittings of the EDT through that campus. A fee of \$50 is charged for this exam. Photo ID is required to write the EDT. No dictionaries or electronic devices are allowed in the exam.

ADD, DROP, WITHDRAWAL PROCEDURES

Add, Drop/Withdrawal Procedures - Full Term Courses Only

Period	Students Are Allowed To			Appears on Transcript?
	Add	Drop/Withdraw	Audit/Credit Change	
before classes commence	yes	drop	no	add - yes drop - no
add/drop	yes	drop	yes	add - yes drop - no audit - yes
withdrawal	no	withdraw	no	withdraw - yes
post withdrawal deadline	no	no (only for extenuating circumstances)	no	yes (if extenuating withdrawal is granted)

Procedure for Condensed Courses/Terms

The deadlines will be prorated to the duration of the intensive courses. Please contact the [Registrar's Office](#) for add, drop and withdrawal dates or visit, [Registration Dates](#) for a listing of Non-Standard Add, Drop, and Withdrawal Dates.

Adding, Dropping or Changing Courses Before Classes Commence

Course Change Procedure

Students with an online registration time ticket (days/times to register) should continue to use the online registration system, myCapU Schedule, to add, drop, or change sections for courses that are available for web registration.

Students without an online registration time ticket will need to submit a Registration form, signed by the instructor, in order to add, drop, or change sections of a course.

Course drops will not be printed on the Official Transcript of Academic Record, but will be maintained in the permanent student record for accounting and statistical purposes.

Add/Drop Period

Full-Term Courses:

Fall Term:

- for regular, full-term courses: the second Monday of the term

Spring Term:

- for regular, full-term courses: the second Friday of the term (when the term begins on a Monday) **or** the second Tuesday of the term (when the term begins on a Wednesday)

Summer Term:

- for regular, full-term courses: the second Friday of the term
- for Session I courses: the first Friday of the term
- for Session II courses: the Friday of the first week of instruction for Session II unless the session begins on a Tuesday, then it is on the first Monday

All Other Courses: Please refer to the Capilano University website [Registration Dates](#) for add and drop dates for courses with start and end dates that differ from the full-term start and end dates (Non-Standard Add, Drop and Withdrawal Dates).

Add/Change Sections: Students will be able to add courses or change sections online until the end of the add/drop period provided they have a valid Registration time ticket and the courses are available for web registration. All other course adds or section changes will require submission of a signed Registration form to the Registrar's Office with the instructor's signature.

Drop: Students will be able to drop courses online until the end of the add/drop period provided they have a valid Registration time ticket and the courses are available for web registration. All other drops will require submission of a signed Registration form to the Registrar's Office with the instructor's signature.

Course drops will not be printed on the Official Transcript of Academic Record during this period; however, a record for drops will be maintained on the permanent student record for accounting and statistical purposes.

Note

Failure to attend classes does not constitute a course drop. Students who do not formally drop a course(s) will be assessed tuition fees, refunds will not be made, and a grade of Fail (F) will be noted on the Official Transcript of Academic Record. Requests for late adds or late drops will not be granted simply because the student was unaware of, or neglected to comply with, the University policies and procedures.

Audit Status: Audit registrations will only be permitted during the add/drop period and are dependent on available space and instructor's approval. In order to change from credit to audit or audit to credit during the add/drop period you must submit a Registration form to the Registrar's Office with the instructor's signature. Audit changes are not available online via myCapU Schedule. Regular tuition and all other student fees are assessed for audit registrants.

Audit students do not sit examinations, submit work, papers, lab reports, etc.; however, attendance at lectures, labs and seminars is required. For those students who do not meet the attendance requirement, their permanent student record and transcript will be annotated with the comment 'Audit Denied'. Audit status is not calculated in GPA, does not have credit and cannot be used toward the completion of a credential. For more information on Audit enrolment please see the [Academic Policies and Procedures](#) section of the Calendar.

Questions related to the Add/Drop Period should be directed to registration@capilano.ca.

Withdrawal Period

Full-Term Courses:

Fall Term:

- for regular, full-term courses: the sixth Friday of the term

Spring Term:

- for regular, full-term courses: the sixth Friday of the term (when the term begins on a Monday) **or** the sixth Tuesday of the term, not including Reading Break (when the term begins on a Wednesday)

Summer Term:

- for regular, full-term courses: the sixth Friday of the term
- for Session I courses: the third Friday of the term
- for Session II courses: the Friday of the second week of instruction for Session II

All Other Courses: Please refer to the Capilano University website [Registration Dates](#) for add and drop dates for courses with start and end dates that differ from the full-term start and end dates (Non-Standard Add, Drop and Withdrawal Dates).

Withdrawal Procedure

You may withdraw from courses during the withdrawal period. If you wish to withdraw from all courses in which you are enrolled, you are strongly encouraged to contact a Counsellor or Academic Advisor before withdrawing.

Students will be able to withdraw from courses online until the end of the withdrawal period provided they have a valid Registration time ticket and the courses are available for web registration. All other withdrawals will require submission of a signed Registration form to the Registrar's Office with the instructor's signature.

A withdrawal ("W") will be noted on the Official Transcript of Academic Record.

Post Withdrawal Period

Request for an Application for an Extenuating Withdrawal

Students who have medical or compassionate circumstances may apply for consideration of an extenuating withdrawal. Extenuating withdrawal requests will normally only be reviewed within one year of the course.

The submission of a request does not guarantee that an extenuating withdrawal will be granted. If, in the opinion of the Registrar, the request does not fall under medical or compassionate reasons, or the documentation is insufficient to support the request, the request will be denied. Withdrawal for medical or compassionate reasons will not be granted for lack of academic performance on the part of the student. If a request is granted, the permanent student record will be annotated as Withdrawal for Extenuating Circumstances (WE).

To Submit a Request:

1. Print and complete the [Application for Extenuating Withdrawal](#) form.
2. Attach a letter explaining the reason for your request along with any supporting documentation (e.g. a *letter from a physician, an official copy of an accident report, or official documentation of a family emergency, death certificate, and so forth*).
3. Submit all documentation to the **Registrar's Office**.

Ways to Submit Your Request:

- **In Person:** Requests submitted in person should be brought to the Registrar's Office at Capilano University, 2055 Purcell Way, North Vancouver. To confirm the hours of operation for the Registrar's Office, please phone 604.984.4900.
- **By Mail:** Requests submitted by mail should be sent to Capilano University, Registrar's Office, 2055 Purcell Way, North Vancouver, B.C., Canada, V7J 3H5.
- **By Email:** Requests submitted by email should be scanned and emailed to: extenuatingwithdrawal@capilanou.ca.

Incomplete Grade "I"

1. If the student believes an exceptional circumstance exists which prevents him/her from completing the course during the regular time frame, the student may petition the course instructor for an incomplete ("I") grade.
2. An incomplete ("I") grade may be given where, in the judgment of the instructor, the student should have reasonable expectation of passing the course, but has not completed the required work.
3. An incomplete is assigned only when the instructor and student have arranged for the work to be completed by a specified date within four months of the end of term. If the student does not complete the work by the specified date, the Registrar will automatically assign a predetermined grade reflecting the work not completed.
4. If the student completes the work by the specified time, the instructor will assign the final grade.
5. If this incomplete procedure cannot be applied in the opinion of the instructor, the instructor is directed to contact the Registrar directly for resolution of the issue.

COURSE OVERLOAD

The majority of programs have a limit of 19 credits per term. Students wishing to register in a course overload must meet with an Academic Advisor.

COURSE CHALLENGE

Admitted students may request a course challenge whereby an examination for achievement may be awarded for a limited selection of courses at the institution. Certain courses may not be challenged.

Students interested in this procedure should contact the academic department responsible for the course.

The regular tuition fee must be paid for a course challenge. Challenged courses will be recorded on the permanent student record.

Note

Credit for courses challenged successfully will apply to credentials earned at Capilano University. Students should be aware that other universities and colleges may not grant credit or transfer credit for credit received by course challenge.

Institutional Student Learning Outcomes

In support of the specific knowledge, understanding, and skills developed in individual programs, the institution has identified seven broad learning outcomes for all students. These institutional student learning outcomes are:

- Self-directed learning, awareness, and responsibility;
- Up-to-date information gathering and research skills;
- Communication skills;
- Quantitative reasoning ability;
- Group and social interaction skills;
- Creative, critical, and analytical thinking skills; and
- Community/global consciousness and responsibility.

Each program of study defines how students meet the Institutional Learning Outcomes, all of which are supported by the Cap Core Curriculum (see below). While different programs of study have a different emphasis on each institutional outcome and may have differing levels of expected competence, all programs address every institutional outcome.

Cap Core

WHAT IS CAP CORE?

Cap Core is a framework to help students select and tailor their coursework in a way that provides them with the intellectual experiences necessary for success in their university studies and beyond. It is organized into thematic clusters representing coursework to be completed throughout a student's time at CapU. Cap Core is designed to give graduates both the foundational and professional knowledge needed for success in their chosen careers as well as the breadth of knowledge that will set them apart as well-rounded professionals.

WHY CAP CORE?

At CapU, we are committed to providing an excellent education that prepares students to be successful in their chosen fields. We know that the world is changing in many ways, including advances in technology and the demands of a new economy. In response, we are changing the way we deliver elective courses to enhance our graduates' expertise and give them a breadth of knowledge beyond their specializations.

Cap Core addresses the fact employers need educated graduates who are also socially, interpersonally, and environmentally aware. Employers want to hire graduates with broad-based knowledge and understanding, who are critical and creative thinkers, effective communicators, and problem-solvers. The Cap Core curriculum will introduce students to multiple perspectives and helps to prepare them for meaningful engagement with the world, no matter what their area of expertise or interest.

HOW DOES CAP CORE WORK?

As students move through their baccalaureate, they will complete a total of 30 credits in Cap Core across all four undergraduate years. At least 15 credits must be outside a student's program of study.

Foundation (3 credits Literacy and 3 credits Numeracy)

Courses in Numeracy and Literacy ensure that students have a solid base for success as they complete the majority of their studies. Students are expected to complete these courses within their first 30 credits at CapU.

Integration (18 credits)

Organized into three subject-matter themes (Self and Society; Science and Technology; Culture and Creative Expression) these courses introduce students to ways of understanding our world from a variety of perspectives. Integration courses may be completed across all four years of an undergraduate program at CapU; students must complete at least three credits in each of the subject-matter themes.

Professional Practice (6 credits)

As students reach the final year in their program of study, they will complete a Professional Practice requirement that will typically include a three-credit Experiential learning opportunity and a three-credit Capstone course in which they will put all of their learning into practice. Students are expected to complete these courses within their final 30 credits at CapU.

SUMMARY

Students in bachelor degree programs must complete at least 30 credits total in Cap Core across all four undergraduate years in the following areas:

- Six credits Foundation (usually 100 level)
 - Three credits in Numeracy
 - Three credits in Literacy
- Eighteen credits Integration (courses available at all levels) with a minimum of three credits in each of the following areas:
 - Self and Society
 - Science and Technology
 - Culture and Creative Expression
- Six credits Professional Practice (usually 400 level)
 - Three credits Experiential
 - Three credits Capstone

The full list of courses designated in Cap Core categories can be found on the university's [Cap Core](#) website. Courses will continue to be added to the list of approved options monthly.

CAP CORE PROGRAM REQUIREMENT

Students starting in their baccalaureate degree on or after Fall 2018 and graduating on or after June 2022 must meet Cap Core graduation requirements in addition to their program requirements. Please visit the Cap Core website and individual program pages for detailed requirements.

CAP CORE FOR TRANSFER STUDENTS

Students who transfer in to Capilano University can apply to transfer up to 60 credits toward their baccalaureate degree. Courses that receive assigned credit at CapU will automatically be granted Cap Core attributes as defined by the CapU course (e.g. if a course transfers in as ENGL 100 the student would meet the Cap Core Literacy requirement). Unassigned credit will be assessed for Cap Core on an individual basis as requested by the student.

For additional information or questions contact capcore@capilanou.ca.

First-Year Seminars (FYS)

WHAT ARE FIRST-YEAR SEMINARS?

First-Year Seminars (FYS) are courses with engaging and unique topics taught by faculty who are experts in the topic area. They are discussion-oriented and project-based classes for students with fewer than 30 credits. Class size is capped at 25 students, allowing for in depth discussions, a deeper understanding of the materials and the opportunity for hands on practice in the classroom. Students in the class are from a variety of program areas and together build academic confidence early in key areas including academic writing, presentations, information sourcing, and group management. These courses can be used as breadth electives and meet Cap Core requirements.

For additional information about the First-Year Seminars, please see the [FYS](#) website.

Graduation

Graduation occurs three times a year at Capilano University-in January, May and September. Convocation ceremonies are held in February and June.

Students who believe they will complete their program of study by the end of their current term of enrolment must submit an Application for Graduation by the deadline listed in the Academic Schedule at the beginning of this calendar. To apply for graduation please login to your student account through your [myCapU account](#).

Students should be advised that for most credentials, 50% of the credit required must be completed at Capilano University. There might also be specific course(s) requirements and/or time restrictions. See specific programs for more information.

Minimum Requirements for GPA and Number of Credits for Graduation

Associate degrees are provincial credentials that must satisfy specific requirements. These requirements may be found in the [BC Transfer Guide](#).

Grades for transfer credit, equivalence, and so forth, while given credit will not be counted toward the program CGPA. A minimum GPA of 2.0 is required to graduate with any of the credentials listed below. Some programs require a higher GPA. See specific program requirements.

Credential Type	Credits Required
Citation	Minimum of six (6) credits.
Certificate	Minimum of fifteen (15) credits.
Diploma	Minimum of sixty (60) credits including six (6) credits of English (ENGL) and/or Communications (CMNS) courses.
Associate Degree	Minimum of sixty (60) credits, and meets the requirements set out by the Ministry of Advanced Education, Skills and Training.
Baccalaureate Degree	Minimum of one hundred and twenty (120) credits in a defined program of study, including: Cap Core curriculum requirements; English 100 and an additional three (3) credits of English (ENGL) or Communications (CMNS) courses; three (3) credits in a Senate-approved quantitative/analytical course; twenty-four (24) credits outside of the major or degree program; forty-five (45) upper-level credits.
Post-Baccalaureate Certificate	Minimum of fifteen (15) upper-level credits and completion of a baccalaureate degree that is normally in a different field of study.
Post-Baccalaureate Diploma	Minimum of thirty (30) upper-level credits, and completion of a baccalaureate degree that is normally in a different field of study.
Graduate Certificate	Minimum of fifteen (15) graduate-level credits, and completion of a baccalaureate degree that is normally in a related subject area.
Graduate Diploma	Minimum of thirty (30) graduate-level credits, and completion of a baccalaureate degree that is normally in the same field of study.
Master's Degree	Minimum of thirty (30) graduate-level credits, and completion of a baccalaureate degree with high academic standing.

Requirements for Majors, Minors, Honours and Concentrations

Type	Credit Requirements
Minor	Minimum of fifteen (15) upper-level credits within a defined area of study outside of a student's honours, major or baccalaureate degree program.
Major	Minimum of thirty (30) upper-level credits within a defined field of study.
Concentration	Minimum of twelve (12) upper-level credits within a defined field of study in a student's honours, major, baccalaureate degree program, or post-baccalaureate diploma.
Major-Minor	Consists of the major requirements of one subject and the minor requirements of another subject within the framework of a single degree.
Double Minor	Consists of the minor requirements of each of two subjects within the framework of a single degree.
Double Major	Consists of the major requirements of each of two subjects within the framework of a single degree.
Joint Major	Consists of a minimum of thirty (30) credits of upper-level study in the joint major subjects.
Honours Baccalaureate	Consists of completion of the degree program or major requirements, a minimum of an additional six (6) credits of project-based research and/or an honours thesis, and an upper-level cumulative B+ grade average.

APPROVED QUANTITATIVE/ANALYTICAL COURSES FOR CAPILANO UNIVERSITY DEGREES

Quantitative/Analytical courses are defined as courses which have either quantitative (numerical, geometric) or formal (deductive, probabilistic) reasoning as part of their primary subject matter, or make substantial use of such reasoning in practical problem solving, critical evaluation, or analysis. A Quantitative/Analytical course is a requirement of all University baccalaureate degrees as per S2015-05.

The approved quantitative/analytical courses are as follows:

ABA 312	HKIN 151
APSC 130	HKIN 301
APSC 140	HKIN 302
APSC 278	LBST 201
ASTR 106	LBST 330

Academic Policies and Procedures

ATTENDANCE (POLICY S1990-01)

Regular class attendance, and participation in course activities and assignments, is expected and likely essential to successfully achieving the course learning outcomes. Students are responsible for any and all content and instructions communicated during scheduled classes, in course handouts, and (if applicable), via course email and web sites. In cases where participation by all students is essential for conducting the planned instructional activities, attendance may be mandatory. In all cases, the attendance expectations and any penalties for missing instructional activities shall be clearly articulated on the course outline.

ENROLMENT STATUS

Full-time Student (POLICY S2002-04): A full-time student at Capilano University is registered in nine or more credits in a given term.

Generally, for provincial and federal financial aid purposes, a student registered in a minimum of nine credits will be considered to have met the enrolment requirement for government financial aid. Please verify eligibility with Financial Aid & Awards.

For participation in intercollegiate sports, registration in a minimum of nine credits will generally be considered to have met the enrolment requirement.

For most scholarships, the requirement for full-time status is 12 credits. Please refer to individual scholarship applications.

Audit: An audit registration indicates the student has registered in and will attend a course without writing examinations or submitting work, papers, lab reports, etc. Full fees are required for audit registration. Attendance at lectures, labs and seminars is required. For those students who do not meet the attendance requirement, their permanent student record and transcript will be annotated with the comment AUDIT DENIED. Audit status in a particular course is not calculated in the GPA, does not have credit attached, and may not be used toward completion of a credential.

Students are permitted to register for audit status in a particular course only as of the first day of classes, based on space availability and with the instructor's signature. Students may change their registration in a course from credit to audit or audit to credit on or before the last day of the Add/Drop Period with the instructor's approval and signature.

ACADEMIC YEAR STANDING

For enrolment verification purposes Academic Year Standing is determined by the following:

- 1st Year: <24 credits
- 2nd Year: 24 credits
- 3rd Year: 54 credits
- 4th Year: 84 credits

Enrolment Verification letters (Confirmation of Enrolment) are available online via [myCapU Account](#).

EXAMINATION PERIOD

The last two weeks of the fall and spring terms are designated as an examination period. If a final examination is to be given, it will take place during the examination period and will be up to three hours in duration. The last week of each summer session is designated as the examination period.

For some Career/Limited Enrolment/Foundation programs, classes will continue as regularly scheduled throughout the examination period. In addition, a special examination schedule may be set. Detailed information is available from instructors or program coordinators.

The examination schedule will be posted by the end of the eighth week of instruction for the fall and spring terms.

ACCESS TO RECORDS

All official permanent student records are kept in the Registrar's Office, and are considered confidential.

Students may be provided with a copy of their academic record upon written request to the Registrar's Office. Academic record information will only be released upon presentation of photo identification (i.e. valid driver's license, passport, or Capilano University student identification card). Information will not be given to any agency or person other than the student, unless the student has given their permission in writing. Exceptions are as follows:

- For institutional research projects approved by the University
- To government departments or their agents where Capilano University is required by law to provide the requested information
- To respond to a valid court order, search warrant, subpoena, police file, summons, or other legal document served upon the University
- To respond to appropriate parties if knowledge of the information is necessary to protect the health or safety of the student or other individuals

Grade statements: Final Grades are available online via myCapU Account at the end of each term.

Transcripts: Official transcripts are issued by the Registrar's Office, only at the request of the student, and are mailed directly or sent electronically to the institution or agency or to the student in a sealed envelope. Unofficial transcripts can be printed by students from their myCapU Account.

USE OF PERSONAL EDUCATION NUMBER

Personal information on your student record will be used to verify your Personal Education Number (PEN) or to assign one to you. The PEN is a nine digit number assigned to each student as they enter the British Columbia educational system. This identification number follows the student through their K-12 and post-secondary education. The PEN is used for multiple purposes, including the distribution of funding to schools, transition analysis between schools, districts and post-secondary education, exams and student reporting.

The Freedom of Information and Protection of Privacy Act guarantees the privacy of information that is collected, regulates how it is collected, and who has access to it. The PEN program follows the guidelines set out by the [Freedom of Information and Protections of Privacy Act](#). If you have any questions about the use of PEN, please contact the Privacy Coordinator in writing at: privacy@capilanou.ca or: Privacy Coordinator, 2055 Purcell Way, North Vancouver, B.C., V7J 3H5.

PROTECTION OF PRIVACY AND ACCESS TO INFORMATION

Capilano University gathers and maintains information used for the purposes of admission, registration, alumni and other fundamental activities related to being a member of the Capilano University community and attending a public post-secondary institution in British Columbia. In signing an application for admission, graduation, or a registration form, all applicants are advised that both the information they provide and any other information placed into the student record as per section 35 of the Freedom of Information and Protection of Privacy Act of British Columbia, will be used on a confidential basis, for the purposes of admission, registration, research, alumni development, student association, and other purposes consistent with the mandate of the institution. Capilano University reserves the right for the Registrar to share information with the Ministry of Advanced Education, Training and Technology, or other related government agencies. Any questions concerning the collection and use of this information should be directed to the Privacy Coordinator: privacy@capilanou.ca.

EXEMPTION, SUBSTITUTION, TRANSFER CREDIT, PRIOR LEARNING ASSESSMENT AND COURSE CHALLENGE

All requests for exemption, substitution or transfer credit must be submitted to the Registrar's Office on the Transfer Credit Request form. A decision will be made with the recommendation of an appropriate program coordinator, if applicable. The credit or action will be noted and approved by the Registrar's Office. Students will be notified in writing of the final decision.

Exemption	An exemption indicates a student is not required to complete a particular course(s) in a program because of successful completion of a combination of post-secondary courses which, overall, constitute equal content. Exemption Standing does not reduce the total number of credits required to complete a credential. Approved Exemption is not noted on the student's Official Transcript of Academic Record.
Substitution	A substitution indicates a Capilano course used in lieu of another Capilano course to complete a program's requirements. Credit must be equal. Approved Substitution is not noted on the student's Official Transcript of Academic Record.
Transfer Credit	<p>Capilano University (Capilano) is a strong supporter of the articulation of transfer of courses and programs between institutions and supports the following principles:</p> <ol style="list-style-type: none"> 1. The primary purpose for transfer is to increase student accessibility to post-secondary education by facilitating mobility between other institutions and Capilano. 2. In any transfer arrangement the academic integrity of Capilano's courses and programs must be protected and preserved. 3. Canada does not have a national system of accreditation; therefore, the term "recognition" is used in this document. See full policy for more detail: Transfer Credit Policy
Prior Learning Assessment (PLA)	<p>At Capilano University our mission is to enable student success in current and continuing studies, in a chosen career, in the pursuit of knowledge, and in contributing effectively as responsible citizens in a rapidly changing and diverse global community.</p> <p>To accomplish its mission, Capilano University strives to provide a dynamic and secure learning environment committed to excellence in education and to equity of access. To ensure "equity of access" Capilano University recognizes that students may have attained significant</p>

learning at a post- secondary level from work, training and other experiences outside the formal post-secondary education system. Those who have gained such learning should be able to receive credit for that learning and build on it in pursuing further education at Capilano University. Note: the regular tuition fee must be paid for a PLA course. See policy for more detail at: [Prior Learning Assessment](#).

Course Challenge

Admitted students may request a course challenge whereby an examination for achievement may be awarded for a very specific and limited selection of courses at the institution. Certain courses may not be challenged. Students interested in this procedure should contact their instructor.

The regular tuition fee must be paid for a challenged course. A course challenged successfully will be recorded on the permanent student record.

Note: Transfer credit, exemption, substitution, PLA, or Course Challenge granted is only relevant for Capilano University. Other institutions to which you may transfer will re-evaluate your credits at the time of application to that institution.

GRADING SYSTEM (POLICY S2017-01)

Grade	Numerical Range in % or Definition	Grade Point Equivalent
A+	90-100	4.33
A	85-89	4.00
A-	80-84	3.67
B+	77-79	3.33
B	73-76	3.00
B-	70-72	2.67
C+	67-69	2.33
C	63-66	2.00
C-	60-62	1.67
D	50-59	1.00
F	49 and below	0.00
AD	Audit Denied	Not Calculated
AEG	Aegrotat	Calculated
AU	Audit	Not Calculated
CON	In Progress. Continues in next term.	Not Calculated
CR	Credit Granted	Not Calculated
I	Incomplete	Not Calculated
NC	No Credit Granted	Not Calculated
NGR	No Grade Reported	Not Calculated
W	Withdrawn	Not Calculated
WE	Withdrawn with Extenuating Circumstances	Not Calculated
NA	Not Attending. Use of NA was withdrawn as of September 1994.	Not Calculated

Grade Point Average (GPA)

Grade performance is expressed in terms of a grade point average (GPA). GPAs are reported on each Official Transcript of Academic Record. To calculate the term GPA, the grade point value for each grade is multiplied by the credit hours to produce a number of grade points for each course. For example, an "A" received in a three-credit course would become, for purposes of the calculation:

$$A = 4.00 \times 3\text{cr} = 12 \text{ grade points}$$

To calculate the term GPA, the sum of the grade points is then divided by the number of credit hours taken in one term only. Similarly, the cumulative GPA recorded is the sum of total grade points for all terms, divided by the number of credits for all terms of enrolment.

The minimum grade point average for graduation is 2.00. Some programs require higher or additional grade point average requirements for graduation purposes. Please refer to the relevant program section of the University Calendar for further information.

Participation

Up to a maximum of 10% of the total grade may be assigned to participation. (A percentage higher than 10% can be assigned with approval of the Dean). Where participation is included in the total grade, the definition of participation will be included in the course outline.

Audit Denied

Assigned when a student has not met the attendance requirements for an Audit course. Audit Denied standing does not have credit attached, and is not calculated in the GPA.

Aegrotat

Assigned when a student has completed a minimum of 60% of their coursework but is then unable to complete the course as a result of significant and ongoing medical, emotional, or other difficulties. Distinct from a Withdrawal for Extenuating Circumstances, an Aegrotat grade is assigned when there is no expectation that the student will be able to complete the course at another time. This standing is awarded only if the course instructor or coordinator, and the Dean recommend such standing to the Vice-President Academic and Provost based on their agreement that the student has demonstrated the capacity to deal with the course material satisfactorily. When the AEG standing is awarded, a grade is assigned and calculated in the GPA as per standard grading protocol.

Audit

Assigned when a student has registered as audit and met the attendance requirement for an audit course without submitting any assessments. Audit status is not calculated in the GPA, does not have credit attached, and may not be used toward completion of a credential.

CON: In Progress. Continues in next term.

Assigned to denote courses that continue from one term to the next.

Credit Granted

Assigned when a student has reached the level of mastery required for successful course completion. Credit Granted status is not included in the GPA calculation.

Incomplete

Assigned in exceptional circumstances when a student requests extra time to complete his/her coursework. Such agreements are made only at the request of the student. The student is responsible to determine from the instructor the outstanding requirements of the course. If an Incomplete is not cleared by the grade deadline of the following term, the grade will be changed to the evaluation attained at the time the grade was originally assigned. If a new "complete" grade is assigned this grade replaces the "I" status and is calculated in the GPA as per standard grading protocol.

No Credit Granted

Assigned when a student has not reached the level of mastery required for successful course completion. No Credit Granted status is not included in the GPA calculation.

Withdrawn

Assigned when the student withdraws from the course during the defined withdrawal period for the course.

Withdrawn with Extenuating Circumstances

Assigned in exceptional circumstances after the end of the Withdrawal Period and typically related to a medical situation.

F Grade

All Fail or 'F' grades recorded on the student's Official Transcript of Academic Record are assigned a value of zero in the calculation of a student's term and cumulative GPA.

Student Appeals Policy (POLICY B 109)

This policy outlines when and how students can appeal academic determination(s) or non-academic determination(s). The Student Appeals Committee (SAC) has sole jurisdiction to hear and make a final adjudication of appeals based on an academic decision or non-academic appeal not otherwise delegated to another body.

Under this policy, students can appeal from the two following types of University decision-making: Academic Appeals and Non-Academic Appeals.

Academic Appeals include:

- Appeals regarding the procedural fairness on how the determination was made under the Final Grade Appeal Policy;
- Appeals regarding the procedural fairness on the determination of the sanctions imposed on students under the Student Academic Integrity Policy; or
- Appeals regarding the procedural fairness on how the determination made under any other University Policy that impacts a student's academic standing, including WE, admissions, and readmissions.

Non-Academic Appeals include:

- Appeals regarding the procedural and substantive fairness on the determination of sanctions imposed on students under the Student Code of Conduct Policy;
- Appeals regarding the procedural and substantive fairness on the determination of sanctions imposed on students under the Sexual Violence and Misconduct Policy; or

- Appeals regarding the procedural and substantive fairness on the determination made under any other University Policy that impacts the student's non-academic standing.

See full policy for more detail at [Student Appeals Policy](#).

Repeated Courses (POLICY S2003-02)

Without the permission of the instructor, a student may take the same course for a second time (withdrawals are included). The grade for each of these two attempts will be recorded, but the higher of the two grades will be used in the calculation of the cumulative grade point average (CGPA).

With the permission of the instructor of the particular course or a designated faculty member, a student may take the same course for a third time. The grade for each of the three attempts will be recorded, but the higher grade of the last two grades will be used in the calculation of the CGPA.

Academic Honours (POLICY S1989-02)

There are two types of academic honours at Capilano University: term honours and graduation honours.

Term Honours

Dean's List

Students who fulfill the following conditions in a given term will be awarded standing on the Dean's List:

- achieve a minimum of 3.67 on their Term Grade Point Average (TGPA);
- have no "Incompletes", no "No Credit Granted" and no "Fail" grades; and
- complete a minimum of 12 credits for the term.

Merit List

Students who fulfill the following conditions in a given term will be awarded standing on the Merit List:

- achieve a minimum of 3.67 on both their Term Grade Point Average (TGPA) and Cumulative Grade Point Average (CGPA);
- have no "Incompletes", no "No Credit Granted", and no "Fail" grades; and
- complete fewer than 12 credits for the term.

Students who achieve Dean's List or Merit List standing receive a congratulatory letter from the University recognizing their achievement.

Dean's List/Merit List designation is recorded on the permanent student record and shall appear on the student's transcript of academic record.

Graduation Honours

Graduation with Distinction (all credentials except Bachelor Degrees)

Students are eligible for the Graduation with Distinction if they fulfill the following conditions:

- complete a Capilano University credential of 30 or more credits of which no more than 20% of the program's credits can be Credit/No Credit grades;
- achieve a minimum CGPA of 3.75, based on courses used to satisfy program requirements; and
- have no grade lower than C+ in the program requirements.

While credit may be given for transfer, equivalence, and so forth, the associated grades will not be used in calculating the program CGPA.

Graduation with Distinction is recorded on the permanent student record and shall appear on the student's official transcript of academic record and on the parchment.

Graduation with Distinction - Bachelor Degrees

Students are eligible for the Graduation with Distinction if they fulfill the following conditions:

- complete a Capilano University Degree in which no more than 20% of the credits can be Credit/No Credit grades;
- achieve a CGPA of 3.75, based on 300 and 400 level courses used to satisfy Capilano requirements; and
- have no grade lower than C+ in the program requirements at the 300/400 level.

While credit may be given for transfer, equivalence, and so forth, the associated grades will not be used in calculating the program CGPA.

Graduation with Distinction is recorded on the permanent student record and shall appear on the student's official transcript of academic record and on the parchment.

Other Honours

The Governor General's Collegiate Bronze Medal

This award is presented to the graduate from a two-year program diploma or associate degree program who has achieved the highest cumulative grade point average, and who has attained this grade point average on a minimum of 15 credit hours per term, or full program load as outlined in the University Calendar, during attendance at Capilano University.

The Lieutenant Governor's Silver Medal

Awarded for academic excellence and contribution to the University and community to a graduate in a Career/Limited enrolment program of less than two years duration.

Academic Standing (POLICY S2003-03)

This policy is to provide direction regarding the assessment of student academic performance during their studies at Capilano University.

This policy relates to all students who register in credit (academic) courses at Capilano University.

Continuing Studies (CS) courses at Capilano University and the students completing these courses are not subject to this policy.

Academic standing assessment is designed to provide feedback to students at the end of each term in regard to their term/cumulative standing to assist the student in maintaining an awareness of their ongoing academic standing.

Academic standing assessment is not designed to be a punitive tool. Instead, is meant to provide ongoing feedback of student academic standing. The assessment criteria is designed to ensure that students are provided with notification of standing in a fashion that is time sensitive and allows students the opportunity to seek academic assistance, if needed, and maintain or return to Good Academic Standing throughout their studies at Capilano University. To ensure that students have sufficient time to seek assistance, students

cannot move more than one step lower in their academic standing in any given term but are able to return to Good Academic Standing over one term.

The Academic Standing Policy outlines the University standard for assessment of academic standing and continuance in University registration. Please note that individual programs, when approved by Senate, may have continuance standards separate from this policy. When program continuance standards are separate from this policy, it is expected that these standards are made available to their prospective and current students through their program web sites and in person.

Definitions

TGPA - Term Grade Point Average - the average of the final grades for all credit courses taken within that given term

CGPA - Cumulative Grade Point Average - the average of the final grades for all credit courses taken since first admission to the university

RTW - Required to Withdraw

Academic Performance Assessment Criteria

Capilano University will assess Academic Standing based on the following criteria:

1. Upon completion of 9 credits of course work after the first admission to the university;
2. Using only grades assigned by Capilano University;
3. Using only standard letter grades A+ through F.

Good Academic Standing.	<p>Students at Capilano University are deemed to be in Good Academic Standing if both their TGPA and their CGPA are 2.00 or higher.</p> <p>The notation "Good Academic Standing" is recorded on the student's permanent student record and the student transcript for each term where this standing is granted.</p> <p>Until such time that a student has completed 9 credits at the university there is no Academic Standing evaluation completed for the student and the notation "Good Academic Standing" will be noted on their student record and their student transcript. Academic Standing will be evaluated at the completion of every term after the first standing evaluation occurs.</p>
Academic Alert	<p>Students who achieve a TGPA and/or CGPA of less than 2.00 are placed on Academic Alert. The Academic Alert notation is listed on the student's permanent record but is not noted on the student transcript. Students on Academic Alert will continue to have the notation of Good Academic Standing on their student transcript.</p> <p>The Academic Alert standing is designed to provide students with an early warning regarding the potential shift in the academic standing. This early warning is provided to ensure that students are able to seek out services, both at the university and otherwise, to support their learning.</p>
Academic Probation	<p>Students who achieve a CGPA of less than 1.67 are placed on Academic Probation. The Academic Probation notation is listed on the student's permanent record and is noted on the student academic transcript.</p>

Required to Withdraw

Students on Academic Probation will be RTW if they achieve a CGPA of less than 1.59 and a TGPA of less than 1.67. The RTW notation is listed on the student's permanent record and is noted on the student academic transcript.

Students will be RTW for a minimum of one major term (Fall or Spring). Students who have registered for a subsequent term but who are RTW will be deregistered from that subsequent term and will be refunded their fees in full.

Re-Admission After Required to Withdraw Status

To return to studies students are required to submit an Application for Admission/Readmission with the required application fee. Students who are readmitted are readmitted on Academic Probation and are subject to the conditions of Academic Probation as outlined in the previous sections.

University Information

University Policies

Current University Policies and Procedures can be found on our website: [University Policies & Procedures](#).

Governance and Administration

BOARD OF GOVERNORS

The Capilano University Board of Governors oversees the affairs of the University in accordance with the [University Act](#). "The management, administration and control of the property, revenue, business and affairs of the university are vested in the board." *University Act*, RSBC 1996, s 27.

The Board of Governors is composed of 15 members: the Chancellor; the President; two faculty members elected by the faculty; eight persons appointed by the Lieutenant Governor in Council, two of whom are to be appointed from among persons nominated by the alumni association; two students from students who are members of an undergraduate student society or graduate student society; and one person elected by and from the employees of the university who are not faculty members. *University Act*, RSBC 1996, s 27.

The Board holds public meetings regularly throughout the year to conduct its general business and to fulfill its statutory responsibilities. According to provisions outlined in the *University Act*, Capilano University Board members do not receive remuneration for their services.

- **Chancellor**
 - Yuri Fulmer, OBC
- **President and Vice-Chancellor**
 - Paul Dangerfield
- **Members Appointed by Lieutenant Governor in Council**
 - Ash Amlani

- **Elected Non-Faculty Representative**
 - Mila Mattson

SENATE

The Senate is established in conformity with the University Act and is responsible for policies concerning student evaluation, withdrawal, academic standing, appeals, grading, awards for excellence, and curriculum content. The Board of Governors obtains advice from Senate on a variety of matters. Senate meets monthly to fulfill its responsibilities.

Senate is composed of 26 voting representatives: ten Faculty, five Deans, four Students, two Staff, the Chancellor, the President, the Academic Vice-President, the University Librarian and one Alumni Member appointed by the President. In addition there are non-voting members including a Board member, the Registrar, representatives from Faculty, Staff and the Student Union. Each Faculty elects an alternate member who becomes a voting member when the voting member of that Faculty is away.

ELECTED MEMBERS (Voting)

Faculty (three-year term)

UNIVERSITY RELATIONS

University Relations is a portfolio that engages in work to raise CapU's public profile, enhance its reputation, secure resources and cultivate positive internal and external relationships in support of the University's goals and priorities.

The portfolio is comprised of Communications, Marketing and Digital Experience, Development & Alumni Relations and University Events. These units work directly with CapU employees, students, alumni, external partners and donors to advance their mutual goals and further the University's commitment to student success.

Student Services

Educational Advice

ACADEMIC ADVISING

Mission Statement: We focus on student success, offering advice on Capilano University programs and services through a mentoring relationship between student and advisor. We teach students the skills to make informed decisions related to their educational goals and identify opportunities for personal and academic growth. As members of the Registrar's Office, we support students in their pursuit of excellence as they develop their ability to contribute to the greater community through the application of knowledge.

You can expect your advisor to:

- Be accessible to students in-person, by phone or email, and maintain confidentiality
- Provide accurate and knowledgeable information on Capilano programs
- Communicate Capilano policies and procedures and explain university terminology
- Assist with setting and reinforcing realistic goals
- Refer students to appropriate services on and off campus
- Guide students to the tools to be self-reliant
- Empower students to become self-directed learners and decision-makers

Appointments may be made with an Academic Advisor by calling the Registrar's Office at 604.984.4900. Advice is also available by email (see below).

REGISTRAR'S OFFICE

The Registrar's Office is responsible for student admission, registration and graduation, as well as the administration of University policies pertaining to those areas. The Office evaluates academic standing, assesses and records transfer credit from other institutions, and facilitates the articulation process for faculty and students. The Registrar's Office maintains all permanent student records and prepares information regarding course offerings and exam timetables. The Office responds to requests for course outlines, official transcripts, casual room bookings, and letters and forms. The Registrar's Office takes a lead role in the production of the University calendar.

KÉXWUSM-ÁYAKN STUDENT CENTRE

The Centre provides a support network for First Nations students at Capilano University while helping Indigenous culture to flourish in the university community. The Centre is where Indigenous students can gather to study, share, and socialize in a relaxed atmosphere where everyone is welcome. The Centre offers:

- Notice board for events, information and resources relevant to all Indigenous Students
- A silent study room and a social area for having lunch, meeting up with friends, or cultural activities
- On-site tutoring by Math Learning Centre, Writing Centre, and Social Sciences and Library Research
- Computers, printer and phone access
- Kitchen access
- Elders and Knowledge Keeper visits

The Centre is located in Library room 196, on the ground floor next to Capilano Student Union Lounge. You can also join online through Microsoft Teams "Indigenous Student Resources" team.

Indigenous Student Services

The Indigenous Student Services team provides direct services to Indigenous students attending courses at the North Shore campus, the **káɫax-ay** Sunshine Coast campus, and the Ts'zil Learning Centre in a variety of ways:

- Assist with course selection and registration
- Refer students to appropriate Capilano resources
- Assist with Indigenous-Specific funding issues, eg. Communication with First Nations Band education officers
- Consultation regarding personal and educational matters
- Coordinates advice provided to the university from the First Nations Issues Committee (a student-led group)

Sponsored Student Information

When an external organization or agency covers all or a portion of an individual student's tuition and fees, it is called sponsorship billing. The University must be informed when sponsorship is taking place so that the contract can be initiated.

Formal sponsorship is based on a letter from the sponsoring organization committing to a legal contract with Capilano University on behalf of the student. The sponsorship letter releases the student from any financial obligation and confirms that financial responsibility is accepted by the sponsor. The sponsor letter should be sent to the Cashier's Office by fax, 604 984 1723, or emailed to cashiers@capilanou.ca.

Agencies wishing to sponsor students have two options:

1. Complete CapU's [Sponsorship Billing Application Form](#)
2. Submit a Letter
 - Letters must be on the organization's letterhead and must include the following information:
 - Sponsor name, address, phone number, contact person, and authorized signature
 - Student(s) name(s) and student number(s)
 - Duration of sponsorship (i.e., Fall/Spring terms, year)
 - The specific costs being covered by the sponsor (i.e., tuition/fees, textbooks and supplies, residence*)
 - The maximum allowable amount the sponsor is willing to pay for each specific cost being covered
 - Release of Information form signed by the student being sponsored

The University requires a letter from the sponsor in order to set up the contract. Sponsor letters must be received by the Cashier's Office prior to the deadlines listed below.

Term	Deadline Date
Fall Term (September - December)	July 31
Spring Term (January - April)	November 30
Summer Term (May - August)	March 31

Note

*Capilano University Residence - Band/Nation Sponsored Indigenous Students. Excepting the \$50 application fee, our residence fee schedule can be modified to meet the payment schedule of your band or nation. Typically, this means that your \$500 confirmation payment will be deferred so that it can be included in the payment from your band or nation during the term you are living in residence. If you have received an offer to live in residence and will be receiving sponsorship from a band or nation, please contact housing@capilanou.ca for further instruction.

CSU Health and Dental Plan Opt-Out

If you're already covered by an equivalent health and/or dental plan (such as a parent or spouse's employee benefit plan, or a plan provided by your band council or through Health Canada), you can opt out of the CSU Health and/or Dental Plan. To opt out of the CSU Plan you must provide proof of other equivalent health and dental coverage during the Change-of-Coverage Period. Students who do not opt out before the fee deferral deadline are responsible for the CSU Health and Dental Plan fees. Opt outs are only valid for a whole policy year, meaning that if you return as an eligible student the following year and you wish to opt out again, you must renew your opt out online.

There are two steps to the opt-out process:

1. Initiate your opt out online

Use the secure online opt-out processing system at studentcare.ca to opt out of the health portion, the dental portion, or the Plan in its entirety.

2. Upload proof of your alternative health and/or dental coverage

Indigenous students who receive health and/or dental benefits from Health Canada may use their status card or BC FNHA insurance letter as proof of other coverage.

For more information and detailed instructions on how to opt out, please visit the CSU's [How to Opt Out](#) webpage.

Learning Support Services

ACCESSIBILITY SERVICES

General Information

Accessibility Services coordinates and establishes academic accommodations and associated services for students with disabilities at Capilano University.

Capilano University is committed to creating an accessible and inclusive environment for our community. At Accessibility services, we support current and incoming students who have ongoing medical or disabling conditions.

We can help with:

- Academic accommodations
- Applying for disability related funding
- Connecting with other supports and services

For more information and to book an appointment, call Accessibility Services at 604.983.7526.

IT SERVICES

IT Services provides technology-related service and support to our students, employees and the campus community. There are two IT Service Desks; the main desk is located in the Library building, and a secondary one is located in the Bosa building. The services provided at the main IT Service Desk in the Library include assistance with: accounts (including password resets), printing and scanning, wireless access, equipment loans (laptops, audio-visual equipment and accessories) and more. We also offer support through phone, email and the [ITHELP](#) portal. More information on the services we offer is available [online](#).

A CapU account is created for you when you apply to Capilano University; this account is used to access a variety of computing services such as:

- myCapU Account: Register for courses [online](#)
- Student Email: access your @my.capilanou.ca email account through [Webmail](#)
- eLearn: CapU's learning environment, used to deliver courses and course resources online. Access it online at elearn.capilanou.ca or by downloading the eLearn mobile app.
- Computer Labs: Use Windows or Mac workstations – for more information, see our [online Service Catalogue](#)

- ePortfolios: everyone at CapU can set up an ePortfolio, and ePortfolios can be accessed at eportfolios.capilanou.ca
- Printing: access your printing account, and add funds, online at papyrus.capilanou.ca/user

If you need to reset your password, you can reset it at: webapps.capilanou.ca/login

LANGUAGE RESOURCE CENTRE

The Language Resource Centre (LRC)(Arbutus 117) is used extensively for language instruction or as a drop-in facility where students can practise at their own pace the oral-aural dimension of the language they are studying. The LRC provides students with the opportunity to work individually on a variety of assignments. Language students can also use the facility to meet informally and work on group projects. The LRC is open approximately 20 hours a week and is supervised by Language Associates who will be happy to assist students.

LEARNING SUPPORT SERVICES

Learning Support Services facilitate enhanced student performance by:

- teaching strategies to study efficiently and effectively
- strengthening students' learning inside and outside the classroom
- changing unsatisfying academic results

Support is available through 1-on-1 appointments, academic coaching, small group study skills workshops, a 3-credit course and a selection of resources.

Learning Support Services is a place of referral by faculty or service providers such as Counselling or Academic Advising for students who can benefit from learning strategies focused attention. The Learning Specialist offers Faculty consultation on learning issues identified in courses and delivers customized classroom workshops to aid student learning.

LEARNING COMMONS

Located in the Library Building (LB126), the Learning Commons is a supportive environment for learning and skills development, individual study and group work. It offers reference materials, computers and collaborative presentation facilities.

Services Offered in the Learning Commons

Make Sense of Math

Visit the [Math Learning Centre](#) for drop-in and one-on-one help from Math and Statistics instructors.

Enhance your Writing Skills

The [Writing Centre](#) offers tips and one-on-one support on how to improve your written work.

Master the English Language

The [English Language Support](#) service is for all non-native speakers of English enrolled at CapU.

Advance in Social Sciences

The Social Science Success instructor offers one-on-one and group instruction. See the [website](#) for available hours.

Get Involved on Campus

The [Student Life Hub](#) connects you to campus extracurricular opportunities that match your interests.

Learning Spaces

The Learning Commons includes a variety of options for students to use cooperative learning spaces with video technology, including group study spaces, bookable rooms, and a presentation space that can accommodate up to 30 people.

Contact Information

Library Building, Room LB 126

Self-directed study: 7 am - 11 pm daily

Faculty support: Monday to Thursday 9 am - 5 pm; Friday 9 am - 2:30 pm

Book a support session: call 604.986.1911 ext 2510

Email: learningcommons@capilanou.ca

LIBRARY

Collections

The library has resources to support CapU programs, both physical (print books, DVDs, CDs, journals, magazines, newspapers) and electronic (eBooks, journal/magazine/news articles, reports, streaming video, streaming audio). The best way to discover and access items is through the [Library website](#).

Instructors may place recommended items on reserve for special borrowing periods. Ask at the Library Services Desk if you are looking for a reserve item for your course.

Borrower Services

Your Cap Card (university ID) is also your library card - present it at the Library Services Desk to borrow materials. For loan periods and other policies see [Borrowing Guidelines](#). Renewals are available online.

Study Spaces

The Library offers a variety of options for students, including computer workstations, silent study and group work spaces. Collaboration rooms for 2 - 12 students are bookable on the Library website up to two weeks in advance. Self-service printing, copying and scanning are available inside the Library.

Research Assistance and Instruction

Librarians offer one-on-one research consultations with students and faculty in person, by phone, by email, and by virtual chat. See [Ask a Librarian](#) for details. Librarians also work to integrate information literacy skills into curriculum at the course and program level. They are available to teach workshops to students as part of any course, from beginner to advanced level. [Subject guides](#) to resources are available online. The [Library website](#) has the most comprehensive coverage of Capilano University Library resources and services.

Regional Campus

ká lax-ay | Sunshine Coast students can access the Library collection online through Discovery and full-text databases, and via inter-campus lending for physical items. Librarians are available to visit our regional campus to teach research skills workshops for students.

MATHEMATICS LEARNING CENTRE

The Math Learning Centre (MLC) provides individual assistance with mathematical or statistical problems related to any course at the University. The MLC is staffed by faculty from the Department of Mathematics and Statistics. The instructor schedule is posted outside the MLC and on the [Math Learning Centre](#) website. Mathematics assistance is also available at the Kéxwusm-áyakn (First Nations) Student Centre and at the kálaḡ-ay | Sunshine Coast campus. Regional campus students can email sunshinecoast@capilanou.ca for more information.

WRITING CENTRE

All students registered at the University are welcome to visit the Writing Centre (LB126) for individual help with their writing assignments. kálaḡ-ay | Sunshine Coast students can access writing and tech support at the regional campus.

English Department faculty at the Writing Centre offer experienced, professional help to students at all levels. No appointment is necessary, just drop in during open hours. Service hours are posted at the Centre as well as on the [website](#). Email-based support is also available through the [Writing Centre Online](#) service.

In addition to help from instructors, the Centre offers a variety of free information sheets, an extensive reference library and a [website](#) with links to various writing resources.

Financial Support

FINANCIAL AID AND AWARDS

Financial Aid and Awards supports students by assisting them in formulating a plan to finance their education and increasing their financial resiliency. Our advisors provide students with support in the areas of awards, government student loans, other government-funded programs, and student lines of credit, and by facilitating access to external awards and providing assistance in budgeting for their education.

Scholarships, Bursaries, and Awards

The Scholarships, Bursaries, and Awards Guide contains a comprehensive listing of the awards administered by the University, and includes details about award-specific eligibility criteria and how to apply. The Guide is available at [Scholarships, Bursaries & Awards](#).

Future Students

- A variety of entrance awards are available for new students, including tuition scholarships that are renewable for up to 4 years of study.
- Information on applications and deadlines is available at [Future Students](#).

Current Students

- A wide range of scholarships, bursaries, and awards are available for current students, including scholarships that recognize academic achievement and bursaries that support financial need.
- Information on applications and deadlines is available at [Current & Returning Students](#).

Workshops, Seminars, Information Sessions

- Topics include financing your education, budgeting, money management, understanding student loans and student loan repayment, and applying for awards.
- Multiple sessions are offered each term; the current schedule is available at [Financial Aid & Awards Events](#).

Confidential Student Financial Advising

- Pre-booked appointments and drop-in sessions are available.
- Information on these options is available at [Financial Aid & Awards](#).

Canadian Student Loans and Grants

- [StudentAid BC full-time and part-time student financial assistance programs](#).
- [Out-of-province student financial assistance programs](#).
- [BC Provincial Tuition Waivers and Funding for Youth Aged Out of Care](#).
- [Adult Upgrading Grants \(AUG\)](#).
- Learning Disability Assessment Bursary.
- Student Lines of Credit.

U.S. Student Loans, Deferment, and Benefits

- Veterans Affairs Benefits.
- Private U.S. loans.
- Deferment status for prior U.S. Direct Loans.

Alternative Learning Formats

ONLINE PROGRAMS

Attend a course at anytime, from anywhere. Whether you are working full time, travelling for your business, or prefer to learn at home, there is nothing more convenient than online learning.

For more information, see [eLearn](#).

CO-OPERATIVE EDUCATION

Co-operative education integrates a period of the classroom learning with periods of work experience to enable students to apply their knowledge and skills. Students alternate periods of full-time study with periods of paid and unpaid employment in business, industry, government and non-profit organizations. The goal is to develop high caliber graduates, better able to assume productive jobs.

Employers may use co-op students to assist in building a work force that meets the short term needs of their organization. Students can undertake special projects and provide relief for permanent staff who may be undertaking other tasks. In the longer term, employers have a cost effective means of evaluating potential future employees.

Co-op education also helps the university to develop contracts with the business community in general, as well as receive immediate feedback on the quality of relevance of our program and the quality of our students.

Obtain valuable hands-on experience. The co-op experience provides students with a superior, well-rounded education enriched by the practical application of their skills.

Capilano University offers the following cooperative education program:

- Tourism Management

PRACTICUM AND SHORT-TERM WORK EXPERIENCE

Several programs include a practicum or a short period of work placement as part of their program requirements.

Programs offering a practicum or short-term work opportunity include:

- Accounting Assistant
- Alternative Career Training
- Applied Behaviour Analysis
- Arts and Entertainment Management

- Business Programs (School of Business)
- Communication Studies
- Costuming for Stage and Screen
- Early Childhood Care and Education
- Education and Employment Access
- Education Assistant
- Healthcare Assistant
- Indigenous Independent Digital Filmmaking
- Legal Administrative Assistant
- Legal Studies/Paralegal
- Motion Picture Arts
- Music Therapy
- North American Business Management
- Outdoor Recreation Management
- Rehabilitation Assistant
- Technical Theatre
- Tourism Management International
- Visual Communication

Personal Support Services

COUNSELLING

General Information

The counsellors at Capilano are professionals trained to provide a variety of counselling services designed to promote and support students' academic success, identification and achievement of appropriate career goals, and personal growth.

At present, Counselling Services offer the following services to Capilano students:

Student Success Counselling helps students explore issues related to academic success such as time management, goal setting, motivation, procrastination and stress management. Students are advised to consult with a counsellor when experiencing academic difficulty.

Career Counselling offers help to students who are having trouble deciding on a career, who perhaps feel unsure, confused, or lacking motivation. Counselling and assessment can help students make realistic career plans based on their interests, abilities and values.

Personal Counselling is available to help students who are experiencing personal difficulties which affect their ability to succeed in post-secondary studies. Counsellors can help students to clarify issues, overcome obstacles and find effective ways of dealing with their problems. Counsellors can also refer students to community agencies for further assistance.

Workshops and Outreach Programs designed to help students succeed are offered throughout the term in such areas as career exploration, goal-setting, test anxiety, procrastination, stress management, self-esteem, assertion training and anger management.

Counselling is confidential. No information gathered in counselling sessions is released unless authorized by the student or required by law.

CHILD CARE

Capilano University offers child care for infants, toddlers and three to five year olds at the Children's Centre on the North Vancouver campus. The Children's Centre is a not-for-profit child care centre operated by Capilano University and licensed by the Provincial Government. The centre is known for their committed and professional Early Childhood Educators who, together with the children, create rich early learning experiences for a maximum capacity of 69 children. The Children's Centre has a mandate to serve the University community through the provision of high quality early learning and care to the children of students and employees. Child care spaces are first offered to children of Capilano University domestic students, then children of employees and then children of international students. Children of community members may be admitted if space is available. Families are an integral part of the life of the Centre and open, honest and respectful partnerships with families are essential. The Children's Centre strives for the creation of an environment characterized by families' participation in the life of the Centre and in their children's explorations and processes. Through collaboration with parents the Centre is able to develop a quality child care community that respects and values the uniqueness and contribution of all children and families.

The Children's Centre is committed to the language of pedagogy that has come to us from Reggio Emilia, Italy: a language of beauty, artistry, curiosity, invention, listening and dialogue. Over the years, we have developed an intimate work with critical pedagogies of place; our efforts driven by creating innovative and situated pedagogies that evoke the history of our experience here at the Centre. Our early learning classrooms are pedagogical spaces; spaces of co-constructed emergent curriculum, exploration and experimentation. The Children's Centre is not a space for children but one created with children. Young children are viewed as *"capable and full of potential; as persons with complex identities, grounded in their individual strengths and capacities"* (BC's Early Learning Framework) who actively participate in our common world.

The Children's Centre functions as an academic laboratory that supports course curriculum and experiential, practice based classroom learning for students across a broad range of programs both on campus and in the broader Early Childhood Care and Education/early learning community. The Centre provides the University

community with a vibrant academic resource, welcoming both faculty and students. The Children's Centre works in partnership with the Capilano University School of Education and Childhood Studies in the provision of the education of future educators. All student activities are carefully supervised and mentored by the educators of the Centre and ECCE faculty, and the needs of the children are always given first consideration.

In addition, the Centre benefits from the services and facilities of the university including availability of campus health services, campus security, emergency preparedness, and facilities maintenance. The Centre is open weekdays except statutory holidays. Provincial Child Care subsidies are available through the Ministry of Children and Families.

Waitlist applications for the Children's Centre are available online at [Waitlist Application Form](#)

CONFLICT RESOLUTION ADVISOR

KEIRON SIMONS BA, LLB

The primary work of the Conflict Resolution Advisor is to assist campus members to confidentially and informally resolve disputes, including difficult interpersonal situations and harassment issues. This work can include discussing effective responses, facilitating communication between the concerned individuals through coaching, mediation or chairing group meetings, or helping complainants initiate a formal complaint under the University Harassment Policy (see Policies and Procedures in this Calendar). All conversations are confidential and the Advisor will not take any action unless you request it (or if it is legally required).

The advisor also offers presentations and workshops at all campuses on effective communication, resolving conflicts positively, difficult conversations and on harassment, discrimination, and bullying. The advisor and his resource library are available to all student researchers with questions about harassment, conflict resolution and related topics.

See [Conflict Resolution & Harassment](#) for details on this service, links, resources and FAQs.

Career Planning Information

CAREER DEVELOPMENT CENTRE

General Information

The Career Development Centre (CDC) works to empower students and alumni with the skills, tools and resources they need to achieve their career goals. Through advising, coaching and programming, they support students and alumni in their journey to develop the confidence, adaptability and resiliency that will enable them to effectively articulate their strengths and navigate their careers throughout their lifetime.

Whether you are looking for a job to pay your bills, a volunteer experience to develop your skills or hoping to make the first step onto the career ladder, the CDC is here to help you. For more information, please see [Career Development Centre](#) or log into the [Career Hub](#).

General services include:

- Resources for career and employment-related questions
- Exploring and identifying your skills and strengths
- Learning about the meaning of your skills to your career direction
- Getting insight into the world of job markets
- Understanding employer expectations
- Resume/cover letter development

- Career plan development
- Interview preparation and portfolio development
- LinkedIn profile development
- Job search strategies
- Online (full-time, part-time, and volunteer) job listings
- Practicum, co-op and internship support
- Developing skills for workplace success/career advancement
- Educational application document guidance

STUDENT VISA REFERRAL

Students at Capilano University on a student visa are referred to the Centre for International Experience in the Library building for information regarding working in Canada.

Campus Activities

ATHLETICS AND RECREATION

Athletics

Capilano University is a full member of the Pacific Western Athletic Association (PACWEST), which is the governing body for all intercollegiate athletics in the province. Provincial championships are determined annually, with winners advancing to national finals. This provides our University's highly skilled student athletes an opportunity to meet with and compete against the best college and university athletes in Canada.

Our Capilano University Blues teams compete in soccer, basketball and volleyball both for men and women. Each year, our many exceptional athletes, working with the experienced Blues coaching staff and managers, have combined to produce both provincial and national championship teams. Capilano University is proud of the accomplishments of its student athletes and of its growing reputation for athletic excellence. For athletes seeking information about their sport status, call the Manager, Milt Williams, at 604.983.7532 or visit our website at athletics.capilanou.ca

Campus Recreation

The department offers an expanding intramural program, utilizing the University's Centre for Sport & Wellness facility and the Weight Training Centre, together with recreation and fitness programs, which are available during the day and evenings in the fall and spring terms. Some examples of the scheduled activities are: basketball, indoor soccer, yoga, badminton, table tennis, boxing, dance classes, weight training, clubs and many more.

The recently renovated weight room is free for all CapU students, faculty and staff. It features cardio equipment, squat racks, dumbbells, medicine balls and more.

The Centre for Sport & Wellness is located in the south east corner of the south campus parking lot across from Birch building. To find out more about the program offered or to start your own activity club please check our website at [Athletics & Recreation](#).

Centre for Sport & Wellness

The Centre for Sport & Wellness is one of the finest sport and recreation facilities in the province. It houses intramural programs, athletics, gymnasium-based programs, extension courses in sports and recreation, as well as general activity drop-in programs for those requiring scheduling flexibility. Each of these programs offers a variety of activities which will satisfy the recreational needs of the student body.

Facilities include a 14,500 sq. ft. gymnasium with seating capacity for 1,600, suitable for basketball, volleyball, badminton, indoor soccer, wrestling, martial arts and many other activities; a 2,400 sq. ft. aerobics gym; weight and fitness centre; and dressing rooms. Services such as locker rentals and equipment loans are available.

Current hours of operation are listed on the [Campus Recreation](#) website.

CAPILANO STUDENTS' UNION

The Capilano Students' Union (CSU) represents students at Capilano University's North Vancouver and kálax-ay Sunshine Coast campuses, as well as satellite facilities located at Lonsdale Shipyards, at the Ts'zil Learning Centre in Mount Currie, and in Squamish.

Established in 1971, the CSU is a registered not-for-profit society incorporated under the *Societies Act*, and is a fully independent and legally distinct entity from Capilano University. The CSU is governed by an annually elected student board of directors, and operates with the help of the executive director and 15+ unionized staff. The elected body of students seeks to create and enhance the student experience through the delivery of innovative services, advocacy, and events.

The CSU strives to improve student life and ensure that students' academic rights are upheld. The CSU lobbies Capilano University, all levels of government, and other external organizations to ensure the best possible conditions for its members.

Services operated by the CSU include the health and dental plan, used book sale, day planner, Community Cupboard food bank, housing registry, and negotiations for the U-Pass discounted transit pass.

Those who wish to be more involved can start or join a CSU club, participate in the volunteer program, or take part in a CSU committee, collective, or association. The CSU general election, the mechanism by which the CSU's board of directors is chosen, is held every spring (with by-elections taking place in fall as needed).

The CSU also organizes large- and small-scale events to build community on and off campus. Large-scale events include the fall kickoff festival Captivate, the snow sports exhibition Rail Jam, and the end-of-the-year cruise Rock the Boat. In addition, the CSU organizes de-stress events such as dog therapy and free massage in an effort to fight mental health fatigue in the lead-up to final exams.

Students at Capilano University are fee-paying members of the Capilano Students' Union. Involvement with the student union can elevate and amplify the student experience. Make the most of your time at Capilano with the CSU.

Learn more about the CSU online at www.csu.bc.ca or in person at the CSU Members Centre (LB 195).

SUSTAINABILITY

Capilano University manages its use of energy, water, land and materials to reduce its environmental impact on the planet; achievements to date include reducing greenhouse gas (GHG) emissions, paper consumption and landfill waste by more than 50%. We also act to prepare for climate change.

There are several ways for students to get involved in sustainability on campus:

CapUWorks is a student driven sustainability program that employs 3 to 5 Student Organizers during the Fall and Spring terms and 1 to 2 students during the Summer term. Organizers engage their peers, employees and non-profit organizations to take action for a more sustainable planet, stronger society and beneficial economy .

EarthWorks is a faculty lead co-curricular lecture and film series, open to the general public, that hosts current authors, film-makers, and sustainability experts to enable individual environmental action and develop global citizens and sustainability leaders.

Students can also view opportunities to become involved in sustainability through the Co-Curricular Record and Career Hub postings as well as the CSU clubs directory.

Campus Publications

STUDENT NEWSPAPER

The Capilano Courier is Capilano University's student publication published 24 times throughout the fall and spring semesters. The courier works to cover stories important to students on and off campus. The Courier is run by an independent staff of students, autonomous from the student society and University administration.

Since the Courier is written, organized, and laid out on campus, there is always a need for help. Students are encouraged to take part in news and feature writing, reporting, editing, layout, photography, artwork, desktop publishing, graphic design and advertising.

The Courier welcomes input from the entire University community. Classified ads (which are free to students, staff, and faculty), letters, and other contributions can be submitted to their offices in room 122, Maple building.

General Campus Services

BOOKSTORE

Located in the southwest corner of the Birch building, the Bookstore offers new and used texts, digital books, stationery, clothing, and sundry items.

Information on the Bookstore's hours of operation, services, sales and promotions can be found online at the [Bookstore](#) website. Use the website to order new and used texts, digital books, stationery, clothing and gifts.

The Bookstore also pays cash for used textbooks several times per year. The website will have the times and dates for upcoming buy backs, as well as information on how much you may get for your book.

The Bookstore accepts cash, Visa, MasterCard, American Express, Interac and cheques with proper ID.

CAPCARD (STUDENT PHOTO ID)

The *CapCard* is your official student photo identification, Library card, and electronic door access card which may be required for program specific restricted areas (such as the film program studios). All new students need to obtain the *CapCard* after completing the registration process. This card is valid for as long as you are a student at Capilano University; it does not expire. As a Library card, it allows you to borrow material and access online databases, journals, ebooks, and streaming music and videos. Detailed information can be found on the University's [CapCard Centre](#) website.

FOOD AND BEVERAGE SERVICE

At the North Vancouver campus, all food and beverage services including snack and hot drink vending and catering services are managed by the University's contracted supplier [Chartwells](#). All cold beverage vending is provided by Coca-Cola Canada. Vending is conveniently located in multiple buildings throughout the campus. Vending machines will accept cash and some accept credit cards.

A bill changing machine (Canadian bills to Canadian coin) and an Automated Teller Machine (ATM) are located in the Food Court area on the first floor of the Birch building.

The [DineOnCampus](#) website has details about locations, hours of service, weekly menu offerings, seasonal events, catering or to provide feedback on your campus dining experience.

LOST AND FOUND

Report lost or retrieve found items at the Campus Security Office. We welcome your suggestions on how we can improve our lost and found services. Let us know at: guards@capilanou.ca

PARKING SERVICES

Pay parking is in effect at all times, 24 hours a day, 7 days a week, 365 days a year. Parking at the North Vancouver Campus is on a first-come-first-served basis.

Pay parking applies to all parking spaces at the North Vancouver Campus including all those on University roadways. All parking areas are regularly patrolled to ensure compliance with the University's payment and parking requirements.

The administration and operation of pay parking including permit sales, equipment, parking violation notices, courtesy notices and towing is provided by a contracted commercial service provider.

Students wishing to use parking areas for uses other than parking (such as student filming), must be prior approved by the Director of Contract Services & Capital Planning. No flying of drones or other uses are permitted without prior permission.

Detailed information including current rates, payment methods, carpooling, application forms, and the parking map can be found on the Capilano University [Parking, Car Pooling & Transit](#) website.

U-PASS BC (COMPASS CARD)

U-Pass BC is a universal student transit program that provides all eligible Capilano University students with an affordable and sustainable transportation program. The Compass Card is a reloadable fare card that works everywhere in Metro Vancouver. U-Pass BC is offered in partnership with the Capilano Students' Union (CSU), TransLink and the Province of British Columbia. The program is mandatory for all CSU members enrolled in 3 or more credits at Capilano University for courses in Metro Vancouver and the cost is automatically added to fees upon registration.

Detailed information including how to obtain and activate the Compass Card, use of the card, replacement due to loss, eligibility, troubleshooting, and exemptions can be found on our [U-Pass BC/Compass Card](#) website. Additional information is available through [TransLink](#).

International

International Students

GENERAL INFORMATION

The community at Capilano University includes over 9000 students of which nearly 2500 are international students from over 80 countries around the world.

GENERAL ADMISSION REQUIREMENTS

All international applicants must meet the admission requirements of the intended program of study, including the English language requirement. Most academic programs require the equivalent of secondary school graduation (Grade 12) in British Columbia. For those students whose first language is not English, Capilano University offers English for Academic Purposes (EAP) levels and combined EAP/Academic pathways.

For program specific admission requirements, please refer to the program sections of the Capilano University Calendar or [online](#).

INTERNATIONAL STUDENT APPLICATION PROCESS

1. Review the admission criteria for your program

All program applicants are required to:

- Have equivalency to BC High school graduation
- Meet the English language proficiency requirement

Certain programs also have additional requirements such as interviews, portfolios, special testing, or auditions. Refer to the individual program sections in the Capilano University Calendar for specific details.

2. Apply

[Apply online](#) and pay the non-refundable application fee of \$135 CAD.

General Application Deadline Dates:

- May for Fall term (September start)
- September for Spring term (January start)
- January for Summer term (May start)

Application deadlines may vary by program. Please refer to the individual program sections in the Capilano University Calendar for specific details.

It is not necessary to wait until the deadlines. Early applications are encouraged as many programs fill even before application deadlines and some programs admit students year round for the coming intakes.

3. Capilano University acknowledges the application

Applicants receive a student number and a Capilano webmail email address. Students are required to check their Capilano webmail account often for admission updates. Students can also check their application status online (myCapU Account) by using their student number at [myCapU](#).

If the application is incomplete, the student must submit outstanding documents. All students are required to provide any outstanding documents or complete testing as soon as possible to ensure that their application can be evaluated for admission.

If you have questions about your application, please contact the Centre for International Experience by email: inted@capilano.ca or phone 604.990.7914.

4. Submit documents

a. Submit unofficial documents

- Students can be conditionally admitted based on unofficial documents. Scanned documents can be sent via email to inted@capilano.ca

b. Submit official documents

- Original documents must be received by the Centre for International Experience prior to the start of your program:
 - Official transcripts and official proof of graduation (stamped and signed by the institution), for all secondary and post secondary institutions attended with certified English translation if the original documents are issued in another language.
 - English proficiency test scores that can be verified online or original documents sent directly from the testing agency (proof of English language proficiency is not required for applications to the EAP program).
 - Irreplaceable documents submitted will be returned to the student upon request after admission to the university.

5. Capilano University makes an offer

Upon successful completion of admission requirements and selection, eligible students will receive a detailed Letter of Offer from the Centre for International Experience via email to their Capilano University email account. This letter will outline any conditions of admission.

6. Pay a tuition deposit to accept the offer of admission

To accept an offer of admission, students must follow the directions in their Letter of Offer. New students are required to pay a tuition deposit to confirm their acceptance. The tuition deposit amount paid is deducted from the first semester tuition fees.

Tuition deposit payments can be made either online, by mail or in person by cash, money order, bank wire transfer, Visa, MasterCard, American Express or debit card. For more information, please visit: [How to Pay](#).

For student payments outside of Canada, Capilano University has partnered with [Flywire](#) to process [International student fees](#).

After confirming acceptance to Capilano University by accepting the offer and paying the deposit, students are issued an official Letter of Acceptance from the Centre for International Experience via email to their Capilano University email account. This letter can be used for Immigration purposes. Only students who have accepted their offer are eligible to register in classes.

7. Apply for Immigration Documents

All international students who plan to study in Canada for more than six months must obtain a study permit to be legally permitted to study in Canada. Capilano University requires all students studying for

more than one semester to present a valid study permit to the Centre for International Experience before being permitted to start studying in their program. This document is issued through Immigration, Refugees, and Citizenship Canada (IRCC). Students are encouraged to apply for this document as soon as possible as processing times can be anywhere from several weeks to several months. Please see the [IRCC website](#) for more information.

Some students will also require a Temporary Resident Visa (TRV) or Electronic Travel Authorization (eTA) to enter Canada. Please see the [IRCC website](#) to learn whether you need a TRV.

8. Follow course registration instructions

All students who have accepted their offer of admission will receive important course registration details with their letter of acceptance and via their Capilano webmail account. Students are required to follow the course registration directions and register in classes online using their myCapU Account during course registration period. For best course selection, students are encouraged to register as soon they are able to during the course registration period.

9. Prepare to start studying at CapU

Newly admitted students are encouraged to visit the [International Students](#) website to RSVP for the mandatory New International Student Orientation, request a student Mentor, find accommodation, and to check out the various services offered to international students.

INTERNATIONAL STUDENT FEES

International students are subject to international student tuition rates. Please see the [Tuition & Fees](#) section of the website.

To be considered full-time at Capilano University, an international student is required to be enrolled in a full-time program of study, which generally means 9-15 credits per semester. Exceptions will be made for students who are in the final semester of their program and require fewer courses for completion.

If an international student's status changes to that of a Permanent Resident on or after the first day of classes in a semester, the change in tuition fees will occur in the following semester. Students are advised to provide official documentation of the status change from Citizenship and Immigration Canada. Capilano University reserves the right to change fees and policies without notice.

MEDICAL INSURANCE

Mandatory Health Insurance

Mandatory health insurance is a condition of being a student at Capilano University. Details for international students can be found on the [Health Insurance for International Students](#) section of the Centre for International Experience website.

Basic Medical Insurance

The province of British Columbia requires all residents, including temporary residents on Study Permit, to purchase BC Medical Service Plan (BC MSP) coverage.

All residents of British Columbia are required by law to enrol with the [Medical Services Plan](#) (MSP) health insurance. 'Resident' is defined as a person who stays in BC longer than six months. Therefore, all international students who stay in BC for longer than six months must enrol in MSP at a rate of CA\$75 per

month. There is a waiting period of three months before students can be enrolled, therefore, we advise students to apply for MSP as soon as they arrive in British Columbia to ensure their application will be processed in a timely fashion. Applications can be obtained from the Centre for International Experience, and must be submitted with a copy of the official Study Permit to support the application.

To ensure all students have medical coverage during the three-month waiting period for MSP coverage, Capilano University enrolls all new international students in private interim coverage provided by guard.me. The cost of this plan is approximately CA\$2 per day. Students who present a valid MSP card to the Centre for International Experience before the first day of classes are exempt from this guard.me charges

Extended Health and Dental

The Capilano Students Union (CSU) has created the opportunity for all full-time students, as well as part-time students, spouses or dependents who wish to opt-in to this plan, access to an affordable health and dental plan. Coverage is available for members at all campuses, online students, and students taking courses at off-campus locations. The Extended Health and Dental insurance plan is organized by the CSU per referendum and is mandatory for all full-time students enrolled in the Fall or Spring terms at CapU unless proof of alternate coverage is provided. Full-time students starting in the Fall term will be automatically enrolled, but if you start in the Spring term or are part-time student or want to add a spouse or dependent, you will need to self-enroll in the plan. Students who are covered by an alternate plan can opt-out during the change-of-coverage period. Rates are determined by the CSU and are added to student accounts in September to cover extended medical and dental for the duration of the year.

See the CSU for more information or check [Studentcare](#).

SATISFACTORY ACADEMIC ACHIEVEMENT

All students who enrol at Capilano University are expected to maintain acceptable standards of academic performance. Students should refer to the section in this Calendar which explains Capilano University's guidelines for acceptable performance. Should an international student begin to fall below the acceptable performance standards, they will receive prior warning and should meet with academic advising services. If the student continues to be unable to maintain acceptable standards of academic performance, they will be placed on probation and may, if the situation persists, be required to withdraw from the program. Please see: [Academic Policies and Procedures](#) for more information.

INTERNATIONAL EXPERIENCE & SERVICES

Capilano University is committed to building an international community on campus by welcoming international students to Capilano University and encouraging all students to engage in the study abroad experience.

Capilano University strives to ensure that all international students are well received and have a positive and successful educational experience.

- The Centre for International Experience is dedicated to providing special services to international students at Capilano University and all students wishing to study abroad. A wide range of services are offered at the Centre for International Experience including admissions advising, immigration advising, application processing, study abroad, student leadership, mentorship and engagement opportunities. In addition, guidance is offered with regards to health insurance, on and off campus work permits, study permit renewal and more.
- The International Admissions Team reviews and process international student applications, support international students with course registration, provide advice on medical insurance, and other unique inquiries to support international students during their studies at Capilano University.

- The Centre for International Experience welcomes new international students to Capilano University with transition activities throughout the first week of classes that begin with the mandatory [New International Student Orientation](#).
- The [International Leadership & Mentorship Program](#) is in its seventh year. The program focuses on leadership and mentorship skill development relating to campus life, community engagement, building of social connections and participation in recreational activities and cultural events.
- The Mobility and Partnerships Officer coordinates [study abroad programming](#) for both domestic and international students and works closely with our international partners and faculty to plan exciting exchange programs and field school opportunities for students.
- The Centre for International Experience provides immigration advising to Capilano University students through presentations, workshops and individual drop-in appointments with Regulated International Student Immigration Advisors (RISIA). Assistance is available to support students with study and permits, including co-op work permits and post-graduation work permits, temporary resident visas (TRVs) and electronic travel authorizations (eTAs).

Counselling Department

- The Counseling Department (Birch building, room 267) has professional counselors who provide educational counseling, career counseling, and personal counseling, plus provide workshops and outreach programs. Telephone: 604.984.1744.

STUDY ABROAD PROGRAMS AND PARTNERSHIPS

At CapU, everyone is encouraged to seek and experience dynamic and creative learning avenues beyond the classroom borders. By engaging in study abroad programs, students get to expand their global competence and networks while they earn credits toward their degree or diploma. Similarly, through field schools and faculty exchanges, our instructors are able to share and bring back global knowledge and best practices from around the world.

Study Abroad Program Options

The program options include:

- Full Term Exchanges
- Field Schools
- Special Programs

To help support their global adventure, students have the opportunity to apply for [study abroad awards or scholarships](#).

Full Term Exchanges

CapU students have the opportunity to study outside their home university and outside Canada for a full term (sometimes two), while earning credits for the same tuition fee they would normally pay at CapU. There are 20+ destinations to choose from. Eligible programs include Business Administration, Tourism Management, Motion Picture Arts, Communication Studies, Design in Visual Communication (IDEA), Interdisciplinary Studies, Legal Studies (Paralegal), and Early Childhood Care and Education. [Eligibility and More](#)

Field Schools

Field schools are open to students in any year of study and from any program, which makes them a more flexible study abroad option. This is an immersive 10-day to five-week global adventure with a group of

fellow students led by CapU instructors who have a deeply rooted experience with the destination. Students apply knowledge gained in the classroom to real-world challenges while earning up to six credits (two courses) toward your credential. [Eligibility and More](#)

Disney International Program (DIP)

The DIP is a unique study, work and travel abroad opportunity that allows students to complete academic coursework as well as supervised paid training, earning them a Certificate in Hospitality and Tourism or Certificate in Management. Students get to complete the academic portion through the University of California, Riverside and the supervised paid training at the Walt Disney World Resort near Orlando, Florida. Eligible programs include Bachelor of Tourism Management, Tourism Management Co-op Diploma and Bachelor of Business Administration programs. [Eligibility and More](#)

Study Abroad Partnerships and Global Opportunities

In order to make study abroad experiences possible, formal international exchange agreements have been developed with a number of post-secondary institutions worldwide. Cooperation with these [partner institutions](#) facilitates **student exchanges** as well as **faculty exchanges**, permits collaboration on **international development projects** in other countries, and enables the delivery of CapU courses and training around the world.

Arts & Sciences

General Information

The Faculty of Arts and Sciences (FAS) at Capilano University provides students with a variety of options. Students can select from Bachelor degrees, Associate degrees, and diplomas. Students can enroll in FAS programs on a full or part-time basis. In addition, Arts and Sciences courses serve Capilano degree students in other Faculties as well as students who plan to transfer to other universities.

Academic instruction at Capilano is both disciplinary and interdisciplinary. Capilano carefully reviews the content and the delivery methods of its Arts and Sciences courses to ensure that those courses are current and that they meet university standards.

All courses require basic literacy in written and spoken English. That is, students must be able to understand the texts, other written materials, the instructor's spoken words, and they must be able to write assignments in correct English. Students who are uncertain of their oral and written English should speak to the instructor or to an advisor prior to registering for a course.

For those students who need extra help in basic skills, Capilano offers preparatory courses and academic support services (see Writing Centre, Learning Services and the Math Learning Centre in the Services section of this Calendar).

Capilano library offers online and print collections, and research services to support all courses.

Capilano offers a range of courses in various disciplines which are grouped in three Schools (see below). For a list of Arts and Sciences courses, please see the [Classification of Subjects for Associate Degrees](#) section of this Calendar.

DEGREE PROGRAMS

Bachelor of Arts in Applied Behaviour Analysis (Autism)

Students who enroll in this ABA program on a full-time or part-time basis may earn a Bachelor's degree. This degree, with its coursework and practicum experiences, will enable a graduate of the program to be

eligible to write the Behavior Analyst Certification Board® exam and become a Board Certified Assistant Behaviour Analyst (BCaBA).

For more information, please see [Bachelor of Arts in Applied Behaviour Analysis \(Autism\)](#).

Bachelor of Arts with a Major in Interdisciplinary Studies

Capilano University's Bachelor of Arts with a Major in Interdisciplinary Studies is a degree in the Liberal Arts tradition. By completing this degree, students will acquire a broad foundation of knowledge and utilize critical approaches central to the liberal arts. All degree students will take a selection of courses in the Humanities, Social Sciences, and Sciences during their first two years. This academic foundation will prepare students for the sustained inquiries and focused research projects which are the hallmark of their upper-level coursework.

The Bachelor of Arts with a Major in Interdisciplinary Studies degree requires its graduates to be committed to the focused and sustained in-depth analysis upon which creative and collaborative problem-solving builds. An education in critical thinking and historical and cultural understanding prepares graduates to pursue a large and expanding range of personal, professional, and business opportunities.

For more information, please see [Bachelor of Arts with a Major in Interdisciplinary Studies Degree](#).

Bachelor of Arts with a major in Liberal Studies

Capilano University's Bachelor of Arts with a major in Liberal Studies is a degree in the Liberal Arts tradition. For program information, please see [Bachelor of Arts with a major in Liberal Studies Degree](#)

Please note, this program is no longer accepting applicants. Future students interested in pursuing a degree in the Liberal Arts should refer to the [Bachelor of Arts with a Major in Interdisciplinary Studies Degree](#) for new program information.

POST BACCALAUREATE PROGRAM

Applied Behaviour Analysis (Autism) Post Baccalaureate Certificate

The Post-Baccalaureate Certificate allows students with an existing Bachelor's degree to obtain the required course work to qualify for the Board Certified Assistant Behavior Analyst (BCaBA) exam. Certificate students must independently obtain their own supervised fieldwork (e.g., through their existing paid employment), in order to meet the experiential requirements for BCaBA exam eligibility. Under the supervision of Board Certified Behavior Analysts, BCaBA certified graduates are qualified to work in a variety of agency- or home-based teams to provide services to children and youth diagnosed with autism spectrum disorder.

For more information, please see [Applied Behaviour Analysis \(Autism\) Post Baccalaureate Certificate](#).

Applied Behaviour Analysis (Autism) Post Baccalaureate Diploma

The first program of its kind in Canada, the Applied Behaviour Analysis (Autism) Post Baccalaureate will enable students who have existing Bachelor degrees, and an interest in becoming an autism service provider, to earn a credential in Applied Behaviour Analysis-Autism at the post-graduate level. This program blends rigorous academic training and professional supervised experience; an opportunity not widely available. Students will obtain the required coursework and experiential component that would enable them to be eligible to write an exam for certification as a Board Certified Assistant Behavior Analyst™ (BCaBA). Graduates of the program, who achieve BCaBA certification are able to work in a variety of agency or home-based teams providing services to families with children/youth diagnosed with autism spectrum disorders in partnership with Board Certified Behavior Analysts™.

For more information, please see [Applied Behaviour Analysis \(Autism\) Post Baccalaureate Diploma](#).

ASSOCIATE DEGREES IN ARTS AND SCIENCE

An Associate Degree is a formal credential that recognizes the successful completion of sixty (60) credits in Arts or Sciences. In addition to general Associate of Arts and Associate of Science Degrees, Associate Degrees with the following specializations are offered: [Biology](#), [Creative Writing](#), [English](#) and [Psychology](#). Courses taken within the Associate Degree framework are defined as follows:

1. A course is defined by the subject for which it is granted transfer credit at Simon Fraser University (SFU) or the University of British Columbia (UBC: Vancouver or Okanagan Campus) or the University of Northern British Columbia (UNBC) or the University of Victoria (UVic).
 - a. An Arts course is defined to be any course in a subject area for which there is a Baccalaureate of Arts degree at SFU or UBC (Vancouver or Okanagan Campus) or UNBC or UVic.
 - b. A Science course is defined to be any course in a subject area for which there is a Baccalaureate of Science degree or Baccalaureate of Applied Science degree at SFU or UBC (Vancouver or Okanagan Campus) or UNBC or UVic.
 - c. A course in an "other" area is defined to be any course in a subject area for which there is a Baccalaureate degree other than in Arts, Science, or Applied Science at SFU or UBC (Vancouver or Okanagan Campus) or UNBC or UVic.
2. A first-year course is defined as a course that has assigned or unassigned transfer credit at the 100-level at SFU or UBC (Vancouver or Okanagan Campus) or UNBC or UVic.
3. A second-year course is defined as a course that has assigned or unassigned transfer credit at the 200-level or higher level at SFU or UBC (Vancouver or Okanagan Campus) or UNBC or UVic.
4. A laboratory science is one in which a substantial component of student instruction involves the study of natural phenomena, either in the laboratory or in the field. Each institution granting the Associate Degree will determine which of its courses satisfy this requirement.

Requirements for Both Degrees

1. No course may be used to meet more than one of the requirements.
2. An average overall grade of "C" (cumulative GPA of 2.0 or its equivalent) calculated on all courses counting towards the associate degree must be achieved.
3. Although the number of credits awarded for any particular course may vary from institution to institution, it is expected that a student will have completed the equivalent of approximately 20 three-credit courses to fulfill the degree requirements.

Associate of Arts Degree

To be eligible for the Associate of Arts Degree a student must complete the following requirements.

60 semester credits of first- and second-year courses, including the following:

1. Six credits in first-year English
2. Nine credits in Science, including at least the following:
 - a. Three credits in Mathematics, or Computing Science or Statistics (Statistics courses taught in subject areas such as Business, Economics, Psychology, etc. may also be used to meet this requirement)
 - b. Three credits in a laboratory science

3. Thirty-six credits of Arts courses, of which a minimum of 18 credits must be at the 200-level or higher from two or more subject areas; these Arts credits must include the following:
 - a. Six credits in the Social Sciences
 - b. Six credits in Humanities (including the Creative and Performing Arts) other than English
 - c. Six credits in Social Science or Humanities (including some Creative and Performing Arts) other than English

No more than six credits of the above may be in a single area.

- d. Eighteen additional credits in Arts courses
4. Nine credits in Arts, Science, or other areas.

Associate of Science Degree

To be eligible for the Associate of Science Degree a student must complete the following requirements.

60 semester credits of first- and second-year courses, including the following:

1. Six credits in first-year English
2. Six credits in Mathematics including at least three credits in Calculus
3. Thirty-six credits in Science, including at least three credits in a laboratory science, and which must include a minimum of 18 credits at the 200-level from two or more subject areas
4. Six credits in Arts other than English (excluding Mathematics and laboratory-based science courses)
5. Six credits in Arts, Science, or other areas.

CLASSIFICATION OF SUBJECTS FOR ASSOCIATE DEGREES

Only those Capilano University courses with university transfer credit at the University of British Columbia (Vancouver or Okanagan Campus), Simon Fraser University, the University of Victoria, or the University of Northern British Columbia will count towards the Associate Degree.

For the purpose of the above requirements, Capilano University courses are categorized as follows:

ARTS

Humanities	Art History, Chinese, English, French, History, Japanese, Linguistics, Music, Philosophy, Spanish, Theatre, Women's & Gender Studies (100, 204, 220, 230). May also include courses in the Creative and Performing Arts.
Social Sciences	Anthropology, Criminology, Economics, Geography (Human) (100, 101, 102, 106, 200, 201, 202, 205, 208, 210), Political Studies, Psychology, Sociology, Women's & Gender Studies (100, 111, 204, 208, 210, 213, 215, 220, 222, 224, 226, 230, 240, 250)

SCIENCES

Sciences	Applied Science, Astronomy, Biology, Chemistry, Computing Science, Geography (Physical) (112, 114, 212, 214, 221), Human Kinetics, Mathematics & Statistics, Physics
----------	--

Note

Some courses in the subjects listed above may not carry Arts and Sciences transfer credit and/or satisfy major requirements at a particular university. Please consult the [B.C. Transfer Guide](#), university calendars, or the Registrar's Office.

DIPLOMA IN ACADEMIC STUDIES

To be eligible for a Diploma in Academic Studies, a student must have

1. Completed 60 credits, 50% of which must be completed at Capilano University;
2. Achieved a cumulative grade point average of 2.00 or better;
3. Successfully completed at least 45 credits from the following subject areas (List A and B), including at least six credits from English (100-level or higher), at least six credits from subjects in List A; and at least 15 credits selected from 200-level courses;

List A	Applied Science, Astronomy, Biology, Chemistry, Computing Science, Geography (Physical), Geology, Human Kinetics, Kinesiology, Mathematics and Statistics, Physics
List B	Anthropology, Art History, Chinese, Commerce, Criminology, Economics, English, French, Geography (Human), German, History, Japanese, Linguistics, Music, Philosophy, Political Studies, Psychology, Sociology, Spanish, Studio Art, Theatre, Women's Studies

4. All courses must be university transferable courses.

DIPLOMA IN GENERAL STUDIES

This program does not accept applications, however Capilano University students can work towards earning this credential.

To be eligible for a Diploma in General Studies, a student must have

1. Completed 60 credits at the 100 level or higher, 50% of which must be completed at Capilano University;
2. Achieved a cumulative grade point average of 2.00 or higher.

TRANSFER

Full information on transfer of specific courses is available from the Registrar's Office, Advising, or in the pertinent instructional division.

The BC Transfer Guide is available online at www.bctransferguide.ca. Students are urged to consult the online transfer guide when establishing their programs of study.

Transfer to Other Institutions

The Faculty of Arts and Sciences maintains transferability of their courses with other post-secondary institutions. Capilano's representatives meet regularly with those of other institutions to ensure that Capilano's first and second year courses are fully transferable wherever possible.

Transfer from Other Institutions

There is agreement among all public B.C. post-secondary institutions to accept each other's credits upon transfer, if applicable to a program given in the admitting institution, and given suitable equivalency. Capilano University reserves the right to review individual course credit.

Transfer credits are granted to students on admission for acceptable work done at other institutions; the transfer credits reduce the total number of credits which are required at Capilano University for a certificate, diploma, or Associate Degree. Students wishing transfer credit should present suitable documentation to the Registrar's Office for adjudication by the appropriate faculty. All approved transfer credits are noted on the student's permanent student record.

Arts and Sciences Course Descriptions

Full descriptions of all Arts and Sciences courses can be found in the alphabetical listings in the course description section of this calendar. Students are urged to carefully read the general discipline information included in each section. Students are responsible for being familiar with the special information needed to select Arts and Sciences courses which transfer to other universities.

COURSE SELECTION AND ADVISING

Advising and Counselling departments can assist students in selecting the best program of studies. The final responsibility for course selection, however, rests with students. All Arts and Sciences students are advised to see an Academic Advisor to plan their courses of study.

REQUIREMENTS

English Entrance Requirements

Students who wish to enrol in English courses must write a placement test *before* registering in any English course if they do not satisfy the prerequisite requirements.

See the Registration section of this calendar for information about the [English Diagnostic Test](#) (EDT).

Math Entrance Requirements

Students wanting to enrol in MATH 097, 105, 108, 116, 190 or STAT 101 must write a placement test if they do not satisfy the prerequisite requirements for these courses.

Please refer to the Mathematics section of the calendar for the direct entry and placement test requirements for each of these courses.

See the Registration section of this calendar for information about the [Math Placement Test](#) (MPT).

Lab/Course Relationship

Many courses require that students complete a lab and/or tutorial. Students should ensure that they are aware of lab/tutorial requirements and the timetable for these components. Students should note that it is necessary to pass both labs and lectures to receive credit for the course.

The cost of the lab is included in the tuition fee, except for lab manuals and some field trip costs.

School of Humanities

GENERAL INFORMATION

Humanities courses help students to understand their past and present, and prepare them for life in a rapidly changing world. In Humanities courses, students will learn how to understand the different contexts in which they live. At Capilano University, Humanities courses may include hands-on practice, such as visiting art galleries, producing a publication, studying other cultures and languages, and critically thinking about both how societies function and the core values upon which they are built. By studying in the Humanities, students will have the opportunity to write analytically and thoughtfully about various aspects of the world.

ART HISTORY

General Information

Art history concerns itself with visual culture both past and present. Visual art is explored and analyzed in order to understand how it is composed and constructed and how it functions as a carrier and producer of meaning within society. Analytical tools that promote the critical decoding of images, so relevant in today's world, are emphasized in all art history courses.

For more information, please see the [Art History](#) website.

Transfer Credit

Art history courses offered at Capilano University are transferable to UBC, SFU, UNBC, and UVic. Please refer to the online B.C. Transfer Guide at www.bctransferguide.ca for further information.

Admission Requirements for the Arts and Sciences Program

- British Columbia Secondary School Graduation (Grade 12) or equivalent
- A minimum grade point average (GPA) of 2.0 (60%) calculated on English Studies 12 or English 12 or English First Peoples 12 and two academic Grade 12 courses. Please see the [Admission section](#) of this calendar for a complete list of courses.
- English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.

Art History (AHIS) Courses

CHINESE

General Information

All courses in Mandarin Chinese consist weekly of two lectures with an instructor plus one hour of conversation practice, and assignments in the multimedia lab on a drop-in basis (involving approximately 45 minutes on a weekly basis).

Students with a competence in the language beyond the level of the course in which they are registered will be required to withdraw. For example, native speakers of Mandarin and/or other Chinese dialects and those who have taken Mandarin courses in high school are not allowed in the first year courses. Students with some knowledge of Chinese must consult with the instructor for placement. University rules governing such students differ within departments, but the Languages department has correspondence dealing with matters relevant to credit transfer and point of entry. In order to avoid misunderstanding, students are invited to discuss these problems with the department prior to enrolment.

Students who are not sure of their language level must consult the instructor.

For more information, please see the [Chinese](#) website

Transfer Credit

All Chinese courses at Capilano University transfer to other post-secondary institutions in British Columbia. Please refer to the online B.C. Transfer Guide at www.bctransferguide.ca for further information.

Admission Requirements for the Arts and Sciences Program

- British Columbia Secondary School Graduation (Grade 12) or equivalent
- A minimum grade point average (GPA) of 2.0 (60%) calculated on English Studies 12 or English 12 or English First Peoples 12 and two academic Grade 12 courses. Please see the [Admission section](#) of this calendar for a complete list of courses.

CREATIVE WRITING

Associate of Arts Degree - Creative Writing

Creative writing involves the study and production of literary and non-literary texts through focused experimentation with language. Proceeding from the idea that good writing is produced at the intersection of expansive reading, informed critical thinking, and participation in a vibrant writing community, the Associate of Arts degree in Creative Writing combines instruction and practice in both creative and critical writing, hosts a literary readings series, supports a student magazine (*The Liar*), and provides scholarships, bursaries, and awards.

Students in the first year of the program work in several genres (poetry, fiction, drama, screenwriting, mixed-genre, and new media). At the second-year level, students are expected to focus on poetry, fiction and/or children's literature. Students at all levels are encouraged to develop their work to the point where it would become acceptable for publication.

While the Associate of Arts degree in Creative Writing is designed to stand on its own, students who complete the program will obtain first and second-year transfer credit in both English and Creative Writing, allowing them to major or minor in either subject should they decide to transfer to another university.

For more information, please see [Associate of Arts Degree - Creative Writing](#)

Admission Requirements

- BC Secondary School graduation (Grade 12) or equivalent
- A minimum grade point average of 2.0 (60%) calculated on English Studies 12 or English 12 or English First Peoples 12 and two academic Grade 12 courses.
- Capilano English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (Academic IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.

ENGLISH

General Information

English Studies at Capilano University provide a valuable introduction to the many diverse literatures, languages and cultures that constitute our world. The wide selection of courses and resources available reflect the variety of programs and professional degrees that English as a creditable discipline can facilitate. Presenting students with the principles and techniques of university-level writing and reading, English study remains fundamental to an array of opportunities and professional goals including freelance writing, teaching, publishing, law, art, social work, and business, among many others.

For more information, please see the [English](#) website.

Transfer Credit

All English courses (except for ENGL 010) transfer to other British Columbia universities. Please refer to the online B.C. Transfer Guide at www.bctransferguide.ca for further information.

For first-year English transfer credit to the universities, students must take two courses of:

ENGL 100, 103, 107 or 109.

For second-year English transfer credit to other universities, English majors should take English 200/201; all other second year students can take any two second-year level English courses.

Admission Requirements for the Arts and Sciences Program

- British Columbia Secondary School Graduation (Grade 12) or equivalent

- A minimum grade point average (GPA) of 2.0 (60%) calculated on English Studies 12 or English 12 or English First Peoples 12 and two academic Grade 12 courses. Please see the [Admission section](#) of this calendar for a complete list of courses.
- English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.

Associate of Arts Degree - English

The Associate of Arts Degree - English offers small, discussion-oriented classes where students have the opportunity to think critically about English literature written in traditional and experimental modes, in a wide variety of genres and in the context of contemporary issues. Their reading could include Chuck Palahniuk's *Fight Club*, Mary Shelley's *Frankenstein*, George Bowering's *Changing on the Fly*, Kathy Acker's *My Mother: Demonology*, Michael Ondaatje's *The English Patient*, and much more. The program is designed to stand alone as a two-year Associate of Arts degree or to facilitate transfer to a minor or major in English at another British Columbia university.

For more information, please see [Associate of Arts Degree - English](#)

Associate of Arts Degree - English

Intakes:	Campus	Terms	Full/Part Time
	North Vancouver	Summer	Both
	North Vancouver	Fall	Both
	North Vancouver	Spring	Both

FRENCH

General Information

All courses in French consist of two lectures with an instructor plus one hour of conversation practice, and assignments in the multimedia lab on a drop-in basis (involving approximately 45 minutes on a weekly basis).

FREN 100 is for students with little or no knowledge of the French language. Students with French 11 credit should register in FREN 150, and students with French 12 credit should register in FREN 204, FREN 205 or FREN 215 (in any order).

For beginning students, the sequence of courses is:

- FREN 100
- FREN 101
- FREN 150

Students with a competence in the language beyond the level of the course in which they are registered will be required to withdraw. Students who are not sure of their language level should contact an instructor. There are no course challenges permitted in French.

For more information, please see the [French](#) website.

Transfer Credit

All French courses are transferable to other post-secondary institutions in British Columbia. Please refer to the online B.C. Transfer Guide at www.bctransferguide.ca for further information.

Admission Requirements for the Arts and Sciences Program

- British Columbia Secondary School Graduation (Grade 12) or equivalent
- A minimum grade point average (GPA) of 2.0 (60%) calculated on English Studies 12 or English 12 or English First Peoples 12 and two academic Grade 12 courses. Please see the [Admission section](#) of this calendar for a complete list of courses.
- English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.

French (FREN) Courses

FREN 100	Beginner French Language and Culture I
FREN 101	Beginner French Language and Culture II

FREN 120	Lower Intermediate French I
FREN 121	Lower Intermediate French II
FREN 150	Progression in French Language and Culture
FREN 204	Intermediate French Language and Culture I
FREN 205	Intermediate French Language and Culture II
FREN 215	Oral French Practice
FREN 219	Intermediate Composition
FREN 270	Advanced French Language and Culture I
FREN 271	Advanced French Language and Culture II
FREN 315	Studies in French through Cinema
FREN 330	Quebecois Literature and Culture

HISTORY

General Information

The study of History is not about memorizing a series of names, dates, and events, but rather a dynamic, interpretive encounter with the whole range of human ideas, emotions, creations, and activities.

The Department of History offers students a range of lower and upper level courses in a variety of areas, time periods, and topics. These courses are one term in duration which allows students to sample many different areas within the discipline.

Please note that 100-level and 200-level history courses have no prerequisites.

For more information, please see the [History](#) website.

Transfer Credit

100 and 200 level history courses at Capilano (including WGST 220) transfer to SFU, UBC, UNBC and UVic and count as Humanities credit for the Associate Degree. Please refer to the online B.C. Transfer Guide at www.bctransferguide.ca for further information.

Admission Requirements for the Arts and Sciences Program

- British Columbia Secondary School Graduation (Grade 12) or equivalent
- A minimum grade point average (GPA) of 2.0 (60%) calculated on English Studies 12 or English 12 or English First Peoples 12 and two academic Grade 12 courses. Please see the [Admission section](#) of this calendar for a complete list of courses.

- English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.

History (HIST) Courses

HIST 100	History of the Ancient World
HIST 101	Europe in the Middle Ages and Renaissance
HIST 102	Europe from the Reformation to the French Revolution

JAPANESE

General Information

All courses in Japanese consist of two lectures with an instructor plus one hour of conversation practice, and assignments in the multimedia lab on a drop-in basis (taking approximately 45 minutes on a weekly basis).

In order to provide for the most appropriate student placement, students with Japanese 9, 10 or Beginners 11 credit should register in JAPN 100; students with Japanese 11 credit should register in JAPN 101, not JAPN 100. Students with Japanese 12 credit with a minimum C grade should register in JAPN 200.

Students who have studied Japanese elsewhere **cannot** register in JAPN 100. Students with competence in the language beyond the level of the course in which they are registered will be required to withdraw.

The instructor is available for consultation regarding placements. Students who are not sure of their language level should contact kmto@capilanou.ca prior to registration. For more information, please see the [Japanese](#) website.

Transfer Credit

All Japanese courses are transferable to other post-secondary institutions in British Columbia. Please refer to the online B.C. Transfer Guide at www.bctransferguide.ca for further information.

Admission Requirements for the Arts and Sciences Program

- British Columbia Secondary School Graduation (Grade 12) or equivalent

LINGUISTICS

General Information

The Linguistics department offers a range of first-year courses including an introduction to grammatical description and practical phonetics. Students interested in language learning or teaching, speech pathology or cognitive science will find linguistics courses a great start. There are no prerequisites for Linguistics courses, however Linguistics 100 & 102 are recommended for second year courses.

For more information, please see the [Linguistics](#) website.

Transfer Credit

LING 100, 101, 102 and 208 transfer to British Columbia universities. LING 206 transfers to most British Columbia universities. Please refer to the online B.C. Transfer Guide at www.bctransferguide.ca for further information.

Admission Requirements for the Arts and Sciences Program

- British Columbia Secondary School Graduation (Grade 12) or equivalent
- A minimum grade point average (GPA) of 2.0 (60%) calculated on English Studies 12 or English 12 or English First Peoples 12 and two academic Grade 12 courses. Please see the [Admission section](#) of this calendar for a complete list of courses.

PHILOSOPHY

General Information

The word philosophy comes from the Greek word *philo* meaning 'love', and *sophia* meaning 'wisdom.' So philosophy means 'love of wisdom.' Philosophy courses are about the ultimate nature of things, including knowledge, reality, reasoning, the human mind, religious belief, truth, free will, human nature, democracy, as well as ethical issues in biology, medicine, law, politics, and the environment. The Philosophy department at Capilano University offers a wide range of first and second year arts and sciences courses introducing students to most of these issues.

Philosophy is the activity of creating thoughtful answers to many of our most important questions. Philosophy is excellent preparation for any profession, but the most important reason for studying philosophy is to satisfy human curiosity about fundamental problems concerning the nature of reality and how we ought to live. As Socrates said, "The unexamined life is not worth living."

For more information, please see the [Philosophy](#) website.

Transfer Credit

Philosophy courses offered at Capilano University have transfer credit to other universities in B.C. Please refer to the online B.C. Transfer Guide at www.bctransferguide.ca for further information.

Admission Requirements for the Arts and Sciences Program

- British Columbia Secondary School Graduation (Grade 12) or equivalent
- A minimum grade point average (GPA) of 2.0 (60%) calculated on English Studies 12 or English 12 or English First Peoples 12 and two academic Grade 12 courses. Please see the [Admission section](#) of this calendar for a complete list of courses.
- English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.

Philosophy (PHIL) Courses

PHIL 101	Introductory Philosophy: Ethics
PHIL 102	Introductory Philosophy: Knowledge and Reality
PHIL 110	Critical Thinking
PHIL 117	Philosophy of Religion
PHIL 120	Scientific Reasoning
PHIL 150	History of Philosophy: Ancient Philosophy
PHIL 151	History of Philosophy: Descartes to Kant
PHIL 200	Political Philosophy: Classic Theories
PHIL 201	Political Philosophy: Problems and Issues
PHIL 202	Introduction to Formal Logic
PHIL 206	Professional Ethics
PHIL 207	Business Ethics
PHIL 208	Environmental Ethics

PHIL 209	Biomedical Ethics
PHIL 220	Philosophy in Literature
PHIL 221	Existentialism in Literature
PHIL 230	Minds, Brains, and Machines
PHIL 240	Philosophy and Gender Relations
PHIL 242	Philosophy of Human Nature
PHIL 301	Ethics and the Meaning of Life
PHIL 302	Knowledge and Truth
PHIL 305	Philosophy Through Film
PHIL 306	Family Ethics
PHIL 309	Neuroethics
PHIL 315	Ethics of War and Peace
PHIL 320	Philosophy of Science
PHIL 401	Morality and Global Justice
PHIL 430	Philosophy of Mind
PHIL 490	Directed Studies

SPANISH

General Information

All courses in Spanish consist of two lectures with an instructor plus one hour of conversation practice, and assignments in the multimedia lab on a drop-in basis (involving approximately 45 minutes) each week.

SPAN 100 is for students with little or no knowledge of the Spanish language. Students with Spanish 11 credit should register in SPAN 101, and students with Spanish 12 credit should register in SPAN 200.

For beginning students, the sequence of courses is:

- [SPAN 100](#)
- [SPAN 101](#)
- [SPAN 200](#)
- [SPAN 201](#)

Native speakers of Spanish are not allowed to register in first year courses. If they wish to take a second year course, they must consult with a Spanish instructor prior to registration.

Students who are not sure of their language level should contact an instructor.

For more information, please see the [Spanish](#) website.

Transfer Credit

All Spanish courses are transferable to post-secondary institutions in British Columbia. Please refer to the online B.C. Transfer Guide at www.bctransferguide.ca for further information.

Admission Requirements for the Arts and Sciences Program

- British Columbia Secondary School Graduation (Grade 12) or equivalent
- A minimum grade point average (GPA) of 2.0 (60%) calculated on English Studies 12 or English 12 or English First Peoples 12 and two academic Grade 12 courses. Please see the [Admission section](#) of this calendar for a complete list of courses.
- English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.

Spanish (SPAN) Courses

SPAN 100	Beginner Spanish Language and Culture I
SPAN 101	Beginner Spanish Language and Culture II
SPAN 200	Intermediate Spanish Language and Culture I
SPAN 201	Intermediate Spanish Language and Culture II
SPAN 300	Advanced Spanish I

School of Science, Technology, Engineering & Mathematics (STEM)

GENERAL INFORMATION

Studies in the STEM fields—Science, Technology, Engineering & Mathematics—introduce you to the building blocks of our natural and scientific world. At Capilano, this means full support in the laboratory, computer lab, or learning centre that allows you to put the scientific method into practical application.

The following options are available from a wide range of options in the School of STEM.

i. **Non-Science Students**

Students planning to continue studies in a non-science field at another university are advised to consider the following courses to fulfil their science requirement. Please note that transfer credit for a number of these courses is limited to non-science students. Students should refer to individual discipline areas in this calendar.

- ASTR 106, 107
- BIOL 104, 105, 112, 113
- CHEM 101, 130
- COMP 101, 106
- GEOG 112, 114
- MATH 105, 108, 190
- PHYS 104
- STAT 101

Please check the prerequisites shown in the individual course descriptions.

ii. **General Science Students**

Capilano University's School of STEM offers courses in astronomy, biology, chemistry, computing science, mathematics & statistics, and physics. Many of these science courses satisfy transfer requirements for a wide range of programs, including: pre-medicine, pre-veterinary, pre-dentistry, oceanography, forestry, agriculture, pharmacy, home economics, rehabilitation medicine, and dental hygiene.

iii. **Health Science Students**

BIOL 112 and CHEM 130 may fulfil biology and chemistry entrance requirements for Nursing and other programs in Human Health Sciences. BIOL 112/113 are also equivalent to first-year human anatomy and physiology in many health science programs. (See the online [B.C. Transfer Guide](#))

iv. **Engineering**

a. **Engineering Certificate**

Modeled on first-year engineering at the University of British Columbia (UBC), this program is designed for high-performing high school students and highly motivated post-secondary transfer students. Students who complete this program will be considered for admission to second-year engineering at UBC provided they satisfy the requirements shown on the UBC Engineering Transfer program website. Students completing this program can also apply to second-year engineering at other institutions.

b. **Engineering Transition Program**

This program is intended for recent high school graduates or other students who are missing the prerequisites for a traditional engineering transfer program. Students who complete this program in two academic years with a grade point average of at least 3.1 on the most recent 30 credits as calculated by UBC will be considered for admission to second-year engineering. Students completing this program can also apply to second-year engineering at other institutions.

ASTRONOMY

General Information

Astronomy is the science that involves the study of celestial bodies and the universe as a whole. Two first-year courses are offered, ASTR 106 (without lab) and ASTR 107 (with lab). These are particularly suitable for meeting the Science and Lab Science requirements of various programs.

For more information, please see the [Astronomy](#) website.

Transfer Credit

Both courses are transferable to other BC post-secondary institutions. Please refer to the online BC Transfer Guide at www.bctransferguide.ca for detailed information.

Admission Requirements for the Arts and Sciences Program

- British Columbia Secondary School Graduation (Grade 12) or equivalent
- A minimum grade point average (GPA) of 2.0 (60%) calculated on English Studies 12 or English 12 or English First Peoples 12 and two academic Grade 12 courses. Please see the [Admission section](#) of this calendar for a complete list of courses.
- English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.

Astronomy (ASTR) Courses

ASTR 106	Introduction to Astronomy
ASTR 107	Introductory Astronomy
ASTR 142	Introduction to Cosmology – The Story of the Universe
ASTR 300	The Search for Life in the Universe

Faculty

L. MOFFATT	BSc, MSc (Alberta), PhD (Windsor), Convenor of Physics

BIOLOGY

General Information

Biology is an increasingly exciting and rapidly expanding science. As the science of life, biology not only encompasses the study of the chemicals and cells of which organisms are composed, but extends to the study of global ecosystems and global biodiversity. Genetics, microbiology, cell biology, botany, zoology, ecology, evolution and conservation and restoration ecology are just a few of the fields of study embraced by the science of Biology.

Capilano University's Biology Department offers courses to meet a variety of educational needs. BIOL 104 and 105 meet the laboratory science requirements for Arts students and are general interest Biology courses. BIOL 112 and 113 are equivalent to first year human anatomy and physiology in many Human Health Science programs. (See online B.C. Transfer Guide at www.bctransferguide.ca.)

Students planning a major in Biology or another life science, such as botany, cell biology, ecology, genetics, marine biology, microbiology, physiology, oceanography or zoology, should enrol in BIOL 110 and BIOL 111.

A complete selection of second year courses is available which meet the credit transfer requirements of all B.C. universities. Some of these courses may be included in the requirements for pre-professional programs, and for specific life science programs. Students who intend to enter professions such as agriculture, dentistry, medicine and pharmacy should consult the institutions offering the programs to determine the specific biology and other courses they require. * Not all second year courses are offered each year*. Students may also earn an Associate of Science Degree with a specialization in Biology. For more information, see [Associate Degrees](#) in Arts and Sciences: General Information.

Most biology courses require weekly laboratory periods and/or field trips. Lab manuals for those courses requiring them must be purchased. Some courses have field trips which have extra costs associated with them. Some courses may have material costs associated with them.

For more information, please see the [Biology](#) website

*Refer to the above website for course offerings.

Transfer Credit

All biology courses transfer to B.C. post-secondary institutions. Please refer to the online B.C. Transfer Guide at www.bctransferguide.ca for further information.

Admission Requirements for the Arts and Sciences Program

- British Columbia Secondary School Graduation (Grade 12) or equivalent
- A minimum grade point average (GPA) of 2.0 (60%) calculated on English Studies 12 or English 12 or English First Peoples 12 and two academic Grade 12 courses. Please see the [Admission section](#) of this calendar for a complete list of courses.

- English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.

Biology (BIOL) Courses

BIOL 104	Human Biology
BIOL 105	Environmental Biology
BIOL 106	Introductory Biology I
BIOL 107	Introductory Biology II
BIOL 110	General Biology I
BIOL 111	General Biology II
BIOL 112	Human Anatomy and Physiology I for Health Sciences
BIOL 113	Human Anatomy and Physiology II for Health Sciences
BIOL 200	Genetics I
BIOL 202	Nutrition
BIOL 203	Introduction to Microbiology
BIOL 208	Ecology
BIOL 210	Morphology of Vascular Plants
BIOL 212	Invertebrate Zoology
BIOL 213	Vertebrate Zoology
BIOL 214	Cell Biology
BIOL 215	Biochemistry
BIOL 222	Microbiology
BIOL 240	Pathology
BIOL 241	Pathology I
BIOL 242	Pathology II
BIOL 300	Molecular Genetics
BIOL 305	Ecological Principles for Sustainability
BIOL 308	Conservation Biology
BIOL 312	Human Physiology I
BIOL 313	Human Physiology II
BIOL 314	Advanced Cell Biology
BIOL 350	Natural History of BC
BIOL 351	Global Biogeography
BIOL 352	Evolution of Life
BIOL 353	Brain Health
BIOL 354	Physiology of Disease
BIOL 403	Microbiology and Immunology
BIOL 408	Ecosystem Restoration

Recommended sequence for potential Biology majors

First Year

- BIOL 110 and BIOL 111
- CHEM 110/111
- PHYS 110 or PHYS 114
- MATH 108 or MATH 116
- English (six credits)

Second Year

A complete selection of second year courses which are transferable to all B.C. universities is available. Consult the Biology Department for the specific requirements to transfer into third year at the university of your choice.

Associate of Science Degree - Biology

Associate of Science Degree - Biology

Intakes:	Campus	Terms	Full/Part Time
	North Vancouver	Summer	Both
	North Vancouver	Fall	Both
	North Vancouver	Spring	Both

CHEMISTRY

General Information

All chemistry courses include weekly three-hour laboratory periods unless otherwise stated. The cost of the labs is included in the course tuition fee except for lab manuals and safety glasses. Students in second year labs must also have their own lab coats. Students are required to attend their first lab session or risk losing their seat in the course. Students may earn an Associate of Science Degree. For more information, see [Associate Degrees](#) in Arts and Sciences: General Information or see the [Chemistry](#) website.

Transfer Credit

Most chemistry courses carry transfer credit to other B.C. post-secondary institutions. Please refer to the online B.C. Transfer Guide at www.bctransferguide.ca for further information.

Admission Requirements for the Arts and Sciences Program

- British Columbia Secondary School Graduation (Grade 12) or equivalent
- A minimum grade point average (GPA) of 2.0 (60%) calculated on English Studies 12 or English 12 or English First Peoples 12 and two academic Grade 12 courses. Please see the [Admission section](#) of this calendar for a complete list of courses.
- English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.

Recommended Sequence for potential Chemistry majors

First Year

- CHEM 110/111
- PHYS 114/115
- MATH 116/126
- English (six credits)
- Elective (six credits)

Second Year

- CHEM 200/201
- BIOL 200 and 215
- MATH 230
- Electives

Note

Students planning to pursue a major or honours program in chemistry should consult a faculty member as requirements differ with individual universities.

Chemistry (CHEM) Courses

CHEM 030	Introduction to Chemistry
CHEM 101	Fundamentals of Chemistry
CHEM 110	Bonding and Structure
CHEM 111	Chemical Dynamics and Energetics
CHEM 130	Chemistry In Our World
CHEM 154	Chemical Principles for Engineers
CHEM 200	Organic Chemistry I
CHEM 201	Organic Chemistry II

CHEM 204	Introduction to Physical Chemistry
CHEM 205	Introduction to Bio-inorganic Chemistry
CHEM 206	Introduction to Analytical Chemistry
CHEM 211	Organic Chemistry for the Life Sciences
CHEM 215	Biochemistry I: Macromolecular Structure and Function
CHEM 250	Inorganic Chemistry for Engineers
CHEM 251	Physical Chemistry for Engineers
CHEM 252	Organic Chemistry for Engineers
CHEM 300	Chemistry and Society
CHEM 304	Environmental Chemistry
CHEM 311	Applications of Spectroscopy
CHEM 315	Biochemistry II: Metabolism and Bioenergetics
CHEM 404	Green Chemistry
CHEM 411	Medicinal Chemistry: Drug Design and Drug Action

***Note:** Not all courses are offered every year.

Faculty

COMPUTING SCIENCE

General Information

Computing Science equips students with the fundamentals to understand digital communications, computation, and programming. We offer a range of courses well-suited to Engineering, Science, and Business students, and for any student wishing to improve their understanding of the technologies that are transforming our world. COMP 101 offers any student a broad introduction to how computers work and an opportunity to

improve their computing skills. Engineering and Science students more interested in programming may choose to start with a hands-on programming course like COMP 106 or COMP 115. COMP 301 is open to all upper level students, and presents a fascinating look at the technologies that are transforming our workplaces, society, and culture. Students enrolled in these courses have excellent access to the University's computing facilities, and computing science courses provide a science credit in a variety of programs.

Transfer Credit

Please refer to the online B.C. Transfer Guide at www.bctransferguide.ca for further information.

Prerequisites

Students must earn at least a C- grade in a prerequisite before being permitted to proceed with a subsequent course. Students should note that while a C- is the minimum required to proceed, a better grade is recommended to ensure the best chance of success in the subsequent course and a satisfactory GPA for transfer to a university.

Students will not be allowed to retake a prerequisite once they have completed a subsequent course with a C- grade or better.

Computing Science (COMP) Courses

COMP 101	Computers and their Application
COMP 106	Programming with Robots
COMP 107	Animated 3D Game Programming
COMP 108	Software Applications and Their Customization
COMP 115	Learn to Code
COMP 120	Computer Science for Engineers
COMP 121	Fundamentals of Programming
COMP 126	Principles of Software Design
COMP 134	Programming in Java
COMP 165	Introduction to Multimedia and the Internet
COMP 202	Foundations of Computer Science
COMP 210	Data Structures and Abstraction
COMP 211	Computer Design and Architecture I
COMP 212	Computer Design and Architecture II
COMP 213	Introduction to Software Engineering
COMP 215	Introduction to Computational Science
COMP 220	Data Structures and Algorithms for Engineers
COMP 301	Computing Technologies in a Digital Culture
COMP 320	Database Technologies and Applications
COMP 330	Data Wrangling: Scripting for Automated Data Processing

Admission Requirements for the Arts and Sciences Program

- British Columbia Secondary School Graduation (Grade 12) or equivalent
- A minimum grade point average (GPA) of 2.0 (60%) calculated on English Studies 12 or English 12 or English First Peoples 12 and two academic Grade 12 courses. Please see the [Admission section](#) of this calendar for a complete list of courses.

- English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.

ENGINEERING

General Information

Capilano University is recognized provincially for producing high-quality engineering transfer students. The engineering transfer programs at Capilano are multidisciplinary, integrating the areas of chemistry, computing science, mathematics and physics through lectures, tutorial workshops, laboratories and hands-on projects. Seminars featuring invited speakers from other academic institutions, as well as from industry, are also used to complement the learning environment. Specifically Capilano University offers two engineering transfer programs: (i) the Engineering Certificate program (a one-year certificate program) and (ii) the Engineering Transition Diploma program (a two-year diploma program). Since both programs are university transferable, the student transfers directly into the second year of the engineering program at the receiving institution.

For more information, please see the [Engineering](#) website.

How to Apply

[Apply for Admission/Readmission](#) online. Supporting documents should be submitted to:

Registrar's Office Capilano University
2055 Purcell Way, North Vancouver, B.C.
V7J 3H5
Phone: 604.984.4900
Fax: 604.984.1798

Fees and Expenses

Please see the [Fees & Finances](#) section of the Capilano website. Financial aid is available to eligible students for eligible programs. For more information, please see [Financial Aid & Awards](#).

Engineering (Applied Science) (APSC) Courses

APSC 120	Introduction to Engineering
APSC 130	Technical Drafting and Computer-Aided Design
APSC 140	Engineering Design
APSC 278	Materials Science for Engineers

Engineering Certificate Program

The Engineering Certificate program provides students with a comprehensive first-year university transfer program in engineering and is aimed at strong academic high school graduates and highly motivated post-secondary students. Successful completion of this program ensures that students who transfer to an engineering degree program at another institution in British Columbia typically require only three additional years of study to complete their degree requirements.

University Transfer

University of British Columbia (UBC-V)

The Engineering Certificate program at Capilano University is modeled after first-year engineering at UBC-V. According to an agreement between Capilano University and UBC-V, Capilano University graduates will be accepted into second-year engineering at UBC-V if they meet the following criteria:

- Successful completion of the Engineering Certificate within one academic year (i.e. September to April)
- Meet a minimum cumulative grade point average (CGPA) established by UBC-V (currently 3.1)

Capilano engineering transfer students then compete on an equal footing with all first-year students for entry into their engineering discipline of choice.

The Faculty of Applied Science at UBC-V offers programs leading to the Bachelor of Applied Science (B.A.Sc.) degree in the following areas of engineering: Biomedical, Chemical, Chemical & Biological, Civil, Computer, Electrical, Environmental, Geological, Integrated, Manufacturing, Materials, Mechanical, Mining, and Engineering Physics. See the [UBC-V Calendar](#) or the [UBC-V web site](#) for more detailed information about the different programs.

Please consult the [UBC-V Engineering Transfer program website](#) for the most up-to-date information on transfer agreements.

University of British Columbia - Okanagan (UBC-O)

According to an agreement between Capilano University and UBC-O, Capilano University graduates will be accepted into second-year engineering at UBC-O if they meet the following criteria:

- Successful completion of the Engineering Certificate within one academic year (i.e. September to April)
- Meet a minimum cumulative grade point average (CGPA) established by UBC-O (currently 2.8)

Capilano engineering transfer students then compete on an equal footing with all first-year students for entry into their engineering discipline of choice.

The Faculty of Applied Science at UBC-O offers programs leading to the Bachelor of Applied Science (B.A.Sc.) degree in Civil, Electrical, Manufacturing, and Mechanical Engineering. See the [UBC-O Calendar](#) or the [UBC-O web site](#) for more detailed information about the different programs.

Please consult the [UBC-O Engineering Transfer program website](#) for the most up-to-date information on transfer agreements.

Simon Fraser University (SFU)

Students who complete the Engineering Certificate program will be considered for admission to second-year engineering at SFU. The School of Engineering Science at SFU offers four-year programs leading to a Bachelor of Applied Science (B.A.Sc.) degree in Biomedical, Computer, Electronics, Systems Engineering, Engineering Physics, as well as a minor in Computer and Electronics Design. A Mechatronics Systems Engineering option is also offered at the SFU Surrey campus. Please consult the [SFU Calendar](#) or the [SFU website](#) for more detailed information, including competitive cumulative grade point average admission requirements.

University of Victoria (UVic)

In accordance with an articulated transfer agreement between Capilano University and the University of Victoria, students who complete the Engineering Certificate program with a minimum Capilano University CGPA (cumulative grade point average) of 2.33 and no courses with a grade less than C on their Capilano University transcript, will be accepted into second year of engineering at UVic.

Capilano engineering transfer students then compete on an equal footing with all first-year students for entry into their engineering discipline of choice. Under this agreement transfer students from Capilano University will be missing credit for UVic ENGR 130 and ENGR 141 and will have to complete these courses at UVic.

The Faculty of Engineering at UVic offers programs leading to the Bachelor of Engineering (B.Eng.) degree in Biomedical, Civil, Computer, Electrical and Mechanical Engineering. UVic also offers a Bachelor of Software Engineering (B.S.Eng.). Please consult the [UVic Calendar](#) or the [UVic website](#) for more detailed information.

Admission Requirements

- BC Secondary School graduation (Grade 12) or equivalent
- Pre-calculus 12 (A), or Calculus 12 (B) and Pre-calculus 12 (B), or MATH 105 (C-), or BMTH 054 (B), or Math Placement Test (Calculus MPT); and Physics 12 (B), or PHYS 104 (C), or BPHY 054 (B); and Chemistry 12 (B), or CHEM 101 (B), or BCHM 054 (B); and English Studies 12 (C-) or English 12 (C-) or English First Peoples 12 (C-).
- Capilano English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (Academic IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.

Admission/Application Notes

General

Entry into this program is limited to the fall term and students are selected on the basis of their academic record. Students who apply to the program after April risk having their applications denied due to a lack of available spaces in the program.

Qualified candidates are notified of their acceptance into the Engineering Certificate program by mail. Acceptance begins in February, and continues through June. If you have not heard directly from us by July 1st, it indicates that your application has been reviewed and you have been placed on a waiting list or we are waiting for you to complete your document submissions. Depending on the number of applicants who accept or decline, additional offers will be made in late July and early August. Students have a fixed deadline after the date of their acceptance letter to reply and submit a non-refundable deposit, to ensure a seat in the program.

Note

- Students with less than 73% in English Studies 12 or English 12 or English First Peoples 12 will be required to write the English Diagnostic Test (EDT) or Language Proficiency Index (LPI) prior to registering in an English course.
- Admission is competitive, so meeting the minimum requirements does not guarantee admission.

Admission from Secondary School

Please see the program admission requirements. High school students are encouraged to graduate with Calculus 12 and at least one tech course if they intend to pursue an engineering program.

Admission from Post-Secondary

Please see the program admission requirements. Students who have already completed some of the required courses in this program may have to repeat these courses, if accepted into the program. Students are encouraged to speak with the Engineering Convenor before applying to discuss if the program is right for them.

Engineering Certificate

Intakes:	Campus	Terms	Full/Part Time
	North Vancouver	Fall	Full-Time

Continuation Requirement: For continuation in the Engineering Certificate program, the student must normally satisfy all of the following requirements: complete MATH 116 by the end of the First Term of the program; maintain a minimum CGPA of 1.8; be able to complete all program requirements within one academic year.

Graduation Requirement: To be eligible for graduation, all program requirements must normally be completed within one academic year.

First Term		Course Credits	Required Credits
<i>Required:</i>			23.00
APSC 120	Introduction to Engineering	1.00	
APSC 130	Technical Drafting and Computer-Aided Design	3.00	
CHEM 154	Chemical Principles for Engineers	4.00	
COMP 120	Computer Science for Engineers	4.00	
ENGL 100	University Writing Strategies	3.00	
MATH 116	Calculus I - The Mathematics of Change	4.00	
PHYS 114	Fundamental Physics I	4.00	
Credits			23.00

Second Term		Course Credits	Required Credits
<i>Required:</i>			17.00
APSC 120	Introduction to Engineering	Continued	
APSC 140	Engineering Design	3.00	
MATH 126	Calculus II	3.00	
MATH 152	Linear Algebra and Differential Equations	4.00	
PHYS 115	Fundamental Physics II	4.00	
PHYS 116	Fundamental Physics III	3.00	
<i>Choose 3.00 credits of electives:</i>			3.00
Arts Elective 100-level or higher		3.00	
Credits			20.00
Total Program Credits			43.00

Engineering Transition Program

Capilano's Engineering Transition Diploma program provides students a pathway to obtain an applied science degree, en route to becoming professional engineers. The program also caters to recent high school graduates who lack the pre-requisites for entry into a traditional engineering program. Successful completion of the Engineering Transition Diploma program ensures students who transfer to an engineering degree program at another institution in British Columbia typically require only three additional years of study to complete their degree requirements.

University Transfer

University of British Columbia-Vancouver (UBC-V)

The Engineering Transition Diploma program at Capilano University was developed and optimized for transfer to UBC-V. According to an agreement between Capilano University and UBC-V, Capilano University graduates will be accepted into second-year engineering at UBC-V if they meet the following criteria:

- Successful completion of the Engineering Transition Diploma within two consecutive academic years
- Meet a minimum cumulative grade point average (CGPA) established by UBC-V (currently 3.1)

Capilano engineering transfer students then compete on an equal footing with all accepted second-year engineering students for entry into their engineering discipline of choice.

The Faculty of Applied Science at UBC-V offers programs leading to the Bachelor of Applied Science (B.A.Sc.) degree in the following areas of engineering: Biomedical, Chemical, Chemical & Biological, Civil, Computer, Electrical, Environmental, Geological, Integrated, Manufacturing, Materials, Mechanical, Mining, and Engineering Physics. See the [UBC-V Calendar](#) or the [UBC-V web site](#) for more detailed information about the different programs.

Please consult the [UBC-V Engineering Transfer program website](#) for the most up-to-date information on transfer agreements.

University of British Columbia-Okanagan (UBC-O)

According to an agreement between Capilano University and UBC-O, Capilano University graduates will be accepted into second-year engineering at UBC-O if they meet the following criteria:

- Successful completion of the Engineering Transition Diploma within two consecutive academic years

- Meet a minimum cumulative grade point average (CGPA) established by UBC-O (currently 2.8)

Capilano engineering transfer students then compete on an equal footing with all accepted second-year engineering students for entry into their engineering discipline of choice.

The Faculty of Applied Science at UBC-O offers programs leading to the Bachelor of Applied Science (B.A.Sc.) degree in Civil, Electrical, Manufacturing, and Mechanical Engineering. See the [UBC-O Calendar](#) or the [UBC-O web site](#) for more detailed information about the different programs.

Please consult the [UBC-O Engineering Transfer program website](#) for the most up-to-date information on transfer agreements.

Simon Fraser University (SFU)

Students who complete the Engineering Transition Diploma program will be considered for admission to second-year engineering at SFU. The School of Engineering Science at SFU offers four-year programs leading to a Bachelor of Applied Science (B.A.Sc.) degree in Biomedical, Computer, Electronics, Systems Engineering, Engineering Physics, as well as a minor in Computer and Electronics Design. A Mechatronics Systems Engineering option is also offered at the SFU Surrey campus. Please consult the [SFU Calendar](#) or the [SFU website](#) for more detailed information, including competitive cumulative grade point average admission requirements.

University of Victoria (UVic)

In accordance with an articulated transfer agreement between Capilano University and the University of Victoria, students who complete the Engineering Transition Diploma program with a minimum Capilano University CGPA (cumulative grade point average) of 2.33 and no courses with a grade less than C on their Capilano University transcript, will be accepted into second year of engineering at UVic.

Capilano engineering transfer students then compete on an equal footing with all first-year students for entry into their engineering discipline of choice. Under this agreement transfer students from Capilano University will be missing credit for UVic ENGR 130 and ENGR 141 and will have to complete these courses at UVic.

The Faculty of Engineering at UVic offers programs leading to the Bachelor of Engineering (B.Eng.) degree in Biomedical, Civil, Computer, Electrical and Mechanical Engineering. UVic also offers a Bachelor of Software Engineering (B.S.Eng.). Please consult the [UVic Calendar](#) or the [UVic website](#) for more detailed information.

Admission Requirements

- BC Secondary School graduation (Grade 12) or equivalent
- A minimum grade of C+ in Pre-calculus 12, or a minimum grade of A in Pre-calculus 11, or a minimum grade of C- in MATH 097, or a minimum grade of B in BMTH 044, or Math Placement Test (Pre-calculus MPT or Calculus MPT); and successful completion of Chemistry 11 or BCHM 044; and successful completion of either English Studies 12 or English 12 or English First Peoples 12.
- Capilano English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (Academic IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.

Admission/Application Notes

General

Entry to the program is limited to the fall term and students are selected on the basis of their academic merits and any relevant work experience. Students who apply to the program after April risk having their applications denied due to a lack of available spaces in the program.

Qualified candidates are notified of their acceptance into the Engineering Transition Program by mail. Acceptance begins in February, and continues through June. If you have not heard directly from us by July 1st, it indicates that your application has been reviewed and you have been placed on a waiting list or we are waiting for you to complete your document submissions. Depending on the number of applicants who accept or decline, additional offers will be made in late July and early August. Students have a fixed deadline after the date of their acceptance letter to reply and submit a non-refundable deposit to ensure a seat in the program.

Note

- Students with less than 73% in English Studies 12 or English 12 or English First Peoples 12 will be required to write the EDT (English Diagnostic Test) or LPI (Language Proficiency Index) prior to registering in an English course.
- Admission into the Engineering Transition program is competitive, so meeting the minimum requirements does not guarantee admission.

Admission from Secondary School

Please see the program admission requirements. Preference will be given to students who possess strong Math skills (grade B or higher) and good grades in Chemistry 11 and Physics 11. High school students are also encouraged to graduate with at least one tech course if they intend to study engineering.

Admission from Post-Secondary

Please see the program admission requirements. Students who have already completed some of the required courses in this program may have to repeat these courses, if accepted into the program. Students are encouraged to speak with the Engineering Convenor before applying to discuss if the program is right for them.

Engineering Transition Diploma

Intakes:	Campus	Terms	Full/Part Time
	North Vancouver	Fall	Full-Time

Continuation Requirement: For continuation in the Engineering Transition program the student must normally satisfy all of the following requirements: complete the prerequisite for MATH 116 in the First Term; complete the prerequisite for MATH 126 prior to the start of the Third Term; maintain a minimum CGPA of 1.8; be able to complete all program requirements within two consecutive academic years (First Term to Fourth Term).

Graduation Requirement: To be eligible for graduation, all program requirements must normally be completed within two consecutive academic years.

First Term		Course Credits	Required Credits
Required:			15.00
CHEM 101	Fundamentals of Chemistry	4.00	

First Term		Course Credits	Required Credits
ENGL 100	University Writing Strategies	3.00	
MATH 105	Precalculus Mathematics - Modelling Our World	4.00	
PHYS 104	Principles of Physics	4.00	
Credits			15.00
Second Term		Course Credits	Required Credits
<i>Required:</i>			15.00
APSC 130	Technical Drafting and Computer-Aided Design	3.00	
COMP 120	Computer Science for Engineers	4.00	
MATH 116	Calculus I - The Mathematics of Change	4.00	
PHYS 114	Fundamental Physics I	4.00	
<i>Choose 4.00 credits from the following list:</i>			4.00
Students choosing CHEM 110 must also take CHEM 111 in order to satisfy the chemistry requirements for this program. CHEM 111 should be taken in the summer between the second and third terms for an additional 4.00 credits towards this credential (68.00 credits total).			
CHEM 110	Bonding and Structure	4.00	
CHEM 154	Chemical Principles for Engineers	4.00	
Credits			19.00
Third Term		Course Credits	Required Credits
<i>Required:</i>			18.00
APSC 120	Introduction to Engineering	1.00	
APSC 140	Engineering Design	3.00	
MATH 126	Calculus II	3.00	
MATH 152	Linear Algebra and Differential Equations	4.00	
PHYS 115	Fundamental Physics II	4.00	
PHYS 116	Fundamental Physics III	3.00	
Credits			18.00
Fourth Term		Course Credits	Required Credits
<i>Required:</i>			6.00
APSC 120	Introduction to Engineering	Continued	
CMNS 250	Introduction to Technical Writing	3.00	
Arts Elective 100-level or higher		3.00	
<i>Choose 9.00 credits from the following list:</i>			9.00
Any 200-level BIOL, COMP, CHEM, MATH, PHYS, or STAT course offered by the School of STEM will satisfy the science requirement.			
100-level or higher elective		3.00	
Arts Elective 100-level or higher		3.00	
Science 200-level		3.00	
Science 200-level		3.00	
Credits			15.00

Fourth Term	Course Credits	Required Credits
Total Program Credits		67.00

Faculty

L. LAJEUNESSE	BMath (Hons)(Waterloo), MSc (Carlton), Co-Convenor of Engineering
W. LI	BASc (UBC), MASc (UBC), PhD (UBC), Co-Convenor of Engineering
M. WLODYKA	BASc (UBC), MASc (UBC), P.Eng, Co-Convenor of Engineering

Selected Faculty from School of Science, Technology, Engineering & Mathematics (STEM).

MATHEMATICS AND STATISTICS

General Information

Patience, problem solving, critical thinking and discipline - these are among the skills that improve when you learn mathematics. Studying mathematics opens doors and benefits future scientists, doctors, teachers, lawyers, sociologists, criminologists and many more. The Mathematics and Statistics department offers first and second-year courses in mathematics and statistics as well as preparatory courses. For more information, see [Associate Degrees](#) in Arts and Sciences: General Information or the [Math](#) website

Entry Courses

For the prerequisite requirements for each of the following entry courses check the [Mathematics Placement Test](#) (MPT) section and the individual course listing.

1. Preparatory

MATH 097 is a course designed for students who need to improve their algebraic skills in order to prepare for a precalculus course or a course that requires algebraic skills. It serves as a prerequisite for STAT 101 (Introduction to Statistics), Math 105 (Precalculus Mathematics) and MATH 190 (Mathematics for Elementary Teachers).

2. Contemporary Mathematics

MATH 123 is a course designed for students who wish to improve their critical thinking, numeracy and quantitative skills. It serves as a prerequisite for STAT 101 (Introduction to Statistics) and MATH 190 (Mathematics for Elementary Teachers).

3. Precalculus

MATH 105 is a precalculus course designed to prepare students to take calculus. Although MATH 105 is recognized by post-secondary institutions as an equivalent course to Pre-calculus12 taken in high school, it is common for students having taken this high school math course to take MATH 105 in preparation for calculus.

4. Calculus I

MATH 108 is a calculus course designed primarily for students planning to pursue a business or life science program, whereas MATH 116 is oriented to the sciences. Students in programs which require a full year (two terms) of calculus should take MATH 116 followed by MATH 126.

5. Introductory Statistics

STAT 101 is an introductory statistics course designed primarily for non-science students wanting to fulfil a science or math elective requirement.

6. Mathematics for Elementary Teachers

MATH 190 is a course designed for future elementary school teachers. This course is required by elementary education programs in BC. This course is not normally available for credit to students in science programs.

Math Placement Tests (MPT)

The Mathematics and Statistics Department offers placement tests for students who lack the prerequisites listed in the Prerequisite Table for entry courses. For each placement test there is a study guide which provides suggested review material and lists the scheduled test dates. With the exception of the placement test for admission into MATH 097 students are not allowed to rewrite the same level of placement test within a twelve month period. The waiting period to rewrite the placement test for entry into MATH 097 is one month or longer. For more information please contact the Advising Centre or the School of Science, Technology, Engineering & Mathematics (STEM), or visit the [Mathematics & Statistics](#) department website.

Students wanting to enrol in an entry level course listed in the table must write a placement test if they do not satisfy the prerequisite requirements for the course. Students with prerequisites that are more than twelve months old are strongly advised to write the MPT and to follow its placement recommendation.

Table 1. Prerequisite Table for Entry Courses

	Minimum Grade Requirement - Any One of the Courses Listed							
Capilano Math Course	Pre-calc 11	Pre-calc 12	Found. 11 or 12 or BMTH 048 or MATH 123	BMTH 043	BMTH 044	BMTH 054	MATH 097	MATH 105
MATH 097	C+	C			C			
STAT 101	C		C	C+	C-		D	
MATH 105	A	C+			B		C-	
MATH 108		B				C+		C-
MATH 116		A ¹				B		C-
MATH 190	C		C	B	C+		D	

¹ or at least a "B" grade in both Pre-calculus 12 and Calculus 12

Specific Program Requirements

Students should use the following three sections as guidelines for selecting math courses at the first-year level. Due to the specialized needs of some programs, the Mathematics and Statistics department advises students to consult an advisor or math instructor for appropriate course selection.

1. Science and Engineering

Students planning to pursue science or science related programs are required to take MATH 116 and MATH 126. Engineering students should consult the Engineering section in the Calendar. Common first year courses for science students are:

- MATH 116/126
- PHYS 114/115
- CHEM 110/111
- ENGL (6 credits)

2. Arts, Social Science

To fulfil a one-year science elective requirement non-science students typically take STAT 101 or MATH 190, although any of the precalculus/calculus combinations also meet this requirement.

3. Business, Economics

Students planning to pursue a business or economics program may wish to take MATH 108 (and MATH 105 if the prerequisite requirements for MATH 108 are not met).

Graphing Calculator

Several Mathematics and Statistics courses require a graphing calculator. Up-to-date listings and specific recommendations on make and model can be found [online](#).

Transfer Credit

Math courses at Capilano carry transfer credit to other BC post-secondary institutions. Please refer to the online B.C. Transfer Guide at www.bctransferguide.ca for transferability to other B.C. institutions.

The Mathematics Learning Centre

The Math Learning Centre (MLC) provides individual assistance with mathematical or statistical problems related to any course at the University. The MLC is staffed by faculty from the Department of Mathematics and Statistics. The instructor schedule is posted outside the MLC and on the [MLC website](#). Mathematics assistance is also available at the Kéxwusm-áyakn (First Nations) Student Centre.

Admission Requirements for the Arts and Sciences Program

- British Columbia Secondary School Graduation (Grade 12) or equivalent
- A minimum grade point average (GPA) of 2.0 (60%) calculated on English Studies 12 or English 12 or English First Peoples 12 and two academic Grade 12 courses. Please see the [Admission section](#) of this calendar for a complete list of courses.
- English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (IELTS)=6.5 overall, and no one score less than 6,

or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.

Mathematics and Statistics (MATH) Courses

MATH 097	Intermediate Algebra
MATH 102	Statistical Methods
MATH 105	Precalculus Mathematics - Modelling Our World
MATH 108	Calculus I for Business, Social Sciences and Life Sciences
MATH 109	Calculus II for Business, Social Sciences and Life Sciences
MATH 116	Calculus I - The Mathematics of Change
MATH 123	Contemporary Mathematics
MATH 124	Discrete Mathematics I
MATH 126	Calculus II
MATH 139	The Mathematics of Visual Art
MATH 152	Linear Algebra and Differential Equations
MATH 190	Mathematics for Elementary Teachers
MATH 200	Linear Algebra
MATH 204	Probability and Statistics for Applications
MATH 215	Introduction to Analysis
MATH 224	Discrete Mathematics II
MATH 230	Calculus III
MATH 231	Calculus IV
MATH 235	Introduction to Differential Equations
MATH 300	Mathematics and Creative Arts
MATH 330	Mathematical Modelling
MATH 335	Discovering Mathematics
MATH 336	Applied Graph Theory and Optimization
MATH 400	Introduction to Machine Learning

Statistics (STAT) Courses

STAT 101	Introduction to Statistics
STAT 205	Introduction to Probability and Statistics
STAT 301	Data Analysis in Action
STAT 305	Introduction to Data Science
STAT 310	Design and Analysis of Experiments

PHYSICS

General Information

Physics involves the study of matter, energy, space and time over a range of scales from sub-atomic to astronomical. All first-year physics courses except PHYS 116 include a weekly two-hour laboratory period. The cost of labs is included in the course tuition fee except for lab manuals. For more information, please see the [Physics](#) website.

Transfer Credit

Physics courses at Capilano carry transfer credit to other B.C post-secondary institutions. Please refer to the online B.C. Transfer Guide at www.bctransferguide.ca for further information.

Students with Physics 12 planning to transfer to UBC should take PHYS 114 or PHYS 114 and 115, depending on their plans. Consult the UBC Calendar for specific program requirements.

Admission Requirements for the Arts and Sciences Program

- British Columbia Secondary School Graduation (Grade 12) or equivalent
- A minimum grade point average (GPA) of 2.0 (60%) calculated on English Studies 12 or English 12 or English First Peoples 12 and two academic Grade 12 courses. Please see the [Admission section](#) of this calendar for a complete list of courses.
- English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.

Physics (PHYS) Courses

PHYS 104	Principles of Physics
PHYS 110	General Physics I
PHYS 111	General Physics II

PHYS 112	Introductory Physics for the Life Sciences I
PHYS 113	Introductory Physics for the Life Sciences II
PHYS 114	Fundamental Physics I
PHYS 115	Fundamental Physics II
PHYS 116	Fundamental Physics III
PHYS 200	Thermal Physics and Waves
PHYS 201	Electricity and Magnetism
PHYS 203	Fluid Mechanics I - The Physics of Flow
PHYS 210	Physics Laboratory I
PHYS 211	Physics Laboratory II
PHYS 218	Computational Physics
PHYS 222	Mechanics
PHYS 300	Environmental Thermodynamics
PHYS 310	Environmental Physics Lab

Recommended Sequence for potential Physics majors

FIRST YEAR

- PHYS 114/115 Students not qualified to take PHYS 114 should first take PHYS 104
- CHEM 110/111
- MATH 116/126
- ENGL (six credits)
- Non-science Elective or Geology, Biology or Computing Science (six credits)

Students interested in honours physics should consult Physics instructors.

SCIENCE

General Information

An understanding of the science involved in various activities in our lives enriches our appreciation of them. This upper-level SCI course, which assumes no previous science background, is directed to students pursuing Bachelors degrees in non-Science areas, and is suitable for meeting the Science requirements of these programs.

Admission Requirements

Admission Requirements for the Arts and Sciences Program

- British Columbia Secondary School Graduation (Grade 12) or equivalent
- A minimum grade point average (GPA) of 2.0 (60%) calculated on English Studies 12 or English 12 or English First Peoples 12 and two academic Grade 12 courses. Please see the [Admission section](#) of this calendar for a complete list of courses.
- English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.

Science (SCI) Courses

SCI 100	Explorations in Science
SCI 369	Revolutions and Revolutionary Thinking in Science
SCI 400	Research Project
SCI 410	The Science of Sound and Light

School of Social Sciences

GENERAL INFORMATION

Studies in the Social Sciences enable you to explore and understand the dynamic relationships between and among people and societies. At Capilano, this may include hands-on activities such as conducting original research or going on field trips to see particular elements of human society in action.

APPLIED BEHAVIOUR ANALYSIS PROGRAMS

General Information

The Applied Behaviour Analysis - Autism (ABA-A) programs at Capilano offer a number of options for individuals who are interested in this field:

- **Bachelor of Arts Degree - Applied Behaviour Analysis (Autism).** Students who enroll in this ABA program on a full-time or part-time basis may earn a Bachelor's degree. This degree, with its coursework and practicum experiences, will enable a graduate of the program to be eligible to write the Behavior Analyst Certification Board® exam and become a Board Certified Assistant Behavior Analyst (BCaBA).
- **Applied Behaviour Analysis (Autism) Post Baccalaureate Certificate.** If you have an existing degree in the Arts and Sciences, you may qualify for admission to the post baccalaureate certificate, which can be completed on a full-time or part-time basis. This program is designed specifically for students with existing Bachelor's degrees who only need the verified course sequence required to become a Board Certified Assistant Behavior Analyst (BCaBA). Certificate students must independently obtain their own supervised fieldwork (e.g., through their existing paid employment), in order to meet the experiential requirements for BCaBA exam eligibility. This program can be completed on campus or online.
- **Applied Behaviour Analysis (Autism) Post Baccalaureate Diploma.** If you have an existing degree in the Arts or Sciences, you may qualify for admission to the post baccalaureate diploma, which can also be completed on a full-time or part-time basis. This credential, with its coursework and practicum experiences, will also enable a graduate of the program to be eligible to write the Behavior Analyst Certification Board® exam and become a Board Certified Assistant Behavior Analyst (BCaBA). This program can be completed on campus or online.
- **ABA and Autism Courses.** It is possible to take just a few of the courses offered in the program based on interest and/or need. These university credit courses are extremely helpful to classroom teachers, learning support and resource teachers, education assistants (EAs), early childhood educators, music therapists, current behaviour interventionists and parents. For ABA courses within the ABA program that have been approved by the Teacher Qualification Service (TQS), please contact the ABA Coordinator or the TQS office (www.tqs.bc.ca).

- **Continuing Education Credits Units (CEU's).** Current Board Certified Behavior Analysts (BCBAs) and Board Certified Assistant Behavior Analysts (BCaBAs) are able to earn Type 1 Continuing Education (CE) credits by taking Capilano ABA courses.
- **BCBA and BCaBA Exam Preparation.** For those preparing to write their BCBA or BCaBA certification exams, we offer an advanced course, ABA 443 Advanced Topics in ABA, which offers excellent exam preparation opportunities.

Bachelor of Arts in Applied Behaviour Analysis (Autism)

General Information

Applied Behaviour Analysis - Autism is a unique degree program in British Columbia that has tremendous potential to improve the lives of families who are currently struggling to find competent professionals in the field of behaviour analysis. At present it is estimated that 1 in 59 children meet the criteria for Autism Spectrum Disorder and applied behaviour analysis is the only scientifically validated treatment that has been shown to be effective. Graduates of the program will have the requirements towards eligibility to write the BACB exam to become Board Certified Assistant Behavior Analysts™ and work under the supervision of Board Certified Behavior Analysts™.

For more information, please see [Bachelor of Arts Degree - Applied Behaviour Analysis \(Autism\)](#)

Admission Requirements

- BC Secondary School graduation (Grade 12) or equivalent
- A minimum grade point average of 2.0 (60%) calculated on English Studies 12 or English 12 or English First Peoples 12 and two academic Grade 12 courses.
- Capilano English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (Academic IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.
- Students who have completed 30 credits or a 30-credit credential may be considered for admission into year two of the program but must complete ABA 100, 101, 200 and 201. Students who have completed an Associate of Arts or Science, 60 credits, or a 60-credit credential plus documentation of at least 300 hours of BCBA-supervised ABA experience may be considered for admission into year three of the program and will be deemed to have met the requirements of ABA 100, 101, 200 and 201.

Applied Behaviour Analysis (Autism) Post Baccalaureate Certificate

General Information

The Post-Baccalaureate Certificate allows students with an existing Bachelor's degree to obtain the required course work to qualify for the Board Certified Assistant Behavior Analyst (BCaBA) exam. Certificate students must independently obtain their own supervised fieldwork (e.g., through their existing paid employment), in order to meet the experiential requirements for BCaBA exam eligibility. Under the supervision of Board Certified Behavior Analysts, BCaBA certified graduates are qualified to work in a variety of agency- or home-based teams to provide services to children and youth diagnosed with autism spectrum disorder. Please note that this program does not qualify for government student loan funding.

Admission Requirements

- Completion of a Bachelor's degree.
- Capilano English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (Academic IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.

Applied Behaviour Analysis (Autism) Post Baccalaureate Diploma

General Information

The Applied Behavior Analysis - Autism post-baccalaureate program allows students with an existing Bachelor's degree to obtain the necessary coursework and practicum experience to qualify for the Board Certified Assistant Behavior Analyst™ (BCaBA) exam. Under the supervision of Board Certified Behavior Analysts™, BCaBA certified graduates are qualified to work in a variety of agency or home-based teams to

provide services to children and youth diagnosed with autism spectrum disorder. Please note that this program does not qualify for government student loan funding.

Admission Requirements

- Completion of a recognized Bachelor's degree in Arts or Sciences
- Capilano English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (Academic IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.
- Interview
- One letter of reference. One page letter of interest. It will be necessary to provide documentation of a minimum of 300 hours of experience as a Behaviour Interventionist prior to the September start of the program. Please contact the ABA-A program coordinator for assistance in obtaining work/volunteer experience.

Admission Notes

The Applied Behaviour Analysis (Autism) Post Baccalaureate Diploma is not designed for students who have completed the Bachelor of Arts Degree - Applied Behaviour Analysis (Autism) program as this is a duplication of coursework.

Application Deadlines

Applications to the program should be completed by the end of April. Successful short-listed candidates will then be contacted in the month of May. If seats remain in the program, applications will be accepted on an ongoing basis. The start date for the diploma program is yearly in September.

How to Apply

[Apply for Admission/Readmission](#) online. Supporting documents should be submitted to:

Registrar's Office Capilano University
2055 Purcell Way, North Vancouver, B.C.
V7J 3H5
Phone: 604.984.4900
Fax: 604.984.1798

Application Notes

The letter of interest and reference letter are to be submitted directly to the ABA Program Coordinator, Miriam Elfert (miriamelfert@capilanou.ca).

Fees and Expenses

Please see the [Fees & Finances](#) section of the Capilano website. Financial aid is available to eligible students for eligible programs. For more information, please see [Financial Aid & Awards](#).

ANTHROPOLOGY

General Information

Anthropology is the study of humankind, offering views on the human condition from evolutionary and comparative perspectives. By developing an understanding and appreciation of cultural and biological diversity, courses in anthropology should be beneficial to all students. Students who have career aspirations as anthropologists may find work in teaching, research, or museum studies. They may also work as consultants to governments, corporations, and First Nations groups or Indigenous organizations.

Major branches of anthropology are social anthropology, archaeology, and biological anthropology.

For more information, please see the [Anthropology](#) website.

Transfer Credit

Please refer to the online B.C. Transfer Guide at www.bctransferguide.ca for transferability of Anthropology courses to other BC institutions.

Admission Requirements for the Arts and Sciences Program

- British Columbia Secondary School Graduation (Grade 12) or equivalent
- A minimum grade point average (GPA) of 2.0 (60%) calculated on English Studies 12 or English 12 or English First Peoples 12 and two academic Grade 12 courses. Please see the [Admission section](#) of this calendar for a complete list of courses.
- English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.

CRIMINOLOGY

General Information

Criminology is the study of all aspects of crime from an interdisciplinary and integrative approach. The goal of criminology is to reveal the complexities of criminal behaviour and society's reaction to crime. Criminology also offers both theoretical and practical knowledge of the Canadian criminal justice system.

For more information, please see the [Criminology](#) website.

Admission Requirements for the Arts and Sciences Program

- British Columbia Secondary School Graduation (Grade 12) or equivalent
- A minimum grade point average (GPA) of 2.0 (60%) calculated on English Studies 12 or English 12 or English First Peoples 12 and two academic Grade 12 courses. Please see the [Admission section](#) of this calendar for a complete list of courses.
- English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.

ECONOMICS

General Information

Economics studies the material well-being of societies and examines the mobilization and allocation of scarce resources for the purpose of production and consumption.

Students who plan to major in economics must complete ECON 111 and 112 before proceeding to second year courses at Capilano or other universities. Students transferring to other institutions should refer to the BC Transfer Guide at www.bctransferguide.ca.

For more information, please see the [Economics](#) website.

Transfer Credit

Please refer to the online BC Transfer Guide at www.bctransferguide.ca for transferability to other B.C. institutions.

Admission Requirements for the Arts and Sciences Program

- British Columbia Secondary School Graduation (Grade 12) or equivalent
- A minimum grade point average (GPA) of 2.0 (60%) calculated on English Studies 12 or English 12 or English First Peoples 12 and two academic Grade 12 courses. Please see the [Admission section](#) of this calendar for a complete list of courses.

GEOGRAPHY

General Information

Geography courses are offered for students who are interested in pursuing a career in geography as well as for those students desiring both Arts and Science electives, or for those who wish to have a better understanding of cultural and physical landscapes. The study of geography opens the doors to a wide variety of fields including: teaching, urban planning, forestry, resource management, tourism, recreation, economic consulting, mining, fisheries, geographic information systems, meteorology, and map making. The focus of geography is on the environment in which we live. These courses in geography will provide a whole new perspective on the world.

For more information, please see the [Geography](#) website.

Transfer Credit

Most geography courses at Capilano transfer to SFU, UBC, UNBC, and UVic. Please refer to the online B.C. Transfer Guide at www.bctransferguide.ca for further information.

Admission Requirements for the Arts and Sciences Program

- British Columbia Secondary School Graduation (Grade 12) or equivalent
- A minimum grade point average (GPA) of 2.0 (60%) calculated on English Studies 12 or English 12 or English First Peoples 12 and two academic Grade 12 courses. Please see the [Admission section](#) of this calendar for a complete list of courses.

POLITICAL SCIENCE

General Information

Political Science courses assist students in preparation for careers in journalism, law, business management, international banking, market research, arbitration, urban and regional planning, the foreign service, consulting, labour negotiations, international development, and education. Those hoping to bring about change in their own communities in areas such as health, education and the environment, choose politics as their vocation. That's because political science is concerned with power — what it is and who gets it, how it is used and how it is abused. Along with understanding power and the role it plays locally, nationally, and internationally, political science students graduate with excellent research skills and effective oral and written communication skills — all very much in demand in the new global economy.

For more information, please see the [Political Science](#) website.

Transfer Credit

All Political Science courses at Capilano are transferable to SFU, UBC, UNBC, and UVic. Please refer to the online B.C. Transfer Guide at www.bctransferguide.ca for further information.

Admission Requirements for the Arts and Sciences Program

- British Columbia Secondary School Graduation (Grade 12) or equivalent
- A minimum grade point average (GPA) of 2.0 (60%) calculated on English Studies 12 or English 12 or English First Peoples 12 and two academic Grade 12 courses. Please see the [Admission section](#) of this calendar for a complete list of courses.
- English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.

PSYCHOLOGY

General Information

Psychology courses teach students theory and research findings that can help them to understand themselves and others. Students can apply what they learn about parenting, interpersonal skills, problem solving, stress management and emotional intelligence to their lives and their work. Psychology courses also help students think critically about social issues and the claims of pop psychology. Courses in psychology are required for careers in many occupations including teaching, child-care, health care, and business.

As some of our second year courses are offered only once a year, students who wish to obtain an Associate of Arts degree or to major in psychology should be aware of the various first and second year course requirements for the Associate of Arts Degree - Psychology, or at SFU, UBC, or other transfer institutions, so they can take the courses they need for entry into third year at other universities.

Talk to any of our faculty about career options, our course offerings, and/or transferability, or see the [Psychology](#) website for further information.

Transfer Credit

Psychology courses at Capilano transfer to a number of institutions including SFU, UBC, UNBC, and UVic. Please refer to the online B.C. Transfer Guide at www.bctransferguide.ca for further information.

Admission Requirements for the Arts and Sciences Program

- British Columbia Secondary School Graduation (Grade 12) or equivalent
- A minimum grade point average (GPA) of 2.0 (60%) calculated on English Studies 12 or English 12 or English First Peoples 12 and two academic Grade 12 courses. Please see the [Admission section](#) of this calendar for a complete list of courses.
- English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.

Associate of Arts Degree - Psychology

The Associate of Arts Degree - Psychology is a two-year academic credential that provides students with a strong foundation in psychology and experience in a broad range of course offerings in Arts and Sciences. The program outlined is designed to stand alone as a two year associate degree or to provide 60 transfer credits (ie first two years) towards a four year degree program.

Associate of Arts Degree - Psychology

Intakes:	Campus	Terms	Full/Part Time
	North Vancouver	Summer	Both
	North Vancouver	Fall	Both
	North Vancouver	Spring	Both

Please see Classification of Subjects for Associate Degrees in the University Calendar for clarification of Arts, Humanities, Social Science and Science electives.

SOCIOLOGY

General Information

Courses in Sociology will help the student to understand personal and global events in a relevant and meaningful way, and to cope with an increasingly complex society. Sociology challenges many of our everyday assumptions about the world and emphasizes a critical approach towards our most important institutions. A major in Sociology can lead to work in many areas, including: teaching, social work, criminal justice, criminology, industrial sociology, communications, journalism and other media jobs, demography, urban planning, international development, and government research.

For more information, please see the [Sociology](#) website.

University Transfer Credit

Sociology courses at Capilano are transferable to SFU, UBC, UNBC and UVic. Please refer to the online B.C. Transfer Guide at www.bctransferguide.ca for further information.

Admission Requirements for the Arts and Sciences Program

- British Columbia Secondary School Graduation (Grade 12) or equivalent
- A minimum grade point average (GPA) of 2.0 (60%) calculated on English Studies 12 or English 12 or English First Peoples 12 and two academic Grade 12 courses. Please see the [Admission section](#) of this calendar for a complete list of courses.
- English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.

WOMEN'S & GENDER STUDIES

General Information

The Women's & Gender Studies department consists of a variety of arts and sciences, university credit and credit-free courses. These interdisciplinary courses are taught from a feminist perspective in such areas as psychology, history, anthropology, religion, geography, health, law, politics, art history, sociology, cultural studies and literature.

In addition to the Women's & Gender Studies courses, there are career and arts and sciences courses in other disciplines of special interest to women.

For more information, please see the Women's & Gender Studies website.

Transfer Credit

Students who wish to pursue further courses in Women's & Gender Studies are advised that UBC, SFU and UVic have further courses in this field of study. Please refer to the online B.C. Transfer Guide at www.bctransferguide.ca for further information.

Admission Requirements for the Arts and Sciences Program

- British Columbia Secondary School Graduation (Grade 12) or equivalent
- A minimum grade point average (GPA) of 2.0 (60%) calculated on English Studies 12 or English 12 or English First Peoples 12 and two academic Grade 12 courses. Please see the [Admission section](#) of this calendar for a complete list of courses.
- English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.

Women's and Gender Studies (WGST) Courses

Institute of Interdisciplinary Studies

GENERAL INFORMATION

The Institute of Interdisciplinary Studies provides students with the opportunity to pursue degrees that cross traditional disciplinary boundaries. Through programs like the Bachelor of Arts with a Major in Interdisciplinary Studies students can design their own degree using courses chosen from across the Faculty of Arts and Science, and the university overall. In addition to unique interdisciplinary programs, the Institute supports interdisciplinary discussion series, visiting associates, and the development of new interdisciplinary initiatives on campus.

INTERDISCIPLINARY STUDIES

General Information

The Bachelor of Arts with a Major in Interdisciplinary Studies is an interdisciplinary undergraduate degree in the liberal arts tradition. Students acquire foundational knowledge and utilize the critical approaches and research methods central to the fields of study associated with the Humanities, Social Sciences, and Sciences.

Capilano University offers both an individualized major and minor in Interdisciplinary Studies. Please see below for program details.

Interdisciplinary Studies Major

The Bachelor of Arts with a Major in Interdisciplinary Studies is an interdisciplinary degree that builds upon foundational knowledge acquired within the Faculty of Arts and Sciences. Lower- and upper-level coursework in combination with undergraduate research opportunities enable Interdisciplinary Studies students to succeed in their current studies, chosen careers, and the lifelong pursuit of knowledge, while contributing as responsible citizens in a rapidly changing world.

Students who complete a Bachelor of Arts with a Major in Interdisciplinary Studies develop an individualized course of study grounded in their academic and professional interests. Interdisciplinary Studies graduates pursue diverse careers in fields requiring strong writing, research, and problem-solving skills as well as embarking upon professional and graduate-level degrees in fields as varied as architecture, counselling psychology, education, information sciences, law, and social work.

For more information, please see [Bachelor of Arts with Major in Interdisciplinary Studies](#).

Admission

Students pursuing a major in Interdisciplinary Studies must be admitted to the Faculty of Arts and Sciences.

Declaration

Students intending to graduate with a major in Interdisciplinary Studies must meet the Faculty of Arts and Sciences admission standards and notify the Registrar's Office of their intention to declare the major prior to application for graduation.

Curricular Requirements

During their first two years of study, Interdisciplinary Studies students acquire foundational knowledge and utilize the critical approaches and research methods central to the fields of study associated with the Humanities, Social Sciences, and Sciences.

Students take required Interdisciplinary Studies (INTS) core courses and elective courses in the Schools of Humanities; Science, Technology, Engineering & Mathematics (STEM); and Social Sciences. This academic foundation prepares Interdisciplinary Studies students for the sustained inquiries and focused research projects central to their upper-level coursework.

Students pursuing a Bachelor of Arts with a Major in Interdisciplinary Studies must complete all of the program requirements as listed in the [program profile](#).

Credential Awarded

Upon successful completion of the major program, students are eligible to receive a **Bachelor of Arts with a Major in Interdisciplinary Studies**.

Transferring in From Other Programs or Institutions

Students transferring from other institutions within British Columbia can see in advance which courses transfer directly using the [BC Transfer Guide](#). Courses that do not transfer directly can receive credit if students submit a detailed course outline to the Registrar's Office. The same is true for those courses that are taken out of province. The Bachelor of Arts with a Major in Interdisciplinary Studies allows for over 30 credits of open elective courses at the 100 level or higher, making it easy to transfer credits in from other programs.

Who Should Apply?

New and current students may apply for admission to the Bachelor of Arts with a Major in Interdisciplinary Studies.

Capilano students originally accepted into other program areas at university who meet the Faculty of Arts and Sciences admissions standards and remain in good academic standing may also apply for admission to the Bachelor of Arts with a Major in Interdisciplinary Studies.

Admission Requirements

- BC Secondary School graduation (Grade 12) or equivalent
- A minimum grade point average of 2.0 (60%) calculated on English Studies 12 or English 12 or English First Peoples 12 and two academic Grade 12 courses.
- Capilano English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (Academic IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.

Admission/Application Notes

For Capilano University's general admissions information with respect to prospective Faculty of Arts and Sciences students from other provinces and other countries, see www.capilanou.ca/requirements

Full- and part-time degree students are admitted throughout the academic year in the Fall, Spring and Summer terms.

How To Apply

[Apply for Admission/Readmission](#) online. Supporting documents should be submitted to:

Registrar's Office Capilano University
2055 Purcell Way, North Vancouver, B.C.
V7J 3H5
Phone: 604.984.4900
Fax: 604.984.1798

Fees and Expenses

Please see the [Fees & Finances](#) section of the Capilano website. Financial aid is available to eligible students for eligible programs. For more information, please see [Financial Aid & Awards](#).

Bachelor of Arts with a Major in Interdisciplinary Studies

Intakes:	Campus	Terms	Full/Part Time
	North Vancouver	Fall	Both
	North Vancouver	Spring	Both

Students starting in their baccalaureate degree on or after Fall 2018 and graduating on or after June 2022 must meet Cap Core graduation requirements in addition to their program requirements.

Students must ensure they complete a minimum of 65 credits of 100-level or higher coursework from within the Faculty of Arts & Sciences that have been designated as Arts, Humanities or Social Sciences.

English Requirement	Course Credits	Required Credits
<i>Required:</i>		6.00
ENGL English 100-level	3.00	
ENGL 100 University Writing Strategies	3.00	
Credits		6.00

Language Requirement	Course Credits	Required Credits
<i>Required:</i>		6.00
Demonstrated competency in a language other than English. The language requirement is competency based and requires students to reach an advanced beginner level or higher in a language other than English. The language requirement can be satisfied in one of the following ways:		

1. successful completion of a Grade 12 course with a minimum B grade in an approved language other than English while in secondary school; or
2. successful completion of a secondary immersion program or secondary school at an institution at which the primary language of instruction is not English; or
3. successful completion of a post-secondary credential awarded by an institution at which the primary language of instruction is not English; or
4. successful completion of 6.00 credits of post-secondary level courses in a single language other than English; or
5. successful completion of EAP 100 or EAP 101.

Note: Students who fulfill this requirement with option 1, 2, 3, or 5 will be required to take 6.00 credits of lower level Arts and Sciences courses in place of the Language Requirement credits.

Note: EAP 100-level or higher credits can be used towards the elective requirements.

Note: Students who have completed a Grade 12 language course without meeting the minimum B grade can fulfill the Language Requirement by completing 3.00 credits of the appropriate language (CHIN 101, JAPN 101, SPAN 101 or FREN 150). Students who exercise this option will be required to take an additional 3.00 credits of lower level Arts and Sciences courses.

Credits		3.00
Total Program Credits		120.00

Interdisciplinary Studies Minor

A minor in Interdisciplinary Studies provides an opportunity for students completing applied baccalaureate degrees at Capilano University to expand their studies beyond the framework of their program. The minor builds upon the foundational knowledge acquired in the departments housed in the Faculty of Arts and Sciences. With a combination of INTS core and discipline-based courses, the minor provides students with a sustained opportunity to interrogate and participate in different ways of knowing and exploring the world around us. Completion of this credential will illustrate a student's willingness and ability to think and work with critical insight in areas beyond their primary areas of expertise and training.

For more information, refer to [Interdisciplinary Studies](#).

Admission

Students pursuing a minor in Interdisciplinary Studies must be admitted to a baccalaureate degree program at the university. Students in the Bachelor of Arts with a Major in Interdisciplinary Studies are not eligible for this minor.

Declaration

Students pursuing a minor in Interdisciplinary Studies must declare their intention prior to graduation.

Curricular Requirements

Students completing a minor in Interdisciplinary Studies take a combination of INTS core courses and general Arts and Sciences courses. The minor in Interdisciplinary Studies concludes with an upper-level project-based interdisciplinary course. At the upper level, students select courses from the following: INTS 310 - Interdisciplinary Research; INTS 335 - Grand Challenges-An Interdisciplinary Approach; INTS 345 - Reconciliation in Action; and 300-level or higher Arts and/or Sciences coursework.

Students pursuing a minor in Interdisciplinary Studies must complete both the requirements for the minor and the requirements for their major or baccalaureate degree program.

Minor in Interdisciplinary Studies

Lower Level Requirements	Course Credits	Required Credits
<i>Required:</i>		9.00
INTS 210 Approaching Knowledge	3.00	
100- or 200-level Arts and/or Sciences coursework	6.00	

Lower Level Requirements	Course Credits	Required Credits
Credits		9.00
Upper Level Requirements	Course Credits	Required Credits
Choose 3.00 credits from the following list:		3.00
INTS 335 Grand Challenges - An Interdisciplinary Approach	3.00	
INTS 345 Reconciliation in Action	3.00	
Required:		12.00
INTS 310 Interdisciplinary Research	3.00	
300-level or higher Arts and/or Sciences coursework	9.00	
Credits		15.00
Total Program Credits		24.00

Credential Awarded

Upon successful completion of the minor, the student record will indicate **Minor in Interdisciplinary Studies**.

Faculty

The Bachelor of Arts with a Major in Interdisciplinary Studies is housed within the Faculty of Arts and Sciences at Capilano University with faculty contributions being drawn from across the various disciplines.

LIBERAL STUDIES

General Information

Note: This program is no longer accepting applications. Effective Fall 2020, students should apply to the [Bachelor of Arts with a Major In Interdisciplinary Studies](#).

The Bachelor of Arts with a major in Liberal Studies is an interdisciplinary undergraduate degree in the liberal arts tradition. Students acquire foundational knowledge and utilize the critical approaches and research methods central to the fields of study associated with the Humanities, Social Sciences, and Sciences.

During their first two years of study, students take required Liberal Studies core courses and courses from the Faculty of Arts & Sciences. This academic foundation prepares Liberal Studies students for the sustained critical inquiries and focused research projects central to their upper level coursework.

In addition to their upper level coursework, all Liberal Studies students complete three one credit "exploratory" Tutorials in advance of embarking upon a three or six credit Graduating Project on a research topic of their choice. The Graduating Project functions as a capstone course in which students synthesize their learning and knowledge in an original undergraduate research and/or creative project.

The Bachelor of Arts with a major in Liberal Studies and the Minor in Liberal Studies foster the development of the focused analytical skills upon which creative cross-disciplinary problem-solving builds. A liberal arts education prepares graduates to pursue a wide range of professional, educational, and personal opportunities. Graduates have gone on to pursue careers in education, law, library and information sciences, finance, professional/graduate programs, and other related fields.

For more information, please see [Bachelor of Arts with major in Liberal Studies](#).

Bachelor of Arts with a major in Liberal Studies

Intakes:	Campus	Terms	Full/Part Time
	North Vancouver	Summer	Both

Students starting in their baccalaureate degree on or after Fall 2018 and graduating on or after June 2022 must meet Cap Core graduation requirements in addition to their program requirements.

English Requirement	Course Credits	Required Credits
<i>Required:</i>		9.00
ENGL English 100-level	3.00	
ENGL 100 University Writing Strategies	3.00	
ENGL 300 Writing, Rhetoric, Style	3.00	
Credits		9.00

Language Requirement	Course Credits	Required Credits
<i>Required:</i>		6.00

Demonstrated competency in a language other than English. The language requirement is competency based and requires students to reach an advanced beginner level or higher in a language other than English. The language requirement can be satisfied in one of the following ways:

1. successful completion of a Grade 12 course with a minimum B grade in an approved language other than English while in secondary school; or
2. successful completion of a secondary immersion program or secondary school at an institution at which the primary language of instruction is not English; or
3. successful completion of a post-secondary credential awarded by institution at which the primary language of instruction is not English; or
4. successful completion of 6.00 credits of post-secondary level courses in a single language other than English; or
5. successful completion of EAP 100 or 101, and 3.00 credits of lower level Arts and Sciences courses.

Note: Only one of EAP 100 or 101 can be used as credit towards the degree.

Note: Students who fulfill this requirement with option 1, 2 or 3 will be required to take 6.00 credits of lower level Arts and Sciences courses in place of the Language Requirement credits.

Language Requirement		Course Credits	Required Credits
Note: Students who have completed a Grade 12 language course without meeting the minimum B grade can fulfill the Language Requirement by completing 3.00 credits of the appropriate language (CHIN 101, JAPN 101, SPAN 101 or FREN 150). Students who exercise this option will be required to take an additional 3.00 credits of lower level Arts and Sciences courses.			
Credits			6.00

Note: Students who choose to complete the Extended Graduating Project will only need to complete 18.00 Upper Level Electives or 6.00 Lower or Upper Level Electives.		
Credits		3.00
Total Program Credits		120.00

Liberal Studies Minor

Note: This program is no longer accepting applications. Effective Fall 2020, students should apply to the [Bachelor of Arts with a Major In Interdisciplinary Studies](#).

A minor in Liberal Studies provides an opportunity for students completing applied baccalaureate degrees at Capilano University to expand their studies beyond the framework of their program. The minor builds upon the foundational knowledge acquired in the departments housed in the Faculty of Arts and Sciences. With a combination of LBST core and discipline-based courses, the minor provides students with a sustained opportunity to interrogate and participate in different ways of knowing and exploring the world around us. Completion of this credential will illustrate a student's willingness and ability to think and work with critical insight in areas beyond their primary areas of expertise and training.

For more information, refer to [Liberal Studies](#).

DISCUSSION SERIES

ChatLive Discussion Group

ChatLive is a series of face-to-face discussions, facilitated by a faculty member, where students discuss thought-provoking topics and current issues with other students. Students who attend a minimum of three ChatLive sessions will receive a ChatLive notation on their academic transcript.

For more information, please see the [ChatLive](#) website.

EarthWorks Events

The EarthWorks collective at Capilano University includes faculty, students, and staff from a broad range of disciplines and backgrounds. Their mandate is to bring environmental education into the curriculum across the campus through lecture series, film screenings, and both field and campus activities. This interdisciplinary platform connects students and the entire campus community to environmental issues of critical importance and to environmental stewardship opportunities.

Students who attend three lectures/films and one hands-on campus sustainability activity will receive an EarthWorks notation on their academic transcript.

For more information, please see the [EarthWorks](#) website.

Business & Professional Studies

General Information

The world of business is constantly changing, often challenging and always demanding. People with solid business skills are called to every walk of life. They play an integral role, whether they run a small business or a multinational corporation, whether they work in an office of one or a company employing thousands around the globe.

Law offices, professional sports teams, humanitarian organizations and local government – they all need people with a business education. The skills and knowledge gained at Capilano can be applied to any organization or career, regardless of the path you choose.

Capilano offers a variety of employment-related programs. The programs offered are under constant review to make certain that students are taught the latest techniques and skills. Advisory committees, composed of employers, review and recommend content of all programs.

Admission is limited and applicants are considered on the criteria established for each program area. In general, Grade 12 graduation is required for students applying to two year diploma programs or degree programs, although others may be admitted on the basis of their experience and abilities. Due to the timely nature of these programs, requirements and profiles may change.

Contact the individual program areas for current information.

All courses require basic literacy in written and spoken English. That is, students must be able to understand the texts and other written materials, and the instructor's spoken words, and must be able to write assignments in correct English. Students who are uncertain of their oral and written English should speak to the instructor or an advisor before registering for a course.

TRANSFER TO AND FROM OTHER INSTITUTIONS

There is an agreement among public post-secondary institutions in British Columbia to accept completed courses and provide equivalent credit for these courses. The decision to accept courses for transfer always rests with the receiving institution.

Transfer credits are granted to students for acceptable work completed at other institutions. Students wishing to transfer credit should present the required documentation to the Registrar's Office for consideration. Full information on the transfer of specific courses is available from the [BC Transfer Guide](#), the Registrar's Office, and the program area.

GRADUATE EMPLOYMENT

Employment opportunities for graduates are excellent; however, Capilano does not guarantee jobs for its graduates.

ADMISSION DATES

Enrolment is limited due to space and equipment limitations. Consequently, those students who contemplate entrance are encouraged to apply early. Applicants may be required to have an interview with the Program Coordinator prior to admission.

Unsuccessful applicants should contact an advisor to determine an appropriate educational alternative.

PRACTICUMS

For some practicums, students may be required to have a Criminal Records Check.

STUDENT COURSE AND WORK LOAD

Full-time programs are designed so that successful completion is a full-time task. Students are advised not to undertake other activities that require large time commitments, including employment, while studying full-time.

DIPLOMA IN CAREER PROGRAMS

To be eligible for a Career program diploma, a student must have:

1. Completed program requirements, 50% of which must be completed at Capilano University;
2. Achieved a cumulative grade point average of 2.0 or higher. Some programs require a higher than 2.0 cumulative grade point average in order to receive a diploma.

CERTIFICATE IN CAREER PROGRAMS

To be eligible for a Career certificate, a student must have:

1. Completed program requirements, 50% of which must be completed at Capilano University.
2. Achieved a cumulative grade point average of 2.0 or higher. Some programs require a higher than 2.0 cumulative grade point average in order to receive a certificate.

School of Business

GENERAL INFORMATION

The School of Business at Capilano University stresses a balanced combination of classroom learning and hands-on business education. Our instructors bring practical, up-to-date business knowledge to the classroom, sharing the expertise that has made them successful in the business community. Class sizes are limited, which allows faculty to maintain direct contact with all their students.

In this section you will find information on the following programs:

- [Business Administration Diploma](#)
- [Bachelor of Business Administration \(BBA\) Degree](#)
- [International Management Graduate Diploma](#)
- [International Management Graduate Certificate](#)
- [North American and International Management Graduate Diploma](#)
- [North American Business Management Applied Post Baccalaureate Diploma](#)
- [North American Business Management Post Baccalaureate Diploma](#)
- [Retail Business Fundamentals Certificate](#)
- [Certificate Programs](#)
- [Accounting Assistant Certificate](#)

- [Accounting Assistant Diploma](#)

We continually review and update our programs according to market needs so that our graduates have the skills employers demand. A review of our programs by our Advisory Board, graduates, students and faculty led us to accentuate our training in problem-solving, written and verbal business presentations, and team work. This gives our graduates an edge in today's highly competitive job market, and gives them the expertise to succeed in the workplace of the future. Our graduates proceed to occupations such as:

Accountant	Labour Relations Officer
Accounting Assistant	Lending Officer
Accounting Clerk	Manager E-Commerce
Accounts Payable & Receivable	Marketing Coordinator
Advertising Account Manager	Marketing Research
Auditing Clerk	Marketing Specialist
Bookkeeper	Operations Manager
Brand Manager	Payroll Officer
Business Development Manager	Production Manager
Business Strategy Consultant	Project Manager
Controllers	Promotion Manager
Entrepreneur	Research Coordinator
Event Producer	Retail Specialist
Financial Analyst	Sales Representative/Sales Manager
Financial Planner	Sourcing & Placement Manager
Global Logistics Manager	Store Manager/Owner
Human Resources Manager	Human Resources Manager
Import/Export Manager	Training & Development Officer

In the past, many of our graduates have developed careers with well known companies such as KPMG, Smythe, Manning Elliot, PwC, Deloitte, District of North Vancouver, BCAA, Coca-Cola, Hootsuite, Hershey's, Whistler Blackcomb, Herschel Supply Co, IBM, ICBC, Labatt Breweries, BlueShore Financial, Investors Group, Odlum Brown, Brights Wines, BC Ferries, and BC Hydro.

For more information, please see [School of Business](#)

School of Business Start Dates

A student can commence studies in the School of Business in the fall (September), spring (January), or summer (May) terms.

Articulation Agreements

Secondary Schools

Formalized agreements have been articulated with the Burnaby, Coquitlam, Vancouver, North Vancouver, and West Vancouver school districts whereby:

Students attaining a B or better in Accounting 11 and Financial Accounting 12 can apply for dual credit for Capilano's BFIN 141 Accounting. Application forms are held by high school counsellors and require high school instructor signatures.

University

A block transfer agreement of 60 credits exists for students who have completed the Business Administration diploma program, with the following colleges: Selkirk College and the College of the Rockies. Contact the School of Business for further information.

Program Flexibility

Whether you choose part-time or full-time studies in the School of Business, you will be able to accumulate credits toward a certificate, diploma, or degree. We have designed our programs to suit your needs as well as the needs of employers. The flexibility of our programs allows you to start with Capilano University, build your own educational package today, and continue to learn with us in the future. This “laddering” concept proves your education can be adapted to fit your changing environment and that of industry.

The School of Business at Capilano University offers a variety of programs, from the Bachelor of Business Administration (BBA) degree and Business Administration diploma, to numerous certificates. Many courses are transferable from one credential to another, making it easier for students to advance to higher levels.

School of Business Offerings

CERTIFICATE	
Accounting Assistant	30 credits
Business Administration	18 credits
Advanced Business Administration	30 credits
Retail Business Fundamentals	30 credits
▼	
DIPLOMA	
Accounting Assistant	60 credits

Transferability

Students who have already completed degrees or taken other college or university courses may apply to have those credits transferred towards the Capilano University School of Business. To ensure a smooth transition, please provide the Registrar's Office with transcripts and course outlines when you apply. A student must complete at least:

- 50% of the School of Business requirements at Capilano University to receive a Capilano University business degree, diploma or certificate

To receive a Business degree from Capilano University, students must complete the following at Capilano University: BADM 460 and BADM 470, 6 credits of 400-level core courses and 18 credits of 300 and/or 400-level business electives and/or 300-level core courses.

Prior Learning Assessment (PLA)

The School of Business is committed to the recognition of prior learning. Prior Learning Assessment (PLA) recognizes demonstrated learning for credits which have been acquired through life or work experiences. You can obtain PLA credits for selected courses. For further information contact the Capilano University School of Business. There is a fee for PLA assessment equal to the regular course costs.

Study Abroad Programs

The School of Business has developed exchange programs with several universities and colleges around the world, which allows business students the opportunity to take part in a unique educational and cultural experience. When you embark on a study abroad adventure, you will:

- Study at a university or college in a foreign country
- Pay Capilano University tuition fees
- Receive transfer credit for courses completed
- Establish lifelong friendships with people from different countries
- Encounter new education and cultural experiences
- Learn a new language
- Visit museums, galleries and historical sites
- Show future employers that you are open to new experiences and opportunities

Professionalism at Capilano

Our graduates have achieved an excellent reputation based on professional performance and positive attitude. Our classes stress the importance of maintaining that reputation. As future leaders and business administrators, students must be prepared to model appropriate professional behaviour while engaged in University and University-related activities. This is the type of behaviour expected from a professional manager or leader.

English Requirement

All Business Administration degree and diploma students must complete ENGL 100, or equivalent, to graduate. To be eligible for ENGL 100 you must have the appropriate prerequisite. See the EDT information in the Registration section in this Calendar. It is preferred that you take ENGL 100 in the *first term* or prior to completing your first year as it is a general prerequisite for many courses.

Accounting/Finance Designations

Many of the courses offered in the Diploma and Degree programs are transferable to the Chartered Professional Accountant (CPA) and the Certified Financial Planner (CFP). Please refer to the online guides at bccpa.ca or fpcanada.ca for more information.

How to Apply

[Apply for Admission/Readmission](#) online. Supporting documents should be submitted to:

Registrar's Office Capilano University
2055 Purcell Way, North Vancouver, B.C.
V7J 3H5
Phone: 604.984.4900
Fax: 604.984.1798

Fees and Expenses

Please see the [Fees & Finances](#) section of the Capilano website. Financial aid is available to eligible students for eligible programs. For more information, please see [Financial Aid & Awards](#).

Students should be prepared for extra costs other than textbooks in some courses. These may include calculators, computer software, specialized course-related kits, etc.

BUSINESS ADMINISTRATION DIPLOMA PROGRAM

Graduates of the two-year Business Administration diploma program have the skills and knowledge required to be effective managers in a demanding and changing workplace. Our graduates have achieved an excellent reputation based on professional performance and a positive attitude.

Our instructors bring practical, up-to-date business knowledge to the classroom, sharing the expertise that has made them successful in the business community. Class sizes are limited, which allows faculty to maintain direct contact with all their students.

The first year of the diploma program provides a solid foundation in general business knowledge with courses in accounting/finance, communications, marketing, and organizational behaviour. The second year offers the opportunity to concentrate in a particular area. Five of the 10 second-year courses are electives: three business electives and two breadth electives. Use these electives to concentrate your studies, focus on career goals, or broaden your education.

Business electives must be courses offered by the School of Business at Capilano University (BADM, BCPT, BFIN, BMKT, BTEC, IBUS, INMA, NABU, RMCP or SABA courses). You can use the business electives to commence concentration in any of these management areas:

- Accounting
- Business Information Management and Analytics
- Financial Planning
- Human Resource Management
- International Business and Logistics
- Marketing

A full-time course load provides a minimum of 20 instructional hours weekly (typically, one course equals four instructional hours). We suggest that at least 40 hours weekly of outside studies and preparation time will be required.

For more information, please see [Business Administration Diploma](#).

Admission Requirements

- BC Secondary School graduation (Grade 12) or equivalent
- English Studies 12 (C+) or English 12 (C+) or English First Peoples 12 (C+) or EDT=ENGL 100 or LPI essay score=24, essay level=4 or CAEL=70, and Principles of Math 11 (C) or Pre-calculus 11 (pass) or Foundations of Math 11 (C) or BMTH 044 (C) or BMTH 048 (C) or MATH 096 (C) or MATH 097 (C) or Applications of Math 12 (pass) or Apprenticeship & Workplace Mathematics 12 (B) or Foundations of Math 12 (pass) or Principles of Math 12 (pass) or Pre-calculus 12 (pass) or BMTH 054 (pass) or BTEC 115 (B-)
- Capilano English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (Academic IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.

INTERNATIONAL MANAGEMENT GRADUATE DIPLOMA PROGRAM & MASTERS OF INTERNATIONAL MANAGEMENT (UNIVERSITY OF HERTFORDSHIRE)

General Information

This graduate program provides students with valuable international management skills and knowledge needed to pursue a global career in business. At the end of this one-year program, not only do the students grow academically, but they also grow as leaders and individuals. These students have shared that this learning experience gave them a comprehensive understanding of how to do business internationally, more confidence, an increased ability to manage change, an enhanced understanding of cultural differences and

the adaptability and problem solving skills needed to operate in a fast-moving, international environment. In addition, they have expanded their network of contacts around the globe and now see opportunities ahead which they never saw before.

Capilano University has a recognition agreement with the University of Hertfordshire which allows students who successfully complete the first semester of courses at Capilano and who meet the minimum entry requirements to progress through onto the **MSc International Business at the University of Hertfordshire**. Students who successfully complete all the required courses at both universities can earn two credentials, an International Management Graduate Diploma from Capilano University and an MSc International Business from the University of Hertfordshire in one year.

For more information, please see [International Management Graduate Diploma](#).

Admission Requirements

- Completion of a BBA, Bachelor of Tourism Management, or Bachelor of Communication Studies at CapU with a minimum cumulative GPA (CGPA) of 3.0 in the final 2 years of study; or completion of a NA Business Post Baccalaureate Diploma at CapU with min CGPA of 3.0; or a completed 4 year undergraduate business degree or equivalent from a recognized institution, or a degree equivalent professional qualification with min CGPA of 3.0 in the final 2 yrs of study.
- Capilano English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (Academic IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.
- A personal interview will be conducted before acceptance into the program if the student is residing in Vancouver. A phone or Skype interview will be conducted if the student is living outside Vancouver.
- 2-page letter of intent. Resume or experience summary.

Admission/Application Notes

The English Language proficiency requirements will be considered met for students who have completed the North American Business Management Post Baccalaureate Diploma at Capilano University.

Who should apply?

This program is designed for students with a business undergraduate degree, or a degree that is closely related to a business degree. If you wish to pursue a career in companies where international activities play an important role, this one year program will provide you with an opportunity to gain valuable high level business skills that are beneficial to an international career in any industry or sector. Unlike many MBA programs, this program is open to students who have little or no work experience.

How to Apply

[Apply for Admission/Readmission](#) online. Supporting documents should be submitted to:

Registrar's Office Capilano University
2055 Purcell Way, North Vancouver, B.C.
V7J 3H5
Phone: 604.984.4900
Fax: 604.984.1798

Application Deadlines/Admission Dates

Enrolment is limited. Applications to the program should be completed by the end of April. The start date for the program is September. Enquiries and applications are accepted at any time throughout the year.

Fees and Expenses

Please see the [Fees & Finances](#) section of the Capilano website. Financial aid is available to eligible students for eligible programs. For more information, please see [Financial Aid & Awards](#).

NORTH AMERICAN BUSINESS MANAGEMENT POST BACCALAUREATE DIPLOMA PROGRAM

This one year post-baccalaureate diploma program provides international students as well as recent immigrants to Canada with the foundational management knowledge, skills and decision-making tools needed to do business in an often diverse and turbulent North American economic environment. Managers in countries around the world who want to do business with Canadian or U.S. companies must be able to respond to rapid changes in technology, resource allocation, structural shifts in the economy, geographic differences, changes in consumer preferences, competitive approaches, and shifts in the employment market.

This program focuses on a broad set of topic areas within the business field. Subjects include advanced Canadian communications and interactions, businesses structure and operation, business performance and strategy, North American corporate law, finance and cross border strategic human resource management. Students will study Canadian multiculturalism, effective North American business management practices and project management. In addition, students learn about team leadership, social responsibility and corporate ethics.

For more information, please see [North American Business Management Post Baccalaureate Diploma](#).

Further Information

International students are expected to maintain a minimum course load of 9 credits per semester.

The School of Business at Capilano University stresses a balanced combination of classroom learning and hands-on business education. Class sizes are limited which allows faculty to maintain direct contact with students. Lectures are supported by guest speakers, group projects and current readings. Faculty have extensive experience and expertise in their subject area.

Career & Educational Opportunities

Upon completion of this one year program, students will increase their ability to:

- Secure employment with a North American company;
- Work with a North American based company operating abroad; or
- Assist an international company expand their services, products or operations to North America;
- Be prepared to successfully enter into a Masters level business program such as an MBA or MSc in International Business.

Graduates of this program will gain the qualities and transferable skills necessary for successful employment in North America or abroad.

Transferability/Transfer Credit/PLA

Graduates of this North American Business Management Post Baccalaureate Diploma with a CGPA of 3.0 or higher may ladder into the International Management Graduate Diploma. Some may also choose to continue on to an MBA program in Canada or elsewhere.

Admission Requirements

- Completion of an undergraduate degree from a recognized institution with a cumulative GPA (CGPA) of 2.5 or higher with preference given to students with a 3.0 or higher on their final two years of study. Students with backgrounds other than business degrees, economics degrees or the equivalent will be required to complete a Business Essentials course.
- Students must produce evidence of their English Language Proficiency: Test of English as a Foreign Language (TOEFL): paper =560 internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (Academic IELTS)=6.5 overall, and no one score less than 6.0, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56, or CapU EAP 100 and 101 with a minimum B+ grade in each course, or from approved pathway partner.
- Resume or experience summary.

Admission/Application Notes

This program is not designed for students who have completed the Capilano University Bachelor of Business Administration as this is a duplication of coursework.

Who Should Apply?

The North American Business Management Post-Baccalaureate Diploma offered by Capilano University's School of Business is designed to prepare students for work in and with North American organizations. It is designed for students who are graduates of recognized undergraduate degree programs in a variety of disciplines from universities around the world. No prior work experience is required.

International students applying will have completed an undergraduate degree in their home country, at Capilano (non-BBA) or other institution. Recent immigrants to Canada with an undergraduate degree may also be interested in adding this additional year of study to gain North American Business expertise.

This post-baccalaureate diploma is specifically valuable to international students wishing to gain in-depth knowledge of the North American management culture.

NORTH AMERICAN BUSINESS MANAGEMENT APPLIED POST BACCALAUREATE DIPLOMA PROGRAM

General Information

This two year applied post-baccalaureate diploma program provides international students as well as recent immigrants with the foundational management knowledge, skills and decision-making tools needed to do business in an often diverse North American economic environment. If taken in a full-time accelerated schedule, the program can be completed in as little as sixteen months of study.

Today's North American business environment is highly dynamic. Managers who want to do business with Canadian or U.S. companies must be able to respond to rapid changes in technology, resource allocation, structural shifts in the economy, geographic differences, changes in consumer preferences, competitive approaches, and shifts in the employment market. This program focuses on a broad set of topic areas within the business field. Subjects include advanced Canadian communications and interactions, businesses structure and operation, business performance and strategy, North American corporate law, finance and cross border strategic human resource management.

The program provides an extensive opportunity for students to gain hands-on experience working with one or more Canadian companies and concludes with a six-month applied work practicum allowing students to increase their knowledge and confidence working in a North American business environment. This also provides an excellent networking opportunity to support students in pursuing their future business career goals locally or internationally.

For more information, please see [North American Business Management Applied Post Baccalaureate Diploma](#).

Further Information

International students are expected to maintain a minimum course load of 9 credits per semester.

The School of Business at Capilano University stresses a balanced combination of classroom learning and hands-on business education. Class sizes are limited which allows faculty to maintain direct contact with students. Lectures are supported by guest speakers, group projects and current readings.

Career & Educational Opportunities

Upon completion of this two year program, students will increase their ability to:

- Secure employment with a North American company;
- Work with a North American based company operating abroad; or
- Assist an international company expand their services, products or operations to North America.
- Be prepared to successfully enter into a Masters level business program such as an MBA or MSc in Business.

Graduates of this program will possess the qualities and transferable skills necessary for successful employment in North America or abroad.

Transferability/Transfer Credit/PLA

Graduates of the North American Business Management Applied Post Baccalaureate Diploma will be prepared to ladder into the Joint International Management Graduate Diploma and MSc International Business the following year if they have a 3.0 CGPA.

Admission Requirements

- Completion of an undergraduate degree from a recognized institution with a cumulative GPA (CGPA) of 2.5 or higher with preference given to students with a 3.0 or higher on their final two years of study. Students with backgrounds other than business degrees, economics degrees or the equivalent will be required to complete a Business Essentials course.
- Students must produce evidence of their English Language Proficiency: Test of English as a Foreign Language (TOEFL): paper =560 internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (Academic IELTS)=6.5 overall, and no one score less than 6.0, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56, or CapU EAP 100 and 101 with a minimum B+ grade in each course, or from approved pathway partner.
- Resume or experience summary.

Admission/Application Notes

This program is not designed for students who have completed the Capilano University Bachelor of Business Administration as this is a duplication of coursework.

Who Should Apply?

The North American Business Management Applied Post-Baccalaureate Diploma offered by Capilano University's School of Business is designed to prepare students for work in and with North American organizations. It is designed specifically for two types of students 1) international students who are graduates of recognized undergraduate degree programs in a variety of disciplines from universities around the world who want to gain North American business knowledge and experience and 2) new immigrants or permanent residents who want to earn a Canadian based credential in a condensed time frame and upgrade their knowledge and understanding of North American business culture and practices.

This applied Post-Baccalaureate Diploma is specifically valuable to students wishing to increase their prospects of a business related career in Canada or abroad working for a Canadian or international company or wishing to do business with Canada.

Students applying will have recently completed an undergraduate degree in their home country, at Capilano (non-BBA) or other institution. Recent immigrants to Canada with an undergraduate degree may be interested in adding this additional 16 months of study to gain North American Business specific expertise.

NORTH AMERICAN AND INTERNATIONAL MANAGEMENT GRADUATE DIPLOMA PROGRAM & MASTERS OF INTERNATIONAL MANAGEMENT (UNIVERSITY OF HERTFORDSHIRE)

General Information

This graduate diploma program provides international students with foundation management knowledge and the skills and decision-making tools needed to do business in an often diverse and turbulent North American and International economic environment.

The first year of this program focuses on Canadian-specific business issues and trends. A broad set of topic areas within the business field are explored. During this year, students are able to specialize in one of three areas of concentration offering a deeper understanding of a particular subject.

During the second year of the program, students specialize in international business strategy, and develop an awareness of differences in the cultural, socio-economic and political context of business operations.

Students develop and apply the ability to critically analyze complex international business problems and generate and evaluate options leading to effective solutions.

Capilano University has a recognition agreement with the University of Hertfordshire which allows students who successfully complete the first year of courses at Capilano and who meet the minimum entry requirements to progress through onto the **MSc International Business at the University of Hertfordshire**. Students who successfully complete all the required courses at both universities can earn two credentials, a North American and International Management Graduate Diploma from Capilano University and an MSc International Business from the University of Hertfordshire.

Lectures are supported by guest speakers, group projects and current readings. Classes are offered face to face and mixed mode.

For more information, please see [North American and International Management Graduate Diploma](#).

Admission Requirements

- Completion of an undergraduate degree from a recognized institution with a cumulative GPA (CGPA) of 3.0 or higher in the final two years of study. Students with backgrounds other than business degrees, economics degrees or the equivalent will be required to complete a Business Essentials course.
- Students must produce evidence of their English Language Proficiency: Test of English as a Foreign Language (TOEFL): paper=560 internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (Academic IELTS)=6.5 overall, and no one score less than 6.0, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56, or CapU EAP 100 and 101 with a minimum B+ grade in each course, or from approved pathway partner.
- Resume or experience summary.

Admission/Application Notes

This program is not designed for students who have completed the Capilano University Bachelor of Business Administration as this is a duplication of coursework.

Who Should Apply?

International students applying will have completed an undergraduate degree in their home country, at Capilano (non-BBA) or other institution. Those who have studied business in their home country and are currently living abroad or in Canada will be most interested in this program. This 2 year graduate program is primarily designed for international undergraduate students from around the world and international students studying in B.C. Recent immigrants to Canada with an undergraduate degree in a related discipline may also be interested in this two year program to gain North American Business and International Management specific expertise. International students who have graduated from a North American business degree program may be eligible for advanced standing to this program. This program is NOT for students who have completed the Capilano University Bachelor of Business Administration as this is a duplication of coursework, and should apply for the one year International Management Graduate Diploma instead.

International students wishing to gain in-depth knowledge of the North American management culture and who wish to pursue a career in companies where international activities play an important role will most benefit from this program. The program provides individuals with an opportunity to gain valuable high level North American specific and international business skills that are beneficial to a business career in any industry or sector. Unlike many graduate or masters level programs, this program is open to students who have no work experience.

How to Apply

[Apply for Admission/Readmission](#) online. Supporting documents should be submitted to:

Graduation Requirements

- During the second term of the second year of this program, students are required to do a full study abroad semester at the University of Hertfordshire in England.
- In the research component of the program (term 6), students undertake a supervised and integrated research report. The research component is at a level of rigor expected of Masters students, it provides sufficient flexibility so that students can engage in meaningful research in a rapidly changing world.

Credentials

North American and International Management Graduate Diploma - Capilano University

Masters in Science, International Business (MSc) - University of Hertfordshire

Career & Educational Opportunities

Graduates of this program are equipped for careers in a wide range of international organizations, including the not for profit sector, small and medium-sized enterprises seeking to expand internationally, and firms with home bases in Canada and the U.S. As well students will have the skills required to work with multi-national companies based in Asia, Africa, Eastern Europe and Latin America, as well as other established Western multi-national companies.

Further Information

International students are expected to maintain a minimum course load of 9 credits per semester.

The School of Business at Capilano University stresses a balanced combination of classroom learning and hands-on business education. Class sizes are limited which allows faculty to maintain direct contact with students. Lectures are supported by guest speakers, group projects and current readings.

Faculty

The Capilano University School of Business faculty teaching in this program have extensive expertise in their area of discipline. They bring current international business knowledge to the classroom, sharing their many years of international business and teaching experience.

RETAIL BUSINESS FUNDAMENTALS CERTIFICATE

Note: This program is not currently accepting applications.

This program offers the student some unique options for those interested in the retail marketing side of business and can be a stand-alone pathway to an exciting career in retail marketing or it can also be used as 24 credits toward the Business Administration diploma program.

Our instructors bring practical, up-to-date business knowledge to the classroom, sharing the expertise that has made them successful in the business community. Class size is limited, which allows faculty to maintain direct contact with all of their students. This program integrates classroom study with related on-the-job experience and skills.

Upon successful completion of the Retail Business Fundamentals program, a student could then go on to complete the Business Administration Diploma requirements. Upgrade of Math or English may be required.

Students who ladder into the Business Administration diploma program from the Retail Business Fundamentals certificate program will be required to take three additional School of Business credits if they continue on to years 3 and 4 of the Bachelor of Business Administration degree program.

For more information, please see [Retail Business Fundamentals Certificate](#).

Career Opportunities

- Managing your own business
- Store Manager - Independent or Chain
- Department Manager
- Wholesale Sales Representative
- Manufacturer's Sales Representative
- Manufacturer's Agent
- Marketing Research - Field Operator
- Sales Manager
- Buyer - Department Store or Chain

- Sales Representative Consumer Products

While some of the above positions may be secured shortly after graduation, others may require more experience.

Admission Requirements

- BC Secondary School graduation (Grade 12) or equivalent
- Preference given to students with a minimum C grade in Math 11 and a minimum C+ grade in either English Studies 12 or English 12 or English First Peoples 12.
- Capilano English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (Academic IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.
- Interview may be required.

CERTIFICATE PROGRAMS

The courses in these programs will teach the student basic managerial skills that are of practical value in a wide variety of jobs. Classes are conducted by department faculty and industry specialists. Courses commence in the fall term (September), spring term (January), and summer term (May/June) each year.

You can select from courses that interest you to courses that enhance your career. A variety of 100, 200, and 300 level business administration courses are offered during the fall, spring, and summer terms. (Only a limited number of 300 level business courses are available during the summer term.)

Credits from this certificate program can ladder into the business administration diploma and degree programs.

For more information, please see [Business Administration Certificate](#) and [Advanced Business Administration Certificate](#).

Admission Requirements for the Business Administration Certificate Program

Admission Requirements

- BC Secondary School graduation (Grade 12) or equivalent

APPLIED BUSINESS UNIT

Accounting Assistant Programs

Accounting Assistant Certificate

General Information

The Accounting Assistant Certificate program is a full-time, eight month program offered in September. This program provides students with training in accounting, general office procedures, and computer applications. A two-week work practicum is included in this training program.

Graduates find employment as accounting assistants, accounts receivable or payable clerks, bookkeepers for small and medium-sized firms, or they perform accounting functions in their own businesses. In addition, graduates of this program who are wanting to take more advanced courses leading towards a diploma, degree or a professional accounting designation are encouraged to contact our School of Business as they will receive credit for some courses.

For more information, please see [Accounting Assistant Certificate](#).

Admission Requirements

- BC Secondary School graduation (Grade 12) or equivalent
- SLEP (Secondary Level English Proficiency) test for EAP students (post-secondary level required).
- Applicants are required to attend an information meeting or make an appointment with a faculty member or program convenor.

Admission/Application Notes

While a student might meet the English requirements for the Accounting Assistant program, other departments or programs within the University might require a TOEFL, EDT or LPI.

How to Apply

[Apply for Admission/Readmission](#) online. Supporting documents should be submitted to:

Registrar's Office Capilano University
2055 Purcell Way, North Vancouver, B.C.
V7J 3H5
Phone: 604.984.4900
Fax: 604.984.1798

Fees and Expenses

Please see the [Fees & Finances](#) section of the Capilano website. Financial aid is available to eligible students for eligible programs. For more information, please see [Financial Aid & Awards](#).

Accounting Assistant Diploma

General Information

Graduates of the two-year Accounting Assistant Diploma program have the skills and knowledge required to be effective employees in entry level accounting positions in a demanding and changing workplace. Our graduates have the necessary practical accounting skills, computer skills and basic management skills that ensure success at the workplace.

Our instructors bring practical, up-to-date business knowledge to the classroom, sharing the expertise that has made them successful in the business community.

In the first year of the diploma program, students will gain an understanding of both manual and computerized accounting systems, the ability to apply this knowledge to business situations, and an appreciation of the importance of organizational behaviour skills. In the second year, students will gain a solid foundation in general business knowledge with courses in management, quantitative methods, business law, finance, economics, and communications.

The first year of the Accounting Assistant Diploma program is eight months of full-time coursework. The students are scheduled together creating a cohesive and supportive learning community. Flexibility is a key feature of the second year of the program. Students have the option of completing the second year of the Accounting Assistant Diploma on a full-time basis, or work and complete the courses part-time in either the day or evening.

For more information, please see [Accounting Assistant Diploma](#).

Admission Requirements

- BC Secondary School graduation (Grade 12) or equivalent
- English Studies 12 (C+) or English 12 (C+) or English First Peoples 12 (C+) or EDT=ENGL 100 or LPI essay score=24, essay level=4 or CAEL=70, and Principles of Math 11 (C) or Pre-calculus 11 (pass) or Foundations of Math 11 (C) or BMTH 044 (C) or BMTH 048 (C) or MATH 096 (C) or MATH 097 (C) or Applications of Math 12 (pass) or Apprenticeship & Workplace Mathematics 12 (B) or Foundations of Math 12 (pass) or Principles of Math 12 (pass) or Pre-calculus 12 (pass) or BMTH 054 (pass) or BTEC 115 (B-)
- Capilano English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (Academic IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.
- Applicant must attend an information meeting or make an appointment with a faculty member or program convenor.

Admission Notes

Applicants who do not have the math admission requirements for the diploma may apply for the Accounting Assistant Certificate. The certificate is the first year of the diploma and includes BTEC 115. With a minimum B- in BTEC 115, students may then apply to continue on to the diploma.

Business Fundamentals Program

(This program is currently offered at Mt. Currie only.)

General Information

The Business Fundamentals program is a four-month program that may be taken during the fall term. The Business Fundamentals program has been designed for students who require basic business skills training or who need to upgrade their skills. Many students take this program as a stepping stone to a more advanced program of study.

Students who achieve a grade of B- in BTEC 115 may be considered to have acquired the minimum math prerequisite for entry into a course of studies in the School of Business.

Students who receive a minimum of B in the following will receive credit from Business Administration:

- BTEC 125 and BTEC 126 may substitute for BCPT 123 and a business elective

Admission Requirements

- BC Secondary School graduation (Grade 12) or equivalent
- SLEP (Secondary Level English Proficiency) test for EAP students (post-secondary level required).
- Applicants are required to attend an information meeting or make an appointment with a faculty member or program convenor.

Admission/Application Notes

While a student might meet the English requirements for the Business Fundamentals program, other departments or programs within the University might require a TOEFL, EDT or LPI.

School of Communication

GENERAL INFORMATION

The School of Communication offers degree and diploma programs in a wide variety of areas related to professional communication practice. Bridging the gap between theory and application, the communication programs are designed to guide students in the development of key communication skills and abilities and to give them the critical and analytic skills required of communication professionals. The following programs are available through the School of Communication:

- [Bachelor of Communication Studies](#) (120 credits)
- [Communication Studies Diploma](#) (60 credits)

For more information, please see the [School of Communication](#) website.

Information for Prospective Students

Communication programs are designed for the diverse needs of students. Our bachelor's degree builds on both critical, analytic and applied communication skills and provides advanced study in areas of professional communication leading to a variety of careers.

Students wishing to enrol in a communication program should apply online at: [How to Apply](#). Our mailing address is: School of Communication, Capilano University, 2055 Purcell Way, North Vancouver, BC, V7J 3H5, or telephone 604.990.7939. The email address is cmns@capilanou.ca.

Many communication courses are university transfer courses. Students wishing to enrol in open sections of communication courses must meet general university admission requirements.

COMMUNICATION COURSES

Communication courses cover a wide variety of subjects from writing, editing and public speaking skills, to critical analyses of digital media, to how to put together an effective public relations campaign. Our lower-level courses serve as an introduction to both applied communication skills and the critical study of media, communication and culture. Our upper-level courses focus on specific areas of professional practice and development and involve intensive study of communication issues as well as the application of professional principles to communication projects.

The School of Communication also designs and delivers courses tailored to the needs of various career and professional programs. Among the programs we serve are Business Administration, Outdoor Recreation and Tourism Management, and Legal Administrative Assistant. Students admitted to these programs can register for the required communication courses.

Many communication courses carry credit as electives for students in Arts & Science, Business, and other programs, and many of our courses are open for general registration, particularly at the upper (300/400) level. However, please note that the School of Communication cannot guarantee seats in program courses to students not registered in a communication program.

University Transfer

Most communication program courses transfer to one or more British Columbia universities. Most courses in the Communication Studies diploma transfer to Simon Fraser University, and many professional writing courses are university transferable at the first- or second-year level. As university transfer status changes over time, students are advised to consult the online B.C. Transfer Guide at www.bctransferguide.ca for the most up-to-date information.

Communications (CMNS) Courses

CMNS 100	Basic Business Writing and Editing
CMNS 112	Introduction to Communication Studies
CMNS 115	Communications for Animation

CMNS 433	Project Group in Risk and Crisis Communication
CMNS 453	Project Group in Communication and New Media
CMNS 462	Advanced Communication Research Practice
CMNS 490	Project Group in Publishing
CMNS 495	Project Group in Media Campaigns
CMNS 498	Communication Practicum
CMNS 499	Communication Research Project

BACHELOR OF COMMUNICATION STUDIES DEGREE

General Information

The Bachelor of Communication Studies (BCS) combines the critical analysis of communication, media and culture with applied communication skills. It directs these towards both scholarly investigation of and practical experience in specific areas of professional communication, including:

- Public and media relations
- Communication ethics, policy and law

- Critical media and communication studies
- Professional writing, editing and publishing
- Conflict and crisis communication
- Intercultural, organizational and interpersonal communication

The general aim of the BCS is to supply its students with the professional competencies and critical thinking perspectives necessary for diverse careers or graduate-level study in communication fields.

In years 1 and 2, students are introduced to key theoretical frameworks and critical traditions as well as to foundational communication skills (writing, editing and public speaking). In year 3, students take advanced seminars that explore areas of strategic communication practice. In year 4, students enrol in project-based courses that bridge the classroom and the real world and through which they can build experience in communication as a professional practice. Students also complete either a capstone practicum or graduating project.

Further Information

All courses in the BCS are delivered on the North Vancouver campuses of Capilano University. Students enrolled in full-time study (5 courses per semester) can expect to complete the program within 4 calendar years. Students may elect to enrol part-time, with the expectation that it will take longer to complete the program, depending on the course load students are willing to take on.

Students should expect to spend at least 1 hour of preparation (not including assignments) for every class. Courses often include both individual and group assignments and it is expected that students exercise a degree of professionalism in completing such assignments, including showing initiative in the co-ordination and management of course work.

Career & Educational Opportunities

The Bachelor of Communication Studies prepares students for careers in:

- Public relations
- Media relations
- Digital and print publishing, writing and editing
- Communication research and policy analysis
- Social media management
- Professional communication in business, government and non-profit sectors

It also supplies a rigorous academic foundation for students interested in pursuing graduate level study in communication or cognate areas such as sociology, cultural studies, political studies, journalism or literary studies.

Transferability/transfer credit/PLA

Students are able to enter the BCS at three points – at first, second, or third year. Students transferring into the BCS at a stage later than direct first-year admission must meet the general admission requirements noted below, and (if they completed post-secondary studies at an institution other than Capilano) initiate the credit transfer process described in the next paragraph. Such students should consult with a program advisor to determine their stage in the degree curriculum and to plan course selection to ensure timely completion of degree requirements.

Students wishing to transfer credits from other post-secondary institutions must ensure that the courses they seek equivalency for correspond in substance to program requirements in the BCS. The transfer process is initiated by the students through the Capilano Registrar's Office. For courses taken at other British Columbia post-secondary institutions, please refer to the (www.bctransferguide.ca) to check transferability.

The School of Communication at Capilano University recognizes that there are occasions on which applicants may have met program objectives or outcomes in ways other than through recent prior post-secondary study. In such cases, prior learning assessments may be conducted to grant credit for prior learning as appropriate.

Admission Requirements

- BC Secondary School graduation (Grade 12) or equivalent
- English Studies 12 or English 12 or English First Peoples 12 or equivalent with a minimum grade of C+
- For students with previous post-secondary experience, a minimum cumulative GPA of 2.5 (on a scale of 4.33) or equivalent.
- Capilano English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (Academic IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.

Admission/Application Notes

- Please note that the admission requirements are minimum requirements.
- ENGL 100 is a required course in the Bachelor of Communication Studies. In order to enroll in any English course, students must submit the results of the Capilano University English Diagnostic Test (EDT) or the Language Proficiency Index Test (LPI) unless they meet the EDT/LPI exemptions listed in the university calendar or on the Capilano University's [English Diagnostic Test](#) website.

The Bachelor of Communication Studies (BCS) runs over eight semesters, with core courses and communication electives generally being offered in Fall and Spring semesters. A limited number of communication courses are offered in the Summer, so students wishing to continue their studies in the Summer semester are encouraged to take non-communication elective credits.

Admissions to the BCS are competitive, based on a maximum total annual intake of approximately 100 students. Applications remain open until the program is full. We begin reviewing applications in February of each year, and we encourage interested applicants to apply starting in January. Applications are reviewed individually by program faculty and admissions are granted on a first come-first served basis. We reserve a percentage of seats annually for students applying directly from high school. Students will be notified by email of the outcomes of the application process.

Students who meet the BCS admission requirements but apply after the program intake has been reached are encouraged to apply to General Arts & Sciences and to reapply in a subsequent year as a transfer student. Courses taken in Arts & Science can generally count as electives towards the Bachelor of Communication Studies.

Consult the [School of Communication](#) web pages for details. For more information contact the School of Communication at cmns@capilanou.ca.

Who Should Apply?

The BCS is designed for those interested in a range of professional communication roles, and will enable and support their interest by establishing, broadening, and diversifying their academic knowledge and professional skills. The program is of interest to those embarking on careers in the communication fields, or those with work experience seeking professional advancement or a career change.

Application Deadlines/Admission Dates

The BCS admits students on a first come-first served basis until the program is full. The total annual intake is approximately 100 students. We begin considering applications in February and continue until all seats are taken. Applications for Fall admission are best submitted between January and May. We reserve a number of seats for students applying directly from high school, since such applications cannot be fully considered until interim grades are posted in May.

Choose from the following list:		0.00
42 elective credits, no more than 18 of which are to come from any single subject area and at least 12 of which must be upper level credits. Students must take a minimum of 3 credits designated as Quantitative/Analytical.		

6 credits of a single foreign language

Note: The language requirement can be satisfied in a number of ways:

1. Successful completion of a grade 12 course with a minimum B grade in an approved language other than English while at secondary school; or
2. Successful completion of a secondary immersion program or secondary school at an institution at which the primary language of instruction is not English; or
3. Successful completion of a post-secondary credential awarded by an institution at which the primary language of instruction is not English; or
4. Successful completion of 6.00 credits of post-secondary language courses in a single language other than English; or
5. Successful completion of EAP 100 or EAP 101 and 3.00 credits of lower level Arts & Science courses

Note: Only one of EAP 100 or EAP 101 to a maximum of 3.00 credits can be used as credit towards the Bachelor of Communication Studies.

Note: Students who fulfill the language requirement with options 1, 2 or 3 will be required to take 6.00 credits of 100- or 200-level courses in place of the language requirement credits.

Credits	0.00
Total Program Credits	120.00

Approved Quantitative/Analytical Courses for Capilano University Degrees

Please refer to the [Graduation](#) section of the calendar for a complete listing of approved quantitative and analytical courses.

COMMUNICATION STUDIES DIPLOMA PROGRAM

General Information

Communication Studies is a growing field whose central concern is to examine the role played by communication practices, processes and media in human societies. Communication Studies promotes a

critical exploration of connections between the structures of human communication (media technologies, industries, and policies) and their impacts on meaning-making, social relationships, cultural practices, power and the economy.

The Communication Studies Diploma is a 60-credit program consisting of 10 communication courses – most of which transfer to SFU's Communication BA program – plus 10 academic electives.

Learning outcomes include the ability to think discerningly about communication issues; the development of critical media literacy; an understanding of key historical and contemporary social and ethical issues in media and communication; and an awareness of the various ways in which communication practices support social life and culture.

For more information, please see [Communication Studies Diploma](#).

Admission Requirements

- BC Secondary School graduation (Grade 12) or equivalent
- English Studies 12 or English 12 or English First Peoples 12 or equivalent with a minimum grade of C+
- For students with previous post-secondary experience, a minimum cumulative GPA of 2.5 (on a scale of 4.33) or equivalent.
- Capilano English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (Academic IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.

Admission/Application Notes

- Please note that the admission requirements are minimum requirements.
- ENGL 100 is a required course in the Communication Studies diploma. In order to enroll in any English course, students must submit the results of the Capilano University English Diagnostic Test (EDT) or the Language Proficiency Index Test (LPI) unless they meet the EDT/LPI exemptions listed in the university calendar or on the Capilano University's [English Diagnostic Test](#) website.

School of Legal Studies

GENERAL INFORMATION

Capilano University's School of Legal Studies has been training para-professionals in the field of law since 1976. It started with its Paralegal program (then called the Legal Assistant program), and since that time has added three other program areas. Our current programming falls under these categories:

1. [Paralegal Programs](#)
2. [Legal Administrative Assistant Program](#)
3. [Citation in Contract Law](#)
4. [Criminal Law Practice and Procedure Citation](#)

These four program areas are described next. Note that to become a lawyer in Canada, students must complete a LLB or JD degree at an accredited law school—these degrees are generally considered post-graduate degrees.

PARALEGAL PROGRAMS

General Information

Capilano University's Paralegal Program was designed to meet the needs of the legal community by providing substantive and skills-based legal education for paralegals. The first Diploma (full-time) and Certificate (part-time) options were developed in 1976. The curriculum and course content were designed with input from the BC Law Society and mirrored the American Bar Association requirements for paralegal education. In 2010, a four year full-time degree option was added. The School of Legal Studies is a member of the British Columbia Paralegal Association and the American Association for Paralegal Education.

There are three Paralegal program options offered at Capilano University:

1. The full-time four-year [Degree](#) option is designed for those who have no post-secondary education or legal experience. It will also appeal to students with some post-secondary education, perhaps even another degree, who would like to have a degree in this field. High school graduates with high academic standing are eligible.
2. The full-time two-year [Diploma](#) option is designed for people who may not have current legal experience, but who have at least two years post-secondary education or equivalent learning experience.
3. The part-time [Certificate](#) option is designed for people currently employed in a legal setting and who have at least two years legal administrative assistant experience or equivalent learning experience (see below under Paralegal Certificate, Admission Requirements).

There are two delivery options:

- a) Evening and Saturday (summer term only) option for those living locally.
- b) Online option for those living outside of the Greater Vancouver area.

For more information, please see the [School of Legal Studies](#) website.

What is a Paralegal?

A paralegal is a person qualified by education, who is employed by a lawyer, corporation, or government agency and who performs specifically delegated substantive legal work, for which a lawyer is responsible.

Some examples of work performed by paralegals are:

1. interviewing clients and witnesses
2. drafting pleadings, wills, probate, intellectual property, conveyance and corporate documents
3. legal research
4. file management
5. assisting in trial preparation

Career Opportunities

Paralegals find careers in different areas, including:

- Interviewing clients
- Personal injury
- Corporate and commercial
- Family law
- Wills and estates
- Insurance law
- Real property
- Intellectual property
- Aboriginal law
- Collections

Paralegals work in:

- Private law firms ranging in size from large international or national firms to medium-sized firms to small firms and sole practitioners
- Corporate legal departments including energy companies such as BC Hydro, telecommunications companies, and mining companies
- Government offices, such as the federal Department of Justice and BC's Ministry of Justice
- Non-profit agencies and societies.

For more information, please see the [School of Legal Studies](#) website.

Policy for Challenging Courses

Capilano University's Academic Policies and Procedures provide for five methods for challenging courses: Exemption, Substitution, Transfer Credit, Prior Learning Assessment and Course Challenge. These procedures

are not available for all courses in the Paralegal Program. For explanations of these methods, see the Academic Policies on the Capilano University [Academic Policies & Procedures webpage](#).

Please contact the department for further details or with any questions.

Bachelor of Legal Studies (Paralegal) Degree

The Bachelor of Legal Studies (Paralegal) is a four-year, full time degree designed for high school graduates who are interested in the law and becoming a paralegal. It will also appeal to students with some post-secondary education, perhaps even another degree who would like to have a degree in this field.

Students in this option attend classes during the day at Capilano University's North Vancouver campus. They complete courses in substantive law, procedural law and legal skills. Courses offered are preset and require students to attend classes during the fall and spring terms (from September through April) for four consecutive years.

Upon completion of the four-year course of studies, students must complete a practicum under the supervision of a lawyer. Students are paid by their employer during this practicum.

At the end of a successful practicum, the student is eligible for graduation. Faculty work closely with students and with the legal community to assist students in obtaining successful practicum placements.

For further information about the Degree option, please visit [Bachelor of Legal Studies \(Paralegal\) Degree](#).

Admission Requirements

- BC Secondary School graduation (Grade 12); or equivalent education or experience
- High School with an 80% average through Grades 11 and 12 (in English Studies 12 or English 12 or English First Peoples 12 and at least four other academic courses).
- Capilano English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (Academic IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.
- The School of Legal Studies will review applications once the application package is complete. The applicant may be called for an interview if they meet the admission requirements.
- Resume || Short handwritten essay (three pages, double-spaced) entitled, "Why I Want to Become a Paralegal" || Two letters of reference (preferably from high school teachers and/or non-family members who work in a business or professional setting).

Paralegal Diploma

Students in the full-time two-year Diploma option attend classes during the day at Capilano University's North Vancouver campus. They complete course studies in substantive law, procedural law and legal skills. Courses offered are preset and require students to attend classes during the fall and spring terms (from September through April) for two consecutive years.

Upon completion of the two-year course of studies, students must complete a six-month practicum under the supervision of a lawyer. Students are paid by their employer during this practicum.

At the end of a successful practicum, the student is eligible for graduation. Faculty work closely with students and with the legal community to assist students in obtaining successful practicum placements.

For further information about the Diploma option, please visit [Paralegal Diploma](#).

Admission Requirements

- BC Secondary School graduation (Grade 12) or equivalent
- One of the following: 2 years full-time post-secondary education (with an academic focus); 1 year full-time post-secondary education (with an academic focus) plus relevant life/work experience; or relevant life/work learning experience at the discretion of the department.
- Capilano English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (Academic IELTS)=6.5 overall, and no

one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.

- The School of Legal Studies will review applications once the application package is complete. The applicant may be called for an interview if they meet the admission requirements.
- English 100 level or higher course (B- or higher), CMNS 159 (B+ or higher) or LPI exam [www.lpitest.ca] (level 5 or higher – please note that in the School of Legal Studies the EDT is not accepted in place of the LPI).
- Resume || Short handwritten essay (three pages, double-spaced) entitled, “Why I Want to Become a Paralegal” || Two letters of reference (preferably from past employers or college/university instructors) || Although not required, work experience in an office setting and a good working knowledge of computers are highly recommended.

Paralegal Certificate

The Paralegal Certificate is a part-time option designed for students who are working in a law office, legal department or other legal setting. Students study substantive law and legal skills courses while gaining their procedural law skills on the job. Some procedural law courses, such as Litigation Procedures, are available as electives.

The Paralegal Certificate is available in two delivery modes: onsite and online. The curriculum is the same for both; the only difference is the method of delivery. The onsite option is designed for students working or residing in the Greater Vancouver area. Students in this option attend lectures in person at a set time. Onsite courses are held in the evening with the exception of LAW 210 Legal Research, which takes place at the North Vancouver campus on Saturdays during the summer term.

The online option is designed for students living outside the Greater Vancouver area and preference is given to these students, although local students may be able to register in online courses in the event of seat availability or in exceptional circumstances. This online certificate option, which began in the late 1990s, was the first fully online credential for paralegals available in Canada, and it has been a source of paralegal education for students in BC, across Canada, and around the world for over two decades (including the US, Cayman Islands, Virgin Islands, Czech Republic, Netherlands, Hong Kong, New Zealand and United Arab Emirates).

The following information applies to both the onsite and online versions of the Certificate option, unless otherwise noted.

For more information, please see [Paralegal Certificate](#).

Admission Requirements

- BC Secondary School graduation (Grade 12) or equivalent
- Capilano English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (Academic IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.
- English 100 level or higher course (B- or higher), CMNS 159 (B+ or higher) or LPI exam [www.lpitest.ca] (level 5 or higher – please note that in the School of Legal Studies the EDT is not accepted in place of the LPI).
- Resume || Letter from employer confirming current legal employment || One of the following: 1) two years legal admin work experience; 2) graduation from Cap U's Legal Admin Assistant (LAA) program with B+ or higher (other LAA programs may be considered); 3) graduation from Cap U's online LAA program with B+ or higher (other online LAA programs may be considered) plus one year legal admin work; or 4) relevant life/work experience with or without legal admin work experience (some limitations)

How to Apply

[Apply for Admission/Readmission](#) online. Supporting documents should be submitted to:

Registrar's Office Capilano University
2055 Purcell Way, North Vancouver, B.C.
V7J 3H5
Phone: 604.984.4900
Fax: 604.984.1798

Further Information

Students are required to take LAW 101, 110, and 210 **before** enrolling in the remaining core courses or electives. Students start with either LAW 101 (September), LAW 110 (January), or LAW 210 (May) in their first year cycle. If after completing these three required courses, the remaining required courses, LAW 200 and LAW 300, are not available in the terms immediately following, students may enroll in electives until they become available.

Fees and Expenses

Please see the [Fees & Finances](#) section of the Capilano website. Financial aid is available to eligible students for eligible programs. For more information, please see [Financial Aid & Awards](#).

Paralegal Certificate

Intakes:	Campus	Terms	Full/Part Time
	Off Campus	Summer	Part-Time
	Off Campus	Fall	Part-Time
	Off Campus	Spring	Part-Time

Certificate requirements must be completed within five years of commencing the program. The five-year period may be extended in exceptional circumstances.

Continuation Requirements: Any student whose cumulative grade point average falls below 3.0 (B) after completing LAW 101, LAW 110 and LAW 210 may be required to withdraw from the program in consultation with the Chair. Any student whose cumulative grade point average falls below 2.0 (C) will not be permitted to continue in the program.

Graduation Requirements: Students must complete all courses in the curriculum (the five required courses and 15 credits of electives) and achieve a cumulative grade point average of 3.0 (B) or higher in order to graduate. Students who complete the course requirements without being admitted in the certificate option (for instance, by taking the courses in the degree or diploma option, or transferring in credits from other institutions) and without two or more years of legal work experience will not be eligible to graduate automatically. In these circumstances students must complete up to two years full-time relevant work experience in consultation with the Chair before being eligible to graduate.

LEGAL ADMINISTRATIVE ASSISTANT PROGRAM**Legal Administrative Assistant Certificate****General Information**

This career program covers five main areas of law providing a fundamental understanding of the legal system in B.C. Students are trained in legal terminology and procedural rules. They will review relevant legislation and acquire necessary skills in the formatting and handling of legal documents. Typing, legal office procedures, hands-on computer technology and a two-week legal office work practicum are included in the curriculum. There are two options for completing this program: an eight-month, full-time program to be completed in person, or a two-year, part-time program to be completed online.

A Capilano University certificate is granted upon successful completion of the program.

For more information, please see [Legal Administrative Assistant Certificate](#).

Career Opportunities

The exacting field of law offers excellent career opportunities for students graduating as legal administrative assistants.

This very specialized program provides intense training in traditional administrative assistant skills as well as legal procedural courses including: civil litigation, wills and probate, corporate law, conveyancing and mortgaging, family, legal office procedures and basic securities procedures. Upon completion of the program, students find employment in specialized, as well as general, law offices.

Once working in the legal field, many graduates of the Legal Administrative Assistant program proceed to the part-time Paralegal Certificate program, available evenings and also as an online option for those outside the Vancouver area.

Legal Administrative Assistant program graduates who have achieved a cumulative B+ average and who have obtained employment in a law firm, government law department or corporate law department are now

eligible to enter the Paralegal Certificate part-time program. This allows them to further their education in the evening while earning a salary and gaining valuable experience in the legal support field.

Admission Requirements

- BC Secondary School graduation (Grade 12) or equivalent
- Capilano English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (Academic IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.
- LGST English Diagnostic Test (minimum score of 31/50 is required) to be completed at an Information Session or invigilated online
- Applicants must also submit a resume and a letter of reference. In addition, a Keyboarding Test (minimum 45 wpm touch typing) must be completed at the Information Session or invigilated online

CITATION IN CONTRACT LAW

General Information

The Citation in Contract Law is offered in partnership with other organizations or agencies, such as BC Hydro. This nine-credit citation consists of three courses (three credits each): Introduction to Law (LAW 101), Contracts I (LAW 300) and Contracts II (LAW 301). It is available in two delivery modes: onsite and online. The courses are taken over three successive terms, one course per term, while students are employed by their sponsoring organizations. It is designed for managers whose work involves contract procurement or management, and to improve outcomes in those areas for their employers through an in-depth training in contract law.

Admission Requirements

- Current employment at a business organization. Nomination by the business organization of eligibility to take the program.

Admission/Application Notes

Please contact us at 604.983.7594 or legalstudies@capilanou.ca if you have any questions regarding the admission or application process relating to this program.

Education, Health & Human Development

General Information

The Faculty of Education, Health & Human Development offers a diverse spectrum of programs ranging from preparatory studies to post baccalaureate certificates. Our learners are as diverse as our programs. Whether studying in early childhood, English for Academic Purposes, adult upgrading, music therapy, health studies or other programs, the focus is on providing current, relevant content to ensure graduates are well prepared for the next level of study or for employment.

Admission is limited and applicants are considered on the criteria established for each program area. In general, Grade 12 graduation is required for students applying to two year Diploma Programs, although others may be admitted on the basis of their experience and abilities. Due to the timely nature of these programs, requirements and profiles may change.

Contact the individual program areas for current information.

TRANSFER TO AND FROM OTHER INSTITUTIONS

There is an agreement among public post-secondary institutions in British Columbia to accept completed courses and provide equivalent credit for these courses. The decision to accept courses for transfer always rests with the receiving institution.

Transfer credits are granted to students for acceptable work completed at other institutions. Students wishing to transfer credit should present the required documentation to the Registrar's Office for consideration. Full information on the transfer of specific courses is available from the [BC Transfer Guide](#), the Registrar's Office, and the program area.

GRADUATE EMPLOYMENT

Employment opportunities for graduates are excellent; however, Capilano does not guarantee jobs for its graduates.

ADMISSION DATES

Enrolment is limited due to space and equipment limitations. Consequently, those students who contemplate entrance are encouraged to apply early. Applicants may be required to have an interview with the Program Coordinator prior to admission.

Unsuccessful applicants should contact an advisor to determine an appropriate educational alternative.

PRACTICUMS

Students are required to have a Criminal Records Check.

STUDENT COURSE AND WORK LOAD

Full-time programs are designed so that successful completion is a full-time task. Students are advised not to undertake other activities that require large time commitments, including employment, while undertaking full-time studies.

DIPLOMA IN CAREER PROGRAMS

To be eligible for a diploma, a student must have:

1. Completed program requirements, 50% of which must be completed at Capilano University;
2. Achieved a cumulative grade point average of 2.00 or higher. Some programs require a higher than 2.0 cumulative grade point average in order to receive a diploma.

CERTIFICATE IN CAREER PROGRAMS

To be eligible for a certificate, a student must have:

1. Completed program requirements, 50% of which must be completed at Capilano University.
2. Achieved a cumulative grade point average of 2.00 or higher. Some programs require a higher than 2.0 cumulative grade point average in order to receive a certificate.

School of Education & Childhood Studies

GENERAL INFORMATION

The School of Education and Childhood Studies offers students the opportunity to focus on school based support (Education Assistant) or study the early years (Early Childhood Care and Education). The programs in the School of Education and Childhood Studies promote critical thinking and inquiry and provide students with a strong emphasis in theory and practice that reflects pedagogies of social equity, justice, diversity and support for those who present with a wide range of abilities. The programs support the provision of meaningful learning experiences for all children from birth to grade 12.

Application Deadlines, Admission Dates

Early Childhood Care and Education (ECCE) program applications are accepted for the Fall term and Education Assistant program applications are accepted for the Summer term of each year.

International Opportunities

In conjunction with Capilano University's International Joint Partnership Projects and Study Abroad, several international opportunities have been offered for ECCE students and alumni. These include Kindergarten work placements in locations such as Beijing, China and study abroad courses in locations such as England, Sweden and Finland.

Currently there are no active Study Abroad or exchange programs being offered. For more information call 604.984.4960.

Regional Campus

All courses are offered at the North Vancouver campus. Select courses may be offered online or at the ká lax-ay | Sunshine Coast campus.

For information on program offerings at the ká lax-ay | Sunshine Coast campus please contact the regional campus directly at sunshinecoast@capilanou.ca or the ECCE Department: ecce@capilanou.ca

Credentials Awarded

- Bachelor of Early Childhood Care and Education Degree
- Early Childhood Care and Education Diploma
- Early Childhood Care and Education Certificate
- Infant and Toddler Certificate
- Special Needs Certificate
- Early Childhood Care and Education Post Baccalaureate Diploma

BACHELOR OF EARLY CHILDHOOD CARE AND EDUCATION DEGREE

A Bachelor of ECCE provides students with advanced competencies and knowledge required to work with children under the age of five, including those children who require extra support, in licensed early childhood programs. The degree offers students a range of academic and education courses that support students in thinking deeply with theory and practice in the early years. Courses explore current and global issues in the early years, advanced perspectives on pedagogical practices, and engage with current research and theory. Three core threads are reflected in the degree: Curriculum, Childhoods and Leadership and Advocacy. Each of these threads is woven throughout the degree, inviting students to engage in critically-reflective practice and working to create classrooms of social justice and equity for children and families. They offer advanced perspectives on ECCE practice, encouraging graduates to continue to develop their abilities as outstanding educators and partners in children's lives. Graduates will be prepared to assume leadership roles as advocates, policy specialists, administrators, researchers and early childhood educators.

- Four-year degree offered full and part time

Career & Educational Opportunities

Graduates of the programs have found rewarding careers such as:

- Working with children and families in a broad range of early learning settings, including licensed childcare and Strong Start programs
- Community Care Licensing Assessor
- Working in supported child development agencies
- Supervising staff and management positions in childcare organizations
- Guiding and sustaining organizations that influence policy
- Director of Family Programming in community organizations

- Leadership role in advocacy for children, families, and early childhood education

Degree graduates may choose to pursue graduate studies or continue to complete a Professional Development Program to obtain a licence to teach in the school system.

For more examples and further information, please see the [Bachelor of Early Childhood Care and Education Degree](#).

Admission Requirements

- BC Secondary School graduation (Grade 12) or equivalent
- A minimum grade point average of 2.0 (60%) calculated on English Studies 12 or English 12 or English First Peoples 12 and three Academic Grade 12 courses. Admissions preference may be given to students with Literary Studies 12 as one of the three academic Grade 12 courses.
- Capilano English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (Academic IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.

Application/Admission Notes

Information meetings will be held throughout the year; attendance at a meeting is strongly encouraged. Information regarding the programs offered and details about the application procedure will be provided at these meetings. Please visit the [department website](#) or contact the department to register for an information meeting: ecce@capilano.ca.

The department website also includes application information and details on meeting the academic admission requirements for applicants who have some ECCE courses (Capilano or Transfer) or ECCE Licence(s) to Practice issued from the ECCE Registry or relevant university courses.

Supplemental Documentation

Prior to registration in any practicum, students are required to submit additional documentation (for example: criminal record check, immunization status, first aid certificate) as required by the Child Care Regulation, Community Care and Assisted Living Act.

Laddering from Diploma to Degree

All students in the diploma program at Capilano University are required to take 52.5 credits of 100, 200, and directed 300 level ECCE courses. A student in the diploma program may choose to apply to the degree program and all of the Capilano University ECCE courses taken as part of the diploma will be applied towards their ECCE degree. For more information please refer to the list of degree and diploma courses.

Continuation in the Program

Continuation in each term of the programs is dependent upon the demonstration of satisfactory interpersonal, academic, and teaching/guiding skills. 2.67 is the minimum cumulative GPA acceptable for continuation in the degree.

Bachelor of Early Childhood Care and Education Degree

Intakes:	Campus	Terms	Full/Part Time
	North Vancouver	Fall	Both

Students starting in their baccalaureate degree on or after Fall 2018 and graduating on or after June 2022 must meet Cap Core graduation requirements in addition to their program requirements.

Approved Quantitative/Analytical Courses for Capilano University Degrees

Please refer to the [Graduation](#) section of the calendar for a complete listing of approved quantitative and analytical courses.

EARLY CHILDHOOD CARE AND EDUCATION DIPLOMA

The Early Childhood Care and Education (ECCE) diploma provides students with the competencies and knowledge required to work with children under the age of five in licensed early childhood programs. Education courses in the diploma meet the requirements of the BC Early Childhood Educator Registry for the ECE Certificate to Practice, and additionally, either the Infant Toddler Educator Certificate to Practice, or the Special Needs Educator Certificate to Practice. It offers students an opportunity to examine historical and contemporary understandings of child care, education, families, and childhood. It will provide students with a practical and theoretical foundation as partners in children's lives. Graduates will be prepared to assume leadership roles as early childhood educators and advocates.

- Two-year program offered full and part time

A student in the diploma program may choose to apply to the degree program and all of the Capilano University ECCE courses taken as part of the diploma will be applied towards their ECCE degree.

Career & Educational Opportunities

Graduates of the programs have found rewarding careers such as:

- Working with children and families in a broad range of early learning settings, including licensed childcare and Strong Start programs
- Community Care Licensing Assessor
- Working in supported child development agencies
- Supervising staff and management positions in childcare organizations
- Guiding and sustaining organizations that influence policy
- Director of Family Programming in community organizations
- Leadership role in advocacy for children, families, and early childhood education

Diploma graduates may choose to apply to the degree program and all of the Capilano University ECCE courses taken as part of the diploma will be applied towards their ECCE degree.

For more examples and further information, please see [Early Childhood Care and Education Diploma](#).

Admission Requirements

- BC Secondary School graduation (Grade 12) or equivalent
- English Studies 12 or English 12 or English First Peoples 12. Recommended but not required: A minimum grade point average of 2.0 (60%) calculated on English Studies 12 or English 12 or English First Peoples 12 and three academic Grade 12 courses. Admissions preference may be given to students with Literary Studies 12 as one of the three academic Grade 12 courses.
- Capilano English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (Academic IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson

Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.

Application/Admission Notes

Information meetings will be held throughout the year; attendance at a meeting is strongly encouraged. Information regarding the programs offered and details about the application procedure will be provided at these meetings. Please visit the [department website](#) or contact the department to register for an information meeting: ecce@capilano.ca.

The department website also includes application information and details on meeting the academic admission requirements for applicants who have some ECCE courses (Capilano or Transfer) or ECCE Licence(s) to Practice issued from the ECCE Registry or relevant university courses.

Supplemental Documentation

Prior to registration in any practicum, students are required to submit additional documentation (for example: criminal record check, medical exam, first aid certificate) as required by the Child Care Regulation, Community Care and Assisted Living Act.

Laddering from Diploma to Degree

All students in the diploma program at Capilano University are required to take 53.5 credits of 100, 200, and directed 300 level ECCE courses. A student in the diploma program may choose to apply to the degree program and all of the Capilano University ECCE courses taken as part of the diploma will be applied towards their ECCE degree. For more information please refer to the list of degree and diploma courses.

Continuation in the Program

Continuation in each term of the programs is dependent upon the demonstration of satisfactory interpersonal, academic, and teaching/guiding skills. C- is the minimum acceptable grade in all courses within the diploma and certificates.

EARLY CHILDHOOD CARE AND EDUCATION POST BACCALAUREATE DIPLOMA

The ECCE post baccalaureate diploma allows students with undergraduate degrees to study and earn a credential in Early Childhood Care and Education at the post-graduate level; an opportunity that is not widely available. The diploma allows students to gain new skills and broaden their knowledge in order to advance their career, change career direction, and deepen their understanding of Early Childhood politics and pedagogy.

The post baccalaureate diploma offers students further opportunities to pursue their understandings of the changing global context of child care, education, families, and childhood. It offers advanced perspectives on ECCE practice and teaching, encouraging graduates to continue to develop their abilities as outstanding educators, teachers, and partners in children's lives.

- Two-year program offered full and part time

Please note: the post baccalaureate diploma is most relevant to those holding a Professional Teaching Certificate with the BC Ministry of Education.

Who should apply?

Individuals holding a Professional Certificate with the BC Ministry of Education who wish to pursue further studies in early childhood education.

Admission Requirements

- Completion of a recognized Bachelor's degree (or equivalent) with a minimum graduation grade point average of 2.0.
- Capilano English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (Academic IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.
- Applicants may be required to attend an interview
- Letter of interest/intent, maximum 500 words (guidelines for letter of interest/intent: the philosophies that currently shape your teaching practice and your professional curiosities, questions, and inquiries that may guide your research and learning.)

Application/Admission Notes

Students in ECCE Bachelor degree cannot take the Post Baccalaureate diploma as this program is an integral part of their undergraduate degree. Post Baccalaureate means different courses completed after

the undergraduate degree. Please contact the department or email ecce@capilanou.ca to receive information on applying to the program.

Please visit [ECCE Post Baccalaureate Diploma](#) for application details.

Continuation in the Program

Continuation in each term of the programs is dependent upon the demonstration of satisfactory interpersonal, academic, and teaching/guiding skills. 2.67 is the minimum cumulative GPA acceptable for continuation in the Post Baccalaureate diploma.

EDUCATION ASSISTANT CERTIFICATE PROGRAM (EA)

General Information

The Education Assistant (EA) evening/weekend program prepares students to work in inclusive educational settings with children and adolescents, Kindergarten to Grade 12, who have diverse learning needs. EA students are trained to support children and youth who present with a wide range of abilities so that these children can participate fully as members of a community of learners.

Education Assistants work under the direction of classroom teachers or resource teachers and give special attention to students with physical, learning or emotional needs by:

- implementing individualized or group instruction in communication skills, life skills, behaviour management techniques and adaptive physical education
- assisting in the modification of curriculum, assignments and tests to accommodate students' special needs
- attending to and providing personal assistance to students in toileting, positioning, mobility, feeding, grooming and dressing
- transferring and assisting students to and from wheelchairs, desks, special equipment and work areas
- supporting all students in inclusive classroom environments

This program prepares students for a variety of para-professional duties in school, and includes theoretical studies and practical applications for working with children and adolescents who need extra support.

For more information, please see [Education Assistant Certificate](#).

Who Should Apply?

Successful EA applicants have an aptitude for working with children or adolescents, are patient, interested in education and learning, consider schools to be interesting and exciting places, and show initiative while working in a world of rapidly changing ideas.

Admission Requirements

- BC Secondary School graduation (Grade 12) or equivalent
- English Studies 12 or English 12 or English First Peoples 12, and Apprenticeship & Workplace Math 11 or Foundations of Math 11 or Pre-Calculus 11.
- Capilano English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (Academic IELTS)=6.5 overall, and no

one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.

- Applicants are required to attend an information session and will be assessed on the basis of an interview with faculty, past academic experience and relevant experience working with children and adolescents. Submission of a covering letter (stating reasons for wishing to apply to this program), resume, three reference letters and clear criminal records search are required.
- Standard First Aid certificate, CPR certificate, TB test.

School of Allied Health

GENERAL INFORMATION

When you choose a career in the health care you open the door to many rewarding possibilities: from the newborn to the elderly, you provide care and support to those with a range of abilities and challenges. It's a vocation for those who value dignity, trust, respect, responsibility and collaboration. At Capilano you can choose from several areas of study from a four year degree to a six month certificate. Each program offers students an integrated learning experience combining theoretical study with practical applications of new skills in real life settings.

HEALTH CARE ASSISTANT CERTIFICATE

General Information

The Health Care Assistant program is a 745 hour certificate program recognized throughout B.C. Graduates of the program are qualified to work in any level of continuing care, including home support, adult day-care, assisted living, and complex care (including special care units).

The program integrates health care theory with 270 hours of practice in actual care settings. Students learn to provide person-centered care with the goal of promoting and maintaining the physical, emotional, cognitive, social and spiritual well-being of clients. Clinical practicums take place in a variety of continuing care facilities, home support agencies, and/or assisted living sites.

Program Intakes

Up to two programs may be offered each year in North Vancouver and at the *káɫax̣-ay* | Sunshine Coast campus. For current offerings please see the program website: [Health Care Assistant Certificate](#).

Admission Requirements

- Applicants must have BC Secondary School graduation (Grade 12); or be a minimum of 18 years of age with a minimum of Grade 10 English
- Applicants must meet the English Language Competency requirements as specified by the BC Care Aide and Community Health Worker Registry. See the Admission Notes on the program website for a complete listing of the English Language Competency requirements for this program: <http://www.capilano.ca/hca/Health-Care-Assistant-Certificate-Admission-Requirements/>.
- Applicants may be required to attend an interview.
- Covering letter (stating reasons for wishing to apply to this program), resume and 3 written reference letters. Criminal record check required, see Admission Notes.

Admission/Application Notes

- Applicants to the HCA program at Capilano University must meet the [BC Health Care Assistant English Language Competency Requirements](#) (pdf).
- All students who are interested in the HCA program are strongly encouraged to attend an information session.
- A Criminal Record Clearance is required by the Ministry of Public Safety and Solicitor General. The required Criminal Record Check is arranged by Capilano University. Details will be provided at the information session.
- After acceptance to the program, students will be required to submit additional documentation as required by relevant health authorities in order to participate in a practicum. Students must complete the practicum to be eligible for program completion. At minimum, this includes the following:
 - Standard first aid including CPR (level C) with Automated External Defibrillator (AED);
 - TB skin test and/or chest x-ray to rule out active TB;
 - Successful completion of Food Safe Level 1 within 3 years prior to program commencement.
 - Up to date Immunizations in accordance with Practice Education Guidelines of BC.
- The activities of the HCA program involve bending, lifting up to 23 Kg (50 lbs), squatting, standing, and walking for extended periods (can be up to 8 hours). Additionally, during clinical practicums, students will care for clients who are at end of life and some who may be aggressive due to their cognitive status.
- The following is recommended:
 - 40 hours of volunteer work at a Complex Care Unit.

Career Opportunities

The number of people needing continuing health care, home care and support in assisted living in our community is increasing, and there is an ever-growing demand for qualified men and women to work full-time, part-time or as a casual care provider in this field.

Graduate Employment

Graduates of this program are qualified to work with clients/residents in any level of continuing care, including home support, adult day-care, assisted living, complex care (including special care units), and selected acute care units. The potential for employment is excellent. Employers require a criminal record check and ask applicants to complete an English placement test.

For more information on this program please see [Health Care Assistant](#).

Fees and Expenses

Please see the [Fees & Finances](#) section of the Capilano website. Financial aid is available to eligible students for eligible programs. For more information, please see [Financial Aid & Awards](#).

BACHELOR OF MUSIC THERAPY PROGRAM

General Information

The Music Therapy program at Capilano offers the third and fourth years leading to the Bachelor of Music Therapy. This degree program is designed so that students may enter third year with a variety of backgrounds: music, general arts, education, or nursing etc. All four years may be completed at Capilano University.

This program provides students with the opportunity to gain knowledge and develop competencies in such areas as music therapy and practice; clinical disorders; assessment, planning and intervention; improvisation and music of many eras and cultures; interpersonal skills and group dynamics; basic research, and documentation.

The program blends academic and experiential course work. Students deepen their experience of music, creative expression and the role of the arts. They are encouraged to explore their values, beliefs, feelings and communication patterns, to increase their effectiveness in the field. They have field work in a different setting for each of the four terms, in which they are given increasing responsibility to design, implement and evaluate their own treatment programs, under clinical supervision.

Continuance in the Music Therapy program will be contingent upon an adequate level of personal, academic and clinical skills as jointly evaluated each term by the Music Therapy faculty. Music therapy is a helping profession in which music therapists work with clients who are in a state of disability. In the therapist/client relationship, there is an assumption that the therapist is in a well enough state of health and well-being to mediate client difficulties with an appropriate clinical approach. In other words, the therapist must function in clinically suitable ways, be emotionally stable and able to respond generally vis-a-vis the client's needs. The therapist is the helper. The role of the Music Therapy program, in addition to student education, is to safeguard the standards of practice of the professional music therapy community through monitoring student readiness to work with members of the community-at-large who are at risk because of disability, disease, cultural and social deprivation, and otherwise disadvantaged. Safety of clients is essential.

Music therapists use the creative process inherent in musical participation to assist individuals and groups to improve their mental, physical and emotional functioning. Music therapists work with deep emotions in special therapeutic programs, run exercise and dance programs, lead choirs, instrumental ensembles and music appreciation groups as they contribute to therapeutic goals. Music therapy is increasingly identified by health care professionals as an effective catalyst for client motivation, stimulation and communication.

Graduates of the Capilano University Music Therapy program receive a Bachelor of Music Therapy.

For more information, please see [Bachelor of Music Therapy Degree](#).

Career Opportunities

Graduates of the program work with all age groups, with a wide range of physiological, cognitive and emotional disorders, in a variety of clinical settings or in private practice. They are trained to work as part of a health care team.

Accreditation

This course work fulfils the educational requirements for professional accreditation by the Canadian Association for Music Therapy.

A supervised pre-professional practicum is also required before graduation, to fulfil the accreditation requirement for clinical work.

Admission Requirements

- 45 specific university transfer course credits as listed in the Basis of Admission section of the program requirements.
- Capilano English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (Academic IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.
- Audition and portfolio

Application/Admission Notes

A complete Information and Application Package, including audition and interview information, is available on the program [website](#).

The Music Therapy Information and Application Package is recommended to assist you in preparing for entry to third year, including information on the portfolio, audition and interview process. As part of the audition and interview process the following skills will be assessed: basic guitar skills (folk style), volunteer or work experience with people with special needs, computer skills (word processing) and piano skills. Please view the program website or send your mailing address to mtherapy@capilanou.ca

Portfolio submission deadline: April 15th.

REHABILITATION ASSISTANT DIPLOMA PROGRAM

General Information

A Rehabilitation Assistant, also known as an "OTA/PTA/SLPA" or "RA", is a para-professional who works as a member of the health care team under the supervision of and in collaboration with occupational therapists, physiotherapists and speech-language pathologists to support patients or clients of all ages who have experienced disease or injury. This work, most frequently in the areas of gerontology, neurology and orthopaedics, may be carried out in a variety of settings including hospitals, rehabilitation clinics, extended care facilities and in the community in which we live.

The 16 month Rehabilitation Assistant Diploma program at Capilano University is designed to provide students with opportunities to develop the knowledge, skills, values and attitudes necessary to provide a vital supporting role in delivering efficient and effective rehabilitation services within the public and private health care delivery system. Working closely with peers and instructors, the program prepares students to be well-rounded RA's by delivering an integrated approach consisting of scientific knowledge, professional skills, rehabilitation theory and practical skills, case study integration and clinical fieldwork. Students will also learn how to apply the principles and practices of Rehabilitation Assistance in their everyday work

Graduates of the program will:

- demonstrate professional behaviour
- promote optimal client independence
- develop, implement and modify treatment plans with clinical supervision
- provide training which enables clients to develop, maintain or restore physical, psychosocial, cognitive and/or communication skills according to the plan
- train clients/significant others in a variety of mobility, communication, self-care, work and leisure activities
- apply strategies to manage cognitive and psychosocial skills
- observe and report to the clinician and team on services delivered
- provide administrative and operational support to a rehabilitation service such as scheduling clients, managing inventory and treatment information, manufacturing and assembling special equipment and wheelchairs.

For more information, please see [Rehabilitation Assistant Diploma](#).

Who Should Apply?

Successful RAs are people who have a positive attitude, care about people and who are motivated to enable people to help themselves. Those who have a strong interest in rehabilitation and who see themselves as "team players" will do well in this program. Flexibility in working in a demanding health care environment and ability to communicate well with managers, peers and people of all ages, backgrounds, attitudes and beliefs are definite assets for any candidate entering the field of health care.

The Rehabilitation Assistant Diploma program is limited to 22 students. Students selected for the program will be notified by mail

Admission Requirements

- BC Secondary School graduation (Grade 12) or equivalent
- English Studies 12 or English 12 or English First Peoples 12 and at least 1 science (Biology 12, Physics 12 or Chemistry 12). Must have basic computer skills for PC system as evidenced by letter from employer or teacher who can verify computer skill level.
- Capilano English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (Academic IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.
- Attend an information session. Applicants assessed on the basis of an interview, academic experience, relevant work experience, individual objectives & areas of interest. Submit a resume, a handwritten letter of interest describing why you want to work in rehabilitation and why you would be an excellent candidate, 3 letters of reference from employers or responsible persons in the community one of which must certify the completed work experience. A current criminal record check is required.
- Applicants must demonstrate the ability to communicate effectively in spoken and written English. A program English placement test will be required.
- Successful completion of a minimum of 50 hrs of volunteer or paid work experience with people compromised in activity or participation by disease or injury. Applicants must be in good physical health, including the ability to lift & transfer 50 lbs, as confirmed by a confidential letter from their physician. To qualify for fieldwork placements, students must have a Standard First Aid & CPR level "C" certification and TB test.

Graduation Requirements

Graduates from Capilano University's Rehabilitation Assistant Diploma Program will be able to meet changing employer demands and be able to demonstrate mastery of the OTA/PTA/SLPA competencies required to meet national and provincial professional competencies and/or guidelines. Students must obtain a minimum B average in all courses and successfully complete all clinical fieldwork in order to graduate with the RA Diploma.

School of Access and Academic Preparation

GENERAL INFORMATION

The School of Access and Academic Preparation offers adult learners the opportunity to complete prerequisites for entry to a wide range of programs both at Capilano and other colleges and universities. Our focus is on a student centered experience where you study in small classes with knowledgeable instructors who understand the diverse needs and experiences that adult learners bring to their studies. Programs are offered at the North Vancouver and *kálay-ay* | Sunshine Coast campuses, the Ts'Zil Learning Centre in Mount Currie, and in many community locations around the lower mainland and in our regional communities. The Adult Basic Education program, the English for Academic Purposes program, the University One for Aboriginal Learners Certificate program and the College and University Preparation program are designed to prepare students who lack course prerequisites for university transfer and career/vocational programs. The Access Work Experience program provides practical knowledge and support for students who have barriers to employment. The Community Development & Outreach department partners with community organizations to provide educational opportunities, especially for society's most vulnerable learners.

Many of these courses are taught in 1.5 hour classes that meet twice a week for an academic term (15 weeks). In addition, considerable independent study is required outside of the formal instruction period. Certain courses offered in the Faculty of Arts and Sciences and the Faculty of Business & Professional Studies may also satisfy the student's upgrading needs.

Some courses in the School of Access and Academic Preparation have no course tuition fees for Canadian citizens and landed immigrants. International students pay International student fees (please see the [Fees & Finances](#) section of the website).

For more information, please see [School of Access & Academic Preparation](#).

ADULT BASIC EDUCATION

General Information

The Adult Basic Education (ABE) program enables students to upgrade their knowledge of English, mathematics, biology, chemistry, physics, history, and computers. Students may select from one to five subjects, depending upon their educational and occupational goals. Students can pursue any of the following goals:

- complete secondary school qualifications (Grade 12 graduation)
- upgrade or refresh mastery of a subject
- improve grade point average (GPA)
- complete missing prerequisites for other university courses
- prepare for other university programs

This program operates from September to August, offering instruction in 1.5 hour classes. Both self-paced and term-paced classes are offered. Placement in courses is based on pre-registration assessment of academic background.

Many students benefit by enrolling in ABE courses while registered in other university or career/vocational programs at Capilano University.

Students who need more than four months to complete a course may re-register if they are attending and progress is satisfactory. Students who finish a course before the end of the term may immediately register for the next higher course in the given subject.

For more information, please see [Adult Basic Education \(ABE\)](#).

Class times are as follows

Morning classes:	8:30 a.m., 10 a.m., and 11:30 a.m.
Afternoon classes:	1 p.m., and 2:30 p.m.
Evening classes:	5:30 p.m.

Admission Requirements

Students should be at least 18 years old and preferably out of the public school system for a minimum of one year. Exceptions will only be made with departmental approval. Students should apply at least three months prior to anticipated date of entry. Students with English as a second language may be referred to the English for Academic Purposes department before enrolling in ABE classes.

How to Apply

[Apply for Admission/Readmission](#) online. Supporting documents should be submitted to:

Registrar's Office Capilano University
2055 Purcell Way, North Vancouver, B.C.
V7J 3H5
Phone: 604.984.4900
Fax: 604.984.1798

Note

All students must participate in an assessment/interview before registration in order to determine the course(s) or program which best meets their educational goals. Students may not be accepted into the program if, after assessment and interview, it is determined that their learning needs will not be met by the program. To book an assessment/interview, call 604.983.7578 or go to [ABE Info & Assessment Sessions Sign-up](#).

Offerings and procedures at the *kálay-ay* | Sunshine Coast campus are slightly different. Contact the regional campus reception desk or ABE coordinator at 604.885.9310 or sunshinecoast@capilano.ca.

Registration

Regular attendance and satisfactory progress are conditions for re-registration in ABE courses. Students may be directed to other programs if their attendance and performance in ABE does not match their stated educational goals.

Note

Offerings and procedures at the *kálay-ay* | Sunshine Coast campus are slightly different. Contact the regional campus reception desk or ABE coordinator at 604.885.9310 or sunshinecoast@capilano.ca.

ABE Certificates & Diploma

To be eligible for a diploma or a certificate, a student must have achieved a cumulative grade point average of 2.00 or higher.

The B.C. Adult Dogwood Graduation Diploma, issued by the Ministry of Education, Skills and Training, provides an alternate route for adults to achieve a Grade 12 standing to post-secondary institutions in B.C.

Intermediate & Advanced Certificates are issued by Capilano University and provide prerequisites for career and vocational programs throughout the province.

Fundamental level instruction provides basic reading and writing skills and number skills.

ABE certificates/diploma also satisfies most employers' high school requirements. Certain high school courses may qualify as transfer credit toward ABE certificates.

Advanced and Provincial level ABE courses may be used for transfer credit towards a B.C. Regular or Adult Dogwood Certificate.

The ABE program offers courses at four levels as outlined in the chart below.

Adult Basic Education - Levels of Instruction

Courses	Fundamental	Intermediate	Advanced	Provincial Level
BENG	011 and/or 021*	031*	043 and 044*	053 and 054*
BMTH	021*	033 and 034	(043 and 044)*or (047 and 048)*	053 and 054
BCHM		036	043 and 044	053 and 054
BPHY		036	043 and 044	053 and 054
BBIO		036	043 and 044	053 and 054
BHST				052
BSOC			041	
BCMP		031	041	051 or 052 or 053

*Required for certificate or diploma

Advanced math is a requirement for B.C. Adult Dogwood Graduation Diploma. For further details, please arrange an assessment/interview by phoning 604.983.7578.

When courses are linked by "and", students must take both courses to complete the level.

Not all courses are offered every term or at every campus.

ACCESS WORK EXPERIENCE

General Information

The Access Work Experience department, operating within the School of Access and Academic Preparation, values diversity and the opportunity to pursue lifelong learning in a supportive and empowering environment. We aim to provide learners, who may have social, economic, physical, emotional and/or learning barriers the opportunity to acquire knowledge, skills and experience in a supportive university.

For more information, please see the [School of Access & Academic Preparation](#) website.

Education and Employment Access Certificate Program

General Information

The Education and Employment Access program is a full-time, eight month certificate program. Students with learning difficulties or other barriers to reaching their goals will be offered specific support in their transition to post-secondary education and employment. Focus will be on developing the skills and strategies necessary to be an independent learner in a university setting. Students will finish with a professional portfolio, strategies for success in first year courses and current experience in the employment sector of their choice. The spring term includes a practicum.

For more information, please see [Education and Employment Access Certificate](#).

Student Profile

Students who will find the Education and Employment Access program beneficial are those with access issues which may include learning disabilities, mental health concerns, autism spectrum disorders and other barriers to employment and further education.

Admission Requirements

- Interview

Admission/Application Notes

Interested applicants are invited to contact the department directly. A paper application to the university will be required in order to schedule an interview. Interviews take place between February and August of each year for a September intake.

Fees and Expenses

Please see the [Fees & Finances](#) section of the Capilano website. Financial aid is available to eligible students for eligible programs. For more information, please see [Financial Aid & Awards](#).

COLLEGE AND UNIVERSITY PREPARATION PROGRAM

General Information

The object of the program is to improve the participation and success rates of students who are planning to attend post-secondary institutions. The program helps students to gain confidence at college and university by developing academic skills while gaining academic qualifications.

Typical students in the program include those who want to:

- try school again after at least one year away;
- refresh their skills and improve their GPA before entering a college or university program;
- upgrade high school courses in a supportive learning environment;
- develop skills for participating in computer-based/online courses, but would like to be introduced to this technology with the help of a teacher in the classroom;
- explore career and education choices before selecting a further program of study.

Students may start the program in either September or January. The program is full-time (classroom activities Monday through Thursday, plus online activities) for 15 weeks. Students should begin the application process as soon as possible prior to the start of classes.

The program makes extensive use of computers. In addition to two computer courses, the English, Math and Career Planning courses use computers for portions of the course content. Learners do not need strong computer skills to enter the program, just the desire to improve their skills using computers.

There is a computer lab dedicated to the program, and there is one computer for each student. These are instructor-led classes supported by a computerized Learning Management System. Attendance and participation are keys to student success. The maximum class size is 20 students.

For more information, please see [College and University Preparation Citation](#).

Program Objectives

Students will gain confidence working in a post-secondary setting, and acquire life and academic skills useful for pursuing:

- career and vocational programs at a university, college or technical institute;
- university or university transfer programs at a university/college;
- skills to become a successful online student;
- further academic upgrading to pursue a chosen course of study.

At the completion of the program, students will have created their own personal educational plan to guide and assist them in reaching their educational and career goals.

Program Content

Required Courses (Course Credits)

At least one level in each of the following subjects:

- BCMP - Computer Studies
- BENG - English
- BMTH - Basic / Business Mathematics
- EDCP - Education and Career Planning

The above courses have multiple levels. Students are placed in a level best suited to their abilities. All courses in the program are articulated with Adult Basic Education, and may be used towards The B.C. Adult Dogwood Graduation Diploma.

Typical Schedule

The students' schedule will be similar to the following:

	Monday	Tuesday	Wednesday	Thursday	
10:00-11:30		Study Skills/Career Planning		English	
11:30-1:00	English		Computers	English	
1:30-2:30	English	Math	Computers	Math	
2:30-4:00		Math		Math	

Admission Requirements

- Grade 10 or permission of the department.
- Must have completed some ESL course work. Level and grade requirement to be determined by Department.
- Interview
- 18 years age and out of high school for a year or department approval. Students must contact the program assistant or coordinator to schedule an interview and an English, math and computer assessment. A program application is also required.

How to Apply

[Apply for Admission/Readmission](#) online. Supporting documents should be submitted to:

Registrar's Office Capilano University
2055 Purcell Way, North Vancouver, B.C.
V7J 3H5
Phone: 604.984.4900
Fax: 604.984.1798

Admission/Application Notes

Please contact the coordinator or the program assistant at 604.983.7578 to schedule an assessment and interview.

Registration

Students are given an assessment interview before registering in the program. The assessment and interview are to help place the student at their correct levels for the various courses.

Attendance

Regular attendance is essential to ensure student success. Regular attendance, participation and satisfactory progress in all subject areas are requirements for continued enrolment in the program. Students may be directed to other programs if their attendance and progress does not meet either the program's stated goals, or the students' stated educational goals.

Citation Requirements

In order to receive a citation from the College and University Preparation program, students must successfully complete one course from each of the four areas of study (Education and Career Planning, Mathematics, Computers, English).

COMMUNITY LEADERSHIP AND SOCIAL CHANGE DIPLOMA

General Information

The Community Leadership and Social Change Diploma is an innovative program that prepares students for rewarding careers in the community development and non-profit sector in Canada. The curriculum and class room environment reflect the principles of community development, social change and social justice. Students gain an in-depth and critical understanding of the history, theory and current practice of CD in North America. They develop skills in applying leading edge community development research and planning methods in various community settings. Through experiential learning opportunities, they become facilitators of community processes that build consensus and foster non-violent and collaborative dialogue. In their final term, students take a leadership role in a Capstone Project, applying their knowledge and skills in a particular role in a specific community sector such as literacy, food security, health promotion etc. But most importantly, students will form deep and lasting relationships with people from all sectors, cultures, and classes and with organizations serving all parts of our community in all aspects of community life.

Admission Requirements

- BC Secondary School graduation (Grade 12) or equivalent; or completion of the Community Capacity Building Citation
- Capilano English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (Academic IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.
- Interview
- Active as a volunteer in the community

Who Should Apply

Do you care about your community and want to make a difference? Are you a community volunteer who enjoys working in a collaborative way with others? Do you want to be a leader in creating social change to create a safe, healthy, equitable, sustainable and just world? Then you are the perfect person to apply for this program!

How to Apply

[Apply for Admission/Readmission](#) online. Supporting documents should be submitted to:

Registrar's Office Capilano University
2055 Purcell Way, North Vancouver, B.C.
V7J 3H5
Phone: 604.984.4900
Fax: 604.984.1798

Application Notes

Information sessions will be held throughout the year in the community. Attendance at an information session is strongly recommended. Information about the application process will be provided at those meetings. Visit our [website](#) or contact the department directly to get more information: 604-984-1759.

Fees and Expenses

Please see the [Fees & Finances](#) section of the Capilano website. Financial aid is available to eligible students for eligible programs. For more information, please see [Financial Aid & Awards](#).

Graduate Employment

The National Survey of Non-profit and Voluntary Organizations (NSNVO), last conducted in 2003, indicates that there are approximately 161,000 non-profit and voluntary organizations in Canada with over 2 million employees and revenues exceeding \$112 billion. British Columbia's non-profit and voluntary organizations employed 113,000 people not including those who worked in hospitals, universities and colleges; a workforce larger than the total employment in the forestry, fishing, and mining, oil and gas. Twenty five percent of organizations experienced difficulty attracting qualified staff and as many as 50% had difficulty securing qualified volunteers.

In this program students develop working relationships with staff, management and volunteers in various community organizations in their community. Successful graduates may find employment as program coordinators, fundraisers, volunteer coordinators, settlement workers, health promotion workers, or food network coordinators. They will develop a personal pathway to leadership in community development that could involve transferring to a degree program, working in the non-profit sector, being active as a leader in their community or working independently as a project consultant.

Program Location

Two required courses - CLSC 100 and CLSC 105 - will be offered only at a community location in Vancouver on Wednesday evening. The remaining required courses will be offered at Capilano University, North Vancouver Campus, during the weekday.

Service Learning

Two service learning courses provide students with an opportunity to gain credits for doing what they love: volunteering in their community. In addition to required community volunteering, these courses will include faculty support, coaching and specific thematic seminars. A Capstone course can also be used to earn credit and undertake a specific community project.

COMMUNITY CAPACITY BUILDING PROGRAM

General Information

Designed in collaboration with community organizations and funders, the Community Capacity Building program is ideal for those who volunteer with community organizations and who are considering a part-time or full-time career in this work.

This citation program consists of two 3-credit courses and will provide students with a background in the concepts of community development and the practical skills required in entry-level community positions, such as:

- peer volunteer coordinator,
- outreach worker,
- recreational activity coordinator,
- wellness worker,
- support group facilitator, or
- community research assistant.

Classes are offered in community settings and emphasize interaction, reflection, and practical experience under the guidance of instructors who have many years of experience in community work.

For more information, please see [Community Capacity Building Citation](#).

Registration

Students are referred to the Project Manager before registration to establish an educational plan and confirm eligibility for the program. For more information, contact Kathy Coyne at 604.986.1911, local 7885.

Fees and Expenses

Please see the [Fees & Finances](#) section of the Capilano website. Financial aid is available to eligible students for eligible programs. For more information, please see [Financial Aid & Awards](#).

ENGLISH FOR ACADEMIC PURPOSES

General Information

The English for Academic Purposes (EAP) department offers Canadian citizens, permanent residents, and international students who do not use English as a first language a variety of intermediate, advanced

and post-secondary preparatory English courses to help them improve their competency in English for work, daily life, and post-secondary study. Courses cover reading, writing, grammar, speaking and listening skills.

EAP courses are offered full-time.

For more information, please see [English for Academic Purposes \(ESL\)](#).

Programs

The four month terms begin January, May and September. There are two different programs:

Full-Time Intensive Program

The full-time intensive program is designed for students who wish to improve their English skills rapidly and who wish to pursue academic studies. These courses consist of integrated language skills: reading, writing, speaking, listening, grammar, pronunciation and vocabulary. Please note that EAP 050, 060, 070 and 080 are 15 credits each, EAP 090 is 12 credits, EAP 100 is 6 credits, and EAP 101 is 3 credits. Maximum class size is 18 - 20 students. International students should register to study in the full-time intensive program to obtain the utmost benefit from their experience at Capilano University.

Depending on the results of the EAP Placement Test, students may enter at one of five full-time levels:

Level	Courses	Hours/Week
English for Academic Purposes Foundation 1	EAP 050	20
English for Academic Purposed Foundation 2	EAP 060	20
English for Academic Purposes 1	EAP 070	20
English for Academic Purposes 2	EAP 080	20
English for Academic Purposes 3	EAP 090	16
English for Academic Purposes 4A	EAP 100	8
English for Academic Purposes 4B	EAP 101	4

At the EAP 090 and EAP 100 and 101 levels, students may be allowed to take a combination of EAP and Arts & Sciences/School of Business courses at the same time.

English for Academic Purposes: Arts and Sciences Combined, and Business Administration Combined

At Capilano University, students can begin their academic studies while completing their EAP studies.

- When students complete EAP 080 with a B, they are permitted to register in EAP 090 plus 1 (one) Arts and Sciences or Business course.
- When students complete EAP 090 with a B, they are permitted to register in EAP 100 and 101 plus 2 (two) Arts and Sciences or Business courses.
- When students complete EAP 100 and 101 with a B+ in each course, they will meet Capilano University's English Language Requirement and may enrol in an Arts and Sciences program or Business program. In addition, they may apply to any other Capilano University program having met the English Language Requirement of the University.

Note

No other test (e.g. IELTS, TOEFL) score is needed for students who follow this route to Arts and Sciences or Business.

Placement Testing of EAP Students

English for Academic Purposes (EAP) students may submit ONE of the following English assessment tests to ensure placement at the appropriate EAP level:

1. The EAP Department's English Placement Test (EPT). The EAP Department will contact students about EPT testing dates and times.
2. The English Language Assessment test (ELA), which is available only in Vancouver. A letter allowing students to take this test is available from the Centre for International Experience at Capilano University, or the Registrar's Office.
3. Any other external standardized English language test approved by Capilano University. These include TOEFL, IELTS, CAEL, and PTE. See the information on the [English Language Requirement](#) under the Academic Information section of this Calendar.

Admission Requirements

- BC Secondary School graduation (Grade 12) or equivalent
- The following is required: a valid English Language Assessment (ELA) test score of a minimum of 32 OR the EAP Placement Test.

How to Apply

[Apply for Admission/Readmission](#) online. Supporting documents should be submitted to:

Registrar's Office Capilano University
2055 Purcell Way, North Vancouver, B.C.
V7J 3H5
Phone: 604.984.4900
Fax: 604.984.1798

Admission/Application Notes

Once all documents and records have been received, we will consider your application. If you are admitted, the University will send you an official letter of acceptance by mail.

Once students are accepted, they will be contacted by the EAP Department to come in to write the EAP placement test. Students who wish to enrol in EAP as well as other courses in University Transfer, Career, Vocational, or Adult Basic Education should refer to the General Information – Admission section in this Calendar.

Application Deadlines

For International Students*

- Fall Term (September to December): May 31
- Spring Term (January to April): October 15
- Summer Term (May to August): February 15

*For international students, late applications may be accepted provided that time remains to apply for the Study Permit.

*Check with the Centre for International Experience (CIE) at inted@capilanou.ca or the EAP Department at eap@capilanou.ca for the latest information on application deadlines for EAP.

For Permanent Residents**

- Fall Term (September to December): August 1
- Spring Term (January to April): December 1
- Summer Term (May to August): April 1

**Late applications may be accepted if time and space permit.

*Check with the EAP Department at eap@capilano.ca for the latest information on application deadlines for EAP.

Fees and Expenses

Please see the [Fees & Finances](#) section of the Capilano website. Financial aid is available to eligible students for eligible programs. For more information, please see [Financial Aid & Awards](#).

English for Academic Purposes 3 Citation**English for Academic Purposes 3 Citation**

To receive a citation, the student must complete EAP 090 with a minimum B grade. This program does not accept applications. However, students can work towards earning this credential.

Credits		9.00
Total Program Credits		9.00

Business Administration Pathway

General Information

The Business Administration Pathway is a program designed to assist students in EAP who plan to continue their studies in Business Administration. The program consists of 8 months (two semesters), combining English for Academic Purposes with Business Administration courses. Students in the Pathway take all courses in a term together as a cohort. During each term, Business Administration courses are taken concurrently with EAP support courses. The EAP course content relates to and supports the course content of one of the Business Administration courses being taken. EAP instructors collaborate with other course instructors to meet the specific needs of the students. Students in the program must successfully complete EAP 090 with a minimum B grade to continue into the second term. Students who successfully complete EAP 100 and EAP 101 with a minimum B+ grade in both courses will continue with the Bachelor of Business Administration and/or the Business Administration Diploma coursework until they are eligible for their Business credential.

For more information, please see [Business Administration Pathway](#).

Admission Requirements

- BC Secondary School graduation (Grade 12) or equivalent
- Principles of Math 11 (C) or Foundations of Math 11 (C) or Applications of Math 12 (B) or Apprenticeship & Workplace Mathematics 12 (B) or BTEC 115 (B-)
- Students must produce evidence of their English Language proficiency. The standard required is: Test of English as a Foreign Language (TOEFL): paper=520, internet=67, or English Language Assessment (ELA)=114, or International English Language Testing System (Academic IELTS)=5.5 overall, and no one score less than 5.0, or Canadian Academic English Language Assessment (CAEL)=40, or Pearson Test of English (PTE Academic)=47 or Capilano University EAP 080 with a minimum B grade.

Business Administration Pathway

Intakes:	Campus	Terms	Full/Part Time
	North Vancouver	Fall	Full-Time

The Business Administration Pathway will consist of 8 months (two semesters), combining English for Academic Purposes with Business Administration and other courses. Students in the program must successfully complete EAP 090 with a minimum B grade to continue into the second term. Students who successfully complete EAP 100 and EAP 101 with a minimum B+ grade in both courses will continue with the Bachelor of Business Administration and/or the Business Administration Diploma coursework until they are eligible for their Business credential.

Required Courses	Course Credits	Required Credits
<i>Required:</i>		33.00
EAP 090 English for Academic Purposes 3	12.00	
EAP 100 English for Academic Purposes 4A	6.00	
EAP 101 English for Academic Purposes 4B	3.00	
100-level BADM, BCPT, BFIN, BMKT courses as defined by the program	6.00	
100-level courses as defined by the program	6.00	
Credits		33.00
Total Program Credits		33.00

Early Childhood Care and Education Pathway

General Information

The Early Childhood Care and Education Pathway is a program designed to assist students in EAP who plan to continue their studies in Early Childhood Care and Education (ECCE). The program consists of 8 months (two semesters), combining English for Academic Purposes with ECCE courses. Students in the Pathway take all courses in a term together as a cohort. During each term, ECCE courses are taken concurrently with EAP support courses. The EAP course content directly relates to and supports the course content of one of the ECCE courses being taken. EAP instructors collaborate with the academic course instructors to meet the specific needs of the students. Students in the program must successfully complete EAP 090 with a minimum B grade to continue into the second term. Students who successfully complete EAP 100 and EAP 101 with a minimum B+ grade in both courses will continue with the ECCE Certificate, Diploma or Degree program coursework until they are eligible for their ECCE credential.

For more information, please see [Early Childhood Care and Education Pathway](#).

Admission Requirements

- BC Secondary School graduation (Grade 12) or equivalent
- Students must produce evidence of their English Language proficiency. The standard required is: Test of English as a Foreign Language (TOEFL): paper=520, internet=67, or English Language Assessment (ELA)=114, or International English Language Testing System (Academic IELTS)=5.5 overall, and no one score less than 5.0, or Canadian Academic English Language Assessment (CAEL)=40, or Pearson Test of English (PTE Academic)=47 or Capilano University EAP 080 with a minimum B grade.

UNIVERSITY ONE FOR ABORIGINAL LEARNERS CERTIFICATE

General Information

Designed for students of First Nation, Inuit, and Métis ancestry, the University One for Aboriginal Learners program equips students with the critical reading, thinking, writing, quantitative and problem-solving skills necessary for post-secondary success. The program includes individualized support from instructors, tutors, and Elders; courses with Indigenous content; and Indigenous storytellers and guest speakers.

Students will benefit from the shared experience and support of their classmates as they participate in a small, engaging cohort environment. The collaborative nature of this learning model will build confidence and skills.

After completing the eight month program, students will gain twelve 100-level credits that may be used towards degree, diploma, and certificate programs at Capilano University.

For more information, please see the [University One for Aboriginal Learners Certificate](#) website.

Admission Requirements

- BC Secondary School graduation (Grade 12) or equivalent
- English 11 or English Studies 12 or English 12 or English First Peoples 12 with a C or higher
- Capilano English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (Academic IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.
- Interview with Coordinator
- Writing Assessment

Admission/Application Notes

Students whose grades do not reflect their academic potential may be admitted into the program after completing the department's writing assessment and interview.

PRE-UNIVERSITY TRANSFER LEVEL COURSES

For students who do not have some of the course prerequisites for Arts and Sciences or Career programs, the University offers the following pre-university level courses. Students interested in registering for the following pre-university level arts and sciences courses must apply and be admitted to the Arts and Sciences program.

- CHEM 030 Introduction to Chemistry
- ENGL 010 Language Skills
- MATH 097 Intermediate Algebra

Note

Credits for pre-university level courses will not be considered for student loans.

CAREER ACCESS CENTRE

General Information

The Career Access Centre (CAC) makes courses available that may be offered at the North Vancouver and *káɫax-ay* | Sunshine Coast campus, as well as in community settings. Site-specific CAC courses are made available for our community-partnered programs as required and are a part of the ongoing programs being offered there. Students enroll in on-campus CAC courses either as additional support for existing programs, or combined to provide a full-time cohort program. These courses provide support and bridging for low-income learners accessing Capilano University services and preparatory programs.

Available components include English and Math upgrading, English as a Second Language (beginner), computer literacy, transition skills, orientation/ coaching, and student success. Each course can be customized to fit the needs of the learners within the program.

Registration

Students are referred to the Project Manager before registration to establish an educational plan and confirm eligibility for the program. For more information, contact 604.986.1911, local 3679.

Fine & Applied Arts

General Information

Capilano offers a variety of employment-related fine and applied arts programs in media, motion picture, visual and performing arts.

The highly trained faculty of artists active in their fields makes certain that students are taught the timeless traditions of their chosen craft as well as the latest techniques and skills. Relevancy is ensured by advisory committees composed of employers, alumni, and other experts who review and recommend content of all programs.

Programs range from short certificates to four year degrees. A limited number of students are selected for each program. Applications are considered based on the criteria established for each program area, which may include an interview, audition or portfolio review. In general, Grade 12 graduation is required for applicants, although some students may be admitted on the basis of experience and ability.

Contact the individual program areas for current information as requirements and profiles may change due to the continual assessment within these programs.

All courses require basic literacy in written and spoken English. That is, students must be able to understand the texts, other written materials and the instructor's spoken words, and they must be able to write assignments in correct English. Students who are uncertain of their oral and written English should speak to the instructor or an advisor before applying for a program.

TRANSFER TO AND FROM OTHER INSTITUTIONS

There is an agreement among public post-secondary institutions in British Columbia to accept completed courses and provide equivalent credit for these courses. The decision to accept courses for transfer always rests with the receiving institution.

Transfer credits are granted to students for acceptable work completed at other institutions. Students wishing to transfer credit should present the required documentation to the Registrar's Office for consideration. Full information on the transfer of specific courses is available from the [BC Transfer Guide](#), the Registrar's Office, and the program area.

GRADUATE EMPLOYMENT

Employment opportunities for graduates are excellent.

ADMISSION DATES

Students contemplating entrance are encouraged to apply early as enrolment may be limited because of space and equipment limitations. Applicants may be required to have an interview, a portfolio review, and/or an audition prior to admission.

Unsuccessful applicants should contact an advisor to determine an appropriate educational alternative.

PRACTICUMS

Several programs include a practicum or short period of work placement as part of their program requirements. Students gain relevant experience in their area of interest through the practical application of the knowledge and skills learned in the classroom.

For some practicums, students may be required to have a Criminal Records Check.

STUDENT COURSE AND WORK LOAD

Students are advised not to undertake other activities that require large time commitments, including employment, while undertaking the full-time studies of this program.

CERTIFICATE PROGRAMS

To be eligible for a certificate, a student must have:

1. Completed program requirements, 50% of which must be completed at Capilano University.
2. Achieved a cumulative grade point average of 2.0 or higher. Some programs require a higher than 2.0 cumulative grade point average in order to receive a certificate.

DIPLOMA PROGRAMS

To be eligible for a diploma, a student must have:

1. Completed program requirements, 50% of which must be completed at Capilano University;
2. Achieved a cumulative grade point average of 2.0 or higher. Some programs require a higher than 2.0 cumulative grade point average in order to receive a diploma.

IDEA School of Design

GENERAL INFORMATION

The IDEA School of Design offers a full-time 4-year degree program in Visual Communication, with an embedded full-time 3-year advanced diploma.

- Bachelor of Design in Visual Communication (124 credits)
- Visual Communication Advanced Diploma (93 credits)

BACHELOR OF DESIGN IN VISUAL COMMUNICATION

General Information

The Bachelor of Design is a career-oriented 4-year undergraduate degree program that prepares students for employment as visual communicators. This is an intensive, full-time program with all-day classes. Students enjoy dedicated lab and classroom desk space, and fees include equipment such as a camera, art materials kit, laptop computer, and professional association membership fees.

The Bachelor of Design is a cohort program, but a small number of seats in some first year classes may become available to other students at Capilano. The program has a career focus, and courses are taught by industry professionals.

What is Visual Communication?

Visual communication encompasses a variety of subject areas and outcomes, all of which involve the ability to think strategically and communicate visually, whether it's through traditional media like drawing and painting, or through print, digital media, or the design of services or experiences. In years 1 and 2 students are introduced to key foundational concepts and industry-relevant skills. In year 3 optional concentrations in branding, interactive design, and illustration are available. In year 4 students prepare for professional practice, host a graduation show (see www.ideagradshow.com) and undertake a two-month industry practicum.

The IDEA Program Legacy

The Bachelor of Design is an evolution of the 3-year IDEA diploma program which ended in 2014 with 15 years of graduates now working in the design and illustration industry. These creative professionals provide an enduring and receptive network of employers and peers for new Bachelor of Design graduates.

Career Opportunities

The aim of the Bachelor of Design is to prepare students with the professional competencies and creative perspectives increasingly required by businesses and organizations of all kinds. Graduates enjoy careers in communication/interactive design studios or advertising agencies, work in-house in a diverse array of industries, build freelance or contract-based practices, or work in fields such as publishing, exhibit design, packaging design, gaming and concept art.

Admission Requirements

- BC Secondary School graduation (Grade 12) or equivalent
- A minimum grade of C in English Studies 12 or English 12 or English First Peoples 12
- Capilano English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (Academic IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.
- Interview required if portfolio review is successful
- One letter of reference, entrance questionnaire, and a portfolio. If your portfolio meets the standards of the program you will be invited to attend an interview, complete tests in drawing, creative thinking and communication, and asked to bring a current sketchbook for review.

Admission/Application Notes

Contact the department or view the program website for information about application deadlines.

Please note that ENGL 100 is a required course in the first term of the Bachelor of Design in Visual Communication program. In order to enroll in any English course, students must submit the results of the Capilano University [English Diagnostic Test \(EDT\)](#) unless they meet the EDT exemptions listed in the [English Diagnostic Test](#) section of this calendar.

Portfolios

Portfolios are reviewed by an admissions committee on the basis of drawing, design, and creativity. Applicants whose submission meets the standards of the program will be required to attend an interview, complete tests in drawing, written communication, and creative thinking, and submit a sketchbook for review.

Portfolio Content and Submission:

For specific portfolio content instructions, including the number of required pieces of work, please see [Portfolio Requirements](#) on our website. Applicants must submit their portfolio through the online portal SlideRoom.

How to Apply

School of Motion Picture Arts

GENERAL INFORMATION

The School of Motion Picture Arts offers a wide range of full-time programs that prepare students for a variety of career paths in the film production industry. The largest of these, the Motion Picture Arts degree, is a four year program designed specifically for emerging, entrepreneurial filmmakers. A one year certificate and two year diploma are other motion picture options.

For more information please see the School of Motion Picture Arts website.

ANIMATION PROGRAMS

General Information

Capilano University has a long history of training artists and animators for successful careers in the Animation industry. We have intensive training programs in both traditional and 3D computer animation that lead to careers in animation as designers, storyboard artists, layout artists, 3D modelers, texture artists and animators.

In July and August we offer an intensive Animation Fundamentals summer program for students looking to learn the foundation skills necessary to create a solid animation portfolio. This program is a great way to develop your skills and portfolio before entering our full-time programs.

For those interested in a career in animation, we offer two full-time training programs including a two-year 2D Animation & Visual Development diploma and a two-year 3D Animation for Film and Games Diploma.

In this section you will find information on the following programs:

- [Animation Fundamentals Citation](#)
- [2D Animation & Visual Development Diploma](#)
- [3D Animation for Film and Games Diploma](#)

To view graduate portfolios, please visit: www.gradshow.com.

How to Apply

[Apply for Admission/Readmission](#) online. Supporting documents should be submitted to:

Registrar's Office Capilano University
2055 Purcell Way, North Vancouver, B.C.
V7J 3H5
Phone: 604.984.4900
Fax: 604.984.1798

Application Deadlines

Please contact the department or view the [animation program pages](#) for all application deadlines. Acceptance into the Animation programs are based on ranked portfolio reviews. Portfolio reviews begin after the deadline and continue until the program is full. Late applications may be accepted if spaces are available.

Portfolios

Prospective students should follow the requirements posted online: [Portfolio Submission Form](#). This site has all the information, procedures and requirements necessary to apply for admission to any of the animation programs.

Open House

The animation department hosts open house events in the fall and spring each year. This is a great opportunity for those interested to find out more about our programs, tour our facilities, meet students and instructors and have your portfolio reviewed.

Please contact the department at 604.983.7516 for dates and times or check out our program information [online](#).

Professional Standards

All animation students are required to adhere to high standards of academic performance and professional behaviour.

Part-Time Evening Courses

Part-time, non-credit courses in Life Drawing are offered through [Continuing Studies](#). These courses are designed for prospective applicants who want to develop their drawing skills before they commit to a full-time animation program. Contact Continuing Studies at 604.984.4901 for details.

Animation Fundamentals Citation Program

General Information

This eight-week, full-time program provides students with a broad foundation of skills related to the animation industry. It is designed for individuals seeking a career in animation who want to further develop their skills and portfolio prior to entering either the full-time **2D** or **3D** Animation Programs.

The Program

This program introduces students to the process of creating traditional and computer animation. Participants have an opportunity to learn and practise animation techniques through hands-on exercises. The following topic areas are covered: Animation Principles and Timing, Drawing for Animation, Design Basics for Animation, and Digital Animation.

Program Start Date

A maximum of twenty-four students will be accepted each summer. The program runs during the months of July and August.

Admission Requirements

- BC Secondary School graduation (Grade 12) or equivalent; or currently enrolled in Grade 11 or equivalent.
- Capilano English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (Academic IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.
- Interview and portfolio

Fees and Expenses

Please see the [Fees & Finances](#) section of the Capilano website. Financial aid is available to eligible students for eligible programs. For more information, please see [Financial Aid & Awards](#).

2D Animation & Visual Development Diploma Program

General Information

The 2D Animation & Visual Development diploma program prepares students for successful careers in the animation industry where artistic skills are in high demand. Drawing, design and animation skills are emphasised in this program. In the fourth term, students prepare for professional practice, host a [grad show](#) and create personal demo-reels and portfolios. Successful graduates may find employment as character designers, storyboard artists, concept artists, layout artists, background painters or animators. They may also transfer into degree programs or become self-employed, working on commercials, illustrations, interactive games or their own independent films. This program reflects the substantial changes in the technological environment of animation production and the diverse but competitive new opportunities for graduates.

The program has very close ties with the animation community and hires its instructors from the industry. Studio tours, industry guest speakers and networking opportunities with successful alumni give students a strong push towards their future careers. Paid studio internships exclusive to Capilano University's 2D Animation & Visual Development students allow for an early introduction to the industry. CapU's recent animation grads have found work at many studios including: DHX Media, Bardel Entertainment, Atomic Cartoons, Titmouse Animation, Rainmaker, Kickstart Entertainment, Slap Happy Cartoons and East Side Games.

Admission Requirements

- BC Secondary School graduation (Grade 12) or equivalent
- Capilano English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (Academic IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.
- Interview and portfolio.
- Applicants may be required to complete a drawing exercise.

How to Apply

3D Animation for Film and Games Diploma Program

General Information

3D Animation for Film and Games is an intensive two-year diploma that gives artistically- and technically-minded students with drive and ambition the opportunity to become successful digital artists in film, animation, and video game industries.

Behind the animated 3D characters, digital environments of movies, and fantastical worlds of video games stands a talented and motivated force of digital artists whose passion and creativity drive the entertainment industry. Their artistic expertise, fused with cutting edge technologies, bring images and stories to life, to create memorable characters and instil admiration in viewers.

It is no secret that the entertainment industry is highly competitive. Consequently, our training methods are designed to give graduates a significant advantage in becoming professionals. We train students in traditional skills of design, anatomy, drawing, and composition. In order for an idea to become a successful design or animation, its core artistic message must be identified and distilled into a clear concept that incorporates all necessary visual elements such as form, colour, mood, and setting. Digital artists, like traditional designers, are visual communicators and therefore must have an excellent command of the visual language.

Following a concept is the process of digital production. Uniqueness of our technical training lies in the creative application of digital tools. We give our graduates an advantage by teaching them how to make software do what they need, rather than simply training them how to push buttons in different applications. Our graduates are technical problem solvers, and are able to research, assess, and implement complex technologies, a skill that is highly valued in the industry.

As a result of our approach, Capilano graduates evolve from students into an independent creative force. Because of a strong traditional foundation, they continue to appreciate core artistic values and build upon them. As digital artists, they are able to research, learn, and implement complex computer graphics technologies successfully and efficiently.

Capilano has been successfully training 3D artists and animators for over twenty years, and is well known among local and international studios for producing top talent. In the fourth term, students prepare for professional practice, host a [grad show](#) and create personal demo-reels and portfolios. Our computer labs and facilities, located in the state-of-the-art Bosa Centre for Film and Animation, are the best and largest in Western Canada. Over the years, our graduates have continued to build and enjoy successful careers in major studios in Vancouver and abroad, such as Atomic Cartoons, Electronic Arts, Pixar Animation, Relic Entertainment, Bardel Animation, DHX Media, Method Studios, Rainmaker, and many others. Capilano graduates are highly sought after because of our unique training, professional calibre portfolios, and industry-ready skills.

Career Opportunities

Upon completion of the program, graduates may find careers in:

- Concept art and design
- 3D modeling and texturing
- Digital sculpting and design
- Lighting and compositing
- Technical direction
- Character rigging
- Character animation

Admission Requirements

- BC Secondary School graduation (Grade 12) or equivalent
- Capilano English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (Academic IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.
- Interview, and portfolio and/or demo reel of relevant work.
- A letter of intent indicating their interest in the animation field and any previous related experience (if applicable).

COSTUMING FOR STAGE AND SCREEN DIPLOMA PROGRAM

The two-year, full-time Costuming for Stage & Screen Diploma teaches students the technical and creative aspects of costuming for theatre and film.

All aspects of costuming are included from cutting and construction to textile dyeing and the aging and breakdown of costumes. Costume history, wardrobe management and script breakdown are covered and instruction is given in design. A key component of the program is the authentic hands on experience gained by working on stage shows and films.

Our grads are well-qualified for entry-level positions in motion picture and theatre costuming departments.

Admission Requirements

- BC Secondary School graduation (Grade 12) or equivalent
- Capilano English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (Academic IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson

Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.

- Interview and portfolio.
- Students who have sufficient work experience in the film or theatre industries may be admitted on a case by case basis to the second year of the program.

How to Apply

[Apply for Admission/Readmission](#) online. Supporting documents should be submitted to:

Registrar's Office Capilano University

DIGITAL VISUAL EFFECTS PROGRAM

General Information

The Digital Visual Effects training program will train and create the next generation of digital artists and film makers.

There is an applied art within motion picture production that is the nexus between live action and digital animation: Visual Effects. Television, film and visual effects studios, both local and abroad, have an increasing demand for well trained visual effects artists. With the success of locally produced films such as Game of Thrones, Deadpool, Black Panther, Star Wars, Jurassic World, Avengers: Endgame, Ant-Man and the Wasp, as well as the amazing amount of television productions being completed in BC, local companies are looking to fill the demand for skilled visual effects artists.

The program's goal is to train industry-ready visual effects artists with the necessary background, motivation, work ethic, skills and aesthetics to become leaders in the field. The program will cover everything you need to know from conceptual development through to technical production to empower graduates with the skills to confidently engage in the complex and fast changing technical and creative environment of the visual effects industry.

Program Objectives

Graduates of the Digital Visual Effects program will be able to:

- Work with complex computer graphics technologies to create key visual effects shots using advanced effects software including compositing, matchmoving, rotoscope, 3D modelling and texturing, 3D simulation and effects.
- Build a professional portfolio and demo reel of original creative effects projects with the potential to produce these projects independently.

- Analyze and apply the appropriate use of technology specific to the creative needs of a visual effects production.
- Analyze and implement the technical, conceptual and artistic processes necessary to produce high quality visual effects work as independent filmmakers, or as part of the production pipeline for a studio's visual effects team.
- Demonstrate a professional and collaborative attitude, excellence in interpersonal skills and communications, and understand the roles, responsibilities and relationships within a production team.

Graduation Requirements

In order to graduate from the Digital Visual Effects program, the students must successfully complete all the component courses. Students must also successfully complete all courses in one term before continuing to the next term.

Career Opportunities

Graduates of the Digital Visual effects will have the necessary technical, artistic and creative skills to work in the visual effects industry on film, television and other media related projects. Graduates may find work as visual effects artists specializing in rotoscope, matchmove, compositing, 3D effects and simulation, lighting or technical direction. Graduates also find relevant careers in games and interactive media.

Graduates may continue their training in a related discipline including Capilano Universities Digital Animation program.

Admission Requirements

- BC Secondary School graduation (Grade 12) or equivalent
- Capilano English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (Academic IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.
- Interview, and portfolio and/or demo reel of relevant work. Please visit www.capilanou.ca/vfx for portfolio requirements and submission advice.
- Applicants will be expected to provide the following: A letter of intent indicating their interest in the visual effects field and any previous related experience (if applicable).

Who Should Apply

This program is well suited to students who have excellent artistic vision, a passion for film and animation as well as a great problem solving and technical skills.

The program is open to high-school graduates, graduates of film, animation and visual art programs and self-trained artists wanting to develop new skill-sets for entry into the visual effects workforce.

How to Apply

DOCUMENTARY CERTIFICATE PROGRAM

Focusing on the growing market for smaller scale productions, this certificate program provides students with skills needed to produce, write and edit documentary or specialized productions. The program covers the development, pre-production, production, post-production and packaging stages. It also covers a thorough

understanding of the genre, focusing on writing, camera techniques, picture and sound editing and business management.

Graduates will have a solid foundation of knowledge and skills necessary to pursue a career in independent filmmaking. The students will have a demonstrable understanding of both "above the line" job functions (writing, producing, directing, financing) and "below the line" job functions (art direction, cinematography, picture editing, special effects and budgeting). Further, their creative efforts will be informed by a thorough understanding of the history of world cinema and its effects on current film trends.

For more information, please see [Documentary Certificate](#).

Program Objectives

Upon completion of the program, students will be able to:

- Demonstrate a commitment to non-fiction stories and their expression in a visual form.
- Perform the fundamentals of producing, directing and writing for documentary and specialty production.
- Apply the aesthetic, intellectual and philosophical dimensions of specific documentary genres, paying particular attention to the principals of documentary writing and production.
- Employ effective research strategies into a variety of subject areas for different documentary sub-genres such as history, politics, culture, and performing arts.
- Conceptualize and develop a documentary or specialized production considering funding, planning, writing and presenting or pitching.
- Demonstrate technical understanding of and work with all necessary video and audio production equipment.
- Perform audio and video editing in postproduction - story structure and a comprehensive understanding of aesthetic and technical elements of post production.
- Understand and execute other aspects of production including fundraising, promotion, distribution and film festival competition.
- Employ the breadth of aesthetic understanding through knowledge of the history of documentary production and analysis of the documentary as a persuasive means of communication to achieve social goals through the point-of-view documentary.

Career Opportunities

The production opportunities available to emerging filmmakers have proliferated in recent years from the multi-channel universe of specialty broadcast cable and satellite programming to new production and distribution platforms such as the internet and cell phones.

Admission Requirements

- BC Secondary School graduation (Grade 12) or equivalent; or successful completion of testing and/or upgrading in English or Math skills
- Capilano English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (Academic IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.
- Interview

- Applicants will provide a two or three page essay/letter indicating their interest in the documentary and factual entertainment field and any previous related experience (if applicable).

GRIP WORK FOR DIGITAL IMAGING AND FILM PROGRAM

This program will consist of one 3-credit course called, "Grip Work for Digital Imaging and Film". In response to industry demand the program has been designed with an intensive one-month schedule, consisting of four weeks of instructions, five days per week.

The program will consist of a combination of classroom lectures and practical demonstrations followed by extensive practical experience with the gear, and with grip work and lighting setups in a close approximation of true on-set and location shooting conditions. Industry experts will lead the courses, and frequent guest lecturers will place the knowledge into a working context.

All aspects of the new paradigms of digital imaging, from the underlying technology to the special considerations from a grip work standpoint will be thoroughly and rigorously studied and practically applied through exercises designed to exactly mimic the working conditions of real-world filmmaking.

For more information, please see [Grip Work for Digital Imaging and Film](#).

Career Opportunities

The motion picture and video production industries require skilled, experienced and well trained people to continue attracting high levels of local production. The grip department is one of the largest on-set departments and generally requires a significant number of skilled craftspeople. The film sector has been one of our fastest growing industries over the past ten years.

Program Objectives

Upon successful completion of the program, the student should be able to:

- Identify various types of lighting and grip equipment as well as cranes, dollies and various types of fabrics
- Prepare grip and electric equipment for operation
- Assist with lighting the set
- Perform basic "check-in" and "check-out" procedures for rental house equipment
- Set-up for photography

- Work on-set safely and as part of a team
- Practise WCB safety procedures as they pertain to the film industry
- Maintain equipment

Admission Requirements

- BC Secondary School graduation (Grade 12) or equivalent
- Capilano English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (Academic IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.

The lighting department is one of the largest on-set departments and generally requires a significant number of skilled craftspeople. The film sector has been one of our fastest growing industries over the past ten years.

Course Objectives

Upon successful completion of the program the student will be able to:

- Identify various types of lights, lighting fixtures and effects and their uses
- Prepare lighting equipment for operation
- Assist with lighting the set
- Perform basic “check-in” and “check-out” procedures for rental house equipment
- Set-up for photography
- Work on-set safely and as part of a team
- Understand basic electrical theory and perform elementary calculations
- Practise WCB safety procedures as they pertain to the film industry
- Maintain and do elementary repairs to lighting equipment

Admission Requirements

- BC Secondary School graduation (Grade 12) or equivalent
- Capilano English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (Academic IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.

INDIGENOUS INDEPENDENT DIGITAL FILMMAKING PROGRAMS

General Information

The Indigenous Independent Digital Filmmaking (IIDF) programs at Capilano University have provided basic production training for Indigenous students since the spring of 2000. The certificate and diploma programs are a response to the expanding demand for trained professionals in all areas of the Indigenous production industry. The industry is growing and so are the opportunities for creative, committed and skilled producers, writers, directors and technicians. The Indigenous Independent Digital Filmmaking programs are committed to providing Indigenous students with high-quality production training from the Indigenous perspective. Instructors are experienced, connected and respected Indigenous professionals working in the industry. IIDF student participants come from all areas of the country.

Through a combination of lectures, hands-on instruction, and production projects, students receive instruction and practical experience in all aspects of the film and television production process, from initial concept to finished production. All aspects of the program are related to Indigenous production.

In addition to lectures, hands-on instruction and project work, students have the opportunity to participate in a work experience practicum. This enables students to obtain on-the-job experience in the professional production environment and make connections with industry experts and potential employers.

Upon completion of the full IIDF diploma program students are eligible to apply for enrollment in the 3rd year Motion Picture Arts bachelor degree program at Capilano University.

For more information, please see [Indigenous Independent Digital Filmmaking](#).

Career Opportunities

Career opportunities in all areas within the TV and film industry sector are expanding. The creation of the Aboriginal People's Television Network (APTN) established a national network for Aboriginal people. The Canadian feature film industry has also grown rapidly. This industry development has greatly expanded the

opportunities for Indigenous people to build careers in the film and television industries. Most opportunities involve contract employment. While there are staff production positions with broadcasters and production companies, the major opportunities are in the field of independent production. Employment is typically by contract for a specific production or series. Graduates of the IIDF certificate program have obtained entry level positions as production assistants, camera assistants, editing assistants and in some cases been mentored into production manager positions. Graduates of the IIDF diploma program have obtained further opportunities as camera operators, editors, writers, production managers and have developed their own production companies.

Indigenous Independent Digital Filmmaking Diploma Program

IIDF diploma program students learn to identify story development techniques in traditional Indigenous storytelling and explore the historic treatment of Indigenous identity in film & TV industry as it relates to their present role in the industry. They learn advanced use of appropriate technology tools: video camera, lights, sound, grip, and editing equipment. Students apply management practices and procedures, proper set etiquette and crew teamwork for the assembly, organization, management and leadership of small crews of digital technicians using industry standard production protocols. IIDF students learn principles of directing narrative stories from script analysis to methods for establishing creative collaborative relationships with actors in the pursuit of creating memorable performance for their short narrative productions, as well as techniques for factual documentation for the purpose of executing documentary productions.

Admission Requirements

- BC Secondary School graduation (Grade 12) or equivalent
- Capilano English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (Academic IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.
- Interview and portfolio
- Applicants with sufficient work experience in the television, film or independent production industries may be admitted on a case by case basis to the second year of the program.

How to Apply

[Apply for Admission/Readmission](#) online. Supporting documents should be submitted to:

Registrar's Office Capilano University
2055 Purcell Way, North Vancouver, B.C.

Indigenous Independent Digital Filmmaking Certificate Program

This program does not accept applications. Students should apply to the [Indigenous Independent Digital Filmmaking Diploma](#) but can request to graduate with with an IIDF Certificate upon completion of the requirements as outlined below.

IIDF certificate program students learn research, development and analysis techniques for factual documentation and fiction storytelling, which includes development of scripts and production packages. Students learn the basic level of the appropriate technology tools: video camera, lights, sound, grip and editing equipment. They also learn the process for assembling, organizing, managing and leading small crews of digital technicians using industry standard production protocols. IIDF students also learn effective interpersonal oral and written communication in the presentation of their portfolio, funding applications, festival submissions, and contract bids. In this culturally rich environment the IIDF students are familiarized with culturally respectful practices and protocols when filming Indigenous content, as well as respectful professional practices for the film and TV industry.

Fees and Expenses

Please see the [Fees & Finances](#) section of the Capilano website. Financial aid is available to eligible students for eligible programs. For more information, please see [Financial Aid & Awards](#).

MOTION PICTURE ARTS

Bachelor of Motion Picture Arts

The Bachelor of Motion Picture Arts (BMPA) combines practice and protocol in the field, opportunities for technical, aesthetic, and creative innovation, and integrated theoretical and critical perspectives that will allow graduates to be active contributing members of the industry, society, and community. This degree is ideally suited to high school graduates, students who have tried other programs but want more specific training, and those who have some industry background and want to get a degree.

For more information, please see [Bachelor of Motion Picture Arts Degree](#).

Career Opportunities

Graduates of the BMPA will have story, entrepreneurial, technical craft and professional skills necessary to acquire and develop work in the creative media industries.

Program Objectives

Within the context of the filmmaking process, graduates of the degree program will be able to:

- Apply their knowledge of story and story development to documentary and narrative projects on all platforms;

- Combine and apply both practical and theoretical knowledge;
- Collaborate creatively;
- Define and implement creative solutions;
- Give and receive constructive feedback on the performance of team members;
- Orchestrate a detailed industrial process;
- Manage time and budget on large projects over extended periods of time;
- Use technology as a tool to create innovative and authentic stories;
- Develop a convergent approach to creative content;
- Develop partnerships in global and local industry that will sustain their entrepreneurial initiative;
- Market and distribute projects;
- Develop innovative business models and strategies to build sustainable companies;
- Understand the role of film and the film industry in Canada's culture and economy;
- Identify potential areas/sectors of employment;
- Identify opportunities for further study.

Admission Requirements

- BC Secondary School graduation (Grade 12) or equivalent
- English Studies 12 or English 12 or English First Peoples 12 or equivalent and a minimum average of 75% on all Grade 12 high school courses.
- Capilano English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (Academic IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.
- Interview.
- Letter of Intent and Entrance Questionnaire.

Admission Notes

- The letter of intent must not exceed two pages and should outline the applicant's interest in the program and reason for applying. It should be written in Calibri or Helvetica font, 12 point, and applicant name and student number must be at the top of all pages.
- The entrance questionnaire will be sent out upon receipt of application.
- For selected applicants, an interview will take place with a panel of two faculty members. Admission is competitive and only the most qualified applicants will be invited to an interview.

Bachelor of Motion Picture Arts Degree

Intakes:	Campus	Terms	Full/Part Time
	North Vancouver	Fall	Full-Time

Students starting in their baccalaureate degree on or after Fall 2018 and graduating on or after June 2022 must meet Cap Core graduation requirements in addition to their program requirements.

Continuation Requirement: Advancement to the Degree at third year is highly competitive and continuation is based on the following criteria:

- 1) Successful completion of the diploma course work, or equivalent;
- 2) Students with the highest GPA (calculated on grades from all Motion Picture Arts courses in the Diploma) will be offered continuance to third year;

Total numbers of students who are offered continuance will be set annually based on available spaces.

Those students who are not offered, or do not accept continuance into third year will be eligible to apply for the Diploma credential if course requirements are met.

Approved Quantitative/Analytical Courses for Capilano University Degrees

Please refer to the [Graduation](#) section of the calendar for a complete listing of approved quantitative and analytical courses.

Motion Picture Arts Diploma Program

This program does not accept applications. Students should apply to the [Bachelor of Motion Picture Arts](#) but can request to graduate with a Motion Picture Arts Diploma upon completion of the program requirements as outlined below.

The Diploma Program emphasizes the acquisition of a broad foundation in technical film skills, preparing the students for entry-level into almost every facet of film production, while simultaneously developing their creative and critical abilities in storytelling through the motion picture arts.

Career Opportunities

Major motion picture production in B.C. is a multi-million dollar industry requiring well-trained personnel to fill its entry level requirements. Further, the growth of B.C.'s independent film industry must be fuelled by new, talented, and well-trained filmmakers.

Program Objectives

Students will gain a solid foundation of knowledge about the film industry.

Upon successful completion of the diploma program, students will be able to:

- Understand and undertake basic motion picture production technical skills, including sound recording, camera work, lighting, and grip work;
- Understand and execute the protocols of professional film set procedures including assistant director and location management duties;
- Apply the creative principles a writer uses to develop a screenplay;
- Analyze a script for production purposes and conceive a visual strategy for telling a story using motion picture arts;
- Demonstrate basic film directing skills;
- Demonstrate keys to success, including attitude, teamwork, and how to market oneself.
- Demonstrate advanced skills in digital post-production and sound design;
- Schedule and budget the pre-production, production and post-production phases of filmmaking;
- Have a basic understanding of film finance and distribution;
- Successfully undertake the scripting, development, pre-production, production, post-production and dissemination of short independent films that demonstrate a significant measure of sophistication in design and execution;
- Have a basic understanding of film finance and distribution including distribution through film festivals and the web.

Fees and Expenses

Please see the [Fees & Finances](#) section of the Capilano website. Financial aid is available to eligible students for eligible programs. For more information, please see [Financial Aid & Awards](#).

Motion Picture Arts Certificate Program

This program does not accept applications. Students should apply to the [Bachelor of Motion Picture Arts](#) but can request to graduate with with a Motion Picture Arts Certificate upon completion of the program requirements as outlined below.

This program is designed for students who wish to gain an understanding of the basic functions of a film set and the professional practices of an industry-standard production. Areas of study include story development, pre-production, production, and post-production, with a focus on film crafts (camera, lighting, sound, grip, sets, props, etc.) technical skills and professional behaviour. Lecture, labs and project work are combined to create a realistic and effective learning environment. The goal is to prepare students for an

entry-level position in the professional motion picture industry and to provide a foundation for independent filmmaking.

Career Opportunities

Major motion picture production in B.C. is a multi-million dollar industry requiring well-trained personnel to fill its entry level requirements. Further, the growth of B.C.'s independent film industry must be fuelled by new, talented, and well-trained filmmakers

Program Objectives

The program is designed to provide a solid foundation of knowledge about the film industry.

Upon successful completion of the certificate students will be able to:

- Describe the motion picture production process from concept to completion at an introductory level;
- Apply appropriate management practices and procedures;
- Develop small-scale project budgets;
- Demonstrate an introductory understanding of the roles of the producer, writer and director;
- Undertake proper set etiquette and crew team work;
- Understand the basic creative principles the writer uses to develop a screenplay;
- Be able to breakdown a screenplay for production purposes;
- Know how to schedule a small scale post-production process;
- Demonstrate the basic uses of digital post-production systems;
- Understand the general roles of the various crew positions on a set;
- Understand the theories of production design and demonstrate the basic practical skills of set design, construction, painting and set dressing;
- Successfully undertake the scripting, development, pre-production, production, post-production and delivery of short independent films;
- Demonstrate keys to success, including attitude, teamwork, and how to market oneself.

Film Institute Citation Program

The Film Institute is specially designed for successful graduates of the Motion Picture Arts program and the Documentary program as a platform for entry into real-world filmmaking. The semi-professional productions provide the practice of skills and problem solving activities required to prepare students for the economic and cultural differences between school and real world.

Admission Requirements

- Motion Picture Arts Diploma, or Documentary Certificate.
- Interview

BACHELOR OF PERFORMING ARTS DEGREE

General Information

The Bachelor of Performing Arts (BPA) is a full-time, cohort-based capstone program that enrolls 25 students in a fourth year. Students earn the last 33 credits of a 120-credit bachelor's degree over nine months. The degree is conferred by the two-partner consortium of Capilano University and Douglas College. In the BPA program, students examine the historical and cultural context of the performing arts in Canada and around the world. They investigate, critique, and challenge the sociopolitical and cultural environment of the performing arts industry - what gets made, why, and how. At the same time, students do practical coursework in fundamental business skills, such as grant writing, founding an arts organization, and individual career development. While doing so, students also form a production company which creates, develops and mounts its own full production - an original, interdisciplinary performance event designed to reflect the creative interests and formal skills of the company members themselves. The program's 12-credit production phase challenges students to explore, master and apply the interdisciplinary performance theory and skills they have studied, putting it to highly practical use.

There will be considerable variety in the individual educational pathways students follow to be eligible for the BPA program. The program itself is the final (capstone) year, contributing 33 credits towards a bachelor's degree.

The program is intended for students who want to practice as a professional performing artist, arts manager, administrator or cultural entrepreneur, or those who wish to continue on to graduate studies in the performing arts. To be eligible for admission, applicants will have some post-secondary education and training in at least one performing arts discipline.

Overview

The program will run May - January, with classes during the summer and fall semesters, and the capstone Interdisciplinary Production (project) in January.

In general, the 120 credits in the Bachelor of Performing Arts will comprise the following:

Film Crafts Department

- 60-90 credits in a performing arts program (depending on the p.a. credential)
- + 0-27 additional credits, as needed (breadth, English, upper-level electives)
- = 87 minimum credits needed prior to entry into the BPA capstone year
- + 33 credits 4th year BPA program course work
- = **120 minimum total credits (BPA degree earned)**

Admission Requirements

- Completion of a minimum 87 credits of 100-level or higher coursework as follows: 60 performing arts credits with a minimum GPA of 2.5; 6 English credits; 9 elective credits (non-performing arts); and 12 additional upper-level credits.
- Interview/audition.
- Resume or CV, including relevant artistic/arts experience. Two reference letters from non-related individuals familiar with the applicant's creative work. Letter of Intent outlining "As you see your future, what are the ways you can imagine working as an artist?"

Admission/Application Notes

Please note that as part of your application you will be required to attend an interview and/or audition. Auditions will be scheduled for those applicants whose background is in a performance discipline. Applicants whose specialization is management/stagecraft/design, or another non-performance discipline, are asked to provide samples of their work and to attend an interview.

How to Apply

ARTS AND ENTERTAINMENT MANAGEMENT PROGRAMS

General Information

The Arts and Entertainment Management department offers two programs of study; a one-year Certificate program and a two-year Diploma program. Both programs offer a comprehensive overview of the business side of the arts and entertainment industry and prepare students for a fast-paced career in a growing and dynamic sector.

Advanced Arts and Entertainment Management Certificate

The Advanced Arts and Entertainment Management certificate program provides students with the skill-sets, job experience, and contacts necessary to gain employment in the industry. This one-year program requires two years of post-secondary training or work experience equivalent and offers students a unique blend of course work and practicum experience in the arts and entertainment industry. Students gain an overview of all aspects of arts and entertainment management, including marketing, resource development, and financial, tour, production, and artist management in both the commercial and non-profit cultural sectors. The classroom-based course work for the program commences in the first term (May – August) with the practicum placements following in successive terms.

Practicum placements are an essential part of this program. The students gain practical experience and cultivate relationships with one or more cultural organizations in the community working for professional arts and entertainment organizations. Past placements have included the Arts Club Theatre, 604 Records, Dexler Entertainment, PuSh Festival, Mint Records, Vancouver International Children's Festival, Universal Music Canada, Coastal Jazz and Blues Society, and Netzwerk Records. Our graduates have found employment with Sam Feldman and Associates, Vancouver East Cultural Centre, Arts Club Theatre, Firehall Arts Centre, Bard on the Beach, and Live Nation, to name just a few.

For more information, please see [Advanced Arts & Entertainment Management Certificate](#).

Admission Requirements

- 30 credits of post-secondary education including three credit hours of English or Communications courses; or a minimum of 365 hours of verified experience in the arts and entertainment industry and a minimum score of 75% on entrance exam

- Capilano English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (Academic IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.
- Interview

Admission Notes

Students who have industry experience but have not completed the required amount of post-secondary education may be admissible to the Advanced Arts and Entertainment Management Certificate.

Admission to Full-Time Studies in the Advanced Program

Students should arrange for an interview by contacting the School of Performing Arts by the end of January for May admission. Prior to the interview, students should forward their transcripts and a résumé to the School of Performing Arts and should complete an application to the University.

Arts and Entertainment Management Diploma

The Arts and Entertainment Management diploma program offers a comprehensive overview of the business side of the arts and entertainment industry and prepares students for a fast-paced career in a growing and dynamic sector.

The program provides students with a well-rounded and thorough education in all aspects of the industry. Course work includes artist and tour management, marketing and resource development, venue and festival management, production and financial management, as well as hands-on lab work in the University's performing arts theatre.

Practicum work placements are an essential part of this program. Students cultivate relationships within the arts and entertainment community by working for professional organizations such as artist management and record companies, as well as a variety of arts and cultural organizations in the commercial and non-profit sector, including theatre companies, dance organizations, performing arts venues, and festivals.

The Arts and Entertainment diploma program uniquely blends course work with hands-on training and affords students the opportunity to customize the program to meet their career objectives. The program is uniquely suited to those students with an entrepreneurial spirit and a strong passion for arts and entertainment.

For more information, please see [Arts and Entertainment Management Diploma](#).

CONDUCTING IN MUSIC CERTIFICATE PROGRAM

General Information

Capilano University offers the following music programs: a one-year Conducting in Music certificate, a two-year Music Diploma (Classical Music), a four-year Bachelor of Music in Jazz Studies (Education or Performance/Composition) with an option to graduate out with a two-year Jazz Studies Diploma and a four and a half year Bachelor of Music Therapy.

Graduates of the Conducting in Music certificate program will be able to conduct choral and instrumental ensembles effectively and confidently. The program is designed so that currently active teachers and musicians may take the program while continuing to work.

Courses will include conducting, conducting pedagogy, ensemble and languages. The core conducting course will focus on fundamental conducting techniques including patterns, cues, cut-offs, phrasing, tempo changes, expressive gestures, use of the left hand, baton technique, choral and orchestral conducting. Conducting pedagogy will include watching and discussing recorded performances, attending live performances, observing rehearsals and discussing various approaches to conducting.

All participants will be required to sing in one of the University ensembles and will be required to take two terms of Spanish, German or French.

For more information, please see [Conducting in Music Certificate](#).

Admission Requirements

- Two-year Diploma of Music, Bachelor of Music Degree or Bachelor of Education Degree, Performance or Teacher's ARCT from Royal Conservatory of Music or equivalent.
- Capilano English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (Academic IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.

[Conducting in Music Certificate](#)

JAZZ STUDIES PROGRAMS

General Information

Capilano University offers a four-year [Bachelor of Music \(Jazz Studies\)](#) with an option to graduate with a two-year [Jazz Studies Diploma](#).

The Bachelor of Music (Jazz Studies) teaches comprehensive abilities in jazz performance, composition, and pedagogy within the context of an enriched liberal arts education. Our goal is to educate musicians who understand and value the rich history and traditions of jazz, who will be prepared to contribute to the evolution and growth of the art form in the future, and who will be equipped to engage creatively with current trends in music. Jazz is an applied art form and the program demands the achievement of high standards in performance, improvisation, composition, and arranging.

For more information, please see [Jazz Studies](#).

Career Opportunities

The two-year Diploma program is intended to provide its students with the skills necessary to develop careers as self-employed music professionals.

The four-year Bachelor of Music (Jazz Studies) balances and integrates the instruction of jazz, traditional music, and general academic electives to provide a highly detailed and rich artistic education. Teaching music within the public school system will be a goal for many graduates and the Jazz Studies program may cover all the necessary music requirements for acceptance into fifth year teacher education programs. Capilano graduates teach in dozens of school districts across BC and beyond. For those who wish to teach at the college or university level, the Bachelor of Music (Jazz Studies) provides a thorough preparation for

many graduate programs in music. Since 1995, graduates from the Jazz Studies program have been admitted into graduate programs at a variety of Canadian and American universities in the areas of composition, education, conducting, and performance. For those who wish to pursue music as self-employed professionals, this degree is a unique and attractive option. Graduates often build varied careers in music and related fields based upon a successful layering of skills. For example, some are following up the Jazz Studies degree with the Advanced Arts and Entertainment Management Certificate program (also offered at Capilano University), or with specialized training in business or technology relevant to the commercial music industry. Many graduates apply their musical skills in varied careers combining teaching, touring and performing music in a wide variety of styles, and working with music technology.

Bachelor of Music in Jazz Studies: Education or Performance/Composition

When enrolling in the four year Bachelor of Music in Jazz Studies degree, students choose between two options: Education or Performance/Composition. Both options share a core curriculum, but differ in the proportion of large and small ensembles, private lessons, improvisation, music and academic electives required for graduation. Students from other post-secondary jazz programs are welcome to apply to the Jazz Studies program (see Transfer of Credit in this section of the Calendar).

Facilities

The Jazz Studies program facilities include practice rooms, a recording studio, a 300 seat theatre, and specialized music classroom spaces. A Mac computer lab is also available and includes software for word processing, music notation, MIDI sequencing, and audio/video editing.

Faculty

Jazz Studies faculty members comprise some of Canada's top professional jazz performers and composers as well as renowned academic researchers and pedagogues.

Transfer Credit

The Jazz Studies program grants transfer credit for courses taken at other post-secondary institutions if they have suitable equivalency. Because of the wide variations that exist in approach and emphasis in music programs, the Jazz Studies program reserves the right to examine for competency according to our course requirements before transfer credit is approved.

Transfer of performance instrument courses, keyboard skills, and ear training credits will be possible only up to the placement level determined by the audition and by keyboard and ear training test results.

Transfer Between Undergraduate Programs

While no formal articulation agreements are in place between Capilano University's Bachelor of Music in Jazz Studies program and other undergraduate jazz diploma and degree programs, Capilano University has accepted applications for transfer into its Bachelor of Music (Jazz Studies) from other post secondary institutions.

How to Apply

[Apply for Admission/Readmission](#) online. Supporting documents should be submitted to:

Registrar's Office Capilano University
2055 Purcell Way, North Vancouver, B.C.
V7J 3H5

Phone: 604.984.4900
Fax: 604.984.1798

Information for Prospective Students

Information meetings, auditions and placement tests are held in February and May. Please call 604.984.4911 for meeting times and audition appointments.

Admission/Application Notes

Students applying for the four year Bachelor of Music in Jazz Studies choose between two options: Education or Performance/Composition. Those wishing to receive their Jazz Studies Diploma can apply for it after completing the first two years of their Bachelor of Music in Jazz Studies.

Fees and Expenses

Please see the [Fees & Finances](#) section of the Capilano website. Financial aid is available to eligible students for eligible programs. For more information, please see [Financial Aid & Awards](#).

Jazz Studies Diploma Program

This program does not accept applications. Students should apply to the [Bachelor of Music in Jazz Studies \(Education or Performance/Composition\)](#) but can request to graduate with a two-year diploma in Jazz Studies upon completion of the requirements as outlined below.

Jazz Studies Diploma

Continuation Requirement: To maintain satisfactory standing, all Jazz Studies students must be enrolled in a full-time course of study (at least nine credit hours) that includes a reasonable number of courses specific to their major (normally three) and must achieve a term grade point average above 1.8.

Students whose primary instrument is piano are required to complete 2.0 credits of Secondary PMI in lieu of JAZZ 116 and 117. Students with extensive training in piano may be allowed to take 2.0 credits of Secondary PMI in lieu of JAZZ 116 and 117 subject to Department approval.

Bachelor of Music in Jazz Studies Degree Program

Four-Year Degree

Students must complete all courses outlined in one of the following areas of study to be eligible for the Bachelor of Music in Jazz Studies:

- Bachelor of Music in Jazz Studies - Education
- Bachelor of Music in Jazz Studies - Performance/Composition

Admission Requirements

- BC Secondary School graduation (Grade 12) or equivalent
- Capilano English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment

(ELA)=145, or International English Language Testing System (Academic IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.

- Interview and audition. Auditions include performance, aural skills assessment, sight-reading assessment, and music theory assessment.

Further Information

Education: Primary and Secondary Music Teaching

Teaching in the public school system requires certification from the BC College of Teachers. Education music classes are designed to prepare students for B.Ed. programs. The number and type of these academic requirements vary for primary and secondary teachers and are subject to change from time to time. It is recommended students consult with their desired teacher education program to ensure they will meet the specific requirements for entry.

Bachelor of Music in Jazz Studies - Education

Intakes:	Campus	Terms	Full/Part Time
	North Vancouver	Fall	Both

Students starting in their baccalaureate degree on or after Fall 2018 and graduating on or after June 2022 must meet Cap Core graduation requirements in addition to their program requirements.

Continuation Requirement: To maintain satisfactory standing, all Jazz Studies students must be enrolled in a full-time course of study (at least nine credit hours) that includes a reasonable number of courses specific to their major (normally three) and must achieve a term grade point average above 1.8.

Continuation Requirement: To continue from year three to year four, a student must achieve a cumulative GPA of 3.00 or better.

Students whose primary instrument is piano are required to complete 2.0 credits of Secondary PMI in lieu of JAZZ 116 and 117. Students with extensive training in piano may be allowed to take 2.0 credits of Secondary PMI in lieu of JAZZ 116 and 117 subject to Department approval.

Students whose primary instrument is the drum set or a mallet percussion instrument must have 3.0 credits of Percussion Ensemble in order to graduate.

Elective credits for the degree must include a minimum of 3 credits designated as Quantitative/Analytical.

Placement in ENSJ courses will be determined by the department following an audition in the first week of classes.

A maximum of 4 credits of ENSM courses may be used as credit for the degree. Students choosing ENSM rather than ENSJ courses will be taking 2.0 credits per semester rather than 1.5 credits and therefore will graduate with more credits by the end of their program.

Students who intend to continue to teacher training at UBC or elsewhere must consult with those programs to be sure their breadth elective, ENSJ, and ENSM choices meet the current requirements for either primary or secondary school teacher training programs.

MUSIC DIPLOMA PROGRAM

General Information

Capilano University offers five music programs: a two-year Music Diploma (Classical Music), a two-year Diploma in Jazz Studies, a one-year Conducting in Music certificate, a four-year Bachelor of Music (Jazz Studies) and a four-year Bachelor of Music Therapy.

The Music Diploma program provides a rich learning environment, which nurtures the artistic and creative potential within each student. The program integrates theoretical, historical and performance studies, offering concentrations in piano, voice, guitar, strings, woodwinds, brass, percussion and composition. Students benefit from frequent recitals and masterclasses on their primary instrument, allowing them to develop confidence and self-expression in performance. Small class sizes with innovative and creative teaching enhance the students' educational experience and prepare them for a wide array of professions in the music field. Participation in the university's award-winning choir allows for concert and touring opportunities, while developing ensemble skills and rehearsal techniques. This two-year diploma is transferable toward a Bachelor of Music Degree and also provides the foundation for further studies in Music Therapy, Music Education and the Liberal Arts. All courses in the Music Diploma program are transferable to the School of Music at the University of British Columbia and to the Faculty of Music at the University of Victoria. Capilano University students have also received transfer credit to the following universities: Alberta, Brandon, Calgary, Carleton,

Dalhousie, Guelph, Lethbridge, Manitoba, McGill, Regina, Simon Fraser, Toronto, Western Ontario, Western Washington and York.

For more information, please see [Music Diploma](#).

Career Opportunities

Graduates of the program who have pursued further studies have successfully developed rewarding careers in the following fields: Elementary, Secondary and Post-Secondary Education, Private Music Instruction, Conducting, Composition, Musicology, Performance (Voice and Instrumental), Music Therapy, Music Criticism and Music Publishing.

Admission Requirements

- BC Secondary School graduation (Grade 12) or equivalent
- Capilano English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (Academic IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.
- Audition, theory placement exam, ear test, interview.

Admission/Application Notes

First year students with a score of less than 60/85 on the Theory Placement Exam must successfully complete MUS 109 to prepare for entry into MUS 100/112. Please note that MUS 109 credits cannot be counted toward completion of the Music Diploma and must be taken in addition to the required courses.

Audition Requirements

All students planning to enter the Music Diploma program must audition. This process includes performance of repertoire, an ear test, an interview and a theory exam. Applicants must demonstrate a thorough and fluent knowledge of the fundamentals of music (Rudiments).

Auditions are held in January through May. Space permitting, auditions for late applicants may also be held in August. Due to enrolment demands and to be eligible for entrance scholarships, applicants are strongly advised to schedule their audition as early as possible. To schedule an audition please contact the music office at 604 984 4951 or e-mail music@capilanou.ca.

The audition process consists of the following four parts:

1. Repertoire

Applicants must perform two contrasting selections, preferably by memory and not to exceed 15 minutes. One copy of each selection must be provided for the audition committee. A list of repertoire studied within the last two years and a letter of reference from the applicant's current teacher should be presented at the audition, if possible. Where an accompanist is needed, it is suggested the applicant provide his or her own pianist or perform without accompaniment (an accompanist provided by the University may be available on certain audition dates).

Sight-Reading may be required at the discretion of the audition committee.

Performance Level Required:

- Piano: Royal Conservatory of Music Grade Ten or equivalent.

Applicants below this level may enrol in a preparatory year.

- Voice: There is no specific grade level required. An ability to perform in a language other than English is an advantage, but not required.
- Wind/Brass/Strings/Guitar/Percussion: Royal Conservatory of Music Grade Six or equivalent.

The above grade levels are approximate guidelines and those applicants who are below the indicated level and demonstrate good potential for future growth and development will be given consideration.

2. Musicianship Skills Assessment

- a) Tap or clap a short rhythmic excerpt
- b) Identify intervals within an octave (ascending and descending)
- c) Identify chords (major, minor, dominant and diminished sevenths in root position)
- d) Pitch Matching (match one to three pitches with the voice after being heard on the piano)

3. Interview

Applicants will be asked about their musical background and future music, career and personal goals.

4. Theory Exam

Applicants must demonstrate a thorough and fluent knowledge of the fundamentals of music (pitch, key signatures, scales, rhythm, intervals, chords, transposition and musical terms).

Applicants who have successfully completed the Royal Conservatory of Music Grade Two Rudiments Exam will be granted exemption however are required to bring a copy of their RCM certificate to the audition.

Those applicants who do not successfully pass the Theory Exam may enrol in PMI 060 (Musicianship Skills Training).

How to Apply

[Apply for Admission/Readmission](#) online. Supporting documents should be submitted to:

Registrar's Office Capilano University
2055 Purcell Way, North Vancouver, B.C.

THEATRE PROGRAMS

General Information

The Theatre department offers two three-year diploma performance programs and a two-year diploma in Technical Theatre.

- [Acting for Stage and Screen Certificate](#)

- [Acting for Stage and Screen Diploma](#)
- [Musical Theatre Diploma](#)
- [Technical Theatre Diploma](#)

The Theatre department also has openings in some of its Theatre history courses for non-theatre students.

For more information, please see [Theatre Programs](#).

Mission and Goals

The Theatre department and its production company are committed to inspire bold, passionate and dedicated exploration of the art of performance and entertainment technology. We embrace the values of collaboration, discovery and the pursuit of excellence through practical skills taught in a variety of professional environments. Our highest aim is to graduate dedicated and ethical artists who will contribute positively to the Canadian and global entertainment industries.

Facilities

Performance classes are held in the Arbutus Studio adjacent to the BlueShore Financial Centre for the Performing Arts, which houses the department's season of plays. The Centre is complete with a rehearsal hall, changing rooms, technical workshops, a fly-tower, and a 372-seat house.

Students in the Theatre department enjoy exceptional access to these facilities and assist in running the theatres in a hands-on educational experience.

Productions

Each year, the Capilano University Theatre department produces a season of full length plays in the BlueShore Financial Centre for the Performing Arts. These productions also offer students practical experience in technical theatre and design, as well as exposure to guest directors and designers. Students may participate in productions by registering in a practicum course. **Students who wish to participate in productions should not register in any courses which are scheduled Monday - Friday, 5:30 - 10:30 p.m. or Saturdays, 10:00 a.m. - 6:00 p.m.**

Acting for Stage and Screen Diploma Program

General Information

The diploma in Acting for Stage and Screen provides three years of integrated training in acting for theatre, film and television. The goal is to provide each student with the skills necessary to begin a professional acting career in live theatre, television and film. The first year is comprehensive and introduces students to acting, improvisation, technical basics, history, and analysis for both the stage and screen. In the second and third years of the program students study directing and increasingly specialize in performance and professional skills. Upon graduation, students will have developed the actor's instrument of voice and body, learned text interpretation, and the scale of delivery for film, television and stage. Students will have performed in safe classroom environments, student produced theatre and film projects, and Theatre department productions. Students will have met with professionals for master classes and assessment, and will have developed audition material and a résumé. This training will prepare them to enter the industry.

For more information, please see [Acting for Stage and Screen Diploma](#).

Acting for Stage and Screen Program Goals

The Acting for Stage and Screen program provides a thorough grounding in the skills required to create, direct and act in a variety of styles with a focus on performance for stage and screen.

Non-Theatre Students

The Theatre department also has openings in some of its Theatre history courses for non-theatre students.

Transfer Credit

Please consult the online B.C. Transfer Guide at www.bctransferguide.ca for the most recent transfer information. Students may have to audition for placement in other programs, and should consult with the specific institution regarding these requirements.

Admission Requirements

- BC Secondary School graduation (Grade 12) or equivalent
- Capilano English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (Academic IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.
- Interview and audition

Acting for Stage and Screen Certificate Program

This program does not accept applications. Students should apply to the [Acting for Stage and Screen Diploma](#) but can request to graduate with a certificate upon completion of the program requirements as outlined below.

General Information

The certificate in Acting for Stage and Screen provides one year of comprehensive training in acting, improvisation, technical basics, history and analysis for both stage and screen. The certificate is for students who want to work towards a university degree, applying their theatre skills to further study in arts or education faculties. Certificate and diploma students share classes and performance opportunities. Upon graduation, certificate students may apply for the diploma program or may transfer to the University's Arts and Sciences, and could complete an Associate of Arts degree.

Acting for Stage and Screen Program Goals

The Acting for Stage and Screen program provides a thorough grounding in the skills required to create, direct and act in a variety of styles with a focus on performance for stage and screen.

Non-Theatre Students

The Theatre department also has openings in some of its Theatre history courses for non-theatre students.

Transfer Credit

Please consult the online B.C. Transfer Guide at www.bctransferguide.ca for the most recent transfer information. Students may have to audition for placement in other programs, and should consult with the specific institution regarding these requirements.

Musical Theatre Diploma Program

General Information

The Musical Theatre diploma program provides three years of comprehensive training in acting, dancing, singing, theatre history and criticism, technical theatre, acting for television and film, and the practical application of those skills in performance situations. The goal of this program is to provide each student with the skills necessary to begin a professional career in acting and musical theatre. Students will be expected to audition for all the department productions, as well as perform in their own studio productions every term. Upon graduation, students will have successfully participated in all of the required courses and performances, produced their own shows, and studied with theatre professionals who assess their progress.

For more information, please see [Musical Theatre Diploma](#).

Musical Theatre Program Goals

The Musical Theatre program provides a thorough grounding in the skills required to sing, act and dance in a variety of styles with a focus on performance in musical theatre.

Transfer Credit

Please consult the online B.C. Transfer Guide at www.bctransferguide.ca for the most recent information. Students may have to audition for placement in other programs, and should consult with the specific institution regarding these requirements.

Information for Prospective Students

1. Late applicants will be considered if space permits.
2. Make an appointment through the School of Performing Arts (604.984.4911) for auditions, which are held during the February Reading Break and in May. Auditions requirements will be included in your audition confirmation email.
3. ENGL 100 is a required course for the Musical Theatre diploma. In order to enroll in ENGL 100, students must write a placement test before registering if they do not satisfy the prerequisite requirements. See the Registration section of this calendar for information about the [English Diagnostic Test](#) (EDT).

Admission Requirements

- BC Secondary School graduation (Grade 12) or equivalent
- Capilano English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (Academic IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.
- Audition and Interview

Technical Theatre Diploma Program

General Information

The Technical Theatre diploma program at Capilano University prepares graduates to work behind the scenes in the live entertainment industry and some areas of the film and television industry. This two-year program offers practical, hands-on training in lighting, painting, props, sound, set construction and stage management.

Our graduates are currently working for theatre companies, festivals, scene shops, special events, and lighting and sound companies. Some are also working in the film and television industry as grips, carpenters, painters and props people.

For more information, please see [Technical Theatre Diploma](#).

Technical Theatre Goals

The Technical Theatre program provides a thorough grounding in technical production skills required by a variety of entertainment media.

Facilities

Performance classes are held in the Arbutus Studio adjacent to the BlueShore Financial Centre for the Performing Arts, which houses the department's season of plays. The Centre is complete with a rehearsal hall, changing rooms, technical workshops, a fly-tower, and a 372-seat house.

Theatre students enjoy exceptional access to these facilities and assist in running the theatres in a hands-on, educational experience.

The Theatre department produces a series of plays in which students work in settings simulating professional conditions. The goal is to foster professional discipline and to provide opportunities for students to practise skills learned in the classroom.

Faculty and professional guest artists are the directors and designers for the plays produced by the Theatre department in the BlueShore Financial Centre for the Performing Arts. Shows in this facility are technically challenging and provide valuable experience for student technicians.

In addition to the department productions, students have the opportunity to work on a wide variety of events that take place in the BlueShore Financial Centre for the Performing Arts. Students are involved with the set up and operation of professional, touring theatre productions, folk, jazz, and pop concerts, and a host of other events.

Revues produced in the Arbutus Studio have different goals. They resemble the kind of theatre produced for Fringe Festivals and small companies. In this more intimate venue, students have the freedom to explore. Students are given the opportunity to assume leadership roles, and the production teams are expected to be self-reliant.

Admission Requirements

- BC Secondary School graduation (Grade 12) or equivalent
- Capilano English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (Academic IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.
- Interview

Global & Community Studies

School of Global Stewardship

ASSOCIATE OF ARTS DEGREE - GLOBAL STEWARDSHIP

Note: This program is not currently accepting applications. Please see the [Associate of Arts Degree - Global Stewardship](#) website for additional details.

General Information

The two-year Global Stewardship Associate of Arts degree program was initially designed for young people pursuing careers in the not-for-profit sector, either internationally or in Canada. But over the years, graduates of the program have gone into a wide variety of careers, including social work, journalism, teaching, international development, law, and even nursing. Students in the program study in cohort (that is, together) a wide range of courses in world politics, environmental biology, geography, economic history, anthropology, world history, languages, literature and philosophy as a means to understanding the global forces at play today. They also take management courses, and partake in seminars delivered by leaders in the not-for-profit sector in order to hone their leadership, teamwork, communication, budgeting and time-management skills. In addition, students gain hands-on service learning experience volunteering with a non-government organization, either locally or overseas. Graduates receive an Associate of Arts degree which can transfer as a block to the BA with a major in Liberal Studies at CapU. Many institutions within BC will also guarantee 60 transfer credits to holders of an Associate Degree, even if all the courses taken do not transfer individually to that institution. Further details can be found online at [BCTransferGuide](#).

For more information, please see the [Global Stewardship](#) website.

Career Opportunities

According to the Voluntary Sector Human Resources Council, nearly 900,000 Canadians work for pay in the voluntary sector, about the same number that work in the construction, mining, and oil and gas industries combined. The number of people working internationally for non-governmental organizations is unknown, but they most certainly number in the millions. Graduates of the Global Stewardship Program enter this network of not-for-profit employees early in their academic career. Those who want to pursue such a career will most certainly go on to complete their bachelor's degree, and possibly a masters in the future. Other graduates of the Global Stewardship Program go on to complete their bachelors degree and professional credentials, to pursue careers in teaching, social work, nursing, and international law.

Admission Requirements

- BC Secondary School graduation (Grade 12) or equivalent
- A minimum grade point average of 2.0 (60%) calculated on English Studies 12 or English 12 or English First Peoples 12 and two academic Grade 12 courses.
- Capilano English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (Academic IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.

- Interview
- Letter of intent and letters of recommendation.

School of Human Kinetics

HUMAN KINETICS PROGRAM

General Information

The Diploma in Human Kinetics is a two-year program designed for students wanting to enter the health and fitness profession and/or for those planning to complete their Human Kinetics or Kinesiology degree. Studying Human Kinetics at Capilano will give you foundational knowledge and encourage real-life application of potential career-related skills. You will explore anatomy and physiology, exercise physiology, nutrition, biomechanics and more, while practicing proven methods in sport psychology, leadership, strength and conditioning and health promotion.

Through our program you will learn the skills to channel a general excitement toward physical activity into a career direction where you can motivate others to reach their health goals. Hands-on learning extends beyond our skill-building labs and into community engagement opportunities where you will work with children, adults, older adults, athletes, coaches and more.

Graduates of the Human Kinetics program leave Capilano with the ability to satisfy the growing demand for professionals who can positively impact the health of those around them.

For more information, please see the Human Kinetics website.

Transfer Credit

The Capilano University Diploma in Human Kinetics offers transferable courses that are accepted and received at most other post-secondary institutions. Please refer to the online B.C. Transfer Guide at www.bctransferguide.ca for further information.

Admission Requirements

- BC Secondary School graduation (Grade 12) or equivalent
- A minimum grade point average of 2.0 (60%) calculated on English Studies 12 or English 12 or English First Peoples 12 and two academic Grade 12 courses; and a minimum C in Math 11 (Principles of Math or Foundations of Math) or pass in Pre-calculus 11; and a pass in Biology 12.
- Capilano English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (Academic IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.
- Two reference names and a letter of interest giving reasons why the applicant is interested in the study of Human Kinetics and a brief description of career goals.

Admission/Application Notes

Applications to the program will only be considered for students seeking full-time (minimum 9 credits of study per term) status. The Human Kinetics program is limited to 80 students. Students are encouraged to apply and provide their documentation by the application deadline posted on the program [website](#). Admission decisions are typically made in April or early May.

Admission Notes

The letter of interest must include the following:

- The reasons why the applicant is interested in the study of Human Kinetics
- A brief description of their life experience including volunteer and physical/sporting activity
- Their career goals

School of Outdoor Recreation Management

GENERAL INFORMATION

The School of Outdoor Recreation Management at Capilano University stresses practical, field-based, outdoor learning, combined with academic study in the classroom. Our instructors are experienced in the outdoor recreation industry and help students turn their passion for the outdoors into rewarding careers in this vibrant industry. Our class sizes are limited, allowing students to benefit from direct contact with their instructors. All School of Outdoor Recreation Management certificates and the diploma can be ladderred into the Bachelor of Tourism Management.

The School is active in international circles earning accolades for community based tourism projects in [Sapa, Vietnam](#) and connecting local students to a global network of peers through the [PATA Canada Vancouver Student Chapter](#).

Our programs are continually updated to ensure that students learn the latest skills and techniques needed by outdoor recreation employers. Ongoing consultations with employers, graduates, students and faculty, allow us to ensure the content of our programs is relevant to current and emerging industry needs. In addition,

the [Tourism & Outdoor Recreation Student Association](#) led by students in the programs build a strong community and network while in school.

In this section you will find information on the following program: [Outdoor Recreation Management Diploma](#)

Graduates are sought after as they have the skills employers desire. Some of our graduates are currently working in occupations including:

- Outdoor education
- Wilderness guiding and instructing (e.g. rafting, hiking, canoeing, sea kayaking, professional scuba diving, mountain biking)
- Parks (e.g. interpreters, wardens, information hosts, programmers)
- Trail design and building
- Managing outdoor-based businesses
- Outdoor business ownership
- Municipal recreation coordination/programming
- Consulting in outdoor recreation
- Employment with non-profit organizations

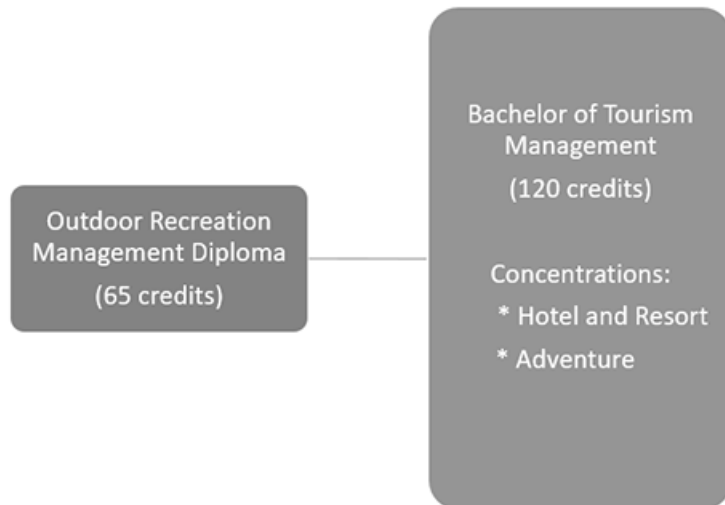

Admission into our programs is limited and applicants are considered on the criteria established for each program area. In general, Grade 12 graduation is required for students applying to two year Diploma Programs, although others may be admitted on the basis of their experience and abilities. Due to the timely nature of these programs, requirements and profiles may change.

All courses require basic literacy in written and spoken English. That is, students must be able to understand the texts and other written materials, and the instructor's spoken words, and must be able to write assignments in correct English. Students who are uncertain of their oral and written English should speak to the instructor or an advisor before registering for a course.

For more information, please see [School of Outdoor Recreation Management](#).

School of Outdoor Recreation Management Program Pathways

The School of Outdoor Recreation offers a direct pathway to the Bachelor of Tourism Management making it easier for students to advance to a higher level of learning. We feel that your best competitive advantage is the Bachelor of Tourism Management and the Adventure Concentration in the upper level of the degree is an excellent way to continue to build your adventure tourism skills and knowledge set while adding value to your industry through research projects as part of the capstone.

Transfer to and from Other Institutions

There is an agreement among public post-secondary institutions in British Columbia to accept completed courses and provide equivalent credit for these courses. The decision to accept courses for transfer always rests with the receiving institution.

Transfer credits are granted to students for acceptable work completed at other institutions. Students wishing to transfer credit should present the required documentation to the Registrar's Office for consideration. Full information on the transfer of specific courses is available from the [BC Transfer Guide](#), the Registrar's Office, and the program area.

Work Integrated Learning

Our program combines classroom learning with a work experience opportunity that enables students to apply new knowledge and skills.

The paid 420 hr co-operative education work term is completed between the first and second year of study. It is designed to work closely with students on determining their learning outcomes, guiding them to a meaningful position. Prior to the work term students take an outdoor recreation career preparation course which provides students the opportunity to scope out many positions within the field, create strong resumes, develop networking and interview skills

Global Opportunities

A student who is planning to develop a career in this industry is strongly encouraged to take advantage of study abroad, academic exchange, and/or field school opportunities. These global opportunities are coordinated through the [Centre for International Experience](#).

Capilano University has semester abroad programs with universities around the world. These provide students with the opportunity to pay domestic tuition, take courses at another university, transfer them back into their program all while learning and visiting a new country. [Study abroad](#) is best suited for students in the Bachelor of Tourism Management between the 2nd and 3rd year of study. A student laddering from the Outdoor Recreation Management diploma should begin their research and application for study abroad in the beginning of their 2nd year.

A [field school](#) is a short-term program, approximately 10 days and led by CapU instructors. This is a great opportunity to see another part of the world, usually between semesters or during reading break. They are course credits and count towards your elective requirements in the Outdoor Recreation Management Diploma.

If a student wishes to take part in any of these experiences where it is not an embedded part of the program or more credits than the elective allotment, it can still be taken as extra credits over and above your credential requirements. Please note that it may delay your graduation by a semester.

Graduate Employment

Employment opportunities for graduates are excellent; however, Capilano does not guarantee jobs for its graduates.

Admission Dates

Enrolment is limited due to space and equipment limitations. Consequently, those students who contemplate entrance are encouraged to apply early. Applicants may be required to have an interview with the Program Coordinator prior to admission.

Unsuccessful applicants should contact an advisor to determine an appropriate educational alternative.

Practicums

For some practicums, students may be required to have a Criminal Records Check and First Aid certification.

Student Course and Work Load

Full-time programs are designed so that successful completion is a full-time task. Students are advised not to undertake other activities that require large time commitments, including employment, while studying full-time.

Diploma in Career Programs

To be eligible for a Career program diploma, a student must have:

1. Completed program requirements, 50% of which must be completed at Capilano University;
2. Achieved a cumulative grade point average of 2.0 or higher. Some programs require a higher than 2.0 cumulative grade point average in order to receive a diploma.

Certificate in Career Programs

To be eligible for a Career certificate, a student must have:

1. Completed program requirements, 50% of which must be completed at Capilano University.
2. Achieved a cumulative grade point average of 2.0 or higher. Some programs require a higher than 2.0 cumulative grade point average in order to receive a certificate.

OUTDOOR RECREATION MANAGEMENT DIPLOMA PROGRAM

General Information

This 16-month (including Summer term), full-time diploma program is delivered in BC's "super natural" environment. The Outdoor Recreation (OREC) program builds on the Mind, Body and Spirit of the student to meet the growing demand in the dynamic and challenging nature-based tourism industry.

The curriculum includes adventures into BC's wilderness areas, such as backpacking experiences in the Coast Mountains and sea kayaking on the West Coast of Vancouver Island. Field trips emphasize environmental studies and the development of leaders.

Our program has earned an excellent reputation for its top-quality management and technical skills, and employment contacts. Over the past three decades, we have expanded our network of practicum placements, both locally and overseas, keeping us in touch with the latest developments and providing access to exciting career prospects.

For more information, please see [Outdoor Recreation Management Diploma](#).

Career Opportunities

The well-established Outdoor Recreation Management program provides excellent training for a wide range of careers in parks, resorts, community recreation, adventure tourism, and environmental education. Careful practicum placements and an increasing variety of career opportunities ensure that graduates readily find employment in the field.

Transfer to the Bachelor of Tourism Management Degree

The intent of the degree is to provide the most up-to-date knowledge, innovations, technologies, and management techniques for administrators and entrepreneurs in the tourism industry. The degree requirements include core business, tourism and outdoor recreation foundation courses, general education requirements, specified and elective courses at the upper level, and a number of defined elective credits. Completion of the OREC diploma enables you to enter the 3rd year of the Bachelor of Tourism. The degree also offers a concentration in Adventure which will continue to deepen your knowledge of the Adventure industry and broaden your skills into research, applied projects and sustainability. For more information visit the [Bachelor of Tourism Management Degree](#) section of the Calendar.

Admission Requirements

- BC Secondary School graduation (Grade 12) or equivalent
- English Studies 12 (C) or English 12 (C) or English First Peoples 12 (C) or EDT (ENGL 100-level placement); and Principles of Math 11 (C) or Pre-calculus 11 (pass) or Foundations of Math 11 (C) or BMTH 044 (C) or BMTH 048 (C) or MATH 096 (C) or MATH 097 (C) or Applications of Math 12 (pass) or Foundations of Math 12 (pass) or Principles of Math 12 (pass) or Pre-calculus 12 (pass) or BMTH 054 (pass) or BTEC 115 (B-)
- Capilano English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (Academic IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.
- Resume

School of Tourism Management

GENERAL INFORMATION

Over 1.2 billion travellers cross international borders each year. People travel to experience new places, meet people, and learn more about the world around us. It is through travel and tourism that we connect and build understanding finding that our differences become our commonalities. Tourism is an economic powerhouse and the people who work in the industry are skilled professionals who not only have fundamental business knowledge but also the passion to showcase the best of their cities, communities and country.

The career paths of tourism professionals include commonly known avenues of hotels, events, attractions, conferences and food and beverage however, this diverse field is also a space where graduates can find pathways within research, entrepreneurship, business development and social interests.

The School is active in international circles earning accolades for community based tourism projects in [Sapa, Vietnam](#) and connecting local students to a global network of peers through the [PATA Canada Vancouver Student Chapter](#).

An active advisory committee of leaders within the tourism and hospitality fields advise on curriculum, work integrated learning, and post graduate opportunities. Their insight and foresight help the programs continually evolve in order for students to graduate with the skills and knowledge required in today's demanding workplace. In addition, the [Tourism & Outdoor Recreation Student Association](#) led by students in the programs build a strong community and network while in school.

In this section you will find information on the following programs:

- [Post-Baccalaureate Diploma in Global Hospitality & Tourism Management](#)
- [Bachelor of Tourism Management Program](#)
- [Tourism Management Co-op Diploma Program](#)
- [Diploma in Tourism Management International](#)
- [Tourism Marketing Citation Program](#)

Graduates are sought after as they have the skills employers desire. Some of our graduates are currently working in occupations including:

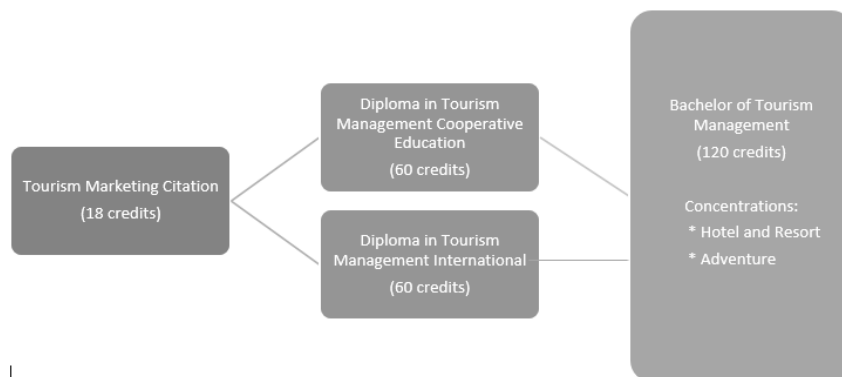

Airline Attendant	Manager, Front Office
Consumer Experience Coordinator	Marketing Experiential Tourism
Customer Care and Service	Night Audit Supervisor
Director, Catering & Conference Services	Recreational Programmer
Entrepreneur	Regional Sales Manager
Event Producer	Sales & Marketing Manager
Executive Director	Senior Manager, Research
General Manager	Travel Agent
Manager, F&B	Travel Designer

Applicants are considered based upon the criteria established for each program within the School. Broadly, applicants are required to have graduated from high school with courses including English and Math. For more information, visit the [School of Tourism Management](#) website.

Due to the nature of these programs, basic literacy in both written and spoken English is required. Students must meet academic and language requirements which can be found online at [Admission Requirements](#).

School of Tourism Management Program Pathways

The School of Tourism Management offers several program pathways. Each program is its own credential and many courses transfer from one credential to another, making it easier for students to advance to higher levels of learning. We feel that your best competitive advantage is the Bachelor of Tourism Management and many students start the degree upon entering however, a student's pathway is unique and we have options to build the knowledge required.

Two programs are designed specifically for an international student cohort:

- **Post-Baccalaureate Diploma in Global Hospitality & Tourism Management**

- 45 credits
- for international students who already hold a degree

- **Diploma in Tourism Management International**

- 60 credits
- ladders into the Bachelor of Tourism Management

Articulation Agreements and Transferability

Capilano University's Bachelor of Tourism Management is the only tourism management degree in the lower mainland and is a receiving institution for graduates of diplomas from other colleges and universities. If you are transferring from a college or university within BC please check your school's website, the [BC Transfer Guide](#), or email tourisms@capilanou.ca. You can also apply for direct entry if you don't see your school listed. For students with a completed diploma in a related field (tourism, hospitality, adventure, recreation) from outside of British Columbia or Canada, please apply for direct entry and submit the required documents as outlined by the Registrar's Office.

In order to earn the Bachelor of Tourism Management, 50% of course credit must be completed by Capilano University.

Students who have completed 30 credits or a 30-credit tourism management, hospitality management, or related certificate can apply for direct entry into the second year of the Bachelor of Tourism Management. Students are to have a minimum CGPA of 2.0 and meet program entry requirements.

Students who have completed 60 credits or a 60-credit tourism management, hospitality management, or related diploma from a recognized post-secondary institution can apply for direct entry into the third year of the Bachelor of Tourism Management (BTM) program. Students who were admitted into their home institution with an IELTS or equivalent of 6.0 or higher and studied in English for the duration of the program are deemed to have met the ELR for the BTM. Students are to have a minimum CGPA of 2.0 and meet the program requirements.

Block Transfer Agreements

Block transfer agreements exist between Capilano and the following institutions:

- [Douglas College](#)
- [Eton College](#)
- [Langara College](#)
- [Native Education College](#)
- [North Island College](#)
- [Pacific Institute of Culinary Arts](#)
- [Selkirk College](#)
- [Tamwood International College](#)
- [Vancouver Community College](#)
- [Vancouver Premier College](#)

Work Integrated Learning

Our programs combine classroom learning with work experience opportunities which enable students to apply their knowledge and skills.

Co-operative Education Work Term

A paid 500 hour co-operative work term is completed within the first two years of the Bachelor of Tourism Management and as part of the Tourism Management Co-operative Education Diploma. The work term is accredited provincially through the [Association of Cooperative Educators](#) and nationally through the [Co-operative Education and Work-Integrated Learning \(CEWIL\)](#) network and is designed to work closely with students on determining their learning outcomes. Students primarily work all over BC and Alberta.

Practicum

A 280 hour, usually unpaid, work placement primarily for students within our international tourism programs is completed as part of the diploma programs. It provides opportunity to learn more about North American work standards, use new found skills and knowledge, and build connections in some of Vancouver's top tourism businesses.

Global Opportunities

A student who is planning to develop a career in this industry is strongly encouraged to take advantage of study abroad, academic exchange, and/or field school opportunities. These global opportunities are coordinated through the [Centre for International Experience](#).

Capilano University has semester abroad programs with universities around the world. These provide students with the opportunity to pay domestic tuition, take courses at another university, transfer them back into their program all while learning and visiting a new country. [Study abroad](#) is best suited for students in the Bachelor of Tourism Management between the 2nd and 3rd year of study.

We are extremely excited about our partnership with University of California Riverside (UCR) which includes two weeks of classes on campus in California followed by a six-month work experience, and online courses at Walt Disney World in Florida. Course credits transfer back into the program registered. The [academic exchange](#) is best suited to students in the Tourism Management Co-operative Education Diploma as part of their co-op work term, or Bachelor of Tourism Management students as either their co-op work term or as a study abroad experience.

A [field school](#) is a short-term program, approximately 10 days and led by CapU instructors. This is a great opportunity to see another part of the world, usually between semesters or during reading break. They are course credits and count towards your elective requirements. This experience is best suited to students in the Diploma in Tourism Management International, Tourism Management Co-operative Education Diploma, and Bachelor of Tourism Management

If a student wishes to take part in any of these experiences where it is not an embedded part of the program or more credits than the elective allotment, it can still be taken as extra credits over and above your credential requirements. Please note that it may delay your graduation.

Student Course and Work Load

Full-time programs are designed so that successful completion is a full-time task. Students are advised not to undertake other activities that require large time commitments, including employment, while studying full-time.

Diploma in Career Programs

To be eligible for a Career program diploma, a student must have:

1. Completed program requirements, 50% of which must be completed at Capilano University;

2. Achieved a cumulative grade point average of 2.0 or higher. Some programs require a higher than 2.0 cumulative grade point average in order to receive a diploma.

Certificate in Career Programs

To be eligible for a Career certificate, a student must have:

1. Completed program requirements, 50% of which must be completed at Capilano University.
2. Achieved a cumulative grade point average of 2.0 or higher. Some programs require a higher than 2.0 cumulative grade point average in order to receive a certificate.

POST-BACCALAUREATE DIPLOMA IN GLOBAL HOSPITALITY & TOURISM MANAGEMENT

Note: Program name change effective for the Summer 2020 intake. Students admitted into the Fall 2019 intake or before will graduate under the previous program name of *Hotel and Resort Management Post Baccalaureate Diploma*.

General Information

Designed for international students who already hold a degree, this program will provide a foundation of knowledge in the hospitality and tourism industry. This two year program (condensed into 16-months) is structured to meet the growing needs of the hospitality and tourism industry. The program focuses on essential operational and management areas, to build knowledge of: finance, human resources, strategic management and sustainable hospitality operations. Graduates of the Global Hospitality and Tourism Management program will gain a strong understanding of customer service, event management and the global hospitality industry. A 280-hour, paid or unpaid North American work experience practicum within the field, is an important part of the program requirements. The practicum provides students with applied experience in a local tourism organization to further develop skills, knowledge, and industry connections. This is a full-time, 2-year cohort program, condensed into 16 months, and taken in four back-to-back terms. Students are expected to register for all courses offered in a term and follow the program profile in order to graduate in a timely manner. Once completed, graduates may be eligible to apply for a three-year Post Graduate Work Permit.

Admission Requirements

- Completion of an undergraduate degree from a recognized institution with a cumulative GPA (CGPA) of 2.0 or higher with preference given to students with a GPA of 2.5 or higher on the final two years of study.
- Students must produce evidence of their English Language Proficiency: Test of English as a Foreign Language (TOEFL): paper=540, internet=75, or English Language Assessment (ELA)=128, or International English Language Testing System (Academic IELTS)=6.0 overall, and no one score less than 5.5 and a min score of 6.0 in writing, or Canadian Academic English Language Assessment (CAEL)=60, or Pearson Test of English (PTE Academic)=50, or Capilano University EAP 090 with a minimum B+ grade.
- Letter of intent. Resume or experience summary.

Admission/Application Notes

This program is not designed for students who have completed the Bachelor of Tourism Management as this is a duplication of work.

How to Apply

[Apply for Admission/Readmission](#) online. Supporting documents should be submitted to:

Registrar's Office Capilano University
2055 Purcell Way, North Vancouver, B.C.
V7J 3H5
Phone: 604.984.4900
Fax: 604.984.1798

Fees and Expenses

Please see the [Fees & Finances](#) section of the Capilano website. Financial aid is available to eligible students for eligible programs. For more information, please see [Financial Aid & Awards](#).

Career & Educational Opportunities

Qualify for leadership and management opportunities in resorts, hotels, restaurants and other tourism operations such as:

- Event Management
- Revenue Management
- Hospitality Management
- Sales and Marketing
- Human Resources
- Destination Tourism Policy/Planning
- Adventure Tourism

Transferability / Transfer Credit / Transfer

Transfer credit is available for some courses. Students are required to meet program residency requirements in order to earn a Capilano credential (see [Graduation](#) section in this calendar).

BACHELOR OF TOURISM MANAGEMENT PROGRAM

General Information

Program Overview

Tourism is a leading economic sector worldwide, with 1.5 billion international tourism arrivals recorded in 2019. British Columbia hosts more than six million international overnight visitors a year through the services of over 19,000 tourism related companies.

The Bachelor of Tourism Management (BTM) is the hallmark program within the School of Tourism Management and emphasizes the business skills graduates require to step into management roles within their fields of choice. Sustainability, community engagement, global consciousness, and engaged and experiential learning are woven throughout the program which includes core courses in organizational behaviour, strategic planning, marketing, accounting, cross cultural tourism and applied research. Students also take tourism specialized courses in conference services, event management, global issues, and hotel management.

A 500 hour accredited co-op work term is completed within the first two years of study, providing the opportunity for students to put new skills into action and to test out an area of interest. More information on the co-op work term is available online at [Co-op: Information for Students](#).

In the third year students can, if they so choose, to concentrate their studies in the areas of Hotel and Resort or Adventure.

There are many opportunities for students to [study abroad](#). This may be through a field school, semester abroad or through our unique partnership with University California Riverside and Walt Disney World Resort. No matter what, it is recommended that students complete an international experience.

This program is available for both full-time or part-time study, and all courses required for the degree are offered from year one at Capilano University.

Tourism Career Opportunities

Our degree graduates possess a skill set that allows them to move into career positions that are permanent, year-round, and have clear opportunities for advancement. They are prepared for supervisory or management positions with a high level of responsibility and contribution. Graduates also have the skills needed to make a foray into small business ownership as an entrepreneur in the tourism industry. In addition, graduates may choose to pursue graduate studies in tourism or related fields.

Our graduates are highly sought after in a variety of tourism sectors, including accommodations, activities, tour operators, travel services, attractions, destination marketing organizations, transportation and tourism services within governments. Recent graduates are in a variety of management positions, and more specialized positions such as:

- Director of Sales & Marketing
- Event Manager
- Travel Designer or Consultant
- Account Executive for Regional Sales, Corporate Relations or Meeting and Conventions Sales
- Executive Director, Destination Marketing Organization
- Business Development Manager
- Hotel or Resort Manager

Transferring in From Other Programs

The Bachelor of Tourism Management has articulated agreements with several post-secondary institutions on a block basis, enabling you to enter into the 3rd year. Check the [BC Transfer Guide](#) for updated agreements. If your institution is not listed you can still apply for transfer credit through the Registrar's Office with transcripts and course outlines when you apply. A student must complete at least:

- 50% of the program requirements at Capilano University to receive a Capilano University Tourism Management degree.

Students who have completed a Capilano University citation, certificate or diploma from the School of Tourism Management or the School of Outdoor Recreation Management are eligible to ladder into the BTM program with up to 60 credits. All admission requirements must be met - completion of a citation, certificate or diploma that ladders in is not a guarantee of admission.

Direct Entry

Students who have completed 30 credits or a 30-credit tourism management, hospitality management, or related certificate can apply for direct entry into the second year of the Bachelor of Tourism Management. Students are to have a minimum CGPA of 2.0 and meet program entry requirements.

Students who have completed 60 credits or a 60-credit tourism management, hospitality management, or related diploma from a recognized post-secondary institution can apply for direct entry into the third year of

the Bachelor of Tourism Management (BTM) program. Students who were admitted into their home institution with an IELTS or equivalent of 6.0 or higher and studied in English for the duration of the program are deemed to have met the English Language Requirements for the BTM. Students are to have a minimum CGPA of 2.0 and meet the program requirements.

Admission Requirements

- BC Secondary School graduation (Grade 12) or equivalent
- English Studies 12 (C) English 12 (C) or English First Peoples 12 (C) or EDT (ENGL 100-level placement); and Principles of Math 11 (C) or Pre-calculus 11 (pass) or Foundations of Math 11 (C) or BMTH 044 (C) or BMTH 048 (C) or MATH 096 (C) or MATH 097 (C) or Applications of Math 12 (pass) or Foundations of Math 12 (pass) or Principles of Math 12 (pass) or Pre-calculus 12 (pass) or BMTH 054 (pass) or BTEC 115 (B-)
- Capilano English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (Academic IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.

TOURISM MANAGEMENT CO-OP DIPLOMA PROGRAM

General Information

Program Overview

Completing a Tourism Management Diploma provides graduates with a theoretical and practical introduction to the tourism industry. It stresses career entry skills, and provides a foundation of business skills and knowledge. This program includes an accredited co-op work term which provides the opportunity for students to put new skills into action and to test out an area of interest. More information on the co-op work term is available online at [Co-op: Information for Students](#).

Courses in the diploma emphasize core business practices of marketing, human resources, and accounting, plus electives in events, conference services and tourism sales.

This program is available for both full-time or part-time study and all courses required for the diploma are offered at Capilano University. The diploma ladders into the [Bachelor of Tourism Management](#).

Tourism Career Opportunities

Career opportunities on graduation include a variety of front line-positions, which is where most people begin their tourism career. These positions require a basic understanding of the industry and the ability to anticipate, respond to, and satisfy customer needs. The knowledge gained through the Tourism Management Co-op Diploma allows students in these front line positions to be strategically positioned in order to move into higher level positions as they gain experience.

Our graduates work in a variety of tourism sectors, including accommodations, activities, tour operators, travel services, attractions, destination marketing organizations, transportation and tourism services within governments. Recent graduates are in a variety of positions such as:

- Guest Services Agent
- Tour Guide
- Visitor Information Counselor
- Night Auditor
- Travel Consultant
- Concierge

Admission Requirements

- BC Secondary School graduation (Grade 12) or equivalent
- English Studies 12 (C) or English 12 (C) or English First Peoples 12 (C) or EDT (ENGL 100-level placement); and Principles of Math 11 (C) or Pre-calculus 11 (pass) or Foundations of Math 11 (C) or BMTH 044 (C) or BMTH 048 (C) or MATH 096 (C) or MATH 097 (C) or Applications of Math 12 (pass) or Foundations of Math 12 (pass) or Principles of Math 12 (pass) or Pre-calculus 12 (pass) or BMTH 054 (pass) or BTEC 115 (B-)
- Capilano English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (Academic IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.

DIPLOMA IN TOURISM MANAGEMENT INTERNATIONAL

Note: Program name change effective for the Fall 2020 intake. Students admitted into the Spring 2020 intake or before will graduate under the previous program name of *Tourism Management for International Students Diploma*.

General Information**Program Overview**

Designed for International students with English as a second language, the Tourism Management for International Students (TMI) diploma builds skills and knowledge necessary for careers in small and large tourism businesses. Students will learn to contribute to the ever increasing tourism industry worldwide. Canada's tourism industry is at an all time high and a key economic driver. Be a part of this growth and become a tourism leader.

Practical Canadian work experience is acquired by our international students through an 8-week practicum program. A practicum preparation course is offered to our students before this work experience, to ensure that students enjoy their opportunity to work in Canada.

The TMI program includes the following enhancements for their students:

- Field trips, guest speakers, and industry events
- Blended classes with Canadian students
- Academic support

For more information, please see [Tourism Management International](#).

Tourism Career Opportunities

Recent graduates of the program have made the following exciting career choices:

- Base Manager, Regional Air Line
- Customer Service Agent, International Cruise Line
- Front Desk Associate, 5-Star Hotel
- Management Trainee, National Car Rental Company
- Supervisor, Food and Beverage, Resort Hotel
- Tour Manager, Travel Agency

Admission Requirements

- BC Secondary School graduation (Grade 12) or equivalent
- English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=520, internet=67, or English Language Assessment (ELA)=114, or International English Language Testing System (Academic IELTS)=5.5 overall, and no one score less than 5.0, or Canadian Academic English Language Assessment (CAEL)=40, or Pearson Test of English (PTE Academic)=47 or Capilano University EAP 080 with a minimum B grade
- Resume

TOURISM MARKETING CITATION PROGRAM

General Information

This program is intended for students who currently do not meet the admission requirements for either the Bachelor of Tourism Management or the Tourism Management Co-operative Education Diploma.

The citation enables students to begin their tourism management studies while also upgrading the English and/or Math academic requirement. Once requirements are met students can apply and enter into the Bachelor of Tourism Management or Tourism Management Co-operative Education Diploma.

For more information, please see [Tourism Marketing Citation](#).

Admission Requirements

- BC Secondary School graduation (Grade 12) or equivalent
- Capilano English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (Academic IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.

How to Apply

[Apply for Admission/Readmission](#) online. Supporting documents should be submitted to:

School of Public Administration

GENERAL INFORMATION

The certificate and diploma programs are designed with and for professionals currently employed by municipalities, First Nations governments, regional districts, improvement districts, and supporting agencies in British Columbia. They are designed so that the students can combine their full-time professional responsibilities with part-time studies.

The purpose of these programs are to provide opportunities for participants to gain increased knowledge of the political and organizational realities of local governments in B.C. as well as to critically assess opportunities for change within these systems. It is expected that participants will be more effective managers, leaders and change agents as a result of their involvement in the program.

All PADM courses are developed with senior practitioners in the field and educators familiar with current issues facing local governments. Each course offers participants extensive opportunities for skill building, discussion and interaction with a widely diverse group of leading academic and local government figures. For more information, please see the [School of Public Administration](#) website.

LOCAL GOVERNMENT ADMINISTRATION PROGRAMS

Local Government Administration Certificate

General Information

The certificate consists of four required courses and one elective course. All courses are in-person seminars, providing opportunities to learn through group exercises, presentations, discussion and direct interaction with experts from the field. On completion of the program requirements, successful candidates will be eligible to receive a Local Government Administration certificate.

Capilano also offers five "MATI" (Municipal Administration Training Institute) courses in partnership with the Local Government Management Association of BC (LGMA):

- MATI Leadership in Local Government Organizations (PADM 204)
- MATI Advanced Communications for Local Government Professionals (PADM 205)
- MATI Managing People in Local Government Organizations (PADM 207)
- MATI Community Planning for Local Government Professionals (PADM 208)
- MATI The Successful CAO - Local Government Advanced Management (PADM 308)

These courses (except PADM 308) satisfy the elective requirement of the Local Government Administration certificate.

Further Information

On successful completion of the Local Government Administration certificate, students can pursue further studies in Local Government Administration with Capilano University, the Provincial Board of Examiners, Thompson Rivers University or the University of Victoria.

The Local Government Administration certificate program ladders into the Local Government Administration advanced certificate and diploma programs (see information below) and to Thompson River University's Bachelor of Public Administration.

The four core courses in the Local Government Administration certificate are recognized by the provincial Board of Examiners and are transferable for credit toward their certificates, which are recognized by Local Government employers across BC. For more details about the Board of Examiners Certificate Programs and Scholarships, see [Board of Examiners](#) or call 604.356.0954..

Students who have successfully completed the Local Government Administration certificate (with a minimum C+ grade) may apply for block transfer credit to the University of Victoria's Diploma in Local Government Management. Students will be allowed transfer credit for three unspecified courses (9 credits).

Admission Requirements

- BC Secondary School graduation (Grade 12) or equivalent; or permission of the program coordinator
- Capilano English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (Academic IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.
- Current employment in a municipality, regional district, First Nation Government, Improvement District or supporting agency.

Local Government Administration (Advanced) Certificate

General Information

The Local Government Administration (Advanced) certificate is a multi-disciplinary program which builds upon the foundation of the Local Government Administration certificate by enhancing individual knowledge and skills. Through the program students will learn to be more effective in their current and future roles as leaders and change agents in municipalities, regional districts, First Nations governments, improvement districts and related agencies throughout British Columbia.

Students successfully completing the Local Government Administration (Advanced) certificate will improve their understanding of current local government issues, public policy development, and corporate administration, while also improving their research, communication and management skills. Students will choose among elective courses in local government leadership, human resources/managing people and community planning in addition to other post-secondary electives from a wide variety of subject areas. All courses in the program can be applied toward the Provincial Board of Examiners certificates.

The advanced certificate is best suited to students who:

- Wish to continue their studies beyond the certificate level and enhance their knowledge and skills
- Are able to take courses offered in a six day residential format (MATI)
- Have taken other post-secondary courses from Capilano University or another institution that can be considered for transfer credit

The program consists of 7 required courses (21 credits) and 8 elective courses (24 credits). At least one elective course (3 credits) must be from Capilano University's Public Administration program. This program is based upon existing courses currently offered by Capilano University and a minimum of 8 courses (24 credits) must be completed at Capilano University.

Admission Requirements

- BC Secondary School graduation (Grade 12) or equivalent; or permission of the program coordinator
- Capilano English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (Academic IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.
- Current employment in a municipality, regional district, First Nation Government, Improvement District or supporting agency.

Local Government Administration Diploma

General Information

The Local Government Administration diploma is a multi-disciplinary and applied program which builds on the Local Government Administration certificate and advanced certificate. The diploma is designed for professionals currently working in local government who wish to achieve more in depth understanding, knowledge, and skills in this field. The program is designed so that the students can combine their full-time professional responsibilities with part-time undergraduate studies over three to five years.

Students successfully completing the Local Government Administration diploma will gain a thorough understanding of a wide range of local government issues. They will be able to identify, analyze and recommend solutions to workplace challenges while also strengthening their research, communication and management skills. Students will complete all currently offered PADM courses in addition to other post-secondary electives from a wide variety of subject areas.

The diploma is best suited to students who:

- Wish to continue their studies beyond the certificate level and enhance their knowledge and skills
- Are able to take courses offered in a six day residential format (MATI)
- Have taken other post-secondary courses from Capilano University or another institution that can be considered for transfer credit

The program consists of 9 required courses (27 credits) and 11 elective courses (33 credits). This program is based upon existing courses which are currently offered by Capilano University. A minimum of 10 courses (30 credits) must be completed at Capilano University.

All courses in the program can be applied toward the Provincial Board of Examiners certificates, which are recognized by local government employers across British Columbia.

Admission Requirements

- BC Secondary School graduation (Grade 12) or equivalent; or permission of the program coordinator
- Capilano English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (Academic IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.

Local Government Leadership Development Certificate

General Information

The new Local Government Leadership Development Certificate program addresses the growing demand for a new program designed specifically for local government management professionals who seek to improve their leadership skills and equip themselves for more senior positions. Through this program, local government professionals will gain the knowledge, skills, and abilities they need to be effective managers and leaders in their organization.

The Local Government Leadership Development Certificate program is designed for professionals who work for a British Columbia municipality, regional district, First Nation government or related organizations, with at least two years in a management or supervisory role. On completion of the program, graduates can ladder into the Local Government Administration Advanced Certificate and Diploma Programs at Capilano University, pursue related degrees at Capilano or other post-secondary institutions and also certificates granted by the Provincial Board of Examiners.

Admission Requirements

- BC Secondary School graduation (Grade 12) or equivalent; or permission of the program coordinator
- Capilano English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (Academic IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.
- Current employment in a municipality, regional district, First Nation Government, Improvement District or supporting agency (or permission of Program Chair), with at least two years in a management or supervisory role.

Continuing Studies

Continuing Studies

Capilano University's Continuing Studies division is an outreach arm and strategic business unit of the University. It offers open enrollment courses and programs that serve the lifelong learning needs of adult learners in the community. Training is available in the arts, business, and technology. There are no prerequisites for admission to non-credit courses, but occasionally a certain level of proficiency is recommended. Continuing Studies also delivers corporate training to help organizations address specific skills and knowledge gaps to meet organizational performance goals. These professional development workshops can be customized to the learning needs of all employees, from those new to office work to seasoned executives.

Continuing Studies (CS) courses are not listed in the Capilano University calendar—they are advertised in seasonal calendars distributed throughout the North Shore and other areas in the Lower Mainland. Find more online at [Continuing Studies](#).

COURSES & PROGRAMS

Capilano University's Continuing Studies offers a portfolio of non-credit, open enrolment courses for adults in arts, business, and technology. Whether you are interested in painting life portraits, managing your business's social marketing, or developing your project management skills, Continuing Studies can help you meet your personal and professional goals. Find more online at [Continuing Studies](#).

SERIOUS FUN SUMMER CAMPS

During the summer, Continuing Studies offers Serious Fun Summer Camps for kids, youth and teens. Serious Fun combines fun with meaningful learning. The camps range from digital media, photography and art to science, filmmaking and more. Summer camps are listed in the Serious Fun Summer Camps calendar published in early spring and on the web: [Serious Fun Summer Camps](#).

CUSTOM SOLUTIONS FOR ORGANIZATIONS & GROUPS

Continuing Studies offers a range of learning and development solutions (courses, seminars, workshops, programs, facilitated sessions) for domestic and international organizations and groups that are designed to address specific knowledge and skills gaps and deliver on a range of learning outcomes.

Customized training solutions can be delivered on campus, at the client's workplace, or at another location of the client's choice. Offerings range from intensive, short-term immersion to longer, in-depth programs of study. Each custom offering is designed to deliver relevant, interactive, outcomes-based, and quality learning experiences. All custom offerings are facilitated by leading subject matter experts, who bring real-world insight, industry experience, and extensive academic backgrounds to the classroom.

International participants may enroll in programs that offer short-term non-credit English Second Language (ESL) and Canadian culture homestay, or ESL combined with career skills training in professional areas such as business administration, computers, tourism and others.

For more information, visit [Continuing Studies](#) or call 604.984.4901

Aboriginal Studies

ABST 098 Foundations in Quantitative Reasoning

3.00 credits (4,0,0) hrs 15 wks

Corequisite: MATH 123

ABST 098 primes the quantitative reasoning and problem solving skills necessary for post-secondary success. Students will have the opportunity to review and master the skills and concepts in basic mathematics.

ABST 099 Foundations in Critical Reflection**3.00 credits (4,0,0) hrs 15 wks***Corequisite:* ENGL 100

ABST 099 primes the critical reading, thinking, and writing skills necessary for post-secondary success. Students will reflect on, critique and write about readings and spoken material, relating and comparing what they see and hear to their knowledge of human experience. The course employs a critical pedagogy and delivery that integrates talking circles and dialogues, Aboriginal story-tellers, and collaborative and experiential learning activities supported by Aboriginal guest speakers and Elders.

Acting

ACTR 100 Acting I**3.00 credits (4,0,0) hrs 15 wks**

This is a workshop course in the art of the actor, focusing on text analysis, physical action and developing the students' awareness of the actors' resources. In addition to readings and a written analysis, the student will rehearse and perform two scenes and a monologue, applying approaches and techniques taught in class.

Note: For Acting for Stage and Screen and Musical Theatre program students only.

ACTR 101 Acting II**3.00 credits (4,0,0) hrs 15 wks**

This is a workshop course for intermediate students. It focuses on the theory and practice of improvisational acting. After an introduction to the fundamental principles of narrative structure and spontaneity, the student explores performance theatre-games, masks and improvisation as a tool to develop scripted theatre.

Note: For Acting for Stage and Screen and Musical Theatre program students only.

ACTR 200 Acting III**3.00 credits (4,0,0) hrs 15 wks**

Prerequisite: ACTR 100 with a minimum B+ grade and ENGL 100

An intermediate scene study course focusing on text analysis and the performance of scenes and very short one-act plays.

Note: Prerequisite may be waived by permission of instructor by audition and interview.

Note: For Acting for Stage and Screen and Musical Theatre program students only.

ACTR 201 Acting IV**3.00 credits (4,0,0) hrs 15 wks**

Prerequisite: ACTR 200

A scene study course which explores style in classical and contemporary plays. Scene study will emphasize acting styles in groups of representative plays. Topics, set by the department, will vary each term.

Note: For Acting for Stage and Screen and Musical Theatre program students only.

ACTR 304 Special Skills for the Performer I**3.00 credits (4,0,2) hrs 15 wks**

Prerequisite: ACTR 201 and ENGL 100

This course will broaden the areas of expertise for Theatre department students in performance skills specialties and may be selected from the following topics: Stage Combat, Acting is a Business, Professionalism and Self-promotion, Period Dance, Monologues, Accents and Dialects, Mime and Clowning,

Voice-over and Animation, Advanced scene work, Period Text, Audition Skills, Advanced Lifts and Partnering, Specialized Dance skills, Text and Music in Auditioning, Mastery work for Actors, Rhythm and Dance and Self-created work.

Note: This course is equivalent to ACTR 300. Duplicate credit will not be granted for this course and ACTR 300.

ACTR 305 Special Skills for the Performer II
3.00 credits (4,0,2) hrs 15 wks

Prerequisite: ACTR 304

This course further develops the areas of expertise for Theatre department students in additional performance skills specialties and may be selected from the following topics: Stage Combat, Acting is a Business, Professionalism and Self-promotion, Period Dance, Monologues, Accents and Dialects, Mime and Clowning, Voice-over and Animation, Advanced scene work, Period Text, Audition Skills, Advanced Lifts and Partnering, Specialized Dance skills, Text and Music in Auditioning, Mastery work for Actors, Rhythm and Dance and Self-created work.

Note: This course is equivalent to ACTR 301. Duplicate credit will not be granted for this course and ACTR 301.

Acting for Stage and Screen

ASAS 105 Voice and Movement for the Actor I
1.50 credits (2,0,0) hrs 15 wks

First year students will participate in physical training that supports performance by enabling them to improve alignment, physical awareness, breath support and embodiment of their work on stage and on camera.

Note: For Acting for Stage and Screen program students only.

ASAS 110 Screen Acting I
3.00 credits (4,0,0) hrs 15 wks

This is a workshop course in the art of the film actor, focusing on text analysis, naturalistic playing and awareness of the actors' own resources. In addition to readings and a written analysis of a book on film auditioning, the student will rehearse and perform monologues and scenes, applying approaches and techniques taught in class.

Note: For Acting for Stage and Screen program students only.

ASAS 114 The Screen Actor's Process I
1.50 credits (2,0,0) hrs 15 wks

An introduction to the professional world of the stage and screen actor. Some filmed scenes and monologues are part of this course.

Note: For Acting for Stage and Screen program students only.

ASAS 115 Voice for the Actor I
1.50 credits (2,0,0) hrs 15 wks

Prerequisite: ASAS 105

This course is designed to allow further exploration of voice training for the stage and screen. Students will strengthen the range of their voices through training and performance. Skills are evaluated in tests, presentation and performance projects.

Note: For Acting for Stage and Screen program students only.

ASAS 116 Movement for the Actor I
1.50 credits (2,0,0) hrs 15 wks

Prerequisite: ASAS 105

This course is an exploration of movement training for the stage and screen. Students will learn basic movement exercises and devise projects that are designed to improve flexibility, coordination and balance. Skills are evaluated in tests, presentations and performance projects.

Note: For Acting for Stage and Screen program students only.

ASAS 120 Elements of Performance History I
3.00 credits (4,0,0) hrs 15 wks

This course will survey the history of theatre, from its origins in Classical Greece through to the early modern era. Highlighted theatrical developments will be explored in the context of historical, political, social, and/or cultural themes.

ASAS 161 Ensemble Projects for the Stage I
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: ACTR 100 and THTR 160

Students will work collaboratively on a festival of one-act plays. They will be responsible for all aspects of production including planning, budgeting, rehearsing and marketing.

Note: For Acting for Stage and Screen program students only.

ASAS 162 Screen Projects I
1.50 credits (2,0,0) hrs 15 wks

In this course, ASAS students will explore projects in front of and behind the camera. Canadian content, ideas for script writing, and filmed projects will be a part of this course.

Note: For Acting for Stage and Screen program students only.

ASAS 190 Practicum I
1.00 credit (0,0,8) hrs 15 wks

Students receive credit for intensive practical work on productions. The nature of the work and the amount of credit will be determined by the department in consultation with the student. All who are cast in a department production, film or who are assigned to a production crew must register in this course.

Note: To register for these courses, contact the coordinator.

ASAS 191 Practicum II
1.00 credit (0,0,8) hrs 15 wks

Students receive credit for intensive practical work on productions. The nature of the work and the amount of credit will be determined by the department in consultation with the student. All who are cast in a department production, film or who are assigned to a production crew must register in this course.

Note: To register for these courses, contact the coordinator.

ASAS 192 Practicum III
1.00 credit (0,0,8) hrs 15 wks

Students receive credit for intensive practical work on productions. The nature of the work and the amount of credit will be determined by the department in consultation with the student. All who are cast in a department production, film or who are assigned to a production crew must register in this course.

Note: To register for these courses, contact the coordinator.

ASAS 193 Practicum IV
1.00 credit (0,0,8) hrs 15 wks

Students receive credit for intensive practical work on productions. The nature of the work and the amount of credit will be determined by the department in consultation with the student. All who are cast in a department production, film or who are assigned to a production crew must register in this course.

Note: To register for these courses, contact the coordinator.

ASAS 194 Practicum V
1.00 credit (0,0,8) hrs 15 wks

Students receive credit for intensive practical work on productions. The nature of the work and the amount of credit will be determined by the department in consultation with the student. All who are cast in a department production, film or who are assigned to a production crew must register in this course.

Note: To register for these courses, contact the coordinator.

ASAS 195 Practicum VI
1.00 credit (0,0,8) hrs 15 wks

Students receive credit for intensive practical work on productions. The nature of the work and the amount of credit will be determined by the department in consultation with the student. All who are cast in a department production, film or who are assigned to a production crew must register in this course.

Note: To register for these courses, contact the coordinator.

ASAS 208 Performance I
2.00 credits (1.33,0,2.66) hrs 15 wks

Prerequisite: ASAS 161 and ENGL 100

This course acknowledges the theatre skills which are learned during rehearsals and practical work on productions. Students in the Acting for Stage and Screen program will take part in a bare bones production of a play, which will be performed in the Arbutus Studio at the end of term.

Note: For Acting for Stage and Screen program students only.

ASAS 210 Screen Acting II
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: ASAS 110

This is an intermediate workshop course for the screen actor. Filmed scene work and monologues will comprise the practical aspect of the course. Students are expected to explore text analysis and provide a written analysis of their methodology at the end of the term. Students will improve their concentration and camera awareness. Script interpretation emphasizes personal technique, and classes simulate the atmosphere of a film or television shoot.

Note: For Acting for Stage and Screen program students only.

ASAS 214 The Screen Actor's Process II
1.50 credits (2,0,0) hrs 15 wks

Prerequisite: ASAS 114 and ENGL 100

This course is designed to expose intermediate actors to the specific demands of the industry and prepare them for marketing their skills in the competitive world of theatre, film and television acting.

ASAS 215 Voice for the Actor II
1.50 credits (2,0,0) hrs 15 wks

Prerequisite: ASAS 115 and ENGL 100

Students will continue to strengthen their voices through intensive training and exercise. An intermediate regimen of training will be introduced and reinforced throughout this term.

Note: For Acting for Stage and Screen program students only.

ASAS 216 Movement for the Actor II
1.50 credits (2,0,0) hrs 15 wks

Prerequisite: ASAS 116 and ENGL 100

Students will continue to strengthen their physical awareness through intensive training and exercise. An intermediate regimen of training will be introduced and reinforced throughout this term.

Note: For Acting for Stage and Screen program students only.

ASAS 218 Musical Theatre for Actors - Voice
1.50 credits (2,0,0) hrs 15 wks

This is a course designed to expand the musical abilities of the stage and screen actor. Students will learn songs and perform them in Master Class format in order to improve their skills as singer/actors. They will learn the basics of reading music as well as sing in harmony in ensemble numbers.

ASAS 219 Musical Theatre for Actors - Dance
1.50 credits (2,0,0) hrs 15 wks

This is a course designed to expand the movement abilities of the stage and screen actor. Students will perform ensemble choreography in a classroom setting and increase their skills in several styles of dance.

ASAS 220 Elements of Performance History II
3.00 credits (4,0,0) hrs 15 wks

This course will explore a variety of major developments in theatre history, from the early modern era, into the 20th century. Highlighted theatrical developments will be explored in the context of historical, political, social, and/or cultural themes. This course is a follow-up to ASAS 120.

ASAS 225 Voice for the Actor III
1.50 credits (2,0,0) hrs 15 wks

Prerequisite: ASAS 215

This is a more advanced course in voice production for the stage and screen actor. Through more intensive training and exercises, students will create a regimen of vocal practice which will give them the skills necessary to perform in both mediums.

Note: For Acting for Stage and Screen program students only.

ASAS 226 Movement for the Actor III
1.50 credits (2,0,0) hrs 15 wks

Prerequisite: ASAS 216

This is a more advanced course in movement for the stage and screen actor. Through intensive training and exercise, students will gain strength and physical awareness. A more advanced regimen of movement exercises will be created this term.

Note: For Acting for Stage and Screen program students only.

ASAS 260 Analysis for Directing and Design
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: ASAS 161 and ENGL 100

This course examines the methods that directors and designers use to interpret script and prepare for stage production. This includes important topics such as play analysis, responsibilities, creative vision, and principles of staging, casting and leadership.

ASAS 261 Ensemble Projects for the Stage II
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: ASAS 260 or THTR 260

In this course, students work collaboratively to produce a festival of one-act plays. Students direct or act in at least one play. They are also responsible for all aspects of production including planning, budgeting, rehearsing and marketing.

ASAS 262 Screen Projects II
1.50 credits (2,0,0) hrs 15 wks

Prerequisite: ASAS 162

Intermediate ASAS students will take leadership positions in both the cast and crew areas of filmmaking. Students will work on more advanced scripts and projects, and create a reel of their work.

Note: For Acting for Stage and Screen program students only.

ASAS 290 Practicum VII
1.00 credit (0,0,8) hrs 15 wks

Prerequisite: Completion of 3 credits from: ASAS 190-195 or THTR 190-195 series

Students receive credit for intensive practical work on productions. The nature of the work and the amount of credit will be determined by the Department in consultation with the student. All who are cast in a department production film or who are assigned to a production crew, and who have three credits in the THTR/ASAS series, must register in this course.

Note: To register for these courses, contact the coordinator.

ASAS 291 Practicum VIII
1.00 credit (0,0,8) hrs 15 wks

Prerequisite: Completion of 3 credits from: ASAS 190-195 or THTR 190-195 series

Students receive credit for intensive practical work on productions. The nature of the work and the amount of credit will be determined by the Department in consultation with the student. All who are cast in a department production, film or who are assigned to a production crew, and who have three credits in the THTR 190/ASAS 190 series, must register in this course.

Note: To register for these courses, contact the coordinator.

ASAS 292 Practicum IX
1.00 credit (0,0,8) hrs 15 wks

Prerequisite: Completion of 3 credits from: ASAS 190-195 or THTR 190-195 series

Students receive credit for intensive practical work on productions. The nature of the work and the amount of credit will be determined by the Department in consultation with the student. All who are cast in a department production or who are assigned to a production crew, and who have three credits in the THTR 190 or ASAS 190 series, must register in this course.

Note: To register for these courses, contact the coordinator.

ASAS 293 Practicum X
1.00 credit (0,0,8) hrs 15 wks

Prerequisite: Completion of 3 credits from: ASAS 190-195 or THTR 190-195 series

Students receive credit for intensive practical work on productions. The nature of the work and the amount of credit will be determined by the Department in consultation with the student. All who are cast in a department production, film or who are assigned to a production crew, and who have three credits in the THTR 190/ASAS 190 series, must register in this course.

Note: To register for these courses, contact the coordinator.

ASAS 294 Practicum XI
1.00 credit (0,0,8) hrs 15 wks

Prerequisite: Completion of 3 credits from: ASAS 190-195 or THTR 190-195 series

Students receive credit for intensive practical work on productions. The nature of the work and the amount of credit will be determined by the Department in consultation with the student. All who are cast in a department production, film or who are assigned to a production crew, and who have three credits in the THTR 190/ASAS 190 series, must register in this course.

Note: To register for these courses, contact the coordinator.

ASAS 295 Practicum XII
1.00 credit (0,0,8) hrs 15 wks

Prerequisite: Completion of 3 credits from: ASAS 190-195 or THTR 190-195 series

Students receive credit for intensive practical work on productions. The nature of the work and the amount of credit will be determined by the Department in consultation with the student. All who are cast in a department production, film or who are assigned to a production crew, and who have three credits in the THTR 190/ASAS 190 series, must register in this course.

Note: To register for these courses, contact the coordinator.

ASAS 302 Graduation Showcase
2.00 credits (1.33,0,2.67) hrs 15 wks

Prerequisite: ENGL 100, ACTR 304, ASAS 218, ASAS 219, ASAS 341, ASAS 370, FILM 250 and PMTI 202

This capstone course prepares students for the Graduation Showcase, which is a culmination of their training to date. The final performance will serve as an introduction to professional industry members and will provide students with an opportunity to start their careers.

Note: This course is equivalent to ACTR 302. Duplicate credit will not be granted for this course and ACTR 302.

ASAS 321 Conceptual Approaches I
1.50 credits (4,0,0) hrs 08 wks

Prerequisite: ASAS 220

Taught in conjunction with FILM 321, the conceptual approach is designed to help Acting for Stage and Screen students understand their craft in the context of such categories as genre, body of work, and artistic movements. Special attention will be paid to playwrights and stage directors whose work has impacted contemporary theatre.

ASAS 328 Performance IV
2.00 credits (2,0,4) hrs 15 wks

Prerequisite: ACTR 304 and ASAS 329

This course acknowledges the acting skills which are learned during rehearsals and practical work on productions and in film work. Students in the Acting for Stage and Screen program will take part in fully realized stage productions and/or in film projects produced through the FILM centre.

Note: For Acting for Stage and Screen program students only.

ASAS 329 Theatre Performance
3.50 credits (2,0,5) hrs 22 wks

Prerequisite: ACTR 201, ASAS 208 and 261

This course acknowledges the acting skills which are learned during rehearsals and practical work on theatre productions. Students will take part in a fully realized stage production.

Note: This course is equivalent to ASAS 308. Duplicate credit will not be granted for this course and ASAS 308.

ASAS 340 The Actor's Kit

1.50 credits (2,0,0) hrs 15 wks

Prerequisite: ACTR 304 and ENGL 100

The Actor's Kit is a course designed to prepare students for the stage and screen industry. Acting for Stage and Screen students will produce a series of monologues which are performance ready. Credit for this course is based on successful completion of the monologue kit.

Note: For Acting for Stage and Screen program students only.

ASAS 341 The Screen Actor's Process III

4.00 credits (6,0,0) hrs 15 wks

Prerequisite: ASAS 214

This course is an intensive, advanced course in acting techniques. Students will learn how to face the technical, personal and professional challenges of developing a successful career in the competitive world of acting in film and television.

Note: For Acting for Stage and Screen program students only.

ASAS 362 Screen Projects III

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: ASAS 262

This course will enable the advanced ASAS student to gain an understanding of pitching, creating, directing shooting, and producing a film project of their own.

Note: For Acting for Stage and Screen program students only.

ASAS 370 The Actor's Business

1.50 credits (2,0,0) hrs 15 wks

Prerequisite: ACTR 200 and ASAS 261

Students will learn the business of being an actor, from resume building and pitching a script, to union involvement and contracts.

Note: For Acting for Stage and Screen program students only.

ASAS 390 Performance Project I

3.00 credits (0,0,8) hrs 15 wks

Upon successful completion of this course, students will improve upon and demonstrate their mastery of the performance aspect of either a film shoot or play production through intensive, practical experience.

Note: For Acting for Stage and Screen program students only.

ASAS 391 Performance Project II

3.00 credits (4,0,2) hrs 15 wks

Prerequisite: ASAS 390 is a prerequisite or co-requisite

Upon successful completion of this course, students will improve upon and demonstrate their mastery of the performance aspect of either a film shoot or play production through intensive, practical experience.

Note: For Acting for Stage and Screen program students only.

ASAS 392 Performance Project III

3.00 credits (4,0,2) hrs 15 wks

Prerequisite: ASAS 390 and 391 are prerequisites or co-requisites

Upon successful completion of this course, students will improve upon and demonstrate their mastery of the performance aspect of either a film shoot or play production through intensive, practical experience.

Note: For Acting for Stage and Screen program students only.

Adult Basic Ed.-Biology

BBIO 036 ABE Intermediate Biology

1.00 credit (1.5,0,1.5) hrs 15 wks

This course is an introduction to the chemistry and composition of living things. Topics studied include: the organization and functions of cells, the digestive, respiratory, circulatory, nervous, skeletal and muscular systems, and human nutrition. Laboratory investigations are included.

Note: This course is equivalent to BSCI 033. Duplicate credit will not be granted for this course and BSCI 033.

BBIO 043 ABE Advanced Biology I

1.00 credit (1.5,0,1.5) hrs 15 wks

Prerequisite: BBIO 036 or Science 10 with a minimum grade of C+ and completion of ABE Science Assessment

Topics include cell structure and function, cell division, evolution, plant physiology. Laboratory exercises are included.

Note: BENG 030 or ENGL 010 are recommended prerequisites

BBIO 044 ABE Advanced Biology II

1.00 credit (1.5,0,1.5) hrs 15 wks

Prerequisite: BBIO 043

Topics include diversity and life histories of microbes, plants and animals, behavioural ecology, biosphere, ecosystems, and human population concerns. Laboratory exercises and field trips are included. BBIO 043 and 044 together prepare students for many career/vocational programs.

BBIO 053 ABE Provincial Biology I

1.00 credit (1.5,0,1.5) hrs 15 wks

Prerequisite: BBIO 036 and BCHM 036, or Science 10 with a minimum grade of C+ and completion of ABE Science Assessment

Topics include cell structure and function, cell division, cell metabolism, genetics, and DNA. Includes laboratory exercises.

Note: BENG 041 and BCHM 043 are recommended prerequisites

BBIO 054 ABE Provincial Biology II

1.00 credit (1.5,0,1.5) hrs 15 wks

Prerequisite: BBIO 053

Topics include tissues and organ systems, homeostasis, circulation, immunity, digestion, respiration, excretion and reproduction. Includes laboratory investigations. BBIO 053 and 054 together prepare students for many health-related programs and college level post-secondary programs for which Biology 12 is a prerequisite.

Adult Basic Ed.-Chemistry

BCHM 036 ABE Intermediate Chemistry

1.00 credit (1.5,0,1.5) hrs 15 wks

This is an intermediate course in chemistry. Students will be introduced to intermolecular forces of attractions, the organization of the periodic table, categorize a compound as ionic or covalent, and write the formulas of simple compounds.

BCHM 043 ABE Advanced Chemistry I

1.00 credit (1.5,0,1.5) hrs 15 wks

Prerequisite: BCHM 036, or completion of the Adult Basic Education Math Assessment Test and Science 10 with a minimum grade of B and the Adult Basic Education Science Reading Comprehension Test

Students will learn principles and methods of chemistry including atomic structure, periodic trends, writing formulas, and determining the names of both inorganic and organic formulas. Reaction types and the relation of chemistry to society will be covered. Includes laboratory investigations.

BCHM 044 ABE Advanced Chemistry II

1.00 credit (1.5,0,1.5) hrs 15 wks

Prerequisite: BCHM 043 and BMTH 033

This is a continuation of BCHM 043. Students will use the mole concept to solve quantitative problems, learn some applications of the gas laws, prepare and dilute solutions. Properties of acids and bases including pH will be investigated. Includes laboratory investigations.

BCHM 053 ABE Provincial Chemistry I

1.00 credit (1.5,0,1.5) hrs 15 wks

Prerequisite: BCHM 044 with a minimum grade of C-, or completion of the Adult Basic Education Math Assessment Test and Chemistry 11 with a minimum grade of B and the Adult Basic Education Science Reading Comprehension Test

Students will learn principles and methods of chemistry including organic nomenclature, thermochemistry, chemical reaction rates, oxidation-reduction, and some applications of electrochemistry. Includes laboratory investigations.

BCHM 054 ABE Provincial Chemistry II

1.00 credit (1.5,0,1.5) hrs 15 wks

Prerequisite: BCHM 053 and BMTH 043

This is a continuation of BCHM 053. Students will explore the concepts of chemical equilibrium, solutions and solubility, chemistry of weak acids and bases, neutralization.

Adult Basic Ed.-Computers

BCMP 021 Fundamental Level - Introduction to Micro Computers

1.00 credit (1.5,0,1.5) hrs 15 wks

A self-paced credit course introducing word processing and the use of the Internet.

Note: This course is equivalent to CDCO 021. Duplicate credit will not be granted for this course and CDCO 021.

BCMP 031 ABE Intermediate Level Computer Studies

2.00 credits (1.5,0,1.5) hrs 15 wks

Prerequisite: BENG 021 or equivalent

A paced credit course offering an introduction to commonly used business software such as word processing, spreadsheets and the Internet. Also included is an introduction to Windows disk and file management.

Note: This course is equivalent to CDCO 031. Duplicate credit will not be granted for this course and CDCO 031.

BCMP 041 ABE Advanced Level Computer Studies

2.00 credits (1.5,0,1.5) hrs 15 wks

Prerequisite: BENG 021 or equivalent

A paced graded course offering both an introduction to commonly used business software and essential computer concepts and terminology. Software used includes: word processing, spreadsheets, graphics, Windows, and the Internet. Computer concepts include examination of: processors, storage devices, input/output devices, computer communications, security, ethics, ergonomics, and purchasing considerations.

BCMP 051 ABE Provincial Level Computer Studies

2.00 credits (1.5,0,1.5) hrs 15 wks

Prerequisite: BENG 021 and BCMP 041 with a minimum B- grade

A paced graded course offering an introduction to fundamentals of the Internet. The major focus is web page authoring. Other topics include: e-mail, discussion groups, and Web search engines.

BCMP 052 ABE Provincial Level Computer Studies

2.00 credits (1.5,0,1.5) hrs 15 wks

Prerequisite: BCMP 051 and BMTH 031 with a minimum B- grade

A paced graded course offering an introduction to computer programming. Students will analyse problems, design solutions, develop programs, test, de-bug and document the software they write.

BCMP 053 ABE Provincial Computer Studies, Online & Current Technology

2.00 credits (1.5,0,1.5) hrs 15 wks

In this course, students learn to utilize common cloud-based applications such as: word processing, spreadsheets, presentations, online collaboration, photo-editing, online storage and backup. These are the most common applications students would utilize in the workplace or in support of their other university classes. Additional topics include: electronic contact, time and calendar management, anti-virus and anti-malware protection, and cross-platform (PC, Mac, tablet, smartphone) inter-operability.

Adult Basic Ed.-English

BENG 011 Basic Literacy Level English

1.00 credit (1.5,0,1.5) hrs 15 wks

A course in basic reading and writing. Students focus on the composition of words and basic sentences.

BENG 021 Fundamental Level English: Writing Skills, Spelling, Word Attack

1.00 credit (1.5,0,1.5) hrs 15 wks

An introductory fundamental course in reading and in writing of sentences and short paragraphs.

BENG 031 Intermediate Level English

2.00 credits (1.5,0,1.5) hrs 15 wks

An intermediate course in writing. Most ABE students enter the English program at this level. Students write a series of paragraphs and two longer compositions.

Note: This course is equivalent to CDEN 031. Duplicate credit will not be granted for this course and CDEN 031.

BENG 040 Advanced Level English: Short Report Writing**2.00 credits (1.5,0,1.5) hrs 15 wks***Prerequisite:* BENG 031

A short-report writing course with a vocational/technical emphasis in its subject matter and approaches to writing. Students develop the summarizing, note-taking, and outlining skills necessary to organize information from a variety of sources into well-written reports.

BENG 041 Advanced Level English: Advanced Report Writing**2.00 credits (1.5,0,1.5) hrs 15 wks***Prerequisite:* BENG 031

An advanced course in short-report writing. Students develop the summarizing, note-taking, and outlining skills necessary to organize information from a variety of sources into well-written reports. BENG 041 has a technical/academic emphasis in its subject matter and approaches to writing and includes introductory work in literary analysis and evaluation for students proceeding to BENG 052.

BENG 043 ABE Advanced Level English Part 1**1.00 credit (1.5,0,1.5) hrs 15 wks**

This course is an Advanced Level English course focusing on summarizing and report writing. This course develops the rhetorical and organizational strategies needed to write paragraphs and construct academic arguments in essay form.

BENG 044 ABE Advanced Level English Part 2**1.00 credit (1.5,0,1.5) hrs 15 wks**

This course is an Advanced Level English course that focuses on summarizing and report writing, and introduces students to literary analysis. This course develops the rhetorical and organizational strategies needed to write paragraphs and construct academic arguments in essay form.

BENG 052 Provincial Level English - Critical Reading and Writing**2.00 credits (1.5,0,1.5) hrs 15 wks***Prerequisite:* BENG 041 with a minimum B- grade

A provincial level course in essay writing. Students study and write a variety of essays to prepare for written work at the university transfer level or equivalent in diploma programs. BENG 052 has an academic/literary emphasis in its subject matter and approaches to writing.

BENG 053 ABE Provincial Level English Part 1**1.00 credit (1.5,0,1.5) hrs 15 wks***Prerequisite:* BENG 041, or BENG 043 and 044

This course is a Provincial Level English course focusing on academic writing, foundational post-secondary research skills, and research essay writing. The course aims to develop the reasoning, research, and synthesizing skills needed to succeed in a post-secondary environment.

BENG 054 ABE Provincial Level English Part 2**1.00 credit (1.5,0,1.5) hrs 15 wks***Prerequisite:* BENG 041, or BENG 043 and 044

This course is a Provincial Level English course focusing on reading, research, academic analysis, and academic essay writing. The course aims to develop the reasoning, research, and synthesizing skills needed to succeed in a post-secondary environment.

Adult Basic Ed.-First Nations

BFNS 051 ABE Provincial Level: First Nations Studies

2.00 credits (1.5,0,1.5) hrs 15 wks

Prerequisite: BENG 041

First Nations Studies (Provincial Level) examines First Nations peoples' culture, values, beliefs, traditions, history, languages, and land in terms of a holistic worldview. Through this perspective, the course examines the past, looks at the many issues facing First Nations communities today and considers possibilities for the future.

BFNS 052 Basic First Nations Studies: Lil'wat Culture and History

2.00 credits (1.5,0,1.5) hrs 15 wks

Prerequisite: BENG 041 with a minimum grade of C

This course is a study of First Nations culture and history with a focus on the Lil'wat Nation (Mount Currie). Through lecture, field trips, guest speakers, reports and projects, students will practice research and social analysis skills while learning about First Nations culture and history.

Adult Basic Ed.-Fund English

BENF 001 ABE Fundamental English 1

1.00 credit (1.5,0,1.5) hrs 15 wks

A course in basic reading and writing. Students focus on the composition of sounds, words and basic sentences.

Note: This course is equivalent to CDEN 001. Duplicate credit will not be granted for this course and CDEN 001.

BENF 002 ABE Fundamental English 2

1.00 credit (1.5,0,1.5) hrs 15 wks

A course in basic reading and writing. Students focus on increasing their knowledge and ability to read words and develop basic sentence skills.

Note: This course is equivalent to CDEN 002. Duplicate credit will not be granted for this course and CDEN 002.

BENF 003 ABE Fundamental English 3

1.00 credit (1.5,0,1.5) hrs 15 wks

A course in basic reading and writing. Students focus on increasing their knowledge and ability to read words, develop basic sentence skills including punctuation.

Note: This course is equivalent to CDEN 003. Duplicate credit will not be granted for this course and CDEN 003.

BENF 004 ABE Fundamental English 4

1.00 credit (1.5,0,1.5) hrs 15 wks

A course in basic reading and writing. Students focus on listening, reading and writing for a variety of purposes with the introduction of critical thinking skills.

Note: This course is equivalent to CDEN 004. Duplicate credit will not be granted for this course and CDEN 004.

BENF 005 ABE Fundamental English 5**1.00 credit (1.5,0,1.5) hrs 15 wks**

A course in basic reading and writing. Students focus on reading using literary and information texts along with writing longer passages, using a variety of writing processes.

Note: This course is equivalent to CDEN 005. Duplicate credit will not be granted for this course and CDEN 005.

BENF 006 ABE Fundamental English 6**1.00 credit (1.5,0,1.5) hrs 15 wks**

A basic course in reading and writing. Students focus on reading novels and short stories using a variety of strategies along with writing longer, detailed paragraphs.

Note: This course is equivalent to CDEN 006. Duplicate credit will not be granted for this course and CDEN 006.

Adult Basic Ed.-Fund Math

BMAF 001 ABE Fundamental Mathematics 1**1.00 credit (1.5,0,1.5) hrs 15 wks**

Prerequisite: ABE Math Assessment

This is a course in basic mathematics. Students will focus on place value and counting to 100, add or subtract whole numbers to 20 without carrying or borrowing, and explain simple geometric shapes.

Note: This course is equivalent to CDMA 001. Duplicate credit will not be granted for this course and CDMA 001.

BMAF 002 ABE Fundamental Mathematics 2**1.00 credit (1.5,0,1.5) hrs 15 wks**

Prerequisite: ABE Math Assessment

This is a course in basic mathematics. Students will focus on place value to 1,000,000, add whole numbers with carrying or subtract whole numbers with borrowing, know multiplication facts to 100, convert time notation. They will be able to explain and calculate the perimeter of simple geometric shapes.

Note: This course is equivalent to CDMA 002. Duplicate credit will not be granted for this course and CDMA 002.

BMAF 003 ABE Fundamental Mathematics 3**1.00 credit (1.5,0,1.5) hrs 15 wks**

Prerequisite: ABE Math Assessment

This is a course in basic mathematics. Students will focus on the division of whole numbers, the metric system, and be able to explain and calculate the area of simple geometric shapes.

Note: This course is equivalent to CDMA 003. Duplicate credit will not be granted for this course and CDMA 003.

BMAF 004 ABE Fundamental Mathematics 4**1.00 credit (1.5,0,1.5) hrs 15 wks**

Prerequisite: ABE Math Assessment

This is a course in basic mathematics. Students will focus on calculations involving decimal fractions, conversion of measurements within the metric system, and will be able to calculate the perimeter and area of simple geometric shapes with decimal fractions.

Note: This course is equivalent to CDMA 004. Duplicate credit will not be granted for this course and CDMA 004.

BMAF 005 ABE Fundamental Mathematics 5

1.00 credit (1.5,0,1.5) hrs 15 wks

Prerequisite: ABE Math Assessment

This is a course in basic mathematics. Students will focus on calculations involving common fractions, convert fractions to decimals, convert decimals to fractions, convert measurements within the metric system, and calculate the perimeter and area of simple geometric shapes using formulas.

Note: This course is equivalent to CDMA 005. Duplicate credit will not be granted for this course and CDMA 005.

BMAF 006 ABE Fundamental Mathematics 6

1.00 credit (1.5,0,1.5) hrs 15 wks

Prerequisite: ABE Math Assessment

This is a course in basic mathematics. Students will focus on calculations involving ratio and proportion, solve various problems involving percent, calculate sales tax, percent wage increase and discounts on purchases.

Note: This course is equivalent to CDMA 006. Duplicate credit will not be granted for this course and CDMA 006.

Adult Basic Ed.-Geography

BGEO 052 Provincial Level Geography

2.00 credits (1.5,0,1.5) hrs 15 wks

Prerequisite: BESC 041 or BSOC 041 and BENG 041 (or equivalent).

A study of interactions between the people of B.C. and their geographic environment. Students will discover the diverse regions of B.C. and the set of geographic and human attributes that make each region distinct. Students will assess the success of people's adaptations to their geographic environment, with a focus on mutual sustainability of land, air, water, living and earth resources, and human populations.

Adult Basic Ed.-History

BHST 052 Provincial Level History

2.00 credits (1.5,0,1.5) hrs 15 wks

Prerequisite: BENG 041 or equivalent

A survey of 20th century history, including major issues in present day geopolitics.

Adult Basic Ed.-Math

BMTH 011 Whole Numbers and Decimals

1.00 credit (1.5,0,1.5) hrs 15 wks

A course in basic addition, subtraction, multiplication and division of whole numbers and decimals.

BMTH 021 Fundamental Level Mathematics**1.00 credit (1.5,0,1.5) hrs 15 wks**

Whole numbers, fractions, decimals, ratio and proportion, percent, powers and roots, averages and graphs. This course is designed to prepare students for an intermediate course in mathematics.

BMTH 033 Introductory Algebra**1.00 credit (1.5,0,1.5) hrs 15 wks**

Prerequisite: BMTH 021 or placement by the instructor

This course covers properties of the Real number system. It is an introduction to algebra, basic operations with algebraic expressions, equations in one variable, inequalities and problem solving. This is the first of the two courses required to complete an ABE Intermediate level in mathematics.

BMTH 034 Intermediate Algebra and Geometry**1.00 credit (1.5,0,1.5) hrs 15 wks**

Prerequisite: BMTH 033 with a minimum C+ grade

This course covers measurement of perimeter, area and volume; theorem of Pythagoras, right angle trigonometry; systems of equations in two variables; graphing linear relations; slope, intercepts. This is the second of the two courses required to complete ABE Intermediate level in mathematics.

BMTH 041 Advanced Level Business Math**2.00 credits (1.5,0,1.5) hrs 15 wks**

Prerequisite: BMTH 034

This course covers the use and interpretation of formulas and principals used in Canadian business and commerce, solving problems of business or commerce such as computing interest, payroll, taxes and amortization.

BMTH 043 Advanced Algebra I**1.00 credit (1.5,0,1.5) hrs 15 wks**

Prerequisite: BMTH 033/034 or Math 10 with a minimum B- grade or higher or placement test

This course covers radical equations, exponent laws, polynomials and rational expressions, factoring, complex fractions, quadratic equations.

Note: This is the first of two courses required for ABE Advanced level in mathematics.

BMTH 044 Advanced Algebra II and Trigonometry**1.00 credit (1.5,0,1.5) hrs 15 wks**

Prerequisite: BMTH 043 with minimum C+ grade or higher

This course covers functions and relations, quadratic functions, maxima and minima, transformations of relations, tangent theorems, trigonometry, right triangles, functions of angles in standard position, Sine and Cosine laws.

Note: This is the second of two courses required for ABE Advanced level in mathematics.

BMTH 047 Advanced Foundations Mathematics 1**1.00 credit (1.5,0,1.5) hrs 15 wks**

Prerequisite: BMTH 033 or completion of the Adult Basic Education Math Assessment

In this course students will investigate problem solving, inductive and deductive reasoning and proof and pattern recognition. In addition, students will explore graphing and slope, rate problems, spatial reasoning, proportion and scaling. This course will use trigonometry, including the sine and cosine law to solve problems involving lines, angles and triangles.

BMTH 048 Advanced Foundations Mathematics 2

1.00 credit (1.5,0,1.5) hrs 15 wks

Prerequisite: BMTH 047

In this course students will explore elements of statistics such as normal curve, standard deviation, z-test, confidence intervals and applications of statistics. Systems of linear inequalities will be solved graphically. Students will investigate quadratic functions including graphs of parabolas, vertex, intercepts, roots and axis of symmetry.

BMTH 053 Precalculus I

1.00 credit (1.5,0,1.5) hrs 15 wks

Prerequisite: Math 11 with a minimum B- grade or MATH 096 or BMTH 044

This course covers functions, graphs, transformations, exponential and logarithmic functions.

Note: This is the first of the two courses required for an ABE provincial level in mathematics.

BMTH 054 Precalculus II

1.00 credit (1.5,0,1.5) hrs 15 wks

Prerequisite: BMTH 053 or equivalent

This course covers circular functions, trigonometric identities and equations; polynomial and rational functions.

Note: This is the second of the two courses required for ABE provincial level in mathematics.

Adult Basic Ed.-Physics

BPHY 036 ABE Intermediate Physics

1.00 credit (1.5,0,1.5) hrs 15 wks

This is an intermediate course in physics. Students will solve problems using System International (SI) units and will convert between units of the same dimension, employ the concept of force and the use of free body diagrams to determine if an object has an unbalanced force acting upon it, and solve problems involving motion.

BPHY 043 ABE Advanced Physics I

1.00 credit (1.5,0,1.5) hrs 15 wks

Prerequisite: BPHY 036, or completion of the Adult Basic Education Math Assessment Test and Science 10 with a minimum grade of B and the Adult Basic Education Science Reading Comprehension Test

Students will learn the safe use and limitations of basic laboratory equipment. The concepts of forces, momentum and energy will be explored. Motion in two dimensions will be studied. Includes laboratory investigations.

BPHY 044 ABE Advanced Physics II

1.00 credit (1.5,0,1.5) hrs 15 wks

Prerequisite: BPHY 043

This is a continuation of BPHY 043. Students will explore concepts in electrostatics, analysis of electrical circuits, waves and sound, optics and thermodynamics.

BPHY 053 ABE Provincial Physics I

1.00 credit (1.5,0,1.5) hrs 15 wks

Prerequisite: BPHY 044 with a minimum grade of C-, or completion of the Adult Basic Education Math Assessment Test and Physics 11 with a minimum grade of B and the Adult Basic Education Science Reading Comprehension Test

The study of motion in two and three dimensions. Students explore the concepts of force, momentum and energy in more detail than in BPHY 043. Includes laboratory investigations.

BPHY 054 ABE Provincial Physics II
1.00 credit (1.5,0,1.5) hrs 15 wks

Prerequisite: BPHY 044 and BMTH 044

Students will explore the concepts of electric field, circuit analysis, magnetic field, waves and optics. Includes laboratory investigations.

Adult Basic Ed.-Psychology

BPSY 051 ABE Provincial Level: Social Psychology
2.00 credits (1.5,0,1.5) hrs 15 wks

Prerequisite: BENG 041

This course is a combination of sociological and psychological theory, research and practice. It is for students wishing to enter the field of health, human service work, and early childhood education, or who wish to go on to more advanced sociology and/or psychology courses. Topics include psychological and sociological theory, individual and group behaviour, interpersonal communications and relationships, adult development, and abnormal behaviours.

Adult Basic Ed.-Science

BSCI 021 Fundamental Level General Science
1.00 credit (1.5,0,1.5) hrs 15 wks

An introduction to the basic scientific concepts and language of general science.

Adult Basic Ed.-Social Studies

BSOC 031 Intermediate Level Social Studies
2.00 credits (1.5,0,1.5) hrs 15 wks

Prerequisite: BENG 021 or equivalent

An introduction to the fundamental principles of economics. Canadian history, government legal system and the development of analytical and interpretive skills.

BSOC 041 Advanced Level Social Studies
2.00 credits (1.5,0,1.5) hrs 15 wks

Prerequisite: BENG 031 or equivalent

A study of economic, political, and social issues in Canada. Students will learn basic skills of social analysis that will enhance their ability to participate in decisions and policies that affect their economic, political and social interests.

Advertising

ADVR 130 Strategic Development and Media Planning for Advertising

3.00 credits (27,4.5,0) hrs 02 wks

This course begins with the analysis of a client brief and the development of a creative brief for the advertising of a product, service and event. The course introduces aspects of marketing strategies for conceptual development. It provides students with an understanding about how to use the creative brief to customize the right media plan for the right client and the right target audience. It also covers an introduction of resources available to media planners and buyers, as well as effective media plan executions based on data gathered.

ADVR 133 The Big Idea

3.00 credits (27,4.5,0) hrs 02 wks

This course focuses on the conceptual process used in the advertising industry. This course covers interpretation of the creative brief for the development of a multi-media campaign. The emphasis is on creating umbrella concepts and creative strategies that meet client objectives.

ADVR 135 Evolution of Conceptual Advertising

3.00 credits (27,4.5,0) hrs 02 wks

This course covers the origins of advertising and the art of persuasion in America beginning in the 1950s. It introduces the what, when, where, why and who in the industry past and present. It includes a survey of notable advertising agencies, their philosophies and project milestones. It provides an overview of the parameters of effective visual communication, contexts and the human factor.

ADVR 137 Art Direction and Agency Process

3.00 credits (27,4.5,0) hrs 02 wks

This course focuses on the advertising agency process. This course also introduces the fundamentals of collaboration within an agency. It further explores the role of the art director in the creation and execution of advertising concepts.

ADVR 139 Fundamentals of Brand Identity

3.00 credits (27,4.5,0) hrs 02 wks

Branding concentrates on the principles and power of the brand. This course defines what a brand is and explores the regional and global impact it has on modern society. This course also covers the analysis of brand strategies, brand essence and brand communication.

Animation

ANIM 010 Animation Principles and Timing

2.00 credits (7,4.5,0) hrs 04 wks

This course is an introduction to the procedures used to create animated characters with life, weight and personality. Students will learn how to create movement frame-by-frame, using drawings and objects.

ANIM 020 Design Basics for Animation

2.00 credits (7,4.5,0) hrs 04 wks

Students will be introduced to design as it applies to commercial animation production. This will include: basic perspective skills; character design; posing; layout design; colour design and storyboard design.

ANIM 030 Drawing for Animation

2.00 credits (7,4.5,0) hrs 04 wks

Students will learn how to improve their drawing skills through observation and practice. Gesture drawing from the model will be emphasized in this course with the focus on quick sketches that capture the form and weight of the model. Basic anatomy will be introduced and students will maintain a weekly sketchbook of drawings.

ANIM 040 Digital Animation and Design

1.50 credits (5,2.5,0) hrs 04 wks

This course will introduce the student to computer-generated animation and the tools used to create 2-D character animation digitally. Students will learn to apply the traditional principles of animation to digital characters.

ANIM 103 Design Elements in Animation I

3.00 credits (4,0,0) hrs 15 wks

Students will be introduced to the importance of design in character animation. Line, shape, negative space, volume, and colour will be studied. The relationships of these elements (proximity, balance, rhythm/repetition, proportion, variety and size) will be emphasised. Three dimensional models will be created to understand structure. Through drawn exercises, students will learn to create strong character poses that communicate effectively with the audience. Students will study various artistic styles in animation and work individually and as part of a team to create effective, original character models.

ANIM 104 Studio: Gesture and Form

2.25 credits (3,0,0) hrs 15 wks

In this course, students will learn how to visualize and draw what they actually see rather than what their minds tell them they see. Through the practice of drawing from the live model, students will learn to create drawings that are accurate and clear in their presentation of weight, proportion, structure, volume and balance. Students will learn to quickly capture the essence of a model's pose through gesture drawing.

ANIM 105 Survey of Western Cinema: Animation

3.00 credits (4,0,0) hrs 15 wks

This course introduces students to the history and development of character animation as an entertainment medium from the early 1900s to the present. Students will learn about the artists, executives, studios and animated cartoon characters that entertained audiences and built a unique industry.

ANIM 106 Animation: Quadrupeds and Effects

3.00 credits (8,0,0) hrs 08 wks

Prerequisite: ANIM 116 and 117

Students will be introduced to more complex character animation involving quadrupeds and effects animation. Animal anatomy and movement including walks, runs and jumps will be practiced with an emphasis on acting and composition in a three-dimensional space. An introduction to effects animation will study how the laws of physics pertain to the movement of smoke, fire, water and other natural phenomena.

ANIM 107 Character Animation I

3.00 credits (8,0,0) hrs 08 wks

Prerequisite: ANIM 116 and 117

In this course, students will increase their understanding of timing, animation principles, design and efficient production methods to create original animated performances. Acting and dialogue are the focus of this course. Students will be introduced to digital production methods used in the industry, create their own digital character rigs and will use this knowledge in the creation of their own believable animated sequences.

ANIM 108 Design Elements in Animation II

2.25 credits (3,0,0) hrs 15 wks

Prerequisite: ANIM 103

Students will continue to develop their abilities in the design and creation of hand drawn characters that emphasise appeal and personality. Students will study a wider range of artistic styles and incorporate these styles into their own designs. The role of the character/prop designer as part of a design team will be studied. Students will create an original concept package for an animated production that includes multiple characters in the same original style.

ANIM 109 Studio: Advanced Drawing Techniques I

2.25 credits (3,0,0) hrs 15 wks

Prerequisite: ANIM 104

Students will develop their drawing and visualization skills and will increase their ability to accurately render the human form in movement. This course introduces students to the anatomical design of the human form and the relationships of bone and muscle of the human body in action and at rest. Gesture drawing for animation will continue to be developed.

ANIM 110 Production Design for Animation

1.50 credits (2,0,0) hrs 15 wks

Prerequisite: ANIM 103

Students will be introduced to the skills required to create effective background designs. Perspective drawing, composition of the stage, lighting, research and proper use of the animation camera will be emphasised in this course.

ANIM 116 Animation: Timing and Principles

3.00 credits (8,0,0) hrs 08 wks

This course is an introduction to how animators create the illusion of life through the manipulation of single images. The five conditions of motion are studied as they pertain to movement and how that movement is interpreted by the viewer. Principles of animation are introduced and students will incorporate them as a means to create hand drawn animation that is believable and entertaining.

ANIM 117 Animation: Introduction to Character Drawing

3.00 credits (8,0,0) hrs 08 wks

This course emphasises the movement of bipeds and the process of key animation. Students will learn to create hand drawn animation of human and anthropomorphic characters that evoke a sense of weight and believability. Students will be introduced to sound recording, sound breakdown and animating to pre-recorded dialogue in order to create animation performances. Acting for animation will be a continuous theme throughout this course.

ANIM 200 Character Animation II

4.50 credits (6,0,0) hrs 15 wks

Prerequisite: ANIM 107

Students will utilize their understanding of animation principles and timing to create strong, believable performances with more complex characters. Traditional methods of classical animation on paper will be taught. Students will produce fully animated sequences with an emphasis on acting and performance.

ANIM 201 Visual Storytelling
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: ANIM 108

Students will be introduced to the role of the story artist in the animation industry and learn the industry-standard methods used to create storyboards for animation. Students will explore one or more software packages used by studios in the creation of storyboards and animatics. Students will use the theory and practices learned in this course to plan their animated projects in the following term.

ANIM 202 Studio: Advanced Drawing Techniques II
2.25 credits (3,0,0) hrs 15 wks

Prerequisite: ANIM 109

This course continues to develop the observational drawing skills of the students as they learn the techniques required to use more design in their life drawing. Students will shift their focus from purely analytical and accurate drawing of the human form to a more aesthetic and creative drawing process.

ANIM 203 Digital Production Tools for Animation
2.25 credits (3,0,0) hrs 15 wks

Prerequisite: ANIM 107

Hand drawn animation has evolved to include complex digital software in the production of animated projects. Knowledge of these tools has become a requirement for graduates seeking careers in animation. This course focuses on procedures used to create and animate digital 2D characters using industry-standard software. The techniques that students learn in this course will prepare them for more complex digital projects in the final term.

ANIM 204 Advanced Production Design for Animation
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: ANIM 110

In this course, students will learn to utilize design theory and practices in the creation of more complex and effective background designs. Advanced perspective techniques, research skills and lighting design will be used to create original hand drawn environments that become the stage for the animated actors.

ANIM 205 Character Animation III
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: ANIM 200

This course focuses on the creation of feature quality character animation. Students will work with original and classic characters in the design and animation of scenes that are professional in their execution and believability. Emphasis will be on the animation of multiple characters, expressive dialogue and continuity in animated sequences that focus on storytelling.

ANIM 206 Studio: Drawing Master Class
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: ANIM 202

In this course, students will apply the skills and techniques developed in previous studio classes to create work that exhibits mastery in the drawing of the human form, draped and undraped. Students will have their work critiqued and gain experience critiquing the work of others. Students will create their final portfolio pieces in this course and develop a sketchbook of drawings from life experienced on and off campus.

ANIM 207 Visual Development and Concept Design
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: ANIM 204

In this course, students will learn of the roles and skill requirements of the concept artist and the visual development artist in commercial animation production. Utilizing digital drawing and compositing tools, students will create finished artwork that will become a major part of their portfolios. Students will develop both a personal style of their own and the ability to produce work in established styles. Colour theory and the use of colour as a story device will be explored.

ANIM 208 Professional Studies in Animation

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: ANIM 200 and 203

This course enables students to attain superior skills in one area of production. Students choose what they want to excel at and with the help of the instructor, plan the steps that will ensure post-graduate success. The instructor will work with students to develop projects that provide outstanding content for their portfolios and/or demo reels. Included in this course are studio tours, networking opportunities with successful alumni and guest speakers.

ANIM 209 Animation: Emerging Technologies

1.50 credits (4,0,0) hrs 08 wks

Prerequisite: ANIM 200

This course will explore the latest innovative technologies and applications that pertain to animation, from interactive input devices to film and game production in entertainment and education. The course will introduce students to new opportunities and career path alternatives. Students will study how animation and its applications have evolved, learn about the latest uses of animation and attempt to hypothesise where their own skills may be used in the future.

ANIM 210 Entrepreneurship in the Animation Industry

1.50 credits (4,0,0) hrs 08 wks

This course is designed to introduce students to entrepreneurship: owning and operating a business that makes use of the technical and creative skills of the artist/ animator. The course focuses on the tasks required to succeed as a freelance artist as well as what is needed to create one's own business, including a business plan, marketing research, financing, accounting, taxation, marketing, and human resource management.

Animation Arts

ANAR 151 2D Introduction to Animation I

6.00 credits (8,0,0) hrs 15 wks

Note: This course is intended only for students at institutions in China.

ANAR 152 2D Design Foundations I

3.00 credits (0,4,0) hrs 15 wks

Note: This course is intended only for students at institutions in China.

ANAR 153 2D Animation Layout

3.00 credits (4,0,0) hrs 15 wks

Note: This course is intended only for students at institutions in China.

ANAR 154 2D Survey of Life Drawing

3.00 credits (4,0,0) hrs 15 wks

Note: This course is intended only for students at institutions in China.

ANAR 161 2D Introduction to Animation II

6.00 credits (8,0,0) hrs 15 wks

Prerequisite: ANAR 151

Note: This course is intended only for students at institutions in China.

ANAR 162 2D Design Foundations II

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: ANAR 152

Note: This course is intended only for students at institutions in China.

ANAR 163 2D Animation Storyboarding

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: ANAR 153

Note: This course is intended only for students at institutions in China.

ANAR 164 2D Anatomy for Animation

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: ANAR 154

Note: This course is intended only for students at institutions in China.

ANAR 251 3D Fundamentals of Animation I

6.00 credits (8,0,0) hrs 15 wks

Prerequisite: ANAR 151, 152, 153, 154, 161, 162, 163 and 164

Note: This course is intended only for students at institutions in China.

ANAR 252 3D Model and Texture I

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: ANAR 151, 152, 153, 154, 161, 162, 163 and 164

Note: This course is intended only for students at institutions in China.

ANAR 253 3D Animation and Timing I

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: ANAR 151, 152, 153, 154, 161, 162, 163 and 164

Note: This course is intended only for students at institutions in China.

ANAR 254 3D Animation Imaging I

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: ANAR 151, 152, 153, 154, 161, 162, 163 and 164

Note: This course is intended only for students at institutions in China.

ANAR 261 3D Fundamentals of Animation II

6.00 credits (8,0,0) hrs 15 wks

Prerequisite: ANAR 251

Note: This course is intended only for students at institutions in China.

ANAR 262 3D Model and Texture II

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: ANAR 252

Note: This course is intended only for students at institutions in China.

ANAR 263 3D Animation and Timing II

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: ANAR 253

Note: This course is intended only for students at institutions in China.

ANAR 264 3D Animation Imaging II

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: ANAR 254

Note: This course is intended only for students at institutions in China.

Anthropology

ANTH 121 Introduction to Social Anthropology

3.00 credits (4,0,0) hrs 15 wks

Students will learn the core concepts and methods of social anthropology, and be introduced to a wide variety of cultural responses to the challenges of human life: surviving and thriving in particular environments, communicating ideas and beliefs, organizing societies, and finding creative outlets for expression. We will also explore the process and effects of rapid cultural change, engendered through colonization, the expansion of capitalism, and globalization.

Note: ANTH 121 is an approved Culture and Creative Expression course for Cap Core requirements.

Note: ANTH 121 is an approved Self and Society course for Cap Core requirements.

ANTH 123 Introduction to Archaeology

3.00 credits (4,0,0) hrs 15 wks

This course provides an introduction to the theoretical foundations and methods of archaeology, including the techniques used to discover, reconstruct, and interpret the human past. Examples will be drawn from archaeological research around the world.

Note: ANTH 123 is an approved Science and Technology course for Cap Core requirements.

ANTH 124 Introduction to Biological Anthropology

3.00 credits (4,0,0) hrs 15 wks

This course is an introduction to the theoretical foundations and evidence for human origins as presented by archaeology and biological anthropology. The biological and cultural evolution of humankind is examined through a study of evolutionary theory, primate behaviour, skeletal remains, and archaeological discoveries.

Note: ANTH 124 is an approved Science and Technology course for Cap Core requirements.

ANTH 200 Intermediate Social Anthropology

3.00 credits (4,0,0) hrs 15 wks

This course will familiarize students with the major theoretical and methodological traditions within anthropology. These will be critically examined and the influences on contemporary anthropology assessed. The issues and debates surrounding such topics as social organization, representation, ethics, gender, tradition, religion, subsistence practices and the dynamic nature of culture may be explored in a variety of ethnographic case studies.

ANTH 202 Anthropology and the Environment**3.00 credits (4,0,0) hrs 15 wks**

The study of the interaction of people, culture and environments, emphasizing human adaptive strategies. Focus of the course will vary each semester, exploring such topics as subsistence patterns, systems of knowledge in traditional cultures, modernization and globalization, and current issues.

ANTH 204 Ethnic Relations**3.00 credits (4,0,0) hrs 15 wks**

A study of the relations between ethnic groups. The construction, maintenance and expression of ethnic boundaries and identities will be examined within a variety of cultural contexts, including Canada. The course will address the social construction of difference and will offer perspectives on racial stereotyping, the politics of representation, the expression of ethnic popular culture and its wider consumption. Processes, such as de-colonization and globalization which have been involved in the rise of ethnic consciousness will be analysed, together with theoretical concepts through which ethnicity may be comprehended.

ANTH 205 Multiculturalism**3.00 credits (4,0,0) hrs 15 wks**

The course examines multiculturalism in Canada with comparative material drawn from other parts of the world. The creation and impact of multiculturalism will be addressed from historical and cultural perspectives. Topics covered may include: history and reality of Canadian immigration, the changing cultural landscape, maintenance of culture and identity, and the influence of official policy.

ANTH 206 First Nations of British Columbia**3.00 credits (4,0,0) hrs 15 wks**

This course focuses on the First Nations of British Columbia through the lens of anthropology. Through lectures, discussions, readings, guest speakers, and films, it will provide context for understanding the diversity of First Nations' cultures, peoples, and issues. Students will obtain an understanding of the archaeological record in the province; cultures as they were immediately prior to the arrival of Europeans; Indigenous oral histories; the impact and legacies of colonialism; and the contemporary lives and experiences of First Nations peoples.

Note: ANTH 206 is an approved Culture and Creative Expression course for Cap Core requirements.

Note: ANTH 206 is an approved Self and Society course for Cap Core requirements.

ANTH 208 Indigenous Peoples of North America**3.00 credits (4,0,0) hrs 15 wks**

A survey of the cultural history and social organization of indigenous peoples of the North American continent including Canada, the United States and Mexico. An examination of traditional lifestyles including family, political, religious and ecological patterns; and current issues.

ANTH 209 Anthropology of Latin America**3.00 credits (4,0,0) hrs 15 wks**

This course is a survey of the indigenous societies of South America, Central America, and Mexico. Course subject matter will be addressed from an archaeological and cultural anthropological perspective and will include: a review of traditional lifeways of indigenous cultures in different regions of Latin America (including social organization, political structure, economy, and belief systems); an analysis of the impact and effect of European contact and policy on indigenous peoples, including assimilation strategies and resistance movements; and an examination of in Latin American societies today, including contemporary issues, patterns of change, and the maintenance of various traditional practices.

ANTH 222 Eating Culture: An Anthropology of Food**3.00 credits (4,0,0) hrs 15 wks**

This course will address the deceptively simple question of why do we eat what we do? It will explore human food systems from our nutritional needs, through our classification of resources into edible and inedible, and how we acquire ingredients, cook them, and then share them through meals. Food reaches into everyone's existence, and as such it offers us an opportunity to uncover and begin to understand our cultural similarities and differences expressed through our food habits. The course will draw upon ethnographic material from many cultures, and utilise current debates in the relatively new field of the anthropology of food.

ANTH 225 The Anthropology of Music

3.00 credits (4,0,0) hrs 15 wks

This course introduces students to the study of music as a fundamental expression of culture. Through diverse case studies, students will explore the ways in which music and music-making are embedded within complex cultural systems, by examining the relationships between music and other components of human societies. Prior knowledge or study of music is not required for this course.

ANTH 230 Anthropology of Religion

3.00 credits (4,0,0) hrs 15 wks

This course will introduce students to the anthropological study of religion by considering some of its major topics, such as magic, witchcraft, shamanism and rites of passage. It will also provide rich ethnographic case studies as examples of the practice of religion in a variety of cross-cultural contexts.

Note: This course is equivalent to ANTH 130. Duplicate credit will not be granted for ANTH 130.

ANTH 232 Archaeology of Africa, Asia and Europe

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: ANTH 123

This course will familiarize students with the nature of archaeological research in Africa, Asia and Europe. The primary focus is on providing a survey of cultural adaptations, from the first evidence of culture to the earliest civilizations. Theoretical, legal, and ethical issues related to the discovery, recovery, and interpretation of the archaeological record in Africa, Asia and Europe are also examined.

ANTH 233 Archaeology of the Americas

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: ANTH 123

This course will familiarize students with the nature of archaeological research in the Americas. The primary focus is on providing a survey of cultural adaptations, from the initial peopling of the continents to the period of European contact. Theoretical, legal and ethical issues related to the discovery, recovery, and interpretation of the archaeological record in the Americas are also examined.

ANTH 240 Visual Anthropology

3.00 credits (4,0,0) hrs 15 wks

This course will introduce students to visual anthropology. Students will examine a wide variety of artistic traditions from around the world by exploring such topics as cross-cultural aesthetics, the function of art, the role of artists, and art and ethnicity.

Note: This course is equivalent to ANTH 140. Duplicate credit will not be granted for ANTH 140.

ANTH 241 Archaeology Field School

6.00 credits (2,9,0) hrs 15 wks

This practical field course focuses on the identification, recording and recovery of archaeological remains. The majority of the time is spent in the field. When the course is offered during a seven week summer session, the course hours each week are doubled.

Note: Permission of instructor is required to register.

ANTH 249 Comparative Cultures: A Field Study in Anthropology**3.00 credits (4,0,0) hrs 15 wks**

An interdisciplinary course to consider in depth a particular geographic area and its people. Comparative institutions, cultural ecology, contemporary issues, methods of observation and study. Students and instructor study in the field.

ANTH 320 Archaeology and Popular Culture**3.00 credits (4,0,0) hrs 15 wks**

Prerequisite: 45 credits of 100-level or higher coursework including 3 credits of 100 or 200-level ANTH

This course examines archaeology in popular culture from a critical perspective, focusing on understanding the nature of popular culture and how social scientists study it, and evaluating the way archaeology, archaeologists, and the human past are portrayed in media, tourism, theme parks, and advertising.

ANTH 323 Learning from the Past: The Relevance of Archaeological Research**3.00 credits (4,0,0) hrs 15 wks**

Prerequisite: 45 credits of 100-level or higher coursework including ANTH 123

From environmental degradation to technological advances that forever change the way we live - many of the themes that characterize our modern society can also be seen in the archaeological record of past societies. This course examines some of the most significant developments that occurred during the early course of human existence, such as the origins of agriculture, the nature and causes of warfare in ancient societies, and issues deriving from early versions of "global politics" and "global economies" in the ancient world. We will conclude by critically evaluating the contribution of archaeological research on past societies to addressing current problems in our own.

Note: ANTH 232 and/or 233 are recommended

ANTH 340 Stuff: The Anthropology of Material Culture**3.00 credits (4,0,0) hrs 15 wks**

Prerequisite: 45 credits of 100-level or higher coursework including 3 credits of 100 or 200-level ANTH

Stuff, the perfect term to capture humanity's material baggage, and this course explores, from an anthropological perspective, the way people make stuff, and how stuff makes people. It follows the journey of stuff from point of origin, through exchange, display, consumption, and destruction. This will be explored through two decades of anthropological ideas about material culture that culminates in a new theory of materiality that will make anyone look with fresh eyes at their own possessions. The course will explore the creation of commodities, cross-cultural encounters through material culture, the representation of stuff in museums, and will finally examine private possessions, consumption, and ultimately reflect on how our stuff defines us today.

ANTH 342 Life's Passage: The Anthropology of Aging**3.00 credits (4,0,0) hrs 15 wks**

Prerequisite: 45 credits of 100-level or higher coursework including 3 credits of 100 or 200-level ANTH

This course will examine the way culture shapes the formation of identity for its members throughout their lifespan. Aging will encompass the whole lifespan from the moment of birth to death. It will provide a cross-cultural exploration the processes of aging through the lenses of gender, kinship, social organization, religion, politics and economics. Particular emphasis will be placed on understanding the acquisition of status and the societal roles that accompany each life stage.

ANTH 350 Ethnology of a Selected Region**3.00 credits (4,0,0) hrs 15 wks**

Prerequisite: 45 credits of 100-level or higher coursework including 3 credits of 100 or 200-level ANTH

This course will draw upon ethnographic material, and will provide an integrated description and ethnological analysis of the cultures, their historical and present day economic, social, political, and religious ways of life of selected ethnic groups from different regions around the world. The selection of the region may vary from one semester to the next. See the Anthropology Department website for the specific focus for a specific semester.

ANTH 420 Contemporary Topics in Anthropology

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework

This course explores contemporary issues in anthropology, including current debates in the discipline. Specific topics will vary from year to year, but may include, for example, examinations of anthropology's response to globalization, anthropology and the military, representations of the 'other', or debates on ethical concerns in research.

Note: ANTH 121 or 123 or another first or second year ANTH course is recommended

ANTH 490 Directed Studies

3.00 credits (0,0,4) hrs 15 wks

Prerequisite: 15 upper level credits including a minimum of one 300-level ANTH course

Students will work with an Anthropology faculty member to guide them in the development of a research-based project. Specific course details will be arranged between individual students and faculty members. See the Department of Anthropology website for complete details on the application process.

Applied Behaviour Analysis

ABA 100 Introduction to Behaviour Principles

3.00 credits (4,0,0) hrs 15 wks

This course will introduce students to the basic principles of the science of behaviour and the application of that science to real world problems through course readings, activities, lectures, and assignments. Basic principles such as reinforcement, punishment, and instructional techniques will be discussed.

Note: ABA 100 is an approved Science and Technology course for Cap Core requirements.

ABA 101 Observations of ABA in Community Settings

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: ABA 100

This course will introduce students to the application of basic principles of the science of behaviour in real world settings. Students will collect observational data in each setting and discuss with their peers and Instructor during class meetings. Settings will include preschool, school-aged, and adult services as well as a recreational setting.

ABA 200 A Survey of Applied Behaviour Analytic Applications

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: ABA 100

This course will introduce students to a variety of applications of Applied Behaviour Analysis across a range of settings and applications. Students will learn about a range of clinical applications from assigned readings, activities, and class lectures. Topics will include: education, medicine, business and industry, human health and sports, gerontology, and sustainable societies.

ABA 201 Observation Practicum

3.00 credits (0,0,4) hrs 15 wks

Prerequisite: ABA 101 and ABA 200

This course will build upon content from ABA 100, 101 and 200 and allows students to observe and document the application of behavioural principles in a real world setting of their choosing by following a particular client or program. These placements may include one of the following: preschool, school, adult, or recreational setting.

ABA 312 Single Subject Research Design and Statistics

3.00 credits (4,0,0) hrs 15 wks

This research methods course focuses on procedures and issues related to the design, implantation and analysis of single subject research, also referred to as small N research. It covers general methodological information as well as specific details about single subject methods in applied settings. The course also introduces issues and applications of statistical procedures to single subject and time series data.

Note: This is an approved Quantitative/Analytical course for baccalaureate degrees.

ABA 313 Supporting Individuals with ASD and Their Families Across the Lifespan

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: ABA 344

The course will address the critical professional skills of how to collaborate with and effectively support families that have a child with autism from diagnosis through adulthood. Students, in their professional careers, will encounter various types of families (i.e., cultural diversity, family structure, etc.) and the need to consider family factors in intervention and support strategies is essential. This course will also address 'special topics' in programming for children, adolescents and young adults, and further prepare service providers to create appropriate curriculum throughout the lifespan for individuals with ASD.

ABA 341 Applied Behaviour Analysis I: Principles of Behaviour

3.00 credits (4,0,0) hrs 15 wks

Applied Behaviour Analysis is the application of the basic principles of behaviour to the participants involved. The field is based on a scientific approach to human behaviour and has resulted in various techniques that are effective at changing behaviour. The goal of this course is to acquaint you with the various principles and their applications.

ABA 342 Applied Behaviour Analysis II: Procedures for Behaviour Change

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: ABA 341

This course covers behavioural assessment, behaviour change procedures, programming strategies for the generality of behaviour change, emergency procedures, and staff training and management. In addition, the class presents an overview of ethical and social issues in Applied Behaviour Analysis. It is the second of two parts. The two classes are based on the Behaviour Analyst Certification Board's® Behaviour Analyst Task List - third edition. Applied Behaviour Analysis II builds on the goals and objectives of Applied Behaviour Analysis I.

ABA 343 Ethics and Professional Standards

3.00 credits (4,0,0) hrs 15 wks

This course is designed to provide students who are pursuing training in Applied Behaviour Analysis (ABA) with the opportunity to learn ethical principles and laws pertinent to the practice of ABA. An additional focus will be on developing and maintaining effective relationships with mental health professionals.

ABA 344 Autism Spectrum Disorders - I

3.00 credits (4,0,0) hrs 15 wks

This is an overview of autism spectrum disorders (ASD). The course is an examination of the psychological, physiological, social, and educational characteristics of individuals who have been identified as having autism, pervasive development disorder, Rett's disorder, Asperger's syndrome and childhood disintegrative disorder. By the end of this course, students will demonstrate knowledge and skills related to: The definition and characteristics of persons with autism spectrum disorders, causes and prevalence of ASD as well as changes throughout the lifespan.

Note: PSYC 204 recommended

ABA 345 Behavioural Assessment and Positive Behavioural Support

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: ABA 342

The purpose of this course is to introduce students to the philosophy and methods of behavioural assessment and positive behavioural support with persons who engage in challenging behaviour in school and community contexts. Topics covered will include principles of behaviour change, summary hypothesis statements and competing behaviour pathway diagrams, design of multi-component behaviour support plans, and the design of plans that are both technically sound and contextually-appropriate.

ABA 346 Autism Spectrum Disorders - II

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: ABA 344

This is an overview of autism spectrum disorders (ASD), such as Rett's Disorder, Asperger's Disorder and Atypical Autism. The course is an examination of the psychological, physiological, social, and educational characteristics of individuals who have been identified as having ASD. By the end of this course, students will demonstrate knowledge and skills related to: The definition and characteristics of persons with ASD, causes and prevalence of ASD as well as changes throughout the lifespan.

Note: PSYC 204 recommended

ABA 410 Practicum II - Assistant Behavior Analyst®

12.00 credits (0,0,25) hrs 15 wks

Prerequisite: ABA 312, 342, and 343

Students will gain practical experience in the design and implementation of behavioural programs with individuals. All students will work in community-based agencies, attend and complete agency orientation, meet agency guidelines for volunteers and/or employees, and will be supervised by community-based BCBA(s) and ABA Department faculty. Upon completion of ABA 410, students will have obtained 350 hours of the 500 supervised hours required towards certification as an Associate Behavior Analyst®.

Note: ABA 410 is an approved Experiential course for Cap Core requirements.

ABA 411 Practicum III - Assistant Behavior Analyst®

3.00 credits (0,0,11) hrs 15 wks

Prerequisite: ABA 410

Students will gain practical experience in the design and implementation of behavioural programs with individuals. All students will work in community-based agencies, attend and complete agency orientation, meet agency guidelines for volunteers and/or employees, and will be supervised by community agency and Psychology Department faculty. To obtain 150 hours of the 500 supervised hours required towards certification as an Associate Behavior Analyst®.

ABA 412 Directed Studies in Applied Behaviour Analysis

3.00 credits (0,0,4) hrs 15 wks

Prerequisite: ABA 342

This directed studies course integrates and expands the knowledge and skills learned during the two Associate Behavior Analyst® practicums. Students will present an in-depth case study which includes integration and critical analysis of relevant research literature and applied resources.

Note: ABA 412 is an approved Capstone course for Cap Core requirements.

ABA 415 Adults with Developmental Disabilities: ABA Interventions

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: ABA 342

This course will introduce students to commonly encountered issues and topics for adults with Autism Spectrum Disorders and other Developmental Disabilities (e.g., intellectual disability, Down's Syndrome, multiple disabilities, etc.). Topics will include: person centred planning, health and self-care, community and daily living skills, house, social skills and employment, literacy, and post-secondary education.

ABA 426 Assessment and Intervention Planning for Young Children with ASD

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: ABA 341 and 344

In this course students will build upon concepts previously learned in ABA principles and Autism courses to gain a better understanding of how to design programming for young children with ASD. Students will be introduced to a range of commonly used assessment tools and strategies for effective assessment. This will be followed by discussion of individual child goal-setting. Students will be expected to choose effective short-term and long-term goals for young children receiving home or clinic-based intervention. Finally, students will spend several classes learning more about how to break down and effectively teach complex skills including language, social, play and adaptive daily living skills.

ABA 443 Advanced Topics in Applied Behaviour Analysis

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: ABA 342

Advanced Topics in Applied Behaviour Analysis expands on the behaviour-analytic knowledge base developed in ABA 341 and ABA 342 with a focus on mastery and application on a full range of basic behavioural principles. Students are expected to complete weekly assignments based on the Behaviour Analyst Certification Board® task list (3rd edition) in order to prepare for and actively participate in class discussions and clinical application exercises. Emphasis will be placed on applying principles in "real-life" clinical situations. Additionally, content relevant to consulting skills will be included.

Art History

AHIS 100 The History of Art: Ancient to Medieval

3.00 credits (4,0,0) hrs 15 wks

This course studies the history of Western Art beginning with the sculpture, painting and architecture of Ancient Egypt and concluding with the Gothic Cathedrals and Italian fresco paintings of the High Middle Ages in Europe. An understanding and appreciation of art are the aims of this course, and through illustrated lectures, class discussions and assignments, students will develop an eye for seeing and appropriate terms to describe the works shown. Our involvement with the art of the past clearly reveals how changing styles in visual culture are influenced by the historical context and the political, social and religious thought of each period.

Note: AHIS 100 is an approved Culture and Creative Expression course for Cap Core requirements.

Note: AHIS 100 is an approved Self and Society course for Cap Core requirements.

AHIS 101 The History of Art: Renaissance to Modern**3.00 credits (4,0,0) hrs 15 wks**

This is an introductory survey course of Western Art from the 15th to the start of the 20th Century. Beginning with the art of the Renaissance, this course will study, chronologically, the history of painting, sculpture and architecture of each period. Individual artists including Leonardo, Michelangelo, Rubens, Rembrandt, Goya, Van Gogh and Picasso are studied in addition to the larger period styles. The economic, political, social, and religious ideas of each period will be closely considered.

Note: AHIS 101 is an approved Culture and Creative Expression course for Cap Core requirements.

Note: AHIS 101 is an approved Self and Society course for Cap Core requirements.

AHIS 103 First Nations Art of the Northwest Coast**3.00 credits (4,0,0) hrs 15 wks**

This course will examine the diverse and rich production of objects by Northwest Coast First Nations people, including the Coast Salish, Haida, Kwakwaka'wakw, Nuuchah-nulth, Tlingit, and Tsimshian. The characteristics of material culture both before European colonization and up until the present day will be discussed in relation to: traditional visual practices; the impact of colonialism on aboriginal objects; the "salvage paradigm"; constructed notions of "authenticity", "art", and "artifact"; the roles played by art history, anthropology, and ethnology in the preserving and collecting of artifacts; the roles played by museums and galleries in object display, and how the tourist market and art market shape art production.

Note: AHIS 103 is an approved Culture and Creative Expression course for Cap Core requirements. AHIS 103 is an approved Self and Society course for Cap Core requirements.

AHIS 104 Visual Culture: Art Matters**3.00 credits (4,0,0) hrs 15 wks**

Using illustrated lectures, discussions, field trips and assignments, participants in this course will be introduced to the means of visual communication that have served the expressive, ritual and commercial needs of diverse cultures and individuals throughout history. We will define the basic terminology of art and visual media, examining the interaction of form and content. We will investigate the many purposes of art through an examination of its past and present roles within different societal and political contexts.

Note: AHIS 104 is an approved Culture and Creative Expression course for Cap Core requirements.

Note: AHIS 104 is an approved Self and Society course for Cap Core requirements.

AHIS 105 Visual Culture: Exploring Themes**3.00 credits (4,0,0) hrs 15 wks**

This course thematically examines issues in art history with relevance to contemporary discourse. Topics range from ritual and spirituality in art to representations of gender, sexuality, politics, identity and the body, as well as images of nature, war, death and commemoration. We will also look into aspects of photography, modern architecture, censorship, and the role of museums.

Note: AHIS 105 is an approved Culture and Creative Expression course for Cap Core requirements. AHIS 105 is an approved Self and Society course for Cap Core requirements.

AHIS 106 Art of the Americas and Africa: 1492 to Now**3.00 credits (4,0,0) hrs 15 wks**

Using illustrated lectures, discussions, field trips, and assignments this course critically situates "nonwestern" art within contemporary socio-historical and art historical discourses such as colonialism and indigenous resistance. Drawing on examples from the rich cultural and material histories of Meso-America, Africa, and the Northwest Coast, we will engage with the complex, and often controversial issues that shape our understanding of these diverse art practices. Topics include "primitivism," museums and repatriation, the ethics of archaeology, tourist art, gender, photography and film.

Note: AHIS 106 is an approved Culture and Creative Expression course for Cap Core requirements. AHIS 106 is an approved Self and Society course for Cap Core requirements.

AHIS 107 The Art of India, China and Japan

3.00 credits (4,0,0) hrs 15 wks

Explore exotic Indian temples, ancient Chinese burials and Japanese shrines in this introductory course to Asian art. Indian, Chinese and Japanese works of art will be examined in the light of cultural, religious, social and political issues to emphasize the close connections between art and society. In particular, the impact of Hinduism, Buddhism and Confucianism on the arts will be examined. Students will gain insights into the evolution of important periods, styles and artistic traditions in Asian art. Consideration will be given to a wide range of art forms, including the performing arts and the Japanese tea ceremony.

AHIS 109 Women and Art History

3.00 credits (4,0,0) hrs 15 wks

This course is an examination of how women have been represented in the art of the past, as well as an investigation of women artists throughout history. The focus is on North America and Europe. The course will discuss issues such as how gender differences are upheld and critiqued in visual images, and the obstacles women artists have faced. The significant ways in which feminist inquiry has changed the practice of art history will be a key theme.

Note: This course is equivalent to WMST 130 and WGST 230. Duplicate credit will not be granted for WMST 130 or WGST 230.

AHIS 210 19th Century Art: Aesthetic Revolutions

3.00 credits (4,0,0) hrs 15 wks

This course is a chronological, critical history of 19th Century European art, particularly painting. The necessary earlier historical background will be covered at the beginning of the course – Absolutism, the role of the Salon, the French Revolution, and the Enlightenment. The development of individual artists will be considered in relation to major art movements and the shifting socio-political aspects of the period (civic uprisings, the Industrial Revolution, changes in the art market and patronage, etc.). Issues of class, gender, and race will also be emphasized.

Note: AHIS 210 is an approved Culture and Creative Expression course for Cap Core requirements. AHIS 210 is an approved Self and Society course for Cap Core requirements.

AHIS 211 20th Century Art: Breaking the Rules

3.00 credits (4,0,0) hrs 15 wks

This course is a critical history of 20th century European art and traces the subsequent development of art in the U.S. from the 1940s to contemporary times. The aim of this course is to study the assumptions and achievements of modernism. Art will be placed within the context of the rapid aesthetic, social, economic, theoretical and political upheavals of the period.

Note: AHIS 211 is an approved Culture and Creative Expression course for Cap Core requirements.

Note: AHIS 211 is an approved Self and Society course for Cap Core requirements.

AHIS 215 Art and Technology

3.00 credits (4,0,0) hrs 15 wks

Artists offer unique perspectives on technologies. The topic of art and technology has recently been given a new impetus as artists have become interested in digital technologies and cutting-edge bio-technologies (cloning, genetic engineering). Yet the relationship between art and technology is not new, but ancient. Examining their interaction is vital, particularly given our current situation of rapid change. The topic will be of interest to students in both the humanities and the sciences.

AHIS 220 Early Renaissance Art in Italy

3.00 credits (4,0,0) hrs 15 wks

This course traces the origins of the Early Renaissance in Italy, beginning with the art of Giotto and focusing attention on the creators of the new style, the architects, sculptors and painters of Florence, Arezzo, Mantua

and Venice. The intellectual, religious and political climate of the fifteenth century, linked to the expression in this new art, will also be considered, as will the emerging importance of private patronage.

AHIS 221 High Renaissance and Mannerist Art in Italy

3.00 credits (4,0,0) hrs 15 wks

This course studies the art of the High Renaissance and the emerging view of the artist as sovereign genius. The work of Leonardo, Michelangelo and Raphael is examined in depth. Focus is then given to the artists of the Mannerist School, whose highly subjective and artificial style dominates the latter part of the 16th century. The contributions of the Venetians as well as the architecture of Palladio will also be considered.

AHIS 241 Modern Architecture

3.00 credits (4,0,0) hrs 15 wks

This course will survey modern architecture from its roots in the later Industrial Revolution through present-day production, taking into account changes in technology, socio-cultural context, architectural theory and paradigms of globalism and environmental awareness. Many prominent architects will be discussed as well how broader trends and movements such as the Arts-and-Crafts, International Modernism, Brutalism and Postmodernism have impacted the architecture of Greater Vancouver.

Note: AHIS 100, 101, 104 or 105 would be useful

AHIS 250 Art and Nature Now: Environmental Crisis

3.00 credits (4,0,0) hrs 15 wks

This course takes an in-depth look at art and the environment, in particular the changing perceptions of nature in art through time and, more currently, art activism and art collaboration in relation to climate change, ecological crisis, and the anthropocene. This course looks at how artists have examined the human relationship to the landscape and the planet, from earth art, to repurposing trash, to developing visual strategies to accompany protests and enhance advocacy. The course includes examples of contemporary First Nations art and local Vancouver artists.

AHIS 251 Fortune, Fame, Forgery: Art and Business

3.00 credits (4,0,0) hrs 15 wks

This course examines the intersections of art and the market, how art becomes an investment, how auction houses function, and the criminal element that tries to cash in through art theft and forgery. We will examine a number of case studies to understand the world of art and business, from Sotheby's to museum intrigues to critical reviews to the elite world of experts, art collecting, and donor gifts.

AHIS 252 Vancouver Art & Culture: Past and Present

3.00 credits (4,0,0) hrs 15 wks

Always in the vanguard of global exchange, the dynamic and multicultural metropolis of Vancouver is an exciting model of the trans-global city of the future. Using illustrated lectures, discussions, and assignments, students participating in Art History 252 will be introduced to the history, culture and artistic accomplishments of Greater Vancouver. Multiple on-site visits make this course an enriching, participatory and interactive experience for both local and international students, allowing them to better understand the West Coast and Canadian culture, in which they are living and working, as well as discovering contemporary Indigenous art in public spaces. By surveying selected examples from various genres and media we will investigate the many functions of art through an examination of its past and present roles in the diverse societal and political contexts of Vancouver.

Note: AHIS 252 is an approved Culture and Creative Expression course for Cap Core requirements. AHIS 252 is an approved Self and Society course for Cap Core requirements.

AHIS 260 Fabric and Society

3.00 credits (4,0,0) hrs 15 wks

For thousands of years humans have made cloth to serve functional, decorative, expressive and communicative needs. This course will explore the myriad ways in which fabric has been used socially, politically and aesthetically. Topics will include: textiles as narratives, identity, social status, spirituality, political affiliation or protest and technological development. Through studies drawn from a selection of ethnic, social or historical groups from around the world students will be introduced to the rich study of textiles from the Paleolithic period to the present day.

Note: AHIS 260 is an approved Culture and Creative Expression course for Cap Core requirements. AHIS 260 is an approved Self and Society course for Cap Core requirements.

AHIS 305 History of Photography

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework including 6 credits of 100 or 200-level AHIS

This course surveys the history of photography from its technical beginnings in the 1830s to the use of photographic technologies in current postmodern practice. The course focuses on selected practitioners and aesthetic movements from the 19th and 20th centuries as well as the interaction of photography with mass media, including commercial photography and photojournalism. Emphasis is placed on the socio-political and aesthetic roles photography plays in culture and its use as "evidence" in classification, photojournalism, anthropology, and forensics.

AHIS 315 Art of the Baroque

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework including 6 credits of 100 or 200-level AHIS

The Art of the Baroque examines the rise of the Baroque as a style and an ideology from its origins in the art and architecture of Counter-Reformation Rome, and follows the dissemination of Baroque tendencies through the countries of 17th-century Europe, including Flanders, Spain, France, the Dutch Republic, and England. The course traces the close interrelationships between art, architecture, politics, religion, and science at the start of the modern period.

AHIS 320 Art, Activism, and Citizenship

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework

This course examines major examples of art activism from the mid-twentieth century to the present and uses a variety of readings to shape understandings of both historical and contemporary issues in relation to art production: war and conflict, poverty and homelessness, the environment and climate change, technological change, corporate capitalism, neo-liberalism, and globalization.

Note: AHIS 320 is an approved Culture and Creative Expression course for Cap Core requirements. AHIS 320 is an approved Self and Society course for Cap Core requirements.

AHIS 325 Approaches to Art

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework including 6 AHIS credits at the 100 or 200-level

Through close reading and discussion of influential art-historical texts this course will critically survey various approaches that have characterized the interpretive discourse on art from the Renaissance to the present day. Topics will include (auto-) biography, stylistic/formal analysis, connoisseurship, iconography and iconology, patronage and reception, social history, Marxist perspectives, psychoanalytic approaches, semiotics and structuralism, postmodernism, postcolonialism, deconstruction, feminism and gender studies.

AHIS 330 Art and Trauma

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework

When faced with trauma and atrocity, what can art do? This class focuses on the role of representation in relation to trauma, particularly with the theoretical concept of post-memory in mind (the trauma of those who did not directly experience the event). We will predominantly examine the 20th Century and some of its cataclysmic events as they have been imaged by artists, including painters, printmakers, sculptors, graphic novelists, and photographers. The course will appeal to anyone interested in how art can facilitate or impede individual and collective memory, and how we deal with or repress events (historical amnesia), and Truth and Reconciliation. It will also be useful for students intending to work in organizations that advocate for and empower marginalized populations.

Note: AHIS 330 is an approved Culture and Creative Expression course for Cap Core requirements. AHIS 330 is an approved Self and Society course for Cap Core requirements.

AHIS 335 Canadian Content: Art, Land and National Identity

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework

This course will examine how the visual arts have been implicated in the construction of Canada as a nation. Indigenous, French, and British traditions have contributed to contemporary understandings of Canada as a nation distinct from all others, but at the same time, inextricably linked to wider histories of settler colonialism, nationalism, and globalization. These broad themes will be illuminated through a critical analysis of specific topics and media, including photography, landscape, gender, ethnicity and the role of museums/art galleries.

Note: AHIS 335 is an approved Culture and Creative Expression course for Cap Core requirements. AHIS 335 is an approved Self and Society course for Cap Core requirements.

AHIS 410 Museums and Collecting: The Rhetorics and Rituals of Display

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework including 6 credits of 100 or 200-level AHIS

This course provides an in-depth look at how museums and galleries structure perceptions of art and function as public and/or private spaces. Students will examine a number of case studies to better understand the diversity of practices and institutions.

AHIS 425 Outcasts and Others in Western Art

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework

This course critically analyzes images of the so-called "Other" in Western art. Western art is crowded with bodies that dominant powers have violently suppressed. In considering case studies from medieval times to the present, we re-evaluate maligned societal "types" - witches, criminals, peasants, shepherds, beggars, prostitutes, homosexuals, non-Europeans and non-Christians, the mentally ill and disabled – who have typically been marginalized or excluded from dominant culture. Select readings and images will be studied to expose the ideologies that privilege some people and subordinate others. The contexts include colonialism, xenophobia, patriarchy, religious strife, psychiatry, and medicalization of sexuality, and race.

Note: AHIS 425 is an approved Culture and Creative Expression course for Cap Core requirements. AHIS 425 is an approved Self and Society course for Cap Core requirements.

AHIS 430 DRAWN! The Art of Graphic Novels, Memoirs, Histories

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework

Graphic books are a special breed of storytelling. This course, through power-point presentations, seminar-style class discussions, readings, and drawing exercises, examines the unique contributions of graphic novels, memoirs, and histories. Major examples will be examined and interpreted. Students will become familiar with their stylistic innovations, the image-text relationship, and how artists use the concepts of time and space in this visual medium.

Note: AHIS 430 is an approved Culture and Creative Expression course for Cap Core requirements. AHIS 430 is an approved Self and Society course for Cap Core requirements.

AHIS 490 Directed Studies
3.00 credits (0,0,4) hrs 15 wks

Prerequisite: 15 upper level credits including a minimum of one 300-level AHIS course

Students will work with an Art History faculty member to guide them in the development of a research-based project. Specific course details will be arranged between individual students and faculty members. See the Department of Art History website for complete details on the application process.

Arts & Entertainment Mgmt

AEM 140 Arts and Entertainment Management I
3.00 credits (4,0,0) hrs 15 wks

This course will introduce students to the basic concepts and organizational systems required for Arts and Entertainment Management. Lectures will focus on marketing, resource development, volunteer and board management, tour management, organizational structures, artist management, financial management, and presenting and promoting performances.

AEM 141 Arts and Entertainment Management II
3.00 credits (4,0,0) hrs 15 wks

A continuation of AEM 140.

AEM 142 Arts and Entertainment Applications I
3.00 credits (2,4,0) hrs 15 wks

Students will gain on the job experience in various management positions in the performing arts. Practical positions include Event Services Coordination, Audience Services and Project Management. All positions include different levels of administration, budgeting, financial management, organizational skills, event planning, report writing, artist relations, dealing with contracts, troubleshooting and team building.

AEM 143 Arts and Entertainment Applications II
3.00 credits (2,4,0) hrs 15 wks

A continuation of AEM 142.

AEM 145 Computer Applications in Arts and Entertainment Management
3.00 credits (4,0,0) hrs 15 wks

This course teaches the applications for computers in Arts and Entertainment Management. Students will gain an understanding of word processing, desktop design, Internet, e-mail, spreadsheet and database programs. Students will be given hands-on experience in a computer laboratory setting. The emphasis will be on practical application in the workplace.

AEM 146 Festival Management
1.50 credits (4,0,0) hrs 08 wks

This course will introduce students to the systems used to manage festivals in the arts and entertainment sector. Students will learn the various components involved with festival management and learn how to plan and execute a festival within the context of community partnerships, risk management, and site/venue development.

AEM 147 Record Label Management

1.50 credits (4,0,0) hrs 08 wks

This course will introduce students to record label management. Students will learn how to produce a CD from the creative concept and production stage through to the sales/marketing and retail stage.

AEM 148 Venue Management

3.00 credits (4,0,0) hrs 15 wks

This course will examine the various aspects of managing a venue. Students will learn box office and front of house operations, event services, maintenance, rental clients and human resources.

AEM 240 Practicum in Arts and Entertainment Management I

12.00 credits (0,0,32.6) hrs 15 wks

Prerequisite: 30 AEM credits

This course is the first of a pair of practicum courses. Students will gain on-the-job experience in various arts management positions. The experience will be determined by the organization that the student is placed with. Each student will be supervised by his/her immediate superior throughout the practicum. In order to foster a real working environment, students will be encouraged to work independently and be given objectives to accomplish during their practicum. A job description outlining duties and responsibilities will be issued.

AEM 241 Practicum in Arts and Entertainment Management II

12.00 credits (0,0,32.6) hrs 15 wks

Prerequisite: AEM 240

This course is the second of a pair of practicum courses. Students will gain experience in their practicum through one or a combination of hands-on experiences, including a placement in an arts/entertainment organization, participating in professional development (PD) activities, or completing special projects. The experience will be determined by the goals of the student as well as the organization with which the student is placed. Each student will be supervised by the instructor and by the practicum host (if applicable) throughout the placement. A practicum description outlining duties and responsibilities will be issued. The second placement may occur at a different organization than the first.

AEM 245 Media Relations, Marketing and Promotion

1.50 credits (4,0,0) hrs 08 wks

Prerequisite: 21 AEM credits, ENGL 100 and THTR 160

Students will be introduced to the basic concepts of marketing, public relations, and promotion in relation to arts and entertainment management. Lectures will focus on how to apply strategic marketing principles to arts and entertainment management.

AEM 247 Financial Management in Arts and Entertainment Management

1.50 credits (4,0,0) hrs 08 wks

Prerequisite: 21 AEM credits, ENGL 100 and THTR 160

Students will be introduced to the basic concepts of financial management, including accounting, cash management, budgeting, box office management, forecasting and payroll, in relation to performing arts organizations. Lectures will focus on how to apply financial arts principles to the performing arts.

AEM 248 Resource Development in Arts and Entertainment Management

1.50 credits (4,0,0) hrs 08 wks

Prerequisite: 21 AEM credits, ENGL 100 and THTR 160

This course teaches the skills necessary to become an effective advocate for the arts. The students learn how to successfully complete grant applications and how to plan and execute a successful fundraising campaign.

AEM 249 Fundamentals of Artist Development

1.50 credits (4,0,0) hrs 08 wks

Prerequisite: 21 AEM credits, ENGL 100 and THTR 160

The purpose of this course is to provide students with an understanding of how an arts and entertainment organization operates and how tours are planned and executed.

AEM 251 Industry Seminar in Arts and Entertainment Management

1.50 credits (4,0,0) hrs 08 wks

Prerequisite: 21 AEM credits, ENGL 100 and THTR 160

This course prepares students for building and maintaining a career in the arts and entertainment industry. Lectures and panel discussions will focus on transferring skills and knowledge from the academic environment to the practical work environment. Topics include self-assessment of employability skills, professional behaviour, resume writing, interview techniques, work search methods, goal setting and workplace skills.

AEM 252 Introduction to Performing Arts Touring

1.50 credits (4,0,0) hrs 08 wks

Prerequisite: 21 AEM credits, ENGL 100 and THTR 160

Students will be introduced to the basic concepts of tour management in the performing arts. Lectures will focus on the process of tour organization and the resources available for booking tours.

AEM 340 Advanced Practicum in Arts and Entertainment Management I

12.00 credits (0,0,32) hrs 15 wks

This course is a 15-week practicum in which the student will assume a position working for a professional arts organization for 35 hours per week. These will generally be office hours with some evening and weekend work, depending on the position assigned. A job description outlining duties and responsibilities will be issued.

AEM 341 Advanced Practicum in Arts and Entertainment Management II

12.00 credits (0,0,32) hrs 15 wks

A 15-week practicum in which the student will assume a position working for a professional arts organization.

AEM 345 Advanced Media Relations, Marketing and Promotions

1.50 credits (2,0,0) hrs 15 wks

Students will be introduced to the basic concepts of marketing, public relations, and promotion in relation to arts and entertainment management. Lectures will focus on how to apply strategic marketing principles to arts and entertainment management.

AEM 346 Advanced Organizational Structures in Arts and Entertainment Management

1.50 credits (2,0,0) hrs 15 wks

This course will provide students with a basic overview and understanding of the organizational structures in arts and entertainment management. Lectures will focus on the fundamentals of organization and management in performing arts organizations with an emphasis on teaching the skills necessary to build successful relationships between the various organizational sectors. Guest speakers from participating arts organizations will be featured.

AEM 347 Advanced Financial Management in Arts and Entertainment Management

1.50 credits (2,0,0) hrs 15 wks

Students will be introduced to the basic concepts of financial management, including accounting, cash management, budgeting, box office management, forecasting and payroll, in relation to performing arts organizations. Lectures will focus on how to apply financial management principles to the performing arts.

AEM 348 Advanced Resource Development: Grantsmanship, Sponsorship and Fundraising

1.50 credits (2,0,0) hrs 15 wks

This course provides an understanding of the critical role of the resource development activities in performing arts and entertainment organizations. Topics include corporate sponsorship, direct mail, planned giving, and special event fundraising.

AEM 349 Advanced Fundamentals of Artist Development

1.50 credits (2,0,0) hrs 15 wks

Students will be introduced to the critical role of management in the development of an artist's career. Lectures will cover intellectual property management, contractual relationships, recording, touring, presentation, and marketing.

AEM 350 Advanced Production and Tour Management

1.50 credits (2,0,0) hrs 15 wks

Students will be introduced to the basic concepts of production and tour management in performing arts organizations. Lectures will focus on the personnel in performing arts organizations and their duties, equipment used in presenting performing arts, and the process of tour organization.

AEM 355 Current Issues in Arts & Entertainment I

3.00 credits (6,0,0) hrs 15 wks

Prerequisite: 9 AEM credits

Corequisite: AEM 356

This course is the first of a pair of mixed mode courses. Students will examine various issues within the arts and entertainment industry. Throughout the term, students will share and reflect on their experience through online forums, journals and final seminars.

AEM 356 Advanced Arts & Entertainment Management Practicum I

8.00 credits (0,0,15) hrs 15 wks

Prerequisite: 9 AEM credits

Corequisite: AEM 355

This course is the first of a pair of practicum courses. Students will apply arts and entertainment management knowledge, skills, theories and processes to a hands-on, relevant arts management position.

AEM 361 Current Issues in Arts & Entertainment II

3.00 credits (6,0,0) hrs 15 wks

Prerequisite: 9 AEM credits

Corequisite: AEM 362

This course is the second of a pair of mixed mode courses. Students will continue to examine and discuss various issues in arts and entertainment in the context of wider society and its economic and political trends. Throughout the term, students will share and reflect on their experience through online forums, journals and final seminars.

AEM 362 Advanced Arts & Entertainment Management Practicum II

8.00 credits (0,0,15) hrs 15 wks

Prerequisite: 9 AEM credits

Corequisite: AEM 361

This course is the second of a pair of practicum courses. Students will continue to apply arts and entertainment management knowledge, skills, theories and processes to a hands-on, relevant arts management position.

AEM 363 Advanced Arts & Entertainment Management Graduation Projects

3.00 credits (2.5,0,3) hrs 15 wks

Prerequisite: 9 AEM credits

This capstone course guides students through individual projects carried out in cooperation with a faculty advisor. Based on knowledge and experience gained throughout the program, students will complete and present a graduation portfolio containing key elements of an event plan including, but not limited to, an event proposal, a budget, a marketing plan and a sponsorship proposal or grant application. Students will also write an article on an industry topic as assigned.

Astronomy

ASTR 106 Introduction to Astronomy

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: Pre-calculus 12 or Principles of Math 12, or Pre-calculus 11 with a minimum B grade, or Principles of Math 11 with a minimum B grade, or Foundations of Mathematics 11 with a minimum A grade, or BMTH 053/054, or MATH 105. MATH 105 may be taken concurrently.

An introduction to astronomy emphasizing the physics underlying the behaviour of the universe and the means by which it is observed. Topics include Newtonian mechanics and gravitation, electromagnetic waves, observing instruments, the sun and solar system, stars, galaxies, cosmology and black holes. There is no lab component for this course.

Note: ASTR 106 is an approved Quantitative/Analytical course for baccalaureate degrees.

Note: ASTR 106 is an approved Science course.

ASTR 107 Introductory Astronomy

4.00 credits (4,2,0) hrs 15 wks

Prerequisite: Pre-calculus 12 or Principles of Math 12, or Pre-calculus 11 with a minimum B grade, or Principles of Math 11 with a minimum B grade, or Foundations of Mathematics 11 with a minimum A grade, or BMTH 053/054, or MATH 105. MATH 105 may be taken concurrently.

An introduction to astronomy with a lab, emphasizing the physics underlying the behaviour of the universe and the means by which it is observed. Topics include Newtonian mechanics and gravitation, electromagnetic waves, observing instruments, the sun and solar system, stars, galaxies, cosmology and black holes.

Note: ASTR 107 is an approved Quantitative/Analytical course for baccalaureate degrees.

Note: ASTR 107 is an approved Science course. ASTR 107 is an approved Lab Science course.

ASTR 142 Introduction to Cosmology – The Story of the Universe

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: Precalculus 12 (pass) or Principles of Math 12 (pass) or Precalculus 11 (B); or Principles of Math 11 (B); or Foundations of Mathematics 11 (A); or MATH 105 (pass). MATH 105 may be taken concurrently.

A qualitative study of the universe as a whole: its birth, growth, shape, size and eventual fate. Cosmological principles underlying current knowledge are presented. The "Big Bang", cosmic microwave background and nucleosynthesis are described. The expansion of the universe is presented with predictions for the

Universe's fate. The relative nature of space and time, the evidence for dark matter and dark energy and competing theories seeking to explain the nature of the universe are discussed.

Note: ASTR 142 is an approved Science and Technology course for Cap Core requirements.

Note: ASTR 142 is an approved Quantitative/Analytical course for baccalaureate degrees. ASTR 142 is an approved Science course.

ASTR 300 The Search for Life in the Universe

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework

Is there Life in the Universe beyond that which we find on Earth? This is a question that has inspired many people in many different disciplines that leads to further questions about the origin of life at the microscopic scale to formation of planets in the far reaches of our galaxy. This is an interdisciplinary course that will explore the possibilities for life existing outside of Earth, the conditions required for that life to exist, and how we can search for and detect life. This course will focus on the biological origins of life, the science and technology used to observe and detect the global effects of biological life, and the astronomy of our solar system, exoplanets, and celestial observation techniques.

Note: ASTR 300 is an approved Science and Technology course for Cap Core requirements.

Note: ASTR 300 is an approved Science course.

Bachelor of Performing Arts

BPAC 400 Contemporary Cultural Practices

3.00 credits (4,0,0) hrs 15 wks

This course examines pivotal movements in Western art and performance during the modernist period of the late 19th century to the mid 20th century. Through analysis of historical and socioeconomic contexts, students explore how artistic disciplines coexist and influence each other. Students identify and examine the parameters and principles behind the paradigm shift that led to new artistic concepts and innovative forms in music, film, video, theatre, dance, writing and visual arts.

BPAC 401 Canadian Cultural Policy and the Performing Arts

3.00 credits (4,0,0) hrs 15 wks

This course provides an overview of public and private arts funding in Canada, including its historical development, institutional structures and the formulation and execution of municipal, provincial and federal policies. Through this process they will gain important insights into how public, foundation, private funding and earned revenue can be harnessed to enable meaningful arts production.

BPAC 402 Advanced Production Planning I

3.00 credits (4,0,0) hrs 15 wks

This course examines and analyzes the organizational structures and systems in arts and entertainment management. Students explore how performing arts organizations function and how production, distribution and support of arts and cultural products intersect in the Canadian context.

BPAC 403 Studies in Interdisciplinary Creation and Collaboration

6.00 credits (8,0,0) hrs 15 wks

Students will gain experience in the collaborative creation of interdisciplinary work, while being exposed to the techniques, aesthetics and priorities of different performance art forms with a focus on finding ways to create work that weaves together the skills and experience of all the members of the cohort. By the end of

the term students should have a deeper understanding of a range of possible approaches to the creation and development of original performance.

BPAC 404 Contemporary Performance Practices

3.00 credits (4,0,0) hrs 15 wks

This interdisciplinary course extends the exploration begun in BPAC 400. Using several theoretical frameworks students identify and analyze factors that created a new arts climate after the second World War. Students will critically engage with the work of artists from this "postmodern" period, including artists who are currently practicing. The course surveys art movements across disciplines with a focus on hybrid or interdisciplinary performance.

BPAC 405 Advanced Production Planning II

1.50 credits (1,0,1.8) hrs 15 wks

Prerequisite: BPAC 402

Continuing from BPAC 402, this course guides students through the business and technical side of producing an interdisciplinary performance production. The work involved in funding, marketing, and presenting the performing arts production in BPAC 407 will be divided up among the students. Each student will assume responsibility for a portion of it. A job description outlining the duties and responsibilities of each student will be developed and agreed upon at the beginning of the course.

BPAC 406 Strategic Career Planning

1.50 credits (2,0,0) hrs 15 wks

This course provides students with knowledge of critical aspects of the Canadian infrastructure and the tools necessary to make informed choices in strategic career planning. Throughout, students explore the interaction between the individual performing artist and Canadian cultural institutions and learn how to network effectively and make professional connections. Knowledge and skills learned will include preparation of contracts, appropriate use of copyright law, interview techniques, publicity and marketing elements.

BPAC 407 Studies in Interdisciplinary Performance and Production

12.00 credits (12,0,0) hrs 20 wks

Prerequisite: BPAC 402 and 403

Students will create a company to produce an original interdisciplinary performance. Students demonstrate an understanding of the core concepts of the business of the performing arts by fulfilling all requirements of production and performance including creation of original material, planning and execution of technical elements, marketing, booking, budgeting and financial management, performance(s) and debriefing, assessment, and evaluation.

Basic Education & Career Plan

BECP 021 Basic Education and Career Planning Fundamental

1.00 credit (1.5,0,1.5) hrs 15 wks

This course introduces students to the fundamental skills they need to succeed in an education or career path. Students will explore a variety of study skills, familiarize themselves with the University's resources, develop a variety of research strategies, explore methods for developing good working relationships and research several of their chosen career choices. This course uses mixed mode classroom and online course management format.

BECP 041 Basic Education and Career Planning Advanced

1.00 credit (1.5,0,1.5) hrs 15 wks

Prerequisite: BECP 021

Upon completion of this course, students will have developed detailed career plan including information on a chosen educational institution research, a financial plan and an action plan. Students will connect with University faculty and staff for support and guidance. Students will also analyze their skills and use this analysis to present themselves to future employers through interviews, resumes and covering letters. This course uses mixed mode classroom and online course management format.

Biology

BIOL 104 Human Biology

4.00 credits (4,3,0) hrs 15 wks

This course provides a perspective on the biology of the human animal. It explores humans from the level of our chemical components to the cooperation of organ systems which sustain life. The basic concepts of biochemistry, cell structure and function, digestion and nutrition, reproduction, genetics, and evolution are covered. This is a laboratory science course designed primarily for non-biology majors. Laboratory exercises include microscopy, dissections, genetic analysis and experimentation.

Note: BIOL 104 is an approved Science and Technology course for Cap Core requirements. BIOL 104 is an approved Science course. BIOL 104 is an approved Lab Science course.

Note: Students who plan to study nursing or other health sciences are encouraged to take Biology 112 and 113.

BIOL 105 Environmental Biology

4.00 credits (4,3,0) hrs 15 wks

This course, designed primarily as a laboratory science elective for non-science students, examines a wide range of environmental issues from a biological perspective. Basic principles of ecology are developed and the impact of modern society on the environment is assessed. The overall focus is global, however, basic ecological principles are developed using British Columbian and other Canadian examples. Major environmental issues relevant to Canada are also stressed. Major topics include ecological concepts, conservation and endangered species, air pollution and global warming, water resources, and water pollution.

Note: BIOL 105 is an approved Science and Technology course for Cap Core requirements.

Note: BIOL 105 is an approved Science course. BIOL 105 is an approved Lab Science course.

BIOL 106 Introductory Biology I

1.50 credits (2,0,0) hrs 15 wks

Corequisite: BIOL 107

This course is intended for students planning to continue in biology or related disciplines. Topics are the same as in BIOL 110, with additional coverage of basic chemistry and cell biology.

Note: BIOL 106 is an approved Science course.

Note: BIOL 106 is an approved Lab Science course. BIOL 106 and BIOL 107 together are equivalent to BIOL 110. Duplicate credit will not be granted for BIOL 106/107 and BIOL 110.

BIOL 107 Introductory Biology II

4.00 credits (4,3,0) hrs 15 wks

Corequisite: BIOL 106

This course is intended for students planning to continue in biology or related disciplines. Topics are the same as in BIOL 110, with additional coverage of basic chemistry and cell biology.

Note: BIOL 107 is an approved Science course.

Note: BIOL 107 is an approved Lab Science course. BIOL 106 and BIOL 107 together are equivalent to BIOL 110. Duplicate credit will not be granted for BIOL 106/107 and BIOL 110.

BIOL 110 General Biology I
4.00 credits (4,3,0) hrs 15 wks

This course provides a foundation in the basic concepts of Biology and is the standard course for students who plan to take further courses in Biology. Major topics include experimental methods and hypothesis testing in the biological sciences and the value of science, the chemistry of life, cell structure, function and metabolism, cellular reproduction, and the chromosomal and molecular basis of inheritance.

Note: BIOL 110 is an approved Science and Technology course for Cap Core requirements. BIOL 110 is an approved Quantitative/Analytical course for baccalaureate degrees.

Note: BIOL 110 is an approved Science course. BIOL 110 is an approved Lab Science course. Students should have some knowledge of basic chemistry and cell biology. Biology 12 and Chemistry 11 are recommended. BIOL 110 is equivalent to BIOL 106 and BIOL 107 together. Duplicate credit will not be granted for this course and BIOL 106/107.

BIOL 111 General Biology II
4.00 credits (4,3,0) hrs 15 wks

Prerequisite: BIOL 106 and 107 or BIOL 110

The objective of this course is to complete the survey of biological concepts begun in Biology 106 & 107 and Biology 110. Biodiversity of living forms and their evolutionary relationships, classification schemes, an introduction to the structure, function and evolution of representative systems in plants and animals, evolution of populations, speciation and extinction, ecology and biogeography are the subject areas emphasized. These topics, along with those previously covered in the prerequisite courses, will provide the background needed for students who plan to major in Biology or related disciplines

Note: BIOL 111 is an approved Science course.

Note: BIOL 111 is an approved Lab Science course.

BIOL 112 Human Anatomy and Physiology I for Health Sciences
4.00 credits (4,3,0) hrs 15 wks

This course provides a foundation in the study of human anatomy and physiology. It introduces the fundamental concepts of biochemistry, cell biology, human heredity and molecular biology. The anatomy and physiology of the endocrine, digestive and reproductive systems is covered as well as the study of fertilization, embryonic and fetal development. Laboratory exercises include microscopy, dissections, genetic analysis and experimentation.

Note: BIOL 112 is an approved Science and Technology course for Cap Core requirements. BIOL 112 is an approved Science course. BIOL 112 is an approved Lab Science course.

Note: Students who plan to study nursing or other health sciences are encouraged to take BIOL 112 and 113. Biology 12 and Chemistry 11 are recommended.

BIOL 113 Human Anatomy and Physiology II for Health Sciences
4.00 credits (4,3,0) hrs 15 wks

Prerequisite: BIOL 112, or BIOL 104 with a minimum grade of C+

This course is a continuation of Biology 112. The anatomy and physiology of the integumentary, muscular-skeletal, cardiovascular, respiratory, nervous, urinary and lymphatic systems is examined. Emphasis is also given to the maintenance of overall health as well as the study of select diseases pertaining to the systems examined. Laboratory sessions provide practical study of the selected systems and introduce techniques used to make physiological evaluations. The course along with Biology 112 satisfies the human anatomy and physiology requirements for some Human Kinetics programs, most nursing programs and other health science programs in BC.

Note: BIOL 113 is an approved Science course.

Note: BIOL 113 is an approved Lab Science course.

BIOL 200 Genetics I

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: BIOL 111 (C-) and CHEM 111 (pass)

This course is an introduction to the principles and mechanisms of heredity. Emphasis will be placed on an analytical approach to transmission genetics, genetics of humans, introductory molecular genetics, quantitative genetics, and population genetics.

Note: BIOL 200 is an approved Quantitative/Analytical course for baccalaureate degrees. BIOL 200 is an approved Science course.

Note: There is no laboratory for this course.

BIOL 202 Nutrition

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: BIOL 104 or 112 and BIOL 113, or BIOL 110 and 111, or BIOL 106 and 107 and 111, and Chemistry 11

This is an introductory course in human nutrition. The course includes the study of the anatomy and physiology of the gastrointestinal tract and the chemistry, metabolism and biological roles of carbohydrates, lipids, proteins. Nutritional requirements for human growth, development, energy and longevity are covered as well as both the environmental and genetic basis of nutritional disorders and nutritional individuality.

Note: BIOL 202 is an approved Science course.

Note: There is no laboratory for this course.

BIOL 203 Introduction to Microbiology

4.00 credits (4,3,0) hrs 15 wks

Prerequisite: BIOL 111 or BIOL 113

This course will introduce students to basic principles of microbiology with applications to human health. The main focus of the course is on the biology of bacteria. Major topics include cell structure and function, metabolism, genetics, and involvement in human pathogenesis. Some aspects of virology and the human immune response will also be covered. Laboratory exercises will introduce students to standard microbiological lab techniques.

Note: BIOL 203 is an approved Science and Technology course for Cap Core requirements. BIOL 203 is an approved Quantitative/Analytical course for baccalaureate degrees.

Note: BIOL 203 is an approved Science course. BIOL 203 is an approved Laboratory Science course.

BIOL 208 Ecology

4.00 credits (4,3,0) hrs 15 wks

Prerequisite: BIOL 106, 107 and 111 or BIOL 110 and 111 with a minimum C- grade

This course is a comprehensive introduction to modern ecology. Interactions between organisms and the environment will be studied at the individual, population, community, ecosystem, and global levels. Laboratory exercises will introduce students to aspects of experimental design and data analysis, and will include several field trips to explore a variety of local ecosystems.

Note: BIOL 208 is an approved Quantitative/Analytical course for baccalaureate degrees.

Note: BIOL 208 is an approved Science course. BIOL 208 is an approved Lab Science course. The course includes a three day fieldtrip to Garibaldi and Lillooet ranges.

BIOL 210 Morphology of Vascular Plants

4.00 credits (4,3,0) hrs 15 wks

Prerequisite: BIOL 106, 107 and 111 or BIOL 110 and 111 with a minimum C- grade

This course is a comparative study of the vascular plant groups, the pteridophytes, gymnosperms and angiosperms. It emphasises the evolution, morphology, ecology and function of each of the groups and includes discussions of problems in plant morphology.

Note: BIOL 210 is an approved Science course.

Note: BIOL 210 is an approved Lab Science course.

BIOL 212 Invertebrate Zoology

4.00 credits (4,3,0) hrs 15 wks

Prerequisite: BIOL 106, 107 and 111 or BIOL 110 and 111 with a minimum C- grade

This course is a comparative survey of the major phyla and classes of invertebrates with emphasis on phylogeny, adaptive biology and ecology of each group. The course is designed around the major unifying concept of evolution. It introduces issues of contemporary interest in the field of invertebrate zoology. The laboratory complements the lecture components.

Note: BIOL 212 is an approved Science course. BIOL 212 is an approved Lab Science course.

Note: The course includes a three-day field trip to the Bamfield Marine Station.

BIOL 213 Vertebrate Zoology

4.00 credits (4,3,0) hrs 15 wks

Prerequisite: BIOL 106, 107 and 111 or 110 and 111 with a minimum C- grade

This course is a comparative survey of the major classes of vertebrates, emphasizing phylogenetic relationships of chordates and craniates, and evolutionary trends and functional anatomy of organ systems. The laboratory and field trip components of the course complement the lecture material and allow observations of representative vertebrates as well as the study of their natural history.

Note: BIOL 213 is an approved Science course. BIOL 213 is an approved Lab Science course.

Note: The course includes a three-day field trip to the Okanagan Valley.

BIOL 214 Cell Biology

4.00 credits (4,3,0) hrs 15 wks

Prerequisite: BIOL 111 (C-) and CHEM 200 as a prerequisite or co-requisite

This course is an integrated study of the structure and function of cells and their components. Ultrastructure of cell organelles as determined by electron microscopy will be related to the molecular functions of cells. Emphasis will also be placed on the techniques used to study cells, the evolutionary origin of cells and their components, and on comparisons between specialized cell structure and function. The laboratory exercises will use modern methods of microscopy and separation techniques in a detailed study of cell structures and their functions.

Note: BIOL 214 is an approved Quantitative/Analytical course for baccalaureate degrees.

Note: BIOL 214 is an approved Science course. BIOL 214 is an approved Lab Science course.

BIOL 215 Biochemistry

4.00 credits (4,3,0) hrs 15 wks

Prerequisite: CHEM 201 as a prerequisite or co-requisite and BIOL 214

This course examines the fundamental principles and basic facts of biochemistry starting with protein structure and enzyme functions. Cell energetics, biosyntheses and mechanisms which control cell metabolism will also be considered. The laboratory will use the current techniques of biochemistry to conduct experimental analyses of the molecular functions of cells and tissues.

Note: BIOL 215 is an approved Quantitative/Analytical course for baccalaureate degrees.

Note: BIOL 215 is an approved Science course. BIOL 215 is an approved Lab Science course.

BIOL 222 Microbiology

4.00 credits (4,3,0) hrs 15 wks

Prerequisite: BIOL 214 is a prerequisite and BIOL 215 is a prerequisite or co-requisite

This course is a comprehensive introduction to microbiology. The main focus is on the basic biology of prokaryotic microorganisms, including their cell structure, metabolism, genetics, and ecology. Other topics include viruses, eukaryotic microbes, microbial diseases and the immune response. The lab provides practical experience in standard microbiological techniques.

Note: BIOL 222 is an approved Science course.

Note: BIOL 222 is an approved Lab Science course.

BIOL 240 Pathology
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: BIOL 113 (C-) or HKIN 191 (C-) or BIOL 111 (A-)

This course introduces students to key concepts of pathophysiology and disease. Students who have successfully completed this course will have gained a sound understanding of how the human body operates in healthy and chronically perturbed states (disease).

Note: BIOL 240 is an approved Science course. BIOL 240 is equivalent to BIOL 241. Duplicate credit will not be granted for this course and BIOL 241.

Note: There is no laboratory for this course.

BIOL 241 Pathology I
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: BIOL 113 (C-) or HKIN 191 (C-) or BIOL 111 (A-)

This course introduces students to key concepts of pathophysiology and disease. It introduces the fundamental concepts of cellular pathology, immunopathology, cardiovascular pathology and respiratory pathology. Students who have successfully completed this course will have gained a sound understanding of how the human body operates in healthy and chronically perturbed states (disease).

Note: BIOL 241 is an approved Science course. BIOL 241 is an approved Science and Technology course for Cap Core requirements.

Note: BIOL 241 is equivalent to BIOL 240. Duplicate credit will not be granted for this course and BIOL 240.

BIOL 242 Pathology II
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: BIOL 240 (C-) or BIOL 241 (C-)

This course is a continuation of BIOL 241. The pathologies of the endocrine, digestive, musculoskeletal, renal and neural systems will be examined, as well as metabolic syndrome and disease. Students who have successfully completed this course will have gained a sound understanding of how the human body operates in healthy and chronically perturbed states (disease).

Note: BIOL 242 is an approved Science course. BIOL 242 is an approved Science and Technology course for Cap Core requirements.

BIOL 300 Molecular Genetics
4.00 credits (4,3,0) hrs 15 wks

Prerequisite: BIOL 200 (C-)

This course features a detailed examination of the structure, mutability, and expression of the genetic material. Major topics include DNA replication, recombination, repair, and organization. Prokaryotic, eukaryotic, and viral gene expression as well as recombinant DNA methods will also be covered. Students will be introduced to searching and evaluating primary literature and will practice oral and written presentation skills. Laboratory exercises will focus on standard techniques for isolating and characterizing DNA sequences.

Note: BIOL 300 is an approved Science and Technology course for Cap Core requirements.

Note: BIOL 300 is an approved Science course. BIOL 300 is an approved Laboratory Science course.

BIOL 305 Ecological Principles for Sustainability**3.00 credits (4,0,0) hrs 15 wks***Prerequisite:* 45 credits of 100-level or higher coursework

This course will focus on the ecological principles that are needed to support critical thinking about sustainability. Students will learn about the dynamics of ecological systems and how they respond to natural and human disturbance. This knowledge will be applied to understand how ecological systems may be managed in ways that enhance rather than compromise their natural resilience.

Note: BIOL 305 is an approved Science course.

BIOL 308 Conservation Biology**3.00 credits (4,0,0) hrs 15 wks***Prerequisite:* BIOL 208 (C-)

In this course students will examine the theory, practice, and tools of conserving biodiversity. Students will explore the genetic, organismal, and ecological diversity of life on Earth and how it has changed through time. They will evaluate the main causes of biodiversity loss, and the tools used to prevent it. Students will complete a problem-based learning project with an emphasis on local, regional or national conservation efforts.

Note: BIOL 308 is an approved Science and Technology course for Cap Core requirements.

Note: BIOL 308 is an approved Science course.

BIOL 312 Human Physiology I**3.00 credits (4,0,0) hrs 15 wks***Prerequisite:* BIOL 214 (C-); and BIOL 215 (C-) or CHEM 215 (C-)

This course is a detailed examination of specific organ systems in the human body, including the digestive, nervous, endocrine, muscular and skeletal systems. The course focuses on integration of physiological mechanisms at the molecular, cellular and systems level.

Note: BIOL 312 is an approved Science and Technology course for Cap Core requirements.

Note: BIOL 312 is an approved Science course.

BIOL 313 Human Physiology II**3.00 credits (4,0,0) hrs 15 wks***Prerequisite:* BIOL 214 (C-); and BIOL 215 (C-) or CHEM 215 (C-)

This course is a detailed examination of specific organ systems in the human body, including the lymphatic, cardiovascular, respiratory, urinary and reproductive systems. The course focuses on integration of physiological mechanisms at the molecular, cellular and systems level.

Note: BIOL 313 is an approved Science and Technology course for Cap Core requirements.

Note: BIOL 313 is an approved Science course.

BIOL 314 Advanced Cell Biology**3.00 credits (4,0,0) hrs 15 wks***Prerequisite:* BIOL 214 (C-); and BIOL 215 (C-) or CHEM 215 (C-)

This course is an integrated study of the biochemical and molecular aspects of cell function and communication, with an emphasis on signal transduction pathways integrating cellular physiological processes such as the cell cycle, cancer, immune function and neuronal communication.

Note: BIOL 314 is an approved Science and Technology course for Cap Core requirements.

Note: BIOL 314 is an approved Science course.

BIOL 350 Natural History of BC**3.00 credits (4,0,0) hrs 15 wks**

Prerequisite: Successful completion of 45 credits of post-secondary courses at the 100-level or higher
Students will be introduced to the natural history of BC's animal and plant species as well as the link between geological and biological history which is responsible for the geographic distribution of living things. BC's fascinating geological and climatic history has played an important role in determining the province's present assemblage of flora and fauna and its high level of biodiversity compared to the rest of Canada.

Note: BIOL 350 is an approved Science course.

Note: This course is intended for students in the 3rd or 4th year of a degree program.

BIOL 351 Global Biogeography
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: Successful completion of 45 credits of post-secondary courses at the 100-level or higher
Students will be introduced to the relationship between earth's geological and biological history and the evolutionary processes which combine to determine the global distribution of plants, animals and ecosystems. Major biomes, such as the tundra, boreal forests, tropical rainforests, grasslands and deserts and their characteristic vegetation and faunal groups will be included in the studies.

Note: BIOL 351 is an approved Science course.

Note: This course is intended for students in the 3rd or 4th year of a degree program.

BIOL 352 Evolution of Life
3.00 credits (3,0,1) hrs 15 wks

Prerequisite: Successful completion of 45 credits of post-secondary courses at the 100-level or higher
This course will introduce students to Evolutionary Biology. It will focus on the process of evolutionary change and the resulting patterns of biological diversity. Recent advances and applications of evolutionary thought to human evolution, medicine, agriculture and conservation will be discussed.

Note: BIOL 352 is an approved Science course.

Note: This course is intended for students in the 3rd or 4th year of a degree program.

BIOL 353 Brain Health
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of post-secondary courses at the 100-level or higher
This course addresses brain anatomy and physiology and the pathophysiological basis of selected neurodegenerative diseases. Major topics include the brain's role as a controller of vital biological processes and factors influencing brain homeostasis and health. Effective strategies for the prevention of brain disease and restorative care will be examined.

Note: BIOL 353 is an approved Science course.

Note: The following courses are recommended as prerequisites: BIOL 112/113; or BIOL 104/113 with a minimum grade of C+; or BIOL 110/111; or HKIN 190/191; or EDUC 166/267; or EDUC 350

BIOL 354 Physiology of Disease
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of post-secondary courses at the 100-level or higher
This course will provide an overview of the molecular pathology of selected chronic diseases. Topics covered include the physiological function of cardiovascular, pulmonary, metabolic, neuromuscular and immunological systems and the pathology underlying selected chronic diseases of these systems. The response of such systems to acute and chronic exercise as well as the link between physical inactivity and disease development and prevention will be examined.

Note: BIOL 354 is an approved Science course.

Note: The following courses and program are recommended as prerequisites: BIOL 112/113; or BIOL 110/111 and BIOL 213; or BIOL 104/113 with a minimum grade of C+; or HKIN 275; or RADP diploma

BIOL 403 Microbiology and Immunology**3.00 credits (4,0,0) hrs 15 wks***Prerequisite:* BIOL 203 (C-) or BIOL 214 (C-); and BIOL 215 (C-) or CHEM 215 (C-)

This course is an advanced study of medical microbiology and immunology. It focuses on molecular mechanisms of microbial pathogenesis, and the human immune response.

Note: BIOL 403 is an approved Science and Technology course for Cap Core requirements.

Note: BIOL 403 is an approved Science course.

BIOL 408 Ecosystem Restoration**4.00 credits (4,3,0) hrs 15 wks***Prerequisite:* BIOL 208 (C-)

In this course students will explore the science and practice of restoring the structure and function of degraded ecosystems. Lectures will focus on applications of fundamental ecological principles in the context of restoration, coupled with case studies. In the lab component students will design and implement a campus or community-based restoration project.

Note: BIOL 408 is an approved Science and Technology course for Cap Core requirements.

Note: BIOL 408 is an approved Science course. BIOL 408 is an approved Laboratory Science course.

Business Administration

BADM 101 Management**3.00 credits (4,0,0) hrs 15 wks**

Students study current management practices. This is a foundational course that prepares students for more in-depth study of topics such as human resource management, managing change, performance management and corporate social responsibility in 3rd and 4th year courses. Students also develop and practice effective public speaking and business presentation skills. The course instructors use the study of contemporary business issues to reinforce course concepts.

BADM 102 Quantitative Methods**3.00 credits (4,0,0) hrs 15 wks**

Prerequisite: Principles of Math 11 (C) or Pre-calculus 11 or Foundations of Math 11 (C) or BMTH 044 (C) or BMTH 048 (C) or MATH 096 (C) or MATH 097 (C) or MATH 123 (C) or Applications of Math 12 or Apprenticeship & Workplace Mathematics 12 (B) or Foundations of Math 12 or Principles of Math 12 or Pre-calculus 12 or BMTH 054 or BTEC 115 (B-)

This course provides a strong foundation in the mathematics of finance and business. The student will utilize standard financial models in analysis, problem solving, and decision-making. Computer spreadsheet applications are utilized.

Note: BADM 102 is an approved Numeracy course for Cap Core requirements.

Note: BADM 102 is an approved Quantitative/Analytical course for baccalaureate degrees.

BADM 103 Supervisory Skills**3.00 credits (4,0,0) hrs 15 wks**

This is a study of the human elements in organizations, with emphasis on group behaviour. Concepts include persuasion, guidance and understanding of the individual within the group. Students will learn applications in human relations management, i.e. leadership, power, authority, group dynamics, formal and informal organization, communications, conflict, and the introduction of change. This course is offered at the Sechelt and Squamish campuses only.

BADM 106 Organizational Behaviour
3.00 credits (4,0,0) hrs 15 wks

The objective of this course is to allow the student to develop the necessary skills and conceptual tools to both understand and deal effectively with human behaviour in organizations. These skills are of at least two kinds:

1. Interpersonal, that is, relating more effectively with other individuals and groups, and
2. Analytical, to be able to perceive and understand situations accurately, and make effective decisions based on this understanding.

Note: BADM 106 is an approved Self and Society course for Cap Core requirements.

Note: BADM 106 is equivalent to BTEC 252 and LGST 124. Duplicate credit will not be granted for this course and BTEC 252 or LGST 124.

BADM 107 Business Law I
3.00 credits (4,0,0) hrs 15 wks

This course will introduce students to the components of the Canadian legal system, and will examine the effect of both common and statute law on business relationships. Students will gain exposure to the basic principles of Canadian business law through legal topics such as constitutional, tort, contract, property, corporate and employment law.

Note: BADM 107 is an approved Self and Society course for Cap Core requirements.

BADM 201 Business Information Systems
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 30 post-secondary credits

This course presents a broad view of the role of Information Systems (IS) in Business. It places IS within the context of business activities and explores the five information systems components of hardware, software, data, processes/procedures and people. Students will apply the concepts and theories learned in their first-year School of Business courses to solve integrated business problems and will enhance their knowledge by acquiring business systems analysis and database development skills as they work through practical lab and final projects.

BADM 202 People Management
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 15 credits of 100-level or higher coursework

This course provides the student with practical and applied general human resources management skills. Emphasis is placed on current legislation affecting the workplace and on day-to-day management issues.

BADM 203 Introduction to Strategic Management Concepts
3.00 credits (4,0,0) hrs 14 wks

Prerequisite: 15 post-secondary credits from the International Business Administration program

This course will provide the student with an overall appreciation and insight into current strategic management practices within modern business and industry. There will be a focus on the methods of strategic management and business analyses.

BADM 204 Introduction to Strategic Management
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: BFIN 241 is a prerequisite or co-requisite

This course brings together the content of all previous Business Administration courses. There will be a focus on the methods of strategic management and business analyses that utilize the entire cross-section of skills that have been developed in the previous terms of study.

BADM 206 Directed Study I
3.00 credits (0,0,6.66) hrs 15 wks

Prerequisite: 30 credits of 100-level or higher coursework

This course is designed to provide students with 100 hours of directed study experience in business, industry or government. The purpose of this course is for students to gain relevant experience and to make an easier transition into the workforce. Major emphasis of this experience is to allow students to put existing business education skills into practice while learning new business skills. Students will be able to recognize and understand the scope and relationship of business administration functions.

BADM 207 Employment Law for Business
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 15 credits of 100-level or higher coursework

In this course, students will examine and develop a working knowledge of the statutory and common law rules governing employment relationships in both union and non-union contexts and develop a working knowledge of the essential features of the British Columbia legislation governing employment contract, employment standards, human rights, employment equity and labour relations.

BADM 210 Business Statistics
3.00 credits (4,0,0) hrs 15 wks

This course provides a strong foundation in basic business statistics. It covers some of the most commonly used methods for: converting raw data into meaningful information (Descriptive Statistics), computing the chance that a certain event will occur in the future (Probability), drawing conclusions about a population based on sample data (Inferential Statistics), and determining whether a relationship between two variables exist and, if so, how strong this relationship is (Simple Linear Regression and Correlation).

Note: BADM 210 is an approved Numeracy course for Cap Core requirements. BADM 210 is an approved Science and Technology course for Cap Core requirements.

Note: BADM 210 is an approved Quantitative/Analytical course for baccalaureate degrees. BADM 102 or a 100-level MATH course is strongly recommended.

BADM 218 Leadership in Teams
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: BADM 101, and BADM 106 or BTEC 252

This course develops the student's understanding of the theory and practical applications required to be an effective team leader. Students will demonstrate abilities and skills in a variety of team environments designed to develop practical and valuable leadership experience.

Note: BADM 218 is an approved Self and Society course for Cap Core requirements.

BADM 225 Leading with Emotional Intelligence in the Workplace
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 30 credits of 100-level or higher coursework

This course will identify practical strategies for students to leverage their emotional intelligence in their education, the workplace, and their personal life. Students will learn how to balance their 15 emotional intelligence competencies to improve personal and interpersonal effectiveness.

BADM 268 Entrepreneurship/Small Business Management
3.00 credits (4,0,0) hrs 15 wks

Skills needed in problem solving and researching the small business environment will be learned and applied. Business owners, managers and would-be decision makers are encouraged to take this course. The instructor and guest lecturers from the business community will lead students through detailed aspects

of business from finance to human relations. The production of the business plan will be discussed and part of a plan will be written.

BADM 270 Business Administration Current Issues I

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 30 post-secondary Business Administration credits

The course will highlight topics of special interest, such as Intercultural Business Practices, Strategic Management, and Marketing the Olympics to business students. Specific topic expertise, such as international faculty, business experts, and leadership specialists will teach this course. This combination will add real-life value to the subject matter and build on the students business concepts. This course will encourage students to explore and more fully understand the specialized area of concern.

BADM 274 Business Administration Special Topics I

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 30 post-secondary Business Administration credits

The course will highlight topics of special interest, such as European Union, Globalization, and Canadian Demographics to business students. Specific topic expertise, such as international faculty, business experts, and leadership specialists will teach this course. This combination will add real-life value to the subject matter and build on the students business concepts. This course will encourage students to explore and more fully understand the specialized area of concern.

BADM 301 Operations Management

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: BADM 210

Of special interest to generalist managers and operators of small businesses, this course familiarizes the student with the principles, practices, and functions of production-operations management, using modern decision-making aids. Foundation skills in production and control (inventory, quality and cost) are examined using computing devices and procedures.

Note: Working knowledge of Excel is expected.

BADM 302 Human Resources Management

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework, including BADM 106

This course provides the student with a functional understanding of current human resources management concepts and applications in small, medium and large business. Special emphasis will be placed on the concept of human resources management being the responsibility of all management, not just the Human Resources Management department.

BADM 303 Industrial Relations

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 post-secondary credits

This course introduces students to Canadian labour and employment relations. This includes both union and non-union work settings and some of the primary legislation governing those settings. Also studied is the interaction between unions and management and the resulting impacts on business. Course instructors use a combination of case studies, assignments, discussion forums and lectures to explore these topics.

BADM 305 Leadership

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 42 credits of 100-level or higher coursework and BADM 106 or BTEC 252; OR 6 NABU credits

This course will provide the student with an understanding of what effective leadership means and how he or she can be a more effective leader. This will be done through a combination of theoretical work, discussions with community leaders and through the development of critical leadership skills and competencies. Specific competencies will include networking skills, coaching skills, and facilitation skills.

Note: BADM 305 is an approved Self and Society course for Cap Core requirements.

BADM 306 Directed Study II
3.00 credits (0,0,6.66) hrs 15 wks

Prerequisite: 54 credits of 100-level or higher coursework; OR 6 NABU credits

This course is designed to provide students with 100 hours of directed study experience in business, industry or government. The purpose of this course is for students to gain relevant experience and to make an easier transition into the workforce. Major emphasis of this experience is to allow students to put existing business education skills into practice while learning new business skills. Students will be able to recognize and understand the scope and relationship of business administration functions.

BADM 307 Advanced Business Law II
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: BADM 107

This course will expand upon the legal principles studies in BADM 107 including a more complex examination of constitutional, tort, contract, property, corporate and employment law. Students may also gain exposure to additional legal topics such as legal devices for securing credit, mortgages, labour, bankruptcy and insolvency, competition law, insurance law and creditor's remedies.

Note: BADM 307 is an approved Self and Society course for Cap Core requirements.

BADM 310 Quantitative Methods III
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: BADM 102, BADM 210 and BCPT 122 or BCPT 123 or BTEC 124 or 149

This course provides the student with a practical understanding of the application and theoretical foundation of commonly used techniques in statistical modelling, particularly Linear Regression and Time Series Analysis. Data analysis software is extensively used in these applications. Linear Programming Models will also be introduced and graphical and computer-generated solutions will be developed and analyzed.

BADM 318 Project Management
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 60 post-secondary credits

This course will focus on project management skills necessary for local and international environments. The project management knowledge areas and process will be included in the course content. Examples of projects within different sectors, project management hard and soft skills will be also examined. Students will have the opportunity to apply the PM concepts on real projects.

Note: This course is equivalent to NABU 318. Duplicate credit will not be granted for this course and NABU 318.

BADM 320 Special Topics in Business Administration I
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework; OR 6 NABU credits and CMNS 305

This course will be offered from time-to-time to give students the opportunity to examine in-depth some aspect of business. The course will build on business concepts to explore and more fully understand some specialized area of concern. Normally such a course will take advantage of the short-term availability of some specific expertise such as faculty exchange or overseas offering.

BADM 321 Special Topics in Business Administration II**3.00 credits (4,0,0) hrs 15 wks***Prerequisite:* 45 credits of 100-level or higher coursework; OR 6 NABU credits

This course will be offered from time-to-time to give students the opportunity to examine in-depth some aspect of business. The course will build on business concepts to explore and more fully understand some specialized area of concern. Normally such a course will take advantage of the short-term availability of some specific expertise such as faculty exchange or overseas offering.

BADM 322 Current Issues in Business Administration I**3.00 credits (4,0,0) hrs 15 wks***Prerequisite:* 45 credits of 100-level or higher coursework; OR 6 NABU credits and CMNS 305

This course will be offered from time-to-time to allow students to examine in-depth current issues related to business administration. This course will be thematic rather than discipline based and will build on business concepts to fully explore and understand some current issue concern. Normally such a course will take advantage of the short-term availability of some specific expertise such as faculty exchange or overseas offering.

BADM 323 Current Issues in Business Administration II**3.00 credits (4,0,0) hrs 15 wks***Prerequisite:* 45 credits of 100-level or higher coursework; OR 6 NABU credits and CMNS 305

This course will be offered from time-to-time to allow students to examine in-depth current issues related to business administration. This course will be thematic rather than discipline based and will build on business concepts to fully explore and understand some current issue concern. Normally such a course will take advantage of the short-term availability of some specific expertise such as faculty exchange or overseas offering.

BADM 324 Current Issues in Business Administration III**3.00 credits (4,0,0) hrs 15 wks***Prerequisite:* 45 credits of 100-level or higher coursework; OR 6 NABU credits and CMNS 305

This course will be offered from time-to-time to allow students to examine in-depth current issues related to business administration. This course will be thematic rather than discipline based and will build on business concepts to fully explore and understand some current issue concern. Normally such a course will take advantage of the short-term availability of some specific expertise such as faculty exchange or overseas offering.

BADM 325 Special Topics in Business Administration III**3.00 credits (4,0,0) hrs 15 wks***Prerequisite:* 45 credits of 100-level or higher coursework; OR 6 NABU credits and CMNS 305

This course will be offered from time-to-time to give students the opportunity to examine in-depth some aspect of business. The course will build on business concepts to explore and more fully understand some specialized area of concern. Normally such a course will take advantage of the short-term availability of some specific expertise such as faculty exchange or overseas offering.

BADM 329 Performance Management**3.00 credits (4,0,0) hrs 15 wks***Prerequisite:* 60 credits of 100-level or higher coursework and BADM 302; OR 6 NABU credits

This course will develop student understanding and knowledge in the application of methods to improve individual employee and larger organizational performance. In doing so, the course deals with performance management systems and measurement that matches employee contributions with organizational goals and strategies.

BADM 332 Managing Not-for-Profit Organizations & Social Enterprises

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework; OR 6 NABU credits

This course provides upper level students with a broad understanding of and appreciation for the “social economy” - its unique management challenges as well as the opportunities to integrate traditional business functions with social, environmental or cultural goals. Innovative practices and new models of social entrepreneurship will be explored. Students will have the opportunity to gain practical experience working on a service-learning project with a non-profit organization.

Note: BADM 332 is an approved Self and Society course for Cap Core requirements.

BADM 335 Workplace Learning, Development and Design

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework

The ability to help others learn is an essential workplace skill. Managers need to train and develop staff and many employees have general orientation and training responsibilities. Human Resources Departments and consulting firms may provide specific training expertise to businesses. This course provides the student with in-depth practical training skills useful in any of these roles, as well as an overview of current training and development programs and practices.

BADM 382 Case Analysis and Decision Making in Human Resources Management

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: BADM 302 or 303; OR 6 NABU credits

This advanced human resource management course seeks to integrate the policies, procedures and methods covered in BADM 302 or BADM 303 with other functional areas which impact upon the management of human resources systems. Stakeholder assumptions about work-force characteristics, management philosophy, business strategy, laws and society will be examined via a combination of cases, readings, research and peer discussion

BADM 406 Directed Study III

3.00 credits (0,0,6.66) hrs 15 wks

Prerequisite: 75 credits of 100-level or higher coursework; OR 6 NABU credits and CMNS 305

This course is designed to provide students with 100 hours of directed study experience in business, industry or government. The purpose of this course is for students to gain relevant experience and to make an easier transition into the workforce. Major emphasis of this experience is to allow students to put business education skills into practice while learning new business skills. Students will be able to recognize and understand the scope of and relationship of business administration functions.

BADM 460 Business and Society

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 75 credits of 100-level or higher coursework including ENGL 100, and CMNS 152 or 220

This course investigates the interdependence of business and society, particularly corporate social responsibility, business ethics, socially responsive management and managing in an ever-changing environment. The course is intended to increase the student's knowledge of the complex linkages between business and society. The course is also aimed at generating student awareness of the increasing scrutiny of business by society at large and what that means for business practices today.

Note: BADM 460 is an approved Self and Society course for Cap Core requirements.

BADM 465 Management Decision Making

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 84 credits of 100-level or higher coursework including ENGL 100, and CMNS 152 or 220; OR 3 NABU credits and CMNS 305

This course offers a basic introduction to the decision analysis framework and explains how it can be used to facilitate and formalize the decision-making process. It describes techniques that managers can use to supplement their existing decision-making skills, how to decide when or whether to use a particular method, and how to implement it. The course is concerned with decision-making under conditions such as uncertainty, multiple objectives, multiple decision-makers or interest groups, large impacts, and long timelines.

BADM 466 Managing Change

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 75 credits of 100-level or higher coursework including BADM 302, ENGL 100, and CMNS 152 or 220; OR 3 NABU credits and CMNS 305

This course presents concepts and practical approaches involved in managing organizational change. This course will draw upon the concepts and skills learned in other business courses and will also provide students with the ability to blend hard and soft skills in the challenging role of leading change.

Note: BADM 466 is an approved Experiential course for Cap Core requirements.

Note: BADM 305 recommended.

BADM 469 Applied Understanding of Indigenous Entrepreneurship

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 75 credits of 100-level or higher coursework

The course provides Indigenous and non-Indigenous students with an in-depth understanding of Indigenous entrepreneurship. It focuses on how economic reconciliation is pursued through the creation and management of new ventures by and for Indigenous peoples that are responsive to the community, its values, traditions, culture, and socioeconomic needs. It explores how Indigenous peoples act on their inherent rights and assert sovereignty through social, cultural, spiritual, environmental and economic value creation activities as a means to design, develop and maintain Indigenous political, economic and social systems to promote community well-being while enabling members to engage in traditional, cultural and innovative economic activities.

Note: BADM 469 is an approved Self and Society course for Cap Core requirements. BADM 469 is an approved Experiential course for Cap Core requirements.

BADM 470 Business Policy and Strategy

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 84 credits of 100-level or higher coursework including BADM 204, BFIN 241, BFIN 244 or 341, ENGL 100, and CMNS 152 or 220

This course examines the components and processes of the strategic management model, using examples from Canada and the United States. Students learn to do case analysis throughout the course. Topics covered include strategic management, social responsibility, environmental and internal analysis and diagnosis, strategy selection and implementation and evaluation. (CGA, CIM, CMA, CUIC, ICB, PMAC)

BADM 475 Negotiation Skills

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 75 credits of 100-level or higher coursework including BADM 305, ENGL 100, and CMNS 152 or 220; OR 3 NABU credits and CMNS 305

This course will clarify an interest-based negotiation approach and practice negotiating for mutual gain outcome; based on Harvard University's Negotiation Program. Students will practice specific "micro-skills" in small group activities and apply the skill building in simulated negotiation sessions. The course will also look at mediation and how to intervene in employee disputes when the manager may need to act as a third party.

Note: BADM 475 is an approved Experiential course for Cap Core requirements.

Business Computing

BCPT 123 Business Computing Basics

3.00 credits (4,0,0) hrs 15 wks

The goal of this course is to provide the student with a practical understanding of spreadsheets and presentation graphics software, their application in business, and to help the student to identify areas for improvement in their word processing and Internet skills.

Note: Credit will only be granted for one of BCPT 122 or BCPT 123.

Note: Students that have credit for BTEC 124 or BTEC 149 please contact the School of Business.

BCPT 220 Presentation and Advertising Graphics

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: BCPT 123

This course provides the student with fundamentals of using image editing and digital publishing software techniques to edit bitmap graphics for use in advertising application, business and corporate communications and web page design.

BCPT 221 Business Computing - Website Development

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: BCPT 122 or BCPT 123 or BTEC 124 or BTEC 149

The course introduces the student to Adobe Dreamweaver, and Fireworks Website design software. The student will be able to create basic websites as applied to small and medium size businesses. Instruction on how to create and optimize images suitable for internet and website development software as applied in business communications.

BCPT 223 Advanced Excel with Visual Basic for Applications

3.00 credits (2,2,0) hrs 15 wks

Prerequisite: BCPT 123 or BTEC 124 or 149

This course provides students with the knowledge and ability to implement advanced Excel and Visual Basic for Applications (VBA) in a wide range of business analyses.

Note: This is an approved Quantitative/Analytical course for baccalaureate degrees.

BCPT 225 Managing Business Networks and Databases

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: BADM 201 is a prerequisite or co-requisite

The goal of this course is to give students an understanding of the fundamental principles of data networks and how to manage business databases.

BCPT 305 Management of Information Systems

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: BADM 201; OR 6 NABU credits

This course provides an introduction to the role of information systems in organizations; how information systems can be used by an organization to achieve an advantage over its competition; and how information technology will affect managers and organizations in the future.

BCPT 325 Business Technology Disaster Recovery and Planning

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: BCPT 121 or 122 or 123 or BTEC 124 or 149 with a minimum c- grade plus 60 post-secondary Business Administration credits

It is essential that a business leader understand the fundamental principles of effective planning for information security and disaster recovery considering the present and future global environment. The goal of this course is to cover business managerial aspects of security and disaster recovery by presenting methods to identify vulnerabilities and implement appropriate countermeasures to prevent and mitigate failure risks for the business enterprise.

BCPT 326 Advanced Web Design
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: BCPT 221

This course provides an overview of the advanced skills necessary to design effective interactive Web sites.

BCPT 330 Business Systems Process Modeling, Analysis and Design
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 30 credits of 100-level or higher coursework including BCPT 123 and BADM 201

This course emphasizes hands-on, experiential learning. It presents a range of concepts, skills, tools, techniques and methodologies so students can become effective business systems analysts who can collaborate with information technology workers to create robust information systems for business. Students will learn the framework of the systems development life cycle (SDLC) model as it is used for identification and development of business requirements, business processes, analysis and design, as used in the construction, deployment and ongoing maintenance of complex information systems. The course will also investigate alternatives to acquiring software used to satisfy business goals, objectives and needs.

BCPT 404 Advanced Business Analytics
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework including BCPT 305

This course presents a deep view of management analytics which includes data visualization, data mining and information dissemination approaches, skills, tools and techniques required to run, grow and transform the Business. With this knowledge, students will incorporate the concepts and theories learned in other School of Business courses, to solve integrated business problems. Students' understanding of advanced business analytics toolkits will be strengthened as they learn how to acquire, mine, analyze, disseminate and apply voluminous data sets (big data/social media data) to decision making in today's on-demand economy.

Note: BCPT 404 is an approved Experiential course for Cap Core requirements.

BCPT 420 Business Info Ethics, Privacy, Security & Sustainability
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework including BCPT 123 and BADM 201

This course presents a deep view of business information ethics, privacy, security and sustainability in business. Students will be introduced to concepts and frameworks surrounding the definitions, core topics and issues of ethics in such areas as information technology, big data and artificial intelligence (AI). Students learn about the business systems that are most at risk regarding privacy, security and sustainability issues, as well as the importance of an organization-wide approach to these issues. Students also learn the standards that business managers must follow to balance sustainable environmental, social and economic responsibilities, with their obligations to stakeholders.

Business Essentials

BUES 305 Business Essentials **3.00 credits (0,0,20) hrs 03 wks**

Students are introduced to Canada's economy, various economic systems, business ethics and social responsibility, human resources fundamentals and management. The course topics examine organizational and quality management concepts and practices, accounting, finance, marketing and operations management.

Note: BUES 305 is equivalent to NABU 305. Duplicate credit will not be granted for this course and NABU 305.

Business Finance

BFIN 141 Introductory Accounting I **3.00 credits (4,0,0) hrs 15 wks**

This course is an introduction to financial accounting concepts and business principles. Students will analyze and record business transactions and create financial statements, and they will be exposed to a broad range of topics including business organizations, asset management, liability reporting and financial statement analysis. We recommend that students with weak math skills take BADM 102 (Quantitative Methods) before, or in conjunction with BFIN 141. (CPA transferable with BFIN 142).

Note: BFIN 141 is an approved Numeracy course for Cap Core requirements.

Note: BFIN 141 is an approved Quantitative/Analytical course for baccalaureate degrees.

BFIN 142 Financial Accounting I **3.00 credits (4,0,0) hrs 15 wks**

Prerequisite: BFIN 141 with a minimum C- grade or BTEC 217 with a minimum B grade

Students will apply generally accepted accounting principles to the establishment and maintenance of accounting systems, including the preparation, analysis and interpretation of financial statements. (CPA transferable with BFIN 141).

Note: BFIN 142 is an approved Quantitative/Analytical course for baccalaureate degrees.

Note: Students who receive credit for BFIN 193 cannot receive credit for BFIN 142.

BFIN 193 Compressed Introductory Financial Accounting **3.00 credits (4,0,0) hrs 15 wks**

This course is an accelerated combination of BFIN 141 and BFIN 142, particularly beneficial for students who have a strong foundation in math or previous exposure to accounting. Students will apply financial accounting concepts to analyze and record business transactions for a variety of business organizations and prepare financial statements. Students will be exposed to a broad range of topics including asset management and liability and investment reporting to provide an analytical basis upon which to intelligently interpret financial statements.

Note: BFIN 193 is an approved Numeracy course for Cap Core requirements.

Note: BFIN 193 is an approved Quantitative/Analytical course for baccalaureate degrees. BFIN 193 is a condensed version of BFIN 141 and BFIN 142. Duplicate credit will not be granted for this course and BFIN 142.

BFIN 241 Finance for Managers

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: BFIN 141 or BFIN 193 or BTEC 217(B); BADM 102; CMNS 220 or CMNS 152 or BTEC 211

In this practical financial management course, students study financial management techniques and apply this knowledge to business decisions. Topics in this course include: evaluating business performance, financial institutions and markets, valuation of financial assets, obtaining financing, managing working capital and capital budgeting. Contemporary financial issues are discussed throughout this course. (CPA transferable with BFIN 350).

Note: This is an approved Quantitative/Analytical course for baccalaureate degrees.

BFIN 244 Managerial Accounting

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: BFIN 141 or BFIN 193 or BTEC 217

This course introduces students to the specialized area of management accounting. It provides an overview of controls affected internally by management using the tools of budgets, costing and analysis. Planning for an organization will be examined from both the capital and operations perspectives.

Note: BFIN 244 is an approved Quantitative/Analytical course for baccalaureate degrees.

Note: Students who receive credit for BFIN 341 cannot receive credit for BFIN 244 towards a degree, diploma or certificate credential in Business Administration.

BFIN 246 Financial Accounting II

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: BFIN 142 or BFIN 193

Students should expect to develop an understanding of: (a) the environment of financial reporting and the conceptual framework; (b) the accounting for assets, revenues and expenses in greater depth than in prior accounting courses; (c) International Financial Reporting Standards (IFRS); and (d) accounting standards for private enterprises (ASPE). (CPA transferable with BFIN 347).

BFIN 249 Accounting Microcomputer Applications

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: BFIN 142

Students will complete microcomputer accounting implementation projects using ACCPAC for Windows accounting software. They will be expected to demonstrate their understanding of the practical constraints of internal control in the ACCPAC for Windows environment. Systems covered will include general ledger, A/R and A/P (inventory optional). There will be additional costs for printing and disks.

Note: Students in this course should expect to spend approximately \$75 for materials and group activities.

Note: This course is not offered every year.

BFIN 286 Personal Financial Planning

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 30 credits of 100-level or higher coursework

In this course students will learn the six steps of personal financial planning including goals setting, personal financial statements, debt management, mortgages, as well as savings and retirement plans in Canada. Time value of money calculations will be used throughout to assess progress towards financial goals. Taxation for financial planning and an introduction to retirement and estate planning is also covered. Each student will make their own financial plan.

Note: BFIN 286 is an approved Numeracy course for Cap Core requirements. BFIN 286 is an approved Quantitative/Analytical course for baccalaureate degrees.

BFIN 321 Fundamentals of Investments

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework including BFIN 241; OR NABU 320 or NABU 340

This course covers investment and investment management principles, including common financial planning and investment concepts utilized to improve investment decision making and overall investment portfolio performance. The main topics include investment theory, financial markets and institutions, financial assets and their related valuations, and mutual funds. Group projects will enable students to implement investment strategies and analysis, and apply investment decision-making and performance assessment tools.

Note: BFIN 321 is equivalent to BFIN 441. Duplicate credit will not be granted for this course and BFIN 441.

BFIN 331 Assurance & Auditing I
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 60 credits of 100-level or higher coursework including ENGL 100 and BFIN 347

The goal of this course is to introduce the attributes of the assurance function and to provide sufficient knowledge of the basic concepts and principles necessary to proceed into professional accounting. We will also emphasize the application of assurance theory in the current business environment. (CPA transferable with BFIN 412).

BFIN 341 Cost Accounting I
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: BFIN 142 or BFIN 193 or NABU 320

A study of organizational decision making and planning using accounting tools. Topics include the nature of accounting controls, common control methods, measures of management performance, and the role of the management cost accountant. (CPA transferable with BFIN 342).

Note: Students who receive credit for BFIN 244 cannot receive credit for BFIN 341 towards a degree, diploma, or certificate credential in Business Administration.

BFIN 342 Cost Accounting II
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: BFIN 341

A more in-depth study of subjects covered in Cost Accounting I. Cost determination for manufacturing operations, planning and cost control systems, performance evaluation methods, and strategic decision-making methods. (CPA transferable with BFIN 341).

BFIN 347 Financial Accounting III
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: BFIN 246

Given descriptions of economic events, the student should be able to determine the appropriate method of accounting and the acceptable methods of financial statement presentation in accordance with International Financial Reporting Standards (IFRS); and accounting standards for private enterprises (ASPE). (CPA transferable with BFIN 246).

BFIN 348 Accounting Information Systems
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: BFIN 142, BADM 201 and BFIN 341 or 246

Students will examine and implement primary accounting information systems (AIS) in detail. This course will focus on the understanding and design of AIS to lessen control risks and inefficiencies.

BFIN 350 Advanced Financial Management
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 post-secondary School of Business credits including BFIN 241 and BADM 210

The content of this course concentrates on the development of analytical and conceptual skills for financial decision-making. The course places emphasis on capital asset pricing models, capital budgeting and capital structures. (CPA transferable with BFIN 241).

BFIN 351 Taxation I
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: BFIN 246; or BFIN 142 and BFIN 286; or BFIN 193 and BFIN 286

This course familiarizes the student with the Canadian income tax system as it applies to corporations, share-holders, and unincorporated businesses, so that the student can identify potential tax problem areas, complete the basic compliance forms, and appreciate its impact on some business decisions. (CPA transferable).

BFIN 353 International Finance
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: BADM 102 and BFIN 241; OR NABU 320 and 3 NABU credits

This course provides students with a practical and sound understanding of the application and theoretical foundation of international finance in a corporate environment, particularly multinational finance, for enterprises as well as international finance for trade and investment.

BFIN 386 Insurance for Financial Planning
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework including BFIN 286 or BFIN 351; OR NABU 320 or NABU 340

In this course students will learn to evaluate risk exposures faced by individuals and small businesses and apply various life, disability, health, and other insurance products to address these risk exposures. Thorough coverage of insurance products and calculations to determine client needs will be addressed through case scenarios. Taxation and the context of the Canadian financial planning landscape will be covered as well as an introduction to business ethics as it relates to the industry.

BFIN 391 Contemporary Issues in Finance and Investment
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 post-secondary Business Administration credits

This course covers current issues in Canadian finance and investment for business and individuals. We examine Canadian markets, financial institutions and the products and services they offer. Topics will be discussed in relation to what and how the business community operates providing students with a unique insight into improving their personal financial lives. Students are expected to participate actively in the classroom by making presentations, completing in-class group assignments and being involved in a formal debate. Students will connect to mainstream financial and investment trends and have the tools necessary to stay there.

BFIN 411 Advanced Financial Accounting
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 75 credits of 100-level or higher coursework including BFIN 347, ENGL 100, and CMNS 152 or 220

The goal of this course is to introduce the topics that are traditionally deemed advanced accounting in nature in a manner that will prepare the students for their practice in accounting and in meeting the entrance requirements of professional accounting programs. Topics will include accounting for business combinations, foreign currency transactions and translations as well as accounting in the not-for-profit arena. (CPA transferable).

BFIN 412 Assurance & Auditing II
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 75 credits of 100-level or higher coursework including BADM 201, a minimum grade of C- in BFIN 331, ENGL 100, and CMNS 152 or 220

Upon successful completion of this course, students will be able to analyze and understand the environment surrounding an audit engagement including identification of the users of the financial statements and the potential legal exposure to the auditor. Students will gain a strong understanding of the control environment and the effect on audit risk. Other assurance engagements are also covered in this course. (CPA transferable with BFIN 331).

BFIN 431 Advanced Management Accounting
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 75 credits of 100-level or higher coursework including BFIN 342, ENGL 100, and CMNS 152 or 220

This course covers the use of management accounting information to support decision making and specifically focuses on planning, performance evaluation and control systems consistent with the current realities of the business environment, including global competition, innovation, growth of non-profit and service sectors, increased competitiveness and total quality management. It also addresses the behavioural aspects of management accounting. (CPA transferable)

Note: BFIN 431 is an approved Experiential course for Cap Core requirements.

Note: BFIN 350 is highly recommended prior to taking this course.

BFIN 451 Taxation II
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: BFIN 351

This course familiarizes the student with the Canadian income tax system as it applies to corporations, shareholders, partnerships, trusts and estates so that the student can identify potential tax problem areas, complete the basic compliance forms, and appreciate its impact on some business decisions.

BFIN 486 Intermediate Personal Finance
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 75 credits of 100-level or higher coursework including BFIN 286 and BFIN 351; OR BFIN 386

This course will require the student to give informed advice on moderately complex personal financial planning scenarios. Technical knowledge areas will include debt, insurance, investment, with emphasis on financial analysis, retirement, estate planning and taxation. Relevant retirement and estate planning tools will be used.

Business Marketing

BMKT 161 Marketing
3.00 credits (4,0,0) hrs 15 wks

This course covers the full spectrum of Canadian marketing of consumer products and services including: market segmentation, consumer behaviour, products, packaging, distribution, and promotion. Students will analyze case problems and prepare a strategic marketing plan. Videos, guest speakers and in-class discussion about marketing topics will assist in the learning experience.

BMKT 260 Social Media Marketing
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 15 credits of 100-level or higher coursework

Social media has profoundly changed the online communication and marketing landscape. With the advent of social networks, virtual communities and mobile computing, more and more people are participating in conversations online. This presents significant opportunities, as well as numerous challenges for marketers. The course explores these new marketing and technology trends and provides a broad overview of key social media strategies, tactics, metrics, and tools.

BMKT 261 Advertising
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: BMKT 161

This course will examine the Canadian advertising industry from both micro and macro perspectives. It will enable the student to grasp the basic theoretical and practical approaches to advertising and provide an insight into the various aspects of advertising creativity, communication systems, media choice, and other functions. Getting students to 'think like an advertising agency' will be a strong focus. This is not a course on designing, creating, and preparing specific types of advertising, but is meant to serve as an overview of what advertising is and how it relates to other marketing concepts and operations. Students will participate in an advertising campaign simulation project.

BMKT 262 Event Marketing
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: BMKT 161

The trend in business today is to extend marketing dollars into the area of event marketing. This course will introduce students to the skills and concepts necessary to create, finance, and manage a special event. Students will be expected to demonstrate an understanding of how to choose and develop a specific event, demonstrate a knowledge of specific budget elements and their relationship to revenue generating, develop an understanding of event marketing and understand the administrative structure and skills necessary to manage a special event.

BMKT 263 Professional Selling Skills
3.00 credits (4,0,0) hrs 15 wks

Every business professional starts with an introduction to professional selling. Communication basics, including effective listening, probing, problem finding and solving, and creativity will be covered. Specific techniques of professional selling will be examined including prospecting, qualifying, and contracting prospects. The course will also explore, in depth, the organization and management of sales activities. Role play simulations will be a key component of the learning process.

BMKT 315 e-Business Analysis and Administration
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: BADM 201; OR 6 NABU credits and CMNS 305

This course develops advanced analytical skills necessary to evaluate and implement online strategic options. These include valuation of opportunities such as start-up investment, acquisition, partnerships, or online/offline synergies, and implement issues such as fulfillment, information technology management, and customer service.

Note: Credit will only be granted for one of EBM 315 or BMKT 315.

BMKT 316 Branding and Innovation
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: BMKT 161 and 261; OR 6 NABU credits

This course builds on introductory branding concepts. The student will plan, implement and assess strategic branding decisions within various contexts, including industry, ethical and social issues, globalization and

innovation. The tools, frameworks and models of branding will be explored to assess brand positioning, build brand equity and manage brands over time.

Note: BMKT 316 is an approved Experiential course for Cap Core requirements.

BMKT 317 Introduction to Mobile App Marketing & Commercialization

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework; OR 6 NABU credits and CMNS 305

This course provides an overview of mobile and Web technologies and infrastructure including cloud computing, social media networks and the major mobile operation systems, Windows, Android, Blackberry and Apple iOS for the growing iPhone and iPad market. Students will gain an understanding of how these technologies both compete and integrate together, the key business and social drivers, and the process for building a mobile or Web application.

Note: BMKT 161, BMKT 315 and BMKT 369 would be helpful to have before taking this course but are not mandatory

BMKT 360 Marketing Research

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: BMKT 161 and BADM 210; OR 6 NABU credits and CMNS 305

An introductory course indicating how to make the most out of marketing research. Through the practical applications of a research project, students will learn the elements of research design, basic methods of collecting data, analysis and reporting. Applications of Canadian and American research will be studied.

BMKT 364 Consumer Behaviour

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: BMKT 161; OR 6 NABU credits

Today, as never before, studying the behaviour of consumers is paramount for anyone pursuing a business career, especially in the marketing area. A blend of both concepts and applications from the field of consumer behaviour will form the basis of this course. Students should find this subject very interesting and motivational when applied to many different areas of marketing including marketing research, creative advertising, personal selling, e-marketing, and promotional activities. Research projects, case discussions and problem solving focusing on applications of the theory and concepts will be stressed in both individual and team activities. This course is offered every year.

Note: BMKT 360 is recommended as a prerequisite.

BMKT 365 Marketing Strategies and Decisions

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: BMKT 161; OR 6 NABU credits

This course will explore in greater depth the concepts of values and lifestyles, product development, service marketing, positioning, strategic planning, tactical promotion, international marketing, and marketing not-for-profit organizations. The focus will be on analyzing marketing problems, developing strategic decision-making skills, and applying hands-on tactical solutions for results. Guest lecturers, projects and a computer simulation will be used to enhance the classroom components.

BMKT 366 Professional Sales and Management

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: BMKT 263 plus 57 post-secondary Business Administration or University Transfer credits

This course will cover two main topics, advanced professional selling techniques and sales force management. Students will develop and practise their selling skills in class and on a real-life sales project. The tools and systems of sales management will also be explored to prepare the individual for the human resource factor related to that type of position.

BMKT 367 Promotion Strategy and Analysis**3.00 credits (4,0,0) hrs 15 wks***Prerequisite:* BMKT 261; OR 6 NABU credits and CMNS 305

This is a course dealing with the development of an advertising campaign (CAP-ADS). Students will study campaign strategy including how it is planned and organized in cooperation with the production, marketing, sales and finance departments as well as the use of outside agencies. Some time will be spent with advertising research as a pre- and post-control factor.

BMKT 369 Digital Marketing**3.00 credits (4,0,0) hrs 15 wks***Prerequisite:* 45 credits of 100-level or higher coursework; OR 6 NABU credits

The course is designed to provide an in-depth, practical and up-to-date look at all major aspects of digital marketing, including selling products and services online, search engine optimization, social media marketing, and executing pay per click advertising. The course links digital marketing theory and practice. Upon completion of this course, students will be able to apply digital marketing principles, techniques and tools to develop more effective and complete marketing programs.

Note: BCPT 221, BMKT 261 and BMKT 365 are recommended.

BMKT 370 Social Media Marketing**3.00 credits (4,0,0) hrs 15 wks***Prerequisite:* 45 credits of 100-level or higher coursework; OR 6 NABU credits and CMNS 305

The course explores new marketing and technology trends and provides a broad overview of key social media strategies, tactics, metrics and tools. It is grounded both in theory and practice, and the students will be required to participate in social networks, forums, virtual worlds, blogs and micro-blogs, applying social media tactics within an overall marketing strategy. Students will also be expected to reflect, discuss and share through peer to peer teaching, their learning from application based activities as well as readings from industry leaders.

BMKT 401 Applied Marketing Methods**3.00 credits (4,0,0) hrs 15 wks***Prerequisite:* 75 credits of 100-level or higher coursework including BMKT 360 and BMKT 364, ENGL 100, and CMNS 152 or CMNS 220

This course is an upper level elective that provides marketing specialists with the opportunity to consolidate previous learning through a case-based application course.

BMKT 405 Marketing Projects in Industry**3.00 credits (4,0,0) hrs 15 wks***Prerequisite:* 75 credits of 100-level or higher coursework including BMKT 360 and BMKT 364, ENGL 100, and CMNS 152 or CMNS 220

This course provides students with an opportunity to apply concepts and skills learned from their marketing studies through a student team-based project to solve a real world marketing problem in a client organization.

Note: BMKT 405 is an approved Experiential course for Cap Core requirements.

Note: BADM 318 or equivalent project management experience is strongly recommended.

BMKT 408 Product Development**3.00 credits (4,0,0) hrs 15 wks***Prerequisite:* 75 credits of 100-level or higher coursework including BMKT 360 and BMKT 364, ENGL 100, and CMNS 152 or 220

New products are key drivers of corporate growth and profitability. Companies today incorporate rigorous product development processes as product development is costly with a high failure rate. This course will

equip students with a new product process including areas of: strategy, concept generation, evaluation, development and launch plan. This course has a strong practical, analytical and applications focus.

Business Technology

BTEC 111 Business English I

3.00 credits (4,0,0) hrs 15 wks

This course will review the fundamental principles of grammar, spelling, and punctuation. Basic letter and memo writing will be covered.

BTEC 112 Language Skill Development

1.50 credits (2,0,0) hrs 15 wks

This course will train students to apply the correct techniques of written communications to their proofreading, verifying, and editing.

BTEC 115 Business Systems and Procedures

3.00 credits (4,0,0) hrs 15 wks

This course will review basic math skills, and train students to apply math skills in business situations.

BTEC 117 Accounting Procedures I

3.00 credits (4,2,0) hrs 15 wks

This course introduces students to the theory of accounting and the basic accounting cycle. Emphasis is placed on correct analysis, accuracy, and thoroughness as well as independent decision making.

BTEC 118 Introduction to Computerized Accounting

1.50 credits (2,2,0) hrs 15 wks

Students apply their knowledge of accounting principles and procedures to a computerized environment. Emphasis is placed on the correct analysis and input of general ledger, accounts receivable, and payable entries using Simply Accounting.

BTEC 124 Comprehensive Computer Applications

6.00 credits (8,2,0) hrs 15 wks

This course will provide a working knowledge of Windows and Microsoft Office Suite (Word, Access, PowerPoint and Excel) and build keyboarding speed and accuracy.

BTEC 125 Comprehensive Computer Applications I

3.00 credits (8,2,0) hrs 08 wks

This course will provide the students with a working knowledge of Windows, Word and Powerpoint. The students will produce professional-looking, basic business documents using Word and Powerpoint.

BTEC 126 Comprehensive Computer Applications II

3.00 credits (8,2,0) hrs 08 wks

This course will provide the students with a working knowledge of Excel and Access. The students will produce professional-looking, basic business documents using Excel and Access.

BTEC 149 Financial Computer Applications

3.00 credits (4,4,0) hrs 15 wks

Prerequisite: BTEC 117 or BTEC 119 or BFIN 141

This course will provide a working knowledge of Sage 50 and QuickBooks accounting applications, and the expansion of MS Excel software skills.

BTEC 211 Business Writing
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: BTEC 111 or BTEC 113

This course utilizes the computer to improve the student's quality of grammar, spelling, and word usage, and to develop and/or improve composition skills.

BTEC 215 Computerized Accounting for Accounting Programs
3.00 credits (4,2,0) hrs 08 wks

Prerequisite: BTEC 117

A hands-on course to develop proficiency in the use of a modular computerized accounting program for completing accounting procedures, including accounts receivable, accounts payable and general ledgers.

BTEC 217 Accounting Procedures II
3.00 credits (4,4,0) hrs 15 wks

Prerequisite: BTEC 117 with a minimum B grade

This course is a continuation of BTEC 117 with emphasis on merchandising companies and explaining balance sheet issues.

BTEC 220 Accounting Procedures III
1.50 credits (4,6,0) hrs 07 wks

Prerequisite: BTEC 117; and BTEC 217 or BFIN 141 as pre-requisite or co-requisite

This course provides students with business simulations handling accounts payable, accounts receivable, payroll and bank reconciliations.

BTEC 251 Interpersonal Skills
1.50 credits (2,0,0) hrs 15 wks

This course will provide students with an understanding of interpersonal communication techniques that can positively influence job performance. Students will practice in-person and telephone responding, customer service, and issue resolution skills in a supportive environment.

BTEC 252 Organizational Behaviour
3.00 credits (4,0,0) hrs 15 wks

The objective of this course is to allow the student to develop the necessary skills and conceptual tools to both understand and deal effectively with human behaviour in organizations. These skills are of at least two kinds: Interpersonal, that is, relating more effectively with other individuals and groups, and analytical, to be able to perceive and understand situations accurately, and make effective decisions based on this understanding.

Note: BTEC 252 is an approved Self and Society course for Cap Core requirements.

Note: BTEC 252 is equivalent to BADM 106 and LGST 124. Duplicate credit will not be granted for this course and BADM 106 or LGST 124.

BTEC 300 Accounting Assistant Practicum
1.50 credits (2,0,4.66) hrs 15 wks

This course consists of lectures, class and group discussions, preparation of a job search portfolio, writing and delivering scripts to initiate contact with employers, developing a system to organize job search, student skill demonstration of job search strategies and interview techniques and upon the recommendation of the instructor and convenor, completion of a two-week job site practicum.

Capilano Success Family Focus

CSFF 010 Capilano Success Family Focus

3.00 credits (4,0,0) hrs 15 wks

This program assists parents who wish to upgrade or continue their studies, but need childcare and support during the transition to University level study. The on-campus childcare centre provides a nurturing environment for the children while the parents are in class or studying. In addition, the students/parents meet as a group with an instructor/counsellor at regularly scheduled times to discuss topics such as parenting, goal setting, stress management and conflict resolution. A supportive parent group, counselling, and long-term educational career planning are integral components of the program.

Capstone

CAPS 499 Degree Portfolio

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 90 credits of 100-level or higher coursework including at least one Cap Core Experiential course

This capstone course is a culminating undergraduate experience that invites students to reflect upon, integrate, and synthesize the knowledge, skills, and values acquired during their academic studies and to prepare for graduation and beyond. Students will create learning or showcase portfolios for a purpose and audience of their own choosing. During this process, students will select, revise, and prepare one scholarly essay, research project or creative project completed as part of their coursework for publication on their digital portfolio.

Note: CAPS 499 is an approved Capstone course for Cap Core requirements.

Note: Students are strongly encouraged to take this course during their final term of study.

Career Access Computer

CACC 002 Career Access Centre Computer

0.00 credits (2,0,0.75) hrs 16 wks

Students learn basic computer skills that focus on word processing, e-mail and Internet skills. This course is student centred rather than curriculum driven. Lessons and assignments are integrated with other CAC courses and students are encouraged to proceed at their own pace. The instructor promotes a non-threatening atmosphere designed to help students overcome any anxiety they may have with this technology. Peer tutors are utilized when possible to assist the instructor in providing as much one-on-one support as possible.

CACC 004 Career Access Centre Computer

0.00 credits (4,0,1.5) hrs 16 wks

Students learn basic computer skills that focus on word processing, e-mail and Internet skills. This course is student centred rather than curriculum driven. Lessons and assignments are integrated with other CAC courses and students are encouraged to proceed at their own pace. The instructor promotes a non-threatening atmosphere designed to help students overcome any anxiety they may have with this

technology. Peer tutors are utilized when possible to assist the instructor in providing as much one-on-one support as possible.

CACC 006 Career Access Centre Computer
0.00 credits (6,0,2.25) hrs 16 wks

Students learn basic computer skills that focus on word processing, e-mail and Internet skills. This course is student centred rather than curriculum driven. Lessons and assignments are integrated with other CAC courses and students are encouraged to proceed at their own pace. The instructor promotes a non-threatening atmosphere designed to help students overcome any anxiety they may have with this technology. Peer tutors are utilized when possible to assist the instructor in providing as much one-on-one support as possible.

CACC 008 Career Access Centre Computer
0.00 credits (8,0,3) hrs 16 wks

Students learn basic computer skills that focus on word processing, e-mail and Internet skills. This course is student centred rather than curriculum driven. CACE 012 Career Access Centre English

0.00 credits (12,0,4.5) hrs 16 wks

Students work on developing and refining their reading, writing, and critical thinking skills as a way of preparing them for further study in other courses. The nature of the program is self-paced and individualized study in a supportive, nurturing environment, with group work when appropriate.

Career Access ESL

CACL 002 Career Access Centre ESL

0.00 credits (2,0,0.75) hrs 16 wks

Non-English speaking students are provided with basic language skills in a friendly, relaxed atmosphere. Skills include grammar, listening, speaking, pronunciation, reading, vocabulary building and writing. The focus is on meaningful communication and, through pair and small group activities, learners are encouraged to be active participants and decision-makers. Although the classroom is multi-level (low beginner to low intermediate) and learners' individual needs are taken into consideration, it is usually an instructor-led rather than self-paced classroom. This course prepares students for ESL courses above the beginner level.

CACL 004 Career Access Centre ESL

0.00 credits (4,0,1.5) hrs 16 wks

Non-English speaking students are provided with basic language skills in a friendly, relaxed atmosphere. Skills include grammar, listening, speaking, pronunciation, reading, vocabulary building and writing. The focus is on meaningful communication and, through pair and small group activities, learners are encouraged to be active participants and decision-makers. Although the classroom is multi-level (low beginner to low intermediate) and learners' individual needs are taken into consideration, it is usually an instructor-led rather than self-paced classroom. This course prepares students for ESL courses above the beginner level.

CACL 010 Career Access Centre ESL**0.00 credits (10,0,3.75) hrs 16 wks**

Non-English speaking students are provided with basic language skills in a friendly, relaxed atmosphere. Career Access Family Focus

CACF 002 Career Access Centre Family Focus**0.00 credits (2,0,0.75) hrs 16 wks**

This program assists parents who wish to upgrade or continue their studies, but need childcare and support during the transition to university level study. The on-campus childcare centre provides a nurturing environment for the children while the parents are in class or studying. In addition, the students/parents meet as a group with an instructor/counsellor at regularly scheduled times to discuss topics such as parenting, goal setting, stress management and conflict resolution. A supportive parent group, counselling, and long-term educational career planning are integral components of the program.

CACF 004 Career Access Centre Family Focus**0.00 credits (4,0,1.5) hrs 16 wks**

This program assists parents who wish to upgrade or continue their studies, but need childcare and support during the transition to university level study. The on-campus childcare centre provides a nurturing environment for the children while the parents are in class or studying. In addition, the students/parents meet as a group with an instructor/counsellor at regularly scheduled times to discuss topics such as parenting, goal setting, stress management and conflict resolution. A supportive parent group, counselling, and long-term educational career planning are integral components of the program.

CACF 006 Career Access Centre Family Focus

0.00 credits (6,0,2.25) hrs 16 wks

This program assists parents who wish to upgrade or continue their studies, but need childcare and support during the transition to university level study. The on-campus childcare centre provides a nurturing environment for the children while the parents are in class or studying. In addition, the students/parents meet as a group with an instructor/counsellor at regularly scheduled times to discuss topics such as parenting, goal setting, stress management and conflict resolution. A supportive parent group, counselling, and long-term educational career planning are integral components of the program.

CACF 008 Career Access Centre Family Focus

0.00 credits (8,0,3) hrs 16 wks

Career Access Orientation

CACO 002 Career Access Centre Orientation

0.00 credits (2,0,0.75) hrs 16 wks

During orientation, students meet with instructors individually to discuss their educational and career goals and plan the steps needed for effective participation in the learning process. These steps might include adjusting schedules to balance home and school, and making arrangements for childcare. Students are assisted with the initial university application and registration, and ongoing support is provided to guide the students throughout the term, in their pursuit of personal and educational success. In orientation sessions, students may discuss opportunities to contribute as peer tutors. Peer tutors are trained in learning centre procedures and have the opportunity to observe instructors and other tutors at work before assuming tutoring duties themselves. In addition, workshops are held periodically for all tutors, on a variety of training topics.

Career Access Student Success

CACS 002 Career Access Centre Student Success

0.00 credits (2,0,0.75) hrs 16 wks

This course provides students with skills that will help them be successful students at the university, productive members of their communities, and active citizens of Canada. The curriculum is partially student-generated, focusing on topics of current interest, and may be enhanced by field trips and guest speakers. Sessions might include introduction to university procedures and services, developing effective learning strategies, supporting and encouraging participation in community activities, learning about municipal, provincial, Canadian, and First Nations governments, or discussion of such topics as health, exercise, diet, and stress management.

Career Access Transition Skills

CACT 002 Career Access Centre Transition Skills**0.00 credits (2,0,0.75) hrs 16 wks**

Students are assisted in the process of developing transition skills as they move from high school, employment or unemployment to the post secondary setting. The university environment is demanding and requires a large amount of self-motivation and personal responsibility. Students are helped to design and implement plans for personal and academic success. Topics and areas of instruction include: decision making and problem solving, stress and time management, goal setting and career/educational planning, self advocacy and empowerment, and communication and conflict resolution skills.

CDO - Computers

CDCO 021 CDO Computer Studies Fundamental**1.00 credit (0,0,2) hrs 15 wks**

This course is intended for students who are new to computers. They will gain confidence and competence in performing basic computer operations and understand concepts and vocabulary they will encounter when using, buying, and discussing computers. The course may be offered in both self-paced and paced formats and delivered in various locations in the Capilano region by the Community Development and Outreach Department.

Note: This course is equivalent to BCMP 021. Duplicate credit will not be granted for this course and BCMP 021.

CDCO 031 CDO Computer Studies Intermediate**2.00 credits (0,0,2) hrs 30 wks**

Prerequisite: CDCO 021

This course is intended for students who have a basic understanding of computers. Students will gain competence in intermediate computer skills: using the internet, word processing, spreadsheets, and presentation programs. They will understand concepts and vocabulary they will encounter when using, buying, and discussing computers. The course may be offered in both self-paced and paced formats and delivered in various locations in the Capilano region by the Community Development and Outreach Department.

Note: This course is equivalent to BCMP 031. Duplicate credit will not be granted for this course and BCMP 031.

CDO - English

CDEN 001 CDO English Fundamental 1

1.00 credit (0,0,2) hrs 15 wks

This course will introduce students to basic reading, writing, discussion and listening skills. Students will learn to write for a variety of purposes using learned sight words, simple sentence structure and basic punctuation. This course will prepare students for CDO English Fundamental 002. The course may be offered in both self-paced and paced formats and delivered in various locations in the Capilano region by the Community Development and Outreach Department.

Note: This course is equivalent to BENF 001. Duplicate credit will not be granted for this course and BENF 001.

CDEN 002 CDO English Fundamental 2

1.00 credit (0,0,2) hrs 15 wks

This course will help students to learn and practice reading strategies to increase their fluency. Students will write for a variety of purposes using assigned vocabulary, basic sentence structure and punctuation. This course will prepare students for CDO English Fundamental 003. The course may be offered in both self-paced and paced formats and delivered in various locations in the Capilano region by the Community Development and Outreach Department.

Note: This course is equivalent to BENF 002. Duplicate credit will not be granted for this course and BENF 002.

CDEN 003 CDO English Fundamental 3

1.00 credit (0,0,2) hrs 15 wks

This course will teach students to increase their reading strategies. Students will learn to summarize texts as well as distinguishing fact versus opinion. The course will introduce students to writing with correct verb tense, sentence and paragraph structures. This course will prepare students for CDO English Fundamental 004. The course may be offered in both self-paced and paced formats and delivered in various locations in the Capilano region by the Community Development and Outreach Department.

Note: This course is equivalent to BENF 003. Duplicate credit will not be granted for this course and BENF 003.

CDEN 004 CDO English Fundamental 4

1.00 credit (0,0,2) hrs 15 wks

This course will prepare students to understand and reflect on a variety of reading material and to differentiate between literal and inferential meaning. Students will learn to write for a variety of purposes using compound words, contractions, possessives and basic punctuation. Students will also be introduced to note taking. This course will prepare students for CDO English Fundamental 005. The course may be offered in both self-paced and paced formats and delivered in various locations in the Capilano region by the Community Development and Outreach Department.

Note: This course is equivalent to BENF 004. Duplicate credit will not be granted for this course and BENF 004.

CDEN 005 CDO English Fundamental 5

1.00 credit (0,0,2) hrs 15 wks

This course teaches students to interpret, summarize and analyse the material they are reading including a short novel. Students will learn about the writing process and learn to write and edit paragraphs. This course will prepare students for CDO English Fundamental 006. The course may be offered in both self-paced and paced formats and delivered in various locations in the Capilano region by the Community Development and Outreach Department.

Note: This course is equivalent to BENF 005. Duplicate credit will not be granted for this course and BENF 005.

CDEN 006 CDO English Fundamental 6
1.00 credit (0,0,2) hrs 15 wks

This course will teach students to discuss, summarize, interpret and form opinions about a selected material. The course will prepare students to write expanded, detailed paragraphs with a variety of punctuation and to proofread written work. This course will prepare students for CDO English Intermediate. The course may be offered in both self-paced and paced formats and delivered in various locations in the Capilano region by the Community Development and Outreach Department.

Note: This course is equivalent to BENF 006. Duplicate credit will not be granted for this course and BENF 006.

CDEN 031 CDO English Intermediate
2.00 credits (0,0,2) hrs 30 wks

This course assists students to obtain a basic understanding and competence in written communication. Students will learn to combine sentences into clear paragraphs and compositions in preparation for higher level English courses. The course may be offered in both self-paced and paced formats and delivered in various locations in the Capilano region by the Community Development and Outreach Department.

Note: This course is equivalent to BENG 031. Duplicate credit will not be granted for this course and BENG 031.

CDO - Math

CDMA 001 CDO Math Fundamental 1
1.00 credit (0,0,2) hrs 15 wks

Prerequisite: CDO Math Assessment

This fundamental math course provides an introduction to number sense, addition, subtraction, estimating, time and shapes. The course may be offered in both self-paced and paced formats and delivered in various locations in the Capilano region by the Community Development and Outreach Department.

Note: This course is equivalent to BMAF 001. Duplicate credit will not be granted for this course and BMAF 001.

CDMA 002 CDO Math Fundamental 2
1.00 credit (0,0,2) hrs 15 wks

Prerequisite: CDO Math Assessment

In this fundamental math course, students will learn number sense, addition, subtraction, Multiplication, making change, time and perimeter. The course may be offered in both self-paced and paced formats and delivered in various locations in the Capilano region by the Community Development and Outreach Department.

Note: This course is equivalent to BMAF 002. Duplicate credit will not be granted for this course and BMAF 002.

CDMA 003 CDO Math Fundamental 3
1.00 credit (0,0,2) hrs 15 wks

Prerequisite: CDO Math Assessment

In this fundamental math course, students will learn Number Sense, Multiplication, Division, Change, Time and the Metric System. The course may be offered in both self-paced and paced formats and delivered in various locations in the Capilano region by the Community Development and Outreach Department.

Note: This course is equivalent to BMAF 003. Duplicate credit will not be granted for this course and BMAF 003.

CDMA 004 CDO Math Fundamental 4
1.00 credit (0,0,2) hrs 15 wks

Prerequisite: CDO Math Assessment

In this fundamental math course, students are introduced to Decimals and Measurement. The course may be offered in both self-paced and paced formats and delivered in various locations in the Capilano region by the Community Development and Outreach Department.

Note: This course is equivalent to BMAF 004. Duplicate credit will not be granted for this course and BMAF 004.

CDMA 005 CDO Math Fundamental 5
1.00 credit (0,0,2) hrs 15 wks

Prerequisite: CDO Math Assessment

In this fundamental math course, students work with decimals and fractions. The course may be offered in both self-paced and paced formats and delivered in various locations in the Capilano region by the Community Development and Outreach Department.

Note: This course is equivalent to BMAF 005. Duplicate credit will not be granted for this course and BMAF 005.

CDMA 006 CDO Math Fundamental 6
1.00 credit (0,0,2) hrs 15 wks

Prerequisite: CDO Math Assessment

In this fundamental math course, students are introduced to ratio, rate, proportion, percent and statistics. The course may be offered in both self-paced and paced formats and delivered in various locations in the Capilano region by the Community Development and Outreach Department.

Note: This course is equivalent to BMAF 006. Duplicate credit will not be granted for this course and BMAF 006.

Chemistry

CHEM 030 Introduction to Chemistry
3.00 credits (4,0,0) hrs 15 wks

This course is designed for those students who have had no previous chemistry, and who wish to go on in sciences. A study of atoms, molecules, the mole, chemical formulas, ionic and covalent bonding, balancing equations, simple stoichiometry problems, solutions, acids, bases and salts, equilibrium, gas laws.

Note: CHEM 030 is an approved Science course.

CHEM 101 Fundamentals of Chemistry
4.00 credits (4,2,0) hrs 15 wks

Prerequisite: Chemistry 11 or CHEM 030 or CHEM 130 or BCHM 044; and Foundations of Math 11 or Pre-calculus 11 or Pre-calculus 12 or BMTH 054 or MATH 097 or MATH 105 as a pre- or corequisite or Math Placement Test (Precalculus MPT)

This course introduces students to the fundamental principles of chemistry including the concepts of nomenclature, stoichiometry, states of matter, chemical bonding, thermochemistry, equilibria, and nuclear science.

Note: CHEM 101 is an approved Science and Technology course for Cap Core requirements. CHEM 101 is an approved Quantitative/Analytical course for baccalaureate degrees.

Note: CHEM 101 is an approved Science course. CHEM 101 is an approved Lab Science course.

CHEM 110 Bonding and Structure

4.00 credits (4,3,0) hrs 15 wks

Prerequisite: Chemistry 12 or CHEM 101 or BCHM 054 with a minimum C+ grade; Math 12 or Pre-calculus 12

A course for students who plan careers in science. A brief review of stoichiometry, nomenclature and the gaseous state; atomic structure; periodic trends; chemical bonding and molecular structure; an introduction to organic chemistry and intermolecular forces.

Note: CHEM 110 is an approved Quantitative/Analytical course for baccalaureate degrees. CHEM 110 is an approved Science course. CHEM 110 is an approved Lab Science course.

Note: Students having prerequisites that are more than three years old should consider taking CHEM 101.

CHEM 111 Chemical Dynamics and Energetics

4.00 credits (4,3,0) hrs 15 wks

Prerequisite: CHEM 110 with a minimum C- grade and MATH 105 or 108 or 116 as a prerequisite or co-requisite

A course for students who plan a career in science. Kinetics, mechanism, substitution and elimination reactions in organic chemistry; equilibrium; acids, bases, salts and buffers; thermodynamics; solubility; redox equations and electrochemistry.

Note: CHEM 111 is an approved Quantitative/Analytical course for baccalaureate degrees.

Note: CHEM 111 is an approved Science course. CHEM 111 is an approved Lab Science course.

CHEM 130 Chemistry In Our World

4.00 credits (4,2,0) hrs 15 wks

In this course students will obtain a qualitative understanding about the chemical aspects of food, nutrition, drugs, our environment, and the chemical issues that confront us in the media. Thus the students will learn to develop an awareness of the influence of chemistry in our society.

Note: CHEM 130 is an approved Science and Technology course for Cap Core requirements. CHEM 130 is an approved Quantitative/Analytical course for baccalaureate degrees.

Note: CHEM 130 is an approved Science course. CHEM 130 is an approved Lab Science course.

CHEM 154 Chemical Principles for Engineers

4.00 credits (4,3,0) hrs 15 wks

Prerequisite: Chemistry 12 or CHEM 101 or BCHM 054 with a minimum B grade and Math 116 is a prerequisite or co-requisite

A course for engineering students only. A study of stoichiometry, atomic structure and bonding, the solid state, chemical kinetics, chemical equilibrium, thermodynamics and electrochemistry.

Note: CHEM 154 is an approved Quantitative/Analytical course for baccalaureate degrees.

Note: CHEM 154 is an approved Science course. CHEM 154 is an approved Lab Science course.

CHEM 200 Organic Chemistry I

4.00 credits (4,3,0) hrs 15 wks

Prerequisite: CHEM 111 with a minimum C- grade

A study of nomenclature, structure, and spectroscopy of alkanes, alkenes, alkynes, alcohols, ethers and alkyl halides. Also a study of infrared spectroscopy and nuclear magnetic resonance.

Note: CHEM 200 is an approved Quantitative/Analytical course for baccalaureate degrees.

Note: CHEM 200 is an approved Science course. CHEM 200 is an approved Lab Science course.

CHEM 201 Organic Chemistry II**4.00 credits (4,3,0) hrs 15 wks**

Prerequisite: CHEM 200 with a minimum C- grade

Aromatic chemistry, aldehydes, ketones, acids and their derivatives, amines, nitro, azo, diazo and related compounds, heterocyclics, carbohydrates, protein chemistry, polymers, and natural products.

Note: CHEM 201 is an approved Quantitative/Analytical course for baccalaureate degrees.

Note: CHEM 201 is an approved Science course. CHEM 201 is an approved Lab Science course.

CHEM 204 Introduction to Physical Chemistry**3.00 credits (4,0,0) hrs 15 wks**

Prerequisite: CHEM 111 (C-); and MATH 116 or MATH 108 as a prerequisite or corequisite

This course provides an introduction to chemical kinetics, thermodynamics and spectroscopy with an emphasis on applications in the life sciences.

Note: CHEM 204 is an approved Science and Technology course for Cap Core requirements.

Note: CHEM 204 is an approved Quantitative/Analytical course for baccalaureate degrees. CHEM 204 is an approved Science course.

CHEM 205 Introduction to Bio-inorganic Chemistry**4.00 credits (0,6,0) hrs 15 wks**

Prerequisite: CHEM 111 with a minimum C- grade

An introduction to the properties, bonding, structure and reactivity of coordination complexes and main group compounds. Modern spectroscopic methods, solid state chemistry and bio-inorganic chemistry will also be covered. The laboratory component emphasizes the synthesis of inorganic compounds and the use of modern analytical instruments.

Note: CHEM 205 is an approved Quantitative/Analytical course for baccalaureate degrees.

Note: CHEM 205 is an approved Science course. CHEM 205 is an approved Lab Science course.

CHEM 206 Introduction to Analytical Chemistry**4.00 credits (0,6,0) hrs 15 wks**

Prerequisite: CHEM 111 with a minimum C- grade

The basic principles and techniques of analytical chemistry, including neutralization, complex-formation and gravimetric reactions. Various types of chromatography will be introduced along with an introduction to visible and ultraviolet spectroscopy, atomic absorption spectroscopy and electrochemical methods of analysis.

Note: CHEM 206 is an approved Quantitative/Analytical course for baccalaureate degrees.

Note: CHEM 206 is an approved Science course. CHEM 206 is an approved Lab Science course.

CHEM 211 Organic Chemistry for the Life Sciences**4.00 credits (4,3,0) hrs 15 wks**

Prerequisite: CHEM 111 with a minimum C- grade

This course focuses on the structure, bonding and chemical reactivity of common organic functional groups with an emphasis on the reactions and chemical properties of biologically important molecules.

Note: CHEM 211 is an approved Science and Technology course for Cap Core.

Note: CHEM 211 is an approved Quantitative/Analytical course for baccalaureate degrees. CHEM 211 is an approved Science course. CHEM 211 is an approved Laboratory Science course.

CHEM 215 Biochemistry I: Macromolecular Structure and Function

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: BIOL 214 (C-); and CHEM 211 (C-) or CHEM 201 (C-)

Biochemistry is the study of the molecules and chemical reactions responsible for the phenomenon of life. This course introduces students to structure-function relationships in fundamental biological macromolecules. Topics include amino acid chemistry, protein structure and regulation, carbohydrates, lipids and membranes, nucleic acids, DNA replication and repair, and gene expression.

Note: CHEM 215 is an approved Science and Technology course for Cap Core requirements.

Note: CHEM 215 is an approved Science course.

CHEM 250 Inorganic Chemistry for Engineers

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: CHEM 111

An introduction to the properties, bonding, structure and reactivity of transition metals and main group metals. An examination at production of these metals and their impact on the environment and their role as catalysts in many industrial processes.

Note: CHEM 250 is an approved Quantitative/Analytical course for baccalaureate degrees.

Note: CHEM 250 is an approved Science course.

CHEM 251 Physical Chemistry for Engineers

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: CHEM 111 and MATH 116

This course is an introduction to chemical thermodynamics, kinetics and equilibrium for engineering students. The laws of thermodynamics will be examined with applications toward numerous chemical reactions as well as phase equilibria and phase diagrams.

Note: CHEM 251 is an approved Quantitative/Analytical course for baccalaureate degrees.

Note: CHEM 251 is an approved Science course.

CHEM 252 Organic Chemistry for Engineers

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: CHEM 111

An introduction to the properties, bonding, structure and reactivity of numerous functional groups such as alkyl halides, alkenes, aromatics, alcohols, aldehydes, ketones and carboxylic acids. Current industrial processes will be presented with an emphasis on the synthesis and structure of polymers.

Note: CHEM 252 is an approved Quantitative/Analytical course for baccalaureate degrees.

Note: CHEM 252 is an approved Science course.

CHEM 300 Chemistry and Society

3.00 credits (3,0,1) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework

Since the harnessing of fire over two million years ago, the ability of humans to exploit chemistry has been one of the most important factors in establishing our species as the dominant life form on the planet. This course will critically examine the benefits and perils associated with this central role of chemistry in human society. Topics covered will include chemistry and the environment, chemistry of life, medicinal chemistry, and others selected by the instructor.

Note: CHEM 300 is an approved Science course.

CHEM 304 Environmental Chemistry
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: CHEM 201 (C-); or CHEM 211 (C-) and CHEM 204 (C-)

This course provides a broad overview of the chemical basis of important environmental issues including ozone depletion, the enhanced greenhouse effect, heavy metal poisoning and water pollution. Environmental impact of past and current industrial processes as well as green chemistry solutions will be discussed.

Note: CHEM 304 is an approved Science and Technology course for Cap Core requirements.

Note: CHEM 304 is an approved Quantitative/Analytical course for baccalaureate degrees. CHEM 304 is an approved Science course.

CHEM 311 Applications of Spectroscopy
4.00 credits (4,3,0) hrs 15 wks

Prerequisite: CHEM 201 (C-); or CHEM 211 (C-) and CHEM 204 (C-)

This course focuses on the application of spectroscopic techniques to the identification of organic and inorganic compounds. Topics include ultraviolet-visible spectroscopy, infrared spectroscopy, mass spectrometry and nuclear magnetic resonance. The application of these important techniques to environmental chemistry and biomedical science will be discussed. In the laboratory, students will have the opportunity to synthesize, purify and characterize compounds using the methods listed above.

Note: CHEM 311 is an approved Science and Technology course for Cap Core requirements.

Note: CHEM 311 is an approved Quantitative/Analytical course for baccalaureate degrees. CHEM 311 is an approved Science course. CHEM 311 is an approved Laboratory Science course.

CHEM 315 Biochemistry II: Metabolism and Bioenergetics
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: CHEM 211 (C-) and CHEM 204 (C-), or CHEM 201 (C-); and BIOL 215 (C-) or CHEM 215 (C-)

This course introduces students to metabolism: the collection of chemical processes by which cells derive energy from their surroundings and use this energy to make the building blocks of life. The major metabolic pathways involved in the synthesis and breakdown of important biological molecules are explored, along with the mechanisms of regulating these pathways in the body. Links between errors in metabolism and human disease are also discussed.

Note: CHEM 315 is an approved Science and Technology course for Cap Core requirements.

Note: CHEM 315 is an approved Quantitative/Analytical course for baccalaureate degrees. CHEM 315 is an approved Science course.

CHEM 404 Green Chemistry
4.00 credits (4,3,0) hrs 15 wks

Prerequisite: CHEM 201 (C-); or CHEM 211 (C-) and CHEM 204 (C-)

Green chemistry is the design of chemical products and processes that eliminate the use or generation of hazardous substances. This course will introduce students to the philosophy of green chemistry and the impact of sustainable technologies on the environment and society. Students will learn the philosophy of green chemistry. The laboratory will focus on sustainable chemistry practices and green alternatives to conventional experimental methods.

Note: CHEM 404 is an approved Science and Technology course for Cap Core requirements.

Note: CHEM 404 is an approved Quantitative/Analytical course for baccalaureate degrees. CHEM 404 is an approved Science course. CHEM 404 is an approved Laboratory Science course.

CHEM 411 Medicinal Chemistry: Drug Design and Drug Action

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: CHEM 211 (C-) and CHEM 204 (C-), or CHEM 201 (C-); and BIOL 215 (C-) or CHEM 215 (C-)

In this course, we will examine the chemistry behind the small molecules that affect human health. Topics include the principles of drug design, pharmacology and pharmacokinetics, drug delivery, approval and regulation of new drugs, bioactive natural compounds (including antibiotics and vitamins), and the use of chemical agents in disease detection and diagnosis.

Note: CHEM 411 is an approved Science and Technology course for Cap Core requirements.

Note: CHEM 411 is an approved Quantitative/Analytical course for baccalaureate degrees. CHEM 411 is an approved Science course.

Chinese

CHIN 100 Beginner Chinese Language and Culture I

4.00 credits (4,0.75,1) hrs 15 wks

Introduction to Mandarin Chinese using the Pinyin system of pronunciation in Mainland China. For complete beginners (spoken and written) in Chinese. This course starts with basic tones and pronunciation to prepare students to speak the language. It also teaches basic grammar and the writing of about 150 Chinese characters.

Note: CHIN 100 is an approved Culture and Creative Expression course for Cap Core requirements.

Note: This course is not appropriate for students with training or background in Chinese (Mandarin or other dialects, written or spoken).

CHIN 101 Beginner Chinese Language and Culture II

4.00 credits (4,0.75,1) hrs 15 wks

Prerequisite: CHIN 100

This course stresses conversational skills and listening comprehension using situational dialogues. Students will increase their knowledge of grammatical structures and Chinese characters. They will also learn how to use a Chinese dictionary as a tool for further study.

Note: CHIN 101 is an approved Culture and Creative Expression course for Cap Core requirements.

Note: This course is not appropriate for students with training or background in Chinese (Mandarin or other dialects, written or spoken).

CHIN 200 Intermediate Chinese Language and Culture I

4.00 credits (4,0.75,1) hrs 15 wks

Prerequisite: CHIN 101 or Chinese 12

This course is for students who know the basics of Mandarin phonetics and grammar and approximately 300 Chinese characters, or for those who have completed CHIN 100 and 101. It teaches more Chinese characters, focusing on reading and writing of simple Chinese texts. Chinese literature is also introduced.

Note: CHIN 200 is an approved Culture and Creative Expression course for Cap Core requirements.

Note: This course is not appropriate for native speakers.

CHIN 201 Intermediate Chinese Language and Culture II

4.00 credits (4,0.75,1) hrs 15 wks

Prerequisite: CHIN 200

Continues the work of CHIN 200.

Note: CHIN 201 is an approved Culture and Creative Expression course for Cap Core requirements.

Note: This course is not appropriate for native speakers.

CHIN 300 Advanced Chinese I
4.00 credits (4,0.75,1) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework including CHIN 201

This course is the continuation of CHIN 201. It is designed to improve and develop students' acquisition of Mandarin using listening, speaking, reading, and writing skills at an advanced level. The course introduces literary texts on Chinese culture, social, and business customs through textbooks and reference materials from current media and other sources. A thematic approach is adopted throughout the course. It broadens students' knowledge of Chinese characters, complex sentence structures, essay writing and verbal communication in Chinese. It also develops skills using Chinese in presentations and discussions for general and career-related purposes.

Cinematography

CINE 118 Applied Cinematography for Film and Video I
15.00 credits (16,0,8) hrs 15 wks

This course focuses on professional, entry level curriculum and prepares students for cinematography positions in low budget film and video production.

CINE 119 Applied Cinematography for Film and Video II
15.00 credits (20,2,2) hrs 15 wks

Prerequisite: CINE 118

This course builds on the skills acquired during CINE 118 to prepare students for cinematography positions in low budget film and video production.

Communications

CMNS 100 Basic Business Writing and Editing
3.00 credits (4,0,0) hrs 15 wks

CMNS 100 is designed to equip students with the skills to write clear, well-organized correspondence and work-place documents for ongoing professional development and academic success in applied courses; explore effective writing styles, strengthen clarity and build confidence in their written communication; enhance their ability to read their own written work critically and edit it to a standard appropriate for a professional workplace; create and organize an ePortfolio for a positive on-line presence and for networking and future career-building and to devise, polish and deliver effective short presentations appropriate for work-place peers and managers.

CMNS 112 Introduction to Communication Studies
3.00 credits (3,0,1) hrs 15 wks

This course seeks to foster a spirit of critical inquiry as to how communication and meaning-making processes relate to the structures and experience of everyday life. The course introduces students to problems, issues, and debates in media, communication technologies, communication systems, symbolic exchange, interpersonal and intercultural communication.

Note: CMNS 112 is an approved Self and Society course for Cap Core requirements.

CMNS 115 Communications for Animation

3.00 credits (4,0,0) hrs 15 wks

Students learn various communications skills necessary for success in the animation industry. Content includes presentation, writing and research skills, and scriptwriting for animation.

Note: This course is restricted to Animation program students.

CMNS 131 Business Writing for Documentary

3.00 credits (4,0,0) hrs 15 wks

This course introduces students to business writing for the documentary industry. Students will write correspondence, proposals, fact sheets, production notes, media releases, and résumés using business formats.

CMNS 132 Explorations in Mass Media

3.00 credits (3,0,1) hrs 15 wks

This course examines the emergence and importance of mass media in society. It explores theoretical considerations and approaches in communication studies, including the role of mass media in democracy, political economy of media, critical studies and media structures. A number of media industries are examined, including print, broadcast, film and the Internet. This is a writing intensive course.

Note: CMNS 132 is an approved Self and Society course for Cap Core requirements.

CMNS 133 Business Writing for Digital Visual Effects

3.00 credits (4,0,0) hrs 15 wks

This course introduces students to business writing for the visual effects industry. Students will write correspondence, proposals, production notes, media releases and resumes using business formats.

CMNS 152 Business Communications Basics

3.00 credits (4,0,0) hrs 15 wks

This writing for the workplace course covers letters, memoranda, and reports as well as a review of English basics in the context of business writing.

CMNS 154 Communications in Outdoor Recreation and Tourism

3.00 credits (4,0,0) hrs 15 wks

This writing for Outdoor Recreation and Tourism Management course covers reports, memoranda, press releases, articles, briefs and proposals.

CMNS 159 Communications for the Legal Administrative Assistant

3.00 credits (4,0,0) hrs 15 wks

This course emphasizes English basics (grammar, spelling, punctuation, correct usage), proofreading skills, and business writing.

CMNS 164 Advanced Communication and Interactions for Tourism Management International Students

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: CMNS 154

This course develops communication and academic skills needed for international students to continue their tourism education and understand the workplace environment. Topics will cover team, interpersonal, verbal and nonverbal, problem solving and critical thinking skills as well as notetaking, summarizing, outlining, and proposal writing skills.

CMNS 174 Wilderness Leadership Communications

3.00 credits (6,0,2) hrs 08 wks

This course in writing and speech for wilderness-leadership professionals covers business correspondence, spoken presentations, and proposals.

Note: This course is restricted to WLP and REC program students.

CMNS 185 Presentation Skills for Public Speaking**3.00 credits (4,0,0) hrs 15 wks**

This course focuses on the dynamics of organizing material, overcoming shyness and developing poise as a speaker in a variety of contexts. Attention to research, voice training, nonverbal communication, and strategies for timing presentations are key components of this course. In addition, this course uses video equipment, enabling students to see themselves on camera, as well as to benefit from feedback from others, as they refine their ability to project, to organize their thoughts, and to address audience needs.

CMNS 190 Writing for Popular Media**3.00 credits (4,0,0) hrs 15 wks**

This course covers developing story ideas, pitching, researching, reporting and non-fiction writing for publication in print or online. The course emphasizes the use of story-telling devices and interviewing skills to make written pieces effective and compelling. The format is meant to simulate the process of publication in the real world. The focus is on understanding the medium and the audience, and learning by doing. Students will write articles that can serve as ePortfolio writing samples.

Note: CMNS 190 is equivalent to CMNS 191. Duplicate credit will not be granted for this course and CMNS 191.

CMNS 209 History of Media**3.00 credits (3,0,1) hrs 15 wks**

Prerequisite: CMNS 112 and 132

This course introduces students to a variety of perspectives on the history of media and guides them through a history of social and cultural development as seen from the perspective of transformations in communication, symbol systems, and media technologies from orality to networked digital media.

CMNS 220 Advanced Business Writing and Editing**3.00 credits (4,0,0) hrs 15 wks**

Prerequisite: ENGL 100

This course focuses on researching, organizing, writing and editing extensive business documents: reports, proposals, memoranda, and media releases. Emphasis is on clear style and logical organization.

CMNS 222 Communication and Ideology**3.00 credits (3,0,1) hrs 15 wks**

Prerequisite: CMNS 112 and 132

This course offers a critical introduction to the study of popular culture and popular media. This course explores the development of contemporary popular culture as an expression of the tensions unleashed by the emergence of mass consumer society, post-industrialism and media. It explores critical issues in popular culture and media through an examination of key debates, historical trends, and ethical issues.

CMNS 223 Communications Skills, Applications and Contexts for Design and Art Direction**3.00 credits (4,0,0) hrs 15 wks**

Prerequisite: CMNS 123

CMNS 223 is intended to familiarize students with the role of designers and illustrators in business, and to define a broad resource of opportunities as they acquire the vocabulary, conceptual skills, and writing competencies appropriate to a wide variety of professional contexts in illustration and design.

Note: This course is restricted to IDEA program students.

CMNS 231 Cultural Industries in Canada

3.00 credits (3,0,1) hrs 15 wks

Prerequisite: CMNS 112 and 132

This course introduces students to print, broadcasting, film, the Internet, and other cultural industries in Canada and internationally. It explores the business structure and economics of principal sectors, and key regulatory and policy issues in their social, political, cultural, and global contexts. It utilizes cultural theory and political economy approaches to study and critically analyze these industries and their role in society.

CMNS 235 Understanding News

3.00 credits (3,0,1) hrs 15 wks

Prerequisite: CMNS 112 and 132

This course introduces students to the institution and industry of making news in our society. It focuses on the social, political, professional, economic and technological forces which both shape and constrain news production in modern Canadian news organizations. Students are expected to monitor print, broadcast and online news on a regular basis throughout the course.

CMNS 236 Understanding Television

3.00 credits (3,0,1) hrs 15 wks

Prerequisite: CMNS 112 and 132

This course examines the historical development and the political-economic and cultural dynamics of television as one of the key media of the past 100 years. Using frameworks derived from cultural studies and television studies, the course will explore the world that television created and the ways in which this medium continues to shape contemporary culture.

Note: CMNS 236 is an approved Culture and Creative Expression course for Cap Core requirements.

CMNS 241 Software for Magazine Publishing

3.00 credits (4,4,0) hrs 07 wks

This course introduces students to the main software programs used in the magazine publishing industry for text, page and image formatting for print and digital publishing. Familiarity with computers and knowledge of word processing programs are recommended.

CMNS 250 Introduction to Technical Writing

3.00 credits (3,0,1) hrs 15 wks

Prerequisite: ENGL 100

The course includes the examination of technical reports and the study of the role of technical writing in corporate and scientific settings. It covers technical writing for science, engineering and the professions and emphasizes definitions, process analysis, writing instructions, resume preparation, and an extended formal report.

CMNS 253 Society and Digital Media

3.00 credits (3,0,1) hrs 15 wks

Prerequisite: CMNS 112 and 132

This course explores the historical development and current issues raised by digital media. It sees digital media not only as tools, but as an environment within which certain complex and conflictual cultural, political, psychological and economic tendencies take shape. These tendencies are seen as embedded in both design aspects of digital media and in everyday digital media practices.

CMNS 255 Interpersonal Communication

3.00 credits (3,0,1) hrs 15 wks

Prerequisite: CMNS 112 and 132

This course examines concepts, research and practice that capture how interpersonal communication shapes our social environment and inner lives. It explores interaction occurring in a variety of contexts (self, family, romantic relationships, group, and work interactions) using socio-psychological, sociocultural, critical theory, and social neuroscience tools. The course also cultivates personal reflection and application of interpersonal skills.

CMNS 260 Applied Communication Research Methods

3.00 credits (3,0,1) hrs 15 wks

Prerequisite: CMNS 112 and 132

This course serves as an introduction to the practices and methods of applied quantitative research. Students will exercise their curiosity and intellects as they explore and apply scientific research methodology through readings, discussions, and lectures. The course provides for a deepening of students' understanding of theoretical and practical frameworks for conducting quantitative research using a variety of statistical methods as applied within communication studies.

Note: This is an approved Quantitative/Analytical course for baccalaureate degrees.

CMNS 261 Interpreting Communication Documents

3.00 credits (3,0,1) hrs 15 wks

Prerequisite: CMNS 112 and 132

The purpose of this course is to help Communication students develop skills in finding and interpreting print and electronic documents. It is a course in which students learn by doing in practical research assignments. The course raises for discussion and analysis topics such as database research techniques, web page evaluation, documents and secondary sources, archives and libraries, and government executive and legislative documents.

CMNS 262 Qualitative Research Methods in Communication Studies

3.00 credits (3,0,1) hrs 15 wks

Prerequisite: CMNS 112, 132 plus one 200-level 3 credit Communication Studies course

The course introduces students to a variety of qualitative research methods utilized within Communication and Media Studies. It also explores the philosophical, ethical, and political backgrounds against which the social construction of knowledge in understandings of communication, media, and society takes place. We will approach qualitative research not only as a set of techniques for gathering and evaluating data, but as a nest of problems posed to responsible, ethical, politically aware knowledge-building practice.

CMNS 270 Visual Communication

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: ENGL 100 or CMNS 120

Using photography as a focus, this course explores vision as a physiological and psychological phenomenon, examines the history and use of the camera and develops a number of perspectives for analyzing images. Students examine different aspects of visual media, including typography, newspapers, magazines, advertising, movies, television/video and computer images, analyzing the framed world in mass media representation.

Note: CMNS 270 is an approved Culture and Creative Expression course for Cap Core requirements.

CMNS 285 Advanced Presentation Skills

3.00 credits (3,0,1) hrs 15 wks

Prerequisite: CMNS 185

This course provides students with the persuasive tools that experienced presenters employ to achieve their objectives. Students will learn to craft a strong delivery, even in difficult circumstances, and use storytelling skills to make their presentations more interesting and effective. Students will prepare presentations for special situations such as international conferences, convention exhibits, and collaborative projects.

CMNS 295 The Culture of Advertising

3.00 credits (3,0,1) hrs 15 wks

Prerequisite: CMNS 112 and 132

This course is an introduction to the study of advertising as social communication. Advertising will be examined as a system for social reproduction, rather than the psychological effects or marketing strategies of individual ads and campaigns. The key objective of the course is to provide a historical perspective on the development of consumer capitalism and its distinctiveness from other social and cultural formations.

CMNS 305 Advanced International Interactions I

3.00 credits (4,0,0) hrs 15 wks

Grounded in concepts in intercultural communication, this course challenges students to move intellectually towards intercultural competence as they develop and practise verbal and non-verbal communication skills appropriate to leadership roles in international business from a Canadian base.

CMNS 322 Videogames: Culture, Theory and Criticism

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 30 credits of 100-level or higher coursework

This course is designed to apply communication theory and practices to a specific global communication industry; videogames. This course is a comparative introduction to the history and theory of videogames as cultural artifacts and provides a deeper understanding of the historical, political, cultural factors that come into play in the complexity of a seemingly simply activity of game playing. This course aims to introduce students to academic discussions on a creative work in new digital forms, including: gamification; narratology and ludology; fandom; game law and the industry; the new gaming economy and game journalism and criticism.

CMNS 330 Communication Ethics

3.00 credits (3,0,1) hrs 15 wks

Prerequisite: 45 credits of post-secondary education at the 100-level or higher

This course introduces students to ethical questions around communication at the interpersonal, intercultural, organizational and societal levels. It situates this exploration in the context of the role communication plays in fostering democratic societies and how the organization of communication relates to some of the key values of such societies - equality, autonomy, self-determination, mutual respect, and co-operation.

CMNS 331 Communication Policy and Law

3.00 credits (3,0,1) hrs 15 wks

Prerequisite: 45 credits of post-secondary education at the 100-level or higher

This course introduces students to the development of legal and political frameworks around information and communication from the printing press to the Internet, with a focus on areas legal and policy development - censorship, security and privacy, intellectual property, and access to information. The course examines the contexts in which policy and legal frameworks develop, the various positions of stakeholder groups and the problems and challenges raised for legislators and policy-makers.

CMNS 333 Conflict and Communication

3.00 credits (3,0,1) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework

This course introduces students to problems, issues, and practices in the area of communication and conflict management. The course seeks to cultivate critical inquiry and personal reflection into how communication processes relate to the experience of conflict at the interpersonal, small and large group, and international level. It will also foster the development of personal skills and strategies for dealing with different levels of conflict in a variety of settings.

Note: CMNS 333 is an approved Self and Society course for Cap Core requirements.

CMNS 351 Editing for Popular Media

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework

This course introduces the view from the editor's desk in popular media. How are newspapers, magazines and websites put together? How do editors interact with publishers, sales staff and writers to ensure a publication's success? What imperatives are driving today's industry, and the changes in it? Students will learn how a range of editorial departments function, and will get hands-on training to help them edit others' work to industry standards.

CMNS 352 Organizational Communication

3.00 credits (3,0,1) hrs 15 wks

Prerequisite: 45 credits of post-secondary education at the 100-level or higher

This course examines theories and perspectives on leadership, teamwork, diversity, globalization, and ethics in organizational communication. In addition, this course provides opportunities for students to develop an increased understanding of; the communication process in organizations; an ability to sense accurately the meanings and feelings of oneself and others in the organization; improved skills in interacting, conflict management, and decision making; and a well-defined sense of organizational as well as interpersonal ethics.

CMNS 353 Technology and Everyday Life

3.00 credits (3,0,1) hrs 15 wks

Prerequisite: 30 credits of 100-level or higher coursework

This course examines technology not as a diverse set of tools, but as a system for the organisation of human relations, interactions and practices. We look at how technology expresses cultural, political, and economic values and how, as a result, it is both shaped by and shapes the conflicts, issues, and potentials of contemporary societies. Special areas of focus include production and human labour, the ethics of biotechnology and genomics, and climate change and sustainability.

CMNS 354 Advanced Communications Skills for Tourism Management

3.00 credits (3,0,1) hrs 15 wks

Prerequisite: 60 credits towards Bachelor of Tourism Management Degree including ENGL 100 or higher, plus either CMNS 154 or CMNS 174 or equivalent.

Intended for students registered in the Tourism Management degree program, CMNS 354 develops advanced skills in written and verbal communications, including technical writing, presentation skills, and information technology applications.

Note: This course is restricted to Bachelor of Tourism Management program students.

CMNS 355 Intercultural Communication

3.00 credits (3,0,1) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework

This course is designed to develop critical inquiry skills around communication and meaning-making processes related to intercultural experiences, relationships and social justice. Students will develop a multi-level understanding of the complex role of communication in intercultural exchange, including key

issues and theory and how they impact, and are impacted by, culture and ethnicity. This will include personal reflection on the student's experience with others and developing skills to bridge cultural divisions.

Note: CMNS 355 is an approved Self and Society course for Cap Core requirements.

CMNS 360 Strategic Communication

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework including one of the following: CMNS 112, CMNS 132 or CMNS 220

This course provides an overview of the range of skills and strategies required for working in corporate, community and government communication fields. It focuses on information and media design, and utilizes a case-study approach in which students work both alone and in groups in simulated communication projects. The course covers topics such as relations with the public, media and government, internal organizational communication, working with stakeholders/investors, crisis communication, corporate advertising and public branding.

Note: CMNS 360 is an approved Experiential course for Cap Core requirements.

CMNS 370 Photography as Communication: Fact and Fiction

3.00 credits (3,0,1) hrs 15 wks

Prerequisite: 30 University Transferable credits

This course considers the role of photography as a central form of visual communication within the history of mass media, from its invention in the nineteenth century up to the present day. The questions guiding our study will be: what evidence does the photographic image provide when it comes to understanding the violent fabric of modern social life? Is photography a witness to truth, or an opportunity for fantasy?

CMNS 371 Foundations of Design, Layout and Production for Magazines

3.00 credits (7,0,0) hrs 07 wks

Corequisite: CMNS 241

This course covers magazine design from both theoretical and practical points of view. Topics include an historical overview of magazine design in North America, a survey of the various roles and tasks of art directors, photographers, photo editors and designers in magazines, and the four elements in publication design: images, typography, colour, and layout.

CMNS 380 Applied Cultural Criticism

3.00 credits (3,0,1) hrs 15 wks

Prerequisite: 45 credits of post-secondary education at the 100-level or higher

This course provides an in depth analysis of a variety of expressive cultural forms - music, fashion, television, fine art, and film - and provides a context in which students can engage in the craft of evaluation, analysis and critique of such forms for diverse media outlets. Its aim is to bring a critical awareness of popular culture and a set of expressive, editorial and critical skills together in the production of works of cultural criticism.

CMNS 390 Publishing for the 21st Century

3.00 credits (3,0,1) hrs 15 wks

Prerequisite: 45 credits of post-secondary education at the 100-level or higher

This course explores the structure, development and impacts of print, focusing on the consumer and trade publication industry. The course explores the history of publishing in connection with changes in technology, society, and politics. It examines the structure of the publishing industry and its influence over the publishing process, and the challenges posed by new media. In the second half of the semester, students are guided in the development of a business plan for a consumer publication.

CMNS 395 Public and Media Relations

3.00 credits (3,0,1) hrs 15 wks

Prerequisite: 45 credits of post-secondary education at the 100-level or higher

This course examines the way in which communication mediates the relationship between organizations in the public, private and not-for-profit sectors and the publics that they serve. It differentiates between the basic communication goals of organizations in each of these sectors, guides students in the critical analysis of public and media relations campaigns, and raises questions of ethics in the communications processes conducted by organizations to promote their activities or agendas.

CMNS 400 Magazine Practicum

6.00 credits (0,0,35) hrs 06 wks

Prerequisite: CMNS 191, 221, 241, 351, and 371 as prerequisites or co-requisites

This course is an industry practicum arranged by the student with faculty assistance. Classroom sessions prepare the student for the practicum, and further preparation is provided in co-requisite courses.

CMNS 405 Advanced Communication for International Learners

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: CMNS 305

Following on the learning objectives activated in CMNS 305, this course applies further intercultural teaching strategy to encourage students to advance confidently towards overall fineness in business communication. As students devise, apply and upgrade their written and verbal communication, they journalize their progress in a digital portfolio that platforms their achievement and aids in their pursuit of management roles in international business.

CMNS 412 Special Topics in Communication Studies

3.00 credits (3,0,1) hrs 15 wks

Prerequisite: 45 credits of post-secondary education at the 100-level or higher

This course will be offered to provide students with the opportunity to examine in depth some aspect of the field of communication or some specialized area of concern not otherwise offered in our core curriculum. Normally such courses will take advantage of the short-term availability of some specific expertise, such as faculty exchange or overseas offering.

CMNS 431 Project Group Communication Policy and Law

3.00 credits (3,1,0) hrs 15 wks

Prerequisite: 45 credits of post-secondary education at the 100-level or higher

In this course engages students in an extended case analysis of an area of communication policy and/or law. Such cases could include Canadian content regulations, digital copyright (or copyleft), open license or open source, the impacts of changing national security policies on access to and collection of information, or privacy legislation in the digital era. Each group will be guided in and responsible for the production of a report and presentation highlighting their findings.

CMNS 433 Project Group in Risk and Crisis Communication

3.00 credits (3,0,1) hrs 15 wks

Prerequisite: 45 credits of post-secondary education at the 100-level or higher

This course engages students in a project-based, case study approach to the analysis of crisis situations from the standpoint of communication factors and information flows. It asks students to develop a communication plan around a crisis situation; to analyse documentation in order to understand the nature of the crisis; and to suggest solutions to mitigate future crises.

CMNS 453 Project Group in Communication and New Media

3.00 credits (3,0,1) hrs 15 wks

Prerequisite: 45 credits of post-secondary education at the 100-level or higher

This course introduces students to techniques of context-based technology assessment and asks them to produce a formal report and presentation that explores the impacts of a digital media device or information technology application in some sphere of working or social life.

CMNS 462 Advanced Communication Research Practice

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 60 credits of 100-level or higher coursework and CMNS 261, CMNS 262, and CMNS 360

This course introduces students to the practical processes of research design and practice through an exploration of case studies in audience research, media impacts and the symbolic dimensions of everyday life. The case studies will give students the opportunity to engage critically in evaluating research design, methodology and ethical issues in particular areas of communication study, with an eye to developing a proposal for their own original theses (in CMNS 499).

Note: CMNS 462 is an approved Experiential course for Cap Core requirements.

CMNS 490 Project Group in Publishing

3.00 credits (3,0,1) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework and CMNS 190

This course facilitates the production of a prototype magazine intended to showcase the research, writing and editing skills introduced in previous CMNS courses. Working collaboratively, students choose a theme, a target audience and editorial voice for a proposed consumer, trade or contract magazine of their choice, and then plan, write and edit the content.

CMNS 495 Project Group in Media Campaigns

3.00 credits (3,0,1) hrs 15 wks

Prerequisite: 45 credits of post-secondary education at the 100-level or higher

This asks students to research and liaise with a non-profit organization, political party or public advocacy group to identify its key message and to define its target audience and stakeholders. Project groups will design strategies to give the message "top of mind" presence through appropriate and widespread publicity. Groups will plan and simulate a news conference, including a prepared statements and media training for the speaker.

CMNS 498 Communication Practicum

6.00 credits (1.6,0,16) hrs 15 wks

Prerequisite: 60 credits of 100-level or higher coursework including CMNS 360 and one of the following: CMNS 412, CMNS 431, CMNS 433, CMNS 453, CMNS 462, CMNS 490 or CMNS 495

Under the supervision of an instructor, students engage in a work placement in some area of professional communication practice. Students will keep reflective journal of their work experience, produce two interim progress reports, and present a final report linking their work experience to their program-based learning.

Note: CMNS 498 is an approved Capstone course for Cap Core requirements. CMNS 498 is an approved Experiential course for Cap Core requirements.

CMNS 499 Communication Research Project

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 60 credits of 100-level or higher coursework and CMNS 462

Under the supervision of a faculty member, students conduct and present original research in an area of communication studies in the form of a short project. Students will present and defend their project for completion of their degree.

Note: CMNS 499 is an approved Capstone course for Cap Core requirements.

Community Leadership

CLSC 100 Introduction to Community Development

3.00 credits (4,0,0) hrs 15 wks

In a highly interactive class environment, students will learn the history, principles and models of community development, with an emphasis on its role in empowering disenfranchised communities. Through in-depth class discussions, they will explore the relationship between community development theory and their own lived experience in community and with community organizations. Classes will be offered in community settings. Students with volunteer experience in community organizations who want to move into paid work are encouraged to apply.

Note: This course is equivalent to CCB 100. Duplicate credit will not be granted for this course and CCB 100.

CLSC 101 Leadership for Community Building

3.00 credits (3,0,1) hrs 15 wks

This course will explore: defining leadership; transformational and collective leadership; leadership as art; and a leader's role in supporting creativity and mentorship. Students will learn to understand and analyze leadership roles including their own; understand collective leadership; recognize and support leadership qualities in team members; identify current leadership challenges faced by community organizations and the skills required to navigate those situations; and apply creative leadership principles.

CLSC 102 Facilitation for Community Development Practitioners

3.00 credits (3,0,1) hrs 15 wks

This course will examine the creation and maintenance of relationships in community development work. Students will both study and practice skills for working collectively through inclusive facilitation, nonviolent communication and dealing with conflict in community work. Discussion will focus on how culture, individual histories and power affect community dynamics and will cover tools for managing these critical issues in community development.

CLSC 103 Service Learning in Neighbourhood Context

3.00 credits (1,0,2) hrs 30 wks

Prerequisite: CLSC/CCB 100 and CLSC/CCB 105 as pre- or co-requisites

This course will be delivered over two terms and is both classroom-based and experiential. It will combine theory, support and a practicum. Students will learn about the work of non-profit organizations. They will explore roles and responsibilities of volunteers, work planning for voluntary roles, relationship building and communication for mentorship, and team building, and will learn current evaluation and presentation skills. Students will also gain experience in a specific area of focus such as literacy, health promotion, community economic development, and community arts.

CLSC 105 Foundation Skills in Community Development

3.00 credits (4,0,0) hrs 15 wks

This course provides an overview of the roles and responsibilities of community workers and skills in community organizing on selected social issues. Upon successful completion of the course, students should be able to facilitate participatory community processes and consensus-building, then communicate decisions and program plans in written and oral reports. Classes will be offered in community settings. Students with volunteer experience in community organizations who want to move into paid work are encouraged to apply.

Note: This course is equivalent to CCB 105. Duplicate credit will not be granted for this course and CCB 105.

CLSC 200 Digital Tools for Social Change**3.00 credits (3,0,1) hrs 15 wks**

This course will focus on the use of social media and digital tools for social change at a community level. Students will be introduced to new media through a community development lens. They will explore the role of storytelling and social media in community work throughout history and currently; the basics of Internet use including safety, etiquette and writing for on-line uses; how local practitioners are using digital tools; and how to successfully use social media to create social change themselves.

CLSC 201 Community-Based Research**3.00 credits (3,0,1) hrs 15 wks**

This course will explore the values, goals and assumptions of community-based research and its methodologies. Students will learn about overall concepts of research; how community-based research relates to community issues and needs as well as ethical considerations; how to do basic data analysis and a range of research methodologies, including literature searches, surveys, interviews, community mapping, focus groups, arts-based research, and participatory action research. Students will also complete and present a small research project.

CLSC 202 Program Planning and Management**3.00 credits (3,0,1) hrs 15 wks**

This course will provide an in-depth understanding of outcome-based planning and management in a local and global context. Students will be introduced to planning for social change and explore Outcome Measurement Framework (OMF) construction in an interactive and creative way. They will explore concrete tools for how to use an OMF as a management tool for planning, budgeting, communications, proposals and monitoring. Students will apply their learning by developing an OMF for their own organization.

CLSC 203 Service Learning in Leadership Roles**3.00 credits (1,0,2) hrs 30 wks**

Prerequisite: CLSC/CCB 100, CLSC/CCB 105 and CLSC 103 as pre- or co-requisites

This course will be delivered over two terms and is both classroom-based and experiential. It will combine theory, support and a practicum. Students will learn about the work of non-profit organizations, exploring non-profit governance; relationship building and communication for mentorship; team building; evaluation and assessment skills; and presentation skills. Students will also gain experience in a specific area of focus, such as literacy, health promotion, community economic development, and community arts.

CLSC 204 Reflective Practice in Community Settings**3.00 credits (4,0,0) hrs 15 wks**

Prerequisite: CLSC 101, 102, 201 202 and ENGL 100, and CLSC 200 and 203 as a pre- or co-requisite

This course will provide students with an opportunity to coalesce their learning about community leadership in social change and focus it on a theme and/or project of their choice. Themes could include but are not limited to food security, environmental sustainability, community healing, adult literacy, community facilitation, health promotion, etc. Students will work interdependently, supervised and supported by their instructor; and collaboratively with a community partner where appropriate. They will design, research, and develop a specific project of interest and participate in assessing and evaluating the project and their own performance.

Computing Science

COMP 101 Computers and their Application

4.00 credits (4,2,0) hrs 15 wks

Prerequisite: Applications of Math 11 or Foundations of Math 11 or Principles of Math 11 or Pre-calculus 11 or BMTH 044 or BMTH 048 or Math Placement Test (MPT)

An introduction to the basic concepts underlying computer hardware, software, operating systems, networks, applications, and coding, for students with little or no previous experience. Students also explore some of the social and ethical implications arising from the pervasive use of digital information technologies. The goals of this course are to gain a broad understanding of the science of computing, to develop practical skills applied to the use of the Internet and common computer applications, and to become actively engaged with both the promise and challenges of digital technology.

Note: COMP 101 is an approved Numeracy course for Cap Core requirements. COMP 101 is an approved Science and Technology course for Cap Core requirements.

Note: COMP 101 is an approved Quantitative/Analytical course for baccalaureate degrees. COMP 101 is an approved Science course.

COMP 106 Programming with Robots**4.00 credits (4,2,0) hrs 15 wks**

Prerequisite: Applications of Math 11 or Foundations of Math 11 or Principles of Math 11 or Pre-calculus 11 or BMTH 044 or BMTH 048 or Math Placement Test (MPT)

An introduction to the basic concepts of hardware, software, and computer programming using Lego Mindstorms robots, for students with little or no experience. Students learn to apply fundamental engineering design and programming principles, and are exposed to a variety of topics including robotics and automation, operating systems, and digital communications. The course includes an examination of social issues arising from the application of robotics and automation technologies.

Note: COMP 106 is an approved Numeracy course for Cap Core requirements. COMP 106 is an approved Science and Technology course for Cap Core requirements.

Note: COMP 106 is an approved Quantitative/Analytical course for baccalaureate degrees. COMP 106 is an approved Science course.

COMP 107 Animated 3D Game Programming**4.00 credits (4,2,0) hrs 15 wks**

Prerequisite: Applications of Math 11 or Principles of Math 11 or MATH 091 or BMTH 044 or Math Placement Test

An introduction to game development and programming in a 3D animation environment. This includes computer program design, implementation and testing in a high-level, object-oriented programming language. The course also exposes students to problem solving, algorithms, event-driven programming, the building of 3D animated games, the use of application programming interfaces (APIs), and graphics.

Note: COMP 107 is an approved Quantitative/Analytical course for baccalaureate degrees. COMP 107 is an approved Science course.

Note: Although no formal Computing Science prerequisite is listed, students are expected to have reasonable keyboarding skills and some familiarity with microcomputers running MS Windows.

COMP 108 Software Applications and Their Customization**4.00 credits (3,2,0) hrs 15 wks**

Prerequisite: Applications of Math 11 or Principles of Math 11 or MATH 091 or BMTH 044 or BTEC 115 or Math Placement Test (MPT) or permission of the instructor

Entry level Computing Science course. This course introduces the student to the basic concepts of information technology and computer applications. The student will learn how to use a microcomputer operating system effectively with emphasis on file management. Upon completion of the course the student should be proficient in using and customizing various software packages including word processor, spreadsheet, presentation software and data base software. The course also covers basic uses of the

Internet and issues of security and privacy connected to it. The course serves as a preparation for the International Computer Driving License certification.

Note: COMP 108 is an approved Science course.

Note: Reasonable keyboarding skills and some familiarity with microcomputers running MS Windows.

COMP 115 Learn to Code

4.00 credits (3,3,0) hrs 15 wks

Prerequisite: Applications of Math 11 or Foundations of Math 11 or Principles of Math 11 or Pre-calculus 11 or BMTH 044 or BMTH 048 or Math Placement Test (Precalculus MPT) or COMP 101 with a minimum B- grade

An introduction to the principles and practices of writing quality code, for students with little or no prior coding experience. Students learn to apply a suite of fundamental principles and strategies for thinking clearly about problems, managing complexity, and designing creative, structured solutions. Students learn to develop the data structures and algorithms to express their solutions, to evaluate and test their designs, and to code them in a modern, high-level programming language, such as Python.

Note: COMP 115 is an approved Numeracy course for Cap Core requirements. COMP 115 is an approved Science and Technology course for Cap Core requirements.

Note: COMP 115 is an approved Quantitative/Analytical course for baccalaureate degrees. COMP 115 is an approved Science course.

COMP 120 Computer Science for Engineers

4.00 credits (4,2,0) hrs 15 wks

Prerequisite: COMP 106 (A) or COMP 115 (A) or Pre-calculus 12 (A) or Principles of Math 12 (A) or MATH 105 (C-) or MATH 107 (C-)

An introduction to computational techniques applied to Engineering problems. The primary focus of the course is on computer systems, the development of algorithms, and computer program design, implementation, and testing. The course also exposes students to the wider discipline of computer science, with topics including computer hardware and software, representation and manipulation of data, numerical analysis, and device interfaces.

Note: COMP 120 is an approved Numeracy course for Cap Core requirements. COMP 120 is an approved Science and Technology course for Cap Core requirements. COMP 120 is an approved Quantitative/Analytical course for baccalaureate degrees. COMP 120 is an approved Science course.

Note: This course is primarily intended for students in Engineering programs.

COMP 121 Fundamentals of Programming

4.00 credits (4,2,0) hrs 15 wks

Prerequisite: Principles of Math 12 with a minimum B grade, or MATH 105 or MATH 107 as prerequisite or co-requisite or BMTH 054 with a minimum B grade

An introduction to the development of algorithms, computer program design, program implementation and testing in a high-level, object-oriented programming language. The course also exposes students to event-driven programming, the building of graphical user interfaces (GUIs) and the use of application programming interfaces (APIs) and graphics.

Note: COMP 121 is an approved Quantitative/Analytical course for baccalaureate degrees. COMP 121 is an approved Science course.

Note: Although no formal Computing Science prerequisite is listed, students are expected to have reasonable keyboarding skills and to have some familiarity with Windows environment required.

COMP 126 Principles of Software Design

4.00 credits (4,2,0) hrs 15 wks

Prerequisite: COMP 121 with a minimum C- grade or COMP 107 with a minimum A grade

A study of the application of object-oriented programming concepts to the design of software of an intermediate level of difficulty. Advanced object-oriented programming features and techniques are employed. Introduction to data structures, sorting and searching algorithms.

Note: COMP 126 is an approved Quantitative/Analytical course for baccalaureate degrees.

Note: COMP 126 is an approved Science course.

COMP 134 Programming in Java
1.00 credit (1,0,1) hrs 15 wks

Prerequisite: COMP 107 with a minimum B- grade or COMP 120 with a minimum C- grade

An introduction to the Java programming language for students with previous programming experience in another high-level language. Topics include the Java language and API, object-oriented design and programming, event-driven programming, and graphical user interfaces.

Note: COMP 134 is an approved Science course.

COMP 165 Introduction to Multimedia and the Internet
4.00 credits (4,2,0) hrs 15 wks

Prerequisite: Applications of Math 11, Principles of Math 11, BMTH 044 or MATH 091; or Math Placement Test (MPT)

The goal of this course is to introduce students, with little or no previous computer programming or web design experience, to the basic concepts underlying the Internet and computer programming for the web. Students will develop a broad understanding of how the Internet and World Wide Web work, how to create full-featured web sites, and learn the basics of Web programming.

Note: COMP 165 is an approved Science course.

Note: Although no formal Computing Science prerequisite is listed, students are expected to have reasonable keyboarding skills and to have some familiarity with microcomputers running MS Windows. This course serves as a good science option for students in Arts or Commerce.

COMP 202 Foundations of Computer Science
3.00 credits (4,0,1.33) hrs 15 wks

Prerequisite: COMP 121 with a minimum C- grade

This course provides an overview of the discipline of Computer Science and its fundamental building blocks that unify hardware, software, algorithms and computational theory. It provides the foundation for further studies in computer architecture, operating systems, Net-centric computing, programming languages, compiler design, databases, theory of computation and artificial intelligence.

Note: COMP 202 is an approved Science course.

Note: This course may not be offered every year.

COMP 210 Data Structures and Abstraction
3.00 credits (4,0,1.33) hrs 15 wks

Prerequisite: COMP 126 and MATH 116 with a minimum C- grade and MATH 124 as a prerequisite or a co-requisite with a minimum C- grade

A study of frequently used data structures and algorithms for manipulating them. This course emphasizes abstract data types and generic abstraction in object-oriented programming. Topics include lists, stacks, queues, sets, tables, trees and graphs, recursion, searching, sorting and analysis of algorithms.

Note: COMP 210 is an approved Quantitative/Analytical course for baccalaureate degrees. COMP 210 is an approved Science course.

Note: This course may not be offered every year.

COMP 211 Computer Design and Architecture I
3.00 credits (4,0,1.33) hrs 15 wks

Prerequisite: COMP 126 and COMP 202 with a minimum C- grade; and MATH 116 with a minimum C- grade and MATH 124 as a prerequisite or a co-requisite with a minimum C- grade

An introduction to some fundamental concepts of computer design and architecture: data representation and coding, combinational and sequential digital logic, microprocessor operation, memory organizations and addressing schemes, instruction sets, assembly language, and operating system interfaces.

Note: COMP 211 is an approved Quantitative/Analytical course for baccalaureate degrees. COMP 211 is an approved Science course.

Note: This course may not be offered every year.

COMP 212 Computer Design and Architecture II

3.00 credits (4,0,1.33) hrs 15 wks

Prerequisite: COMP 211 with a minimum C- grade

A study of the architecture and organization of current microprocessor-based computers, relating the instruction set architecture at the programmer's level of abstraction to the digital logic implementation at the hardware designer's level of abstraction.

Note: COMP 212 is an approved Quantitative/Analytical course for baccalaureate degrees. COMP 212 is an approved Science course.

Note: This course may not be offered every year.

COMP 213 Introduction to Software Engineering

4.00 credits (4,0,1.33) hrs 15 wks

Prerequisite: COMP 210 with a minimum C- grade

An introduction to the concepts and practice of software engineering: systems analysis, user interface design, debugging, profiling, and testing methods, operating system interface, support tools and scripting languages, project management, user and system documentation.

Note: COMP 213 is an approved Science course.

Note: This course may not be offered every year.

COMP 215 Introduction to Computational Science

4.00 credits (3,3,0) hrs 15 wks

Prerequisite: COMP 115 (C+); and MATH 116 (C-) or MATH 108 (C-)

Computational Science is considered by many the “third pillar” of scientific enquiry, alongside theory and physical experimentation. It combines computer simulation, scientific visualization, mathematical modeling, computer programming, data structures and algorithms to offer insights into a wide range of problems. Students are introduced to the principles, concepts, approaches, technologies, and practices of computational science. Students learn practical simulation and computational experimentation skills. The course focuses on the application of these techniques in a wide range of domains, including economics, biology, and the physical and social sciences; and includes an introduction to complexity science, systems thinking, and dynamic systems.

Note: COMP 215 is an approved Science and Technology course for Cap Core requirements.

Note: COMP 215 is an approved Quantitative/Analytical course for baccalaureate degrees. COMP 215 is an approved Science course.

COMP 220 Data Structures and Algorithms for Engineers

4.00 credits (4,2,0) hrs 15 wks

Prerequisite: COMP 120 with a minimum C- grade and MATH 116 with a minimum C- grade

This course continues the development of methods for general modular program design from COMP 120. An emphasis is placed on specific algorithms and data structures which are applicable to a range of problems and techniques for analyzing algorithms and data structures in relation to program design.

Note: COMP 220 is an approved Quantitative/Analytical course for baccalaureate degrees.

Note: COMP 220 is an approved Science course.

COMP 301 Computing Technologies in a Digital Culture

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework including COMP 101 or COMP 115

This course provides an exposé of current and emerging digital technologies and their impacts on individuals and society. Students learn some of the underlying principles and inner workings of digital technology. They link this understanding to the ramifications of digital technology on a range of economic, legal, environmental, and ethical issues, such as privacy and freedom of expression, security and crime, the nature of work and money, pollution and resource use, and intellectual property rights. Students learn to think critically about technologies, and to argue effectively about their potential impacts.

Note: COMP 301 is an approved Science and Technology course for Cap Core requirements.

Note: COMP 301 is an approved Science course.

COMP 320 Database Technologies and Applications

4.00 credits (3,3,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework and COMP 215

Students are introduced to the principles, concepts, approaches, technologies, and practices of data modelling and database design using relational, non-relational, and filesystem-based data management systems. Students learn practical query languages and to develop programs that interact with various data management systems. The course focusses on the practical application of these technologies and techniques in a range of domains, including science, business, and computing; and includes an introduction to big data, data governance, and data security.

Note: COMP 320 is an approved Science and Technology course for Cap Core requirements.

Note: COMP 320 is an approved Quantitative/Analytical course for baccalaureate degrees. COMP 320 is an approved Science course.

COMP 330 Data Wrangling: Scripting for Automated Data Processing

4.00 credits (3,3,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework and COMP 115

Students are introduced to the principles, concepts, approaches, technologies, and practices of automated data acquisition, cleaning, transformation, merging, matching, storage, and analysis. Students learn to apply scripting languages to pattern matching, data pipelines, and other data wrangling techniques. The course focusses on practical uses for these technologies and techniques in a range of domains, including science, business, and computing; and includes an introduction to operating systems, command line shells, filesystems, and file formats.

Note: COMP 330 is an approved Science and Technology course for Cap Core requirements.

Note: COMP 330 is an approved Quantitative/Analytical course for baccalaureate degrees. COMP 330 is an approved Science course.

Conducting

COND 300 Conducting I

4.00 credits (4,0,0) hrs 15 wks

This course is designed to expose the student to various conducting styles and settings. The class will observe videos and live rehearsals and performances, wherever possible. Guest conductors will be invited to discuss work in their field of specialty.

COND 301 Conducting II
4.00 credits (4,0,0) hrs 15 wks

Prerequisite: COND 300

This course is designed to provide the student with the understanding of more advanced principles of conducting. The content is appropriate for all musicians planning on conducting choral and/or instrumental ensembles.

COND 350 Conducting Pedagogy I
1.00 credit (1,0,0) hrs 15 wks

This course is designed to expose the student to various conducting styles and settings. The class will observe videos and live rehearsals and performances, wherever possible. Guest conductors will be invited to discuss work in their field of specialty.

COND 351 Conducting Pedagogy II
1.00 credit (1,0,0) hrs 15 wks

Prerequisite: COND 350

This course is designed to expose the student to various conducting styles and settings. The class will observe videos and live rehearsals and performances, wherever possible. Guest conductors will be invited to discuss work in their field of specialty.

Costuming

COST 100 Costume Cutting and Construction I
4.50 credits (2,4,0) hrs 15 wks

This course focuses on the functions of a production costume shop. The primary focus will be on standard techniques and procedures in costume cutting and construction techniques in both the theatre and industries.

COST 101 Costume Cutting and Construction II
4.50 credits (2,4,0) hrs 15 wks

Prerequisite: Successful completion of 10.50 100-level Costuming credits

This course continues instruction in the techniques and procedures of a professional costume shop.

COST 102 History of Costume I
3.00 credits (4,0,0) hrs 15 wks

This course teaches the evolution of costumes throughout the ages and the groundwork of understanding the historical and social relevance of costumes. History of Costume will concentrate on the two main elements of form and line of historical costumes highlighted by information on the materials and methods used in costume making.

COST 103 History of Costume II
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: Successful completion of 10.50 100-level Costuming credits

This course focuses on the evolution of costumes from 1850 to the present. It concentrates on the two main elements of form and line of historical costumes highlighted by information on the materials and methods used in costume construction.

COST 104 Wardrobe Management

3.00 credits (4,0,0) hrs 15 wks

This course explores the ways in which efficient theatre and film costume departments are organized and operated.

COST 105 Film Costumer Project

3.00 credits (4,6,0) hrs 15 wks

Prerequisite: Successful completion of 10.50 100-level Costuming credits

This course acknowledges the invaluable hands-on production skills learned during practical work on a film project. It includes project work in the planning, preparation and execution of on-set duties of a film costumer.

COST 200 Costume Cutting and Construction III

4.50 credits (4,4,0) hrs 15 wks

Prerequisite: COST 101

In a professional studio setting, this course continues to instruct students in the techniques and procedures of an industry costume department. Upon completion of this course, students will be able to demonstrate key skills in a range of costume construction techniques including industrial machine use, hand finishing, garment alteration and reconstruction, and flat pattern manipulation. Through assignments and projects students will develop a portfolio demonstrating mastery of costuming skills. This second year course is for students wishing to broaden their knowledge of advanced costume construction skills in order to prepare for entry level to the costuming industry.

COST 202 Elements of Costume Design

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: COST 103

This course introduces the student to both the creative and administrative aspects of the field of costume design for stage and screen with the emphasis on the creative presentation of costume ideas and concepts.

COST 203 Costume Skills Intensive

6.00 credits (8,0,16) hrs 08 wks

Prerequisite: COST 200

In the final term of the program, students participate in a series of tutorials with outside professionals to gain experience in a range of specialty skills such as millinery, tailoring, special effects costuming, garment draping, corsetry, surface design, garment illustration

COST 205 Advanced Film Costumer Project

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: COST 202

Students coordinate, fit, prep and act as costume set supervisors for the Motion Picture Arts second and third year student film projects providing the opportunity to be an active member of the film crew.

COST 275 Costume Skills Intensive: Specialties

1.50 credits (8,0,16) hrs 02 wks

This course is intended for students possessing some knowledge of costuming skills. The subject is taught in industry standard costuming workshops where students are mentored by professionals experienced in each area. Specialty skills studied may include, but are not limited to, any of: millinery, mask making, armour fabrication, shoe making, accessories building. Upon completion the successful student will be able to demonstrate proficiency in the specific area of costume specialty studied. This course is only offered in the spring term.

COST 276 Costume Skills Intensive: Advanced Construction**1.50 credits (8,0,16) hrs 02 wks**

This course is intended for students possessing some knowledge of costuming skills. The subject is taught in industry standard costuming workshops where students are mentored by professionals experienced in each area. Advanced construction skills studied in this course will be selected from, but not limited to, the following: advanced flat patterning, garment fitting and alterations, period tailoring, advanced construction techniques, and garment draping. Upon completion the successful student will be able to demonstrate proficiency in the specific area of advanced costume construction skills studied. This course is only offered in the spring term.

COST 277 Costume Skills Intensive: Special Effects**1.50 credits (8,0,16) hrs 02 wks**

This course is intended for students possessing some knowledge of costuming skills. The subject is taught in industry standard costuming workshops where students are mentored by professionals experienced in each area. Special effects skills studied will be selected from, but not limited to the following: special effects costuming, costumes for animation, surface design, advanced garment and fabric dying, advanced aging and distressing, and machine embroidery. Upon completion the successful student will be able to demonstrate proficiency in the specific area of costume special effects skills studied. This course is only offered in the spring term.

COST 278 Costume Skills Intensive: Corsetry**1.50 credits (8,0,16) hrs 02 wks**

This course is intended for students possessing some knowledge of costuming skills. The subject is taught in industry standard costuming workshops where students are by professionals experienced in each area. Upon completion the successful student will be able to demonstrate proficiency in corsetry construction skills. This course is only offered in the spring term.

Criminology

CRIM 101 Introduction to Criminology**3.00 credits (4,0,0) hrs 15 wks**

This course is intended to introduce students to the analysis of the relationship between crime and society. The core concept is that crime is embedded in social structure and process and therefore must be understood in relation to, rather than apart from, normal social activity. A variety of classical and contemporary perspectives on the definition, causes and consequences of crime will be explored and student analysis of contemporary issues involving crime in Canadian society will be encouraged.

Note: CRIM 101 is an approved Self and Society course for Cap Core requirements.

CRIM 202 Surveillance and Social Control**3.00 credits (4,0,0) hrs 15 wks**

This course examines the impact of contemporary crime prevention, surveillance and security practices. Students will learn how social control is achieved through a widening network of public and private agencies, including social services, law enforcement and urban planners, who regulate and 'police' our everyday interactions at the local, national and global levels. The second part of the course will focus on the targeting of minority and protest groups who are constructed as 'risks' to society.

Note: CRIM 202 is an approved Self and Society course for Cap Core requirements.

CRIM 304 Law and Society

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework

This course examines the law in relation to social relationships, processes, and structures. It will consider the social function of law and how the practice of law impacts different communities and individuals. The course will include discussion of how legal theories relate to conceptions of society, critiques of law from a sociological and feminist perspective, and the relationship between law as form of social control and change.

Note: CRIM 304 is an approved Self and Society course for Cap Core requirements.

CRIM 305 Minorities and Justice**3.00 credits (4,0,0) hrs 15 wks**

Prerequisite: 42 credits of 100-level or higher coursework and 3 credits of 100-level or higher CRIM

This course examines the relationship between minority groups and the criminal justice system. Students will analyze how unequal power relations are created and sustained through the operations of the police, courts, social services and correctional system both within Canada and internationally. Of particular concern is how crime and the justice system further marginalize minority groups, including those with statuses associated with gender, sexuality, race, ethnicity, class, citizenship and religion.

Note: CRIM 305 is an approved Self and Society course for Cap Core requirements.

CRIM 490 Directed Studies**3.00 credits (4,0,0) hrs 15 wks**

Prerequisite: 15 credits of 300-level or higher coursework including 3 credits of 300-level or higher CRIM

Students will work with a Criminology faculty member to guide them in an independent study or research project. Specific course details will be arranged between individual students and faculty members.

Design

DSGN 121 Design Fundamentals**3.00 credits (4,0,2) hrs 15 wks**

This course introduces design as a practice that addresses cultural and social issues by informing, persuading, and enlightening. Students are introduced to the basic visual components that create form and meaning, a variety of methods of visual organization, and appropriate use of colour in communication design. The course also examines the roles of research and theory in design, and how design methodology is based in problem-solving and iteration.

DSGN 122 Creative Thinking for Designers**3.00 credits (4,0,2) hrs 15 wks**

This course focuses on idea generation and big picture thinking, and the themes of “design for good” and “sustainable design”. Students work collaboratively with other areas of the University and/or the community to solve problems using creative thinking techniques. Ways in which audiences interact with information are identified and related to visual communication problem solving.

DSGN 320 Professional Development I**3.00 credits (4,0,2) hrs 15 wks**

Prerequisite: 50 IDES/DSGN credits

Students work on developing personal branding and self-promotional materials, and will be paired with industry mentors to undertake comprehensive design, illustration, or interactive projects. The emphasis will be on creating exceptional work with distinctive concepts.

DSGN 325 Design Thinking and Research**3.00 credits (4,0,0) hrs 15 wks***Prerequisite:* 50 IDES/DSGN credits

This course examines how design thinking is used to identify new solutions to diverse problems. Using a case study approach, students explore ways that design thinking has been successfully used around the world, and how cultural differences can influence design. The emerging field of design research is explored, including the value of evidence-based design; how ethnographic research can uncover audience values; and how these values can be integrated into the language of design.

Note: DSGN 325 is an approved Self and Society course for Cap Core requirements.

DSGN 440 Professional Development II**9.00 credits (12,0,0) hrs 15 wks***Prerequisite:* 75 IDES/DSGN credits

This course provides students with the opportunity to engage in professional development through the completion of major self-directed capstone projects. Students will demonstrate professional knowledge by using design thinking and research skills, advanced creative and conceptual abilities, and technical and traditional tools to an industry standard. Students are mentored by industry and supported in a team-taught environment.

Note: DSGN 440 is an approved Capstone course for Cap Core requirements.

DSGN 441 Professional Development II: Illustration Concentration**9.00 credits (12,0,0) hrs 15 wks***Prerequisite:* 75 IDES/DSGN credits

This course provides students with the opportunity to engage in professional development through the completion of major self-directed capstone projects. Students will demonstrate professional knowledge by using design thinking and research skills, advanced creative and conceptual abilities, and technical and traditional tools to an industry standard. Students are mentored by illustration professionals and supported in a team-taught environment.

Note: DSGN 441 is an approved Capstone course for Cap Core requirements.

DSGN 442 Professional Development II: Branding Concentration**9.00 credits (12,0,0) hrs 15 wks***Prerequisite:* 75 IDES/DSGN credits

This course provides students with the opportunity to engage in professional development through the completion of major self-directed capstone projects. Students will demonstrate professional knowledge by using design thinking and research skills, advanced creative and conceptual abilities, and technical and traditional tools to an industry standard. Students are mentored by branding professionals and supported in a team-taught environment.

Note: DSGN 442 is an approved Capstone course for Cap Core requirements.

DSGN 443 Professional Development II: Interactive Concentration**9.00 credits (12,0,0) hrs 15 wks***Prerequisite:* 75 IDES/DSGN credits

This course provides students with the opportunity to engage in professional development through the completion of major self-directed capstone projects. Students will demonstrate professional knowledge by using design thinking and research skills, advanced creative and conceptual abilities, and technical and traditional tools to an industry standard. Students are mentored by interactive design professionals and supported in a team-taught environment.

Note: DSGN 443 is an approved Capstone course for Cap Core requirements.

DSGN 460 Professional Development III**3.00 credits (10,0,5) hrs 06 wks***Prerequisite:* 75 IDES/DSGN credits

This intensive course provides students with the opportunity to demonstrate a culmination of four years of knowledge, skills, and professional development. It includes two capstone projects: building a professional portfolio and presenting and participating in a graduation exhibition. Workshops in event management, campaign integration, studio photography, presentation skills, and exhibit design support the course.

DSGN 473 Business Practices for Design Professionals**3.00 credits (4,0,0) hrs 15 wks***Prerequisite:* 75 IDES/DSGN credits

This course introduces visual communicators to the freelance environment. It covers essential knowledge about professional practice in the visual communication field including ethics, studio management, billing, record keeping, business networking, client maintenance, and marketing for self-promotion. Students create necessary business documents and produce self-promotion collateral.

Digital Animation

DIGI 130 3D Animation I**4.50 credits (6,0,0) hrs 15 wks**

In this course, students will be introduced to the fundamental principles of animation, and the laws of basic body mechanics. Through the study and application of classical animation techniques and timing, students will examine the importance of creating animated characters with weight, strong posing and believable performance.

DIGI 132 3D Design for Production I**3.00 credits (4,0,0) hrs 15 wks**

In this course students will compare and contrast industry approaches to designing and creating original 3D characters, props and environments for use in video games, television and film projects. Students will research, analyze and apply the fundamental techniques of modeling, sculpting, texturing, lighting and rendering in the creation of original 3D assets. Through reference and research, students will develop an appreciation for what makes an appealing 3D design suitable for use in a production pipeline.

DIGI 134 Technical Direction and Rigging I**3.00 credits (4,0,0) hrs 15 wks**

In this course students will be introduced to techniques for rigging 3D characters and objects for use in animated productions. Students will learn the production methodology used to create skeletons, expressions, controls and user interface systems that allow an animator to bring characters and objects to life. Students will learn troubleshooting techniques necessary to create assets ready for use in animated projects.

DIGI 136 Life Drawing for Animators I**2.25 credits (3,0,0) hrs 15 wks**

The course concentrates on anatomical studies of the human form and extensive life drawing practice. Students will learn to reproduce complex anatomical form, poses, and gesture in realistic proportions. Through a variety of exercises students learn to capture the complexity of movement and gesture to create appealing drawings for animation. The study of life drawing and anatomy will impart a stronger appreciation of the human form and its use in the entertainment industry.

DIGI 140 3D Animation II
4.50 credits (6,0,0) hrs 15 wks

Prerequisite: DIGI 130

In this course students will continue to develop their acting, timing and animation skills to create memorable 3D character performances. This course will focus the students' efforts on dialogue, acting choices, character personality, body language, and pacing to create life-like characters. Further exploration and refinement of the principles of animation and how they are applied to create subtle acting nuances will help the students create a portfolio of professionally animated scenes.

DIGI 142 3D Design for Production II
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: DIGI 132

In this course students will continue to refine their 3D modeling, sculpting, texturing, shading and lighting skills introduced in 3D Design I to create production ready assets. Students will learn intermediate techniques in digital sculpture, shading, lighting and rendering to create professional looking 3D assets.

DIGI 144 Technical Direction and Rigging II
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: DIGI 134

In this course students will continue to investigate, research and create professional character rigs suitable for creating complex animated performances. Students will continue to explore and implement advanced rigging concepts using a variety of technologies designed to enable animators to achieve great animated performances. Students will use advanced simulation and procedural animation to speed up animation production.

DIGI 146 Life Drawing for Animators II
2.25 credits (3,0,0) hrs 15 wks

Prerequisite: DIGI 136

In this course students will continue to focus on life drawing of the human form with deeper investigation into gesture, form, structure and anatomy. Students will continue to study and draw from live models to solidify acquired knowledge and advance to intermediate studies in light, drapery and character design from life.

DIGI 148 Concept Art and Design I
2.25 credits (3,0,0) hrs 15 wks

Prerequisite: DIGI 136

In this course students will learn how to create appealing characters, props and environment designs for video game, television and film productions. Traditional and digital media techniques will be introduced in the creation of original concepts and artwork. Students will explore and utilize the visual language of design and story development to visually communicate ideas and themes effectively. A crucial element of the course is the ability to communicate and receive appropriate, respectful and constructive critique with regards to students' assignments.

DIGI 149 Animation Action Analysis
1.50 credits (2,0,0) hrs 15 wks

This course takes the student through numerous analytical studies of human and animal motion in order to build a fundamental understanding of movement. Animators and animation designers must understand how things move so that the laws of motion, timing and the principles of animation become inherent skills that allow the animator to focus on the performance of their "actors".

DIGI 230 3D Animation III

4.50 credits (6,0,0) hrs 15 wks

Prerequisite: DIGI 140

This course will refine a student's acting, posing and animation appeal to bring entertaining characters to life. Students will learn to define the subtle nuances of character animation while managing scenes with increased complexity and detail. Students will gain valuable experience animating physically realistic creatures in motion.

DIGI 232 3D Design for Production III

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: DIGI 142

In this course students will refine their technical and artistic process in the creation of advanced 3D characters, props or environments. Students will choose a career path and develop the specialized skills necessary to be a proficient production artist in the film or game industries. The course will focus on the creation of an online portfolio that showcases the students' creative talent.

DIGI 234 Technical Direction and Rigging III

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: DIGI 144

This course builds upon the students' knowledge of rigging technologies and facilitates the development of interactive animation rigs. Students will leverage animation class assignments adding technical elements including particles, rigid and soft body dynamics and cloth simulations. Students will plan and construct advanced rigging solutions based on a constructive needs analysis of relevant animation projects.

DIGI 237 The Art of Visual Storytelling

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: DIGI 146 and 148

In this course students will be introduced to the art of storyboarding and how it is used to visually communicate the emotional impact and pacing of a story. Students will explore and apply storytelling and artistic techniques that are used by studios in the creation of storyboards and animatics. Students will plan and present their final term animation project through the creation of original story ideas and concepts.

DIGI 238 Concept Art and Design II

2.25 credits (3,0,0) hrs 15 wks

Prerequisite: DIGI 146 and 148

Concept artists provide engaging, inspirational and appealing designs that push the creative limits of 3D production artists. This course will continue to refine and improve the students' drawing, digital painting and design techniques established in Concept Art and Design I. Students will delve further into the art of visual communication for electronic game, television and film productions and concentrate on creating unique and appealing production ready designs.

DIGI 243 Look Development and Lighting

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: DIGI 232

Creation of a specific visual style is an integral part and the basis of all art direction in any animation, game or film project. This course focuses on industry techniques and approaches for creating realistic visual looks through a variety of technologies. Advanced shader creation, rendering and compositing techniques will aid students in the creation of a polished professional portfolio and demo reel.

DIGI 245 Professional Portfolio Development

9.00 credits (12,0,0) hrs 15 wks

Prerequisite: DIGI 230, 232 and 237

The animation industry demands specialists who are capable of producing exemplary work on tight timelines. This course enables students to attain outstanding skills in their chosen area of expertise. Students will identify a career specialty and create an industry-focused, self-directed portfolio and demo reel that targets the industry sector they wish to be employed in. Regular peer reviews, group critiques and mentoring sessions will provide critical portfolio feedback while developing students' creative evaluation and analytical skills. Instructors will work with students to plan and develop unique, creative projects and original content for their portfolios and/or demo reels. An emphasis will be placed on quality standards, professionalism, project management, and networking in the animation community.

Discover Employability

DEP 001 Job Search and Maintenance

3.00 credits (5,0,0) hrs 30 wks

The focus of this course is to encourage students' needs to develop and use job search techniques and appropriate employment behaviours. Students will also be encouraged to practice self-advocacy in terms of their employment needs. An emphasis will be placed on developing interview skills with confidence.

DEP 002 Health and Safety in the Workplace

3.00 credits (5,0,0) hrs 30 wks

The focus of this course is to provide students with practical experience in a work situation including preparation prior to placement and follow-up concluding the practicum. Emphasis will be placed on making students aware of and knowledgeable about WHMIS, WCB rules, and occupational health and safety.

DEP 005 Communications Skills

3.00 credits (5,0,0) hrs 30 wks

The focus of this course is to extend students' awareness, knowledge and understanding of communication skills required for obtaining employment and to improve their ability to communicate effectively using a variety of media (e.g. computer, printed words, signs). Class time is comprised of discussions, talks, worksheets, field trips, role-plays, and hands-on experience. Students will be given instruction in computer skills. Students will be given opportunities to prepare resumes, cover letters, and thank-you letters using the Microsoft Word software program.

DEP 006 Transitions

3.00 credits (5,0,0) hrs 30 wks

To assist students in their transition from high school to employment and community involvement. The workplace is demanding and requires a student to be self-motivated and take personal responsibility. Building on the student's previous experiences, they will develop a greater understanding of workplace requirements, and an awareness of the tools they will need to be able to more actively participate in the workplace and the community.

DEP 007 Money and Math

3.00 credits (5,0,0) hrs 30 wks

This course provides students with strategies and opportunities to practice and improve a range of consumer related skills. Field trips are incorporated in the program.

DEP 008 Social Skills

3.00 credits (5,0,0) hrs 30 wks

This course provides students with an opportunity to discuss and develop the skills involved with effectively communicating in a diverse range of interpersonal roles and relationships (friend, neighbour, consumer, citizen).

DEP 009 Work Experience
6.00 credits (0,0,25) hrs 30 wks

To give the student practical work experiences in a range of working environments, including preparation prior to placement and follow-up concluding the practicum.

Documentary

DOCS 101 Documentary Equipment Field Use
1.50 credits (4,0,0) hrs 08 wks

This course is designed to provide an operational understanding of professional video and audio production equipment including various cameras, lighting, sound and other essential production equipment used in field operations. The course offers instruction in both basic production skills and the skills required to make the equipment work on locations far from technical support. Despite being mostly technical in nature, the course will touch upon visual aesthetics and the importance of visual story telling.

DOCS 102 Documentary Production I
6.00 credits (8,0,0) hrs 15 wks

This course acknowledges the invaluable hands-on production skills learned during practical work on a video project. Students work on project planning, preparation, and execution. Working in a mentored environment, students plan, produce and edit individual and group student projects. Instruction is in the form of practical demonstrations, individual assistance, and supervised work on specific projects.

DOCS 103 Sound Recording for Documentary
0.75 credits (4,0,0) hrs 04 wks

This course is an intensive grounding in the art and science of recording sound for documentary filmmaking. The course features a foundational analysis of psychoacoustic principles, the use of professional sound recording equipment, techniques for recording sound on location, and introduction to the process of postproduction sound.

DOCS 106 Documentary Story Part I
1.50 credits (4,0,0) hrs 08 wks

Students explore the fundamentals of storytelling as they relate to film, from the basic three-act structure to developing theme, visual style and point-of-view. Focusing on the creative process of idea generation through story development to final treatment for a one-off/stand alone documentary or small unit production, the course will include the writing of material for the term projects and weekly in-class review of students' work.

DOCS 107 Documentary Audio and Video Post-Production: Foundation
1.50 credits (4,0,0) hrs 08 wks

This course is an intensive grounding in the art and science of storytelling through film editing. The course features a foundational analysis of editing principles, history and phases of postproduction, which include offline and online editing, sound editing, effects, graphics and format distribution.

DOCS 108 Documentary Studies

3.00 credits (4,0,0) hrs 15 wks

Learning how the masters did it, students explore how different aesthetic approaches to documentary film and video were informed by historical events, creative movements, technological and industrial developments, as well as the personal, artistic and political vision that shaped documentary versions of reality. Through immersion in the diverse language of the documentary form and aesthetics, students examine how their own philosophies and vision influence the creative choices they make to tell their own stories.

DOCS 109 Directing the Documentary, Part I**1.00 credit (4,0,0) hrs 06 wks**

This course introduces the elementary skills needed to direct a documentary film. From ideation to pre-production, students will learn basic story development strategies and professional skills to turn their ideas into short non-fiction films. As they embark on the director's journey, students will learn how to develop their artistic voice as they apply the creative and professional processes to making a film, from research and writing to funding and networking opportunities and how to exploit them. During the course students will have the opportunity to develop their documentary ideas for Production I projects.

DOCS 122 Documentary Production II**6.00 credits (4,2,6) hrs 15 wks**

Prerequisite: Successful completion of 15.00 100-level Documentary credits

Students continue to develop and master the hands-on production skills learned during the practical and theoretical courses of the first semester by preparing Project II, the final project of the program. Students work in a mentored environment on project planning, preparation, and execution on one or more student projects.

DOCS 124 Advanced Lighting and Camera**1.00 credit (4,0,0) hrs 05 wks**

Prerequisite: DOCS 101

This course is an intensive grounding in the art and science of lighting and camera skills for documentary film. Students begin the visual development and preparation of Project II.

DOCS 126 Documentary Story Part II**1.50 credits (4,0,0) hrs 08 wks**

Prerequisite: DOCS 106

In this course, students learn about different aesthetic approaches to story in the technical and theoretical courses of the program, and apply these documentary styles to their own work through a series of practical exercises to help develop their own perspectives and styles. Non-fiction genres to be explored include cinema vérité, compilation, personal essay, hybrid and experimental. The course will include the writing of material for preparing Project II.

DOCS 129 Directing the Documentary, Part II**1.00 credit (4,0,0) hrs 06 wks**

Prerequisite: DOCS 109

This course explores the role of the director in the art of visual storytelling. Through the study of aesthetic and stylistic techniques in documentary non-fiction production, students will learn how to develop a storytelling voice and creative vision for a film, such as developing a point-of-view and coherent visual style. Carrying this artistic vision into the field of production and post production, students will learn how to lead a creative team, how to plan and organize the direction of a scene, and how to direct for different genres, locations and situations. Students will also hone their interviewing skills and learn about the roles and responsibilities of becoming a documentary filmmaker.

DOCS 131 Documentary Producing

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: Successful completion of 15.00 100-level Documentary credits

This course focuses on the materials needed and the methods used to secure financing for a documentary production. Students will identify appropriate sources of financing for their non-fiction projects and develop a basic understanding of project management and business affairs in the context of documentary production.

DOCS 133 Sound Design for Documentary

0.75 credits (4,0,0) hrs 04 wks

Prerequisite: DOCS 103

This course is an intensive grounding in the art and science of designing sound for documentary filmmaking. The course features a foundational analysis of sound editing principles, the use of professional post-production sound equipment, techniques for preparing sound for final mix, and mixing.

DOCS 147 Documentary Audio and Video Post-Production: Advanced

1.50 credits (4,0,0) hrs 08 wks

Prerequisite: DOCS 107

This course builds on the students' knowledge of post-production software while developing their story-telling skills through the articulation and manipulation of visual components related to colour, movement, and rhythm.

Early Childhood Care & Ed.

EDUC 121 Introduction to Centre Administration

3.00 credits (4,0,0) hrs 15 wks

This course provides students with an overview of the British Columbia legislation, the administration of child care programs and the role and responsibility of staff in child care administration to ensure the health and safety of children in care.

Note: This course is equivalent to EDUC 221. Duplicate credit will not be granted for this course and EDUC 221.

Note: Students who receive credit for EDUC 220 and 271 cannot receive credit for EDUC 121 or EDUC 221 towards a credential in ECCE.

EDUC 159 Working with Young Children in Inclusive Group Settings

3.00 credits (4,0,0) hrs 15 wks

Students will examine frameworks for difference across issues of gender / sexuality / cultures / ethnicities and disability within the context of early years settings.

Note: EDUC 159 is an approved Self and Society course for Cap Core requirements.

Note: EDUC 159 is equivalent to EDUC 256. Duplicate credit will not be granted for this course and EDUC 256.

EDUC 166 Child Development I

3.00 credits (4,0,0) hrs 15 wks

This course is the first of a two part series of courses providing students with an overview of developmental research and theory for children from conception till 8 years of age. In this course students will be introduced to the history of child developmental theory and research. Students will also examine early learning, motor development, physical growth and development (including brain development) and emotional development.

EDUC 168 Child Development II

3.00 credits (4,0,0) hrs 15 wks

This course is the second of a two part series of courses providing students with an overview of developmental research and theory for children from conception till eight years of age. Students will examine social and cognitive development as it relates to children's participation in early learning settings. The role of play in early learning will be examined and critiqued. During this practicum, students will also review current research on language and literacy acquisition in the early years.

Note: This course is equivalent to both EDUC 167 and EDUC 267. Duplicate credit will not be granted for this course and either EDUC 167 or EDUC 267.

EDUC 173 Curriculum Development I

3.00 credits (6,3,0) hrs 10 wks

Based on the philosophy that play provides the foundation for children's growth and development, this experiential workshop course focuses on learning environments, curriculum planning, and teaching strategies.

EDUC 178 Caring & Learning in Early Years Settings

3.00 credits (4,0,0) hrs 15 wks

This course has two modules that provide students with the knowledge and abilities to create caring and learning environments for young children. In the first module emphasis is placed on practising and applying skills developed from understanding basic communication principles and techniques. The second module emphasizes the importance of planning environments to support the learning of all young children in early childhood settings.

Note: Students who receive credit for EDUC 170 and 171 cannot receive credit for EDUC 178 towards a credential in ECCE.

EDUC 179 Guiding Young Children

3.00 credits (4,0,0) hrs 15 wks

In this course, students will become familiar with a variety of guidance/ teaching strategies focused on responding to the needs of the individual child. The focus of this course is to support students in their ability to promote each child's self-esteem, sense of belonging, and participation with others. The role of the adult and the arrangement of the environment will be examined. Students will develop a personal philosophy of guidance.

Note: Students who receive credit for EDUC 172 and 272 cannot receive credit for EDUC 179 towards a credential in ECCE.

EDUC 183 Curriculum Development II

3.00 credits (4,0,2) hrs 15 wks

Prerequisite: EDUC 173

The student will acquire further knowledge, experience and skill in planning, implementing, and evaluating learning environments for groups of children.

Note: This course is equivalent to EDUC 273. Duplicate credit will not be granted for this course and EDUC 273.

Note: Students who receive credit for EDUC 183 or 273 cannot receive credit for EDUC 374 towards a credential in ECCE.

EDUC 190 Observing & Recording: Thinking with the E.L.F.

3.00 credits (3,3,4,0) hrs 15 wks

In the first part of the course, students will have opportunities to develop skills in order to observe, record and document the behaviour of young children. Students will begin to support and extend children's interests and play through spontaneous and planned inclusive activities. Interpersonal skills with adults and children will also be developed. During the practicum, students will use his/her daily Teacher Journal and sponsor

teacher suggestions to reflect on his/her own significant learning. Based on observations, students will be able to begin to interpret children's engagements and develop responsive programming strategies.

Note: EDUC 190 is an approved Experiential course for Cap Core requirements.

Note: Students who receive credit for EDUC 175 and 176 cannot receive credit for EDUC 190 towards a credential in ECCE. Prior to practicum placement, students must submit the following documentation in accordance with the Child Care Regulations: a resume, three references, criminal record check, medical report and TB test.

EDUC 240 Advanced Child Development

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: EDUC 166; and EDUC 168 or EDUC 267

This course engages in a critical analysis of current development research and theory focusing on children aged birth to eight. Critically examining the concepts such as readiness, inclusion, gender, diversity in order to understand how developmental theory can construct barriers to quality early childhood education.

Note: EDUC 240 is an approved Science and Technology course for Cap Core requirements.

Note: EDUC 240 is equivalent to EDUC 350. Duplicate credit will not be granted for this course and EDUC 350.

EDUC 244 Theoretical Perspectives

3.00 credits (4,0,0) hrs 15 wks

This course provides an introduction to the history and philosophy of ECCE. Major contemporary issues are examined. International childcare is discussed.

Note: This course is equivalent to EDUC 144 and EDUC 254. Duplicate credit will not be granted for this course and either of EDUC 144 or EDUC 254.

EDUC 251 Centre Operations

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: EDUC 121 or EDUC 221

The student will gain knowledge of the broad concepts and principles involved in the effective administration and management of a child care centre and the skills required to fulfil the role of a manager/director/administrator.

Note: This course is equivalent to EDUC 352. Duplicate credit will not be granted for this course and EDUC 352.

EDUC 276 Applied Theory - Practicum I

3.00 credits (0.6,0,11.67) hrs 15 wks

Prerequisite: EDUC 190, and EDUC 183 or EDUC 273 as a pre or co-requisite

The ECCE program includes three applied theory practicum courses. In each successive course, students extend their knowledge and skills developed in the previous practicum. This course is the second course in the sequence. Students will continue to develop skills in observing, documenting and understanding children and their play and develop programming that honours individual differences, family and cultural practices. Students will be expected to participate as a member of the teaching team.

EDUC 277 Applied Theory - Practicum II

3.50 credits (0.6,0,11.67) hrs 15 wks

Prerequisite: EDUC 276

The ECCE program includes three applied theory practicum courses. In each successive course, students extend their knowledge and skills developed in the previous practicum. This course is the third course in the sequence. Students will continue to develop skills in observing, documenting and understanding children

and their play and develop programming that honours individual differences, family and cultural practices. During this practicum, the student will be expected to participate as a member of the teaching team.

Note: EDUC 277 is an approved Experiential course for Cap Core requirements.

Note: Prior to practicum placement, students must submit the following documentation in accordance with the Child Care Regulations: a resume, three references, criminal record check, medical report and TB test. It is recommended but not required that students have some experience working with children (birth to 5 years of age) as an employee or volunteer.

EDUC 281 Family, School and Community

3.00 credits (4,0,0) hrs 15 wks

This course explores the relationship between families, children's programs and communities. Students will consider the role of Early Childhood Education in Society and our professional responsibilities to young children and families. The study of program qualities, policies and teacher/family communication will be examined with respect to family diversity, supportive relationships and with sensitivity to the issues currently affecting children, families and programs.

Note: EDUC 281 is an approved Self and Society course for Cap Core requirements.

Note: EDUC 281 is equivalent to EDUC 371. Duplicate credit will not be granted for this course and EDUC 371.

EDUC 348 Program Planning, Physical Care and Safety for Infants and Toddlers

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 30 credits of 100-level or higher coursework and ENGL 100 as a pre or corequisite

The student will develop an awareness of the early childhood educator's role and responsibility in preparing a safe, healthy environment and in planning routine procedures for infants and toddlers. The focus will be on planning schedules, routines, space and program activities for infants and toddlers. Individual and small group activities which promote self esteem, language, social behaviours and self-help skills will be planned. Goal setting and effective guidance will be discussed.

Note: It is strongly recommended that students outside of the ECCE program have PSYC 204 or EDUC 350.

EDUC 349 Applied Theory Infant/Toddler Practicum

5.00 credits (0,6,0,14) hrs 15 wks

Prerequisite: EDUC 277 as a prerequisite; EDUC 348 as a pre or co-requisite

This practicum course requires a six week practicum in an inclusive centre for children birth-to-three years. Throughout the course students will reflect in depth upon their previous teaching experiences in relation to the current practicum placement. The intent of the practicum is to implement opportunities for planned and spontaneous programming and consider respectful interactions with young children. Furthermore, throughout the practicum a student will demonstrate advanced professional competencies, knowledge and reflective skills.

Note: Students must have 500 hours of work experience.

Note: Prior to practicum placement, students must submit the following documentation in accordance with the Child Care Regulations: a resume, three references, criminal record check, medical report and TB test. It is recommended but not required that students have some experience working with children (birth to 5 years of age) as an employee or volunteer.

EDUC 354 Planning for Inclusive Practice

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 30 credits of 100-level or higher coursework and ENGL 100 as a pre or corequisite

This course will examine strategies for collaborating with parents, adapting programs, implementing individual intervention goals and helping children to communicate with one another.

Note: EDUC 354 is an approved Self and Society course for Cap Core requirements.

Note: It is strongly recommended that ECCE students complete EDUC 350 prior to or while taking EDUC 354. For students outside of ECCE it is strongly recommend that students complete PSYC 204 or EDUC 350.

EDUC 373 Inquiry-Based Learning in ECCE

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework and EDUC 277; and ENGL 100 as a pre- or corequisite

This course provides students with the opportunity to examine all aspects of negotiated curriculum. Topics will include the image of the child, the investigative environment, learning materials and the basic principles of documentation.

Note: EDUC 373 is an approved Culture and Creative Expression course for Cap Core requirements.

EDUC 374 Curriculum Development (Advanced)

3.00 credits (4,2,0) hrs 15 wks

The student will acquire further knowledge, experience and skill in planning, implementing, and evaluating programming to enhance children's development. The focus will be on developing long-term investigations with children.

Note: This course is only available to students enrolled in the ECCE Post Baccalaureate program or by departmental approval. Students who receive credit for EDUC 273 cannot receive credit for EDUC 374.

EDUC 375 Early Childhood: Children, Culture and Globalization

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework; and ENGL 100 as a pre- or corequisite

The course aims to give students the ability to interpret a broad and historical review of the development of the different concepts of globalization. A critical and questioning approach to the influences of global trends on child-rearing processes and development will be encouraged. The course will critically examine the concepts, terms, definitions and debates of globalization as influences for early childhood practitioners.

Note: EDUC 375 is an approved Self and Society course for Cap Core requirements.

EDUC 376 Global Perspectives on Literature and Literacy

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework; and ENGL 100 as a pre- or corequisite

This course will give the student an understanding of the concept of early literacy and its significance in early childhood care and education.

EDUC 379 Pedagogista Studies: Role of the Pedagogista

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework; and ENGL 100 as a pre- or corequisite

This course will give students the development tools and strategies for organizing the work of the pedagogista in ECCE organizations. On completion of the course, student will have the ability to define the role of pedagogista in our communities and be able to critically examine the ethics and politics in ECCE organizations. Students will also learn how to investigate the role of progettazione: concept and practice, and how to build listening and dialogue in communities of learning.

EDUC 380 Advanced Studies of the Pedagogista

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: EDUC 379

This course is the second course in a 2-part sequence. This course continues to examine the philosophy as well as tools and strategies for organizing the work of the pedagogista in early childhood organizations. Key areas of study will include the pedagogy of listening within the context of particular ECCE learning communities; critical examination of the ethics and politics in early childhood organizations and perspectives on developing "projetazione".

EDUC 381 Applied Theory: Advanced Practice in Early Years I

5.00 credits (0.6,0,14) hrs 15 wks

The Advanced Practice stream has two applied theory practicum courses. This course is the first course in the sequence. Please note this stream cannot be used to obtain a post basic license to practice from the BC Early Childhood Registry. The practicum placement will be in an approved setting which has an early years mandate. Students will gain advanced practice skills in programs supporting young children and their families. Students will conduct in-depth examination of the program delivery, mandate and legislation associated with the program. Student will incrementally demonstrate advanced practice, knowledge and reflective skills.

Note: It is the responsibility of the student to submit a written plan for an Advanced Studies practicum to the ECCE department and obtain faculty approval of the proposal prior to course registration. Students will be required to complete 3 non-ECCE credits relevant to their practicum which have been approved by the department.

Note: Prior to practicum placement, students must submit the following documentation in accordance with the Child Care Regulations: a resume, three references, criminal record check, medical report and TB test. It is recommended but not required that students have some experience working with children (birth to 5 years of age) as an employee or volunteer.

EDUC 382 Applied Theory: Advanced Practice in Early Years II

5.00 credits (0.6,0,14) hrs 15 wks

The Advanced Practice stream has two applied theory practicum courses. This course is the second course in the sequence. Please note this stream cannot be used to obtain a post basic license to practice from the BC Early Childhood Registry. The practicum placement will be in an approved setting which has an early years mandate. Students will gain advanced practice skills in programs supporting young children and their families. Students will conduct in-depth examination of the program delivery, mandate and legislation associated with the program. Student will incrementally demonstrate advanced practice, knowledge and reflective skills.

Note: It is the responsibility of the student to submit a written plan for an Advanced Studies practicum to the ECCE department and obtain faculty approval of the proposal prior to course registration. Students will be required to complete 3 non-ECCE credits relevant to their practicum which have been approved by the department.

Note: Prior to practicum placement, students must submit the following documentation in accordance with the Child Care Regulations: a resume, three references, criminal record check, medical report and TB test. It is recommended but not required that students have some experience working with children (birth to 5 years of age) as an employee or volunteer.

EDUC 383 Curriculum - Outdoor Environments

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework; and ENGL 100 as a pre- or corequisite

This course explores the notion of outdoor education and nature-based education in an early childhood context. The major emphasis will be on how children and educators can develop an ecological identity by engaging in outdoor spaces/curriculum.

EDUC 384 Curriculum: Numeracy in the Early Years

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework; and ENGL 100 as a pre- or corequisite

Based on the philosophy that play provides the foundation for children's growth and development, this experiential workshop course focuses on learning environments, curriculum planning, and teaching strategies that support children's engagement with concepts of numeracy. The course will focus on how young children use and understand mathematics in everyday life, in their play and in their daily living.

EDUC 385 Advanced Curriculum Studies

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework; and ENGL 100 as a pre- or corequisite

In this course, the students will acquire further knowledge, experience and skill in planning and implementing long-term investigations with children. They will engage with pedagogical practices related to curriculum that reflect the BC ELF and current research. Further, the course will extend students work with pedagogical narration as a practice use to interpret children's engagements and to develop responsive programming.

EDUC 386 Pedagogista Studies: Engaging with the West Coast

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework and EDUC 373 or 379

This course will introduce students to current early childhood theories and approaches that understand pedagogy as situated and relational. This course examines the role of the pedagogista in the ongoing development of West Coast Pedagogies in early years classrooms. Throughout the course students will learn within an interdisciplinary approach to pedagogy and place so as to generate contextual pedagogical dispositions and sensitivities.

EDUC 388 The Pedagogical Practice of Pedagogical Narrations

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework; and ENGL 100 as a pre- or corequisite

This course will explore the philosophical and pedagogical aspects of narrations that promote practices and inquiries that support pedagogical work that listens to children's interests, desires, experimentations and movements. In order to understand the purposes and processes of pedagogical narrations, students will critically contextualize documentation in early childhood education.

EDUC 390 Applied Theory: Inclusive Practice Practicum

5.00 credits (0.6,0,14) hrs 15 wks

Prerequisite: EDUC 277 as a prerequisite; EDUC 354 as a pre or co-requisite

This course is a six-week post-basic practicum. This advanced practicum will be in an inclusive centre for children ages birth to five years. In this course, the student will develop programming that honours individual differences, family and cultural practices. An in-depth examination of inclusive practice will be a guiding factor throughout the practicum. These skills will incrementally demonstrate the student's advanced professional, practice, knowledge and reflective skills.

Note: Prior to practicum placement, students must submit the following documentation in accordance with the Child Care Regulations: a resume, three references, criminal record check, medical report and TB test.

Note: It is recommended but not required that students have some experience working with children (birth to 5 years of age) as an employee or volunteer.

EDUC 470 Issues and Perspectives on Young Children, Families & ECCE

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework; and ENGL 100 as a pre- or corequisite

This course examines the social, political, and economic factors and the relationships between these factors and families in a variety of cultural contexts. A study of socio-cultural theories will build a more complex

picture of the relations between individual and cultural processes. Students will be able to formulate a professional response that includes families as active participants in the care and education of their children.

EDUC 471 Leadership, Advocacy and Policy in ECCE

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework; and ENGL 100 as a pre- or corequisite

This course explores leadership, advocacy and policy within the context of current political and philosophical dialogues in ECCE. Key topics will include an examination of relevant legislation, government policies and regulations; roles of advocacy groups; policy development; relationships with governmental and non-governmental organizations and the role that Early Childhood educators play as advocates in a global context.

EDUC 472 Contemporary Issues in ECCE

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework; and ENGL 100 as a pre- or corequisite

This course is designed to examine contemporary issues in early childhood care and education in order to expose students to current developments in the field. International, national and local aspects of early childhood policy, practice, professionalism, curriculum and learning environments will be considered. There will be an in-depth examination of a range of current political, social, professional and community issues relevant to early childhood practices.

EDUC 473 Teacher as Researcher

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework and ENGL 100; and EDUC 373 as a pre- or corequisite

This course is an introduction to the tradition of practitioner research in Early Childhood Care and Education. Students will learn the rudiments of critical teacher inquiry and explore research as an ongoing aspect of one's teaching practice. The course focuses on the dispositions, concepts and skills involved in designing and conducting educational research projects. It introduces a range of qualitative research methodologies. Students will begin framing a research question and designing an independent research project.

EDUC 474 Social Justice and Ethics in ECCE

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework; and ENGL 100 as a pre- or corequisite

This course will provide students with an understanding of various social justice frameworks and the complexities of translating them into early childhood care and educational practices. Topics include an examination of social justice issues from an ethical perspective; an assessment of power dynamics and privilege in contemporary and historical societies; and a focus on the relationships between ethics, early childhood care and education and human rights at both theoretical and practical levels.

Note: EDUC 474 is an approved Self and Society course for Cap Core requirements.

EDUC 475 Graduating Seminar

6.00 credits (2,0,4) hrs 30 wks

Prerequisite: 15 credits of 300-level or higher EDUC, including EDUC 373; and both EDUC 473 and a 3-credit quantitative/analytical course as pre- or corequisites

In this course students carry out an extended, in-depth curriculum project investigating an idea, material, process, story, or topic with children, document the project using the processes and practices of pedagogical narration, and present the project in a public presentation. Students will be assisted in finding appropriate placements to engage in an in-depth curriculum project with children 0 to 5 years of age that reflects the pedagogical intentions in the BC Early Learning Framework.

Note: EDUC 475 is an approved Capstone course for Cap Core requirements. EDUC 475 is an approved Experiential course for Cap Core requirements.

EDUC 476 Atelierista Studies: Studio Research in ECCE

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework; and ENGL 100 as a pre- or corequisite

This course explores artistic ways of knowing and researching in early childhood contexts. Students will be offered the opportunity to consider alternative forms of educational research, understand the arts as a mode of inquiry, and to conceptualize the early childhood art studio as space of research.

EDUC 477 Atelierista Studies: Young Children and the Arts

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework; and ENGL 100 as a pre- or corequisite

This course explores ways that educators can facilitate children's artistic engagements and productions and support their fluency with/in different artistic media and processes. It aims to help educators develop sensitivities towards working with children in their experimentations and fabrications and consider how we might enter into what is already happening.

EDUC 483 Curriculum: Outdoor Environments II

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework and ENGL 100; and EDUC 383 as a pre- or corequisite

This course explores the notion of outdoor education and nature-based education in an early childhood context. The course includes an intensive field study component that involves students participating in outdoor activities. Picking up the threads that wove through EDUC 383, the major emphasis of this course will be gaining knowledge regarding how to ethically engage in outdoor spaces/curriculum with young children.

EDUC 485 Postqualitative Research Methodologies

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 12 credits of 300-level or higher coursework

This course introduces students to postqualitative research methodologies engaging with a range of poststructural and posthumanist theories to unsettle Eurocentric and anthropocentric frameworks. Students examine positivist research terms such as reliability, validity, representation, and objectivity from a postqualitative lens. Postqualitative methods such as decolonizing methods, multispecies ethnography, a/r/tography, queer/queering methods and narratives/writing are explored to consider new ways of engaging in research that acknowledges the complexity and contradiction of lived experiences. Moving beyond data analysis as a process of coding and accessing, themes, students engage in data analysis methods that make possible new understandings of data. The goal of this course is to invite students to disrupt research as a quest for certainty and universality in order to make space for provisional and diverse ways of being in the world.

EDUC 505 Childhoods: Reconceptualist Narratives in Early Childhood

6.00 credits (4,0,0) hrs 30 wks

This course uses poststructural including posthumanist theories and a reconceptualist perspective to reimagine alternative ways of understanding childhoods in the 21st century. Students explore the concept of subjectivity to make visible how subjects are produced and maintained in educational practices. Woven throughout this course is an analysis of how particular neoliberal subjectivities within education routinely marginalize specific groups of children and families. Students consider alternative educational practices that emerge from a perspective that all children are strong, resilient and resourceful. Attention is given to

the messy, complex and often contradictory lives of that contain entangled multiple relationships with humans and more than human beings.

Economics

ECON 100 Introduction to Economics

3.00 credits (4,0,0) hrs 15 wks

This course traces the development of, and conflicting views on, the nature of economic systems throughout history. It focuses on the historical development of economic society and the divergent interpretations of the operation of capitalism as found in the writings of such economists as Adam Smith, David Ricardo, Karl Marx, J.M. Keynes and Milton Friedman. It also deals with contemporary issues and such basic concepts as supply and demand.

Note: ECON 100 is an approved Self and Society course for Cap Core requirements.

ECON 111 Principles of Microeconomic Theory

3.00 credits (4,0,0) hrs 15 wks

This course presents a study of the theoretical constructs of consumer behaviour and the operation of business firms in the market economy under conditions of perfect competition, oligopoly, monopoly and monopolistic competition. Included is an evaluation of these different markets.

Note: ECON 111 is an approved Self and Society course for Cap Core requirements.

Note: ECON 111 is an approved Quantitative/Analytical course for baccalaureate degrees.

ECON 112 Principles of Macroeconomic Theory

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: ECON 111

This course presents a model of income determination and explains how the various parts of the macro-economy are interrelated. Included is the study of the possible causes and solutions to unemployment and inflation and the importance of the international economy. Government fiscal and monetary policies are examined in detail.

Note: ECON 112 is an approved Self and Society course for Cap Core requirements.

Note: ECON 112 is an approved Quantitative/Analytical course for baccalaureate degrees.

ECON 207 Managerial Economics

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: ECON 111, 112 and MATH 108 or 116 or equivalent

This course is the application of microeconomic theory to a variety of management and planning decisions such as output maximization and cost minimization given the constraints faced by firms.

Note: This is an approved Quantitative/Analytical course for baccalaureate degrees.

ECON 210 Money and Banking

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: ECON 111 and 112

This course is an introduction to the role of money and banks within the general functioning of the financial markets and is designed to facilitate an understanding of financial markets both in Canada and in other major industrial countries. Topics include, the theory of bank behaviour, the tools, the conduct and the evolution of monetary policy, present value analysis, interest rate determination, and exchange rates.

Note: ECON 210 is an approved Science and Technology course for Cap Core requirements.

Note: ECON 210 is an approved Quantitative/Analytical course for baccalaureate degrees.

ECON 211 Intermediate Microeconomic Analysis

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: ECON 111, 112 and MATH 108 or 116

This course presents an in-depth look at such topics as consumer behaviour, production, exchange, equilibrium of the firm under different market structures, factor markets, and economic welfare.

ECON 212 Intermediate Macroeconomic Analysis

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: ECON 111, 112 and Math 108 or 116

The course presents an in-depth look at such topics as income and employment theory, monetary theory, the open economy, economic fluctuations and growth.

ECON 250 Economic History of the Pre-Industrial Era

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: ECON 111 and 112

This course provides a broad sweep of economic history from the Old Stone Age to the Industrial Revolution. The economies of the prehistoric era, the river civilizations, classical antiquity and Europe in the middle ages are studied, while emphasis is placed on the transition from feudalism to early forms of capitalism in Europe.

Note: This is an approved Quantitative/Analytical course for baccalaureate degrees.

ECON 252 Economic History of the Industrial Era

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: ECON 111 and 112, or 30 credits in Arts and Sciences or permission of the instructor

This course provides a study of the Industrial Revolution and subsequent economic growth in the context of several countries, including Canada. Contrast is made between the paths of development of today's industrial economies and those nations now attempting to industrialize.

ECON 255 Understanding Globalization

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: ECON 111 and 112

Examine the effects of globalization on the world's economic, political and social landscape. The course will focus on international trade, capital movement, division of production and migration.

ECON 290 Public Policy I

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: ECON 111 and 112

The course involves an examination of the current government microeconomic policies which are important to Canada, including resource management, utility regulation and pricing, international trade, income distribution, taxation, education, health care and environmental protection.

Note: This is an approved Quantitative/Analytical course for baccalaureate degrees.

ECON 291 Public Policy II

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: ECON 111 and 112

The course involves an examination of current government macroeconomic policies, including fiscal and monetary policies, debt management policies, international finance and exchange rate management, federal provincial relations, etc.

Note: This is an approved Quantitative/Analytical course for baccalaureate degrees.

ECON 342 Economic Growth

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework

This course will examine the causes and implications of differences in economic growth around the world. Economic theory is used to analyze issues of traditional fertility and mortality patterns, demographic transition, well-being and nutrition, international and internal migration, epidemics and growth spurts.

ECON 350 Revolutions: Economics and the Economy

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework

This course, which requires no prior knowledge of Economics, will examine both the major changes in the way humans have organized their economic systems and in the ways in which these economic systems has been understood and explained. Among the major themes will be the decline in self-sufficiency, the rise of regional and national markets and the transition to a global economy.

ECON 378 Economies of the World

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework

This course will examine the rise and fall of economic systems of the Four Cs - Co-operation, Command, Custom and Competition - over the ages. It will look at the features of each system, examining the strengths and weaknesses of each, and will explain why eventually most of them fail. This course will also explain where each of the isms - capitalism, socialism, feudalism, imperialism and market socialism - fits into this schema.

ECON 390 Effects of Public Policy on Business and the Economy

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework including ECON 111, 112 and MATH 101

This course provides qualitative and quantitative methods, including benefit/cost analysis, to quantify the effects of public policies on the economy, business and consumers. It analyzes international trade and investment, resource management, environmental protection, competition, industry entry and pricing regulation and tax policies with a combination of lectures, case studies and class debates.

ECON 490 Directed Studies

3.00 credits (0,0,4) hrs 15 wks

Prerequisite: 15 upper level credits, including a minimum of one 300-level ECON course

Students will work with an Economics faculty member to guide them in the development of a research-based project. Specific course details will be arranged between individual students and faculty members. See the Department of Economics website for complete details on the application process.

Education and Career Planning

EDCP 020 Fundamental Education and Career Planning

1.00 credit (4,0,0) hrs 15 wks

This course prepares adults with basic and fundamental skills to successfully enter and sustain work or progress into other career-related education.

EDCP 040 Education and Career Planning**2.00 credits (4,0,2) hrs 15 wks***Prerequisite:* BENG 031

This course seeks to develop a foundation of skills, attitude, strategies and plans to enhance long term academic, career and life success through career exploration, educational planning, study skills and time management.

Education Employment Access

EEA 001 Assessment**3.00 credits (4,0,0) hrs 15 wks**

Participants will engage in assessment inventories leading to specific employment and/or education opportunities. Assessment results will be documented to support students' goals.

Note: This course is equivalent to OCTR 001. Duplicate credit will not be granted for this course and OCTR 001.

EEA 002 Portfolio**3.00 credits (4,0,0) hrs 15 wks**

This course offers students the opportunity to create and develop both a print and e-portfolio. Students will reflect on what they have learned from the Assessment course and continue to build their portfolios with skills and certifications obtained throughout the program. Students will demonstrate using a portfolio for work search or in educational interviews.

EEA 003 Employability Skills**4.50 credits (4,0,0) hrs 30 wks**

This course is designed to raise students' awareness of the employability skills required to obtain successful employment. Students will identify and address personal and employment barriers.

Note: This course is equivalent to OCTR 003. Duplicate credit for this course and OCTR 003 will not be granted.

EEA 004 Practical Communication Skills for Employment and Education**3.00 credits (4,0,0) hrs 15 wks**

Students will learn skills and techniques required for effective customer service delivery and industry specific materials.

Note: This course is equivalent to OCTR 004. Duplicate credit for this course and OCTR 004 will not be granted.

EEA 005 Work Experience Practicum**6.00 credits (1.5,0,6) hrs 09 wks**

This course is designed to provide students with practical skills training and work experience with ongoing evaluations.

Note: This course is equivalent to OCTR 005. Duplicate credit for this course and OCTR 005 will not be granted.

EEA 006 Transition Skills**3.00 credits (4,0,0) hrs 15 wks**

This course is designed specifically for students who require more support in their transition from high school to either first year university, employment, further post-secondary courses and/or to more inclusive and active community involvement.

EEA 007 Foundations for Student Success

3.00 credits (4,0,0) hrs 15 wks

This course is designed for students currently enrolled the Education and Employment Access program at Capilano University and require support to succeed. The focus will be on developing the academic and personal skills necessary to become a successful student. Emphasis will be placed on taking personal responsibility for learning and how to effectively disclose learning disabilities in an educational and workplace environment. Students will have the opportunity to fully understand and utilize the university support services: writing centre, learning labs, advisors, counsellors, accessibility student services and learning specialist. The advantages of using technology will also be highlighted.

Note: EEA 007 is equivalent to USSD 090. Duplicate credit will not be granted for this course and USSD 090.

Engineering (Applied Science)

APSC 120 Introduction to Engineering

1.00 credit (1,0,0) hrs 30 wks

This course uses guest speakers, video-taped material and field trips to provide students with an orientation to a career as a professional engineer. Attendance at scheduled activities is the only course requirement. Final "grades" are reported as CR (Credit Granted) or NC (No Credit Granted).

Note: APSC 120 is an approved Science course.

Note: For Engineering Transfer program and Engineering Transition program students only.

APSC 130 Technical Drafting and Computer-Aided Design

3.00 credits (0,4,0) hrs 15 wks

Prerequisite: Math Placement Test (Calculus MPT) or Pre-calculus 12 or MATH 105 or BMTH 054

In this hands-on lab-based course students will be introduced to hand drafting and computer-aided drafting techniques applied to engineering designs. Although it is intended for students in the Engineering programs, this course will be of interest to any discipline that involves the design of materials, structures, devices, systems, or processes according to specified criteria. Students will learn to communicate technical material in graphical form, and to read, understand, and produce basic engineering drawings. In addition, students will become familiar with some of the conventions and practices of graphical communication.

Note: APSC 130 is an approved Science and Technology course for Cap Core requirements. APSC 130 is an approved Experiential course for Cap Core requirements.

Note: APSC 130 is an approved Quantitative/Analytical course for baccalaureate degrees. APSC 130 is an approved Science course.

APSC 140 Engineering Design

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: APSC 130, and COMP 106 or COMP 120 as prerequisite with concurrency

In this project-based course students will be introduced to the principles of engineering design and to the conventions of technical presentation. Case studies and sample problems will be used to elucidate these principles and conventions. Students will participate in the design of original solutions to new problems, and will communicate technical engineering material in graphical, written, and oral forms. Design problems

will be chosen from a variety of engineering disciplines to give students some exposure to the different facets of engineering practise.

Note: APSC 140 is an approved Science and Technology course for Cap Core requirements. APSC 140 is an approved Capstone course for Cap Core requirements.

Note: APSC 140 is an approved Quantitative/Analytical course for baccalaureate degrees. APSC 140 is an approved Science course.

APSC 278 Materials Science for Engineers

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: CHEM 111, PHYS 114 and MATH 116

This course is an introduction to the underlying structure of solids from the atomic to the macroscopic scale. Students will examine the nature of defects, microstructure and mechanical, electrical and optical properties of materials.

Note: APSC 278 is an approved Quantitative/Analytical course for baccalaureate degrees.

Note: APSC 278 is an approved Science course.

English

ENGL 010 Language Skills

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: See information on English Diagnostic Test in the Registration section of the University Calendar.

This is an intensive course in fundamental writing and reading skills. It is not transferable to university, but successful completion guarantees admission to English 100.

ENGL 100 University Writing Strategies

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: See information on English Diagnostic Test in the Registration section of the University Calendar.

This university writing course introduces students to foundational strategies for critical reading, analytical thinking, and clear writing. Through the exploration of topical questions in local and global contemporary culture, the course teaches core skills for active reading and discussion, and provides students with opportunities to write in a range of forms and genres from blog posts to critical analysis to research projects. Revision and detailed individual feedback are fundamental components of the course. Modules on research literacy are taught in collaboration with the university library. Modules on editing, revision, and digital literacy are taught in collaboration with the Capilano Writing Centre.

Note: ENGL 100 is an approved Literacy course for Cap Core requirements.

Note: For the focus of the course each term, see the "Courses" page on the English Department website.

ENGL 103 Introduction to Literature

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: See information on English Diagnostic Test in the Registration section of the University Calendar.

This course introduces students to a rich variety of literature in both traditional and new genres, including novels, plays, poems, screenplays, memoirs, and graphic novels. See the Department of English website for the focus of the course in a specific term.

Note: ENGL 103 is an approved Culture and Creative Expression course for Cap Core requirements.

ENGL 107 Indigenous Literature and Film

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: See information on English Diagnostic Test in the Registration section of the University Calendar.

This course focuses on Indigenous poetry, plays, screenplays, films, novels, and memoirs across national boundaries. The course may also include work by non-Indigenous writers on Indigenous subjects. See the Department of English website for the focus of the course in a specific term.

Note: ENGL 107 is an approved Culture and Creative Expression course for Cap Core requirements. ENGL 107 is an approved Self and Society course for Cap Core requirements.

ENGL 109 Literature and Contemporary Culture

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: See information on English Diagnostic Test in the Registration section of the University Calendar.

This course explores contemporary issues as represented in literature, film and music. The specific issue investigated differs between sections, instructors and years. See the Department of English website for the focus of the course in a specific term.

Note: ENGL 109 is an approved Culture and Creative Expression course for Cap Core requirements.

ENGL 112 Reading, Writing, Dialogue: Entering Global Conversations

3.00 credits (4,0,0) hrs 15 wks

This course will support first-year students in their development as writers in a university context, targeting skills in attentive reading, thoughtful writing, and dialogical exchange through the study of short texts (literary, popular, and multimedia) about global cultures and issues.

ENGL 190 Introduction to Creative Writing

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: See information on English Diagnostic Test in the Registration section of the University Calendar.

In this introductory Creative Writing workshop, students sharpen their writing craft by writing and workshoping in multiple genres while also studying contemporary practice. All sections of ENGL 190 involve creation of writing through prompts and exercises, editorial feedback through a variety of means, and the curation of a substantial written portfolio.

Note: ENGL 190 is an approved Culture and Creative Expression course for Cap Core requirements.

Note: For the focus of the course each term, see the "Courses" page on the English Department website.

ENGL 191 Creative Writing: Contemporary Practices

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: See information on English Diagnostic Test in the Registration section of the University Calendar.

In this course, students develop their writing craft by writing and workshoping in multiple genres while studying contemporary practice. All sections of ENGL 191 involve creation of writing through prompts and exercises, editorial feedback through a variety of means, the curation of a substantial electronic portfolio with an artist statement, and a focus on writing "the series," or long project. This project will provide students with the skills needed to research and write a coherent and comprehensive serial or longer form work, which will form a significant portion of the curated ePortfolio.

Note: ENGL 191 is an approved Culture and Creative Expression course for Cap Core requirements.

Note: For the focus of the course each term, see the "Courses" page on the English Department website.

ENGL 200 Literature in English from Beowulf to Paradise Lost

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: Any combination of two first-year English courses.

This course surveys significant works in early English literary history, from the medieval period to the mid-17th century (1660), covering a variety of literary forms, such as epic, Celtic narratives, Arthurian romances, mystical writings and autobiography, lyrics, sonnets, and Elizabethan and Jacobean drama.

Note: ENGL 200 is an approved Culture and Creative Expression course for Cap Core requirements.

Note: For the focus of the course each term, see the "Courses" page on the English Department website.

ENGL 201 Literature in English after Paradise Lost

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: Any combination of two first-year English courses.

This course surveys significant works in English literary history from the Restoration (1660) to the modernist period (early 20th century). Tracing the rise of print culture, this course investigates different literary forms, including plays, novels, short stories, poetry, as well as less conventional modes such as diaries, journals, magazine articles, and letters.

Note: ENGL 201 is an approved Culture and Creative Expression course for Cap Core requirements.

Note: For the focus of the course each term, see the "Courses" page on the English Department website.

ENGL 203 Canadian Literature

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: Any combination of two first-year English courses.

This course examines important works of Canadian literature across a range of genres and in relation to the unique history of Canadian cultural identity.

Note: ENGL 203 is an approved Culture and Creative Expression course for Cap Core requirements.

Note: For the focus of the course each term, see the "Courses" page on the English Department website.

ENGL 205 Modern American Literature

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: Any combination of two first-year English courses.

The course explores modern American culture through selected works of literature written in the United States from the late 19th century to the present day.

Note: ENGL 205 is an approved Culture and Creative Expression course for Cap Core requirements.

Note: For the focus of the course each term, see the "Courses" page on the English Department website.

ENGL 207 Literary Theory and Criticism

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: Any combination of two first-year English courses.

This course introduces students to the dynamic history of literary theory and criticism, focusing on the last century and approaches such as formalism, structuralism, psychoanalysis, feminism, Marxism, and post-structuralism.

Note: ENGL 207 is an approved Culture and Creative Expression course for Cap Core requirements.

Note: For the focus of the course each term, see the "Courses" page on the English Department website.

ENGL 208 Studies in Fiction

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: Any combination of two first-year English courses.

This course extends the student's knowledge of the story-telling genres by exploring selected works of fictional narrative, such as novels, novellas, short stories, or graphic novels, chosen for their literary, cultural, or historical importance.

Note: ENGL 208 is an approved Culture and Creative Expression course for Cap Core requirements.

Note: For the focus of the course each term, see the "Courses" page on the English Department website.

ENGL 213 World Literature in English

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: Any combination of two first-year English courses.

This course invites students to sample modern literature written in English and drawn from a variety of countries, cultures, and traditions around the globe.

Note: ENGL 213 is an approved Culture and Creative Expression course for Cap Core requirements.

Note: For the focus of the course each term, see the "Courses" page on the English Department website.

ENGL 217 Literature on the Edge

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: Any combination of two first-year English courses.

This course examines topics, texts, and/or genres for their experimental or radical qualities, which place them on the margins of traditional literary studies.

Note: ENGL 217 is an approved Culture and Creative Expression course for Cap Core requirements.

Note: For the focus of the course each term, see the "Courses" page on the English Department website.

ENGL 218 The Art of Children's Literature

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: Any combination of two first-year English courses.

This course explores the rich variety of children's literature and considers how writing for children delights, instructs, and subverts. Texts will include poems, novels, tales, illustrations, and films.

Note: ENGL 218 is an approved Culture and Creative Expression course for Cap Core requirements.

Note: For the focus of the course each term, see the "Courses" page on the English Department website.

ENGL 219 Reel Lit: Literature into Film

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: Any combination of two first-year English courses.

This course examines works of literature alongside their film or television adaptations, exploring the textual and visual as distinct modes of expression while considering what is lost or gained in the translation of content from one medium to another.

Note: ENGL 219 is an approved Culture and Creative Expression course for Cap Core requirements.

Note: For the focus of the course each term, see the "Courses" page on the English Department website.

ENGL 260 Writing Communities

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: Any combination of two first-year English courses

This course introduces students to the intellectual practices and institutional networks that sustain the work of writing. Bridging the divide between creative and academic literary production, the course explores a range of histories and methods to illuminate their social contexts. Investigating key institutions of literary culture and scholarship (e.g. coteries, schools, readings, conferences, journals, archives), students will familiarize themselves with the interpersonal processes that support literary research and will collaborate on final creative-scholarly projects.

Note: ENGL 260 is an approved Culture and Creative Expression course for Cap Core requirements.

Note: For the focus of the course each term, see the "Courses" page on the English Department website.

ENGL 290 Creative Writing: Letter and Line

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: ENGL 190 and ENGL 191

This is an intensive workshop in the writing of poetry, concentrating on an understanding of form, an awareness of voice, and an individual poetics. Students will have the opportunity to try a variety of forms: the short lyric, the serial poem, narrative verse, prose poetry.

Note: ENGL 290 is an approved Culture and Creative Expression course for Cap Core requirements.

Note: For the focus of the course each term, see the "Courses" page on the English Department website.

ENGL 291 Creative Writing: Narrative Fictions

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: ENGL 190 and ENGL 191

This is an intensive workshop in the writing of fiction, concentrating on narrative techniques in student writing and in a variety of published works of contemporary fiction. Students will have the opportunity to develop an awareness of voice, rhythm, dialogue, diction, character, and point-of-view.

Note: ENGL 291 is an approved Culture and Creative Expression course for Cap Core requirements.

Note: For the focus of the course each term, see the "Courses" page on the English Department website.

ENGL 292 Creative Writing: Children's Literature

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: ENGL 190 and ENGL 191

This is an intensive workshop in writing literature for children of various ages. Students will work on such forms as text for picture books, nonsense rhymes, and chapters of young adult novels in verse.

Note: ENGL 292 is an approved Culture and Creative Expression course for Cap Core requirements.

Note: For the focus of the course each term, see the "Courses" page on the English Department website. ENGL 218 is recommended.

ENGL 293 Creative Writing: Creative Nonfiction

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: ENGL 190 or ENGL 191

This is an intensive workshop in the writing of creative nonfiction, concentrating on contemporary forms such as magazine articles, personal essays, travel writing, blogging, etc, as well as professional aspects of writing, such as "the pitch", book proposals, and the editing process.

Note: ENGL 293 is an approved Culture and Creative Expression course for Cap Core requirements.

Note: For the focus of the course each term, see the "Courses" page on the English Department website.

ENGL 295 Special Topics in Creative Writing

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: ENGL 190 or 191

The focus of this Creative Writing course is determined by the individual instructor in consultation with the department. See the Department of English website for the focus of the course in a specific term.

Note: Recommended course follow-up: ENGL 290, 291, 292, 293

ENGL 296 Creative Writing: Writing for the Stage

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: ENGL 190; or ENGL 191; or ACTR 100 and ENGL 100

This is an intensive workshop in the writing of short plays, concentrating on effective playwrighting skills with an established playwright and a director. Students will develop and draft their works multiple times, ultimately seeing these works performed before a public audience at the end of the course.

Note: ENGL 296 is an approved Culture and Creative Expression course for Cap Core requirements.

Note: For the focus of the course each term, see the "Courses" page on the English Department website.

ENGL 300 Writing, Rhetoric, Style
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework including 6 credits of 100 or 200-level ENGL
 Building on writing, research, and revision skills introduced in ENGL 100, this course will deepen the writer's knowledge of rhetorical choices and awareness of current essay genres. Students will learn to effectively take the investigative project through all stages of composition - from inception and handling of research to revision and stylistic editing - and will gain confidence in writing in a variety of modes.

Note: ENGL 300 is an approved Culture and Creative Expression course for Cap Core requirements.

Note: For the focus of the course each term, see the "Courses" page on the English Department website.

ENGL 301 Studies in Rhetoric
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework including 6 credits of 100 or 200-level ENGL
 This course offers advanced study in the theory and/or history of rhetoric. See the Department of English website for the focus of the course in a specific term.

ENGL 302 Studies in British Columbian Literature
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework including 6 credits of 100 or 200-level ENGL
 This exploration of British Columbian literature reveals perspectives on places and events, and on the operation of language as seen from different cultural perspectives.

ENGL 305 Special Topics in Canadian Literature
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework including 6 credits of 100 or 200-level ENGL
 This course studies selected works of Canadian literature important for their artistic, cultural, or historical content and contexts. Depending on the term, iterations of the course may focus on a specific moment in Canadian literary culture, or may look at the history of Canadian literature as a whole. Sample course titles: Canadian Modernism, Postcolonial Canadian Literature, Canadian Literary Urban Fiction.

Note: ENGL 305 is an approved Culture and Creative Expression course for Cap Core requirements.

Note: For the focus of the course each term, see the "Courses" page on the English Department website.

ENGL 308 Studies in British Literature
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework including 6 credits of 100 or 200-level ENGL
 The course explores aspects of British literature through selected works of literature written by authors from or based in the United Kingdom from early modern period to the present day. Topics covered might include the birth of the novel, representations of the Industrial Revolution, the Imperial and post-Imperial novel, or Anglo-American modernism. See the Department of English website for the focus of the course in a specific term.

ENGL 311 Studies in American Literature
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework including 6 credits of 100 or 200-level ENGL
 This course explores aspects of American literature through selected works of literature written by authors from or based in the United States from the early modern period to the present day. Topics covered might include the birth of a nation, race relations, the West and Manifest Destiny, or the post-9/11 novel. See the Department of English website for the focus of the course in a specific term.

ENGL 314 Studies in National Literatures

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework including 6 credits of 100 or 200-level ENGL

This course explores national literatures and their cultural, social, and political power in relation to the development and construction of personal and national identity. The course, for example, may focus on Central American, Iranian, Irish, and Russian literature. See the Department of English website for the focus of the course in a specific term.

ENGL 317 Traditions in Western Literature

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework including 6 credits of 100 or 200-level ENGL

This course examines influential works of literature, both in English and in translation, from various periods and countries that are part of what has been traditionally known as the Western World. It explores the ways in which mythology, religion, and history have helped construct western literature. See the Department of English website for the focus of the course in a specific term.

ENGL 320 Global Literatures

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework including 6 credits of 100 or 200-level ENGL

This course examines world literature from a comparative/global framework, or it focuses on a specific geographical/national region from a transnational perspective. This course might also explore the politics, art and theory of translation from historical and/or contemporary perspectives.

Note: ENGL 320 is an approved Culture and Creative Expression course for Cap Core requirements.

Note: For the focus of the course each term, see the "Courses" page on the English Department website.

ENGL 323 Special Topics in Genre

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework including 6 credits of 100 or 200-level ENGL

This course focuses on the emergence and persistence of a specific literary or non-literary genre, such as the gothic novel, lyric poetry, modernist elegy, tragic drama, detective story, travel narrative or memoir/autobiography. The course is intended to develop a deep critical awareness of the formal techniques and social contexts of a given genre's representation of experience.

Note: ENGL 323 is an approved Culture and Creative Expression course for Cap Core requirements.

Note: For the focus of the course each term, see the "Courses" page on the English Department website.

ENGL 326 Traditions in Poetry

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework including 6 credits of 100 or 200-level ENGL

The course surveys poetry traditions and practices across different times and cultures with particular attention to the emergence of new forms and theories of poetry. A specific section of the course may select a particular time period and place, e.g. medieval poetry in England, France, and Japan. See the Department of English website for the focus of the course in a specific term.

ENGL 329 Literature and Performance

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework including 6 credits of 100 or 200-level ENGL

This course examines literary performances, plays, and practices, as well as the performative dimensions of other types of expression. Students will be introduced to, and will use, a range of theoretical perspectives and methods to analyze a variety of performance texts and contexts. This might include studying theatre,

film, dance, gesture and physicality, gender, the internet and online performances, and everyday site specific performances.

Note: ENGL 329 is an approved Culture and Creative Expression course for Cap Core requirements.

Note: For the focus of the course each term, see the "Courses" page on the English Department website.

ENGL 332 Literature and Society

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework including 6 credits of 100 or 200-level ENGL

This course explores ideology, religion, theory, and other societal constructs as presented by writers across the centuries; sample courses include "Marxism and the Novel," "Representations of Faith in Twentieth-Century Literature," and "Lawyers, The Truth, and The Novel". See the Department of English website for the focus of the course in a specific term.

ENGL 338 Literature and Media

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework including 6 credits of 100 or 200-level ENGL

This course explores literary art criticism within the framework of media studies. Students will consider the diverse forms and technologies that have shaped written and oral literature, and will situate literary texts within our increasingly diverse landscape of media forms.

Note: ENGL 338 is an approved Culture and Creative Expression course for Cap Core requirements.

Note: For the focus of the course each term, see the "Courses" page on the English Department website.

ENGL 341 Literature and Visual Culture

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework including 6 credits of 100 or 200-level ENGL

This course surveys the complex interplay between text, typography, images and the book as a material object from a historical and/or contemporary vantage point, emphasizing the ways in which literary texts register both technological change as well as historical, societal, and cultural change. See the Department of English website for the focus of the course in a specific term. See the Department of English website for the focus of the course in a specific term.

ENGL 344 Literature and the Environment

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework including 6 credits of 100 or 200-level ENGL

This course explores literature in the context of recent environmental and ecological thought.

Note: ENGL 344 is an approved Culture and Creative Expression course for Cap Core requirements. ENGL 344 is an approved Self and Society course for Cap Core requirements.

Note: For the focus of the course each term, see the "Courses" page on the English Department website.

ENGL 352 Special Topics in British Literature, 1000-1660

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework including 6 credits of 100 or 200-level ENGL

This course will explore a specific topic in British literary history, concentrating on a single period within the time frame 1000-1660. Depending on the term, specific iterations of the course might focus on the Medieval, Tudor, Jacobean, or Civil-War period, or on portions/combinations thereof. Sample course titles: Early Enlightenment and the Birth of Science Fiction; Early Modern Political Theatre; The Postcolonial Middle Ages; The Metaphysical Poets; Chaucer and his World.

Note: ENGL 352 is an approved Culture and Creative Expression course for Cap Core requirements.

Note: For the focus of the course each term, see the "Courses" page on the English Department website.

ENGL 353 Special Topics in British Literature, 1660-1830**3.00 credits (4,0,0) hrs 15 wks***Prerequisite:* 45 credits of 100-level or higher coursework including 6 credits of 100 or 200-level ENGL

This course will explore a specific topic in British literary history, concentrating on a defined period or development between 1660 and 1830. Iterations of the course might focus on a specific moment within this time frame, or might consider the long eighteenth century as a whole. Sample course titles: Performing Restoration; The Birth of Taste; Reading Scotland in 1745; Race and the Rise of the Novel; Romanticism and the City; 18th Century Characters.

Note: ENGL 353 is an approved Culture and Creative Expression course for Cap Core requirements.

Note: For the focus of the course each term, see the "Courses" page on the English Department website.

ENGL 354 Special Topics in British Literature, 1830-1970**3.00 credits (4,0,0) hrs 15 wks***Prerequisite:* 45 credits of 100-level or higher coursework including 6 credits of 100 or 200-level ENGL

This course will explore a specific topic in British literary history, concentrating on a defined period, movement, or development between 1830 and the 1970s. The specific focus of the course will vary depending on the term and the instructor. Sample course titles: 19th Century Poetry and Photography; Postcolonial London; Irish Modernism; Victorian Literature and Colonial Education; The Domestic Front: Women Writers and the World Wars.

Note: ENGL 354 is an approved Culture and Creative Expression course for Cap Core requirements.

Note: For the focus of the course each term, see the "Courses" page on the English Department website.

ENGL 356 Special Topics in American Literature, 1620-1865**3.00 credits (4,0,0) hrs 15 wks***Prerequisite:* 45 credits of 100-level or higher coursework including 6 credits of 100 or 200-level ENGL

This course will explore a specific topic in US literary history, concentrating on a specific period, movement, or development between the early colonial period and the American Civil War. Each iteration of the course will concentrate on a distinct period, such as the colonial era, Revolutionary era, antebellum era, or some portion/combination thereof. Sample course titles: The American Slave Narrative; The American Constitution as Work of Art; Melville and Modernity; American Literature before the "United States"; Resisting "Removal": American Literature and the Trail of Tears.

Note: ENGL 356 is an approved Culture and Creative Expression course for Cap Core requirements.

Note: For the focus of the course each term, see the "Courses" page on the English Department website.

ENGL 357 Special Topics in American Literature, 1865-1970**3.00 credits (4,0,0) hrs 15 wks***Prerequisite:* 45 credits of 100-level or higher coursework including 6 credits of 100 or 200-level ENGL

This course will explore a specific topic in US literary history, concentrating on a single period, movement, or development between the Reconstruction Era and the 1970's. Sample course titles: American Naturalism; The Harlem Renaissance; US Literature of the Cold War; American Lyric from Dickinson to Dylan; Hollywood and Literary Culture.

Note: ENGL 357 is an approved Culture and Creative Expression course for Cap Core requirements.

Note: For the focus of the course each term, see the "Courses" page on the English Department website.

ENGL 358 Special Topics in Contemporary Literature**3.00 credits (4,0,0) hrs 15 wks***Prerequisite:* 45 credits of 100-level or higher coursework including 6 credits of 100 or 200-level ENGL

This course studies distinctive features of contemporary culture through works of literature written from roughly 1970 to the present day.

Note: ENGL 358 is an approved Culture and Creative Expression course for Cap Core requirements.

Note: For the focus of the course each term, see the "Courses" page on the English Department website.

ENGL 359 Indigenous Literatures

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework including 6 credits of 100 or 200-level ENGL

This course takes up specific questions and issues in the field of historical and/or contemporary Indigenous literature. Reading lists may include Indigenous literatures from around the world, and may focus on a single author, a literary movement, or a theoretical perspective.

Note: ENGL 359 is an approved Culture and Creative Expression course for Cap Core requirements. ENGL 359 is an approved Self and Society course for Cap Core requirements.

Note: For the focus of the course each term, see the "Courses" page on the English Department website.

ENGL 363 Words in The World I: Genre and Form

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework including 6 credits of 100 or 200-level ENGL

This course investigates key genres of English literature and the processes of their formation and transformation. In a seminar setting foregrounding accountable reading, shared inquiry, and collaborative critical dialogue, students will study a wide range of prose, poetry, and performance texts - from the classical to the modern to the contemporary - exploring the ways in which the formal conventions of genres and subgenres have been shaped and reshaped by the particular contexts in which they emerge.

Note: ENGL 363 is an approved Culture and Creative Expression course for Cap Core requirements.

Note: For the focus of the course each term, see the "Courses" page on the English Department website.

ENGL 365 Words in the World II: Cultures, Networks and Traditions

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework including 6 credits of 100 or 200-level ENGL

This course investigates literary and cultural traditions and countertraditions with a focus on their local, global, and postcolonial contexts. In a seminar setting foregrounding accountable reading, shared inquiry, and collaborative critical dialogue, students will study how a wide range of writers, artists, and other thinkers have imagined, articulated, critiqued, and in some cases revised such concepts as personhood, citizenship, justice, and community through varied uses of narrative, storytelling, and other modes of representation.

Note: ENGL 365 is an approved Culture and Creative Expression course for Cap Core requirements. ENGL 365 is an approved Self and Society course for Cap Core requirements.

Note: For the focus of the course each term, see the "Courses" page on the English Department website.

ENGL 367 Land School

3.00 credits (2,0,2) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework including 6 credits of 100 or 200-level ENGL

This course offers experiential study of the literature, history, and culture of a Land School location, with a focus on introducing students to Indigenous ways of knowing. The Land School may be organized around critical approach, historical period, decolonizing practices, or geographical and cultural area. The course has three parts: classroom time, a one- to two-week immersive Land School experience that encourages students to consider place as a form of learning, and opportunities for reflection.

Note: ENGL 367 is an approved Culture and Creative Expression course for Cap Core requirements. ENGL 367 is an approved Self and Society course for Cap Core requirements. ENGL 367 is an approved Experiential course for Cap Core requirements.

Note: For the focus of the course each term, see the "Courses" page on the English Department website.

ENGL 369 Foundations in Writing Pedagogy

3.00 credits (3,0,1) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework including 6 credits of 100 or 200-level ENGL

This course is designed for students in any discipline who wish to learn about some of the philosophies and practices involved in the teaching of writing and revision. With a special focus on preparing students for roles in peer-tutoring contexts, the course offers a hands-on, experiential approach to a range of writing and revision pedagogies that will not only equip students for future positions as writing tutors but also help them sharpen their own writing skills.

Note: ENGL 369 is an approved Experiential course for Cap Core requirements.

ENGL 390 Advanced Poetry and Poetics

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework including 6 credits of 100 or 200-level ENGL

This course focuses on developments in poetry and poetics since the 1970s such as the long poem, serial forms, procedural writing, language-centred writing, ecopoetics, conceptual writing, visual poetry, prose poetry, documentarian forms, poet's theatre, guerrilla poetry, dialect and patois, and new media. See the Department of English website for the focus of the course in a specific term.

ENGL 391 Advanced Narrative Forms

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework including 6 credits of 100 or 200-level ENGL

This course focuses on developments in fiction and narrative since the 1970s such as new narrative, genre fiction, graphic novels, microfiction, the city-novel, appropriated narratives, biofiction, new media, and other forms and modes.

ENGL 392 Creative Writing: Creative Travel Writing

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework including 6 credits of 100 or 200-level ENGL

Travel writing is one of the most popular genres of contemporary literary non-fiction. This course will give students an opportunity to develop substantial, publishable works of travel writing under the guidance of a current practitioner. It will be of interest to all who love travel and adventure and have imagined documenting their experience and sharing them with a wide audience.

Note: ENGL 392 is an approved Culture and Creative Expression course for Cap Core requirements.

Note: For the focus of the course each term, see the "Courses" page on the English Department website.

ENGL 393 Creative Writing: Advanced Practices

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework including 6 credits of 100 or 200-level ENGL

This course presupposes that students have current portfolios. It addresses advanced practices, methods, and techniques used by writers working in a variety of literary genres. Topics include conceptualizing large projects, research methods in the literary genres, global restructuring of manuscripts, examining the writing process, and experimenting with new procedures. In addition to lectures and workshops, local guest writers will visit the class to discuss these aspects of their practice.

Note: ENGL 393 is an approved Culture and Creative Expression course for Cap Core requirements.

Note: For the focus of the course each term, see the "Courses" page on the English Department website.

ENGL 394 Creative Writing: Performance

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework including 6 credits of 100 or 200-level ENGL

Students will adapt material (such as short stories, poems, and essays) from other writing classes, as well as from other sources, for text-based performance genres such as the screenplay, the radio drama, poets theatre, "movie telling," and/or the podcast. Collaboration will be encouraged.

Note: ENGL 394 is an approved Culture and Creative Expression course for Cap Core requirements.

Note: For the focus of the course each term, see the "Courses" page on the English Department website.

ENGL 395 Creative Writing: Special Topics

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework including 6 credits of 100 or 200-level ENGL

The focus of this Creative Writing course is determined by the individual instructor in consultation with the department. Examples might include New Media, Writing and the Body, Transmissions, or Writing from the Land.

Note: ENGL 395 is an approved Culture and Creative Expression course for Cap Core requirements.

Note: For the focus of the course each term, see the "Courses" page on the English Department website.

ENGL 400 Major Authors

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework including 6 credits of 100 or 200-level ENGL

This course offers an in-depth study of a single author.

Note: ENGL 400 is an approved Culture and Creative Expression course for Cap Core requirements.

Note: For the focus of the course each term, see the "Courses" page on the English Department website.

ENGL 410 Topics in Twentieth-Century Literature

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 15 upper level credits including one 300-level English course

This course is an advanced seminar in twentieth-century literature with an emphasis on the close study of specific literary movements and schools such as Modernism, Harlem Renaissance, OULIPO, the New York School, or Postmodernism and/or prevalent thematic concerns present in twentieth-century literature. See the Department of English website for the focus of the course in a specific term.

ENGL 420 Special Topics in Literary Theory

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework including 6 credits of 100 or 200-level ENGL

This course offers an in-depth study of a selected topic in literary-critical theory.

Note: ENGL 420 is an approved Culture and Creative Expression course for Cap Core requirements.

Note: For the focus of the course each term, see the "Courses" page on the English Department website.

ENGL 435 Electronic Literature

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework including 6 credits of 100 or 200-level ENGL

This course examines electronic literature (literature created exclusively on and for digital devices, such as computers, tablets, and mobile phones). Students will consider the genre as a form possessing computer-driven aesthetics - such as speed, animation, and multimodal semiotics - that produce different literary effects and reading practices.

Note: ENGL 435 is an approved Culture and Creative Expression course for Cap Core requirements.

Note: ENGL 435 is equivalent to ENGL 335. Duplicate credit will not be granted for this course and ENGL 335. For the focus of the course each term, see the "Courses" page on the English Department website.

ENGL 463 Words in the World III: Critical and Creative Formations

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework including 6 credits of 100 or 200-level ENGL

This course investigates histories and modes of criticism and the relation between theory and other creative and cultural formations. In a seminar setting foregrounding accountable reading, shared inquiry, and collaborative critical dialogue, students will survey a wide range of critical and literary theories, analyze the social and institutional contexts of their emergence, situate them in relation to each other, and evaluate their impact on both scholarly and creative practices in the 20th and 21st centuries.

Note: ENGL 463 is an approved Culture and Creative Expression course for Cap Core requirements. ENGL 463 is an approved Self and Society course for Cap Core requirements. ENGL 463 is an approved Experiential course for Cap Core requirements.

Note: For the focus of the course each term, see the "Courses" page on the English Department website.

ENGL 464 Capstone Project**3.00 credits (3,0,1) hrs 15 wks**

Prerequisite: 45 credits of 100-level or higher coursework including 6 credits of 100 or 200-level ENGL

In this course, students will refine a creative or critical work of their own making as well as collaboratively produce a professional-quality anthology publication for both print and web formats. Beginning with a brief history and assessment of the anthology form itself, the course will guide students through every stage of the production process, inviting them to try a variety of tasks and allowing them to specialize in the publishing-related role of their choice.

Note: ENGL 464 is an approved Capstone course for Cap Core requirements.

Note: For the focus of the course each term, see the "Courses" page on the English Department website.

ENGL 465 Words in the World Practicum**3.00 credits (1,0,3) hrs 15 wks**

Prerequisite: 45 credits of 100-level or higher coursework including 6 credits of 100 or 200-level ENGL

This is a work-experience course that connects students with a host organization in a relevant field or industry. The Practicum is conducted under the mentorship of a Capilano faculty member and a supervisor from the host organization. Students gain valuable experience applying their skills in research, writing, critical thinking, and imaginative problem-solving in a unique real-world setting, discovering how their training and knowledge can be used in various business, education, research, or cultural contexts.

Note: ENGL 465 is an approved Experiential course for Cap Core requirements.

Note: For the focus of the course each term, see the "Courses" page on the English Department website.

ENGL 466 Directed Reading**3.00 credits (0,0,4) hrs 15 wks**

Prerequisite: 45 credits of 100-level or higher coursework including 6 credits of 100 or 200-level ENGL

Students will work with an English faculty member and be guided in the development of a research-based project. Specific course details will be arranged between individual students and faculty members. Registration is by permission of the instructor and the English Department Coordinator.

Note: ENGL 466 is an approved Culture and Creative Expression course for Cap Core requirements.

ENGL 467 Honours Thesis**6.00 credits (4,0,0) hrs 30 wks**

Prerequisite: 15 credits of 300 or 400-level coursework including 9 credits of 300-level ENGL

In this course students in the English Honours program undertake a research project culminating in a graduating honours thesis. The course is delivered over two terms, the first devoted to reading and research for the project, the second to the drafting and completion of the written thesis.

Note: ENGL 467 is an approved Capstone course for Cap Core requirements.

Note: This course is only open to students who have been accepted into the English Honours program.

ENGL 490 Directed Studies**3.00 credits (4,0,0) hrs 15 wks***Prerequisite:* 15 upper level credits including one 300-level English course

Students will work with an English faculty member and be guided in the development of a research-based project. Specific course details will be arranged between individual students and faculty members. See the Department of English website for complete details on the application process. Admission is by permission of the instructor and the department.

ENGL 491 Creative Writing: Directed Studies**3.00 credits (4,0,0) hrs 15 wks***Prerequisite:* 45 credits of 100-level or higher coursework including 3 credits of 300-level Creative Writing coursework

Students will work with an instructor to guide them with a topic-based analytical/creative project, approved by the student's advisor. Specific course details will be arranged between individual students and faculty members. Registration is by permission of the instructor and the Creative Writing Convenor.

Note: ENGL 491 is an approved Culture and Creative Expression course for Cap Core requirements.

Note: For the focus of the course each term, see the "Courses" page on the English Department website.

English as a Second Language

ESL 031 Lower Intermediate Speaking and Listening**3.00 credits (4,0,0) hrs 15 wks**

This course helps students develop the listening and speaking skills required for entry into the Upper Intermediate Level. Course topics include idioms, formal/informal English, oral reports, listening practice, vocabulary and pronunciation.

ESL 038 Lower Intermediate Reading and Vocabulary**3.00 credits (4,0,0) hrs 15 wks**

The focus of this course is on the development of basic reading, comprehension and vocabulary skills while learning skimming and scanning, identifying main ideas, using the dictionary, using context clues, and understanding and stating pronoun referents.

ESL 039 Lower Intermediate Writing and Grammar**3.00 credits (4,0,0) hrs 15 wks**

This course prepares students with the grammar and writing skills required for ESL. 049, it focuses on intermediate-level grammar, sentence structure, and sentence writing assignments.

ESL 041 Upper Intermediate Speaking and Listening**3.00 credits (4,0,0) hrs 15 wks**

This course helps students develop the listening and speaking skills required for entry into the Advanced Level. Course topics include idioms, impromptu speeches, oral reports, relaxed conversational forms, pronunciation, and listening practice.

ESL 048 Upper Intermediate Reading and Vocabulary**3.00 credits (4,0,0) hrs 15 wks**

This course is designed to improve students' reading comprehension and vocabulary in preparation for the Advanced Level. Course topics include identifying main ideas and details, vocabulary development, word families and context clues.

ESL 049 Upper Intermediate Writing and Grammar

3.00 credits (4,0,0) hrs 15 wks

This course helps students develop the grammar and writing skills required for the Advanced Level. Stress is on sentence structure, grammar, and short writing assignments.

ESL 051 Lower Advanced Listening and Speaking

3.00 credits (4,0,0) hrs 15 wks

This course assists students in developing the listening and speaking skills required for entry into the Upper Advanced Level. The focus is on idioms, relaxed speech structures, listening to lectures and note taking, oral presentations, rhythm, stress and intonation.

ESL 058 Lower Advanced Reading and Vocabulary

3.00 credits (4,0,0) hrs 15 wks

This course introduces students to reading skills and vocabulary development at the Advanced Level. Stress will be placed on improving comprehension, increasing reading speed, using context clues and making inferences.

ESL 059 Lower Advanced Writing and Grammar

3.00 credits (4,0,0) hrs 15 wks

This course introduces more complex grammatical structures used in controlled and free paragraph writing. It prepares students for the sentence and writing skills required for ESL. 069.

ESL 061 Upper Advanced Listening and Speaking

3.00 credits (4,0,0) hrs 15 wks

This course assists students in developing the listening and speaking skills required for entry into post secondary Preparatory English courses. The focus will be on the comprehension and discussion of academic lecture material, idioms and relaxed speech structures, oral reports, debates, listening improvement, rhythm, and intonation.

ESL 068 Upper Advanced Reading and Vocabulary

3.00 credits (4,0,0) hrs 15 wks

This course is designed to raise students' reading and vocabulary skills to the level where they can enter post secondary Preparatory English courses. Focus will be on recognizing different types of writing, organizational patterns, identifying point of view, and making inferences.

ESL 069 Upper Advanced Writing and Grammar

3.00 credits (4,0,0) hrs 15 wks

The emphasis in this course is on composing at the paragraph level. The aim of this course is to bring ESL students' writing skills up to the level required for post secondary Preparatory English courses.

ESL 071 Academic Preparation Listening and Speaking

3.00 credits (4,0,0) hrs 15 wks

This course helps students improve their oral and listening skills to prepare them for college studies. Students will practise speaking through oral reports, summarizing, and debates. Through group work, both formal and informal speech patterns will be explored. Vocabulary development will also be stressed as students incorporate new words and expressions in their speech.

ESL 078 Academic Preparation Reading and Vocabulary

3.00 credits (4,0,0) hrs 15 wks

This course introduces the ESL student to the basic reading and vocabulary skills necessary for entry into the University Transfer and Career/Vocational divisions. Focus will be on reading comprehension at the literary, inferential and critical levels. Course material will include sample texts from various content areas.

ESL 079 Academic Preparation Grammar and Writing

3.00 credits (4,0,0) hrs 15 wks

This course will focus on the paragraph as the standard medium for written communications. It will also introduce students to the essay as the standard medium for academic writing. The course will continue to refine the usage of all grammatical structures.

English for Academic Purposes

EAP 050 English for Academic Purposes Foundations 1

15.00 credits (20,0,0) hrs 15 wks

Prerequisite: The Capilano EAP Placement Test at the EAP 050 level or an ELA with a minimum score of 32

This intensive 20-hour per week course provides students with English language skills at the Lower Intermediate level. It also provides a foundation for the EAP 1-4 program. It includes reading (skimming and scanning for topic, main idea and details), vocabulary building (word structure and context clues), grammar (basic grammar), writing (simple and compound sentences), listening (basic discussions), speaking (basic conversations), and pronunciation (vowels, consonants, word stress and rhythm).

Note: This course is equivalent to ESLF 030. Duplicate credit will not be granted for this course and ESLF 030.

EAP 060 English for Academic Purposes Foundations 2

15.00 credits (20,0,0) hrs 15 wks

Prerequisite: EAP 050 with a minimum grade of B, the Capilano EAP Placement Test at the EAP 060 level, or an ELA with a minimum score of 57

This intensive 20-hour per week course provides students with English language skills at the Upper Intermediate level. It also provides a foundation for the EAP 1-4 program. It includes reading (skimming and scanning, predicting, drawing conclusions), vocabulary building (word structure, synonyms and antonyms), grammar (meaningful and appropriate use of all basic structures), writing (compound and complex sentences), listening (discussions on a variety of topics), speaking (general conversations, social situations, levels of speech), and pronunciation (vowels, consonants, word stress and rhythm).

Note: This course is equivalent to ESLF 040. Duplicate credit will not be granted for this course and ESLF 040.

EAP 070 English for Academic Purposes 1

15.00 credits (20,0,0) hrs 15 wks

Prerequisite: EAP 060 with a minimum grade of B, the Capilano EAP Placement Test at the EAP 070 level, or Test of English as a Foreign Language (TOEFL) paper=440, internet=32, or English Language Assessment (ELA)=77, International English Language Testing System (IELTS)=4.5 overall, and no one score less than 4.0, or Canadian Academic English Language Assessment (CAEL)=30 or Pearson Test of English (PTE Academic)=44

This intensive 20-hour per week course provides students with academic language skills integrated with academic content to the EAP 1 level. It includes reading (improving comprehension, improving speed, using context clues), vocabulary building, grammar (form and appropriate use), writing (controlled and free paragraph writing), listening (lectures, note taking, understanding details of discussions on a variety of

topics), speaking (idioms, relaxed speech structures, discussions and presentations on academic topics), and pronunciation (rhythm, stress and intonation).

Note: This course is equivalent to ESLF 050. Duplicate credit will not be granted for this course and ESLF 050.

EAP 080 English for Academic Purposes 2

15.00 credits (20,0,0) hrs 15 wks

Prerequisite: EAP 070 with a minimum grade of B, the Capilano EAP Placement Test at the EAP 080 level, or Test of English as a Foreign Language (TOEFL) paper=480, internet=45, or English Language Assessment (ELA)=96, International English Language Testing System (IELTS)=5.0 overall, and no one score less than 4.5, or Canadian Academic English Language Assessment (CAEL)=40 or Pearson Test of English (PTE Academic)=47

This intensive 20-hour per week course provides students with academic language skills integrated with academic content to the EAP 2 level. It includes reading (relating reading to own knowledge, determining accuracy of information), vocabulary building (expanding vocabulary recognition skills, context clue knowledge, making inferences), grammar (accurate and appropriate use of structures), writing (complex and compound-complex sentences, paragraphs and essays), listening (lectures, note taking, oral presentations), speaking (handling complicated tasks and social situations, discussions, narration techniques, debates), and pronunciation (pause fillers, rate of speech, improving diction).

Note: This course is equivalent to ESLF 060. Duplicate credit will not be granted for this course and ESLF 060.

EAP 090 English for Academic Purposes 3

12.00 credits (16,0,0) hrs 15 wks

Prerequisite: EAP 080 with a minimum grade of B, or the Capilano EAP Placement Test at the EAP 090 level, or Test of English as a Foreign Language (TOEFL) paper=520, internet=67, or English Language Assessment (ELA)=114, or International English Language Testing System (IELTS)=5.5 overall, and no one score less than 5.0, or Canadian Academic English Language Assessment (CAEL)=50, or Pearson Test of English (PTE Academic)=50

This intensive 16 hour per week course provides students with academic language skills integrated with academic content to the EAP 3 level. It includes reading (using grammar knowledge to decode meaning and recognize stereotypes, biases and clichés; identifying supporting details for main ideas; determining accuracy and distinguishing between important and unimportant information), vocabulary building (expanding knowledge of word structure and context clues), grammar (self-correcting frequent grammatical and word choice errors), writing (writing argumentative essays; supporting and developing academic topics), listening (comprehending and discussing academic lectures), speaking (using technical vocabulary, idioms and relaxed speech structures; practicing oral reporting and summarizing), and pronunciation (rhythm and intonation).

Note: This course is equivalent to ESLF 070. Duplicate credit will not be granted for this course and ESLF 070.

EAP 099 Reading and Writing Support for Academic Courses

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: EAP 080 with a minimum grade of B, the Capilano EAP Placement Test at the EAP 090 level, or an ELA with a minimum score of 114 or other equivalent English Language test scores

This course supports students building academic reading and writing skills integrated with authentic academic content.

Note: Placement by EAP Department. It is recommended to take this course concurrently with EAP 090, EAP 100 and/or other 100 level courses.

Note: This course is equivalent to ESL 085. Duplicate credit will not be granted for this course and ESL 085.

EAP 100 English for Academic Purposes 4A**6.00 credits (8,0,0) hrs 15 wks**

Prerequisite: EAP 090 with a minimum grade of B, or the Capilano EAP Placement Test at the EAP 100+101 level, or Test of English as a Foreign Language (TOEFL) paper=530, internet=71, or English Language Assessment (ELA)=128, or International English Language Testing System (IELTS)=6.0 overall, and no one score less than 5.5, or Canadian Academic English Language Assessment (CAEL)=60, or Pearson Test of English (PTE Academic)=53

Corequisite: EAP 101

Students will learn academic writing, grammar and listening skills integrated with academic content to the EAP 4A-B level.

EAP 101 English for Academic Purposes 4B**3.00 credits (4,0,0) hrs 15 wks**

Prerequisite: EAP 090 with a minimum grade of B, or the Capilano EAP Placement Test at the EAP 100+101 level, or Test of English as a Foreign Language (TOEFL) paper=530, internet=71, or English Language Assessment (ELA)=128, or International English Language Testing System (IELTS)=6.0 overall, and no one score less than 5.5, or Canadian Academic English Language Assessment (CAEL)=60, or Pearson Test of English (PTE Academic)=53

Corequisite: EAP 100

This intensive 4 hour per week course provides students with advanced academic language skills integrated with academic content to the EAP 4A-B level.

Ensemble

ENSM 100 Choir Ensemble I**2.00 credits (5,0,0) hrs 15 wks**

An exploration of choral music from the Renaissance to the present. Emphasis will be placed on ensemble, tuning, tone quality, musical phrasing, balance, diction and professional presentation. A varied concert program will be learned and several performances will be given each semester. An audition is required.

Note: An audition is required.

ENSM 110 Instrumental Ensemble I**2.00 credits (4,0,0) hrs 15 wks**

An exploration of the vast instrumental repertoire available. Emphasis will be placed on ensemble, tuning, tone quality, musical phrasing, balance and professional presentation. A varied concert program will be learned and several performances will be given each semester. An audition is required.

ENSM 150 Choir Ensemble II**2.00 credits (5,0,0) hrs 15 wks**

Prerequisite: ENSM 100

This course is an exploration of choral music from the medieval period to present day. Emphasis will be placed on ensemble, tuning, tone quality, musical phrasing, balance, diction and professional presentation. A varied concert program will be learned and several performances will be given each semester. An audition is required.

Note: An audition is required.

ENSM 160 Instrumental Ensemble II**2.00 credits (4,0,0) hrs 15 wks**

An exploration of the vast instrumental repertoire available. Emphasis will be placed on ensemble, tuning, tone quality, musical phrasing, balance and professional presentation. A varied concert program will be learned and several performances will be given each semester. An audition is required.

Note: An audition is required.

ENSM 200 Choir Ensemble III
2.00 credits (5,0,0) hrs 15 wks

Prerequisite: ENSM 150

This course is an exploration of choral music from the medieval period to present day. Emphasis will be placed on ensemble, tuning, tone quality, musical phrasing, balance, diction and professional presentation. A varied concert program will be learned and several performances will be given each semester. An audition is required.

Note: An audition is required. ENSM 200 is an approved Experiential course for Cap Core requirements.

ENSM 210 Instrumental Ensemble III
2.00 credits (4,0,0) hrs 15 wks

An exploration of the vast instrumental repertoire available. Emphasis will be placed on ensemble, tuning, tone quality, musical phrasing, balance and professional presentation. A varied concert program will be learned and several performances will be given each semester. An audition is required.

ENSM 250 Choir Ensemble IV
2.00 credits (5,0,0) hrs 15 wks

Prerequisite: ENSM 200

This course is an exploration of choral music from the Medieval period to present day. Emphasis will be placed on ensemble, tuning, tone quality, musical phrasing, balance, diction and professional presentation. A varied concert program will be learned and several performances will be given each semester. An audition is required.

Note: An audition is required. ENSM 250 is an approved Experiential course for Cap Core requirements.

ENSM 260 Instrumental Ensemble IV
2.00 credits (4,0,0) hrs 15 wks

An exploration of the vast instrumental repertoire available. Emphasis will be placed on ensemble, tuning, tone quality, musical phrasing, balance and professional presentation. A varied concert program will be learned and several performances will be given each semester. An audition is required.

Note: An audition is required.

ENSM 300 Choir Ensemble V
2.00 credits (5,0,0) hrs 15 wks

Prerequisite: ENSM 250

To learn vocal ensemble techniques through practical experience. To rehearse and perform in conditions resembling professional practice as closely as possible. Students in ENSM 300 are expected to perform at a higher level than students in ENSM 250.

ENSM 350 Choir Ensemble VI
2.00 credits (5,0,0) hrs 15 wks

Prerequisite: ENSM 300

To learn vocal ensemble techniques through practical experience. To rehearse and perform in conditions resembling professional practice as closely as possible. Students in ENSM 350 are expected to perform at a higher level than students in ENSM 300.

Entry Level Craft Training

ELCT 130 Entry Level Craft Training: Production Assistant

15.00 credits (37.5,0,2) hrs 08 wks

The primary focus of this course is to provide students with the minimum skills required to take an entry-level production position in the film and television industry in British Columbia, and to provide a thorough overview of film and television production principles and practices.

Note: This course may not be offered every year.

Field School

FDSC 100 Field School

0.00 credits (0,0,0) hrs 15 wks

Field schools provide students with an opportunity to complete one or more for-credit course(s) in a location that enhances and complements the learning experience. For-credit course content is integrated with the field school experience in a meaningful way, and the level of the field school (100-400) is determined by the level of the for-credit course(s).

FDSC 200 Field School

0.00 credits (0,0,0) hrs 15 wks

Field schools provide students with an opportunity to complete one or more for-credit course(s) in a location that enhances and complements the learning experience. For-credit course content is integrated with the field school experience in a meaningful way, and the level of the field school (100-400) is determined by the level of the for-credit course(s).

FDSC 300 Field School

0.00 credits (0,0,0) hrs 15 wks

Field schools provide students with an opportunity to complete one or more for-credit course(s) in a location that enhances and complements the learning experience. For-credit course content is integrated with the field school experience in a meaningful way, and the level of the field school (100-400) is determined by the level of the for-credit course(s).

FDSC 400 Field School

0.00 credits (0,0,0) hrs 15 wks

Field schools provide students with an opportunity to complete one or more for-credit course(s) in a location that enhances and complements the learning experience. For-credit course content is integrated with the field school experience in a meaningful way, and the level of the field school (100-400) is determined by the level of the for-credit course(s).

Film Institute

FINS 399 Professional Filmmaking

12.00 credits (2,0,24) hrs 15 wks

This course will expand the students' filmmaking skills including understanding and executing solid story structure in both script and film form. Carrying out numerous filmmaking tasks to acculturate students to a professional motion picture production environment, expanding their résumés, and building their relationships in the world of commercial filmmaking.

Film Studies

FILM 180 Technical Directing **3.00 credits (15,0,0) hrs 04 wks**

This course introduces students to the various roles and responsibilities of the filmmaking team. The fundamentals of production and an introduction to cinematic language are described and implemented through classwork and hands-on filmmaking.

FILM 181 Project **2.00 credits (0,4,4) hrs 04 wks**

A supervised film project includes development, pre-production, production, and post-production. Mentorship and supervision focus on technical competence, professionalism and realization of content.

FILM 250 Story and Screenplay **3.00 credits (4,0,0) hrs 15 wks**

Prerequisite: Successful completion of 16.5 ASAS credits, ENGL 100, ACTR 100, 101 and THTR 160

This course explores the development of narrative ideas for cinema, the creative aspects of screenplay writing and will give an appreciation and understanding of the screenplay's significance in the film making process. Course elements include analysis of the internal and external structures, the story arc, applying visual components and creation of a story treatment.

FILM 251 Film Crafts for Actors **3.00 credits (4,0,0) hrs 15 wks**

Prerequisite: Successful completion of 16.5 ASAS credits, ENGL 100, ACTR 100, 101 and THTR 160

This course will familiarize the acting student with operational theory and filmmaking principles including practical applications of basic camera, lighting, sound, grip, with a special emphasis on editing and post production procedures. Students will work in the classroom, film studio and editing labs.

FILM 308 Documentary Cinema Arts **3.00 credits (4,0,0) hrs 15 wks**

Prerequisite: 45 credits of 100-level or higher coursework

This course explores what a documentary is, the history of documentary film, the techniques used by documentary filmmakers to tell their stories, and how documentary films are developed, produced, and distributed. Students will also develop their own story ideas and direct and shoot a live-action short "in camera" documentary as they establish a basic foundation in documentary cinema arts.

Note: FILM 308 is an approved Culture and Creative Expression course for Cap Core requirements.

FILM 321 Conceptual Approaches II **1.50 credits (4,0,0) hrs 08 wks**

Prerequisite: ASAS 220

This course is the continuation of ASAS 321 and will focus on a selection of late 20th century and early 21st century stage/film directors. Students will explore the selected director's work through lecture, discussion, in-class scene study and screenings from a cinematic perspective.

FILM 323 Queer Cinema**3.00 credits (4,0,0) hrs 15 wks***Prerequisite:* 45 credits of 100-level or higher coursework

This course examines contemporary, cross-cultural queer cinema in the mainstream studio, independent and international film industries and the relationship between queer cinema and the global film communities.

Note: FILM 323 is an approved Culture and Creative Expression course for Cap Core requirements.

FILM 382 Advanced Film Technique**3.00 credits (3,2,0) hrs 15 wks***Prerequisite:* ACTR 304, ASAS 341, ASAS 370 and FILM 250

Working with a professional film and television director, students will prepare and perform a role in traditional and advanced technical environments common in contemporary media production, with a special focus on delivering practical experience in virtual, visual effect and motion capture performance. Students will participate in a production project that demands close, interdisciplinary collaboration with the Digital Visual Effects, 3D Animation for Film and Games, Costuming for Stage and Screen, and Motion Picture Arts programs.

Note: FILM 382 is equivalent to FILM 328. Duplicate credit will not be granted for this course and FILM 328.

First Nation

FNST 100 The Squamish People and Language I**3.00 credits (4,0,0) hrs 15 wks**

This course tells the story of Skwxwú7meshulh Uxwumíxw (The Squamish People) from a Skwxwú7mesh perspective. The story is represented in the oral tradition, passed down from past generations of speakers. This course focuses on expressions of collective identity, which can be seen as the sharing of a common territory, language, owned and shared resource sites and rights, kinship (both blood and marriage relations) and various complex cultural and political relationships.

FNST 101 Squamish People and Language II (Skwxwu7meshulh Uxwumixw II)**3.00 credits (4,0,0) hrs 15 wks**

This course tells the story of Skwxwú7meshulh Uxwumíxw (the Squamish people) and their relation with the living world from a Skwxwú7mesh perspective. This story is represented in the oral tradition, passed down in oral texts from past generations of speakers. The knowledge was transmitted in the Squamish Language and we will explore what language can tell us about the Squamish people and their relationship with the living world.

FNST 102 Lil'wat People and Language I (Ucwalmicw I)**3.00 credits (4,0,0) hrs 15 wks**

This course tells the story of the Ucwalmícw (the Lil'wat people) from an Lil'wat perspective. The story is represented in the oral tradition, passed down from past generations of speakers. The knowledge was transmitted in Ucwalmícwts (the Lil'wat language) and we will explore what language can tell us about Lil'wat culture and social structure. This course focuses on expressions of collective identity, which can be seen as the sharing of a common territory, language, owned and shared resource sites and rights, kinship (both blood and marriage relations) and various complex cultural and political relationships.

FNST 103 Lil'wat People and Language II (Ucwalmicw II)**3.00 credits (4,0,0) hrs 15 wks**

This course tells the story of the Ucwalmicw (the Lil'wat people) from a Lil'wat perspective. This story is represented in the oral tradition, passed down in oral texts from past generations of speakers. The knowledge was transmitted in Ucwalmicwts (the Lil'wat language) and we will explore what language can tell us about the Lil'wat people and their relationship with the living world.

FNST 104 The Sechelt People and Language I

3.00 credits (4,0,0) hrs 15 wks

This course tells the story of the Shíshálh (the Sechelt people) from a Sechelt perspective. The story is represented in the oral tradition, passed down from past generations of speakers in Sháshíshálhem (the Sechelt language). This course focuses on expressions of collective identity, which can be seen as the sharing of a common territory, language, owned and shared resource sites and rights, kinship (both blood and marriage relations) and various complex cultural and political relationships.

FNST 105 The Sechelt People and Language II

3.00 credits (4,0,0) hrs 15 wks

This course tells the story of the Shíshálh (the Sechelt people) from a Sechelt perspective. This story is represented in the oral tradition, passed down in oral texts from past generations of speakers in Sháshíshálhem (the Sechelt language). We will explore what language can tell us about the Sechelt people and their relationship with the living world.

First Nation Language

FNLG 100 The Squamish Language I

3.00 credits (4,0.45,1) hrs 15 wks

FNLG 100 will take a communicative approach to language learning and will focus on comprehension. It will incorporate effective language learning strategies such as TPR (Total Physical Response) and TPR Storytelling. In this course, students will acquire basic vocabulary in Skwxwú7mesh Sníchim (the Squamish language) for describing the self and family. The family, as seen from a Skwxwú7mesh perspective, will be the central theme of this course.

Note: Recommended that LING 102 be taken concurrently. This course focuses on oral communications, whereas LING 102 will focus on practical and phonetic writing systems.

FNLG 101 The Squamish Language II (Skwxwú7mesh Sníchim II)

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: FNLG 100

This course will continue utilizing the communicative approach to language learning and will focus on both comprehension and speaking. It will incorporate effective language learning strategies such as TPR (Total Physical Response) and TPR Storytelling. In this course, students will acquire the vocabulary in Skwxwú7mesh Sníchim (the Squamish language) from a short story entitled "Hussa".

FNLG 102 The Lil'wat Language I (Ucwalmicwts I)

3.00 credits (4,0,0) hrs 15 wks

This course will take a communicative approach to language learning and will focus on comprehension. It will incorporate effective language learning strategies such as TPR (Total Physical Response) and TPR Storytelling. In this course, students will acquire basic vocabulary in Ucwalmicwts (the Lil'wat language) for describing the self and family. The family, as seen from a Lil'wat perspective, will be the central theme of this course.

Note: It is recommended to take LING 102 concurrently with FNLG 102. This course focuses on oral communication, whereas LING 102 will focus on practical and phonetic writing systems.

FNLG 103 The Lil'wat Language II (Ucwalmicwts II)

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: FNLG 102

This course will continue utilizing the communicative approach to language learning and will focus on both comprehension and speaking. It will incorporate effective language learning strategies such as TPR (Total Physical Response) and TPR Storytelling. In this course, students will acquire basic vocabulary in Ucwalmicwts (the Lil'wat language) for describing the living world, from a Lil'wat perspective.

FNLG 104 The Lil'wat Language III (Ucwalmícwts III)

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: FNLG 103

In this course, students will acquire basic vocabulary in Ucwalmícwts (the Lil'wat language) for describing cycles (the seasonal round, the cycles of life, the life cycle of salmon), from a Lil'wat perspective.

FNLG 105 The Lil'wat Language IV (Ucwalmícwts IV)

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: FNLG 104

In this course, we will focus on selected master works of the Lil'wat oral tradition, as well as study the grammar of complex constructions.

FNLG 106 The Squamish Language III (Skwxwu7mesh Snichim III)

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: FNLG 101

This course will take a communicative approach to language learning and will focus on comprehension. It will incorporate effective language learning strategies such as TPR (Total Physical Response) and TPR Storytelling. The course will use as its guide the short story "Sealiya".

FNLG 107 The Squamish Language IV (Skwxwu7mesh Snichim IV)

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: FNLG 106

This course will take a communicative approach to language learning and will focus on comprehension. It will incorporate effective language learning strategies such as TPR (Total Physical Response) and TPR Storytelling. The course will use as its guide the short story "Sinulhk'ay".

FNLG 108 The Sechelt Language I (Sháshíshálhem I)

3.00 credits (4,0,0) hrs 15 wks

This course will take a communicative approach to language learning and will focus on comprehension. It will incorporate effective language learning strategies such as TPR (Total Physical Response) and TPR Storytelling. In this course, students will acquire basic vocabulary in Sháshíshálhem (the Sechelt language) for describing the self and family. The family, as seen from a Sechelt perspective, will be the central theme of this course.

Note: It is highly recommended that LING 102 be taken concurrently with FNLG 108.

FNLG 109 The Sechelt Language II (Sháshíshálhem II)

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: FNLG 108

This course will continue utilizing the communicative approach to language learning and will focus on both comprehension and speaking. It will incorporate effective language learning strategies such as TPR (Total Physical Response) and TPR Storytelling. In this course, students will acquire basic vocabulary in Sháshíshálhem (the Sechelt language) for describing the living world, from a Sechelt perspective.

FNLG 110 The Sechelt Language III (Sháshíshálhem III)

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: FNLG 109

This course utilizes the communicative approach to language learning and will focus on both comprehension and speaking. It incorporates effective language learning strategies such as TPR (Total Physical Response) and TPR Storytelling. In this course, students will acquire basic vocabulary in Sháshíshálhem (the Sechelt language) for describing cycles (the seasonal round, the cycles of life, the life cycle of salmon), from a Sechelt perspective.

FNLG 111 The Sechelt Language IV (Sháshíshálhem IV)

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: FNLG 110

This course utilizes the communicative approach to language learning and will focus on both comprehension and speaking. It incorporates effective language learning strategies such as TPR (Total Physical Response) and TPR Storytelling. In this course, we will focus on selected master works of the oral tradition.

First-Year Seminar

FYS 100 Culture and Creative Expression

3.00 credits (4,0,0) hrs 15 wks

This course provides an introduction to academic and campus life by engaging students in inquiry, discussion, and dialogue of a range of intriguing topics. Each seminar focuses on a different topic and concentrates on developing critical thinking, group discussion and collaboration, research and writing skills that help support students as they transition to post-secondary life. Topics will differ by section depending on faculty expertise and area of scholarship.

Note: FYS 100 is a First-Year Seminar intended for students who have taken fewer than 30 credits. FYS 100 is an approved Culture and Creative Expression course for Cap Core requirements.

FYS 101 Self and Society

3.00 credits (4,0,0) hrs 15 wks

This course provides an introduction to academic and campus life by engaging students in inquiry, discussion, and dialogue of a range of intriguing topics. Each seminar focuses on a different topic and concentrates on developing critical thinking, group discussion and collaboration, research and writing skills that help support students as they transition to post-secondary life. Topics will differ by section depending on faculty expertise and area of scholarship.

Note: FYS 101 is a First-Year Seminar intended for students who have taken fewer than 30 credits. FYS 101 is an approved Self and Society course for Cap Core requirements.

FYS 102 Science and Technology

3.00 credits (4,0,0) hrs 15 wks

This course provides an introduction to academic and campus life by engaging students in inquiry, discussion, and dialogue of a range of intriguing topics. Each seminar focuses on a different topic and concentrates on developing critical thinking, group discussion and collaboration, research and writing skills that help

support students as they transition to post-secondary life. Topics will differ by section depending on faculty expertise and area of scholarship.

Note: FYS 102 is a First-Year Seminar intended for students who have taken fewer than 30 credits. FYS 102 is an approved Science and Technology course for Cap Core requirements.

FYS 110 Culture and Creative Expression

3.00 credits (4,0,0) hrs 15 wks

This course provides an introduction to academic and campus life by engaging students in inquiry, discussion, and dialogue of a range of intriguing topics. Each seminar focuses on a different topic and concentrates on developing critical thinking, group discussion and collaboration, research and writing skills that help support students as they transition to post-secondary life. Topics will differ by section depending on faculty expertise and area of scholarship.

Note: FYS 110 is a First-Year Seminar intended for students who have taken fewer than 30 credits. FYS 110 is an approved Culture and Creative Expression course for Cap Core requirements.

FYS 111 Self and Society

3.00 credits (4,0,0) hrs 15 wks

This course provides an introduction to academic and campus life by engaging students in inquiry, discussion, and dialogue of a range of intriguing topics. Each seminar focuses on a different topic and concentrates on developing critical thinking, group discussion and collaboration, research and writing skills that help support students as they transition to post-secondary life. Topics will differ by section depending on faculty expertise and area of scholarship.

Note: FYS 111 is a First-Year Seminar intended for students who have taken fewer than 30 credits. FYS 111 is an approved Self and Society course for Cap Core requirements.

FYS 112 Science and Technology

3.00 credits (4,0,0) hrs 15 wks

This course provides an introduction to academic and campus life by engaging students in inquiry, discussion, and dialogue of a range of intriguing topics. Each seminar focuses on a different topic and concentrates on developing critical thinking, group discussion and collaboration, research and writing skills that help support students as they transition to post-secondary life. Topics will differ by section depending on faculty expertise and area of scholarship.

Note: FYS 112 is a First-Year Seminar intended for students who have taken fewer than 30 credits. FYS 112 is an approved Science and Technology course for Cap Core requirements.

FYS 120 Culture and Creative Expression

3.00 credits (4,0,0) hrs 15 wks

This course provides an introduction to academic and campus life by engaging students in inquiry, discussion, and dialogue of a range of intriguing topics. Each seminar focuses on a different topic and concentrates on developing critical thinking, group discussion and collaboration, research and writing skills that help support students as they transition to post-secondary life. Topics will differ by section depending on faculty expertise and area of scholarship.

Note: FYS 120 is a First-Year Seminar intended for students who have taken fewer than 30 credits. FYS 120 is an approved Culture and Creative Expression course for Cap Core requirements.

FYS 121 Self and Society

3.00 credits (4,0,0) hrs 15 wks

This course provides an introduction to academic and campus life by engaging students in inquiry, discussion, and dialogue of a range of intriguing topics. Each seminar focuses on a different topic and concentrates on developing critical thinking, group discussion and collaboration, research and writing skills that help

support students as they transition to post-secondary life. Topics will differ by section depending on faculty expertise and area of scholarship.

Note: FYS 121 is a First-Year Seminar intended for students who have taken fewer than 30 credits. FYS 121 is an approved Self and Society course for Cap Core requirements.

FYS 122 Science and Technology
3.00 credits (4,0,0) hrs 15 wks

This course provides an introduction to academic and campus life by engaging students in inquiry, discussion, and dialogue of a range of intriguing topics. Each seminar focuses on a different topic and concentrates on developing critical thinking, group discussion and collaboration, research and writing skills that help support students as they transition to post-secondary life. Topics will differ by section depending on faculty expertise and area of scholarship.

Note: FYS 122 is a First-Year Seminar intended for students who have taken fewer than 30 credits. FYS 122 is an approved Science and Technology course for Cap Core requirements.

FYS 130 Culture and Creative Expression
3.00 credits (4,0,0) hrs 15 wks

This course provides an introduction to academic and campus life by engaging students in inquiry, discussion, and dialogue of a range of intriguing topics. Each seminar focuses on a different topic and concentrates on developing critical thinking, group discussion and collaboration, research and writing skills that help support students as they transition to post-secondary life. Topics will differ by section depending on faculty expertise and area of scholarship.

Note: FYS 130 is a First-Year Seminar intended for students who have taken fewer than 30 credits. FYS 130 is an approved Culture and Creative Expression course for Cap Core requirements.

FYS 131 Self and Society
3.00 credits (4,0,0) hrs 15 wks

This course provides an introduction to academic and campus life by engaging students in inquiry, discussion, and dialogue of a range of intriguing topics. Each seminar focuses on a different topic and concentrates on developing critical thinking, group discussion and collaboration, research and writing skills that help support students as they transition to post-secondary life. Topics will differ by section depending on faculty expertise and area of scholarship.

Note: FYS 131 is a First-Year Seminar intended for students who have taken fewer than 30 credits. FYS 131 is an approved Self and Society course for Cap Core requirements.

FYS 132 Science and Technology
3.00 credits (4,0,0) hrs 15 wks

This course provides an introduction to academic and campus life by engaging students in inquiry, discussion, and dialogue of a range of intriguing topics. Each seminar focuses on a different topic and concentrates on developing critical thinking, group discussion and collaboration, research and writing skills that help support students as they transition to post-secondary life. Topics will differ by section depending on faculty expertise and area of scholarship.

Note: FYS 132 is a First-Year Seminar intended for students who have taken fewer than 30 credits. FYS 132 is an approved Science and Technology course for Cap Core requirements.

FYS 140 Culture and Creative Expression
3.00 credits (4,0,0) hrs 15 wks

This course provides an introduction to academic and campus life by engaging students in inquiry, discussion, and dialogue of a range of intriguing topics. Each seminar focuses on a different topic and concentrates on developing critical thinking, group discussion and collaboration, research and writing skills that help

support students as they transition to post-secondary life. Topics will differ by section depending on faculty expertise and area of scholarship.

Note: FYS 140 is a First-Year Seminar intended for students who have taken fewer than 30 credits. FYS 140 is an approved Culture and Creative Expression course for Cap Core requirements.

FYS 141 Self and Society

3.00 credits (4,0,0) hrs 15 wks

This course provides an introduction to academic and campus life by engaging students in inquiry, discussion, and dialogue of a range of intriguing topics. Each seminar focuses on a different topic and concentrates on developing critical thinking, group discussion and collaboration, research and writing skills that help support students as they transition to post-secondary life. Topics will differ by section depending on faculty expertise and area of scholarship.

Note: FYS 141 is a First-Year Seminar intended for students who have taken fewer than 30 credits. FYS 141 is an approved Self and Society course for Cap Core requirements.

FYS 142 Science and Technology

3.00 credits (4,0,0) hrs 15 wks

This course provides an introduction to academic and campus life by engaging students in inquiry, discussion, and dialogue of a range of intriguing topics. Each seminar focuses on a different topic and concentrates on developing critical thinking, group discussion and collaboration, research and writing skills that help support students as they transition to post-secondary life. Topics will differ by section depending on faculty expertise and area of scholarship.

Note: FYS 142 is a First-Year Seminar intended for students who have taken fewer than 30 credits. FYS 142 is an approved Science and Technology course for Cap Core requirements.

French

FREN 100 Beginner French Language and Culture I

4.00 credits (4,0.75,1) hrs 15 wks

This course is for absolute beginners and those who do not have Grade 11 French or the equivalent. It provides an intensive introduction to the French language, enhanced by computer practice, and an introduction to francophone culture. It aims to develop proficiency in all areas of communication: listening, reading, speaking, and writing. With FREN 101, it constitutes Grade 11 French.

Note: FREN 100 is an approved Culture and Creative Expression course for Cap Core requirements.

Note: This is not a course for students with training or background in French.

FREN 101 Beginner French Language and Culture II

4.00 credits (4,0.75,1) hrs 15 wks

Prerequisite: FREN 100

This course is designed to develop a solid beginner proficiency in all areas of communication (speaking, listening, reading and writing) and to acquaint students with cultures of the French-speaking world. Together with FREN 100, it covers high school French Grades 8, 9, 10 and 11.

Note: FREN 101 is an approved Culture and Creative Expression course for Cap Core requirements.

FREN 120 Lower Intermediate French I

4.00 credits (4,0.75,1) hrs 15 wks

Prerequisite: FREN 101 or French 11

FREN 120 together with FREN 121 constitutes Grade 12 French. The comprehensive approach to this course consists of instruction in basic grammar and the development of students' speaking, understanding and writing skills. Computer and conversation practice are included as is familiarization of francophone culture.

FREN 121 Lower Intermediate French II

4.00 credits (4,0.75,1) hrs 15 wks

Prerequisite: FREN 120

This course, together with FREN 120, constitutes Grade 12 French. A continuation of FREN 120, this course is designed to give a limited fluency in speaking and reading as well as writing skills.

FREN 150 Progression in French Language and Culture

4.00 credits (4,0.75,1) hrs 15 wks

Prerequisite: FREN 101 or French 11

This course further develops listening, speaking, reading, and writing skills in French in a low-stress, dynamic classroom. It assumes a beginner knowledge of French and will bring students close to an intermediate level as it consolidates previously acquired language skills. This course will also increase students' awareness of Francophone cultures in relation to their own.

Note: FREN 150 is an approved Culture and Creative Expression course for Cap Core requirements.

FREN 204 Intermediate French Language and Culture I

4.00 credits (4,0.75,1) hrs 15 wks

Prerequisite: FREN 121 or FREN 150 or French 12

This course should be taken after Grade 12 core French. It continues the linguistic development of the student by means of grammar revision, weekly written and oral exercises, compositions and appreciation of francophone culture and literature. Students who have studied French Immersion for seven years or more, or students with native-like speaking ability in French, should register in FREN 270/271 or FREN 215 instead. Please note that FREN 204 and FREN 205 can be taken in any order.

Note: FREN 204 is an approved Culture and Creative Expression course for Cap Core requirements.

Note: FREN 204 is equivalent to FREN 170. Duplicate credit will not be granted for this course and FREN 170. FREN 204 is not appropriate for students who have studied in French Immersion or are native speakers of French.

FREN 205 Intermediate French Language and Culture II

4.00 credits (4,0.75,1) hrs 15 wks

Prerequisite: FREN 121 or FREN 150 or French 12

This course should be taken after Grade 12 core French. It continues the linguistic development of the student by means of grammar revision, weekly written and oral exercises, compositions and appreciation of francophone culture and literature. FREN 205 and 204 address different linguistic skills and can be taken in any order; however, after having taken both, students should be at the intermediate French level.

Note: FREN 205 is an approved Culture and Creative Expression course for Cap Core requirements.

Note: FREN 205 is equivalent to FREN 171. Duplicate credit will not be granted for this course and FREN 171. This course is not appropriate for students who have studied in French Immersion or are native speakers of French.

FREN 215 Oral French Practice

4.00 credits (4,0.75,1) hrs 15 wks

Prerequisite: FREN 170 and 171, or FREN 180 and 181, or FREN 204 and 205, or Français Langue Seconde-Immersion 11

This course is designed to help the students develop their ability to communicate more accurately orally in French. In class exercises will include: theatre, tongue-twisters, role plays, a cultural journal, discussions, presentations, listening exercises, vocabulary, idiomatic expressions, and the study of songs, interviews and film clips.

Note: FREN 215 is an approved Culture and Creative Expression course for Cap Core requirements.

Note: This course is not appropriate for students who are native speakers of French.

FREN 219 Intermediate Composition

3.00 credits (4,0,1) hrs 15 wks

Prerequisite: FREN 170 and 171, or FREN 180 and 181, or FREN 204 and 205, or Français Langue Seconde-Immersion 11

This course introduces students to techniques for clear and effective writing in multiple genres. Readings from contemporary Francophone authors are used to illustrate best practices. Students will develop their knowledge of grammar and vocabulary while learning techniques for self-editing, description, narration and persuasion.

FREN 270 Advanced French Language and Culture I

4.00 credits (4,0.75,1) hrs 15 wks

Prerequisite: FREN 170 and 171, or FREN 180 and 181, or FREN 204 and 205, or Français Langue Seconde-Immersion 11

This advanced course is an introduction to a variety of fiction and non-fiction texts by francophone authors. It offers a review of French grammar aimed at developing writing skills through practice in composition, translation, and grammar exercises. Various media will enhance students' awareness of francophone culture. FREN 270 and 271 address different linguistic skills and can be taken in any order; however, after having taken both, students should be at the advanced level.

Note: FREN 270 is an approved Culture and Creative Expression course for Cap Core requirements.

FREN 271 Advanced French Language and Culture II

4.00 credits (4,0.75,1) hrs 15 wks

Prerequisite: FREN 170 and 171, or FREN 180 and 181, or FREN 204 and 205, or Français Langue Seconde-Immersion 11

This advanced course is an introduction to a variety of fiction and non-fiction texts with an emphasis on francophone authors outside France. It offers a review of French grammar aimed at developing writing skills through practice in composition, translation, and exercises. Various media will enhance students' awareness of francophone culture. FREN 270 and 271 address different linguistic skills and can be taken in any order; however, after having taken both, students should be at the advanced level.

Note: FREN 271 is an approved Culture and Creative Expression course for Cap Core requirements.

FREN 315 Studies in French through Cinema

3.00 credits (4,0,1) hrs 15 wks

Prerequisite: 45 credits of 100-level coursework or higher

This course examines the history and development of French cinema from the first films of Lumière brothers in 1895 to contemporary French filmmakers. Using a chronological and thematic framework, the course will analyze films from the major directors and movements of French filmmaking.

Note: Advance level in French, both written and oral, as the course will be entirely taught in French. FREN 270 and 271 recommended.

FREN 330 Quebecois Literature and Culture

3.00 credits (4,0,1) hrs 15 wks

Prerequisite: 45 credits of 100-level coursework or higher

This course examines Quebec literature and culture through the study of literary texts, cinema, and other art forms. Emphasis will be placed on situating these texts within the historical development of Quebec society, culture, and politics. This course will be taught entirely in French.

Note: Fluency in French both written and oral is required. FREN 270 and 271 are recommended.

Gateways

GATE 100 Gateways: Career Planning and Labour Market Research

1.50 credits (3,0,0) hrs 15 wks

Students develop and enhance their skills, attitudes and tools related to career planning and the securing and maintaining of employment.

GATE 101 Gateways: Lifestyle Planning and Management

4.50 credits (13,0,0) hrs 08 wks

Students develop the personal skills, attitudes and values that will provide tools and inspiration for successful, long-term career and lifestyle management.

GATE 102 Gateways: Personal Management Skills

1.50 credits (3,0,0) hrs 15 wks

Students develop an understanding of personal lifestyle issues as they pertain to career and lifestyle management, financial independence, self-esteem and confidence.

GATE 103 Gateways: Work Placement

1.00 credit (0,0,35) hrs 02 wks

This course enables students to develop and practice the workplace skills and attitudes required for career success.

Note: Interview with program manager.

GATE 104 Gateways: Introduction to Computers

1.50 credits (3,0,0) hrs 15 wks

This introductory course provides students with basic computer skills.

Geography

GEOG 100 Human Geography: People, Places and Cultures

3.00 credits (4,0,0) hrs 15 wks

Different cultures in different landscapes are compared and contrasted to our own. This course examines the many issues of human population, perception of the environment, diffusion of ideas, and cultural aspects of resource use and urban growth, to give students a view into the many concerns on the human side of geography.

Note: GEOG 100 is an approved Self and Society course for Cap Core requirements.

GEOG 101 Environmental Geography: Understanding the Issues

3.00 credits (4,0,0) hrs 15 wks

We are living in the "age of human influence". Humans impact nearly every Earth system. Geography, which is the study of Earth's physical and human aspects, is the ideal discipline to study the human-environment nexus. In this course, students examine the Anthropocene era and investigate how social, economic, political, spatial, and biophysical processes shape society's relationship to nature, management of resources, and contemporary environmental change. Environmental issues are complex. How can human ingenuity solve these problems?

Note: GEOG 101 is an approved Self and Society course for Cap Core requirements.

GEOG 102 Environmental Geography: Global Concerns

3.00 credits (4,0,0) hrs 15 wks

Climate change, the depletion of the world's resources, and the collapse of fisheries are but a few of the examples illustrating the global scale of our environmental problems. These global issues, however, have local causes and consequences. This course reviews the issues and identifies possible solutions, and then focuses on student research projects that identify local pathways to address these environmental challenges. Special attention will be given to the methodology and writing of a geographical research paper.

GEOG 107 Introduction to North America

3.00 credits (4,0,0) hrs 15 wks

This course is designed to give international students a greater understanding of North America and its people. Students will be introduced to key information about the geography and history of North America, and the various political, economic and cultural aspects of North American societies. This course will highlight the particular differences between Canada, the U.S.A., and Mexico, as well as examine the various levels of integration that exist between these countries. The underlying theme is cross-cultural understanding and the key role that it plays in cultural interaction, including international business initiatives.

Note: Must be registered as an international student.

GEOG 112 Physical Landscapes I

4.00 credits (4,2,0) hrs 15 wks

This introductory physical geography course about Earth's landforms explores how plate tectonics operating below Earth's surface, and gravity, rivers, glaciers, waves and wind operating at Earth's surface, shape the natural landscape that surrounds us. The course focuses on Canadian landforms and emphasizes ways in which human activities are affecting natural processes.

Note: GEOG 112 is an approved Science and Technology course for Cap Core requirements.

Note: GEOG 112 is an approved Quantitative/Analytical course for baccalaureate degrees. GEOG 112 is an approved Science course. GEOG 112 is an approved Laboratory Science course.

GEOG 114 Weather and Climate I

4.00 credits (4,2,0) hrs 15 wks

This introductory physical geography course about the atmosphere explores the forces that produce the weather we experience every day, with a focus on the weather of B.C.'s coast. We also consider how weather patterns operate differently from place to place to create the great diversity of climates on Earth, and how human actions are leading to global climate change.

Note: GEOG 114 is an approved Quantitative/Analytical course for baccalaureate degrees. GEOG 114 is an approved Science course. GEOG 114 is an approved Lab Science course.

Note: Both GEOG 112 and GEOG 114 are lab science courses and fulfill university science requirements. GEOG 112 and GEOG 114 can be taken in any order, or at the same time.

GEOG 200 Geographical Approaches to the Global Economy

3.00 credits (4,0,0) hrs 15 wks

An examination of the concepts and themes of economic geography in terms of production and consumption. The traditional primary, secondary, tertiary and quaternary divisions in economic geography are reviewed

in terms of contemporary issues. The purpose of this course is to illustrate the importance of economic processes and tools to understand our environment.

GEOG 201 Urban Studies

3.00 credits (4,0,0) hrs 15 wks

More and more of us are living in an urban world. This course is designed to examine problems and issues that arise with urban living; including psychological problems, the cost of housing, transportation issues, slums, suburban living, and the future direction of cities. While this course uses local examples, it also draws on examples from other cities in the world. This course approaches these topics through field trips into the city, slides, films, and field research. Urban studies leads to careers in urban planning, real estate, land management, architecture, and urban politics as well as stimulating general community awareness.

GEOG 202 Urban Field Studies

1.50 credits (2,0,0) hrs 15 wks

Prerequisite: GEOG 201 is a prerequisite or a co-requisite

The course is designed to engage students in the practical application of urban planning. Using principles from urban geography and urban planning, students will become acquainted with the development of an Official Community Plan, while working in partnership with planners from the local district planning office. The course involves field study work and attendance at district public meetings. This is an excellent course for those interested in urban and/or regional planning or those intending to continue in Geography.

GEOG 205 Rising Giants: The Global Shift to China and India

3.00 credits (4,0,0) hrs 15 wks

This course is a comparative geography of China and India. The course provides a current understanding of the geographies of these two major rising powers and focuses on their evolving physical, economic and cultural landscapes. Comparisons between the two are inevitable and it is intended that the course will provide the students with the analytical tools as well as the academic knowledge to have a better understanding of these two very different civilizations.

GEOG 206 British Columbia: Landscapes in Transition

3.00 credits (4,0,0) hrs 15 wks

BC's spectacular landscape has presented both challenges and bountiful resources to the peoples who have settled here. This course will acquaint students with both the physical and human geography of BC, and identify how our relationship with the land has shifted in response to changes in values, technology, and population. We will analyse the urgent issues that we face today in managing our natural resources and consider sustainable pathways to our future.

Note: This course is equivalent to GEOG 106. Duplicate credit will not be granted for this course and GEOG 106.

GEOG 208 Canada: A Nation of Regions

3.00 credits (4,0,0) hrs 15 wks

This course focusses on the great diversity of people and landscapes within Canada and its regions. It looks at the dynamics of location and the processes responsible for where and why people, places, and economic activities are located. It also examines the processes related to the physical landscape: how landscapes are created, destroyed, and changed. It investigates the human impact on the landscape, and the reverse, the environment's impact on people, their settlement, and development.

Note: GEOG 208 is an approved Self and Society course for Cap Core requirements.

GEOG 210 Natural Hazards

3.00 credits (4,0,0) hrs 15 wks

This course is an introduction to the wide range of natural hazards throughout the world. Earthquakes, hurricanes, landslides, and volcanic eruptions are examples of natural processes that can be hazardous for people and property. Using both local and world-wide examples, we will examine hazard impacts and the importance of prediction, warning and planning.

GEOG 212 Physical Landscapes II
4.00 credits (4,2,0) hrs 15 wks

Prerequisite: GEOG 112 or PHYS 114 or GEOL 110, OR PHYS 111 as a pre or corequisite

This course expands on the concepts first introduced in Geography 112. An important objective is to appreciate that landforms and, ultimately, landscapes result from the complex interaction of tectonic and gradational processes, the resistance of rocks and sediment, and time. Throughout the course, students will be taught to apply both math and physics to understand landform development. This course will involve both lectures and labs, and it will only be offered in the Spring Term.

Note: GEOG 212 is an approved Quantitative/Analytical course for baccalaureate degrees.

Note: GEOG 212 is an approved Science course. GEOG 212 is an approved Lab Science course.

GEOG 214 Weather and Climate II
4.00 credits (4,2,0) hrs 15 wks

Prerequisite: GEOG 114 or PHYS 114, OR PHYS 111 as a pre or co-requisite

By expanding on the concepts outlined in Geography 114, this course will provide an intermediate understanding of the processes at work in the atmosphere. Broad topics to be covered are atmospheric energy, moisture, and motion. An important objective is to provide students with an introduction to the science of weather forecasting. As such Geography 214 is useful for students interested in transferring to an Atmospheric Science program. This course involves both lectures and labs, and it will be only offered in the Spring Term.

Note: GEOG 214 is an approved Quantitative/Analytical course for baccalaureate degrees.

Note: GEOG 214 is an approved Science course. GEOG 214 is an approved Lab Science course.

GEOG 221 Mapping our Changing World
4.00 credits (4,2,0) hrs 15 wks

Maps are an essential tool for conveying geographic information, and are also useful for other disciplines that rely extensively on maps and satellite images, such as environmental studies, forestry, geology, archaeology, history, and tourism. This course covers the basic principles of map and photo interpretation, surveying and satellite imaging, and analyses both human and physical landscapes.

Note: GEOG 221 is an approved Science course. GEOG 221 is an approved Lab Science course.

GEOG 222 Environmental Geography: Global to Local
3.00 credits (4,0,0) hrs 15 wks

Climate change, the depletion of the world's resources, and the collapse of fisheries are but a few of the examples illustrating the global scale of our environmental problems. These global issues, however, have local causes and consequences. This course reviews the issues and identifies possible solutions, and involves field work research that engages the student in both quantitative and qualitative methodologies. The course will provide students with clear and concise explanations of writing and researching in the field of environmental geography.

GEOG 249 Selected Regions
3.00 credits (4,0,0) hrs 15 wks

Students will gain an understanding of the physical, economic, historical, and cultural characteristics of a specific region, as they study the various conditions and issues faced by the local inhabitants. The region studied will vary from year to year: students should check with the Geography department to find out details

for upcoming courses. This course may sometimes be offered as a field study, delivered on-site in a specific region. Past courses have been taught in Europe, China/Southeast Asia, and in Quebec.

GEOG 316 Climate Change: From Science to Sustainability

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework

Climate change has emerged as one of the most important issues of the 21st century. Its rapid escalation from a theory among some climatologists and environmentalists to both a common household term and an international priority highlight the importance of understanding this process, its myriad implications on society and the environment and the urgency in working towards solutions. This course will cover topics such as: the causes of current and historical climate change; the human and environmental implications ranging from changing weather patterns to environmental refugees; climate change policy and greenhouse gas reduction strategies; and the diverse array of solutions to building more sustainable communities.

GEOG 330 Water Changes Everything

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework

This course seeks to appreciate the tremendous power of water, and the diversity of its roles in our lives. We will consider water as a significant force in the natural world - water produces our weather, and sculpts the landscape. On the other hand, we will study water as an essential resource. In this role, water has profoundly impacted the human landscape. Students will also learn how water extraction, water privatization, land conversion, climate change, and pollution all threaten Earth's water supply.

GEOG 333 The Geography of Prisons

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework

We will investigate the historical evolution of imprisonment, of penal governance and critically examine the central role that punishment plays in society. This course examines the 'punitive' or 'carceral turn' which has brought about new ways of thinking about geography and the state, and has highlighted spaces of incarceration as a new terrain for exploration by geographers. Carceral geography, as a new subdiscipline of human geography, has developed to directly address this punitive turn, and has contributed to a wider 'carceral turn' in social sciences scholarships over recent years. This course also examines conditions of confinement and carcerality beyond prison walls.

Note: GEOG 333 is an approved Self and Society course for Cap Core requirements.

GEOG 340 Geography of Education: Contested Spaces

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework

This course springs from the observation that the field of education is a contested space, and the course is intended to begin a conversation that engages the conceptions, practices, and policies central to the debates. We will grapple with the conflict surrounding these overarching problematics: What is education? What is educational practice? What is educational policy, how is it constructed, and within what social contexts? What characterizes the spaces, organizations, and institutions of education? The course will engage these concepts through case studies from higher education and non-traditional academic environments that will be analyzed employing elements of the geographic perspective.

GEOG 350 Cities in the Global South

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework

This course focuses on one of the most perplexing dilemmas in the development process: the phenomenon of massive and historically unprecedented movements of people from the rural countryside to the burgeoning

cities of Africa, Asia, and Latin America. The course will address the processes of change and explores the rapid pace of this urbanization which has created a host of problems that weaken the role of cities as engines of economic growth. Moreover, the scope and scale of the urban process promises to loom even larger in the future as the pace of urbanisation accelerates.

GEOG 360 The Geography of a Sustainable World

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework

The transition to a sustainable operating system for humankind is not only possible, but currently underway. This course assess the environmental challenges that our world faces and sets out possible courses for action, based on ideas, technology, and systems that are already being put in place around the globe.

GEOG 490 Directed Studies

3.00 credits (0,0,4) hrs 15 wks

Prerequisite: 15 upper level credits including a minimum of one 300-level GEOG course

Students will work with a Geography faculty member to guide them in the development of a research-based project. Specific course details will be arranged between individual students and faculty members. See the Department of Geography website for complete details on the application process.

German

No courses available for this subject.

Global Stewardship

GLBS 100 Global Stewardship Seminar I: Preparing to Volunteer for a NFP

1.50 credits (2,0,0) hrs 15 wks

This course is the first in a series of 4 seminars designed to prepare students with the skills, knowledge, and attitude necessary to effectively function as a volunteer - first as an individual, and then as a member of a group - in the Not-For-Profit sector. To this end, the series develops individual and group skills in the semester's prior to a volunteering experience with a local NGO.

GLBS 101 Global Stewardship Seminar II: Volunteering for a Not-For-Profit Organization

1.50 credits (0.5,0,2.66) hrs 15 wks

Prerequisite: GLBS 100

This course is the second in a series of four seminars designed to prepare students for a career in the NGO sector. Students in GLBS 101 will apply the skills learned in GLBS 100 through a volunteer practicum with an NGO.

GLBS 110 Introduction to Global Studies

3.00 credits (3,0,1) hrs 15 wks

This course introduces students to the field of Global Studies by examining globalization and the rise of global systems, and their impact on nation-states, culture, human security, national and international economies and the environment. Students will further explore how we are and aren't meeting the need for Global Public Goods, such as peace and security, the protection of universal human rights, infectious disease prevention, economic security, and environmental protection (including climate change).

GLBS 200 Global Stewardship Seminar III: Preparing for Group NFP Volunteering**1.50 credits (2,0,0) hrs 15 wks***Prerequisite:* GLBS 100 and 101

This course is third in a series of four seminars designed to prepare students with the skills, knowledge, and attitude necessary to effectively function as a volunteer - first as an individual, and then as a member of a group - in the non-governmental organization/not-for-profit sector. To this end, the series develops individual and group skills in the semester prior to a volunteering experience with a local NGO/NFP.

GLBS 201 Global Stewardship Seminar IV: Volunteering in a Group for Not-For-Profits**1.50 credits (0.5,0,2.67) hrs 15 wks***Prerequisite:* GLBS 200

This course is the last in a series of 4 seminars designed to prepare students with the skills, knowledge, and attitude necessary to effectively function as a volunteer, first, as an individual, and then as a member of a group in the Not-For-Profit sector. To this end, the series develops individual and group skills in the semesters prior to a volunteering experience with a local NGO.

Global Stewardship 1: Preparing to volunteer for a Not-For-Profit organization.

Global Stewardship 2: Volunteering for a Non-For-Profit organization

Global Stewardship 3: Preparing to volunteer as a member of a group for a Non-For-Profit organization.

Global Stewardship 4: Volunteering as a member of a group for a Non-For-Profit organization.

Grip Digital & Film

GRDF 100 Fundamental Grip Work for Digital Imaging and Film**3.00 credits (7.5,0,15) hrs 04 wks**

This course will provide training in the tools, techniques and procedures suitable to an entry-level position in the grip department of the mainstream and independent film production industries. The course of instruction will place a special emphasis on the new techniques developed for digital imaging for film and television.

Health Care Assistant

HCA 100 Lifestyle and Choices**1.50 credits (6,0,0) hrs 05 wks**

This course introduces students to a holistic concept of health and the components of a health enhancing lifestyle. Students will be invited to reflect on their own experience of health, recognizing challenges and resources that can impact lifestyle choices. Students will be introduced to a model that can be applied in other courses to understand the multi-faceted aspects of health and healing.

HCA 101 Health and Healing: Concepts for Practice**3.00 credits (7.2,0,0) hrs 10 wks**

This course provides students with the opportunity to develop a theoretical framework for practice. Students will be introduced to the philosophical values and theoretical understandings that provide a foundation for competent practice as a HCA. The course focuses on concepts of caring and person centered care; basic human needs and human development; family, culture and diversity as they relate to health and healing. Students will also be introduced to a problem-solving model that will be critical to their practice.

HCA 102 Interpersonal Communications**3.00 credits (6,0,0) hrs 09 wks**

This course focuses on the development of self-awareness, increased understanding of others and development of effective interpersonal communication skills that can be used in a variety of care giving contexts. Students will be encouraged to become more aware of the impact of their own communication choices and patterns. They will have opportunity to develop and use communication techniques that demonstrate personal awareness, respect and active listening skills.

HCA 103 Caring for Individuals: Common Health Challenges**4.50 credits (8.4,0,0) hrs 14 wks**

This course introduces students to the normal structure and function of the human body and normal bodily changes associated with aging. Students will explore common challenges to health and healing in relation to each body system. Students will also be encouraged to explore person-centered practice as it relates to the common challenges to health and, in particular, to end-of-life care.

HCA 104 Health Care Assistant: Introduction to Practice**1.50 credits (15,0,0) hrs 02 wks**

This course provides an introduction to the role of the HCA within the British Columbia health care system. Students will be introduced to the healthcare team and the roles and functions of HCA within the team. Students will also have opportunities to develop self-reflective skills required for competent practice and will be introduced to effective job-finding approaches.

HCA 105 Caring for Individuals: Cognitive or Mental Health Challenges**3.00 credits (15,0,0) hrs 04 wks**

This course builds on content from other courses to assist students to explore concepts and care giving approaches that will allow them to work effectively with individuals experiencing cognitive or mental challenges. Emphasis is on recognizing behaviours and identifying person-centered intervention strategies.

HCA 106 Personal Care Nursing Skills**3.00 credits (0,8.6,0) hrs 14 wks**

This practical course offers students the opportunity to acquire personal care and assistance skills within the parameters of the HCA role. The course is comprised of class and supervised laboratory experience which assist the student to integrate theory from other courses to develop care-giver skills that maintain and promote the comfort, safety and independence of individuals in community and facility contexts.

HCA 110 Practice Experience in Multi-level and/or Complex Care**9.00 credits (0,0,21) hrs 07 wks**

Prerequisite: HCA 100, HCA 101, HCA 102 and HCA 103 with a minimum B- grade in each course, and HCA 106

This supervised practice experience provides students with an opportunity to apply knowledge and skills from all other courses in the program with individuals in a multi-level or complex care setting. A portion of this clinical experience will be devoted to working with individuals experiencing cognitive challenges. Opportunity will be provided for students to gain expertise and confidence with the role of the HCA within a continuing care facility.

HCA 112 Practice Experience in Home Support and/or Assisted Living**1.50 credits (0,0,30) hrs 02 wks**

Prerequisite: HCA 100, HCA 101, HCA 102 and HCA 103 with a minimum B- grade in each course, and HCA 106

This practice course provides students with an opportunity to apply knowledge and skills from all other courses with individuals and families in a community setting. Opportunity will be provided for students to

become more familiar with the role of the HCA within a Home Support Agency and gain abilities that will prepare graduates to assume the role of a Community Health Worker.

History

HIST 100 History of the Ancient World

3.00 credits (4,0,0) hrs 15 wks

An introduction to ancient world history through an exploration of the development of diverse cultural, religious, social, economic and political systems. Various themes will be explored, such as the origin of cities, the rise and fall of empires, the relationship between religion and politics, and the relationship between citizen and state. Several geographical areas will be discussed including Mesopotamia, Egypt, Indian Subcontinent, China, Greece and Rome.

Note: HIST 100 is an approved Self and Society course for Cap Core requirements.

HIST 101 Europe in the Middle Ages and Renaissance

3.00 credits (4,0,0) hrs 15 wks

This course covers a colourful and creative period in European history from the 3rd century to the 15th century. Topics include the late Roman Empire and the rise of Christianity, monasticism and the church, feudal society and politics, the rise of towns, the crusades, the Black Death, and the art, culture and society of Renaissance Italy.

Note: HIST 101 is an approved Self and Society course for Cap Core requirements.

Note: This course is equivalent to HIST 207. Duplicate credit will not be granted for this course and HIST 207.

HIST 102 Europe from the Reformation to the French Revolution

3.00 credits (4,0,0) hrs 15 wks

A survey of early modern European history that addresses the political, social and cultural upheavals initiated by the Protestant Reformation including the Wars of Religion, Absolutism, the Scientific Revolution, the Enlightenment, the Old Regime and the French Revolution.

Note: HIST 102 is an approved Self and Society course for Cap Core requirements.

HIST 108 U.S. History to 1865

3.00 credits (4,0,0) hrs 15 wks

This course examines the development of what became the United States from before colonization by Europeans to the end of the Civil War. Emphasis is placed on the evolution of American domestic politics, race relations, economic and social trends, and westward expansion.

Note: HIST 108 is an approved Self and Society course for Cap Core requirements.

HIST 109 U.S. History: 1865-2009

3.00 credits (4,0,0) hrs 15 wks

This course examines the development of the United States as a world power after the Civil War. Special emphasis is given to foreign policy, domestic politics, social movements, and race relations.

Note: HIST 109 is an approved Self and Society course for Cap Core requirements.

HIST 110 Canada Before Confederation

3.00 credits (4,0,0) hrs 15 wks

A study of Aboriginal-European relations, New France and British North America. Special emphasis is placed on issues and ideas which have been significant in the creation of Canada and, in particular, the making of Canadian society before 1867.

Note: HIST 110 is an approved Self and Society course for Cap Core requirements.

HIST 111 Canada Since Confederation

3.00 credits (4,0,0) hrs 15 wks

This course examines the development of Canada since 1867. In particular it emphasizes prosperity and poverty; class, gender, aboriginal, and regional relations; French-English tensions; the influence of the United States; and Canada in the world community.

Note: HIST 111 is an approved Self and Society course for Cap Core requirements.

HIST 112 Canadian Military History

3.00 credits (4,0,0) hrs 15 wks

This course will examine a variety of themes, events and circumstances related to Canadian military history, investigating our nation's military experience from pre-colonial times to the late 20th century. This course will also meaningfully explore how our military history has, and continues to, profoundly shape and influence virtually all facets of Canadian society.

HIST 117 Pirates and Piracy from Ancient to Modern Times

3.00 credits (4,0,0) hrs 15 wks

Pirates have been the scourge of the seas since maritime trade and commerce began. From its classical origins to the modern day, piracy has had significant economic, political, social, and cultural effects. The motives for becoming a pirate and the nature of that reality will be examined by exploring themes of race, class, gender and religion, as well as the democratic ideals of fraternity, equality, and liberty.

Note: HIST 117 is an approved Self and Society course for Cap Core requirements.

HIST 130 World History: 1900-1953

3.00 credits (4,0,0) hrs 15 wks

This course will explore various themes and events in world history during the first half of the twentieth century, including imperialism, colonialism, nationalism, the First World War, interwar despotic states, the Second World War and the early Cold War.

Note: HIST 130 is an approved Self and Society course for Cap Core requirements.

HIST 131 World History: 1953-2003

3.00 credits (4,0,0) hrs 15 wks

This course will explore various themes and events in world history during the second half of the twentieth century including the global impact of the Cold War between the Soviet Union and the United States, the transformation of Asia, the processes of decolonization, the collapse of the Soviet Union, and the emergence of the Middle East as a major geopolitical influence.

Note: HIST 131 is an approved Self and Society course for Cap Core requirements.

Note: HIST 131 is equivalent to HIST 235. Duplicate credit will not be granted for this course and HIST 235.

HIST 205 British Columbia History

3.00 credits (4,0,0) hrs 15 wks

From the first contact between First Nations and Europeans in the 18th century to the present, this course analyses the main issues that have affected British Columbians. It also examines some aspects of the development of the North Shore.

HIST 208 Canadian-American Relations

3.00 credits (4,0,0) hrs 15 wks

This Canadian history course examines the major events and themes that have shaped the Canadian-American relationship. From the American Revolution, the war that ultimately created both countries, to recent years, we analyze the influence that the United States has had on Canada.

HIST 209 History of Aboriginal Peoples in Canada

3.00 credits (4,0,0) hrs 15 wks

This course will introduce students to the history of Aboriginal Peoples in Canada from time immemorial to the early 21st century. The course emphasizes the interactions between First Peoples and newcomers within the context of colonialism, the establishment and expansion of the Canadian nation-state, and the movements for reconciliations and revitalization of the late 20th century.

Note: HIST 209 is an approved Self and Society course for Cap Core requirements.

HIST 222 History of the First World War

3.00 credits (4,0,0) hrs 15 wks

This course will explore the history of the First World War, from the origins of the global conflict to the Paris Peace Conference of 1919. Many military, diplomatic, political, technological, economic and social aspects of the war will be examined.

Note: HIST 222 is an approved Self and Society course for Cap Core requirements.

HIST 225 History of the Second World War

3.00 credits (4,0,0) hrs 15 wks

This course explores the events and circumstances of the Second World War. The military, diplomatic, political, economic, cultural and social aspects of this global conflict will be examined and the themes of race and gender will be considered.

Note: HIST 225 is an approved Self and Society course for Cap Core requirements.

HIST 230 World History Since 1500

3.00 credits (4,0,0) hrs 15 wks

This course takes a comparative approach to world history, looking at major themes and developments in the history of Asia, Africa, Europe and the Americas.

HIST 240 Nazi Germany

3.00 credits (4,0,0) hrs 15 wks

This course will examine themes and events in the history of Nazi Germany from its inception to its fall. Emphasis will be placed upon various aspects of Nazi Germany's political, social, military and economic policies and actions.

Note: HIST 240 is an approved Self and Society course for Cap Core requirements.

Note: HIST 240 is equivalent to HIST 440. Duplicate credit will not be granted for this course and HIST 440.

HIST 248 Revolutionary Ideas in Nineteenth Century Europe

3.00 credits (4,0,0) hrs 15 wks

This course will examine the history of revolutionary ideas in nineteenth century Europe. It will explore some of the major revolutionary theories (such as socialism, conservatism, Darwinism, and feminism) and their application to events, such as the Napoleonic era, industrialization, the development of the modern state, and the 1848 Revolutions. As well, the impact on society, colonization, and the international tensions that loomed over the end of the century will be explored through the lens of the various revolutionary ideas.

Note: HIST 248 is an approved Self and Society course for Cap Core requirements.

Note: Students who receive credit for HIST 103 cannot receive credit for HIST 248.

HIST 249 Twentieth Century Europe
3.00 credits (4,0,0) hrs 15 wks

This course will examine the tragic and turbulent history of twentieth century Europe. It will explore various social, cultural, technological, military, diplomatic, and political aspects of this highly influential period. The themes of race, gender and conflict shall also be investigated.

Note: HIST 249 is an approved Self and Society course for Cap Core requirements.

Note: Students who receive credit for HIST 103 cannot receive credit for HIST 249.

HIST 250 Thinkers and Thugs: Ancient Greeks and Romans
3.00 credits (4,0,0) hrs 15 wks

This course will examine a variety of themes in Greek and Roman history from the 8th century B.C.E. to the 4th century C.E. This course will address the complex political, social, intellectual, and cultural settings of the ancient world. Special emphasis will be given to classical Athens and Sparta, Alexander the Great, the Hellenistic world, the Roman Republic, and the Roman emperors.

Note: HIST 250 is an approved Self and Society course for Cap Core requirements.

HIST 260 The Soviet Experiment: 1917-1991
3.00 credits (4,0,0) hrs 15 wks

This course will explore the nature and significance of the Soviet experiment from its inception to its fall. Emphasis will be placed upon the various personalities and events that shaped the formation, transformation and ultimate collapse of the Soviet Union.

Note: HIST 260 is an approved Self and Society course for Cap Core requirements.

HIST 305 U.S. History: 1945-2001
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework

This course will explore U.S. History from 1945 to 2001. This course will focus on the development of America as a world power after WWII with special emphasis on U.S. foreign policy, the Cold War, domestic policies, the Civil Rights movement, and the implications of the fall of the Soviet Union.

Note: HIST 305 is an approved Self and Society course for Cap Core requirements.

Note: HIST 109 is recommended as a prerequisite.

HIST 320 Revolutions in History
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework

This course will explore the relationship between revolution and society during specific historical periods and circumstances. Main themes will include the role of the state in revolutions, views and attitudes towards revolutions, the ideas and thoughts behind revolutions, as well as the outcome of these revolutions on the wider world.

Note: HIST 320 is an approved Self and Society course for Cap Core requirements.

HIST 325 Mysteries and Conspiracies
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework

This course will examine a variety of historical mysteries and conspiracies. We will explore the various aspects of these mysteries and conspiracies and place them in their proper historical context. Main themes will include the views, attitudes, and outcomes, both perceived and actual, of these diverse historical events and circumstances.

Note: HIST 325 is an approved Self and Society course for Cap Core requirements.

HIST 326 Disasters and Catastrophes

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework

This course will examine a variety of historical disasters and catastrophes, from ancient times to the current era. This course will explore the various aspects of these disasters and catastrophes and place them in their proper historical context. Main themes will include the views, attitudes, and outcomes, both perceived and actual, of these diverse historical events and circumstances.

Note: HIST 326 is an approved Self and Society course for Cap Core requirements.

HIST 333 History of Slavery and Antislavery

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework

This course will explore the history of slavery and antislavery from the mid sixteenth century to the late nineteenth century. The course focuses on topics such as the Atlantic slave trade, the rise of slave trading empires in Africa, and the impacts of slavery and antislavery in the Atlantic World. Core themes of the course include freedom and bondage, race, class, gender, sexuality, religion, imperialism, agency and resistance, and identity and subjectivity.

HIST 340 History of Genocide

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework

This course will examine a variety of themes, events and circumstances related to the history of genocide. Through case studies various aspects of genocide, including the motivation, planning, conduct and outcomes of these systemic mass murders will be investigated and analyzed. The continued influences of these past genocides to our modern world will also be explored.

Note: HIST 340 is an approved Self and Society course for Cap Core requirements.

HIST 366 Epidemics and Plagues in World History

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework

Spanning the globe and ranging in time period from antiquity to present day, this course surveys how epidemics and plagues changed society by examining social, religious, political and economic reactions and adaptations to various diseases.

Note: HIST 366 is an approved Self and Society course for Cap Core requirements.

HIST 380 War and Society

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework

This course will examine the development of warfare and its relationship, role and impact on society between 1850 and the nuclear age. Main themes will include: the role of war in contemporary societies, views and attitudes towards war, the technology and science of war, as well as the tactics and strategy of war.

Note: HIST 380 is an approved Self and Society course for Cap Core requirements.

HIST 390 Murder and Mayhem

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework

This course will examine historically how violence has shaped various societies' political, social, economic, religious and intellectual goals and beliefs.

Note: HIST 390 is an approved Self and Society course for Cap Core requirements.

HIST 414 Tudor and Stuart England, 1485-1689

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework including 3 credits of 100-level or higher HIST. From 1485 to 1689, England transformed itself from a minor feudal state to the first modern European society, and emerged as the wealthiest and most powerful nation in the world. This course explores epidemics and famines, invasions, two civil wars, violent religious reformations, and confrontations with two of the most powerful monarchs in Europe, Louis XIV of France and Philip II of Spain.

Note: HIST 414 is an approved Self and Society course for Cap Core requirements.

HIST 490 Directed Studies

3.00 credits (0,0,4) hrs 15 wks

Prerequisite: 15 upper level credits, including a minimum of one 300-level HIST course

Students will work with a History faculty member to guide them in the development of a research-based project. Specific course details will be arranged between individual students and faculty members. See the Department of History website for complete details on the application process.

Human Kinetics

HKIN 103 Active Health

3.00 credits (2,2,0) hrs 15 wks

This course highlights the role of physical activity and wellness factors in the maintenance of an overall healthy lifestyle. Specific health behaviors associated with chronic disease will be identified along with their health outcomes. The health benefits associated with physical activity and healthy lifestyle choices will be encouraged and behaviour change models considered. Students will apply basic physical fitness principles, theories, exercise methods and techniques associated with positive health outcomes. Students will assess, design and implement personal physical activity and wellness programs using a behavior change model.

Note: HKIN 103 is an approved Science course.

Note: Credit will only be granted for one of HKIN103/KIN143.

HKIN 112 Health and Human Nutrition

3.00 credits (4,0,0) hrs 15 wks

This course is an introduction to fundamental principles related to health and human nutrition. It is intended to help students understand the foundations of digestion and the functions of nutrients. Nutritional planning and assessment in the context of national dietary recommendations, and consequences of deficient or excessive intake of nutrients will also be studied. Through this course, students will gain an understanding of how food selection can play a role in enhancing or maintaining health. Students will also develop the ability to discriminate between reliable and unreliable information about food and nutrition.

Note: HKIN 112 is an approved Science and Technology course for Cap Core requirements. HKIN 112 is an approved Science course.

HKIN 116 Performance Analysis of Selected Individual Sports and Activities I

3.00 credits (2,2,0) hrs 15 wks

This course is designed to help students apply the basic principles of sport skill analysis applicable to various individual sports and activities. Students will demonstrate practical and theoretical knowledge of skills, techniques, and strategies, which contribute to effective performance in outdoor pursuits such as a rope course, kayaking, mountain biking and indoor climbing/bouldering. Additionally, students will be

introduced to the theory of teaching outdoor pursuit activities for the grade school physical education students.

HKIN 117 Performance Analysis of Selected Individual Sports and Activities II
3.00 credits (2,2,0) hrs 15 wks

Prerequisite: HKIN 116

This course is designed to help students apply and demonstrate practical and theoretical knowledge of skills and techniques which contribute to effective performance in fundamental movement skills, traditional and contemporary strength training, and aerobic dance and aquatic fitness.

HKIN 125 Introduction to Leadership in Health and Physical Activity
3.00 credits (4,0,0) hrs 15 wks

This course focuses on understanding self and personal leadership. It covers a broad range of leadership topics from understanding self and group behaviour, teamwork, organizational design, ethics and change.

HKIN 151 Biomechanics I
3.00 credits (4,0,0) hrs 15 wks

This course introduces students to the qualitative and quantitative analysis of human movement. Using basic principles of physics and math, students will learn to apply kinematic and kinetic analyses to understand motion. The course also utilizes musculoskeletal anatomy and physiology to describe and explain movement.

Note: HKIN 151 is an approved Quantitative/Analytical course for baccalaureate degrees. HKIN 151 is an approved Science course.

Note: It is recommended that students take MATH 097 if they have not taken Math in the last 12 months.

HKIN 161 Leisure and Sport in Society
3.00 credits (4,0,0) hrs 15 wks

This course provides an introductory analysis of political, economic and social issues in leisure and sport. Students will examine present day problems, myths and stereotypes in leisure and sport.

Note: HKIN 161 is an approved Self and Society course for Cap Core requirements.

HKIN 162 Contemporary Health Issues
3.00 credits (4,0,0) hrs 15 wks

This course will provide an examination of lifestyle behaviours in the context of contemporary health issues. Current health, wellness and behavior change models and frameworks will be reviewed and applied to personal health planning. Topics include: stress management, psychosocial health, physical activity and healthy eating, chronic disease, alcohol and drug use, personal relationships, infectious diseases, aging and the environment.

Note: HKIN 162 is an approved Self and Society course for Cap Core requirements. HKIN 162 is an approved Science course.

Note: HKIN 162 is equivalent to HKIN 252. Duplicate credit will not be granted for this course and HKIN 252.

HKIN 190 Anatomy and Physiology I
3.00 credits (2,2,0) hrs 15 wks

This course will explore the structure and function of the skeletal, muscular, and nervous systems of the human body. Special emphasis is given to the musculoskeletal system during the laboratory periods and through the analysis of common movements.

Note: HKIN 190 is an approved Science and Technology course for Cap Core requirements.

Note: HKIN 190 is an approved Science course. HKIN 190 is an approved Lab Science course.

HKIN 191 Anatomy and Physiology II

3.00 credits (2,2,0) hrs 15 wks

Prerequisite: HKIN 190

This course will examine the anatomy and physiology of the nervous, digestive, urinary, circulatory, respiratory and endocrine systems of the human body. Some emphasis will be given to the physiological changes of these systems during exercise.

Note: HKIN 191 is an approved Science and Technology course for Cap Core requirements.

Note: HKIN 191 is an approved Science course. HKIN 191 is an approved Lab Science course.

HKIN 205 Principles of Strength and Conditioning

3.00 credits (2,2,0) hrs 15 wks

Prerequisite: HKIN 103

This course investigates the theories and applied principles of physical training and conditioning as they relate to flexibility improvement, muscular strength, endurance and power development. The principles and training variables of weight and plyometric training will be examined and detailed comparisons of various weight training programs will be performed.

Note: HKIN 205 is an approved Science course.

Note: HKIN 205 is an approved Lab Science course.

HKIN 212 Nutrition in the Prevention of Disease

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: HKIN 112 or BIOL 202

This course builds on principles introduced in HKIN 112. Starting with a review of the origins and safety of the food supply, it will progress to discuss the role that nutrition has in the prevention and treatment of common degenerative diseases. Special emphasis will be directed towards preventing these chronic conditions and establishing lifelong healthy eating patterns.

HKIN 216 Performance Analysis of Selected Team Sports/Activities I

3.00 credits (2,2,0) hrs 15 wks

Prerequisite: HKIN 116 or 117

This course will explore the history of soccer and basketball, the techniques and tactics involved in both games and introduce various teaching and coaching methods to the students. Special emphasis will be given to more contemporary teaching models and provide students with opportunities to practice teaching in peer, small and larger group settings.

HKIN 217 Performance Analysis of Selected Team Sports/Activities II

3.00 credits (2,2,0) hrs 15 wks

Prerequisite: HKIN 116 or 117

This course will explore the history of volleyball and badminton, the techniques and tactics involved in both games and introduce various teaching and coaching methods to the students. Special emphasis will be given to more contemporary teaching models and provide students with opportunities to practice teaching in peer, small and larger group settings.

HKIN 225 Aging and Health

3.00 credits (4,0,0) hrs 15 wks

The purpose of this course is to enable students to develop a critical understanding of the bio-psychosocial, economic, and political forces that shape how the health issues of older adults are perceived in Canada. In particular, how does aging impact the health of older adults? What social factors influence 'healthy aging'? and What are the central issues/concerns associated with aging and health?

HKIN 230 Human Motor Behaviour I

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: ENGL 100

This course examines the processes underlying human movement and the factors influencing acquisition, performance and movement control during the learning of motor skills. Applications related to motor skill acquisition and learning are considered as implemented in health, fitness, sport and education settings.

Note: HKIN 230 is an approved Science and Technology course for Cap Core requirements.

Note: HKIN 230 is an approved Science course.

HKIN 231 Mental Theories in Sport and Exercise

3.00 credits (4,0,0) hrs 15 wks

The purpose of this course is to review and apply the psychological theories and research related to sport and exercise behavior. Students design programs implementing skills and strategies for psychological interventions. Students observe strategies used for enhancing sport performance, personal growth and exercise prescription in sport, health, education and fitness environments.

Note: HKIN 231 is an approved Science and Technology course for Cap Core requirements.

Note: HKIN 231 is an approved Science course.

HKIN 241 Care and Prevention of Sports Injuries

3.00 credits (2,2,0) hrs 15 wks

Prerequisite: HKIN 190 or KIN 142

This course introduces students to the recognition and treatment of common sports injuries. Building on their knowledge of musculoskeletal anatomy, students will learn how to assess, rehabilitate, and tape or brace sports injuries to enhance the recovery process and speed healing.

Note: HKIN 241 is an approved Science course.

HKIN 252 Contemporary Health Issues

3.00 credits (4,0,0) hrs 15 wks

This course will provide an examination of lifestyle behaviours in the context of contemporary health issues. Current health, wellness and behavior change models and frameworks will be reviewed and applied to personal health planning. Topics include: stress management, psychosocial health, physical activity and healthy eating, chronic disease, alcohol and drug use, personal relationships, infectious diseases, aging and the environment.

Note: HKIN 252 is an approved Self and Society course for Cap Core requirements.

Note: HKIN 252 is an approved Science course.

HKIN 261 Health, Policy and Society

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: HKIN 161

This course is designed as an introduction to the sociology of health and illness. Students will analyze health policy and the social determinants of health in society using social models and theories as a framework for understanding. Current health issues and their social influences will be discussed in relation to the overall population health of Canadians. Students will examine the historical and current context of the Canadian Medical System.

Note: HKIN 261 is an approved Self and Society course for Cap Core requirements.

HKIN 275 Exercise Physiology

3.00 credits (2,2,0) hrs 15 wks

Prerequisite: HKIN 191

This course will explore the acute and chronic effects of exercise on body systems; specifically cardiovascular, respiratory and muscular responses to physical activity will be examined.

Note: HKIN 275 is an approved Science and Technology course for Cap Core requirements.

Note: HKIN 275 is an approved Science course.

HKIN 284 Human Growth and Development

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: HKIN 230

This course is an introduction to human growth and motor development through the lifespan. Students will gain an understanding of how the human body progresses from prenatal development to old age. The goal of the course is to give students the foundations to understanding the factors that influence physical, motor, social and cognitive growth and development. Students will also develop their research and critical inquiry skills by investigating current issues related to human development.

Note: HKIN 284 is an approved Science course.

HKIN 296 Human Kinetics Career Seminar Series

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 21 credits of 100 or 200-level HKIN

This course provides Human Kinetics students the opportunity to hear from, and interact with, current professionals in the performance, health and wellness industry while refining their presentation and public speaking skills. Students will be in contact with people from some of the various career paths they may be interested in pursuing, fostering professional inquiry and opening the door for networking and future course selection.

Note: HKIN 296 is an approved Capstone course for Cap Core requirements.

Indigenous Digital Filmmaking

IDF 103 Production Design I

1.50 credits (4,0,0) hrs 08 wks

This course familiarizes students with the process involved in the design, planning and construction of motion picture sets.

Note: IDF 103 is equivalent to MOPA 103. Duplicate credit will not be granted for this course and MOPA 103.

IDF 109 Production Planning

2.00 credits (4,2,0) hrs 05 wks

The first major supervised project includes development and prep. Through lectures, workshops and project work, students will learn and apply expanded creative and artistic concepts of a narrative story structure and style while planning their production work.

IDF 110 Production Project #1

2.00 credits (2,4,0) hrs 05 wks

The first major project includes development, pre-production, production and post-production. Mentorship and supervision focus on professionalism and technical competency.

IDF 119 Professional Development I

1.50 credits (1,6,0,0) hrs 19 wks

Students will learn about First Nations leadership philosophies, protocols and practices from which communal and team spirit is derived from. They will learn to adapt those traditional practices and develop First Nations crew protocols, team-building strategies and problem-solving and conflict resolution techniques that satisfy contemporary industry standards as well as community based industry structures. Students will cultivate networking strategies.

IDF 120 Indigenous Cinema Studies

3.00 credits (4,0,0) hrs 15 wks

Students will be introduced to the history and development of Indigenous creative and artistic expression. An overview of the development of Indigenous media, particularly television and film and its potential as an integral part of creative Indigenous traditions, will be explored through lectures, workshops and hands-on project work.

IDF 126 Introduction to Screenwriting

3.00 credits (4,0,0) hrs 15 wks

Students will learn storytelling techniques and devices that apply to both traditional Indigenous storytelling and the current process of developing dramatic scripts/screenplays formatted for film and television. The role of the writer in dramatic production, and specifically in Indigenous production, will be described and simulated.

IDF 127 Introductory Documentary

3.00 credits (3,2,0) hrs 15 wks

Students will learn basic skills and theory of factual storytelling structures and devices. The importance of research, the role of the producer, writer and editor in production process, and specifically in Indigenous fact-based production, will be described and applied.

IDF 128 Production Management

3.00 credits (4,0,0) hrs 15 wks

Students will learn the processes involved in planning, budgeting and managing a production, with specific reference to the Indigenous production sector.

Note: IDF 128 is equivalent to MOPA 104. Duplicate credit will not be granted for this course and MOPA 104.

IDF 136 Production/Post Production

3.00 credits (3,2,0) hrs 15 wks

Students will obtain basic knowledge client relations and hands-on, practical experience of the creative and practical elements of production and post-production through a series of lectures, workshops and project work. Applying the skills and knowledge gained throughout the program, students will work in teams in a variety of roles to complete 30 to 60 second public service announcement.

IDF 137 Narrative Production

3.00 credits (4,6,0) hrs 15 wks

Prerequisite: 13.5 credits of 100-level IDF courses

Students will learn basic knowledge and acquire hands-on, practical experience of the creative and practical elements of production and post-production through a series of lectures, workshops and project work. Applying the skills and knowledge gained throughout the program, students will work in teams in a variety of roles to complete a short fact based production.

IDF 139 Technical Foundations

3.00 credits (3,2,0) hrs 15 wks

Students will learn technical elements of production while working hands-on to develop a corporate video. Students will learn camera, light composition, basic sound recording, graphic design and editing through a combination of lectures, workshops and hands-on experience.

IDF 142 Technical Directing

3.00 credits (4,0,0) hrs 15 wks

Students will be introduced to the foundation processes, paperwork, and procedures involved in filmmaking at all levels. From developing a story through to production models, it lays the groundwork upon which all filmmaking is built, including core elements of the sequence of events on set: block, light, rehearse, and shoot, while describing, in detail, the various and specific functions of the production team and giving students multiple opportunities to apply their learning on set.

Note: IDF 142 is equivalent to MOPA 100. Duplicate credit will not be granted for this course and MOPA 100.

IDF 207 Technical Motion Picture Arts

5.00 credits (4,4,0) hrs 15 wks

Students will learn the importance of creating a seamlessly crafted film by developing skills in the technical arts of filmmaking using the paradigm of Classical Narrative Cinema (the cinematic fundamentals of the on-screen spatial relationships). Theoretical and practical aspects of cinematography, sound and film production are explored and applied in this team-taught interdisciplinary course.

Note: IDF 207 is equivalent to MOPA 207. Duplicate credit will not be granted for this course and MOPA 207.

IDF 208 Line Producing and Production Management

3.00 credits (4,0,0) hrs 15 wks

Students will explore the function and practices of line producers and production managers in the entertainment industry, including core production workflows relating to human resources, production resources, unions and guilds, and accounting, as well as the preparation of industry standard production budget and evaluating the production requirements of professional projects.

Note: IDF 208 is equivalent to MOPA 220. Duplicate credit will not be granted for this course and MOPA 220.

IDF 209 Advanced Digital Editing

3.00 credits (2,2,0) hrs 15 wks

Students will build upon and reinforce the foundation of editing skills and knowledge by identifying and explaining various picture and sound editing aesthetics, evaluating visual and audio elements of a project, as well as demonstrating various editing styles.

Note: IDF 209 is equivalent to MOPA 209. Duplicate credit will not be granted for this course and MOPA 209.

IDF 213 Production Design II

1.00 credit (4,0,0) hrs 05 wks

Students will explore the implementation of visual design and production design on film/tv projects, including student film projects. Students will learn advanced creative application skills of cultural, traditional and practical elements of production planning.

Note: IDF 213 is equivalent to MOPA 213. Duplicate credit will not be granted for this course and MOPA 213.

IDF 217 Sound Design for Film and Video

1.50 credits (4,0,0) hrs 08 wks

This course is designed to build upon the foundation of sound editing and sound recording knowledge acquired in the first year of the program. The purpose of this course is to teach the foundation of the principles of sound aesthetics, creating sound, and applying them to the sound edit of a film or video.

Note: IDF 217 is equivalent to MOPA 217. Duplicate credit will not be granted for this course and MOPA 217.

IDF 233 Screenwriting
3.00 credits (4,0,0) hrs 15 wks

The student will learn Indigenous storytelling techniques. The students will gain experience in the role of the writer in an actual dramatic production, and specifically in Indigenous production. Students will learn to develop the beats, acts, sequences and write a short screenplay.

Note: This course is equivalent to IDF 226. Duplicate credit will not be granted for IDF 226.

IDF 235 Indigenous World Cinema
3.00 credits (4,0,0) hrs 15 wks

The course provides a cultural and artistic framework for world Indigenous filmmaking. Through lectures, screenings, discussion, project work, and guest speakers the students will learn how to identify varying styles, approaches and delivery of story from indigenous groups from around the world.

Note: IDF 235 is an approved Self and Society course for Cap Core requirements.

IDF 239 Advanced Technical Foundations
1.50 credits (2,0,4) hrs 08 wks

The students will learn advanced technical skills and practical experience of production through a mixture of lectures, workshops and hands-on projects. More complex and sophisticated production and post-production skills and tools will be introduced and developed, including advanced camera work, lighting design, sound design, and advanced post-production processes and techniques.

IDF 240 Advanced Technical Directing
1.50 credits (4,0,0) hrs 08 wks

The student will learn to understand story themes, story points, character development, foreshadowing, intent, plot points, climax, resolution, recurring motifs, scene transitions, tension points, scene analysis and communicating with actors.

IDF 243 Production Development
1.00 credit (4,0,0) hrs 05 wks

Students will learn advanced creative application skills of cultural, traditional and practical elements of production planning. Students will complete the planning stage for two productions that will be produced in the spring term.

IDF 250 Advanced Production Project
5.00 credits (4,4,0) hrs 15 wks

Students will produce two short filmed productions where they will work in at least two production skills areas and demonstrate working knowledge of key crafts contributing to entry level professional dramatic film, television and media production.

Indigenous Studies

IDST 110 Aboriginal Culture, the Lands and Personal Connection

2.00 credits (4,0,0) hrs 10 wks

This is a seminar style course designed to prepare students for success within the ARLS program, broaden perspectives, create contacts, and enhance skills to gain employment upon completing the program. Through a seminar approach, you explore topics such as heritage and values associated with the land, concepts of value of the land and resources, and different employment and careers opportunities in land and resource management and stewardship.

IDST 120 Aboriginal Land and Resource Stewardship

3.00 credits (4,0,0) hrs 15 wks

This course explores concepts of stewardship and sustainability from contemporary and traditional perspectives. The over-riding theme of this course is to explore what it means to be a steward of the land and how this relates to conservation and sustainability from different world-views. Historical precedents and legal cases that define aboriginal rights and title will also be explored in the context of land stewardship.

Int'l Business and Logistics

IBUS 231 Introduction to International Commerce

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: IBUS 234 plus 24 post-secondary Business Administration credits

To provide the students with a practical and sound understanding of the application and theoretical foundation of international business in competitive environment, particularly multinational business management for enterprises as well as international commerce for trade and investment.

IBUS 234 Introduction to Cross Culture Communication

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 15 post-secondary Business Administration credits

The course is aimed at increasing participant's awareness of and sensitivity toward their own and other cultures and in increasing knowledge and skills competence in cross-cultural settings as they relate to business management and relationships. Through the presentation of information on communication theory and culture in general, an analysis of the barriers to effective cross-cultural communication, an in depth look at values and values orientations, and reflection on selected current international business events the link is made to both theoretical knowledge and applied skills relevant to both overseas and the domestic multicultural, multi-ethnic business environment.

IBUS 243 Global Marketing and Advertising

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: BMKT 161

This course will introduce students to the complexity of culture and its influence on communication in general and advertising specifically. Students will appreciate how cultural differences impact on marketing, consumer behaviour and advertising issues. Student will also understand cultural differentiators and their affect on the advertising area.

IBUS 255 Cross-Cultural Business

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 30 credits of 100-level or higher coursework, including ENGL 100

The course increases participant's awareness of and sensitivity toward their own and other cultures in cross-cultural settings as they relate to business management and relationships. It examines values and value orientations in relation to current international business events by establishing a link between theoretical

knowledge and applied skills to the international and the domestic multicultural, multi-ethnic business environment.

Note: IBUS 255 is an approved Self and Society course for Cap Core requirements.

IBUS 256 Introduction to Supply Chain Management and Sustainability

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 24 credits of 100-level or higher coursework

This course focuses on understanding key supply chain concepts, processes, and performance and explores the management of sustainable supply chains, a key competitive advantage in international business.

Topics include important supply chain terminologies, primary trade-offs in making supply chain decisions, and basic tools for effective and sustainable supply chain management.

IBUS 321 International Business

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework, and CMNS 152 or CMNS 220 or ENGL 190 as a pre- or corequisite; OR 3 NABU credits and CMNS 305

This course will be a blend of lectures, case studies and discussions of current events affecting business. Students will learn the terminology of international business and the process managers go through in "internationalizing" their business, including how uncontrollable elements of international markets can impact business.

Note: This course is recommended as a 3rd year option.

IBUS 340 International Trade and Law

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework

This course examines the effect of international business trade relationships within the private and public laws of foreign jurisdictions. Topics range from International trade conventions and agreements, the legal processes of importing and exporting, and the challenge of dealing with conflicting domestic laws between countries.

Note: IBUS 340 is an approved Self and Society course for Cap Core requirements.

IBUS 341 Introduction to Supply Chain Management and Sustainability

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework; OR 3 NABU credits and CMNS 305

This course examines the competitive advantages to be gained from an effective and efficient supply chain in an era of ever-increasing challenges associated with global logistics. In addition, this course requires students to examine and assess the core strategies and procedures that will help businesses avoid common pitfalls of global logistics. The final project requires students to apply course content, with an emphasis on sustainable supply chains, to a real business situation.

Note: IBUS 341 is an approved Self and Society course for Cap Core requirements.

Note: IBUS 341 is equivalent to IBUS 356. Duplicate credit will not be granted for this course and IBUS 356.

IBUS 356 Global Distribution and Logistics

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: IBUS 256

Logistics and transportation are critical links in today's supply chain. Building on the fundamentals addressed in IBUS 256, this course explores the concepts of physical distribution and logistics, as well as addressing the specific areas of contracts, loss and damage, dangerous goods, marine insurance, Canada Customs, international trade, and the transportation regulatory environment.

Note: This course is equivalent to IBUS 341. Duplicate credit will not be granted for this course and IBUS 341.

IBUS 357 International Marketing
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: BMKT 161; OR 6 NABU credits

This course covers marketing theory and methods as they apply to world markets. Among the topics discussed are: the importance of linking international marketing with the overall strategy of the business while examining the impact of cultural, political and legal issues and the economic differences in global strategies. Emphasis is placed on developing the marketing mix appropriate to various international global environments.

IBUS 358 Principles of Quality Management
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework including BADM 102 and BADM 210; OR 6 NABU credits

This course introduces basic concepts, practices, tools, and techniques of quality management relating to management, services, and goods. Topics include concepts and approaches to total quality, implementation of total quality management (TQM), human aspects of TQM, continuous improvement, assessment, purchasing and quality standards ISO 9000 series.

IBUS 368 International Entrepreneurship
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework and BADM 268; OR 6 NABU credits

Entrepreneurs who aspire to doing business internationally will naturally face business environments different from their home country. To overcome this challenge, these entrepreneurs need to explore and apply a variety of international business related topics such as trade rules and theories, financing, export and import processes, risk analysis, risk management, logistics, and cultural diversity.

IBUS 405 Applied Projects in Supply Chain and Logistics
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 75 credits of 100-level or higher coursework including IBUS 341 and an additional 6 upper level IBUS credits, ENGL 100, and CMNS 152 or CMNS 220

This course provides students with an opportunity to apply concepts and skills learned during their previous International Business studies. Students will complete a team-based project to solve a "real world" problem in a client organization. The course format is a combination of classroom-based lectures, guest speakers, and instructor-directed student team group work (three to four students each), in combination with online interaction outside the classroom via a course website.

IBUS 434 Advanced Topics in Cross-Cultural Business
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 75 credits of 100-level or higher coursework including IBUS 321, ENGL 100, and CMNS 152 or 220

Students will apply their knowledge and skills in cross-cultural leadership and management, cross-cultural ethics, conflict, and negotiation. Students will apply these skills and knowledge to a team project and present their findings to a panel of professionals.

Note: IBUS 434 is an approved Experiential course for Cap Core requirements.

IBUS 440 Advanced Topics in International Business
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 75 credits of 100-level or higher coursework including IBUS 255, ENGL 100, and CMNS 152 or 220; OR 3 NABU credits and CMNS 305

This course will further students' knowledge of international business practices in a world context paying attention to operations, trade, investments, international financial markets, new financial instruments, etc. Through case studies, students will analyze current international business environments in specific industries and their success and challenges across the globe. Students will learn business practices of small and medium enterprises and multinationals in developed, emerging, and developing countries and common markets.

Interdisciplinary Studies

INTS 210 Approaching Knowledge

3.00 credits (4,0,0) hrs 15 wks

This team-taught course frames the basic approaches to research and knowledge production in the arts, sciences and related fields of study. Through an introduction to interdisciplinary studies, the course encourages students to start thinking across disciplinary boundaries and develop an appreciation of the ways in which many contemporary problems require thinking from two or more academic disciplines.

Note: INTS 210 is equivalent to LBST 100. Duplicate credit will not be granted for this course and LBST 100.

INTS 310 Interdisciplinary Research

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework

This team-taught course introduces students to the various stages of the research process and provides them with an understanding of the different methods used to conduct research commonly used in the humanities, social sciences, and related fields of study. Students will be exposed to different methods - computational, ethnographic, archival and others - and will begin to apply methods in a practical, ethical manner.

INTS 335 Grand Challenges - An Interdisciplinary Approach

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework

Teams of scientists, researchers, and innovators across the disciplines and various sectors are working together to solve the twenty-first century's grand challenges. Whether tackling declining biodiversity or building sustainable cities, the solutions to these problems require teams of specialists across multiple fields of expertise working together. Taking a localized approach to grand challenges, this project-based course will explore and propose solutions to topical regional issues - i.e. affordable housing, green transportation, food security, and resource development - from an interdisciplinary perspective.

Note: INTS 335 is an approved Experiential course for Cap Core requirements.

Note: INTS 335 is equivalent to LBST 335. Duplicate credit will not be granted for this course and LBST 335.

INTS 345 Reconciliation in Action

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework

This course invites students to engage in the process of advancing reconciliation between Indigenous and non-Indigenous peoples in Canada. Engaging with the work and teachings of Elders, Indigenous scholars, cultural experts, and Indigenous communities, students will examine the process of reconciliation within

the context of past and ongoing processes of settler colonialism, including residential schools and genocide committed against Indigenous people.

Note: INTS 345 is an approved Experiential course for Cap Core requirements.

Note: INTS 345 is an approved Self and Society course for Cap Core requirements.

INTS 390 Tutorial I
1.00 credit (0,0,1.2) hrs 15 wks

Prerequisite: 60 credits of 100-level or higher coursework

Students will work with an instructor to guide them in a topic-based analytical or creative project(s) approved by the student's tutorial advisor. Specific course details will be arranged between individual students and faculty members. Registration is by permission of the instructor and the Interdisciplinary Studies degree coordinator.

Note: INTS 390 is an approved Experiential course for Cap Core requirements.

Note: INTS 390 is equivalent to LBST/LSBA 390. Duplicate credit will not be granted for this course and either LBST 390 or LSBA 390.

INTS 391 Tutorial II
1.00 credit (0,0,1.2) hrs 15 wks

Prerequisite: INTS/LBST/LSBA 390

Students will work with an instructor to guide them in a topic-based analytical or creative project(s) approved by the student's tutorial advisor. Specific course details will be arranged between individual students and faculty members. Registration is by permission of the instructor and the Interdisciplinary Studies degree coordinator.

Note: INTS 391 is an approved Experiential course for Cap Core requirements.

Note: INTS 391 is equivalent to LBST/LSBA 391. Duplicate credit will not be granted for this course and either LBST 391 or LSBA 391.

INTS 392 Tutorial III
1.00 credit (0,0,1.2) hrs 15 wks

Prerequisite: INTS/LBST/LSBA 391

Students will work with an instructor to guide them in a topic-based analytical or creative project(s) approved by the student's tutorial advisor. Specific course details will be arranged between individual students and faculty members. Registration is by permission of the instructor and the Interdisciplinary Studies degree coordinator.

Note: INTS 392 is an approved Experiential course for Cap Core requirements.

Note: INTS 392 is equivalent to LBST/LSBA 392. Duplicate credit will not be granted for this course and either LBST 392 or LSBA 392.

INTS 490 Graduating Project
3.00 credits (0,0,4) hrs 15 wks

Prerequisite: 105 credits of 100-level or higher coursework and one of the following: INTS/LBST/LSBA 392, INTS/LBST 335, or INTS 345

Students will work with an instructor to guide them in a topic-based analytical or creative Capstone approved by the student's advisor. Specific course details will be arranged between individual students and faculty members. Registration is by permission of the instructor and the Interdisciplinary Studies degree coordinator.

Note: INTS 490 is an approved Capstone course for Cap Core requirements.

Note: INTS 490 is equivalent to LBST/LSBA 490. Duplicate credit will not be granted for this course and either LBST 490 or LSBA 490.

INTS 495 Extended Graduating Project - Part 1

3.00 credits (0,0,4) hrs 15 wks

Prerequisite: 90 credits of 100-level or higher coursework and one of the following: INTS/LBST/LSBA 392, INTS/LBST 335, or INTS 345

Students will work with an instructor to guide them through an extended topic-based analytical or creative Capstone project approved by the student's advisor. Specific course details will be arranged between individual students and faculty members. Registration is by permission of the instructor and the Interdisciplinary Studies degree coordinator.

Note: INTS 495 is an approved Capstone course for Cap Core requirements.

Note: INTS 495 is equivalent to LBST/LSBA 495. Duplicate credit will not be granted for this course and either LBST 495 or LSBA 495.

INTS 496 Extended Graduating Project - Part 2

3.00 credits (0,0,4) hrs 15 wks

Prerequisite: INTS /LBST/LSBA 495

Students will work with an instructor to guide them through the second part of an extended topic-based analytical or creative Capstone project approved by the student's advisor. Specific course details will be arranged between individual students and faculty members. Registration is by permission of the instructor and the Interdisciplinary Studies degree coordinator.

Note: INTS 496 is an approved Capstone course for Cap Core requirements.

Note: INTS 496 is equivalent to LBST/LSBA 496. Duplicate credit will not be granted for this course and either LBST 496 or LSBA 496.

International Management

INMA 500 International Business Strategy

3.00 credits (4,0,0) hrs 15 wks

This course explores the challenges faced by international firms in building and sustaining competitive advantage within a complex, uncertain and changing global business environment. Students examine how firms develop a range of strategic approaches to international business challenges, balancing a consideration of internal organizational influences and stakeholder pressures against an evaluation of the impact of competitive rivalry and environmental forces. Students will critically assess a range of strategic options available to managers in specific case situations.

INMA 505 International and Comparative Human Resource Management

3.00 credits (4,0,0) hrs 15 wks

This course enables students to critically explore the management of people from an international perspective, analysing the complex HRM and employment relations policies, strategies and practices that organizations pursue in the context of globalisation. The course explores the functional and strategic requirements of HRM in the international organization and how international issues of workforce mobility and other economic, technological, political, cultural, environmental and social pressures impact on HRM and employment relations.

INMA 510 Managing in International Business

3.00 credits (20,0,0) hrs 03 wks

The course investigates a contemporary management attributes and skills. Models and competence frameworks for management are analyzed and applied. Practical self-development and self-diagnostic tools, including an understanding of continuing professional development are utilized. Students assess their current situation, identify barriers to success and develop a clear action plan. Students increase their

understanding of the changing context of management and develop a range of intellectual, social and practical skills required to undertake managerial work.

INMA 515 Marketing Across Cultures
3.00 credits (4,0,0) hrs 15 wks

This course explores key issues of cultural diversity and the process of formulating cross-border marketing strategy. Students are introduced to key concepts, academic theories and models of cultural diversity and managing cross-border marketing, including theories of consumer behaviour and marketing communications. Students analyse the process of cross-border marketing, and critically evaluate strategies and processes adopted by leading global players. Students also explore managing marketing alliances across borders.

INMA 525 The Global Economy
3.00 credits (4,0,0) hrs 15 wks

This course introduces the complex patterns, processes and concepts related to measurement and international economic theories, the role of global institutions and narratives used to explain the global economy.

INMA 530 Major Research Project
9.00 credits (0,0,2.9) hrs 22 wks

The integrated research project is a substantial and transformative piece of investigative work undertaken by students which develops the skills needed to integrate their learning from the range of disciplines covered in the program's taught courses and apply it to a complex international business problem. Students develop and apply independent research skills in the location, evaluation, presentation and analysis of data in coming to an understanding of the problem they are investigating. It is expected that the final research project is a contribution to the existing literature.

INMA 535 International Business Plan
9.00 credits (0,0,2.9) hrs 22 wks

The dissertation is an independent and original piece of work incorporating research, study and evaluation. It is the culmination of a successful graduate programme, demonstrating the student's ability to work independently. The dissertation may focus on any aspect of the International Management graduate diploma programme. Each student will be allocated a supervisor. In all cases, the research must demonstrate critical and independent thought.

INMA 540 Finance for International Business
3.00 credits (4,0,0) hrs 15 wks

This course is designed to allow students to critically evaluate the application of financial management techniques and theory to international business. Students will have the opportunity to assess and apply appropriate strategies for shareholder value creation within an international context.

INMA 545 Research and Project Skills
3.00 credits (4,0,0) hrs 15 wks

This course is designed to develop postgraduate level skills of independent research, analysis, evaluation, writing and presentation; apply those skills in the undertaking of a piece of independent research and the production of a major postgraduate research project. This course prepares the students for an individual research project in their chosen field to deepen their knowledge and understanding of a business issue and its application within their academic context as a whole. The course is designed for students from a variety of backgrounds, including Business, Tourism and Communications.

Intradisc Visual Perf Art

IVPA 300 Introduction to the Intradisciplinary: an Arts Perspective

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework

This course is team taught by faculty from a variety of visual and performing arts backgrounds and is open to students from all disciplines for the purposes of collaborative exploration and innovation. Students will gain exposure to diverse perspectives and will practice a selection of fundamental visual and performing arts techniques that provide the material approaches, structures and language for the course work. The goal is to expand the students' capabilities by extending the current approaches in their own field, revealing relationships between previously unconnected materials and concepts and applying different or new approaches to their creative processes.

Japanese

JAPN 100 Beginner Japanese Language and Culture I

4.00 credits (4,0.75,1) hrs 15 wks

This course offers a comprehensive introduction to modern Japanese through the study of vocabulary, grammar and culture. The beginning of the course will be devoted to learning the Japanese writing systems (hiragana and katakana). 40 to 50 kanji (Chinese characters) will also be taught. Students will develop basic language skills in a socio-culturally functional way.

Note: JAPN 100 is an approved Culture and Creative course for Cap Core requirements.

Note: This is not a course for students with training or background in Japanese.

JAPN 101 Beginner Japanese Language and Culture II

4.00 credits (4,0.75,1) hrs 15 wks

Prerequisite: JAPN 100 or Japanese 11

This course is a continuation of JAPN 100 and must be taken in order to complete First Year level of Japanese. Students will learn more about the structure of modern Japanese and further develop their language skills in a socio-culturally functional way.

Note: JAPN 101 is an approved Culture and Creative Expression course for Cap Core requirements.

JAPN 200 Intermediate Japanese Language and Culture I

4.00 credits (4,0.75,1) hrs 15 wks

Prerequisite: JAPN 101 or Japanese 12

This course provides students with further socio-cultural knowledge at an intermediate level of Japanese. Emphasis will be placed on developing a comprehensive knowledge of modern Japanese through authentic materials and will include reading and writing skill development.

Note: JAPN 200 is an approved Culture and Creative Expression course for Cap Core requirements.

JAPN 201 Intermediate Japanese Language and Culture II

4.00 credits (4,0.75,1) hrs 15 wks

Prerequisite: JAPN 200

This course continues to develop higher skills at the intermediate level and provides the students with a solid foundation on which to base further study of the language and to develop socio-culturally functional competence.

Note: JAPN 201 is an approved Culture and Creative Expression course for Cap Core requirements.

JAPN 315 Practical Japanese for the Professions I

4.00 credits (4,0.75,1) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework including JAPN 201

This course is a continuation of JAPN 201. Using course texts, as well as modified and actual Japanese texts from media and other sources, students will work on their language skills within real-world professional and business contexts.

Note: A Japanese Language Proficiency Test Level N3 or equivalent knowledge will also satisfy the prerequisite. Students must contact the department.

Jazz Ensemble

ENSJ 105 Jazz Choir

1.00 credit (3,0,0) hrs 15 wks

Rehearsal and performance in one of Capilano University's Jazz Choirs. The intent of the class is to build group singing abilities in such areas as phrasing, blending and intonation.

Note: Performances are a mandatory part of the course.

Note: ENSJ 105 is one of the series ENSJ 105, 155, 205, 255, 305, 355, 405, 455.

ENSJ 120 Guitar/Bass Ensemble I

1.00 credit (3,0,0) hrs 15 wks

Performance in guitar/bass ensemble for the development of sight reading and phrasing skills. Emphasis will be on single-note reading in all areas of the neck. Credit from this course is not applicable to the degree program.

Note: ENSJ 120 is one of the series ENSJ 120 and 170

ENSJ 122 Rhythmic Music Ensemble I

1.50 credits (3,0,0) hrs 15 wks

This course focuses on performance in a large ensemble including rhythm section and multiple keyboard, guitar, and percussion players. The repertoire for this ensemble will come from diverse genres where rhythm is the primary focus including jazz, latin, African music, funk, rock, fusion, 'minimalist' music, and related styles. The course includes mandatory participation in concert performances throughout the semester, some of which may occur away from the Capilano University campus.

Note: Departmental approval and a successful audition are required to register in this course.

ENSJ 123 Rhythmic Music Ensemble II

1.50 credits (3,0,0) hrs 15 wks

This course focuses on performance in a large ensemble including rhythm section and multiple keyboard, guitar, and percussion players. The repertoire for this ensemble will come from diverse genres where rhythm is the primary focus including jazz, latin, African music, funk, rock, fusion, 'minimalist' music, and related styles. The course includes mandatory participation in concert performances throughout the semester, some of which may occur away from the Capilano University campus.

Note: Departmental approval and a successful audition are required to register in this course.

ENSJ 135 Jazz Ensemble I

1.00 credit (3,0,0) hrs 15 wks

Participation in the Capilano University large Jazz Ensemble for development of phrasing and sight reading skills.

Note: Performances are a mandatory part of the course.

Note: ENSJ 135 is one of the series ENSJ 135, 185, 235, 285, 335, 385, 435 and 485.

ENSJ 136 Instrumental Ensemble I
1.00 credit (2,0,0) hrs 15 wks

Students rehearse in small like instrument ensembles under an instructor's supervision in preparation for a number of performances.

Note: Performances are a mandatory part of the course.

Note: ENSJ 136 is one of the series ENSJ 136, 186, 236, 286, 336, 386, 436 and 486.

ENSJ 140 Percussion Ensemble I
1.00 credit (4,0,0) hrs 15 wks

An ensemble comprised exclusively of percussion instruments of both definite and indefinite pitch. Students will develop their sight reading and interpretive skills.

Note: Performances are a mandatory part of the course.

Note: ENSJ 140 is one of the series ENSJ 140, 190, 240, 290, 340, 390, 440 and 490.

ENSJ 141 Large Jazz Ensemble (A Band) I
1.50 credits (3,0,0) hrs 15 wks

This course focuses on performance in a jazz big band. The ensemble will perform advanced repertoire by major jazz performers and arrangers and will also read and perform student works. The course includes mandatory participation in concert performances throughout the semester, some of which may occur away from the Capilano University campus.

Note: Departmental approval and a successful audition are required to register in this course.

ENSJ 142 Large Jazz Ensemble (A Band) II
1.50 credits (3,0,0) hrs 15 wks

This course focuses on performance in a jazz big band. The ensemble will perform advanced repertoire by major jazz performers and arrangers and will also read and perform student works. The course includes mandatory participation in concert performances throughout the semester, some of which may occur away from the Capilano University campus.

Note: Departmental approval and a successful audition are required to register in this course.

ENSJ 143 Large Jazz Ensemble (B Band) I
1.50 credits (3,0,0) hrs 15 wks

This course focuses on performance in a jazz big band. The ensemble will perform variety of works by major jazz performers and arrangers and will also read and perform student works. The course includes mandatory participation in concert performances throughout the semester, some of which may occur away from the Capilano University campus.

Note: Departmental approval and a successful audition are required to register in this course.

ENSJ 144 Large Jazz Ensemble (B Band) II
1.50 credits (3,0,0) hrs 15 wks

This course focuses on performance in a jazz big band. The ensemble will perform variety of works by major jazz performers and arrangers and will also read and perform student works. The course includes mandatory participation in concert performances throughout the semester, some of which may occur away from the Capilano University campus.

Note: Departmental approval and a successful audition are required to register in this course.

ENSJ 145 Large Jazz Ensemble (C Band) I**1.50 credits (3,0,0) hrs 15 wks**

This course focuses on performance in a jazz big band. The ensemble will perform basic repertoire with the aim of developing abilities in sight reading and idiomatic performance practice. The ensemble may also read and perform student works. The course includes mandatory participation in concert performances throughout the semester, some of which may occur away from the Capilano University campus.

Note: Departmental approval and a successful audition are required to register in this course.

ENSJ 166 Vocal Instrumental Ensemble II

1.50 credits (3,0,0) hrs 15 wks

This course focuses on performance in a large ensemble featuring voices and instruments. The ensemble will perform music from the jazz tradition, students works, world music, and adaptations from the classical repertoire. Students will be expected to contribute to the organization of concerts and the arranging of new repertoire. The course includes mandatory participation in concert performances throughout the semester, some of which may occur away from the Capilano University campus.

Note: Departmental approval and a successful audition are required to register in this course.

ENSJ 170 Guitar/Bass Ensemble II

1.00 credit (3,0,0) hrs 15 wks

Performance in guitar/bass ensemble for the development of sight reading and phrasing skills. Emphasis will be on single-note reading in all areas of the neck. Credit from this course is not applicable to the Degree program.

Note: ENSJ 170 is one of the series ENSJ 120 and 170

ENSJ 171 Guitar/Bass Ensemble I

1.50 credits (3,0,0) hrs 15 wks

This course focuses on performance in a large ensemble of guitars and basses with rhythm section. The group will perform basic arrangements and adaptations of music from the jazz tradition with an emphasis on learning sight reading and idiomatic ensemble performance techniques. The course includes mandatory participation in concert performances throughout the semester.

ENSJ 172 Guitar/Bass Ensemble II
1.50 credits (3,0,0) hrs 15 wks

Prerequisite: ENSJ 171

This course focuses on performance in a large ensemble of guitars and basses with rhythm section. The group will perform basic arrangements and adaptations of music from the jazz tradition with an emphasis on learning sight reading and idiomatic ensemble performance techniques. The course includes mandatory participation in concert performances throughout the semester.

ENSJ 185 Jazz Ensemble II
1.00 credit (3,0,0) hrs 15 wks

Participation in the Capilano University large Jazz Ensemble for development of phrasing and sight reading skills.

Note: Performances are a mandatory part of the course.

Note: ENSJ 185 is one of the series ENSJ 135, 185, 235, 285, 335, 385, 435 and 485.

ENSJ 186 Instrumental Ensemble II
1.00 credit (2,0,0) hrs 15 wks

Students rehearse in small like instrument ensembles under an instructor's supervision in preparation for a number of performances.

Note: Performances are a mandatory part of the course.

Note: ENSJ 186 is one of the series ENSJ 136, 186, 236, 286, 336, 386, 436 and 486.

ENSJ 190 Percussion Ensemble II
1.00 credit (4,0,0) hrs 15 wks

An ensemble comprised exclusively of percussion instruments of both definite and indefinite pitch. Students will develop their sight reading and interpretive skills.

Note: Performances are a mandatory part of the course.

Note: ENSJ 190 is one of the series ENSJ 140, 190, 240, 290, 340, 390, 440 and 490.

ENSJ 205 Jazz Choir
1.00 credit (3,0,0) hrs 15 wks

Rehearsal and performance in one of Capilano University's jazz choirs. The intent of the class is to build group singing abilities in such areas as phrasing, blending and intonation.

Note: ENSJ 205 is one of the series ENSJ 105, 155, 205, 255, 305, 355, 405, 455

ENSJ 220 Guitar/Bass Ensemble III
1.00 credit (3,0,0) hrs 15 wks

Prerequisite: ENSJ 170

A performance ensemble comprised primarily of bassists and guitarists. Students will develop their sight reading and interpretive skills.

Note: ENSJ 220 is one of the series ENSJ 220, 270, 320 and 370

ENSJ 222 Rhythmic Music Ensemble III
1.50 credits (3,0,0) hrs 15 wks

This course focuses on performance in a large ensemble including rhythm section and multiple keyboard, guitar, and percussion players. The repertoire for this ensemble will come from diverse genres where rhythm is the primary focus including jazz, latin, African music, funk, rock, fusion, 'minimalist' music, and related styles. The course includes mandatory participation in concert performances throughout the semester, some of which may occur away from the Capilano University campus.

Note: Departmental approval and a successful audition are required to register in this course.

ENSJ 223 Rhythmic Music Ensemble IV

1.50 credits (3,0,0) hrs 15 wks

This course focuses on performance in a large ensemble including rhythm section and multiple keyboard, guitar, and percussion players. The repertoire for this ensemble will come from diverse genres where rhythm is the primary focus including jazz, latin, African music, funk, rock, fusion, 'minimalist' music, and related styles. The course includes mandatory participation in concert performances throughout the semester, some of which may occur away from the Capilano University campus.

Note: Departmental approval and a successful audition are required to register in this course.

ENSJ 235 Jazz Ensemble III

1.00 credit (3,0,0) hrs 15 wks

Participation in the Capilano University large Jazz Ensemble for development of phrasing and sight reading skills.

Note: Performances are a mandatory part of the course.

Note: ENSJ 235 is one of the series ENSJ 135, 185, 235, 285, 335, 385, 435 and 485.

ENSJ 236 Instrumental Ensemble III

1.00 credit (2,0,0) hrs 15 wks

Students rehearse in small like instrument ensembles under an instructor's supervision in preparation for a number of performances.

Note: Performances are a mandatory part of the course.

Note: ENSJ 236 is one of the series ENSJ 136, 186, 236, 286, 336, 386, 436 and 486.

ENSJ 240 Percussion Ensemble III

1.00 credit (4,0,0) hrs 15 wks

An ensemble comprised exclusively of percussion instruments of both definite and indefinite pitch. Students will develop their sight reading and interpretive skills.

Note: Performances are a mandatory part of the course.

Note: ENSJ 240 is one of the series ENSJ 140, 190, 240, 290, 340, 390, 440 and 490.

ENSJ 241 Large Jazz Ensemble (A Band) III

1.50 credits (3,0,0) hrs 15 wks

This course focuses on performance in a jazz big band. The ensemble will perform advanced repertoire by major jazz performers and arrangers and will also read and perform student works. The course includes mandatory participation in concert performances throughout the semester, some of which may occur away from the Capilano University campus.

Note: Departmental approval and a successful audition are required to register in this course.

ENSJ 242 Large Jazz Ensemble (A Band) IV

1.50 credits (3,0,0) hrs 15 wks

This course focuses on performance in a jazz big band. The ensemble will perform advanced repertoire by major jazz performers and arrangers and will also read and perform student works. The course includes

mandatory participation in concert performances throughout the semester, some of which may occur away from the Capilano University campus.

Note: Departmental approval and a successful audition are required to register in this course.

ENSJ 243 Large Jazz Ensemble (B Band) III

1.50 credits (3,0,0) hrs 15 wks

This course focuses on performance in a jazz big band. The ensemble will perform variety of works by major jazz performers and arrangers and will also read and perform student works. The course includes mandatory participation in concert performances throughout the semester, some of which may occur away from the Capilano University campus.

Note: Departmental approval and a successful audition are required to register in this course.

ENSJ 244 Large Jazz Ensemble (B Band) IV

1.50 credits (3,0,0) hrs 15 wks

This course focuses on performance in a jazz big band. The ensemble will perform variety of works by major jazz performers and arrangers and will also read and perform student works. The course includes mandatory participation in concert performances throughout the semester, some of which may occur away from the Capilano University campus.

Note: Departmental approval and a successful audition are required to register in this course.

ENSJ 245 Large Jazz Ensemble (C Band) III

1.50 credits (3,0,0) hrs 15 wks

This course focuses on performance in a jazz big band. The ensemble will perform basic repertoire with the aim of developing abilities in sight reading and idiomatic performance practice. The ensemble may also read and perform student works. The course includes mandatory participation in concert performances throughout the semester, some of which may occur away from the Capilano University campus.

Note: Departmental approval and a successful audition are required to register in this course.

ENSJ 246 Large Jazz Ensemble (C Band) IV

1.50 credits (3,0,0) hrs 15 wks

This course focuses on performance in a jazz big band. The ensemble will perform basic repertoire with the aim of developing abilities in sight reading and idiomatic performance practice. The ensemble may also read and perform student works. The course includes mandatory participation in concert performances throughout the semester, some of which may occur away from the Capilano University campus.

Note: Departmental approval and a successful audition are required to register in this course.

ENSJ 247 Percussion Ensemble III

1.50 credits (3,0,0) hrs 15 wks

Prerequisite: ENSJ 148

This course focuses on performance in a percussion ensemble. Students will learn to use pitches and non-pitched percussion instruments and equipment through practical experience with an emphasis on jazz repertoire and sensibility. The ensemble may read and perform student works. The course includes mandatory participation in concert performances throughout the semester, some of which may occur away from the Capilano University campus.

ENSJ 248 Percussion Ensemble IV

1.50 credits (3,0,0) hrs 15 wks

Prerequisite: ENSJ 247

This course focuses on performance in a percussion ensemble. Students will learn to use pitches and non-pitched percussion instruments and equipment through practical experience with an emphasis on jazz

repertoire and sensibility. The ensemble may read and perform student works. The course includes mandatory participation in concert performances throughout the semester, some of which may occur away from the Capilano University campus.

ENSJ 255 Jazz Choir
1.00 credit (3,0,0) hrs 15 wks

Rehearsal and performance in one of Capilano University's jazz choirs. The intent of the class is to build group singing abilities in such areas as phrasing, blending and intonation.

Note: ENSJ 255 is one of the series ENSJ 105, 155, 205, 255, 305, 355, 405, 455

ENSJ 256 Jazz Vocal Ensemble
1.00 credit (2,0,0) hrs 15 wks

This course includes performance of various styles of a cappella and accompanied vocal ensemble repertoire with an emphasis on jazz literature and small group performance, i.e. one singer per part.

ENSJ 261 Jazz Choir (Nitecap) III
1.50 credits (3,0,0) hrs 15 wks

This course focuses on performance in a large ensemble featuring voices and rhythm section. The ensemble will perform advanced repertoire by major jazz performers and arrangers and will also read and perform student works. The course includes mandatory participation in concert performances throughout the semester, some of which may occur away from the Capilano University campus.

1.50 credits (3,0,0) hrs 15 wks

This course focuses on performance in a large ensemble featuring voices and rhythm section. The ensemble will perform a variety of repertoire by major jazz performers and arrangers and may also read and perform student works. The course includes mandatory participation in concert performances throughout the semester, some of which may occur away from the Capilano University campus.

Note: Successful audition and department approval are required to register in this course.

ENSJ 364 Jazz Choir (Capital Jazz) VI
1.50 credits (3,0,0) hrs 15 wks

This course focuses on performance in a large ensemble featuring voices and rhythm section. The ensemble will perform a variety of repertoire by major jazz performers and arrangers and may also read and perform student works. The course includes mandatory participation in concert performances throughout the semester, some of which may occur away from the Capilano University campus.

Note: Successful audition and department approval are required to register in this course.

ENSJ 365 Vocal/Instrumental Ensemble V
1.50 credits (3,0,0) hrs 15 wks

This course focuses on performance in a large ensemble featuring voices and instruments. The ensemble will perform music from the jazz tradition, student works, world music, and adaptations from the classical repertoire. Students will be expected to contribute to the organization of concerts and the arranging of new repertoire. The course includes mandatory participation in concert performances throughout the semester, some of which may occur away from the Capilano University campus.

Note: Successful audition and department approval are required to register in this course.

ENSJ 366 Vocal/Instrumental Ensemble VI
1.50 credits (3,0,0) hrs 15 wks

This course focuses on performance in a large ensemble featuring voices and instruments. The ensemble will perform music from the jazz tradition, student works, world music, and adaptations from the classical repertoire. Students will be expected to contribute to the organization of concerts and the arranging of new repertoire. The course includes mandatory participation in concert performances throughout the semester, some of which may occur away from the Capilano University campus.

Note: Successful audition and department approval are required to register in this course.

ENSJ 370 Guitar/Bass Ensemble VI
1.00 credit (3,0,0) hrs 15 wks

Prerequisite: ENSJ 170

A performance ensemble comprised primarily of bassists and guitarists. Students will develop their sight reading and interpretive skills.

Note: ENSJ 370 is one of the series ENSJ 220, 270, 320 and 370

ENSJ 371 Guitar/Bass Ensemble V
1.50 credits (3,0,0) hrs 15 wks

Prerequisite: ENSJ 272

This course focuses on performance in a large ensemble of guitars and basses with rhythm section. The group will perform a variety of arrangements and adaptations of music from the jazz tradition with an emphasis on sight reading, rhythmic coordination, and idiomatic performance practice. The course includes mandatory participation in concert performances throughout the semester.

ENSJ 372 Guitar/Bass Ensemble VI
1.50 credits (3,0,0) hrs 15 wks

Prerequisite: ENSJ 371

This course focuses on performance in a large ensemble of guitars and basses with rhythm section. The group will perform a variety of arrangements and adaptations of music from the jazz tradition with an emphasis on sight reading, rhythmic coordination, and idiomatic performance practice. The course includes mandatory participation in concert performances throughout the semester.

ENSJ 385 Jazz Ensemble VI
1.00 credit (3,0,0) hrs 15 wks

Participation in the Capilano University large Jazz Ensemble for development of phrasing and sight reading skills.

Note: Performances are a mandatory part of the course.

Note: ENSJ 385 is one of the series ENSJ 135, 185, 235, 285, 335, 385, 435 and 485.

ENSJ 386 Instrumental Ensemble VI
1.00 credit (1.33,0,0) hrs 15 wks

Students rehearse in small like instrument ensembles under an instructor's supervision in preparation for a number of performances.

Note: Performances are a mandatory part of the course.

Note: ENSJ 386 is one of the series ENSJ 136, 186, 236, 286, 336, 386, 436 and 486.

ENSJ 390 Percussion Ensemble VI
1.00 credit (4,0,0) hrs 15 wks

An ensemble comprised exclusively of percussion instruments of both definite and indefinite pitch. Students will develop their sight reading and interpretive skills.

Note: Performances are a mandatory part of the course.

Note: ENSJ 390 is one of the series ENSJ 140, 190, 240, 290, 340, 390, 440 and 490.

ENSJ 405 Jazz Choir
1.00 credit (3,0,0) hrs 15 wks

Rehearsal and performance in one of Capilano University's jazz choirs. The intent of the class is to build group singing abilities in such areas as phrasing, blending and intonation.

Note: ENSJ 405 is one of the series ENSJ 105, 155, 205, 255, 305, 355, 405, 455

ENSJ 406 Jazz Vocal Ensemble III
1.00 credit (2,0,0) hrs 15 wks

This course includes performance of various styles of a cappella and accompanied vocal ensemble repertoire with an emphasis on jazz literature and small group performance, i.e. one singer per part.

Note: ENSJ 406 is one of the series ENSJ 306, 356, 406 and 456

ENSJ 422 Rhythmic Music Ensemble VII

1.50 credits (3,0,0) hrs 15 wks

This course focuses on performance in a large ensemble including rhythm section and multiple keyboard, guitar, and percussion players. The repertoire for this ensemble will come from diverse genres where rhythm is the primary focus including jazz, Latin, African music, funk, rock, fusion, 'minimalist' music, and related styles. The course includes mandatory participation in concert performances throughout the semester, some of which may occur away from the Capilano University campus.

Note: Successful audition and department approval are required to register in this course.

ENSJ 423 Rhythmic Music Ensemble VIII

1.50 credits (3,0,0) hrs 15 wks

This course focuses on performance in a large ensemble including rhythm section and multiple keyboard, guitar, and percussion players. The repertoire for this ensemble will come from diverse genres where rhythm is the primary focus including jazz, Latin, African music, funk, rock, fusion, 'minimalist' music, and related styles. The course includes mandatory participation in concert performances throughout the semester, some of which may occur away from the Capilano University campus.

Note: Successful audition and department approval are required to register in this course.

ENSJ 435 Jazz Ensemble VII

1.00 credit (3,0,0) hrs 15 wks

Participation in the Capilano University large Jazz Ensemble for development of phrasing and sight reading skills.

Note: Performances are a mandatory part of the course.

Note: ENSJ 435 is one of the series ENSJ 135, 185, 235, 285, 335, 385, 435 and 485.

ENSJ 436 Instrumental Ensemble VII

1.00 credit (2,0,0) hrs 15 wks

Students rehearse in small like-instrument ensembles under an instructor's supervision in preparation for a number of performances.

Note: Performances are a mandatory part of the course.

Note: ENSJ 436 is one of the series ENSJ 136, 186, 236, 286, 336, 386, 436 and 486.

ENSJ 440 Percussion Ensemble VII

1.00 credit (4,0,0) hrs 15 wks

An ensemble comprised exclusively of percussion instruments of both definite and indefinite pitch. Students will develop their sight reading and interpretive skills.

Note: Performances are a mandatory part of the course.

Note: ENSJ 440 is one of the series ENSJ 140, 190, 240, 290, 340, 390, 440 and 490.

ENSJ 441 Large Jazz Ensemble (A Band) VII

1.50 credits (3,0,0) hrs 15 wks

This course focuses on performance in a jazz big band. The ensemble will perform advanced repertoire by major jazz performers and arrangers and will also read and perform student works. The course includes mandatory participation in concert performances throughout the semester, some of which may occur away from the Capilano University campus.

Note: Successful audition and department approval are required to register in this course.

ENSJ 442 Large Jazz Ensemble (A Band) VIII

1.50 credits (3,0,0) hrs 15 wks

This course focuses on performance in a jazz big band. The ensemble will perform advanced repertoire by major jazz performers and arrangers and will also read and perform student works. The course includes mandatory participation in concert performances throughout the semester, some of which may occur away from the Capilano University campus.

Note: Successful audition and department approval are required to register in this course.

ENSJ 443 Large Jazz Ensemble (B Band) VII

1.50 credits (3,0,0) hrs 15 wks

This course focuses on performance in a jazz big band. The ensemble will perform variety of works by major jazz performers and arrangers and will also read and perform student works. The course includes mandatory participation in concert performances throughout the semester, some of which may occur away from the Capilano University campus.

Note: Successful audition and department approval are required to register in this course.

ENSJ 444 Large Jazz Ensemble (B Band) VIII

1.50 credits (3,0,0) hrs 15 wks

This course focuses on performance in a jazz big band. The ensemble will perform variety of works by major jazz performers and arrangers and will also read and perform student works. The course includes mandatory participation in concert performances throughout the semester, some of which may occur away from the Capilano University campus.

Note: Successful audition and department approval are required to register in this course.

ENSJ 445 Large Jazz Ensemble (C Band) VII

1.50 credits (3,0,0) hrs 15 wks

This course focuses on performance in a jazz big band. The ensemble will perform basic repertoire with the aim of developing abilities in sight reading and idiomatic performance practice. The ensemble may also read and perform student works. The course includes mandatory participation in concert performances throughout the semester, some of which may occur away from the Capilano University campus.

Note: Successful audition and department approval are required to register in this course.

ENSJ 446 Large Jazz Ensemble (C Band) VIII

1.50 credits (3,0,0) hrs 15 wks

This course focuses on performance in a jazz big band. The ensemble will perform basic repertoire with the aim of developing abilities in sight reading and idiomatic performance practice. The ensemble may also read and perform student works. The course includes mandatory participation in concert performances throughout the semester, some of which may occur away from the Capilano University campus.

Note: Successful audition and department approval are required to register in this course.

ENSJ 455 Jazz Choir

1.00 credit (3,0,0) hrs 15 wks

Rehearsal and performance in one of Capilano University's jazz choirs. The intent of the class is to build group singing abilities in such areas as phrasing, blending and intonation.

Note: ENSJ 455 is one of the series ENSJ 105, 155, 205, 255, 305, 355, 405, 455

ENSJ 456 Jazz Vocal Ensemble IV

1.00 credit (2,0,0) hrs 15 wks

This course includes performance of various styles of a cappella and accompanied vocal ensemble repertoire with an emphasis on jazz literature and small group performance, i.e. one singer per part.

Note: ENSJ 456 is one of the series ENSJ 306, 356, 406 and 456

ENSJ 461 Jazz Choir (Nitecap) VII
1.50 credits (3,0,0) hrs 15 wks

This course focuses on performance in a large ensemble featuring voices and rhythm section. The ensemble will perform advanced repertoire by major jazz performers and arrangers and will also read and perform student works. The course includes mandatory participation in concert performances throughout the semester, some of which may occur away from the Capilano University campus.

Note: Successful audition and department approval are required to register in this course.

ENSJ 462 Jazz Choir (Nitecap) VIII
1.50 credits (3,0,0) hrs 15 wks

This course focuses on performance in a large ensemble featuring voices and rhythm section. The ensemble will perform advanced repertoire by major jazz performers and arrangers and will also read and perform student works. The course includes mandatory participation in concert performances throughout the semester, some of which may occur away from the Capilano University campus.

Note: Successful audition and department approval are required to register in this course.

ENSJ 463 Jazz Choir (Capital Jazz) VII
1.50 credits (3,0,0) hrs 15 wks

This course focuses on performance in a large ensemble featuring voices and rhythm section. The ensemble will perform a variety of repertoire by major jazz performers and arrangers and may also read and perform student works. The course includes mandatory participation in concert performances throughout the semester, some of which may occur away from the Capilano University campus.

Note: Successful audition and department approval are required to register in this course.

ENSJ 464 Jazz Choir (Capital Jazz) VIII
1.50 credits (3,0,0) hrs 15 wks

This course focuses on performance in a large ensemble featuring voices and rhythm section. The ensemble will perform a variety of repertoire by major jazz performers and arrangers and may also read and perform student works. The course includes mandatory participation in concert performances throughout the semester, some of which may occur away from the Capilano University campus.

Note: Successful audition and department approval are required to register in this course.

ENSJ 465 Vocal/Instrumental Ensemble VII
1.50 credits (3,0,0) hrs 15 wks

This course focuses on performance in a large ensemble featuring voices and instruments. The ensemble will perform music from the jazz tradition, student works, world music, and adaptations from the classical repertoire. Students will be expected to contribute to the organization of concerts and the arranging of new repertoire. The course includes mandatory participation in concert performances throughout the semester, some of which may occur away from the Capilano University campus.

Note: Successful audition and department approval are required to register in this course.

ENSJ 466 Vocal/Instrumental Ensemble VIII
1.50 credits (3,0,0) hrs 15 wks

This course focuses on performance in a large ensemble featuring voices and instruments. The ensemble will perform music from the jazz tradition, student works, world music, and adaptations from the classical repertoire. Students will be expected to contribute to the organization of concerts and the arranging of new repertoire. The course includes mandatory participation in concert performances throughout the semester, some of which may occur away from the Capilano University campus.

Note: Successful audition and department approval are required to register in this course.

ENSJ 485 Jazz Ensemble VIII
1.00 credit (3,0,0) hrs 15 wks

Participation in the Capilano University large Jazz Ensemble for development of phrasing and sight reading skills.

Note: Performances are a mandatory part of the course.

Note: ENSJ 485 is one of the series ENSJ 135, 185, 235, 285, 335, 385, 435 and 485.

ENSJ 486 Instrumental Ensemble VIII
1.00 credit (2,0,0) hrs 15 wks

Students rehearse in small like instrument ensembles under an instructor's supervision in preparation for a number of performances.

Note: Performances are a mandatory part of the course.

Note: ENSJ 486 is one of the series ENSJ 136, 186, 236, 286, 336, 386, 436 and 486.

ENSJ 490 Percussion Ensemble VIII
1.00 credit (4,0,0) hrs 15 wks

An ensemble comprised exclusively of percussion instruments of both definite and indefinite pitch. Students will develop their sight reading and interpretive skills.

Note: Performances are a mandatory part of the course.

Note: ENSJ 490 is one of the series ENSJ 140, 190, 240, 290, 340, 390, 440 and 490.

Jazz Studies

JAZZ 101 Beginning Theory for Jazz Studies I
1.50 credits (2,1,0) hrs 15 wks

This course examines the fundamental grammar and syntax of tonal music, developing the students' skills in notation and analysis of basic pitch and rhythmic structures. Topics progress from the overtone series, intervals, scales and modes through rhythm and meter, chords and principles of voice-leading.

Note: Jazz 101 and 102 together may substitute for Jazz 103.

JAZZ 102 Beginning Theory for Jazz Studies II
1.50 credits (2,1,0) hrs 15 wks

Prerequisite: JAZZ 101 with a minimum C- grade

This course progresses to a more contextual investigation of the fundamentals of tonal music including harmonic progression theory, root position part-writing and use of chord inversions to create more melodic bass lines and a greater variety of vertical sonorities.

JAZZ 116 Keyboard Skills I
1.00 credit (2,2,0) hrs 15 wks

The course equips musicians whose performance medium is not a keyboard instrument with keyboard skills so that they may utilize the instrument as a resource tool. Students will study major scales, basic chords and chord sequences. Students will learn to play melodies with simple left hand accompaniment as well as two-handed accompaniments.

JAZZ 117 Keyboard Skills II

1.00 credit (2,2,0) hrs 15 wks

Prerequisite: JAZZ 116 with a grade of C- or higher

The course equips musicians whose performance medium is not a keyboard instrument with keyboard skills so that they may utilize the instrument as a resource tool. Students will learn to: play modes of the major and melodic minor scales, transpose chord sequences in many keys; make simple arrangements of jazz standards with melody in the right hand and accompaniment in the left hand.

JAZZ 130 Theory of Tonal Music and Jazz I

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: JAZZ 184 as a pre- or co-requisite

This course introduces students to the fundamental materials and syntax of tonal music including notation by hand and with computer software. Students will learn to: construct major and minor scales and diatonic modes; build intervals, triads and seventh chords; analyze triads and seventh chords using jazz chord symbols, roman numerals and figured bass; compose simple harmonic progressions and melodies; analyze and write four-part chorales.

JAZZ 131 Theory of Tonal Music and Jazz II

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: JAZZ 130 with a grade of C- or higher, and JAZZ 185 as a pre- or co-requisite

This course will give students a working knowledge of traditional tonal harmony and the ability to analyze music of varied structures and textures. Students will learn to: construct and analyze tonal harmonic progressions; recognize implied harmonic rhythm in tonal melodies; identify non-harmonic tones; voice-lead diatonic triads and seventh chords including secondary dominants; analyze phrase structure in binary and ternary forms.

JAZZ 172 Arranging I

1.50 credits (2,1,0) hrs 15 wks

Prerequisite: JAZZ 231 with a grade of C- or higher

A study of four-part block harmonization arranging techniques.

Note: This course is equivalent to JAZZ 303. Duplicate credit will not be granted for this course and JAZZ 303.

JAZZ 174 Jazz History I

1.50 credits (2,0,0) hrs 15 wks

This course is an introduction to jazz history, from its origins in New Orleans through to the bebop era. The major style periods to be covered include ragtime, early jazz, swing, and bebop.

JAZZ 175 Jazz History II

1.50 credits (2,0,0) hrs 15 wks

Prerequisite: JAZZ 174 with a grade of C- or higher

This course continues the work of JAZZ 174 beginning with a review of jazz 1940-50, and continuing through to the present. The major style periods to be covered include: bebop, cool, hard bop, avant-garde, fusion, and contemporary trends.

JAZZ 184 Ear Training/Sight Singing I

1.50 credits (2,2,0) hrs 15 wks

Prerequisite: JAZZ 130 is a pre- or co-requisite

This course focuses on acquiring the skills to "translate" music from the audible to the written or from the written to the audible, utilizing the singing voice as a tool for clarifying, verifying, internalizing and communicating musical thought. Students will learn to sing, sight sing, and take dictation involving basic

musical materials including simple diatonic melodies in major and minor keys, harmonic progressions including diatonic triads and inversions, and rhythms in common time signatures.

JAZZ 185 Ear Training/Sight Singing II

1.50 credits (2,2,0) hrs 15 wks

Prerequisite: JAZZ 184 with a grade of C- or higher, and JAZZ 131 as a pre- or co-requisite

This course focuses on acquiring the skills to "translate" music from the audible to the written or from the written to the audible, utilizing the singing voice as a tool for clarifying, verifying, internalizing and communicating musical thought. Students will learn to sing, sight sing, and take dictation involving basic musical materials including diatonic melodies and bass roots at once, harmonic progressions including secondary dominants and inverted chords, and rhythms in common and 'odd time signatures'.

JAZZ 196 Jazz Performance and Improvisation I

3.00 credits (2,2,0) hrs 15 wks

This course teaches basic skills in small ensemble performance and improvisation. Through lecture and small ensemble performance labs, students will explore a variety of jazz styles with a focus on improvising and collaborating successfully with other musicians.

Note: This course is equivalent to JAZZ 136 and JAZZ 194. Duplicate credit will not be granted for JAZZ 136 or JAZZ 194.

JAZZ 197 Jazz Performance and Improvisation II

3.00 credits (2,2,0) hrs 15 wks

Prerequisite: JAZZ 196

This course teaches basic skills in small ensemble performance and improvisation. Through lecture and small ensemble performance labs, students will explore the work of significant jazz and 'tin pan alley' composers with a focus on improvising and collaborating successfully with other musicians. Students will begin the process of acquiring a repertoire of jazz standards in a variety of styles.

Note: This course is equivalent to JAZZ 137 and JAZZ 195. Duplicate credit will not be granted for JAZZ 137 or JAZZ 195.

JAZZ 230 Theory of Tonal Music and Jazz III

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: JAZZ 131 with a grade of C- or higher, and JAZZ 284 as a pre- or co-requisite

This course builds upon JAZZ 130 and 131 by integrating concepts of harmonic, melodic, and formal logic through analysis, performance, and composition. Theoretical concepts taught in this course are designed to support performance-based studies in JAZZ 282. Students will learn to use computer notation software to complete essential tasks such as creating lead sheets, parts for rhythm section, and parts for common wind and brass instruments.

JAZZ 231 Theory of Tonal Music and Jazz IV

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: JAZZ 230 with a grade of C- or higher, and JAZZ 285 as a pre- or co-requisite

The course explores sophisticated harmonic and formal structures, as found in the music of Mingus, Monk, Wheeler, Shorter, Ellington and Strayhorn, and correlative European art music. Theoretical concepts taught in this course are designed to support concurrent performance-based studies in JAZZ 283. Students will learn to use computer software to notate music of sophisticated melodic, contrapuntal, formal, and structural character.

Note: JAZZ 231 is an approved Capstone course for Cap Core requirements.

JAZZ 236 Vocal Improvisation I

1.50 credits (1,1,0) hrs 15 wks

Prerequisite: JAZZ 137

This course is designed to develop the student's scat singing ability through the study and application of chord-scales theory.

JAZZ 237 Vocal Improvisation II

1.50 credits (1,1,0) hrs 15 wks

Prerequisite: JAZZ 236

A continuation of JAZZ 236.

JAZZ 240 Form and Analysis

1.50 credits (2,0,0) hrs 15 wks

Prerequisite: JAZZ 231 with a grade of C- or higher

A study of complete works exhibiting the most significant formal designs of the 18th and 19th centuries, using a variety of visual means to clarify the roles of harmonic, melodic, and rhythmic structure in the articulation of musical form.

Note: This course is equivalent to JAZZ 330. Duplicate credit will not be granted for this course and JAZZ 330.

JAZZ 241 Counterpoint

1.50 credits (2,0,0) hrs 15 wks

Prerequisite: JAZZ 231 with a grade of C- or higher

A study of 18th century tonal counterpoint and its connections with tonal music in general. Analysis and composition based upon two-part works of J.S. Bach.

Note: This course is equivalent to JAZZ 241. Duplicate credit will not be granted for this course and JAZZ 241.

JAZZ 250 Introduction to Live Music Production

1.50 credits (2,2,0) hrs 15 wks

This course provides a foundation in basic audio production techniques for musicians - essential knowledge and skills necessary to assist in the planning and production of music performance. The student will participate as performer and as technician to gain an appreciation of both perspectives.

JAZZ 271 Music History I

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: JAZZ 106, 170, ENGL 100 or 102 plus one of ENGL 103, 104, 105 or 106

A chronological exploration of the repertoire, style, and social history of music to 1770 for undergraduate students in the Jazz Studies program. Repertoire will be contextualized both within the framework of European cultural history and in the broader context of world music.

JAZZ 272 Arranging II

1.50 credits (2,1,0) hrs 15 wks

Prerequisite: JAZZ 172 with a grade of C- or higher

Arranging projects for various combinations of instruments, plus a study of two and three-part writing.

Note: This course is equivalent to JAZZ 304. Duplicate credit will not be granted for this course and JAZZ 304.

JAZZ 273 Music History II

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: JAZZ 271

A continuation of Music History I covering the classical period through the 20th century. As in Music History I, repertoire will be contextualized both within the framework of European cultural history and in the broader context of world music.

JAZZ 274 Studies in Music History I

1.50 credits (2,0,0) hrs 15 wks

Prerequisite: ENGL 100 and JAZZ 131

The course focuses on the European art music tradition from the earliest notations through to the music of J.S. Bach, with a particular emphasis on the "common practice" that begins in the early seventeenth century. Along with important historical developments and the evolution of styles and genre, the course content will also include aspects of social, cultural, and political history relevant to the chosen repertoire.

JAZZ 275 Studies in Music History II

1.50 credits (2,0,0) hrs 15 wks

Prerequisite: JAZZ 274 with a grade of C- or higher

This course focuses on the European art music tradition from the Classical through Late Romantic eras. The music of this period will be examined within the framework of European cultural history including literature, architecture, and the visual arts.

JAZZ 282 Jazz Improvisation III

1.50 credits (2,2,0) hrs 15 wks

Prerequisite: A grade of C- or higher in both JAZZ 185 and 197

This course teaches melodic improvisation on simple chord progressions incorporating the ii-V-I chord sequence. Through lecture and performance lab components, students will learn and apply various methods for acquiring, developing, and practicing melodic vocabulary appropriate to blues forms and basic jazz standards.

Note: JAZZ 282 is an approved Experiential course for Cap Core requirements.

JAZZ 283 Jazz Improvisation IV

1.50 credits (2,2,0) hrs 15 wks

Prerequisite: JAZZ 282 with a grade of C- or higher

This course teaches melodic improvisation idiomatic to bebop, hard bop, and modal jazz materials, including repertoire with rapid harmonic movement and fast tempos. Through lecture and performance lab components, students will learn and apply various methods for acquiring, developing, and practicing melodic vocabulary appropriate to these styles.

Note: JAZZ 283 is an approved Experiential course for Cap Core requirements.

JAZZ 284 Ear Training/Sight Singing III

1.50 credits (2,2,0) hrs 15 wks

Prerequisite: JAZZ 185 with a grade of C- or higher, and JAZZ 230 as a pre- or co-requisite

This course focuses on acquiring the skills to "translate" music from the audible to the written or from the written to the audible, utilizing the singing voice as a tool for clarifying, verifying, internalizing and communicating musical thought. Students will learn to sing, sight sing, and take dictation involving complex musical materials including melodies and chord progressions at once, complex harmonic progressions featuring secondary and mixed-mode chords, and complex rhythms.

JAZZ 285 Ear Training/Sight Singing IV

1.50 credits (2,2,0) hrs 15 wks

Prerequisite: JAZZ 284 with a grade of C- or higher, and JAZZ 231 as a pre- or co-requisite

This course focuses on acquiring the skills to "translate" music from the audible to the written or from the written to the audible, utilizing the singing voice as a tool for clarifying, verifying, internalizing and communicating musical thought. Students will learn to sing, sight sing, and take dictation involving complex musical materials including chromatic melodies, complex rhythms and chord progressions, and extended formal structures.

JAZZ 296 Jazz Performance III
1.50 credits (1,2,0) hrs 15 wks

Prerequisite: JAZZ 282 as a pre- or co-requisite

This course focuses on small ensemble performance. Students will receive coaching during weekly rehearsals to improve ensemble interaction, and to provide techniques and methods to help them to use rehearsal time effectively and to creatively interpret music in a wide variety of styles within the jazz idiom. In addition to live performance, the students will gain performance experience in a studio recording environment.

JAZZ 297 Jazz Performance IV
1.50 credits (1,2,0) hrs 15 wks

Prerequisite: JAZZ 296 with a grade of C- or higher, and JAZZ 283 as a pre- or co-requisite

This course focuses on small ensemble performance and builds on the work of JAZZ 296 with more challenging repertoire. Students will receive coaching during weekly rehearsals to improve ensemble interaction, and to provide techniques and methods to help them to use rehearsal time effectively and to creatively interpret music in a wide variety of styles within the jazz idiom. In addition to live performance, the students will gain performance experience in a studio recording environment.

JAZZ 300 20th Century Theory
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: JAZZ 240 with a grade of C- or higher

A survey of compositional techniques and theoretical principles utilized from 1890 to the present, coupled with an examination of various major composers and their musical masterpieces.

JAZZ 303 Jazz Arranging I
1.50 credits (2,1,0) hrs 15 wks

Prerequisite: JAZZ 231 with a grade of C or higher

This course teaches basic arranging techniques for ensembles with rhythm section and 4 or 5 woodwind or brass instruments. In this context, students will learn a variety of techniques for harmonizing melodies in 4 and 5 parts.

Note: This course is equivalent to JAZZ 172. Duplicate credit will not be granted for this course and JAZZ 172.

JAZZ 304 Jazz Arranging II
1.50 credits (2,1,0) hrs 15 wks

Prerequisite: JAZZ 303 with a grade of C- or higher

This course teaches basic arranging techniques for ensembles with rhythm section and 2 or 3 'lead' instruments. In this context, students will learn to arrange in a variety of linear and contrapuntal styles.

Note: This course is equivalent to JAZZ 272. Duplicate credit will not be granted for this course and JAZZ 272.

JAZZ 310 Jazz Pedagogy
1.50 credits (2,0,0) hrs 15 wks

Prerequisite: JAZZ 370 and JAZZ 395

Concepts, methods, and resources; examination and comparison of textbooks, recordings, tapes, and materials related to the study of jazz.

JAZZ 320 Conducting and Pedagogy I
1.50 credits (2,0,0) hrs 15 wks

Prerequisite: 38 JAZZ credits

This course addresses rudiments of conducting technique and ensemble leadership. The practical application of conducting techniques will take place in class and with small and large ensembles from Capilano University.

JAZZ 321 Conducting and Pedagogy II
1.50 credits (2,0,0) hrs 15 wks

Prerequisite: JAZZ 320 with a grade of C- or higher

Building on the work of JAZZ 320, this course focuses on ensemble leadership and addresses in greater depth the study and preparation of scores as well as rehearsal and conducting skills in the jazz genre and application of those skills in a variety of pedagogical settings. The practical application of the techniques will take place in class and with small and large ensembles from Capilano University.

JAZZ 322 Class Woodwinds I
1.50 credits (3,0,0) hrs 15 wks

This course teaches fundamental techniques for playing instruments from the woodwind family including saxophones, flutes, clarinets, oboe, and bassoon. The class is designed to help future primary and secondary school music educators explain and teach these instruments to their students.

JAZZ 323 Class Woodwinds II
1.50 credits (3,0,0) hrs 15 wks

This course continues the work of JAZZ 322, teaching fundamental techniques for playing instruments from the woodwind family including saxophones, flutes, clarinets, oboe, and bassoon. The class is designed to help future primary and secondary school music educators explain and teach these instruments to their students. In this course, students will learn to deal with music of greater technical demands.

JAZZ 324 Class Brass
1.50 credits (4,0,0) hrs 15 wks

This course teaches fundamental techniques for playing instruments from the brass family including trumpet, trombone, French horn, tuba, and euphonium. The class is designed to help future primary and secondary school music educators explain and teach these instruments to their students.

JAZZ 325 Class Percussion
1.50 credits (4,0,0) hrs 15 wks

This course teaches fundamental techniques for playing instruments from the percussion family, including both pitched and non-pitched percussion instruments. The class is designed to help future primary and secondary school music educators explain and teach these instruments to their students.

JAZZ 330 Music Theory V: Studies in Musical Form
1.50 credits (2,0,0) hrs 15 wks

Prerequisite: JAZZ 231 with a grade of C or higher

The course teaches musical form and compositional design through exploration of canonic repertoire of the medieval through contemporary periods. The course is designed to illuminate the roles of harmonic, melodic, rhythmic and other aspects of compositional design in generating and articulating musical forms to the listener in time.

Note: This course is equivalent to JAZZ 240. Duplicate credit will not be granted for this course and JAZZ 240.

JAZZ 331 Music Theory VI: Studies in Counterpoint

1.50 credits (2,0,0) hrs 15 wks

Prerequisite: JAZZ 330 with a grade of C or higher

This course develops aural and theoretical awareness of counterpoint and its basic importance in many types of music, including jazz, and to develop an understanding of how to combine two melodies while maintaining vertical control and creating a desired harmonic effect. Detailed study of 18th century tonal counterpoint and practical composition exercises are emphasized.

Note: This course is equivalent to JAZZ 241. Duplicate credit will not be granted for this course and JAZZ 241.

JAZZ 336 Vocal Improvisation III

1.50 credits (1,1,0) hrs 15 wks

Prerequisite: JAZZ 237

A continuation of JAZZ 237. Seats may be restricted to vocal majors.

JAZZ 337 Vocal Improvisation IV

1.50 credits (1,1,0) hrs 15 wks

Prerequisite: JAZZ 336

A continuation of JAZZ 336.

JAZZ 338 Vocal Jazz Master Class III

1.50 credits (2,0,0) hrs 15 wks

Prerequisite: JAZZ 239

A continuation of Vocal Jazz Master Class II instruction with more emphasis on individual contribution and responsibility. Seats may be restricted to vocal majors.

JAZZ 339 Vocal Jazz Master Class IV

1.50 credits (2,0,0) hrs 15 wks

Prerequisite: JAZZ 338

A continuation of JAZZ 338.

JAZZ 370 Jazz Styles

1.50 credits (2,0,0) hrs 15 wks

Prerequisite: JAZZ 275 with a grade of C- or higher

A follow-up to JAZZ 170. Detailed study of the major figures in jazz from 1940 to the present, such as Charlie Parker, John Coltrane, and Bill Evans.

JAZZ 372 Arranging III

1.50 credits (2,1,0) hrs 15 wks

Prerequisite: JAZZ 272 with a grade of C- or higher

A study of instrumental writing styles and techniques for big band arranging.

Note: This course is equivalent to JAZZ 403. Duplicate credit will not be granted for this course and JAZZ 403.

Note: This course is not always offered.

JAZZ 374 Studies in Music History III: Modernism

1.50 credits (2,0,0) hrs 15 wks

Prerequisite: JAZZ 275 with a grade of C or higher

The course is an exploration of twentieth-century modernism. In particular the course will focus on the disparity of styles, and approaches to modernism that took place in the wake of the dissolution of a common practice. In this context, the course also examines jazz music's trajectory from popular music to experimental and avant-garde styles within this same time period.

JAZZ 375 Studies in Ethnomusicology

1.50 credits (2,0,0) hrs 15 wks

Prerequisite: JAZZ 374 with a grade of C or higher

The course introduces students to the methods of ethnomusicology with an emphasis on musical cultures outside of Western Europe. The course will include not only the description of characteristic musical attributes for various cultural regions but it will also involve the application of ethnomusicological concepts to individual musical contexts.

JAZZ 382 Jazz Improvisation V

1.50 credits (2,2,0) hrs 15 wks

Prerequisite: JAZZ 283 with a grade of C- or higher

This course contains both lecture and lab components. Content includes melodic minor modes including the "altered" scale, whole-tone and diminished symmetrical chord scales, chromaticism, and analysis and composition of solos in various styles.

JAZZ 383 Jazz Improvisation VI

1.50 credits (2,2,0) hrs 15 wks

Prerequisite: JAZZ 382 with a grade of C- or higher

A continuation of JAZZ 382. Content will include: exploration of the harmonic resources of scales, chromatic approaches using pentatonic and altered pentatonic scales, 4th chord stacks, polychordal triad relationships, outside playing, and the philosophy of free jazz.

JAZZ 394 Small Ensemble V

1.50 credits (3,0,0) hrs 15 wks

Prerequisite: JAZZ 297 with a grade of C- or higher

A variety of jazz styles ranging from 'bebop', 'mainstream', and 'current' will be studied, and students will perform, spontaneously, 'standard' repertoire.

Note: This course is equivalent to JAZZ 396. Duplicate credit will not be granted for this course and JAZZ 396.

JAZZ 395 Small Ensemble VI

1.50 credits (0,3,0) hrs 15 wks

Prerequisite: JAZZ 394

A continuation of JAZZ 394, with further emphasis on spontaneous performance of 'standard' repertoire.

Note: This course is equivalent to JAZZ 397. Duplicate credit will not be granted for this course and JAZZ 397.

JAZZ 396 Jazz Performance V

1.50 credits (3,0,0) hrs 15 wks

Prerequisite: JAZZ 297 with a grade of C or higher

This course focuses on small ensemble performance. The course requires learning works from the standard repertoire while allowing students some opportunities to rehearse and perform their own compositions and arrangements.

Note: This course is equivalent to JAZZ 394. Duplicate credit will not be granted for this course and JAZZ 394.

JAZZ 397 Jazz Performance VI
1.50 credits (3,0,0) hrs 15 wks

Prerequisite: JAZZ 396 with a grade of C or higher

This course focuses on small ensemble performance. Building on the work of JAZZ 396, the course teaches jazz repertoire of a highly challenging and sophisticated character and allows students increasing opportunities to rehearse and perform their own compositions and arrangements.

Note: This course is equivalent to JAZZ 395. Duplicate credit will not be granted for this course and JAZZ 395.

JAZZ 400 Interdisciplinary Seminar: Special Topics in Musicology
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: JAZZ 374 with a grade of C or higher

Through score study, composition exercise, and research projects, students will develop analytical strategies for music of the post-common practice era. The course will address a variety of musical subjects from a theoretical point of view informed by historical and cultural context. Specific areas of focus will vary from semester to semester on the basis of instructor expertise, current developments in academic research, and student interests.

Note: JAZZ 400 is an approved Culture and Creative Expression course for Cap Core requirements.

JAZZ 401 Interdisciplinary Seminar: Special Topics
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: JAZZ 400 with a grade of C or higher

The course is presented in a seminar style whereby students experience the academic autonomy to pursue unique research projects. The instructor will present topics drawn from the western art music tradition from antiquity to the postmodern. Each student will work closely with the instructor in shaping research projects relevant to their particular interests.

Note: JAZZ 401 is an approved Experiential course for Cap Core requirements.

JAZZ 403 Jazz Arranging III: Large Ensemble
1.50 credits (2,1,0) hrs 15 wks

Prerequisite: JAZZ 304 with a grade of C or higher

The course teaches arranging for jazz orchestra. Techniques for formal organization, counterpoint, sectional and cross-sectional voicing will be learned through the study of significant repertoire from the jazz tradition as well as from contemporary composers.

Note: This course is equivalent to JAZZ 372. Duplicate credit will not be granted for this course and JAZZ 372.

JAZZ 404 Jazz Arranging IV: Vocal Ensemble
1.50 credits (2,1,0) hrs 15 wks

Prerequisite: JAZZ 304 with a grade of C or higher

The course teaches arranging for jazz choir with rhythm section. Techniques for formal organization, voicings, harmonization, and lyricization will be learned through the study of significant repertoire from the jazz tradition as well as from contemporary composers.

Note: This course is equivalent to JAZZ 472. Duplicate credit will not be granted for this course and JAZZ 472.

JAZZ 410 Conducting I

1.50 credits (2,0,0) hrs 15 wks

A study of basic conducting techniques.

JAZZ 411 Conducting II

1.50 credits (2,0,0) hrs 15 wks

Prerequisite: JAZZ 410

A continuation of Conducting I with emphasis on vocal and instrumental approaches.

JAZZ 420 Conducting and Pedagogy III

1.50 credits (2,0,0) hrs 15 wks

Prerequisite: JAZZ 321 with a grade of C or higher

This course teaches foundational concepts in jazz pedagogy including the resources and methodology necessary for effective teaching in a variety of contexts including public school, university, and private practice.

JAZZ 422 Instrumental Pedagogy (Secondary)

4.00 credits (4,0,0) hrs 15 wks

Prerequisite: JAZZ 321 with a grade of C+ or higher, and JAZZ 322 and 324 as pre- or co-requisites

This course prepares participants for the profession of teaching music in schools, training institutes, and/or as independent music teachers. The course content includes instrumental pedagogy that examines teaching methods and learning sequences for instrumental music students at all levels. This includes an introduction to instructional methods, a survey of method books, resources, repertoire, conducting, and rehearsal techniques for secondary ensembles.

Note: JAZZ 422 is an approved Capstone course for Cap Core requirements.

JAZZ 423 Choral Pedagogy (Secondary)

4.00 credits (4,0,0) hrs 15 wks

Prerequisite: JAZZ 321 with a grade of C+ or higher

The course provides an introduction to choral instructional methods, musical works, and materials suitable for teaching music to students in secondary school choirs and choral music classes. The course is designed to prepare the beginning choral teacher or conductor to use choral methods, literature, and materials for the optimal development of musical skills and musical literacy in young singers in an ensemble.

JAZZ 460 Commercial Relations in Music

1.50 credits (2,0,0) hrs 15 wks

A course involving aspects of the music industry including copyright, contracts, performing rights organizations and the recording industry.

JAZZ 470 World Music

1.50 credits (2,0,0) hrs 15 wks

Prerequisite: JAZZ 370 with a grade of C- or higher

A study of the musics of the world outside of the Western European tradition.

JAZZ 472 Jazz Arranging IV

1.50 credits (2,1,0) hrs 15 wks

Prerequisite: JAZZ 272 with a grade of C- or higher

This course will give the student a practical understanding of the different techniques used in arranging for large jazz ensembles and vocal ensembles. Students will write their own arrangements and hear them played in class.

Note: This course is equivalent to JAZZ 404. Duplicate credit will not be granted for this course and JAZZ 404.

JAZZ 494 Small Ensemble VII
1.50 credits (3,0,0) hrs 15 wks

Prerequisite: JAZZ 395 with a grade a C or higher

A jazz performance ensemble for more advanced players. Students will be required to perform in public several times during the semester.

Note: This course is equivalent to JAZZ 496. Duplicate credit will not be granted for this course and JAZZ 496.

JAZZ 495 Small Ensemble VIII
1.50 credits (0,3,0) hrs 15 wks

Prerequisite: JAZZ 494

A continuation of JAZZ 494.

JAZZ 496 Jazz Performance VII
1.50 credits (3,0,0) hrs 15 wks

Prerequisite: JAZZ 383 and JAZZ 397 with a grade of C or higher in each course

This course focuses on small ensemble performance. Students will work independently and in coached settings to create full-length concerts of original compositions and arrangements presented at a professional level.

Note: This course is equivalent to JAZZ 494. Duplicate credit will not be granted for this course and JAZZ 494.

JAZZ 497 Jazz Performance VIII
3.00 credits (2,4,0) hrs 15 wks

Prerequisite: JAZZ 496 with a grade of C+ or higher

This course focuses on small ensemble performance. Students will work independently and in coached settings to create full-length concerts of original compositions and arrangements presented at a professional level. In consultation with the instructor, students will conceive and execute a significant final project featuring original compositions. This project will be documented with video and audio recordings.

Note: JAZZ 497 is an approved Capstone course for Cap Core requirements.

Learner Success/Directed Study

SDS 100 Learner Success in Self Directed Studies
1.00 credit (1,3,0) hrs 15 wks

This course provides learners with the skills and supports to successfully complete online, teleconference, correspondence and other distance education courses. Directed Studies will provide access to computer labs and instructional supports such as study skills, time management, computer literacy and other skills required for success in self-directed studies.

Legal Admin Assistant On-line

LGAO 100 Introduction to the Canadian Legal System

0.75 credits (5,0,0) hrs 06 wks

Prerequisite: ABTO 100 is a prerequisite or co-requisite

The primary purpose of this course is to provide the students with a general understanding and working knowledge of the Canadian legal system.

LGAO 115 Legal Office Procedures

1.50 credits (3.33,1.67,0) hrs 09 wks

Prerequisite: ABTO 100 and LGAO 100 are prerequisites or co-requisites

The primary purpose of this course is to introduce the students to the legal profession, including the functions and duties of a legal administrative assistant in British Columbia.

LGAO 125 Litigation Procedures I

1.50 credits (2.5,2.5,0) hrs 12 wks

Prerequisite: ABTO 100, LGAO 100 and 115 are prerequisites or co-requisites

This course introduces the student to the functions and duties of a legal administrative assistant working in civil litigation in British Columbia. This course is primarily a hands-on course in which the students integrate keyboard, computer, transcription and document formatting with a knowledge of civil law. It is intended that the students continue into LGAO 130.

LGAO 130 Litigation Procedures II

1.50 credits (4.2,4.2,0) hrs 07 wks

Prerequisite: ABTO 100, LGAO 100, 115 and 125 are prerequisites or co-requisites

Litigation II builds on the skills and knowledge from Litigation Procedures I. Litigation II will continue the students' introduction to the legal concepts necessary to a basic understanding of litigation procedures. This course is primarily an hands-on course in which the students integrate keyboard, computer, transcription and document formatting with a knowledge of civil law.

LGAO 135 Family Litigation Procedures

1.50 credits (2.5,2.5,0) hrs 12 wks

Prerequisite: ABTO 100, LGAO 100, 115, and 125 are prerequisites or co-requisites

This course introduces the student to the functions and duties of a legal administrative assistant working in a family law practice in BC.

LGAO 140 Corporate Procedures I

3.00 credits (0,0,4) hrs 15 wks

Prerequisite: ABTO 100, LGAO 100 and 115 are prerequisites or co-requisites

This course introduces students to the role and responsibilities of a Legal Administrative Assistant working in the field of corporate law. Through an extensive overview of the various forms of business organizations, this course will cover corporate structure including, Sole Proprietorship, Partnership (General and Limited), and Corporations (Private: Non-Reporting, and Public: Reporting) and Corporate Registry. Students will acquire a basic knowledge of the Business Corporations Act, learn specialized terminology, and apply practical experience in document preparation, necessary for maintaining records of a British Columbia Corporation. The course will also cover incorporation procedures, post corporate procedures and annual maintenance.

LGAO 145 Conveyancing Procedures I**1.50 credits (0,4.3,4.3) hrs 07 wks***Prerequisite:* ABTO 100, LGAO 100 and 115 are prerequisites or co-requisites

This course introduces the student to the role and responsibilities of a Legal Administrative Assistant employed in the field of conveyancing in British Columbia. Subjects covered will include knowledge and practical experience in topics such as systems of land registration, land title searches, contracts of purchase and sale, methods to convey interests in land, statements of adjustments, and the execution and registration of electronic documents filed in Land Title Offices. This course focuses on the purchaser's procedures for a simple conveyance not involving financing. After taking Conveyancing Procedures I, students should progress to Conveyancing Procedures II which will cover procedures for financed purchaser conveyances, vendor sales, and mortgage loans. Conveyancing Procedures II will also cover acting for a purchaser and a mortgagee at the same time, as well as documents involved in the sale and purchase of manufactured homes.

LGAO 150 Conveyancing Procedures II**1.50 credits (0,4.3,4.3) hrs 07 wks***Prerequisite:* ABTO 100, LGAO 100, 115 and 145 are prerequisites or co-requisites

This course introduces the student to the role and responsibilities of a Legal Administrative Assistant employed in the field of conveyancing in British Columbia. This course is a continuation of the material covered in Conveyancing Procedures I. Students will gain knowledge and practical experience in topics such as methods to convey interest in land involving purchaser financing, strata property considerations, builders' liens, acting for the vendor, acting for mortgage lenders, additional adjustments for statements of adjustments, authorities to pay, the execution and registration of electronic documents filed in Land Title Offices, acting for both the purchaser and mortgagee, and documents for the transfer of manufactured homes.

LGAO 155 Wills and Estates**1.50 credits (0,4.3,4.3) hrs 07 wks***Prerequisite:* ABTO 100, LGAO 100 and 115 are prerequisites or co-requisites

This course introduces the student to the role and responsibilities of a Legal Administrative Assistant employed in the field of wills and estates in British Columbia. Students will gain knowledge and practical experience in preparation of wills and codicils and the documents necessary to apply grants of Letters Probate and Letters of Administration (with and without a Will), Administration Bonds, transferring the deceased's assets and winding up estates. Students will prepare documents acceptable to the Probate Registry for filing, followed by transmission and distribution of estates. This is a "hands-on" course in which the students integrate keyboard, computer, document formatting and transcription skills, with knowledge of estate law.

LGAO 160 Corporate Procedures II**1.50 credits (0,4.3,0) hrs 07 wks***Prerequisite:* ABTO 100, LGAO 100, 115 and 140 are prerequisites or co-requisites

This course is a continuation of the material covered in Corporate Procedures I which introduced the student to the role and responsibilities of Legal Administrative Assistant working in the field of corporate law. This course covers corporate structure and completion of filing forms as it relates to Sole Proprietorship, Limited Partnerships, Societies, Cooperatives, Non-Reporting companies and Extra-Provincial Non-Reporting companies. The course also introduces the student to Securities and to BC Online (an Internet access to government services and information about B.C. companies).

LGAO 165 Personal Injury**1.50 credits (0,0,2.5) hrs 12 wks***Prerequisite:* ABTO 100, LGAO 100, 115, 125 and 130 are prerequisites or co-requisites

This course, building on Litigation Procedures courses, will provide the student with the skills and knowledge required to bring a personal injury action in the Supreme Court of British Columbia.

Legal Administrative Assistant

LGST 108 Family Law Litigation Procedures

1.50 credits (2,0,0) hrs 08 wks

Introduction to the procedures, rules and legislation applicable to divorce and family law litigation.

LGST 109 Basic Litigation Procedures

3.00 credits (4,0,0) hrs 15 wks

Introduction to the procedures, rules and legislation applicable to civil litigation in the Supreme Court of BC.

LGST 110 Corporate Procedures

3.00 credits (4,0,0) hrs 15 wks

Students will learn the various documents that a legal administrative assistant must be familiar with in order to incorporate a company and attend to routine filings by examining the BC Business Corporations Act. Records office requirements, annual maintenance of the corporate records book, preparing share certificates and registration, among other topics, will also be covered. The class prepares a corporate records book as part of a term project.

LGST 112 Basic Conveyance and Mortgage Procedures

3.00 credits (4,0,0) hrs 15 wks

This course covers the contract of purchase and sale, Land Title Act requirements for registration of title in BC, search procedures, preparation of primary and secondary documents and forms involved in conveying title and registering charges.

LGST 114 Wills and Probate Procedures

1.50 credits (2,0,0) hrs 08 wks

An examination of the BC Wills, Estates and Succession Act. Students will prepare the necessary documents to obtain Grants of Probate in the Supreme Court of BC and be familiar with documentation required for issuance of Grants of Administration.

LGST 116 Introduction to the Legal System

1.50 credits (2,0,0) hrs 08 wks

This course acquaints students with a working knowledge of the BC and federal court system, statute law and common law, civil law and torts, and lawyers and the Law Society, with added emphasis on legal vocabulary.

LGST 119 Practicum

3.00 credits (3,5,0,4.4) hrs 17 wks

Following successful completion of Second Term, a work practicum is arranged for the student. Before the practicum the student will be required to attend career preparation classes, which will include resume preparation and interview techniques.

LGST 124 Organizational Behaviour

3.00 credits (4,0,0) hrs 15 wks

This course looks at the effects of individual and group behaviour in organizations. Topics include leader behaviour and power, motivation, attitude development, perception, work stress and conflict. Students will also learn how to apply communication, problem solving and conflict resolution skills toward an organization's overall effectiveness.

LGST 125 Virtual Legal Office
3.00 credits (3,1.5,0) hrs 15 wks

Prerequisite: LGST 127

This course prepares legal administrative assistant students for positions in law offices. Students receive instruction in opening files, time keeping, diary systems, use of law library, ethical responsibilities, filing, and other procedures particular to the profession. The students will create client files, add documents to the files, bill clients and at the end of the course, close the files. The students will learn to manage time and projects while being interrupted with other urgent tasks. Transcription will be used as a means to deliver many course materials and instructions.

LGST 126 Basic Securities Procedures
1.50 credits (6,0,0) hrs 05 wks

This course provides students with a basic knowledge of securities regulation in Canada with a focus on British Columbia securities legislation, securities procedures and the preparation of basic securities documents such as material change reports; insider reports; annual reports; and the documentation required for private placements of securities.

LGST 127 Computer Applications for the Legal Office I
3.00 credits (3,1.5,0) hrs 15 wks

This course introduces students to basic and intermediate word processing concepts using Microsoft Word. Students will gain proficiency working with the software by producing a variety of legal documents formatted according to legal office standards.

LGST 128 Computer Applications for the Legal Office II
3.00 credits (3,1.5,0) hrs 15 wks

Prerequisite: LGST 127

This course introduces students to advanced word processing concepts using Microsoft Word, and to basic spreadsheet concepts using Microsoft Excel. Students will gain proficiency working with the software by applying their knowledge to legal concepts.

Legal Studies

LAW 101 Introduction to Law
3.00 credits (4,0,0) hrs 15 wks

This course introduces students to the legal system in Canada, starting with the forms and sources of law, followed by an exploration of the Constitution, which is the framework for all Canadian law. The constitutional section of the course emphasizes the division of legislative authority between the provinces and the federal government, and the Canadian Charter of Rights and Freedoms. The course also introduces students to legal professional responsibility, as well as topics such as administrative law, private law, aboriginal law, and international law.

Note: LAW 101 is an approved Self and Society course for Cap Core requirements.

LAW 110 Legal Analysis

3.00 credits (4,0,0) hrs 15 wks

Students will be introduced to basic legal analysis through the study of case law and legislation. They will learn to identify legal issues and rules, how to write case briefs, and how to prepare legal memoranda in which students apply rules to specific fact situations.

LAW 115 Legal Document Processing

3.00 credits (4,0,0) hrs 15 wks

Using a PC, students will be introduced to advanced word processing concepts through document generating applications normally part of the day-to-day operations in a legal office. The student will also be exposed to various legal software applications.

LAW 130 Criminal Law

3.00 credits (4,0,0) hrs 15 wks

Students will gain an understanding of the sources and developing theory of criminal law in Canada. We will take the theoretical aspects of criminal law and apply them to criminal proceedings to broaden the students understanding of the concepts involved.

LAW 139 Practicum in Criminal Law Practice and Procedure

3.00 credits (0,0,35) hrs 26 wks

Prerequisite: LAW 101 and LAW 130

This is a work placement program of 52 weeks which focuses on the various processes and procedures common to the work performed by Paralegals within the BC Criminal Justice system. Pre-employment and sponsorship by the BC Criminal Justice Branch is required. The practicum must be completed within 2 years of commencement.

Note: Restricted to Criminal Law Practice and Procedure Program students only.

LAW 140 Family Law and Procedures

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: LAW 101 and LAW 110, OR 30 credits of 100-level or higher coursework

Students will learn the fundamentals of substantive family law, as well as basic Supreme Court and Provincial Court procedures. Particular emphasis will be placed upon the Divorce Act, Family Law Act, Child, Family and Community Service Act, Adoption Act, and court rules at different levels.

LAW 200 Torts I

3.00 credits (4,0,0) hrs 15 wks

Students will be introduced to all the elements of negligence, the largest area of tort law, through the study of case law and statutes.

LAW 201 Torts II

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: LAW 200

In this course, students will continue an examination of tort law through the study of case law and statutes, considering a number of issues including economic negligence, occupiers' liability, nuisance, strict liability and the intentional torts.

LAW 210 Legal Research

3.00 credits (4,0,0) hrs 15 wks

This course introduces students to the process of legal research in Canada. Students will learn legal research techniques required to locate legislation, case law and secondary sources by citation, title and

subject matter. They will learn to find relevant legal information using traditional and electronic sources, and will learn to properly cite these sources.

LAW 220 Litigation Procedures I
3.00 credits (4,0,0) hrs 15 wks

Students will learn the principles of a civil litigation practice in BC. The course will cover chronologically the events that arise in a civil law suit in the Supreme Court of BC. Emphasis is on familiarization with and the use of the Supreme Court Civil Rules to enable the learner, under the supervision of a lawyer, to prepare documents and follow procedures required in the course of a civil action. The learner is encouraged to solve particular problems by using the Supreme Court Civil Rules and civil litigation court forms and precedents.

LAW 230 Evidence
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: LAW 101, LAW 110 and LAW 210

Students will study the law of evidence, and learn to analyse and critically apply the rules of evidence through lectures and the case study method.

LAW 240 Estates and Procedures
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: LAW 101, LAW 110 and LAW 210

Students will learn the fundamentals of substantive estate law. As well, they will learn the formal requirements for preparing and executing wills and codicils in British Columbia, and of probate procedures (including grants of probate and administration, preparing an estate inventory, devolution, transmission and transfer of assets, income tax requirements, passing accounts, executor's remuneration, solicitor's remuneration, and relevant limitation dates).

LAW 300 Contracts I
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: LAW 101, LAW 110 and LAW 210

Students will be introduced to contract law through the study of case law and statutes, focusing on the elements of a valid and enforceable contract. They will learn to critically evaluate competing theories of contractual validity, synthesize the law and apply relevant principles to fact patterns designed to develop a practical understanding of the elements of an enforceable contract.

LAW 301 Contracts II
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: LAW 300

Students will continue the examination of contract law by developing and applying analytical strategies to resolve practical problems through the integration of case law and statutes, considering a number of issues such as misrepresentation, interpretation, mistake and remedies.

LAW 305 Arts and Entertainment Law
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: LAW 101, LAW 110, LAW 210 and LAW 200 or LAW 300, OR 45 credits of 100-level or higher coursework

Starting with the position of a single artist, this course moves through the creations, legal protections and challenges facing artists and professionals in the arts, music and entertainment industries. What legal protections exist for the visual artist, digital and traditional? What legal issues and implications must a musician, composer, or film professional be aware of in his or her creative life? This course will focus on

the key concerns in each of these important cultural industries, including intellectual property, management and contracts, and global issues.

LAW 308 Sports and Recreation Law

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: LAW 101, LAW 110, LAW 210 and LAW 200 or LAW 300, OR 45 credits of 100-level or higher coursework

This course will examine the legal issues facing sports organizations, managers, athletes, recreationalists, spectators and recreational facility owners. The student will learn how various areas of law impact the sports and recreation industries, and will cover both civil and criminal matters, administrative law, risk management and important issues such as violence and doping in sport. By the end of the course, the student should be able to identify a range of legal issues relevant in these industries, and apply the common law and statutory rules to various sports and recreational situations.

Note: LAW 308 is an approved Self and Society course for Cap Core requirements.

LAW 310 Legal Drafting

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: LAW 101, LAW 110 and LAW 210

Students will build on their theoretical knowledge of the law and develop clear and effective communication skills through drafting legal documents for use by clients of law firms, corporate employers and government.

LAW 315 Legal Interviewing

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: LAW 101, LAW 110 and LAW 210

Students will learn to master techniques of legal interviewing through a conducting role play interviews and exercises in critical thinking and discussion about interviewing. Students will gain an understanding of the role of the paralegal with regard to interviewing clients, witnesses, etc., as well as an understanding of the social and interpersonal challenges to conducting an effective legal interview.

LAW 317 Conflict Resolution

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: LAW 101, LAW 110 and LAW 210, OR 45 credits of 100-level or higher coursework

This course introduces students to both the theory and practice of conflict resolution from a legal perspective. Students will learn about how conflict arises, the factors that contribute to conflict, and various models for resolving conflict, including litigation, negotiation, and mediation. Students will also experience conflict resolution through role-plays involving various scenarios.

LAW 318 Meditation in Law and Business

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: LAW 101, LAW 110 and LAW 210, OR 45 credits of 100-level or higher coursework

This course introduces students to the theory and practice of mindfulness meditation and its applications in the practice of law and in business and professional life generally. Students will learn about techniques for calming the mind, reducing stress, and achieving greater mental clarity in making intelligent and informed decisions as a professional or as part of a business career. Students will also be introduced to medical evidence regarding the effects of meditation and the significance of meditation in a wider cultural context.

LAW 320 Creditors' Remedies and Procedures

3.00 credits (6,0,0) hrs 15 wks

Prerequisite: LAW 101, LAW 110, LAW 210, and LAW 200 or LAW 300

This course examines pre- and post-judgment creditors' remedies. It will include a consideration of garnishment, execution against land and personal property, and the law of foreclosure and bankruptcy.

LAW 322 Animal Law

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: LAW 101, LAW 110, LAW 210, and LAW 200 or LAW 300, OR 45 credits of 100-level or higher coursework

Animal law is a dynamic field of legal inquiry and may involve issues relating to tort law, property law, criminal law, family law, contract law, environmental law and more. This course will introduce students to a broad range of laws that affect animals by investigating historical and current issues in animal law. Students will critically analyze how animal law works in practice by examining case law, policies and legislation and as substantive law is examined, students will consider companion, farm and wild animals and their status under Canadian and international laws. Students will engage in fundamental questions about non-human animals, law and society such as: What are the conceptual and legal differences between 'animal rights' and 'animal welfare'? 'Why are some animals highly valued while others are not?'

LAW 330 Administrative Law

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: LAW 101, LAW 110 and LAW 210

To provide the student with a basic understanding of the principles of administrative law, as derived from the common law and relevant statutes.

LAW 335 Environmental Law

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: LAW 101, LAW 110 and LAW 210, OR 45 credits of 100-level or higher coursework

In this course, students will study the principles and practices of environmental law in Canada. The course will focus on the main areas of protection of the environment – traditional tort law, environmental regulation, environmental assessments and international agreements. Students will gain a thorough knowledge of the current problems in enforcing environmental protections, including such important topics as biodiversity, climate change and the enforcement of international standards in bi-national and transnational law. Students will also critically assess both the effectiveness and, more fundamentally, the effect of Canadian and international environmental law.

Note: LAW 335 is an approved Self and Society course for Cap Core requirements.

LAW 340 Company Law

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: LAW 101, LAW 110, LAW 210, and LAW 200 or LAW 300

Students will gain an understanding of company law through a critical examination of the legal principles relating to corporations. Emphasis is on the BC Business Corporations Act. Also included is an overview of sole proprietorships, partnerships, limited partnerships, extra provincial companies, and regulation of the securities market.

LAW 341 Securities Law

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: LAW 340 OR 45 credits of 100-level or higher coursework

This course will introduce students to Canadian securities law—primarily as it relates to the regulation of public companies, with an emphasis on British Columbia—through the study of legislation, regulatory policies and narrative secondary authorities. Students will gain an understanding of the overall regulatory framework and learn how to complete certain key procedures in relation to specific aspects of securities law practice.

LAW 342 Corporate Procedures

1.50 credits (2,0,0) hrs 15 wks

Prerequisite: LAW 101, LAW 110, LAW 210, and LAW 200 or LAW 300

Students develop mastery of the principles of corporate procedures through a practical, problem-solving study of the incorporation and post-incorporation process. Emphasis is on BC Business Corporations Act.

LAW 344 Elder Law

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: LAW 101, LAW 110, LAW 210, and LAW 200 or LAW 300

This course will examine the challenges confronting older adults in British Columbia, by looking at the legal framework within which they operate. Upon completion of this course, a student should be able to identify and analyze various legal issues relating to: assessment of mental capacity, independence, privacy, ethical obligations of caregivers and others, and the preparation of legal documents such as Powers of Attorney and Representation Agreements.

Note: LAW 344 is an approved Self and Society course for Cap Core requirements.

LAW 355 Immigration Law

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: LAW 101, LAW 110 and LAW 210

This course will introduce students to the principles and practices of immigration, citizenship, and refugee law in Canada. The course will focus on the main areas of immigration – admissibility and inadmissibility and temporary and permanent entry into Canada. It will also deal with citizenship and refugees and protected persons.

LAW 360 Labour and Employment Law

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: LAW 101, LAW 110, LAW 210, and LAW 200 or LAW 300, OR 45 credits of 100-level or higher coursework

The course introduces students to the key principles and sources of labour and employment law in Canada, with a focus on British Columbia. The course will divide the two main areas of the law-individual employment law and union labour law-into the two parts of the university term, beginning with the rights of individuals at common law. Students will gain a thorough knowledge of the current problems in employment and human rights in the workplace, before moving on to the study of collective bargaining and unionism.

Note: LAW 360 is an approved Self and Society course for Cap Core requirements.

LAW 370 Modern Themes in Canadian Law

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: LAW 101, LAW 110 and LAW 210, OR 45 credits of 100-level or higher coursework

This course introduces students to the role of law in shaping Canadian society, emphasizing Supreme Court of Canada decisions on topics such as access to justice, equality rights, freedom of speech and religion, the death penalty, and civil responsibility. This course is suitable both for legal students looking to understand law in social context and for non-law students looking to understand how law shapes and is shaped by the greater society.

Note: LAW 370 is an approved Self and Society course for Cap Core requirements.

LAW 389 Directed Study I

3.00 credits (0,0,4) hrs 15 wks

Prerequisite: 30 LAW credits and 24 credits (recommended to be non-LAW) 100-level or higher including two English courses

This course is based on a supervised legal research project designed by the student in consultation with a faculty member, and involves 100 hours of research and study. This advanced research project will enable the student to acquire and apply legal knowledge and skills - through critical inquiry, legal research and analysis - to a complex problem in a specific field of the law. Students will learn to critically evaluate and analyse complex legal arguments, apply advanced research methods, and recognize the limits of knowledge and understanding in the law.

LAW 400 Insurance Law I
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: LAW 101, LAW 110, LAW 210, and LAW 200 or LAW 300

Students will develop an understanding of the issues central to insurance law through the application of theoretical concepts that apply to practical situations that arise in case analysis and legislation.

LAW 401 Insurance Law II
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: LAW 400

The purpose of this course is to provide students with a continuing understanding of the issues raised in Canadian insurance law, including a review of motor vehicle insurance issues and legislation governing ICBC.

LAW 410 Legal Advocacy
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: LAW 101, LAW 110 and LAW 210, OR 45 credits of 100-level or higher coursework

This course introduces students to both the theory and practice of trial advocacy for paralegals. Students will learn about steps in the litigation process, courtroom etiquette, ethical issues in legal advocacy and how to prepare and present a case in court. Student work will focus on gaining experience on oral advocacy, including examination, cross examination through role-plays and mock trials involving various real-life scenarios.

LAW 415 Legal Ethics
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: LAW 101, LAW 110 and LAW 210, OR 45 credits of 100-level or higher coursework

This course will introduce the student to the various ethical principles and exceptions guiding the legal profession, and the application of these principles and exceptions to key areas of practice. Students will learn to effectively describe and explain the various ethical obligations to the state, to courts and tribunals, to the profession and the public, and to clients, including the disciplinary consequences for professional malpractice.

LAW 420 Litigation Procedures II
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: LAW 220

Students will apply sound thinking to resolution of practical applications of the Supreme Court Civil Rules and procedures that apply to pre-trial investigation and court applications, including preparation of documents for interlocutory applications, preparation and enforcement of court orders, preparation of bills of costs, and small claims procedures.

LAW 421 Civil Litigation
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: LAW 101, LAW 110, LAW 210, and LAW 200 or LAW 300

In this course, students will focus on the entire process of a civil litigation claim from commencing proceedings, including parties and pleadings, to trial and appeal. The course will examine the main issues faced during a typical litigation claim during discovery, including the various potential interlocutory applications. Students will gain an understanding of the substantive law relating to civil litigation, as opposed to the procedure.

LAW 423 E-Discovery

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: LAW 101, LAW 110, LAW 210 and LAW 220

This course will look at the document discovery process as it relates to document preservation, collection, review, and production with a particular focus on electronic discovery tools. Students will be provided with access to a working database of documents that is set up for a mock client. The database that students will use contains thousands of documents. Based on the mock client's needs, students will learn how to build, manipulate, support and maintain the database. Students will gain the ability to understand and use e-discovery tools that are necessary in the legal industry, particularly with respect to litigation.

LAW 425 Law Office Procedures

1.50 credits (2,0,0) hrs 15 wks

Prerequisite: LAW 101, LAW 110 and LAW 210

Students will develop an understanding of the fundamentals of the day-to-day workings of a law office. Particular emphasis will be placed on: practice management systems used in small and large law firms; the impact of technology on the legal profession; computerized applications of law office systems; the solicitor/client relationship; the BC Law Society Rules; professional ethics and the role of the paralegal; and law office accounting procedures, including the Law Society Rules on trust accounting.

Note: LAW 425 is an approved Experiential course for Cap Core requirements.

LAW 430 Aboriginal Law

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: LAW 101, LAW 110 and LAW 210, OR 45 credits of 100-level or higher coursework

To familiarize students with the main legal topics involving First Nations in BC, including constitutional relations between governments; treaty-making and aboriginal title and rights to lands and resources; the Indian Act and Indian Band governance; and issues of citizenship, aboriginal women, and family law.

Note: LAW 430 is an approved Self and Society course for Cap Core requirements.

LAW 440 Real Property

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: LAW 101, LAW 110, LAW 210, and LAW 200 or 300

This course introduces students to the fundamental principles governing the law of real property using the case study method and through a review of legislation affecting real property, including the Land Title Act, Property Law Act and Law and Equity Act. Students will become familiar with the BC Torrens registry land title system and its application in a common law jurisdiction.

LAW 442 Conveyancing Procedures

1.50 credits (2,0,0) hrs 15 wks

Prerequisite: LAW 101, LAW 110, LAW 210, and LAW 200 or LAW 300

Students will learn basic conveyance and mortgage procedures in BC. They will learn to prepare documents required in a conveyance and mortgage procedure from a purchaser's perspective as well as a vendor's perspective. They will learn about ancillary concepts and documents required in other Land Title Office related transactions as well as understand foreclosure procedures. They will also be able to apply conveyancing principles to advanced practical problem-solving exercises.

LAW 443 Commercial Real Estate Law

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: LAW 442

This course will examine the legal issues facing legal practitioners in the area of commercial real estate development. This is an advanced course building upon the skills learned in LAW 442 Conveyancing Procedures. The student will learn about the real estate development process as well as garner an understanding of the basic legal principles, legislation and legal documents involved. By the end of the course, the student should be able to identify a range of legal issues as well as prepare documents relevant to the Real Estate Development Practice for everything from land acquisition, to legal requirements for development financing and marketing, as well as the unique planning and regulatory environment of the Vancouver Municipality.

LAW 450 Intellectual Property

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: LAW 101, LAW 110 and LAW 210

Students will develop an understanding of the common law relating to intellectual property, as well as engage in a general review of Canadian legislation affecting intellectual property, its management and the enforcement of intellectual property rights. New issues and problems created by the Internet and e-commerce will also be examined.

LAW 453 Financing the Tech Start-Up

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: LAW 101, LAW 110 and LAW 210, OR 45 credits of 100-level or higher coursework

This course will examine the legal issues behind structuring and financing the tech start-up. Students will learn about early stage structuring from proprietorship to corporation and the legal advantages and pitfalls of each structure. They will also learn about the legal framework behind the angel investment round, tax incentive programs and legal liability, early stage debt financing options, investment due diligence, Series A financing, drafting the term sheet, and post Series A financing. By the end of the course, students should be able to identify a range of legal issues as well as prepare a Series A financing term sheet for a tech start-up.

LAW 460 International Law

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: LAW 101, LAW 110 and LAW 210, OR 45 credits of 100-level or higher coursework

This course will introduce students to international law and explore its basic principles and structures, including its historical development, subjects and sources of international law, international human rights, indigenous peoples, international trade and environmental law, law of the sea, and war and conflict, and global governance institutions.

Note: LAW 460 is an approved Self and Society course for Cap Core requirements.

LAW 462 International Human Rights Law

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: LAW 101, LAW 110 and LAW 210, OR 45 credits of 100-level or higher coursework

This course will introduce the principles and institutions of international human rights law and the legal instruments designed for their protection. The extent to which international law is an effective vehicle for the protection of human rights will be considered, as well as questions about cultural relativism and the universality of human rights. The course will explore the nature of civil and political rights, social and economic rights, and the rights of women, Indigenous peoples, children and persons with disabilities. In addition, the role of non-governmental organizations and international courts and tribunals will be examined.

Note: LAW 462 is an approved Self and Society course for Cap Core requirements.

LAW 464 International Women's Rights Law

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: LAW 101, LAW 110 and LAW 210, OR 45 credits of 100-level or higher coursework

This course will provide students with a foundation for understanding the international human rights system and examine how women's rights pose particular challenges and opportunities for the realization of human rights and social justice. Attention will be paid to women's experience of human rights violations as gendered. The course will explore issues of cultural relativism, gender mainstreaming and the intersectionality of rights, Aboriginal women's rights, women's health, women and religion, violence against women and women and governance.

Note: LAW 464 is an approved Self and Society course for Cap Core requirements.

LAW 466 International Criminal Law

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: LAW 101, LAW 110 and LAW 210, OR 45 credits of 100-level or higher coursework

In this course students will study some of the major crimes that have been made subject to international investigation and enforcement; principally, war crimes, crimes against humanity, terrorism, and state-sponsored crime. Students will gain a thorough knowledge of the ongoing challenges facing the International Criminal Court and domestic courts in North America, Europe and Asia in the investigation, prosecution and punishment of international and transnational crimes.

Note: LAW 466 is an approved Self and Society course for Cap Core requirements.

LAW 470 Philosophy of Law

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: LAW 101, LAW 110 and LAW 210, OR 45 credits of 100-level or higher coursework

This is a survey course of basic doctrines and current issues in jurisprudence and legal theory. Topics include natural law theory, legal positivism, legal realism, feminist legal theory, critical race theory, individual liberty, and international law.

Note: LAW 470 is an approved Self and Society course for Cap Core requirements.

LAW 489 Directed Study II

3.00 credits (0,0,4) hrs 15 wks

Prerequisite: LAW 389

This course is based on a supervised legal research project designed by the student in consultation with a faculty member, and involves 100 hours of research and study. This advanced research project will enable the student to acquire and apply legal knowledge and skills - through critical inquiry, legal research and analysis - to a complex problem in a specific field of the law. Students will learn to critically evaluate and analyse complex legal arguments, apply advanced research methods, and recognize the limits of knowledge and understanding in the law.

LAW 498 Practicum

4.50 credits (2.2,0,22.2) hrs 41 wks

Prerequisite: 48 LAW credits

Students will be assisted in obtaining a paid practicum placement. Students will participate in the following instructional sessions: résumé and cover letter preparation; interviewing techniques; and practicum search and follow-up. The student will complete a six-month (five full working days per week) paid practicum in a law firm, government law department, corporate law department, or other law-related employment as approved by the practicum instructor. The practicum employer will provide meaningful projects appropriate for an entry-level paralegal designed to encourage personal responsibility, independent problem solving, and the application of high ethical standards. The student must be supervised by a lawyer during the practicum.

Note: LAW 498 is an approved Capstone course for Cap Core requirements. LAW 498 is an approved Experiential course for Cap Core requirements.

Note: LAW 498 is equivalent to LAW 499. Duplicate credit will not be granted for this course and LAW 499. Departmental approval is required to register in this course.

Liberal Studies

LBST 100 Approaching Knowledge

3.00 credits (4,0,0) hrs 15 wks

This course frames the basic approaches to research and knowledge production in the arts, sciences and related fields of study. Through an introduction to interdisciplinary studies, the course encourages students to start thinking across disciplinary boundaries and develop an appreciation of the ways in which many contemporary problems require thinking from two or more academic disciplines.

LBST 200 Refocusing Knowledge: Introduction to Research Methods

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: ENGL 100

This course introduces students to the various stages of the research process and provides them with an understanding of the different methods used to conduct research commonly used in the humanities, social sciences and related fields of study. Primarily qualitative in emphasis, the course focuses on the techniques and protocols associated with interviewing, observation, content analysis, and handling materials found in archives and special collections.

LBST 201 Refiguring Knowledge: Introduction to Research Methods

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: LBST 100

This course introduces students to the various stages of the research process and provides them with an understanding of quantitative research methods and allied mathematical and statistical concepts which will enable students to engage in undergraduate research and work effectively with data. Specifically, students will acquire the knowledge and ability to apply quantitative methods to research that includes gathering and interpreting data.

Note: This is an approved Quantitative/Analytical course for baccalaureate degrees.

LBST 202 Collecting Knowledge

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: LBST 100

Working with local museums, archives, galleries, and community-based organizations, students will build their own virtual exhibition. Students will work independently and in small groups to research their objects' provenance and original cultural, social, historical, ethnographic, and scientific contexts. The research, documentation, and presentation process will assist in the development of research skills and cross-disciplinary critical analysis.

LBST 330 Methods of Inquiry

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework including one of the following: ABA 312, CMNS 260, CMNS 262, DSGN 325, EDUC 373, EDUC 473, LAW 210, LBST 200, LBST 201, MT 462, PSYC 213, or TOUR 327

Methods of Inquiry is a project based course in which students develop a plan for an independent research project emerging from their own personal research interests. The course opens with an interrogation of how meaning is created through the research process, drawing on a variety of perspectives from the social sciences, sciences, and humanities. After critically reflecting on how knowledge is constructed, students will be asked to think deeply about what research they might undertake in their graduating projects. In advance of identifying potential strategies for their own research, students will examine and assess the methodological principles and choices informing past student projects.

Note: LBST 330 is an approved Experiential course for Cap Core requirements.

Note: LBST 330 is an approved Quantitative/Analytical course for baccalaureate degrees. LBST 330 is equivalent to LSBA 330. Duplicate credit will not be granted for this course and LSBA 330. PHIL 120 is recommended as a prerequisite or corequisite.

LBST 335 Grand Challenges - An Interdisciplinary Approach

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework including one of the following research methods courses: ABA 312, CMNS 260, 262, DSGN 325, 326, EDUC 373, 473, LAW 210, LBST 200, 201, 330, PSYC 213 or TOUR 327

Teams of scientists, researchers, and innovators across the disciplines and various sectors are working together to solve the twenty-first century's grand challenges. Whether tackling declining biodiversity or building sustainable cities, the solutions to these problems require teams of specialists across multiple fields of expertise working together. Taking a localized approach to grand challenges, this project-based course will explore and propose solutions to topical regional issues - i.e. affordable housing, green transportation, food security, and resource development - from an interdisciplinary perspective.

LBST 390 Tutorial I

1.00 credit (0,0,1.2) hrs 15 wks

Prerequisite: 60 credits of 100-level or higher coursework

Students will work with an instructor to guide them in a topic based analytical or creative project(s) approved by the student's tutorial advisor. Specific course details will be arranged between individual students and faculty members. Students may not work with the same instructor more than once when completing their Tutorials, and they may not work with more than two instructors from the same School within the Faculty of Arts and Sciences. Students may work with instructors housed elsewhere in the University. Registration is by permission of the instructor and the Liberal Studies degree coordinator.

Note: LBST 390 is an approved Experiential course for Cap Core requirements.

Note: LBST 390 is equivalent to LSBA 390. Duplicate credit will not be granted for this course and LSBA 390.

LBST 391 Tutorial II

1.00 credit (0,0,1.2) hrs 15 wks

Prerequisite: LBST/LSBA 390

Students will work with an instructor to guide them in a topic based analytical or creative project(s) approved by the student's tutorial advisor. Specific course details will be arranged between individual students and faculty members. Students may not work with the same instructor more than once when completing their Tutorials, and they may not work with more than two instructors from the same School within the Faculty of Arts and Sciences. Students may work with instructors housed elsewhere in the University. Registration is by permission of the instructor and the Liberal Studies degree coordinator.

Note: LBST 391 is an approved Experiential course for Cap Core requirements.

Note: LBST 391 is equivalent to LSBA 391. Duplicate credit will not be granted for this course and LSBA 391.

LBST 392 Tutorial III

1.00 credit (0,0,1.2) hrs 15 wks

Prerequisite: LBST/LSBA 391

Students will work with an instructor to guide them in a topic based analytical or creative project(s) approved by the student's tutorial advisor. Specific course details will be arranged between individual students and faculty members. Students may not work with the same instructor more than once when completing their Tutorials, and they may not work with more than two instructors from the same School within the Faculty of Arts and Sciences. Students may work with instructors housed elsewhere in the University. Registration is by permission of the instructor and the Liberal Studies degree coordinator.

Note: LBST 392 is an approved Experiential course for Cap Core requirements.

Note: LBST 392 is equivalent to LSBA 392. Duplicate credit will not be granted for this course and LSBA 392.

LBST 400 Case Studies in Arts & Sciences

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework

This course explores topics from an interdisciplinary perspective. Drawing on the disciplines traditionally housed in the Arts and Sciences, individual offerings of the course engage in a sustained examination of a range of historical, theoretical and current issues relevant to the selected topic. The course topic will typically correspond with the Liberal Studies term theme - e.g. sustainability, memory, and revolution.

LBST 401 Case Studies in Contemporary Issues

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework

This course explores contemporary issues from an interdisciplinary perspective. Drawing upon the arts, sciences, and related fields of study, individual offerings of the course will engage in a sustained examination of a range of historical, theoretical and current issues relevant to the selected topic and/or the current Liberal Studies term theme - e.g. sustainability, memory, and revolution.

LBST 490 Graduating Project

3.00 credits (0,0,4) hrs 15 wks

Prerequisite: 105 credits of 100-level or higher coursework and LBST/LSBA 330 and LBST/LSBA 392

Students will work with an instructor to guide them in a topic based analytical or creative project(s) approved by the student's advisor. Specific course details will be arranged between individual students and faculty members. Registration is by permission of the instructor and the Liberal Studies degree coordinator.

Note: LBST 490 is an approved Capstone course for Cap Core requirements.

Note: LBST 490 is equivalent to LSBA 490. Duplicate credit will not be granted for this course and LSBA 490.

LBST 495 Extended Graduating Project - Part 1

3.00 credits (0,0,4) hrs 15 wks

Prerequisite: 90 credits of 100-level or higher coursework and LBST/LSBA 330 and LBST/LSBA 392

Students will work with an instructor to guide them in a topic based analytical or creative project(s) approved by the student's advisor. Specific course details will be arranged between individual students and faculty members. Registration is by permission of the instructor and the Liberal Studies degree coordinator.

Note: LBST 495 is an approved Capstone course for Cap Core requirements.

Note: LBST 495 is equivalent to LSBA 495. Duplicate credit will not be granted for this course and LSBA 495.

LBST 496 Extended Graduating Project - Part 2

3.00 credits (0,0,4) hrs 15 wks

Prerequisite: LBST/LSBA 495

Students will work with an instructor to guide them in a topic based analytical or creative project(s) approved by the student's advisor. Specific course details will be arranged between individual students and faculty members. Registration is by permission of the instructor and the Liberal Studies degree coordinator.

Note: LBST 496 is an approved Capstone course for Cap Core requirements.

Note: LBST 496 is equivalent to LSBA 496. Duplicate credit will not be granted for this course and LSBA 496.

Lighting Digital & Film

ELDF 100 Fundamental Lighting for Digital Imaging and Film

3.00 credits (7.5,0,15) hrs 04 wks

This course will provide training in the tools, techniques and procedures suitable to an entry-level position in the lighting department of the mainstream and independent film production industries. The course of instruction will place a special emphasis on the new techniques developed for digital imaging for film and television.

Linguistics

LING 100 Introduction to General Linguistics: Language Structure

3.00 credits (4,0,0) hrs 15 wks

Linguistics is the study of human language and ultimately the human mind. Linguistics 100 is designed to introduce the field of linguistics and the principles that are involved in the description and analysis of language. Students will develop an understanding of the core areas of linguistics - morphology (the study of words and their internal structure), phonetics (the description of how sounds are produced), phonology (the study of sound systems), and syntax (the study of phrases and sentences) - by looking at data from various languages around the world. Special attention will be given to the language backgrounds represented by students in the class, so that we can appreciate both the diversity of language and the principles that are shared by all languages.

Note: LING 100 is an approved Culture and Creative Expression course for Cap Core requirements.

LING 101 Introduction to General Linguistics: Language Use

3.00 credits (4,0,0) hrs 15 wks

This course explores the relationship of language to other systems - social, biological and cognitive. It explores the relationship between language and social systems (socio-linguistics), language change (historical linguistics), first and second language acquisition, language meaning and use (semantics and pragmatics), language typology and the nature of writing systems.

LING 102 Introduction to Practical Phonetics

3.00 credits (4,0,0) hrs 15 wks

This course is an introduction to articulatory phonetics, a method of describing speech sounds on the basis of how they are produced or articulated. While there will be weekly assigned readings, the focus of the course will be on the development of practical skills in the transcription of English speech sounds. In addition to the reading and transcription drills, the course will also focus on the sound systems of the second languages that members of the class are currently studying.

LING 200 Introduction to Phonology**3.00 credits (4,0,0) hrs 15 wks***Prerequisite:* LING 102

This course is an introduction to phonology, the study of sound systems. It will focus on two topics, the description and analysis of phonological data and secondly how this analysis is formalized in order to capture generalizations about the sound systems of the languages of the world.

LING 201 Introduction to Syntax**3.00 credits (4,0,0) hrs 15 wks***Prerequisite:* LING 100

This course is an introduction to the theory of syntactic analysis. It is framed within the Principles and Parameters theory of syntax. Students will learn how to represent a range of structures in tree diagrams and examine the kinds of predictions that these representations make.

LING 202 Explorations in English Etymology**3.00 credits (4,0,0) hrs 15 wks**

This course is an introduction to the origin and structure of English words: the study of etymology. Through an analysis of English vocabulary, we will learn about the history of the English language as well as learn how linguistic analysis works. Students will learn how to distinguish native words from borrowed words, and with borrowed words, learn to recognize the Latin, Greek and French origins of English words.

Note: LING 202 is an approved Culture and Creative Expression course for Cap Core requirements.

Note: LING 100 and 102 are highly recommended.

LING 206 First Nations Languages of British Columbia**3.00 credits (4,0,0) hrs 15 wks**

This course explores the relationship of language to other systems and will focus on the First Nations Languages of B.C. In particular it will explore the relationship between language, culture and social systems within the Salish (Coastal and Interior) language family. An important aspect of the course is to gain an understanding of language and culture from a First Nations perspective. Language endangerment, language policy, and efforts to retain or revive languages will also be discussed.

Note: LING 206 is an approved Self and Society course for Cap Core requirements.

Note: LING 100 and 102 are recommended as prerequisites but not required.

LING 208 Indigenous Languages and Their Speakers**3.00 credits (4,0,0) hrs 15 wks**

This course explores the diversity of indigenous languages around the world in the context of language endangerment. We will ask "what is lost if a language disappears?" We will look at the rich cultural diversity and challenges of Aboriginal Australian, Native American, Pacific and Celtic languages through such topics as language attitudes, language dominance, cross-cultural communications in the sharing of information, respect systems, pidgins and creoles, and human categorization systems.

Note: LING 208 is an approved Self and Society course for Cap Core requirements.

Note: LING 100 and 102 are recommended as prerequisites but not required.

Local Government Admin

PADM 200 Local Government Administration in BC**3.00 credits (4,0,0) hrs 15 wks**

This course will include discussion of the structures and administration of local governments, as well as current issues in local governance. Topics include: the history and purposes of local government; how local governments are organized and administered; their powers and limitations; issues of sustainability; relations with aboriginal government; and issues of public participation such as interest group lobbying and public consultation.

Note: This course is taught over three weekends.

PADM 201 Local Government Services in BC

3.00 credits (4,0,0) hrs 15 wks

This course will examine the service that municipalities provide to their citizens in British Columbia. Services to be discussed include: public works, protective services, including fire and police, regulatory services, water and sewer services, refuse collection and solid waste disposal, recreation and cultural services and environmental protection services.

Note: This course is taught over three weekends.

PADM 202 Municipal Finance in BC

3.00 credits (4,0,0) hrs 15 wks

This course will examine the practices and issues of municipal finance in British Columbia and will include discussion of the Local Government Act as it pertains to financial administration; the role of provincial government in financial administration, the role of the Municipal Finance Authority; the finance function at the Municipal/Regional levels; accounting and financial controls in Municipalities and Regional Districts; the financial planning process including short term budgets and long term financial planning; financing options; general accounting/treasury functions; assessment, taxation, collection.

Note: This course is taught over three weekends.

PADM 203 Municipal Law in BC

3.00 credits (4,0,0) hrs 15 wks

This course focuses on legal principles pertaining to municipal government and regional governments, with particular emphasis on its status, functions, and legal powers and constraints. It will also introduce the principles of administrative law, how legislation is created, and the powers and duties of administrative agencies. Topics covered will include municipal liability, municipal planning law, municipal council and staff legal issues, legislative drafting, basic principles of administrative and constitutional law, and principles of administrative law.

Note: This course is taught over three weekends.

PADM 204 Leadership in Local Government Organizations

3.00 credits (4,0,0) hrs 15 wks

This course provides participants with new information and new research in the field of leadership studies. The format provides many opportunities to learn and practice skills required for effective leaders, the opportunity to learn directly with and from some of the most outstanding leaders in local government in BC, and includes time to look at specific issues faced by individual participants. The course blends theory and practice, with an emphasis on discussion and interaction and participant involvement through role playing and case studies.

PADM 205 Advanced Communication Skills - Local Government Professionals

3.00 credits (0,0,60) hrs 01 wks

The goal of the course is to have British Columbia local government professionals participate in communication skill-based training that will strengthen their individual and team performances. It is believed that managing change, collaborating and navigating difficult conversations are essential communications competencies that effective local government professionals must demonstrate daily. This course will assist

participants to become more effective in these areas through interactive sessions on resolving conflict, council-staff relations, communicating with diverse populations, negotiating skills, and coaching skills.

PADM 207 Managing People in Local Government Organizations

3.00 credits (0,0,60) hrs 01 wks

This course focuses on organizational success in local government and provides students with the skills and knowledge to carry out their responsibilities as supervisors and managers in British Columbia local governments more effectively.

PADM 208 Community Planning for Non-Planners: Planning Skills for Local Government Professionals

3.00 credits (60,0,0) hrs 01 wks

The goal of the course is to have British Columbia local government professionals participate in community planning skill-based training. This training will assist students to become more knowledgeable and more effective as they carry out and manage the various local government land use planning and development functions they encounter, and for which they are responsible.

PADM 209 Fundamentals of Local Government Corporate Administration

3.00 credits (4,0,0) hrs 15 wks

The goal of this course is to provide local government professionals with the skills and knowledge that will assist them to more effectively carry out their responsibilities as members of the department of the City Clerk/Corporate officer, and to prepare them for more senior leadership roles in their local government organizations.

PADM 210 Management Fundamentals for Local Government Professionals

3.00 credits (4,0,0) hrs 15 wks

This course is designed for new, improving and aspiring managers working in local government organizations in BC. Through this course students will gain foundational knowledge and skills related to managing staff, managing work and managing self to assist them in becoming more effective in their current or future role as a manager in a municipality, regional district or related organization. Course topics and skill areas will include effective interpersonal communications, team leadership, workload planning and management and essential human resource knowledge. This is an interactive course in which students will assess their strengths and areas for improvement, examine best practices effective managers use and apply learning to their work environment.

PADM 305 Problem Solving and Decision Making Skills: Policy Analysis for Local Government Professionals

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: PADM 200

The goal of this course is to provide local government professionals with the skills and knowledge they need to understand and analyze complex public policy issues and options, and to recommend action to decision makers. This course will give students the opportunity to understand the key elements of the public policy making process and examine current policy issues, constraints and opportunities in the BC local government context. The course will help students develop a systematic approach to problem solving and prepare them for more senior leadership roles in their local government organizations.

PADM 306 Project Management Skills for Local Government Professionals

3.00 credits (4,0,0) hrs 15 wks

Local government professionals are involved in multiple projects as part of their everyday workload. These projects cover a wide range of areas and create a specific result, program or service. This course provides students with the skills and knowledge they need to successfully and efficiently manage work projects.

Students will learn effective approaches to project planning, project teams and stakeholders, scheduling, time management, budgeting, communication, conflict resolution and project team leadership.

PADM 307 Ethics and the Responsible Local Government Professional
3.00 credits (4,0,0) hrs 15 wks

This course examines the role of local government professionals in establishing, applying and maintaining ethical standards, integrity and decorum in public institutional processes and relationships. Current and emerging issues that impact the working environment of the responsible public servant will be discussed. Students will develop problem solving approaches and provide recommendations to resolve identified ethical challenges. This course is intended for students who already have significant knowledge of and experience in local government.

PADM 308 The Successful CAO - Local Govt Advanced Management
3.00 credits (60,0,0) hrs 01 wks

Prerequisite: PADM 204, 205, 207 or 307

This course provides current and aspiring Chief Administrative Officers (CAOs) with strategies for long term success in this senior executive position. The focus is on management knowledge and skills unique to this role in BC municipalities and regional districts. This course is designed for new CAOs (e.g. three years or less) and aspiring CAOs (e.g. from senior management in local government and the private sector) who seek to advance their knowledge and skills and build a supportive network of colleagues.

PADM 309 Municipal Administration and Community Involvement in BC
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 30 credits of 100-level or higher coursework

Through this course students will gain knowledge and understanding of municipal government administration in British Columbia, including the key services provided and how the community is involved in the process. Topics examined include: governing legislation and structure; the roles and responsibilities of municipal government staff, elected officials and the community; local government service delivery and funding; and relationships with other governments and supporting organizations. Students will be introduced to key sector challenges such as sustainability, affordable housing, homelessness, alternative transportation and climate change, and develop critical thinking skills while considering local government action on these issues.

Note: PADM 309 is an approved Self and Society course for Cap Core requirements.

Mathematics and Statistics

MATH 097 Intermediate Algebra
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: Math Placement Test (MPT); or Pre-calculus 11 with a minimum C+ grade; or Pre-calculus 12 or BMTH 044 with a minimum C grade

This course is intended for students who need to improve their algebraic skills in order to prepare for a precalculus course or for a subject area where variables are used to represent unknown quantities. Topics covered include the real number system, exponents, radical expressions, polynomials and rational expressions; solving equations and application problems involving polynomials, rational expressions, and radical expressions; coordinate geometry, systems of equations; solving inequalities.

Note: MATH 097 is an approved Science course.

Note: This course replaces the courses MATH 091 and MATH 096.

MATH 102 Statistical Methods**3.00 credits (4,0,0) hrs 15 wks***Prerequisite:* MATH 101 with a minimum C- grade

A study of important statistical methods commonly used in the analysis of research data, including t-tests and their non-parametric competitors, one and two-way analysis of variance, chi-square tests and regression analysis.

Note: MATH 102 is an approved Quantitative/Analytical course for baccalaureate degrees. MATH 102 is an approved Science course.

Note: MATH 102 will be offered in the Spring term when sufficient student demand is evident.

MATH 105 Precalculus Mathematics - Modelling Our World**4.00 credits (4,0,1.5) hrs 15 wks**

Prerequisite: Math Placement Test (MPT); or Pre-calculus 11 with a minimum A grade; or Pre-calculus 12 with a minimum C+ grade; or MATH 097 or MATH 096 with a minimum C- grade; or BMTH 044 with a minimum B grade

This course is intended for students who anticipate taking calculus or who require a Pre-calculus 12 equivalent course. This is a functions course with a focus on mathematical modelling and practical applications. Topics include: graphs, properties of functions, inverse functions, polynomial, rational, trigonometry, logarithms and exponential functions.

Note: MATH 105 is an approved Numeracy course for Cap Core requirements. MATH 105 is an approved Science and Technology course for Cap Core requirements.

Note: MATH 105 is an approved Quantitative/Analytical course for baccalaureate degrees. MATH 105 is an approved Science course. MATH 105 is equivalent to MATH 107. Duplicate credit will not be granted for this course and MATH 107.

MATH 108 Calculus I for Business, Social Sciences and Life Sciences**3.00 credits (4,0,0) hrs 15 wks**

Prerequisite: Math Placement Test (MPT); or Pre-calculus 12 with a minimum B grade; or MATH 105 with a minimum C- grade; or BMTH 054 with a minimum C+ grade

This course is an introduction to the mathematics of change and explores concepts of differential calculus with an emphasis on applications to business, social sciences and life sciences using a technology-based modeling approach. Topics include limits, continuity, the derivative, rules of differentiation, implicit differentiation and applications of differentiation.

Note: MATH 108 is an approved Numeracy course for Cap Core requirements. MATH 108 is an approved Science and Technology course for Cap Core requirements.

Note: MATH 108 is an approved Quantitative/Analytical course for baccalaureate degrees. MATH 108 is an approved Science course. MATH 108 is equivalent to MATH 116. Duplicate credit will not be granted for this course and MATH 116.

MATH 109 Calculus II for Business, Social Sciences and Life Sciences**3.00 credits (4,0,0) hrs 15 wks**

Prerequisite: MATH 108 or 116 with a minimum C- grade

With an emphasis on applications to business, social sciences and life sciences, this course explores topics in single variable integral calculus, multivariable calculus and differential equations. Topics include the definite integral and applications, integration techniques, multivariable functions, partial derivatives, extrema, Lagrange multipliers, some techniques for solving differential equations.

Note: MATH 109 is an approved Quantitative/Analytical course for baccalaureate degrees. MATH 109 is an approved Science course.

Note: No duplicate credit for MATH 109/126.

MATH 116 Calculus I - The Mathematics of Change**4.00 credits (4,0,1.5) hrs 15 wks**

Prerequisite: Math Placement Test (MPT); or Pre-calculus 12 with a minimum A grade; or Pre-calculus 12 and Calculus 12 with a minimum B grade in each; or MATH 105 with a minimum C- grade; or BMTH 054 with a minimum B grade

This is a course in Differential Calculus which covers the topics of limits, continuity, the derivative, rules of differentiation, implicit differentiation, parametric curves, related rates, curve sketching, optimization, linear approximations, transcendental functions, indeterminate forms and anti-differentiation. Throughout the course a strong emphasis is placed on the geometric interpretation of the concepts of calculus.

Note: MATH 116 is an approved Numeracy course for Cap Core requirements. MATH 116 is an approved Science and Technology course for Cap Core requirements.

Note: MATH 116 is an approved Quantitative/Analytical course for baccalaureate degrees. MATH 116 is an approved Science course. MATH 116 is equivalent to MATH 108. Duplicate credit will not be granted for this course and MATH 108.

MATH 123 Contemporary Mathematics**3.00 credits (4,0,0) hrs 15 wks**

This course introduces mathematical and statistical ideas to students interested in improving critical thinking and quantitative skills. With a focus on problem solving, students will explore the beauty and the utility of mathematics while investigating such topics as cultural approaches to mathematics, percentages, interest rates, probability and statistics. As time permits, further topics such as geometry, math in art and music, and recreational mathematics will be explored.

Note: MATH 123 is an approved Numeracy course for Cap Core requirements. MATH 123 is an approved Science and Technology course for Cap Core requirements.

Note: MATH 123 is an approved Quantitative/Analytical course for baccalaureate degrees. MATH 123 is an approved Science course.

MATH 124 Discrete Mathematics I**3.00 credits (4,0,0) hrs 15 wks**

Prerequisite: MATH 116 with a minimum C- grade; or MATH 105 with a minimum B grade; or Principles of Math 12 or Pre-calculus 12 with a minimum B grade; or BMTH 054 with a minimum A grade; or Math Placement Test (MPT)

A survey of fundamental topics in discrete mathematics including: mathematical proofs using direct arguments, indirect arguments, and induction; the algebra of sets; combinatorics; functions and relations; and graph theory. This course stresses the special role of discrete mathematics in Computing Science.

Note: MATH 124 is an approved Quantitative/Analytical course for baccalaureate degrees. MATH 124 is an approved Science course.

Note: MATH 124 to be offered in the fall or spring term when sufficient student demand is evident.

MATH 126 Calculus II**3.00 credits (4,0,0) hrs 15 wks**

Prerequisite: MATH 116 with a minimum C- grade

A study of the anti-derivative, the integral, techniques of integration, applications of the integral, differential equations, sequences, infinite series and Taylor's Theorem. Continued emphasis on the geometric interpretation of the concepts of calculus.

Note: MATH 126 is an approved Numeracy course for Cap Core requirements. MATH 126 is an approved Science and Technology course for Cap Core requirements.

Note: MATH 126 is an approved Quantitative/Analytical course for baccalaureate degrees. MATH 126 is an approved Science course. MATH 126 is equivalent to MATH 109. Duplicate credit will not be granted for this course and MATH 109.

MATH 139 The Mathematics of Visual Art**3.00 credits (4,0,0) hrs 15 wks**

This course investigates relationships between mathematics and visual art and design. With a focus on problem solving, students will learn the numerical and geometric aspects of the Golden Ratio, one, two and three point linear perspective, tilings, fractals and Frieze patterns. As time permits, a number of other topics may be covered such as the mathematics of M.C. Escher, Latin square puzzles, or Flatland.

Note: MATH 139 is an approved Numeracy course for Cap Core requirements.

Note: MATH 139 is an approved Quantitative/Analytical course for baccalaureate degrees.

MATH 152 Linear Algebra and Differential Equations**4.00 credits (4,5,0,1) hrs 15 wks**

Prerequisite: MATH 126 is a prerequisite or a co-requisite

An introduction to lines and planes, systems of linear equations and matrices, vector spaces and linear transformations, determinants, eigenvalues and eigenvectors, diagonalization. The theory will be applied to first order linear differential equations, first order linear systems and engineering topics.

Note: MATH 152 is an approved Quantitative/Analytical course for baccalaureate degrees. MATH 152 is an approved Science course.

Note: No duplicate credit for MATH 152/200. This course is intended for students in the Engineering Program.

MATH 190 Mathematics for Elementary Teachers**4.00 credits (4,0,1.5) hrs 15 wks**

Prerequisite: Math Placement Test (MPT); or MATH 097; or MATH 091 or BMTH 043 with a minimum B grade; or MATH 096 with a minimum C- grade; or BMTH 044 with a minimum C+ grade; or MATH 123 or BMTH 048 or Pre-calculus 11 or Principles of Math 11 or Foundations of Math 11 or Applications of Math 11 with a minimum C grade

A study of selected topics in mathematics designed to give future elementary teachers an appreciation of the power, beauty and importance of mathematics. Topics studied include problem solving, number systems, geometry and statistics. This course does not normally count for credit in science programs. It is intended for students who plan on entering an education program for elementary school teachers.

Note: MATH 190 is an approved Numeracy course for Cap Core requirements. MATH 190 is an approved Science and Technology course for Cap Core requirements. MATH 190 is an approved Quantitative/Analytical course for baccalaureate degrees. MATH 190 is an approved Science course.

Note: Students who have taken, received transfer credit for, or are currently taking MATH 108 or MATH 116 may not take MATH 190 for credit without the permission of the Department of Mathematics and Statistics. MATH 190 requires preparation for, and participation in, a SNAP Math Fair to be held at the University outside of regularly scheduled class time. Attendance at the Math Fair is mandatory.

MATH 200 Linear Algebra**3.00 credits (4,0,0) hrs 15 wks**

Prerequisite: MATH 126

An introduction to lines and planes, systems of linear equations and matrices, vector spaces and linear transformations, determinants, eigenvalues and eigenvectors, orthogonality and diagonalization. Theorems and proofs are an important component of the course.

Note: MATH 200 is an approved Quantitative/Analytical course for baccalaureate degrees. MATH 200 is an approved Science course.

Note: No duplicate credit for MATH 152/200.

MATH 204 Probability and Statistics for Applications**3.00 credits (4,0,0) hrs 15 wks**

Prerequisite: MATH 108 or 116 with a minimum C- grade

An introduction to inferential statistical methods. Confidence intervals, t-tests, chi-square tests, correlation and regression. The emphasis will be on problem formulation, models, assumptions and interpretation. Regularly scheduled labs will introduce course participants to appropriate supporting statistical software.

Note: MATH 204 is an approved Quantitative/Analytical course for baccalaureate degrees. MATH 204 is an approved Science course.

Note: MATH 204 is equivalent to MATH 101 and STAT 101. Duplicate credit will not be granted for this course and MATH 101 or STAT 101. MATH 204 to be offered in the fall or spring term when sufficient student demand is evident.

MATH 215 Introduction to Analysis

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: MATH 126 with a minimum C+ grade

A course for students who plan to proceed in mathematics. Logic, sets, functions, limits of sequences and series; introduction to continuity, the derivative, Riemann Integral.

Note: MATH 215 is an approved Quantitative/Analytical course for baccalaureate degrees. MATH 215 is an approved Science course.

Note: MATH 215 to be offered in the fall or spring term when sufficient student demand is evident.

MATH 224 Discrete Mathematics II

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: MATH 124 with a minimum C- grade

A continuation of the study of discrete mathematics from MATH 124. The emphasis is on combinatorial analysis, including generating functions, set theory and graph theory, with applications to Computing Science including representations, algorithms, and complexity.

Note: MATH 224 is an approved Quantitative/Analytical course for baccalaureate degrees. MATH 224 is an approved Science course.

Note: MATH 224 to be offered in the fall or spring term when sufficient student demand is evident.

MATH 230 Calculus III

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: MATH 126 with a minimum C- grade

Analytical geometry of three dimensions; partial differentiation, applications; double and triple integrals; transformations to various coordinate systems.

Note: MATH 230 is an approved Quantitative/Analytical course for baccalaureate degrees.

Note: MATH 230 is an approved Science course.

MATH 231 Calculus IV

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: MATH 230 and MATH 152 or 200 with a minimum C- grade

Vector calculus; line and surface integrals; Green's Theorem; vector fields; divergence theorem; Stokes's Theorem; applications.

Note: MATH 231 is an approved Quantitative/Analytical course for baccalaureate degrees. MATH 231 is an approved Science course.

Note: MATH 231 to be offered in the spring term when sufficient student demand is evident.

MATH 235 Introduction to Differential Equations

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: MATH 126 with a minimum C- grade and MATH 152 or MATH 200 with a minimum C- grade

An introduction to ordinary differential equations; first order equations; higher order linear differential equations; linear systems; power series techniques; Laplace transform method; the phase plane, applications.

Note: MATH 235 is an approved Quantitative/Analytical course for baccalaureate degrees.

Note: MATH 235 is an approved Science course.

MATH 300 Mathematics and Creative Arts

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework

Mathematics has been used as a tool and as inspiration in the creation of works of music, literature and visual art and can be used in the analysis of these works. Through presentation of the math and examination of case studies, this course uncovers the math both in the forefront and behind the art. Mathematical proofs will also be developed that portray mathematics as a creative art in its own right.

Note: MATH 300 is an approved Quantitative/Analytical course for baccalaureate degrees. MATH 300 is an approved Science course.

Note: MATH 300 to be offered in the fall or spring term when sufficient student demand is evident.

MATH 330 Mathematical Modelling

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework including: MATH 109 or MATH 126; and MATH 152 or MATH 200

Students will study the formation, analysis, and interpretation of mathematical models drawn from the physical, biological, and social sciences. They will study continuous and discrete, deterministic and stochastic models and will use techniques such as differential and difference equations, optimization, simple stochastic processes, and numerical methods.

Note: MATH 330 is an approved Science and Technology course for Cap Core requirements.

Note: MATH 330 is an approved Science course. MATH 330 is an approved Quantitative/Analytical course for baccalaureate degrees.

MATH 335 Discovering Mathematics

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework

This course is an introduction to the beauty and power of mathematics. Using basic strategies of thought and investigation, the student will explore some interesting and sophisticated ideas in mathematics, including those of numbers, infinity, geometry and fractals.

Note: MATH 335 is an approved Science course.

Note: MATH 335 to be offered in the fall or spring term when sufficient student demand is evident.

MATH 336 Applied Graph Theory and Optimization

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework including MATH 124

Students will examine and develop discrete models and linear programs as they relate to problems found in the physical, biological and social sciences. This includes shortest paths, matchings, graph colouring and network flows. Students will apply the simplex method and duality theory to find optimal solutions to the associated linear programs.

Note: MATH 336 is an approved Science and Technology course for Cap Core requirements.

Note: MATH 336 is an approved Science course. MATH 336 is an approved Quantitative/Analytical course for baccalaureate degrees.

MATH 400 Introduction to Machine Learning

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: STAT 305; and MATH 116 or MATH 108

This course introduces a variety of supervised and unsupervised machine learning algorithms. Students will study methods such as regression and classification, decision trees, naive Bayes, Principal Component Analysis, support vector machines, neural networks, and unsupervised learning methods. A brief introduction to Deep Learning will also be included. Students will gain hands-on experience applying machine learning techniques to real-world data from multiple disciplines such as social sciences, life sciences, physical sciences, economics, education, and engineering.

Note: MATH 400 is an approved Science and Technology course for Cap Core requirements.

Note: MATH 400 is an approved Science course. MATH 400 is an approved Quantitative/Analytical course for baccalaureate degrees.

Motion Picture Arts

MOPA 100 Technical Directing
3.00 credits (4,0,0) hrs 15 wks

This course introduces students to the role and responsibilities of the director and the director's team. Context and examples are supported through short films and an introduction to cinematic language. Guest speakers and mandatory workshops, in addition to weekly classes, support classroom work.

Note: MOPA 100 is equivalent to IDF 142. Duplicate credit will not be granted for this course and IDF 142.

MOPA 102 Cinematography Foundation
3.00 credits (4,0,0) hrs 15 wks

This course is designed to familiarize students with the operational theory and practical application of the basic camera, lighting, and grip procedures of film and video production.

MOPA 103 Production Design I
1.50 credits (4,0,0) hrs 08 wks

Prerequisite: 15 credits of 100-level MOPA

This course is designed to familiarize the students with the processes involved in the design, planning, and construction of dramatic motion picture sets.

Note: MOPA 103 is equivalent to IDF 103. Duplicate credit will not be granted for this course and IDF 103.

MOPA 104 Introduction to Producing
3.00 credits (4,0,0) hrs 15 wks

This course introduces students to the business practices, economic realities, and decision-making processes employed in the motion picture industry.

Note: MOPA 104 is equivalent to IDF 128. Duplicate credit will not be granted for this course and IDF 128.

MOPA 106 Screenwriting I
3.00 credits (4,0,0) hrs 15 wks

This course presents the fundamentals of the three-act story structure and the screenplay, including the development process from concept to completion, the internal and external structure, and the concepts of story and character arc. Analysis of scripts and short films develops students' skills to recognize the mechanics of story as they apply to narrative conventions. Short scripts developed in this course will be produced in the fall and spring projects.

MOPA 108 Introduction to Post-Production
3.00 credits (4,0,0) hrs 15 wks

This course is designed to introduce students to current digital video and film post-production processes and techniques. It features an analysis of each phase of creative post-production to enhance the students' understanding of post-production work flow.

MOPA 110 MOPA Project #1
2.00 credits (0,2,4) hrs 04 wks

Prerequisite: 15 credits of 100-level MOPA

The first major supervised project includes development, pre-production, production, and post-production. Mentorship and supervision focus on professionalism and technical competency.

MOPA 115 Professional Development I
1.50 credits (4,0,0) hrs 08 wks

Prerequisite: 15 credits of 100-level MOPA

This course is designed to introduce students to communication, protocol, and entry-level job skills to begin a career in the motion picture industry. Through weekly guest lectures and classes, students are introduced to film industry professionals working in a variety of film crafts. Practical assignments are practical opportunities for students to develop networking skills in the film community for the purposes of employment. Through an applied focus, this course provides students with an understanding of the set etiquette, crew protocol, problem solving, and communication techniques required in the film and television industry.

MOPA 118 Production and Post-Production
3.00 credits (12,0,0) hrs 06 wks

Prerequisite: 15 credits of 100-level MOPA

This course builds upon and reinforces the knowledge and skills acquired in Technical Directing, Cinematography Foundation and Post-Production in the first semester. The classroom becomes a production office, set, and post-production house, so that students can apply industry standard procedures and protocols for running a successful production from the distribution of a script through delivery. Students collaborate in groups under the direct supervision of instructors to make a two-minute film that follows professional standards and practices; instruction will emphasize the following: scheduling, location scouting, technical surveys, production meetings, blocking, lighting, rehearsing, shooting, post-production workflow, post-production supervision, and production management.

MOPA 120 MOPA Project #2
2.00 credits (0,2,4) hrs 05 wks

Prerequisite: 15 credits of 100-level MOPA

The second major supervised project includes development, prep, production, and post-production. Students shoot off campus for the first time. Mentorship and supervision focus on professionalism and technical competency.

MOPA 201 The Director's Craft
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 25 credits of 100-level MOPA

This course is designed to explore the director's role in the professional world of film and television production. Special emphasis is placed on technical direction as well as the working relationship with actors, cinematographers, and production designers.

MOPA 202 History of Cinema I
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 17.5 credits of 200-level MOPA

This course is designed to explore the historical significance of the American and Canadian cinema's creative and technical processes, including the historical precedents that contributed to the evolutionary process of film production from the silent era to the present day. This includes spotlighting a variety of distinctive filmmakers and their individual production methodologies and how their contributions reflect the historical, social, and political contexts that came to define the cinematic culture.

MOPA 206 Screenwriting II
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 25 credits of 100-level MOPA

In this course, students explore the development of narrative ideas, the practical and creative aspects of writing the screenplay, the ability to give and receive criticism, and the ability to articulate an individual artistic identity.

MOPA 207 Technical Motion Picture Arts
5.00 credits (4,4,0) hrs 15 wks

Prerequisite: 25 credits of 100-level MOPA

This mentored interdisciplinary course allows students to practice the application of key technical and creative crafts. Mentored workshops allow students to integrate and apply technical skills into workflow. Prep, production and post-production are determined by students but are closely supervised by faculty. Students are evaluated on individual professionalism, technical competency, and control over aesthetics and content.

Note: MOPA 207 is equivalent to IDF 207. Duplicate credit will not be granted for this course and IDF 207.

MOPA 209 Advanced Digital Editing
3.00 credits (2,2,0) hrs 15 wks

Prerequisite: 25 credits of 100-level MOPA

This course builds upon and reinforces the foundation of editing skills and knowledge acquired in the first year of the Bachelor of Motion Picture Arts program.

Note: MOPA 209 is equivalent to IDF 209. Duplicate credit will not be granted for this course and IDF 209.

MOPA 210 MOPA Project #3
6.00 credits (8,0,0) hrs 15 wks

Prerequisite: 17 credits of 200-level MOPA

The emphasis on the projects in second year reflects industry standards, in terms of protocol and workflow during pre-production, production, post-production, and distribution. Students are expected to apply industry protocol fluently in the following disciplines: writing, directing, producing, production management, location management, editing, cinematography, sound mixing, publicity, and sound design. Several student narrative and documentary projects will be selected by a faculty panel to be produced and delivered by students. Adherence to story structure and comprehensible visual narrative conventions are expected. Students are expected to work collaboratively, effectively, and to a disciplined deadline. Students will be evaluated on individual professionalism, technical competency, and control over aesthetics and content.

MOPA 211 American Cinema
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 15 credits of 100-level or higher coursework

This course is designed to familiarize the students with the historical significance of the cinema's creative and technical processes and their relevance to contemporary film production. The emphasis will be placed on the Hollywood cinema and its filmmakers' contributions to narrative cinema.

MOPA 213 Production Design II

1.00 credit (4,0,0) hrs 05 wks

Prerequisite: 17 credits of 200-level MOPA

This course explores the implementation of visual design and production design on film/tv projects. A project entailing application of production design to year 2 student film projects is required.

Note: MOPA 213 is equivalent to IDF 213. Duplicate credit will not be granted for this course and IDF 213.

MOPA 217 Sound Design for Film and Video

1.50 credits (4,0,0) hrs 08 wks

Prerequisite: 17 credits of 200-level MOPA

This course is designed to build upon the foundation of sound editing and sound recording knowledge acquired in the first year and first semester of the second year of the program. The purpose of this course is to teach the foundation of the principles of sound aesthetics, creating sound, and applying them to the sound edit of a film or video.

Note: MOPA 217 is equivalent to IDF 217. Duplicate credit will not be granted for this course and IDF 217.

MOPA 220 Line Producing and Production Management

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 25 credits of 100-level MOPA

This course teaches the functions and practices of line producers and production managers in the motion picture industry. It develops the processes involved in budgeting, scheduling, and contracts, as well as introduces the appropriate industry software.

Note: MOPA 220 is an approved Numeracy course for Cap Core requirements. MOPA 220 is an approved Quantitative/Analytical course for baccalaureate degrees.

Note: MOPA 220 is equivalent to IDF 208. Duplicate credit will not be granted for this course and IDF 208.

MOPA 302 World Cinema

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework

Students explore world film culture through a broad spectrum of countries and regions, reflecting on their unique contributions to the world's film culture. This includes a focus on distinctive artists within the international film community and an exploration of the context in which various historical, political, religious, philosophical, and cultural forces shaped their distinctive contributions to their own film culture, as well as their subsequent influence on Western film culture, which in turn allows an understanding and perspective of global film culture.

Note: MOPA 302 is an approved Culture and Creative Expression course for Cap Core requirements.

MOPA 304 Screenwriting III

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 28.5 MOPA or 27 IDF credits of 200-level or higher coursework

In this course, students advance their application of narrative idea and skill, the practical and creative aspects of writing the screenplay, the ability to give and receive criticism, and the ability to research and articulate their ideas and to express such with individual artistic identity.

MOPA 305 Cinematography

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 28.5 MOPA or 27 IDF credits of 200-level or higher coursework

This course provides practical opportunities for students to explore and develop fluency, aesthetic judgment and cinematic voice. Students are expected to integrate content with visual language in order to acquire a range of cinematic technical skills and applications to realize a story visually.

MOPA 306 Directing
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 28.5 MOPA or 27 IDF credits of 200-level or higher coursework

Students will be provided with practical opportunities to explore and develop techniques of visual storytelling, narrative interpretation, and personal voice. This will include the application of techniques of working with actors to direct and realize an effective screen performance.

MOPA 310 MOPA Project #4
6.00 credits (8,0,0) hrs 15 wks

Prerequisite: 15 credits of 300-level MOPA

Students are creatively involved in a minimum of three short projects. Students are required to take on two key creative leadership roles related to their concentration: one of producer, writer or director, and one of either cinematographer or editor. Students are evaluated individually on their professionalism, technical competency, aesthetics and content.

MOPA 312 Canadian Cinema
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework

This course is designed to explore the historical significance of the Canadian film industry and its relevance to contemporary film production and the global film community.

Note: MOPA 312 is an approved Culture and Creative Expression course for Cap Core requirements.

MOPA 313 Production Design III
1.00 credit (4,0,0) hrs 05 wks

Prerequisite: 15 credits of 300-level MOPA

This course explores the expansive possibilities of employing production design to shape a film/tv viewer experience, including the production design ingredients of a coherent 'World Building' effort, as well as the implementation of effective production design in student filmmaking projects.

MOPA 319 The Independent Producer
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 28.5 MOPA or 27 IDF credits of 200-level or higher coursework

This course includes an advanced study of market analysis and distribution, as well as entrepreneurship, in particular with regard to the development of the student projects.

MOPA 325 Advanced Work Flow I
2.50 credits (4,0,0) hrs 13 wks

Prerequisite: 28.5 MOPA or 27 IDF credits of 200-level or higher coursework

This course will teach advanced editing work flows in conjunction with Sound Design, Colour Correction and Visual Effects. Students will learn to use advanced industry-standard software for Editing, Sound Design, Colour Correction and Motion Graphics. Classroom lectures and discussion will encourage analysis of more complex Post Production Work flows and how they incorporate other Departments, including application to student spring projects.

MOPA 409 Visual Theory and Practice
6.00 credits (8,0,0) hrs 15 wks

Prerequisite: 27.5 credits of 300-level MOPA

This is an integrated seminar and project-based course. This course explores visual, cultural theory and gives students an overview the evolution of language, critical theory, and ideas. Each week students lead a seminar based on a reading. The presentation concepts are integrated with practical assignments and

a research paper. The intention of this course is to integrate students' understanding of ideas with their interest in themes and their emerging voices as filmmakers. Originality, authenticity, and individual voice will be encouraged in both the short projects and the research papers.

MOPA 410 MOPA Project #5
6.00 credits (8,0,0) hrs 15 wks

Prerequisite: 8.5 credits of 400-level MOPA

This course explores the art and practice of filmed dramatic entertainment. It is designed to provide mentored hands-on experience in the artistic disciplines as well as the industrial practices of film and video production. Each student produces a short, episode, proof of concept, teaser, script, business plan or further written and/or visual materials in support of their Development Project. Although there is faculty supervision on all four-hundred level projects, students are expected to develop and produce work independently. Depending on the nature of the project, students may work alone or in creative teams.

Note: MOPA 410 is an approved Capstone course for Cap Core requirements. MOPA 410 is an approved Experiential course for Cap Core requirements.

MOPA 416 Professional Practice
1.00 credit (4,0,0) hrs 05 wks

Prerequisite: 27.5 credits of 300-level MOPA

This course provides context and guidance for students in terms of their professional development, including their placement in MOPA 430 Practicum and their contribution to the MOPA 410 Project #5, by mastering and applying their personal and professional skills to develop a critical path into industry.

MOPA 425 Advanced Work Flow II
1.50 credits (4,0,0) hrs 08 wks

Prerequisite: 45 credits of 100-level or higher coursework

This course focuses on the preparation and development of the spring semester project (MOPA 410 Project #5) in relation to 'Concept, Communication, Creativity and Context'. Students will prepare the creative elements of a script development submission package for the spring project, which will include a consideration of their project in the context of social responsibility, community awareness, and audience impact.

MOPA 426 Advanced Work Flow III
1.50 credits (4,0,0) hrs 08 wks

Prerequisite: 45 credits of 100-level or higher coursework

Students will have the opportunity to expand and explore their filmmaking skills in an interdisciplinary environment through intensive, practical experience. Students will choose from three options: 1) Technical project or 2) Performance project or 3) Creative project. All three options extend the development of specific filmmaking skills as defined by but not limited to the primary disciplines of Directing, Screenwriting, Producing, Editing and Cinematography, as well as interdisciplinary skills as found in Costuming, VFX, 2D and 3D Animation, and Acting. The projects offered in any given semester will be based on student demand.

MOPA 430 Practicum
2.00 credits (0,0,35) hrs 02 wks

Prerequisite: 27.5 credits of 300-level MOPA

All students are required to do a practicum in their fourth year. Practicum students are required to meet with a faculty supervisor for consultation. The consultation is intended to determine an appropriate placement, the terms of placement, and to establish the evaluation criteria. Students are required to write a detailed summary of their practicum and will receive written evaluation from their practicum host and faculty supervisor at the end of the practicum.

Music

MUS 100 Theory I

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: Royal Conservatory Theory Level 8; or a score of 60/85 or higher on the Capilano University Theory Placement test; or a minimum grade of C+ in MUS 109

Corequisite: MUS 112

This course is designed to provide the student with an understanding of the basic principles of musical organization and harmonic practice in tonal music of the common-practice era.

MUS 101 Theory II

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: MUS 100

Corequisite: MUS 113

This course is a continuation of MUS 100 and is intended to provide a more in-depth study of musical organization and harmonic practice in tonal music of the common-practice era.

MUS 108 Music Appreciation

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: Eligibility to register for English 100. See English Diagnostic Test in the Registration section of the University Calendar.

This is a music appreciation course for students who are curious about classical music and would like to learn more about how to listen to it. No previous musical knowledge is necessary. The "tools" of how music is put together will be introduced and discussed through listening to a wide variety of pieces from the medieval period, the Renaissance, the Baroque, the Classic and Romantic periods, and the twentieth century. Students will discover how various composers use elements of style and form to create music that expresses their individual voice as well as the culture in which they live. Emphasis will be placed on the cultural and historical context of each piece.

MUS 109 Music Theory for Non-Music Majors

3.00 credits (4,0,0) hrs 15 wks

This course encompasses a comprehensive overview of the rudiments of music and provides an understanding of how those elements are combined to create the various styles and genres of Western art music from Medieval times to the 20th Century. Previous experience reading music is an asset to this course but not essential.

Note: This course may be taken by music majors but will not fulfill credit requirements for the Music Diploma.

Note: This is an approved Quantitative/Analytical course for baccalaureate degrees.

MUS 112 Ear Training and Sight Singing I

1.50 credits (3,0,0) hrs 15 wks

Corequisite: MUS 100

This course develops sight-reading skills and aural perception of tonality, with specific reference to seventeenth and eighteenth-century repertoire, in support of MUS 100 and 120.

MUS 113 Ear Training and Sight Singing II

1.50 credits (3,0,0) hrs 15 wks

Prerequisite: MUS 112

Corequisite: MUS 101

This course develops sight-reading skills and aural perception of tonality, with specific reference to seventeenth and eighteenth-century repertoire, in support of MUS 100 and 120.

MUS 114 Class Piano I
1.00 credit (2,2,0) hrs 15 wks

This course is designed to equip musicians whose performance medium is not a keyboard instrument with basic keyboard skills so they may utilize the instrument as a resource tool.

MUS 115 Class Piano II
1.00 credit (2,2,0) hrs 15 wks

Prerequisite: MUS 114

This course is designed to refine and augment those skills and techniques learned in MUS 114 so as to further equip musicians whose performance medium is not a keyboard instrument.

MUS 120 Music History I
3.00 credits (4,0,0) hrs 15 wks

This course introduces musical concepts of organization, such as rhythm, pitch, structure, form and style, and applies knowledge of these concepts in analytical exercises. These concepts of musical structure are used to trace the development of Western music from ancient times to the end of the Classic Period. The course then examines representative music of the Medieval period with respect to style and form, examining the historical framework in which this music was composed, and providing the student with the necessary tools to express this knowledge.

MUS 121 Music History II
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: MUS 120

This course examines representative music from the Renaissance and Baroque periods with respect to style and form, examining the historical framework in which this music was composed, and providing the student with the necessary tools to express this knowledge.

MUS 122 Lyric Diction I
1.00 credit (2,0,0) hrs 15 wks

This course explores the application of the principles of lyric diction in Italian and German through the use of the International Phonetic Alphabet (IPA).

MUS 123 Lyric Diction II
1.00 credit (2,0,0) hrs 15 wks

This course explores the application of the principles of lyric diction in English and French through the use of the International Phonetic Alphabet (IPA).

MUS 124 Musicianship Fundamentals I
2.00 credits (1.33,0,2.66) hrs 15 wks

The goal of this course is to introduce Musical Theatre students to the preliminary rudiments of music and to provide them with knowledge of basic ear training, theory and sight singing skills.

Note: For Musical Theatre program students only.

MUS 125 Musicianship Fundamentals II
2.00 credits (1.33,0,2.67) hrs 15 wks

Prerequisite: MUS 124

The goal of this course is to work towards developing skills which allow the student to reproduce printed melody and rhythm through aural and vocal exercises and to develop piano skills to assist in repertoire preparation.

Note: For Musical Theatre program students only.

MUS 200 Theory III
3.00 credits (3.5,1,0) hrs 15 wks

Prerequisite: MUS 101 and MUS 113 with a minimum grade of C in both courses

Corequisite: MUS 212

This course develops a richer understanding of tonal harmony both in terms of its local relationships (chord-to-chord connections) and its longer-range behaviour over the course of a musical phrase, section or entire composition. The course is designed to link theoretical understanding to aural appreciation, and to enhance the students' enjoyment of the music history curriculum through detailed study of the same repertoire wherever possible. As well, the course offers tools for learning and memorizing repertoire, in support of the students' performance studies.

MUS 201 Theory IV
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: MUS 200

Corequisite: MUS 213

This course helps students to continue to develop a richer understanding of tonal harmony and its role in generating and articulating musical forms. Emphasis will be placed upon recognizing the relationship between linear motion and tonal harmonic progression, particularly as found in nineteenth-century music. Like MUS 200, the course is designed to link theoretical understanding to aural appreciation, and to enhance the students' enjoyment of the music history curriculum through detailed study of the same repertoire wherever possible. As well, the course offers tools for learning and memorizing repertoire, in support of the students' performance studies.

MUS 210 Class Woodwinds I
1.50 credits (2,0,0) hrs 15 wks

This course is a practical study of the woodwind family.

MUS 211 Class Woodwinds II
1.50 credits (2,0,0) hrs 15 wks

This course is a continuation of MUS 210.

MUS 212 Ear Training and Sight Singing III
1.50 credits (3,0,0) hrs 15 wks

Prerequisite: MUS 101 and MUS 113 with a minimum grade of C in both courses

Corequisite: MUS 200

This course develops sight-reading skills and aural perception of tonality, with specific reference to the eighteenth and nineteenth-century repertoire in support of MUS 200 and 220.

MUS 213 Ear Training and Sight Singing IV
1.50 credits (3,0,0) hrs 15 wks

Prerequisite: MUS 212

Corequisite: MUS 201

This course develops sight-reading skills and aural perception of tonality, with specific reference to later nineteenth-century repertoire, in support of MUS 201 and 221.

MUS 214 Class Piano III
1.00 credit (2,2,0) hrs 15 wks

Prerequisite: MUS 114 and 115

This course is designed to refine and augment those skills and techniques learned in MUS 115 so as to further equip musicians whose performance medium is not a keyboard instrument.

MUS 215 Class Piano IV
1.00 credit (2,2,0) hrs 15 wks

Prerequisite: MUS 114, 115 and 214

This course is designed to refine and augment those skills and techniques learned in MUS 214 so as to further equip musicians whose performance medium is not a keyboard instrument.

MUS 218 Class Brass
1.50 credits (3,0,0) hrs 15 wks

This course is a practical study of the brass family.

MUS 219 Class Percussion
1.50 credits (3,0,0) hrs 15 wks

This course is a practical study of the percussion family.

MUS 220 Music History III
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: ENGL 100, MUS 120 and MUS 121 is a prerequisite or co-requisite

This course provides students with a knowledge of the music of the classic and early romantic periods with respect to musical styles and form, and provides students with the necessary tools to express this knowledge.

MUS 221 Music History IV
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: MUS 120 and ENGL 100

This course provides students with a knowledge of the music of the late romantic and twentieth-centuries with respect to musical styles and form and provides students with the necessary tools to express this knowledge.

Note: MUS 221 is an approved Capstone course for Cap Core requirements.

MUS 361 Method Studies in Music Education: Orff Methodology
1.50 credits (2,0,0) hrs 15 wks

This course provides a knowledge of Orff methodology and the skills necessary to use this teaching method in a classroom.

Musical Theatre

MUTH 116 Musical Theatre I
3.00 credits (4,0,0) hrs 15 wks

An introduction to the musical theatre repertoire and the singing, dancing and acting skills necessary for performance.

Note: For Musical Theatre program students only.

MUTH 117 Musical Theatre II
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: MUTH 116 or THTR 116

A continuation of MUTH 116, using a variety of musical repertoire in performance.

Note: For Musical Theatre program students only.

MUTH 127 Elements of Theatre for Musical Theatre
3.00 credits (2,0,2) hrs 15 wks

This course will survey the roots of musical theatre, from theatre's origins through to the modern American musical. Highlighted theatrical developments will be explored in the context of historical, political, social, and/or cultural themes.

Note: For Musical Theatre program students only.

MUTH 170 Dance for Musical Theatre I
3.00 credits (4,0,2) hrs 15 wks

This course is designed to teach the basic techniques of ballet, jazz and tap through a series of exercises and choreographed numbers.

Note: For Musical Theatre program students only.

MUTH 171 Dance for Musical Theatre II
3.00 credits (4,0,2) hrs 15 wks

Prerequisite: MUTH 170 or THTR 170

A continuation of MUTH 170.

Note: For Musical Theatre program students only.

MUTH 208 Performance Project I
3.00 credits (4,0,2) hrs 15 wks

Prerequisite: ACTR 100, MUTH 117 and ENGL 100

This course acknowledges the theatre skills which are learned during practical work on productions. Students in the Musical Theatre program will take part in a concert style production of a musical, performed in the Arbutus Studio at the end of term.

Note: For Musical Theatre program students only.

MUTH 209 Performance Project II
3.00 credits (0,0,4) hrs 15 wks

Prerequisite: MUTH 208

This course acknowledges the theatre skills which are learned during practical work on productions. Students in the Musical Theatre program rehearse and perform in a fully staged and costumed musical for a several week run. This practical application of the techniques learned throughout the previous terms will culminate in a production. Students must also prepare a cabaret show consisting of five songs with patter, which will be performed at the end of term in the Arbutus Studio Theatre.

Note: For Musical Theatre program students only.

MUTH 210 Acting for Film and Television I
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: ACTR 100 and ENGL 100

An introduction to the acting techniques and technical skills needed to perform on camera.

Note: For Musical Theatre program students only.

MUTH 211 Acting for Film and Television II

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: MUTH 210

A continuation of MUTH 210.

Note: For Musical Theatre program students only.

MUTH 216 Musical Theatre III

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: MUTH 117 and ENGL 100

A continuation of the exploration of musical theatre repertoire through working in partners using script and song. A Pop/Rock unit will be explored using the physical and vocal styles required for this type of performance.

Note: For Musical Theatre program students only.

MUTH 217 Musical Theatre IV

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: MUTH 216

A continuation of the exploration of musical theatre repertoire, with an emphasis on more complicated technique, harmonies, and choreography.

Note: For Musical Theatre program students only.

MUTH 270 Dance for Musical Theatre III

3.00 credits (4,0,2) hrs 15 wks

Prerequisite: MUTH 171 and ENGL 100

The goal of this course is to continue to learn and perfect the techniques begun in Dance I and II and to move into more complicated styles and choreography.

Note: For Musical Theatre program students only.

MUTH 271 Dance for Musical Theatre IV

3.00 credits (4,0,2) hrs 15 wks

Prerequisite: MUTH 270

In this course the student will continue to learn and perfect the techniques begun in Dance I, II, III and IV and to move into more complicated styles, quick pick up of choreography, as well as group choreography assignments.

Note: For Musical Theatre program students only.

MUTH 302 Graduation Showcase

2.00 credits (1.33,0,2.67) hrs 15 wks

Prerequisite: ENGL 100, ACTR 304, MUTH 308, 316, 318, 370, PMTI 300

This capstone course prepares students for the Graduation Showcase, which is a culmination of their training to date. The final performance will serve as an introduction to professional industry members and will provide students with an opportunity to start their careers.

Note: This course is equivalent to ACTR 302. Duplicate credit will not be granted for this course and ACTR 302.

MUTH 308 Performance Project III

3.00 credits (4,0,2) hrs 15 wks

Prerequisite: MUTH 209

Students will improve upon and demonstrate their mastery of the performance aspect of dance if they choose the choreographic assignment. Students will choreograph a short piece and perform the practical work necessary to produce an advanced dance performance. Students will also get the opportunity to perform in and produce a smaller cast, non-musical show presented in the first term.

Note: For Musical Theatre program students only.

MUTH 309 Performance Project IV
3.00 credits (4,0,2) hrs 15 wks

Prerequisite: MUTH 308 or THTR 308

This course acknowledges the theatre skills which are learned during practical work on productions. Students in the Musical Theatre Program will rehearse and perform in a fully staged and costumed musical for a several week run. This practical application of the techniques learned throughout the previous terms will culminate in a production.

Note: For Musical Theatre program students only.

MUTH 316 Musical Theatre V
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: MUTH 217

Continued exploration of more complex musical theatre repertoire, with an emphasis on advanced technique in acting, singing and dancing. Students will add a variety of songs to their expanding repertoire and will perform them in master class format. Students will perform at a variety of events in the outside community to increase their personal and social responsibility through civic engagement.

Note: For Musical Theatre program students only.

MUTH 317 Musical Theatre VI
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: MUTH 316

To continue the exploration of Musical Theatre repertoire from MUTH 316, with an emphasis on advanced technique, harmonies and choreography. Students will add different styles of music to their expanding repertoire, and will continue to build upon their audition book. At the end of the term, students will showcase their solo repertoire and their ensemble choreography in a public setting in order to allow theatre professionals to view their work. This term end performance will form part of their final mark.

Note: For Musical Theatre program students only.

MUTH 318 Ensemble Voice for Musical Theatre I
2.00 credits (4,0,0) hrs 15 wks

Prerequisite: MUTH 217

This course will further the development of general vocal skills and advanced musicianship. Students will review and improve upon their ensemble skills, sight reading and advanced harmony. In addition to the ensemble study, students will work on musical expectations of an audition: sight reading of solo repertoire, and small ensemble (quartet/sextet).

Note: For Musical Theatre program students only.

MUTH 319 Ensemble Voice for Musical Theatre II
2.00 credits (4,0,0) hrs 15 wks

Prerequisite: MUTH 318

This course is a continuation of 318 and will further the development of general vocal skills and advanced musicianship. In addition to the ensemble study, students will work in a studio setting to learn about recording the sung and spoken voice. Students will also get an opportunity to learn the ADR process, and expand their knowledge base in the voice recording industry.

Note: For Musical Theatre program students only.

MUTH 370 Dance for Musical Theatre V
3.00 credits (4,0,2) hrs 15 wks

Prerequisite: MUTH 271

This advanced dance course will enable Musical Theatre students to continue the progress of their skill development to the advanced level. Students will be expected to recognize and execute advanced level dance skills in the areas of ballet, jazz and tap. Through weekly technique classes, students will be assessed for individual progress. An audition format will be introduced this year, which will prepare students for the dance auditions that each will encounter upon graduation from this program.

Note: For Musical Theatre program students only.

MUTH 371 Dance for Musical Theatre VI
3.00 credits (4,0,2) hrs 15 wks

Prerequisite: MUTH 370 or THTR 376

This course is a continuation of 370, and will enable Musical Theatre students to further continue the progress of their skill development to the advanced level. Students will be expected to recognize and execute advanced level dance skills in the areas of ballet, jazz and tap. Through weekly technique classes, students will be assessed for individual progress. An audition format will be introduced this year, which will prepare students for the dance auditions that each will encounter upon graduation from this program. In this term, Ballet and freestyle auditions will be added to the Jazz and Tap auditions from last term.

Note: For Musical Theatre program students only.

Music Therapy

MT 320 Improvisation I
1.50 credits (2,0,0) hrs 15 wks

This course is an introduction to improvisation from a music therapy context. Students will explore their relationship to music, themselves, and others using improvisation. This course offers students an experiential journey through sound-making, organized and free flow improvisation, and the application of improvisation styles and techniques with a variety of populations.

MT 330 Clinical Skills
3.00 credits (4,0,0) hrs 15 wks

This course is an introduction to applied music therapy skills in a clinical setting with a focus on the elderly in residential care, including group leading, using therapeutic programs, using music in therapy, and learning repertoire with an emphasis on the guitar and singing. This course will include field trips to clinical settings to observe music therapists working with the elderly. The course includes an introduction to ethics, observation and documentation techniques, goals and objectives, and developing activities that can be used in group context.

MT 350 The Influence of Music
3.00 credits (4,0,0) hrs 15 wks

The purpose of this course is to present music's therapeutic potential through biological, cultural, spiritual, scientific and personal perspectives. The therapeutic potential of specific musical elements and experiences is examined. Relationships between the brain, musical experiences and therapeutic interventions are presented in the context of current research, including remediation of traumatic brain injury through music therapy. Multicultural awareness is developed through an examination of cultural competence based on

client case examples and through examining our own ethnocentrism. The presentation of the spiritual domain in this course includes a psycho-spiritual perspective, using clinical examples of intersections of music, spirituality, and beauty, and introduces transpersonal aspects of Helen Bonny's Guided Imagery and Music.

Note: MT 350 is an approved Culture and Creative Expression course for Cap Core requirements.

MT 360 Music Therapy I
3.00 credits (4,0,0) hrs 15 wks

The first half of this course introduces the development of music therapy throughout the world, including therapeutic perspectives, clientele and approaches of Music Therapy pioneers and current practitioners. Each approach presented is contextualized within traditional schools of therapy. To deepen understanding of the values, practices, challenges and ethics of therapy, students reflect on their life experience as it relates to material in this course. The second half introduces students to the range of theoretical constructs, applied models and approaches that will prepare students for their first practicum with elders in long-term care. This includes handouts, video, clinical examples, and discussion of clinical practice with elders in the community and in long-term care. Models of care and treatment such as personhood, validation therapy, gentle care and the Eden Alternative are introduced.

MT 361 Music Therapy II
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: MT 360

This course presents three music therapy styles across the lifespan with a focus on theory, analysis, and practice. Included are Developmental Music Therapy, Nordoff/Robbins improvisational style, and the use of music therapy in in-patient psychotherapy. Students will expand their knowledge of the music therapy literature, critically examine different techniques presented, continue to identify personal and clinical implications of the techniques presented, expand skills in instrumental improvisation, expand music therapy skills in individual and group settings with children in educational settings and adult inpatient psychiatry, and understand and explore their own mental health issues in relationship to practice.

MT 364 Health Conditions of Adulthood
3.00 credits (4,0,0) hrs 15 wks

This course is an introduction to fundamental principles of pathophysiology for selected geriatric conditions. At the end of this course, students will understand the social, physiological and emotional effects of common health conditions of adults and be aware of the therapeutic needs of clients and patients. Students will be able to communicate effectively with clients, family members and the health team using appropriate medical terminology.

MT 370 Health Conditions of Childhood
1.50 credits (2,0,0) hrs 15 wks

Prerequisite: MT 364

This course prepares students to work with a variety of children in a music therapy context, with an emphasis on the psycho-social nature of diseases and disabilities. Students will expand their medical knowledge of a variety of conditions with a focus on Autism Spectrum Disorder, including music therapy techniques and approaches for working with children on this spectrum. Students will also broaden their understanding of family systems when a child has a disease or disability.

MT 380 Counselling and Interpersonal Skills
1.50 credits (2,0,0) hrs 15 wks

This course is an introduction to verbal counselling techniques. Students will develop basic counselling techniques, examine their relationship and interpersonal skills, work through models of communication, and improve feedback and confrontation skills. Students will explore attending behaviour, paraphrasing,

empathy, transference and countertransference through readings, classroom discussion and in-class role-plays.

MT 391 Practicum I
4.00 credits (2,0,4.8) hrs 15 wks

Prerequisite: MT 330

In the first practicum course, students have opportunities to develop music therapy clinical skills by participating in a weekly practicum day for twelve weeks with seniors in residential care. Each student will have an on-site music therapist supervisor as well as a faculty supervisor who will offer instruction and supervision on all aspects of session planning, leadership, documentation, group process, and the use of music for therapeutic purposes, institutional systems, and teamwork. Students will develop clinical skills of observation, assessment, goal and objective writing and documentation of their clinical work through submission of weekly reports. Critical thinking and personal reflectivity are integral to practicum success. Students discuss, brainstorm, and share with each other in a weekly class seminar.

MT 420 Improvisation II - Guitar
1.00 credit (1.33,0,0) hrs 15 wks

Prerequisite: MT 320

This improvisation course is an experiential study on how to use electronic music equipment and popular music forms and idioms in group music therapy. Students will work in bands to develop skills to set up and play electric guitar, electric bass, electric keyboard and drum set, and how to use microphones and amplifiers. Information on popular styles will be researched and shared. Group leadership and participation will be emphasized.

MT 450 Music and the Creative Arts I
1.50 credits (2,0,0) hrs 15 wks

Prerequisite: MT 350

This course focuses on lecture and experiential exposure toward integrating creative arts therapies approaches into music therapy practice. Through methods such as poetry, dance, autobiography, art, and drama, students explore and adapt creative arts methods for various clinical settings. An emphasis is made on understanding and articulating the rationale and methods, including evidence-based practice, for implementing the arts with an emphasis on process level interventions.

Note: MT 450 is an approved Experiential course for Cap Core requirements.

MT 451 Music and the Creative Arts II
1.50 credits (2,0,0) hrs 15 wks

Prerequisite: MT 450

This course emphasizes creativity and self-expression skills and development across a range of expressive arts areas with an emphasis on verbal and nonverbal processing skills through a psychoanalytic lens. Students are expected to display competence in leadership skills, debriefing (analysis and processing) skills, self-awareness, and critical thinking. This course aims to augment clinical skills while maintaining a process-oriented focus. The premise is that art and its modes of expression are a way to explore and support psychological transformation through the connection between creativity and health.

Note: MT 451 is an approved Experiential course for Cap Core requirements.

MT 460 Music Therapy III
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: MT 361

This course begins with assessment forms for music therapy settings with an emphasis on mental health. This is followed by fundamentals in the use of music therapy methods such as Analytical Music Therapy, resource-oriented music therapy, and trauma-informed practice with both higher functioning and acute care

psychiatric populations to develop a deeper understanding and application of process-oriented music therapy methods in trauma and mental health work. Students develop repertoire pertinent to mental health settings, continue to identify personal resources and values in order to develop their own styles of working, actively participating in class activities to examine their impact. The practice of MusicMedicine is introduced, including identification of psychosocial and physical needs found in medical settings. Music therapy research and protocols are examined.

Note: MT 460 is an approved Self and Society course for Cap Core requirements.

MT 461 Music Therapy IV
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: MT 460

The first part of this course covers a broad range of professional development topics that prepare students for pre-professional practicum, including resumes, cover letters, interviewing, proposals, in-services, self-employment and entrepreneurialism, professional identity, marketing and ethics. The second part of the course covers advanced verbal counselling techniques, including grief and loss, helping clients change behaviours, safe and effective use of self, boundaries, effective use of transference and countertransference, and crisis management. Music Therapy and verbal counselling are bridged in this course in a way that deepens the student's therapist identity.

MT 462 Principles of Research
3.00 credits (4,0,4,0) hrs 15 wks

Prerequisite: PSYC 101

Students in this course will learn a variety of quantitative and qualitative methods of research and of analysis, and to understand the limits of interpretations based on such research and analysis. Students will be able to use and understand both qualitative and quantitative research methods, statistical analysis, and qualitative analysis, be able to conduct, analyze and present basic research, and use critical thinking in assessing the effectiveness and limitations of research.

Note: MT 462 is an approved Numeracy course for Cap Core requirements.

Note: MT 462 is an approved Quantitative/Analytical course for baccalaureate degrees.

MT 480 Improvisation III
1.50 credits (2,0,0) hrs 15 wks

Prerequisite: MT 420

This improvisation course focuses on group work, examining the potential benefits and challenges of eliciting, supporting and guiding individual expression and reflection within groups. There is an integration and extension of all previous improvisation course material and practicum experience. In addition, during this term students bring their practicum experiences of working with clients who have intense psychosocial challenges to reflect on the importance of choosing goals and facilitation approaches for safe and meaningful improvisational group experiences. Each activity in this class is examined for personal and clinical relevance, with consideration of contraindications and potential adaptations for specific clientele.

MT 490 Practicum II
4.00 credits (2,0,4,8) hrs 15 wks

Prerequisite: MT 391

This practicum course is focused on working with children and youth. Previous course material related to children is reviewed and integrated in this practicum, including normal child development and a range of clinical conditions found in children, and Developmental Music Therapy, Creative Music Therapy and Burke's MakeMusic approach. Students also reflect on their personal experiences of childhood and of working with children before entering the program, to assist them in creating their own unique therapeutic approaches and to heighten their awareness of their own and their clients' transference. Weekly seminars develop

therapeutic awareness and clear written and interpersonal communication, and always include collegial sharing of effective approaches and clinical challenges and reflection.

MT 491 Practicum III
4.00 credits (2,0,4.8) hrs 15 wks

Prerequisite: MT 490

This is the final course in the series designed to introduce and orient students to a variety of treatment settings over two years and prior to pre-professional practicum. Under a clinical supervisor, students partake in a graduated process beginning with observation and culminating in their assessment, planning, implementation, and evaluation of their music therapy programs in a practicum setting. In this course, students translate knowledge from other courses to develop skills in professional practice, teamwork, effective music therapy/clinical competence.

MT 511 Pre-Professional Practicum
15.00 credits (0,0,1000) hrs wks

Prerequisite: MT 491

The pre-professional practicum course is the culmination of this music therapy education program. This course is designed to give students an extended clinical experience, preparing them to be professional music therapists. It is a time for the student to apply, integrate and solidify their knowledge and skills in music therapy under the supervision of a music therapist, and to develop their competence with a specific clinical population. Students become an integral part of a treatment team in terms of assessment, planning, facilitation of therapeutic process, documentation and professional teamwork. By the end of the course, the student is expected to be working as a full professional.

Note: MT 511 is an approved Capstone course for Cap Core requirements.

Note: MT 511 is equivalent to MT 510. Duplicate credit will not be granted for this course and MT 510.

North American Business Mgmt

NABU 310 North American Business Law
3.00 credits (4,0,0) hrs 15 wks

Students will develop an understanding of business law concepts and practices in North America with a focus on the Canadian context. Students will gain exposure to additional legal topics such as how corporations work, negligence, contracts, secured and unsecured lending, mortgages, employment, and bankruptcy.

NABU 318 Project Management
3.00 credits (4,0,0) hrs 15 wks

This course provides participants with the skills necessary for effective project management in local and international environments. The content includes concepts and solutions that support the planning, scheduling, controlling, resource allocation and risk management required for successful completion of a project in different business sectors. The students will have the opportunity to apply the learned theories in practice by using real case studies and projects and interacting with experienced project managers from various industries.

Note: This course is equivalent to BADM 318. Duplicate credit will not be granted for this course and BADM 318.

NABU 320 Fundamentals of Finance and Accounting
3.00 credits (4,0,0) hrs 15 wks

The course will focus on finance and accounting concepts and tools to enable students to deal with financial elements of the business in terms of planning and controlling financial operations and using financial information to evaluate business effectiveness.

NABU 330 Cross Border Issues in Strategic Human Resource Management

3.00 credits (4,0,0) hrs 15 wks

The course is designed to provide students with an overall appreciation and insight into the cross border similarities and differences in the application of current human resource management approaches in North American organizations. In smaller organizations there often isn't an "official" Human Resource Department however, H.R. skills are critical to successful business practices in North America.

Note: This course is equivalent to BADM 330. Duplicate credit will not be granted for this course and BADM 330.

NABU 334 Leadership & Teams in Cross Cultural Business Settings

3.00 credits (4,0,0) hrs 15 wks

This course is designed to provide students with knowledge and skills in cross-cultural leadership and management, cross-cultural ethics, conflict, and negotiation. Students will be able to apply this knowledge and the accompanying skill sets to successful management in a variety of moderate to complex situations.

NABU 335 North American Law & Effective Business Communications

3.00 credits (4,0,0) hrs 15 wks

This is a unique course that bridges the interdisciplinary skills of Law and Communications. The course will be jointly taught by faculty from Law and Communications. Students will develop an understanding of commercial law concepts and practices in North America with a focus on Canadian context while learning to write accurate sentences that effectively convey appropriate tone and style.

NABU 340 North American Financial Management

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 3 NABU/CMNS credits and NABU 320

This course will enable individuals to make better business decisions through the application of financial analysis tools for budgeting, forecasting and decision-making and giving students an increased understanding of how these concepts can be used in measurement, evaluation and decision-making. In groups, the students will analyze and report on the financial performance of a publicly traded corporation.

NABU 366 Personal and Professional Sales for North America

3.00 credits (4,0,0) hrs 15 wks

This course prepares students to make effective, winning sales presentations within the Human Resources environment. This includes a focus on interpersonal skill development, building self-confidence, and developing personal selling strategies. Students will prepare for Human Resources based case competitions which will build knowledge, teamwork, sales, empathy and understanding. The art of making effective presentations is a critical factor in the strategic planning process and in the successful management of common business issues.

NABU 390 North American Workplace Preparation

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: CMNS 305 and 15 credits of 100-level or higher coursework from any of the following subject areas: NABU, BADM, BFIN, IBUS or BMKT.

This course provides tools and strategies to prepare students to research, apply for, secure and successfully complete a 450 hour non-paid, full time North American practicum work placement. Students assess themselves, survey the B.C. job market and articulate their competitive advantages. Students learn the fundamentals of the North American workplace. The course supports students in the processes of finding

and completing a challenging and rewarding practicum position that is in alignment with his/her personal and professional career goals.

Note: Practicum placement support is available only to students who wish to work in British Columbia. Students wishing to work in the U.S. are responsible for all immigration and visa requirements.

NABU 404 North American Strategic Management

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: CMNS 305 and 6 NABU credits

This course provides an introduction to Strategic Management. Students apply strategic management theories and investigate how organizations in North America function. The course includes traditional topics of Strategic Management: vision, mission, values and goal setting, analysis of internal and external environments, SWOT analysis and strategy decisions making, implementation and assessment.

Note: NABU 404 is equivalent to NABU 504. Duplicate credit will not be granted for this course and NABU 504.

NABU 470 North American Business Policy & Strategy

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 9 NABU credits, plus NABU 404 and CMNS 305

The primary course objective is to acquaint students with the process of developing a business strategy and how to implement that strategy while diverse international business practices are compared. Students must be able to integrate the knowledge and skills they have learned in other NABU courses in areas such as leadership, cross-cultural topics, project management, cross-border HR, North American law and finance, etc.

NABU 480 North American Business Practicum Work Experience I

3.00 credits (1,0,18) hrs 15 wks

Prerequisite: CMNS 305 and 21 credits of 100-level or higher coursework from any of the following subject areas: NABU, BADM, BFIN, IBUS or BMKT

This course provides tools and strategies to prepare students to research, apply for, secure and successfully complete an 8 week non paid, full time Canadian practicum work placement. Students assess themselves, survey the B.C. job market and articulate their competitive advantages. The course supports students in the processes of finding and completing a challenging and rewarding practicum position that is in alignment with his/her personal and professional career goals.

NABU 490 North American Business Practicum

9.00 credits (0,0,30) hrs 15 wks

Prerequisite: NABU 390

This course is designed to assist students in completing an applied practicum. The purpose is to provide international students with an opportunity to gain work experience that will enhance and complement their academic learning. This experience provides a hands-on opportunity to integrate and apply business skills and knowledge from their courses into the job experience. The student, in consultation with the instructor, is responsible for obtaining his or her own applied practicum.

Outdoor Recreation

REC 107 Interpreting the Outdoor Environment

3.00 credits (4,0,0) hrs 15 wks

This course introduces physical geography in the context of commercial outdoor recreation. Students interpret the physical geography of British Columbia in a manner appropriate to wilderness guiding or other commercial recreation settings. They apply their awareness and understanding to other regions and countries. The course addresses earth processes in the context of landscape interpretation including geology, hydrology, oceanography, glaciology, and atmospheric science with a focus on interpreting weather.

REC 110 Fundamentals of Recreation in the Outdoor Environment

4.00 credits (5.5,0,0) hrs 15 wks

This course provides an overview of the commercial outdoor recreation industry within the context of the overall tourism industry. Students examine the interrelationships between the different tourism sectors, and the economic, environmental, cultural and social impact of tourism at local and global scales. Field skills for the outdoor leader are developed in this course including wilderness travel, outdoor living, navigation, personal care and leadership. This course includes a field studies experience.

Note: REC 110 is equivalent to REC 111, TOUR 111 and/or TOUR 160. Duplicate credit will not be granted for this course and REC 111, TOUR 111 and/or TOUR 160.

REC 111 Introduction to Commercial Outdoor Recreation

3.00 credits (4,0,0) hrs 15 wks

This course provides an overview of the commercial outdoor recreation industry within the context of the overall tourism industry. Students examine the relationship between outdoor recreation and the other tourism sectors, including the economic, environmental, cultural and social impact of outdoor recreation in the tourism industry. This course is designed to immerse students in a variety of commercial outdoor recreation establishments and allow students to network with industry professionals.

Note: REC 111 is equivalent to REC 110, TOUR 111 and/or TOUR 160. Duplicate credit will not be granted for this course and REC 110, TOUR 111 and/or TOUR 160.

REC 115 Connecting Outdoor Recreation to the Natural World

4.00 credits (5.5,0,0) hrs 15 wks

Prerequisite: 15 credits of 100-level or higher coursework including REC 110

This course introduces students to the natural environment of British Columbia in the context of commercial outdoor recreation. Students interpret the physical landscape and weather systems of British Columbia in a manner appropriate to wilderness guiding or other commercial outdoor recreation settings. The course includes geology, hydrology, oceanography, glaciology, and atmospheric science with a focus on interpreting weather. This course includes a field studies experience.

REC 148 Introduction to Wilderness Travel

3.00 credits (4,0,0) hrs 15 wks

This course provides an overview of the field skills for the developing outdoor leader. Students are introduced to wilderness travel, outdoor living, navigation, environmental ethics and leadership. Students will deepen skills for planning and managing hiking activities and expand skills to lead day trips into basic hiking terrain.

Note: REC 148 is equivalent to REC 157. Duplicate credit will not be granted for this course and REC 157.

REC 149 Computer Applications in Outdoor Recreation

3.00 credits (4,0,0) hrs 15 wks

This course is designed to provide students with the necessary computer skills to communicate effectively in a professional environment. The course will cover creating complex MS-Word documents, building advanced Excel spreadsheets as well as designing and presenting PowerPoint presentations.

Note: REC 149 is equivalent to TOUR 149. Duplicate credit will not be granted for this course and TOUR 149.

REC 151 The Outdoor Recreation Environment

3.00 credits (3,1.5,1) hrs 15 wks

Students will develop skills in the interpretation of weather and climate and their impact on outdoor recreation activities. Mountain and marine weather and personal forecasting will be examined using field work.

REC 152 Environmental Stewardship I

3.00 credits (4,0,0) hrs 15 wks

This course aims to engage the student with a number of global dilemmas and issues. The relationship between individuals, society and the natural world is examined. It incorporates the central concepts of sustainability in working within tourism and our day-to-day lives. Students will gain a deeper appreciation for their interconnectedness to the Earth both as consumer and citizen.

Note: REC 152 is an approved Self and Society course for Cap Core requirements.

REC 156 Natural History for Tourism and Outdoor Recreation

3.00 credits (4,0,0) hrs 15 wks

Students will develop skills to interpret the natural environment, through the application of the principles and concepts of ecology, the identification of flora and fauna, and the interpretation of local ecosystems. Contemporary stewardship issues facing Southwest British Columbia will be highlighted. The importance of indigenous knowledge and perspectives along with concepts of habitat protection and biodiversity for the future of the tourism and outdoor recreation industry will be emphasised through local and global case studies.

REC 157 Wilderness Skills

3.00 credits (4,0,0) hrs 15 wks

Field skills for the developing outdoor leader are introduced in this course including wilderness travel, outdoor living, navigation, environmental ethics and leadership.

Note: REC 157 is equivalent to REC 148. Duplicate credit will not be granted for this course and REC 148.

REC 163 Wilderness First Aid I

3.00 credits (60,0,0) hrs 01 wks

An introductory course in first aid skills pertaining specifically to the wilderness environment.

Note: Courses that are offered in Squamish may be delivered in a condensed format.

REC 169 Interpreting Natural and Cultural Landscapes

3.00 credits (4,0,0) hrs 15 wks

The goal of this course is to enable students to develop an awareness, appreciation and understanding of the physical landscape. Emphasis will be placed on the geology and landforms of southwestern British Columbia.

Note: Courses that are offered in Squamish may be delivered in a condensed format.

REC 175 Guiding and Teaching for Mountain Biking

4.50 credits (11,19,0) hrs 03 wks

In this course, students learn to teach mountain biking from a beginner to an intermediate level and to guide mountain bike students on a single-day trip. The course also addresses different bike types and components including maintenance and repairs required when teaching and guiding. Taking a 40-hour first aid course is strongly recommended prior to enrolling in this course.

Note: Intermediate to advanced mountain biking riding skills recommended

REC 191 Outdoor Recreation Career Management

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 9 credits of 100-level or higher coursework and TOUR 111 or TOUR 160 or REC 110 or REC 111

This course will provide career counselling, job search coaching, feedback, tips, tools and techniques for outdoor recreation educational and career development through one-on-one meetings, class workshops, industry forums, and networking opportunities. Course work will focus on defining and developing skills necessary for the job search process. The course will provide tools and strategies to prepare students to research, apply for, and secure an appropriate placement in the outdoor recreation industry. Confidence in interview skills and presentation skills will be strengthened through workshop activities. Students will develop a personal career plan to help in identifying workplace opportunities consistent with defined career and educational goals.

Note: REC 191 is equivalent to TOUR 133. Duplicate credit will not be granted for this course and TOUR 133.

REC 222 Leadership and Experiential Education

4.00 credits (4,0,2) hrs 15 wks

Prerequisite: 27 credits of 100-level or higher coursework including REC 148

This course is designed to increase the students' understanding of experiential and transformational leadership, communication, and to help build the skills required to be effective outdoor educators and leaders. Students will develop experiential education techniques and skills, to lead outdoor education and instructional skills. The course will provide a set of engaged, hands-on experiences for exploring and mastering the capabilities for effective individual and team leadership. Students will improve their capacities to think strategically, communicate effectively, and act decisively as a leader. This course includes a field study experience.

REC 225 Entrepreneurship in Commercial Outdoor Recreation

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 27 credits of 100-level or higher coursework including TOUR 116

This course familiarizes students with developing, owning and operating their own businesses in tourism and outdoor recreation. Students will be introduced to entrepreneurship concepts, principles and processes as they apply specifically to the tourism industry. Students will gain an understanding of the business planning process by generating innovative ideas for small to medium sized tourism enterprises, evaluating those ideas, preparing formal business plans, and pitching their plans to the class.

Note: This course is equivalent to TOUR 225. Duplicate credit will not be granted for this course and TOUR 225.

REC 245 Organizational Leadership for Outdoor Recreation Programs

3.00 credits (5.45,0,0) hrs 11 wks

Prerequisite: 15 credits 100-level or higher coursework

This course examines the way in which individuals function effectively in outdoor recreation agencies and in groups in the field. Communication models will be examined as well as strategies and techniques for effective leadership, motivation, stress management, promotion of positive group dynamics and teambuilding. Students will learn how to work with colleagues and with clients to develop and deliver successful outdoor recreation programs. Students will apply course concepts in designing successful outdoor programs. Readings, settings and case studies for this course will include outdoor leadership situations and workplaces likely to be encountered by graduates of the Outdoor Recreation Management program.

REC 252 Project Change: How to Think and Act Like a Changemaker

3.00 credits (4,0,0) hrs 15 wks

This course is designed to enable students to become leaders and agents for change in the community. Through an experiential learning process, students will develop the abilities and skills to think and act like a change-maker. The backbone of the course is a major project, which gets students into their communities

to create positive social or environmental change. By measuring and reporting the impacts of their projects, students are able to see the real contribution they make in the world.

Note: REC 252 is an Experiential course for Cap Core requirements.

REC 255 Outdoor Recreation Practicum

6.00 credits (0,0,26.67) hrs 15 wks

Prerequisite: 30 credits of 100-level or higher coursework

The practicum aims to provide work experience in the field of outdoor recreation management. It is designed to complement the theoretical component of the program, and to be of value to students in obtaining future employment.

REC 260 Outdoor Recreation Co-op Work Experience

6.00 credits (0,0,28) hrs 15 wks

Prerequisite: 24 credits of 100-level or higher coursework including REC 191

The student co-op work experience is designed to provide a period of full-time, productive, paid employment in the field of outdoor recreation. The co-op work experience enables the student to apply classroom theory and skills to employment practices. It provides the student, faculty, and the employer with a measuring device for assessing the student's approach to full-time employment.

Note: REC 260 is equivalent to TOUR 140. Duplicate credit will not be granted for this course and TOUR 140.

REC 263 Wilderness First Aid

4.00 credits (40,0,0) hrs 02 wks

This extensive second level course includes patient assessment and extended first aid care, communication, oxygen therapy, and commercial splints.

Philosophy

PHIL 101 Introductory Philosophy: Ethics

3.00 credits (4,0,0) hrs 15 wks

An introduction to both ethical theory and applied ethics. The emphasis of the course varies among instructors, with all focusing to some extent on improving moral reasoning. The course covers the following issues: (a) What makes right actions right and wrong actions wrong? Utilitarianism, Kantianism, and virtue ethics are usually considered. (b) Why should I be moral, rather than merely self-interested? (c) In what sense, if any, are moral values objective? (d) If any of the following are wrong, what makes them wrong: private wealth, deception, capital punishment, euthanasia, assisted-suicide, meat-eating, abortion, cloning, polygamy, etc? (e) What are our moral obligations to children, the frail and elderly, future generations, and other species?

Note: PHIL 101 is an approved Self and Society course for Cap Core requirements.

PHIL 102 Introductory Philosophy: Knowledge and Reality

3.00 credits (4,0,0) hrs 15 wks

An introduction to the part of philosophy concerned with questions about the ultimate nature of the world we live in and our knowledge of it (traditionally called Metaphysics and Epistemology). The issues discussed include: the existence and nature of God, the place of human beings in the universe, the nature of reality, human nature, human knowledge and skepticism, freedom and determinism, and the relationship between mind and body. The emphasis of the course varies from instructor to instructor.

Note: PHIL 102 is an approved Self and Society course for Cap Core requirements.

PHIL 110 Critical Thinking**3.00 credits (4,0,0) hrs 15 wks**

This course is an introduction to critical reasoning. Students acquire the tools and concepts needed to analyze and evaluate arguments encountered in everyday life, and in the more technical contexts of their further academic studies. They learn how to recognize arguments by type, and to reconstruct them clearly and fairly in order to assess their rational strength. The sorts of topics covered include the analysis of common fallacies, the resolution of ambiguities, deductive validity and varieties of inductive support, probabilistic reasoning, decision theory, inductive generalization, causal reasoning, and hypothesis confirmation. The course will be of benefit to all students who want to develop their logical skills.

Note: PHIL 110 is an approved Science and Technology course for Cap Core requirements.

Note: PHIL 110 is an approved Quantitative/Analytical course for baccalaureate degrees. PHIL 120 is a natural continuation of this course and is recommended for those who want a thorough introduction to the concepts and principles of rational thought.

PHIL 117 Philosophy of Religion**3.00 credits (4,0,0) hrs 15 wks**

What is "religion"? Is spirituality distinct from religion, and is either important for human flourishing or morality? Are there any good reasons for believing in God? Is there a conflict between faith and reason, or between religion and science? This course examines these and many other philosophical issues concerning religion and spirituality, including the nature of religious language, of religious experience, and the problem of religious pluralism. While this course considers central arguments for and against theism – a central tenet of Abrahamic religions – it addresses religion in all its variety and is relevant and open to all, with or without religious faith.

Note: PHIL 117 is an approved Self and Society course for Cap Core requirements.

PHIL 120 Scientific Reasoning**3.00 credits (4,0,0) hrs 15 wks**

This course focuses attention on the analysis and evaluation of inductive arguments. We begin by exploring the basic principles of inductive reasoning and then utilize these principles to explore such topics as rational decision making, the nature and testing of scientific theories in both the natural and social sciences and the difference between causal relations and correlations. Attention will also be given to the fallacies involved in the appeal to polls and statistics.

Note: PHIL 120 is an approved Science and Technology course for Cap Core requirements. PHIL 120 is an approved Quantitative/Analytical course for baccalaureate degrees.

Note: There are no prerequisites, but the course is a natural continuation of PHIL 110, and will appeal especially to students who have an interest in either the natural or social sciences.

PHIL 150 History of Philosophy: Ancient Philosophy**3.00 credits (4,0,0) hrs 15 wks**

Through this course, students will be introduced to the most influential Western philosophers of the Ancient and Medieval eras. The focus will be the metaphysics and epistemology of Plato and Aristotle but with significant attention paid to those who came before and after, especially the pre-Socratic philosophers, Socrates, Augustine, and Aquinas. Coverage may vary from instructor to instructor and may include the writing of others who either influenced or were influenced by these philosophers.

Note: PHIL 150 is an approved Self and Society course for Cap Core requirements.

PHIL 151 History of Philosophy: Descartes to Kant**3.00 credits (4,0,0) hrs 15 wks**

Through this course, students will be introduced to the most influential Western philosophers of the Modern era. The focus will be the metaphysics and epistemology of philosophers in both the Rationalist and Empiricist traditions - philosophers like Rene Descartes, Baruch Spinoza, John Locke, George Berkeley,

Gottfried Leibniz, David Hume, and Immanuel Kant. Coverage may vary from instructor to instructor and may include the writing of philosophers bookending this core group.

Note: PHIL 151 is an approved Self and Society course for Cap Core requirements.

PHIL 200 Political Philosophy: Classic Theories

3.00 credits (4,0,0) hrs 15 wks

This course surveys major political theories in the Western tradition. It introduces students to the principal issues in political philosophy by looking at the writings of some of history's most important philosophers, possibly including Plato, Aristotle, Machiavelli, Hobbes, Locke, Rousseau, Mill, and Marx. The general question addressed is: How should society be organized? In considering answers to this question we investigate the grounds for political and social structures like the state, government, laws, property, and principles of justice.

Note: PHIL 200 is an approved Self and Society course for Cap Core requirements.

PHIL 201 Political Philosophy: Problems and Issues

3.00 credits (4,0,0) hrs 15 wks

This course adopts a problems and issues approach to political philosophy. Rather than focusing on particular philosophers in the history of political thought (as in PHIL 200), we consider answers to some of the most pressing questions facing political theorists. Topics addressed might include: the justification of authority; the value and limits of rights; liberty and equality; the advantages and disadvantages of democracy; the nature and scope of justice; and nationalism and globalization. A contemporary perspective will be emphasized.

PHIL 202 Introduction to Formal Logic

3.00 credits (4,0,0) hrs 15 wks

Formal logic is concerned with the fundamental nature of thought and reasoning. Its focus is not the meanings of sentences and arguments, but their underlying structure. In this introductory course students will learn how to symbolize and evaluate deductive arguments using the artificial and precise languages of sentential and predicate logic. The course will be of interest to anyone who wants to sharpen their logical skills and who enjoys analysis and problem-solving. The symbolization and techniques learned in the course have a valuable application beyond philosophy, to any kind of formal and systematic enquiry. No mathematical background is required to do well in this course.

Note: This is an approved Quantitative/Analytical course for baccalaureate degrees.

PHIL 206 Professional Ethics

3.00 credits (4,0,0) hrs 15 wks

This course is an introduction to contemporary philosophical thinking on ethical issues in the professions and other related work contexts. Among the topics to be addresses are the nature of the professions, general professional responsibilities, truth-telling and deception, privacy and confidentiality, professional integrity and loyalty, whistle-blowing, conflicts of interest, social responsibility, and self- and government regulation.

Note: PHIL 206 is an approved Self and Society course for Cap Core requirements.

PHIL 207 Business Ethics

3.00 credits (4,0,0) hrs 15 wks

This course is an introduction to contemporary philosophical thinking on ethical issues in business. It covers such topics as the power of multinational corporations, bribery and extortion in international business, the ethics of hiring practices, advertising and behaviour control, the conflict between employee loyalty and moral independence, and the responsibilities of corporations and business professionals. The course will also introduce students to a number of classical ethical theories and theories of economic justice.

Note: PHIL 207 is an approved Self and Society course for Cap Core requirements.

PHIL 208 Environmental Ethics

3.00 credits (4,0,0) hrs 15 wks

This course deals with ethical and political issues arising from the relationship between humans and their natural surroundings. Typical questions that will be addressed are: Do animals have rights? Is using animals for food and clothing morally wrong? Do we have an obligation to the natural environment such as an obligation to preserve species? What are our obligations to future generations? What is sustainable development? Are environmental problems fundamentally personal or are they fundamentally political and social?

Note: PHIL 208 is an approved Self and Society course for Cap Core requirements.

PHIL 209 Biomedical Ethics

3.00 credits (4,0,0) hrs 15 wks

This course will focus on ethical issues that arise in the health sciences, especially in medicine, but also in biology, psychology and other professions. Among the topics to be considered are abortion and reproductive technology, euthanasia, paternalism and autonomy, resource allocation, involuntary hospitalization and behaviour control. All moral problems will be examined from both an applied and theoretical point of view. Open to anyone in first or second year.

PHIL 220 Philosophy in Literature

3.00 credits (4,0,0) hrs 15 wks

An examination of the lively relationship between philosophy and literature. Philosophical theories will be approached and discussed via literary work which either embodies the theories or grounds them in human experience. Textual sources will range from the classical Greek plays to last month's best seller. Open to anyone in first or second year.

PHIL 221 Existentialism in Literature

3.00 credits (4,0,0) hrs 15 wks

This course is, in spirit, a continuation of PHIL 220, but it is centred on the Philosophy of Existentialism in literature. There will be an introductory set of lectures on Existentialism as a philosophy. Textual sources will range from Dostoyevsky's 'Notes from the Underground' to Sartre's 'Nausea'. Open to anyone in first or second year.

PHIL 230 Minds, Brains, and Machines

3.00 credits (4,0,0) hrs 15 wks

This course is an introduction to contemporary philosophy of mind. We will investigate the major philosophical theories of mind, but consider also if or how recent developments in neuroscience, biology, psychology, and the study of artificial intelligence influence the philosophical evaluation of these theories. Philosophy of mind is not psychology (although obviously there are connections). Rather, it is the attempt to understand what mental phenomena are and how they might relate to the physical (or material) realm. In the course, we will address questions like the following. What is the nature of mental states? What is the relationship between the mind and the body? Will a physical explanation of consciousness explain consciousness? Are 'zombies' possible? Is the brain just a computer? Is genuine artificial intelligence possible?

PHIL 240 Philosophy and Gender Relations

3.00 credits (4,0,0) hrs 15 wks

Founded on a wide range of philosophical readings, this course will focus on questions such as: What is the good life and its relation to intimacy and family? What is the good person? Are there different models for different genders? What constitutes a good relationship? How important are mutuality, respect, affection, sex, and interdependence to such a relationship? What counts as equality/equity? How should the answers to such questions influence our views on such social issues as affirmative action, prostitution and pornography?

The impact of "Women's Liberation" and the "Men's Movement" will be discussed, as will varying suggestions for overcoming the "gender gap". This course should be of interest to men and women equally; indeed, it is assumed that the quality of class discussion will be a function of the degree to which the perspectives of both genders are well represented. Open to anyone in first or second year.

PHIL 242 Philosophy of Human Nature

3.00 credits (4,0,0) hrs 15 wks

This course tackles a broad spectrum of questions and approaches the issue of human nature. Among the questions to be considered are: Are we, by nature, morally good or evil? Are we purely egocentric beings-biological machines of some sort - or are we spiritual, immaterial beings? Is there some enduring entity that defines the self? Are we free to do as we choose? Or are we essentially passionate creatures who act strictly on the basis of our feelings? Ultimately, our goal will be to learn to think critically and independently about these issues.

PHIL 301 Ethics and the Meaning of Life

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework including PHIL 101

What makes life meaningful? In this course traditional views are discussed as well as recent philosophical literature that defines meaning as subjective attraction to objective value. Reasons for regarding certain values as objectively worthwhile are assessed. The belief is explored that across the globe a common core of ethical values constitutes an important and fundamental source of meaning. The course also asks if deterministic causal explanations of human choices undermine any responsibility human beings might have to achieve a meaningful life. The emphasis of the course varies from instructor to instructor.

PHIL 302 Knowledge and Truth

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework including PHIL 102 and 3 additional credits of 100 or 200-level PHIL

This course deals with a core area of philosophy - the theory of knowledge: epistemology. Epistemology deals with knowledge in its most general terms - its nature, scope, and limits. Central questions addressed include: What is knowledge? What does it take for a belief to be justified? Does justification depend on providing some reason supporting the belief, or can we know something without know that (or how) we know it? This course will examine these and related questions through a selection of papers and articles from many of the key figures in epistemology, focusing primarily on the arguments of epistemologists in contemporary debate.

PHIL 305 Philosophy Through Film

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework including 6 credits of 100 or 200-level PHIL

This course examines and evaluates central philosophical themes and problems by means of the visual medium of film. Philosophical topics examined through the medium of film are as broad and varied as philosophy itself, but themes that have been more extensively explored include the nature of personal identity, what it is to be human, the existence and limits of free will, the existence of God, the meaning of life, as well as a wide array of issues in ethics and political philosophy. Philosophical texts and essays will be integrated with the viewing of the films in order to bring additional focus and depth to the philosophical examination of the films. Specific films and readings assigned will vary from instructor to instructor.

PHIL 306 Family Ethics

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework including 6 credits of 100 or 200-level PHIL

Founded on a wide range of philosophical readings, this course will focus on a range of questions within the field of family ethics such as monogamy, divorce, adultery, and sexual orientation and how they related to what might be considered optimal family structure; the ethics of bearing children, the obligations and rights involved in parenting in juxtaposition to the rights of the child; and the duties of grown children to their parents.

PHIL 309 Neuroethics

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework including 6 credits of PHIL coursework

This course will cover a wide range of topics in the field of neuroethics with the view to assisting students to develop the ability to identify and critically analyze moral problems in that field, and to clarify their own values in relation to specific ethical issues, such as bettering the brain, risks to authenticity, neuroimaging of emotion and intelligence, neuroscience and the law, neurobiology and addiction, responsibility and personhood.

PHIL 315 Ethics of War and Peace

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework including PHIL 101

This course provides a comprehensive survey of the philosophical study of Just War Theory – that is, the concepts and moral principles associated with determining under what conditions a war, and our conduct in and after a war, can be ethically justified? The course will cover both traditional issues as well as contemporary and emerging issues.

Note: PHIL 315 is an approved Self and Society course for Cap Core requirements.

PHIL 320 Philosophy of Science

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework including 6 credits of 100 or 200-level PHIL

This course is a general but comprehensive survey of the philosophical study of science and social implications of scientific understanding. It has the principle aim of addressing how we developed our scientific understanding of the world, what the understanding amounts to, what impacts it has on our understanding of ourselves and our place in the surrounding place, and what judgments might follow from this understanding.

Note: PHIL 102 recommended

PHIL 401 Morality and Global Justice

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework including 6 credits of PHIL coursework

This course will cover a wide range of topics in the field of Morality and Global Justice with the view to assisting students to develop the ability to identify and critically analyze moral problems in that field, and to clarify their own values in relation to specific ethical issues, such as poverty and the global economy, global health, religion, war, justice for women and duties to children.

PHIL 430 Philosophy of Mind

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework including PHIL 102 or 230 and 3 additional credits of 100 or 200-level PHIL

This course surveys some of the key issues in contemporary philosophy of mind. Philosophy of mind is the attempt to understand what mental phenomena are, and how they relate to the physical (or material) realm. More generally, it is the attempt to understand what we are - that is, are we merely physical things, or are we both physical and mental (or spiritual)? Specific area covered will vary from instructor to instructor.

PHIL 490 Directed Studies
3.00 credits (0,0,4) hrs 15 wks

Prerequisite: 15 upper level credits including a minimum of one 300-level PHIL course

Students will work with a Philosophy faculty member to guide them in the development of a research-based project. Specific course details will be arranged between individual students and faculty members. See the Department of Philosophy website for complete details on the application process.

Physics

PHYS 104 Principles of Physics
4.00 credits (4,2,0) hrs 15 wks

Prerequisite: Pre-calculus 12, or Principles of Math 12, or BMTH 053/054, MATH 105. MATH 105 may be taken concurrently

This course serves as an introduction to physics for students with little or no background in the subject. Topics include mechanics, electricity and geometrical optics.

Note: PHYS 104 is an approved Quantitative/Analytical course for baccalaureate degrees.

Note: PHYS 104 is an approved Science course. PHYS 104 is an approved Lab Science course.

PHYS 110 General Physics I
4.00 credits (4,2,0) hrs 15 wks

Prerequisite: Physics 11 or BPHY 044; and MATH 108 or MATH 116 as a pre- or co-requisite

A survey of mechanics covering vectors, statics, kinematics, dynamics, energy, momentum, rotation, gravitation, vibrations, and thermal physics.

Note: PHYS 110 is an approved Quantitative/Analytical course for baccalaureate degrees. PHYS 110 is an approved Science course. PHYS 110 is an approved Lab Science course.

Note: This course is equivalent to PHYS 114. Duplicate credit will not be granted for this course and PHYS 114.

PHYS 111 General Physics II
4.00 credits (4,2,0) hrs 15 wks

Prerequisite: PHYS 110 with a minimum C- grade, and MATH 109 or MATH 126 as a pre- or co-requisite

This course involves the study of electricity and magnetism, waves, physical optics, sound, and atomic and nuclear physics.

Note: PHYS 111 is an approved Quantitative/Analytical course for baccalaureate degrees. PHYS 111 is an approved Science course. PHYS 111 is an approved Lab Science course.

Note: This course is equivalent to PHYS 115. Duplicate credit will not be granted for this course and PHYS 115.

PHYS 112 Introductory Physics for the Life Sciences I
4.00 credits (4,3,0) hrs 15 wks

Prerequisite: Physics 12 or BPHY 053/054 or PHYS 104; and Pre-calculus 12 or BMTH 054 or MATH 105

The complexity of life can be described, at its underlying level, with physics. In this introductory course kinematics, forces, static equilibrium, energy and momentum conservation laws, fluid properties and mechanics, properties of soft matter, and thermal physics will be investigated for organisms of all sizes.

Note: PHYS 112 is an approved Science and Technology course for Cap Core requirements. PHYS 112 is an approved Numeracy course for Cap Core requirements.

Note: PHYS 112 is an approved Quantitative/Analytical course for baccalaureate degrees. PHYS 112 is an approved Science course. PHYS 112 is an approved Laboratory Science course. PHYS 112 is equivalent to PHYS 110 and PHYS 114. Duplicate credit will not be granted for this course and PHYS 110 or PHYS 114.

PHYS 113 Introductory Physics for the Life Sciences II

4.00 credits (4,3,0) hrs 15 wks

Prerequisite: Physics 12 or BPHY 053/054 or PHYS 104; and Pre-calculus 12 or BMTH 054 or MATH 105
The complexity of life can be described, at its underlying level, with physics. In this introductory course the use of: waves, superposition, acoustics, light, refraction, optics, lenses, vision, diffraction, quantum properties of light and interaction with molecules, absorption of radiation, electric fields, and electric circuits in the investigation of organisms of all sizes will be presented.

Note: PHYS 113 is an approved Science and Technology course for Cap Core requirements. PHYS 113 is an approved Numeracy course for Cap Core requirements.

Note: PHYS 113 is an approved Quantitative/Analytical course for baccalaureate degrees. PHYS 113 is an approved Science course. PHYS 113 is an approved Laboratory Science course. PHYS 113 is equivalent to PHYS 111 and PHYS 115. Duplicate credit will not be granted for this course and PHYS 111 or PHYS 115.

PHYS 114 Fundamental Physics I

4.00 credits (4,3,0) hrs 15 wks

Prerequisite: Physics 12 (B) or BPHY 054 (B) or PHYS 104 (C-); and MATH 116 as a pre- or corequisite
A survey of mechanics covering vectors, kinematics, dynamics, energy, momentum, rotation, gravitation, vibrations, waves and special relativity. This course, together with PHYS 115, is particularly suitable for students going into the physical sciences or engineering.

Note: PHYS 114 is an approved Quantitative/Analytical course for baccalaureate degrees. PHYS 114 is an approved Science course. PHYS 114 is an approved Lab Science course.

Note: This course is equivalent to PHYS 110. Duplicate credit will not be granted for this course and PHYS 110.

PHYS 115 Fundamental Physics II

4.00 credits (4,3,0) hrs 15 wks

Prerequisite: PHYS 114 with a minimum C- grade and Math 126 is a prerequisite or co-requisite
Electricity and magnetism, AC circuits, physical optics, and quantum physics.

Note: PHYS 115 is an approved Quantitative/Analytical course for baccalaureate degrees. PHYS 115 is an approved Science course. PHYS 115 is an approved Lab Science course.

Note: This course is equivalent to PHYS 111. Duplicate credit will not be granted for this course and PHYS 111.

PHYS 116 Fundamental Physics III

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: PHYS 108, 110 or 114 with a minimum C- grade and PHYS 115 is a prerequisite or co-requisite and Math 126 is a prerequisite or co-requisite

Statics of particles, force-couple systems and rigid body statics. Extension of principles from PHYS 114 and application to practical and more advanced dynamics problems. Thermometry, thermal properties of matter, heat, geometrical optics.

Note: PHYS 116 is an approved Quantitative/Analytical course for baccalaureate degrees.

Note: PHYS 116 is an approved Science course. PHYS 116 is an approved Lab Science course.

PHYS 200 Thermal Physics and Waves

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: PHYS 111 or 115 with a minimum C- grade

Corequisite: MATH 230

Temperature, heat, the zeroth, first, second and third laws of thermodynamics, kinetic theory, and a mathematical treatment of waves.

Note: PHYS 200 is an approved Science course.

Note: This course, together with PHYS 201, 210, 211, 218 and 222 is required for students majoring in physics. This course may not be offered every year.

PHYS 201 Electricity and Magnetism

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: PHYS 111 or 115 with a minimum C- grade; MATH 230

Corequisite: PHYS 211

The study of electric and magnetic fields; DC and AC circuits; LR, RC, LRC circuits; resonance; Maxwell's Equations, Fourier Analysis and electromagnetic waves.

Note: PHYS 201 is an approved Quantitative/Analytical course for baccalaureate degrees. PHYS 201 is an approved Science course.

Note: MATH 231 is recommended as a prerequisite. This course may not be offered every year.

PHYS 203 Fluid Mechanics I - The Physics of Flow

4.00 credits (0,6,0) hrs 15 wks

Prerequisite: PHYS 114 and MATH 126

This course deals with a broad range of applications of the theory and principles of fluid mechanics. Emphasis is on hydrostatics, aerodynamics, flows with heat and mass transfer, flows in the micro-scale and flows in the natural environment. The effects of thermodynamics and heat transfer will also be presented and included in the examples covered.

Note: PHYS 203 is an approved Quantitative/Analytical course for baccalaureate degrees.

Note: PHYS 203 is an approved Science course. PHYS 203 is an approved Lab Science course.

PHYS 210 Physics Laboratory I

1.00 credit (0,3,0) hrs 15 wks

Prerequisite: PHYS 218 is a prerequisite or co-requisite

A weekly three-hour lab in mathematical methods, thermodynamics, electrical measurements and mechanics.

Note: PHYS 210 with PHYS 211 is an approved Quantitative/Analytical course for baccalaureate degrees.

PHYS 210 is an approved Science course. PHYS 210 is an approved Lab Science course.

Note: This course may not be offered every year.

PHYS 211 Physics Laboratory II

1.00 credit (0,3,0) hrs 15 wks

Prerequisite: PHYS 111 or 115 with a minimum C- grade; MATH 230

Corequisite: PHYS 201

A weekly three-hour lab in electricity and magnetism, electronics and mechanics.

Note: PHYS 211 with PHYS 210 is an approved Quantitative/Analytical course for baccalaureate degrees.

PHYS 211 is an approved Science course. PHYS 211 is an approved Lab Science course.

Note: This course may not be offered every year.

PHYS 218 Computational Physics

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: PHYS 111 or 115 with a minimum C- grade, and PHYS 210, MATH 200, 230 as prerequisites or co-requisites

Use of computer software to solve numerical problems in physics. Applications include drag forces, the driven, damped oscillator, simulations of chaotic systems, random variables, techniques for handling digital data and signal processing.

Note: PHYS 218 with PHYS 210 and PHYS 211 is an approved Quantitative/Analytical course for baccalaureate degrees. PHYS 218 is an approved Science course.

Note: This course may not be offered every year.

PHYS 222 Mechanics

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: PHYS 111 or 115 with a minimum C- grade; MATH 200, 230 as prerequisites or co-requisites
Newtonian mechanics of particles and rigid bodies. Topics include rocket propulsion, collisions, central forces, rotating frames of reference, and rotation of rigid bodies.

Note: PHYS 222 is an approved Quantitative/Analytical course for baccalaureate degrees. PHYS 222 is an approved Science course.

Note: This course may not be offered every year.

PHYS 300 Environmental Thermodynamics

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: MATH 230 and PHYS 203

This course will introduce the properties of energy in its various forms as well as other thermodynamic properties of systems from both macroscopic and microscopic viewpoints. Course topics include thermal equilibrium, equivalence of heat and work, laws of thermodynamics, thermodynamic potentials, entropy, phase changes, adiabatic lapse rate, heat engines, Carnot cycles, efficiency, equations of state, van der Waals fluids, fundamentals of statistical mechanics, equipartition, ensemble averaging, Boltzmann statistics, interacting systems, and chemical thermodynamics.

Note: PHYS 300 is an approved Science and Technology course for Cap Core requirements.

Note: PHYS 300 is an approved Science course. PHYS 300 is an approved Quantitative/Analytical course for baccalaureate degrees.

PHYS 310 Environmental Physics Lab

4.00 credits (0,6,0) hrs 15 wks

Prerequisite: PHYS 210 or PHYS 211; OR STAT 205 and one of: CHEM 200, CHEM 201, CHEM 206, CHEM 211, BIOL 203, BIOL 208, BIOL 214, or BIOL 215

Students will independently pursue a number of open-ended experiments, relevant to Clean Technology and Environmental Science, to investigate a phenomenon as far as desired or as time permits. The methods and procedures of experimental physics are emphasized. Students will perform four experiments from a list of prepared experiments and independently develop one new experiment of their own conception.

Note: PHYS 310 is an approved Science and Technology course for Cap Core requirements.

Note: PHYS 310 is an approved Science course. PHYS 310 is an approved Laboratory Science course. PHYS 310 is an approved Quantitative/Analytical course for baccalaureate degrees.

Political Science

POL 100 Introduction to Politics and Government

3.00 credits (4,0,0) hrs 15 wks

This course will introduce students to the theories and concepts necessary to understand the complex world of contemporary politics. It will prepare students to become global citizens and enjoy a lifetime of meaningful political participation in the Canadian – or any other – political system.

Note: POL 100 is an approved Self and Society course for Cap Core requirements.

POL 102 Comparative Government

3.00 credits (4,0,0) hrs 15 wks

Throughout history, humans have organized themselves into many different types of political systems, from tribes to empires, city-states to nation-states. This course will introduce students to the wide range of political systems that exist throughout the world today, be it Asia, Africa, Europe, or the Americas. By studying these systems in detail, students will gain an appreciation for how political behaviour varies throughout the world, as well as develop a better critical understanding of their own.

Note: POL 102 is an approved Self and Society course for Cap Core requirements.

POL 104 Canadian Government

3.00 credits (4,0,0) hrs 15 wks

Knowledge about the Canadian system of government is important for job preparation of all kinds, as the policy decisions of government affect every career. Through class discussion and debate, role-play, consideration of politicians' perspectives, current events, and readings, this course will examine the basic design, decision-making processes, and democratic credentials of such institutions as parliamentary democracy, the Crown, the Charter of Rights and Freedoms, federalism, political parties, the electoral system and the constitution.

Note: POL 104 is an approved Self and Society course for Cap Core requirements.

POL 110 An Introduction to Western Political Thought

3.00 credits (4,0,0) hrs 15 wks

An introductory examination of the tradition of Western political thought from the Ancient Greeks to the emergence of the Nation State. The significance and contributions of Plato, Aristotle, the medieval thinkers, and Machiavelli concerning fundamental questions about the relationship between the individual and the state will be explored from an historical and philosophical perspective. This course is of particular relevance to those in the Humanities - literature, drama, fine arts, philosophy - as the shared themes provide for an interesting comprehensive analysis of Western Civilization.

POL 111 Contemporary Ideologies

3.00 credits (4,0,0) hrs 15 wks

Why do we often disagree with our leaders? Do you sometimes wonder if your ideas make more sense than the Prime Minister's? Students will find answers to these questions in 'Contemporary Ideologies' by studying various ideologies such as liberalism, conservatism, socialism, anarchism, fascism, religious fundamentalism, feminism and environmentalism. This course emphasizes practical skills such as group discussion, presentations, and research/writing skills, which will help students develop their critical thinking and excel in their careers/ life.

Note: POL 111 is an approved Self and Society course for Cap Core requirements.

POL 201 International Relations

3.00 credits (4,0,0) hrs 15 wks

Where does the will to engage in armed conflict come from? How are decisions made to fight or collaborate with others? Why are some states more prosperous and healthy than others? This course answers these questions by studying various dimensions of conflicts, decision making, institutions, international law, human rights, the environment, economic collaboration, and the proliferation of weapons. This course promotes experiential learning through group work, student presentations, research/writing, and participation in a UN simulation.

Note: POL 201 is an approved Self and Society course for Cap Core requirements.

POL 202 Government and Politics of British Columbia

3.00 credits (4,0,0) hrs 15 wks

This course is an introduction to the major forces that shape politics in contemporary British Columbia. Specifically, it is intended to familiarize students with the activities of political parties and government institutions in the province. Topics explored include B.C. political culture, federal-provincial relations, the party system and an examination of legislature and executive in public policy formation (e.g. Aboriginal, fishing, forestry, health policy).

Note: POL 100 and POL 104 are recommended as prerequisites.

POL 203 International Organizations

3.00 credits (4,0,0) hrs 15 wks

Do you believe we could all live in a peaceful and prosperous world? Are there any instruments out there that could help us build this? This course offers answers by studying the role of international organizations such as the UN, WTO, NATO, and others in the areas of peace/security, trade, development, human rights, and the environment. This course emphasizes experiential learning through group presentation, a UN simulation as well as applied research/writing, and critical thinking.

Note: POL 203 is an approved Self and Society course for Cap Core requirements.

POL 204 Canadian Public Policy

3.00 credits (4,0,0) hrs 15 wks

The centre of the political process of any society is the creation of public policy. How governments arrive at and select policies from the various competing demands placed upon them - in the areas of health, education, environment, economic development, immigration etc. - is the focus of this course. Students are introduced to the basic concepts and theories associated with the making of public policy as well as an analysis of the processes by which policy is defined, addressed and implemented.

Note: POL 100 and POL 104 are recommended as prerequisites.

POL 205 Public International Law

3.00 credits (4,0,0) hrs 15 wks

Globalization has dramatically increased the scope of treaties and international institutions. The result has been a surge of interest in international law - to govern trade and economic activity; deal with the movement of greater numbers of people; cope with the scourge of conflict and violence; and commit to human rights and humanitarian goals. Students learn the basic concepts and terms of international law; apply effective reading and interpretation of treaties and international legal decisions; and explore the relevance of international law.

Note: Students who receive credit for POL 205 cannot receive credit for POL 305.

POL 206 Scope and Methods of Political Analysis

3.00 credits (4,0,0) hrs 15 wks

This course introduces the student to the variety of approaches and tools available to those studying politics. Students will become familiar with the nature of and debates inherent in contemporary political studies, as well as the strengths and weaknesses of the various methods employed by students of politics. By developing their own research project, students will struggle first-hand with the issues central to all types of social science research: selecting from alternative models of explanation, attempting to isolate variables, and dealing with questions of cause and effect to name but a few. Students may have the opportunity to develop and work on a prototype political studies journal as well.

POL 207 Selected Issues in Contemporary Social and Political Theory

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: POL 111

Current themes and controversies in contemporary social and political thought is the subject of this course. Topics will shift from term to term to reflect either important issues or individual theorist's contributions to contemporary society. Areas of interest might include, for example, the role of the state in capitalist societies, the significance of the Frankfurt School, the contradictions and fate of the welfare state, the current debates in democratic theory, the role and place of "new" social movements in contemporary society, an examination of the meaning of liberty in complex societies, the renewal of nationalism, the place of religion (Islamic fundamentalism), the persistence of violence in civil society, the insights of political biography. Alternatively, or in conjunction with these themes, students will develop a thorough analysis of a particular theorist: for example, Arendt, Gramsci, Marcuse, Foucault, Habermas, Offe, Williams, Rawls, Rorty, Pateman, Gorz and Melucci to name a few.

POL 208 Aboriginal Politics in Canada

3.00 credits (4,0,0) hrs 15 wks

Justice for Canada's Aboriginal peoples, given the devastating impact of colonialism upon their lives, is both a moral and political imperative. Through class activity, guest speakers, films, and readings, this course equips students to understand, appreciate, and take positions on the important political challenges of justice presented by colonialism and Aboriginal policy, Aboriginal political identity and nationalism, self-government, treaties, and court decisions on Aboriginal rights and title.

Note: Students who receive credit for POL 208 cannot receive credit for POL 308.

POL 209 Introduction to the European Union

3.00 credits (4,0,0) hrs 15 wks

The European Union is an unprecedented form of governance bringing peace and prosperity to a European continent divided by two World Wars. The EU is also criticized for being a driving force of neoliberal globalization. This course engages with this debate by introducing students to EU structures, institutions and operations. Taking this course will also prepare students for changes and opportunities expected as part of the recent free trade agreement signed between Canada and the EU.

Note: Students who receive credit for POL 209 cannot receive credit for POL 309.

POL 222 Regional Comparative Politics

3.00 credits (4,0,0) hrs 15 wks

This course will further explore the field of comparative politics from a regional perspective. The region will change according to the interest/expertise of the instructor and/or important political events of the time. By taking this course, students will deepen their understanding of political systems, and hone their critical analysis of the political development process around the world.

Note: POL 100 and/or POL 102 are recommended as prerequisites.

POL 250 Global Human Rights

3.00 credits (4,0,0) hrs 15 wks

Students learn the historical evolution of human rights standards in the world and explore the principles and practices of human rights norms at the global and regional levels. They explore the significance of international conventions, global and regional instruments, and multiple dimensions of human rights in a globalized context. They also learn about the key debates on the issue of universality and cultural relativism, responsibility to protect, right to development, war crimes, genocide, crimes against humanity, and gender discrimination.

Note: Students who receive credit for POL 250 cannot receive credit for POL 350.

POL 299 Regional Comparative Politics: Field School

3.00 credits (4,0,0) hrs 15 wks

This field school course will focus on the politics of states and regional organizations in a specific region of the international system. Through lectures and on-line activities delivered before departure and during a field trip through the region chosen, students will come to understand the differing types of political behaviour and activities within states and between states and international organizations in a specific region, including the historical, social, cultural, geographic and international contexts in which those states and organizations exist. Students will also come to understand the methods, typologies, theories, and concepts used in the comparative study of politics as applied to the region studied.

Note: Completion of POL 100 or 102 are recommended

POL 305 Advanced Public International Law

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits at the 100-level or higher, including POL 100 and either POL 201 or POL 203

In addition to the fundamentals of public international law, students learn the procedure and principles in cases and decisions. With emphasis on the decisions of the International Court of Justice and related tribunals, cases are analyzed and discussed. Legal practice is highlighted with the Moot Court, an exercise involving legal research, the application of legal principles to fact-based cases, and the skills in argument and examination.

Note: Students who receive credit for POL 305 cannot receive credit for POL 205.

POL 308 Advanced Canadian Aboriginal Politics

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework

In addition to covering the core topics of Aboriginal politics in Canada, students will identify and evaluate the principles and procedures employed by Aboriginal peoples in their presentation of political objectives to the Canadian state and the Canadian state's corresponding responses in both policy and law. The course material will be a level higher than POL 208 with greater emphasis on student presentations and student facilitated classroom learning as well as advanced sophistication in research analysis, writing, and presentation.

Note: Students who receive credit for POL 308 cannot receive credit for POL 208.

POL 309 Advanced European Integration

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework

Students explore the structure, institutions and operations of the European Union, an unprecedented form of governance in an increasingly globalized political environment. Students will also learn about how the EU functions as a significant regional internal governmental organization, with particular emphasis on EU-Canada relations. Students will then apply their knowledge to real-world challenges faced by the EU.

Note: Students who receive credit for POL 309 cannot receive credit for POL 209.

POL 315 Utopias, Dystopias and Political Thought

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework

Students in this course will study the tradition of Utopian and Dystopian literature and political thought throughout history, and identify how modern versions of this tradition (both literary and cinematic) may help or impede our attempts to find solutions to the political, social, and economic challenges we face today.

Note: POL 315 is an approved Self and Society course for Cap Core requirements.

Note: POL 100, 110 or 111 recommended, but not required

POL 320 Global Ecopolitics

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework

This course provides students with the opportunity to engage in an in-depth study of how environmental issues are dealt with across national boundaries. Theoretical approaches are critically evaluated in order to organize a systematic study of relevant actors, institutions and agreements in the field of global ecopolitics. Key concepts associated with environmental issues such as sustainability, ecological footprint, and the precautionary principle are also critically evaluated.

Note: POL 320 is an approved Self and Society course for Cap Core requirements.

POL 330 The Political Economy of Globalization

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework

This course introduces students to the political economy of international trade, finance, development and production, and the major theoretical perspectives which are employed to understand how the global economy is organized. The emphasis on state-market interactions focuses attention on the ways in which international economic exchanges are mediated through structures of governance which may operate at the bilateral, regional or global level. Students will learn to apply the theories introduced in the course to a number of case studies.

Note: POL 330 is an approved Self and Society course for Cap Core requirements.

POL 340 Citizenship and Belonging: From Local to Global Perspectives

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework

This course provides a comprehensive overview of the main debates on citizenship in liberal democracies and the implications of globalization on those debates. The course will examine citizenship from the perspective of rights, participatory democracy and identity politics as expressed in cultural, ethnic, national, and gendered contexts. The course will also consider the degree to which globalization has de-territorialized and fragmented citizenship thereby raising new challenges about how community identity, civic ties, human rights, environmental stewardship and social justice are to be practiced and experienced.

Note: POL 340 is an approved Self and Society course for Cap Core requirements.

POL 350 Advanced Global Human Rights

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework

In addition to exploring the historical evolution of human rights standards in the world, the principles and practices of human rights norms at the global and regional levels, the significance of international conventions and instruments, and learning about the key debates on human rights issues (i.e. universality and cultural relativism, responsibility to protect, right to development, war crimes, genocide, crimes against humanity, and gender discrimination), students also analyze specific human rights cases, conduct a community outreach project, and complete other higher level of research assignments to earn a 300 level credit in this course.

Note: Students who receive credit for POL 350 cannot receive credit for POL 250.

POL 490 Directed Studies

3.00 credits (0,0,4) hrs 15 wks

Prerequisite: 15 upper level credits including a minimum of one 300-level POL course

Students will work with a Political Science faculty member to guide them in the development of a research-based project. Specific course details will be arranged between individual students and faculty members. See the Department of Political Science website for complete details on the application process.

Private Music Instruction (PMI)

PMI (Various Numbers) 2 credits (0,0,10) hrs N/A

Concentration Private Music Instruction

A course designed to permit students to pursue study of their concentration instrument. The course consists of a series of one-hour private lessons.

Note: To enroll in any PMI course students must receive written permission from the program coordinator.

PMI (Various Numbers) 1 credit (0.5,0,0) hrs N/A

Private Music Instruction - Secondary

This course consists of a series of private lessons on the student's secondary instrument, supplemental lessons on the concentration or major instrument, or composition.

Note: To enroll in any PMI course students must receive written permission from the program coordinator.

Private Music Instruct Perform

PMIP 101 Bachelor of Music Piano Preparation

2.00 credits (0,0,14) hrs wks

Private music instruction designed to meet the individual needs of each student and develop the skills necessary to prepare an audition for PMI 101.

PMIP 201 Bachelor of Music Piano Preparation

2.00 credits (0,0,14) hrs wks

A continuation of PMIP 101, this course refines and augments those skills developed in PMIP 101 to further prepare the student for an audition for PMI 101.

PMIP 301 Bachelor of Music Piano Preparation

2.00 credits (0,0,14) hrs wks

A continuation of PMIP 201, this course refines and augments those skills developed in PMIP 201 to further prepare the student for an audition for PMI 101.

PMIP 401 Bachelor of Music Piano Preparation

2.00 credits (0,0,14) hrs wks

A continuation of PMIP 301, this course refines and augments those skills developed in PMIP 301 to further prepare the student for an audition for PMI 101.

Private Music Theatre Instruct

PMTI 100 Private Musical Theatre Instruction - Voice I

1.00 credit (0,0,11.25) hrs wks

Musical Theatre program students will be instructed in voice production, vocal technique, vocal health, and in repertoire from the musical theatre genre.

Note: For Musical Theatre program students only.

PMTI 101 Private Musical Theatre Instruction - Voice II

1.00 credit (0,0,11.25) hrs wks

Prerequisite: PMTI 100

Musical Theatre program students will be instructed in voice production, vocal technique, vocal health, and in repertoire from the musical theatre genre.

Note: For Musical Theatre program students only.

PMTI 102 Private Music/Theatre Instruction - I

1.00 credit (0,0,12) hrs wks

An introductory course where students develop specific areas on proficiency in vocal production and technique.

Note: For Acting for Stage and Screen program students only.

PMTI 103 Private Music/Theatre Instruction - II

1.00 credit (0,0,12) hrs wks

Prerequisite: PMTI 102

Acting for Stage and Screen students will receive instruction in voice production, technique and vocal health. Students will build on the skills learned in PMTI 102.

Note: For Acting for Stage and Screen program students only.

PMTI 200 Private Musical Theatre Instruction - Voice III

1.00 credit (0,0,11.25) hrs wks

Prerequisite: PMTI 101

Musical Theatre students will receive further instruction in voice production, vocal health and technique. Students will explore new repertoire from several genres, including Sondheim, Pop, duets, and the most up to date Broadway musicals.

Note: For Musical Theatre program students only.

PMTI 201 Private Musical Theatre Instruction - Voice IV

1.00 credit (0,0,11.25) hrs wks

Prerequisite: PMTI 200

Musical Theatre students will receive further instruction in voice production, vocal health and technique. Students will explore new repertoire using the most up to date Broadway material as well as cabaret-style songs and operetta genres.

Note: For Musical Theatre program students only.

PMTI 202 Private Music/Theatre Instruction - III

1.00 credit (0,0,12) hrs wks

Prerequisite: PMTI 102 and 103

An intermediate course where students continue to build on the vocal skills they have learned in Voice I and II.

Note: For Acting for Stage and Screen program students only.

PMTI 203 Private Music/Theatre Instruction - IV

1.00 credit (0,0,12) hrs wks

Prerequisite: PMTI 202

Acting for Stage and Screen students will receive more advanced instruction in voice production, technique and vocal health. Accent work, Alexander technique and singing are additional skills that this course offers.

Note: For Acting for Stage and Screen program students only.

PMTI 300 Private Musical Theatre Instruction - Voice V

1.00 credit (0,0,11.25) hrs wks

Prerequisite: PMTI 201

Students will become more proficient at using the voice in performance and will explore more challenging and intricate Musical Theatre repertoire. They will further expand their knowledge of individual vocal health, production, and technique, increase individual musicianship and vocal skills, learn techniques for successful auditions and continue to build an audition book with new repertoire.

PMTI 301 Private Musical Theatre Instruction - Voice VI

1.00 credit (0,0,11.25) hrs wks

Prerequisite: PMTI 300

This course is a continuation of PMTI 300 and will further instruct Musical Theatre students in voice production, health, and technique. Students will be exploring new and innovative repertoire from the Musical Theatre and other genres.

Private Music Instruction - Performance (PPMI)

PPMI 3 credits (0,0,15) hrs N/A
Private Music Instruction - Performance

Prerequisite: A grade B+ or higher in the previous level of PPMI.

A course designed to permit students in the Performance Major to pursue in-depth study of their major instruments. The course consists ten 90-minute or fifteen 60-minute private lessons, to suit the needs of each student.

Psychology

PSYC 100 Introduction to Psychology I

3.00 credits (4,0,0) hrs 15 wks

A course designed to introduce the beginning psychology student to some of the major concepts and approaches necessary to an understanding of human behaviour from a psychological perspective. Learning, biological basis of behaviour, development, personality, and other selected issues are included.

Note: PSYC 100 is an approved Self and Society course for Cap Core requirements.

PSYC 101 Introduction to Psychology II

3.00 credits (4,0,0) hrs 15 wks

This course is an introduction to the field of psychology. Course topics include history of psychology, research methods, sensation, perception, consciousness, intelligence, motivation, emotion, stress, coping, health, psychological disorders, and therapeutic approaches.

Note: PSYC 101 is an approved Self and Society course for Cap Core requirements.

PSYC 200 Social Psychology
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: PSYC 100 or PSYC 101

A study of the dynamics and effects of social influences on individual human behaviour. The course looks at such topics as attitudes and attitude changes, social beliefs, roles, conformity, group processes, prejudice, interpersonal attraction and psychological effects of the physical environment.

Note: PSYC 200 is an approved Self and Society course for Cap Core requirements.

PSYC 207 Lifespan Development
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: PSYC 100 or PSYC 101

This course is an introduction to the study of human growth and changes across the lifespan, including physical, cognitive, social, intellectual, perceptual, personality and emotional growth.

Note: PSYC 207 is an approved Self and Society course for Cap Core requirements.

PSYC 212 Research Methods in Psychology
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: PSYC 100 and PSYC 101

A course for students who intend to major in one of the social sciences; psychology students should take this course and PSYC 213. This course will introduce the student to current research methods in major areas of psychology. Students should understand the principles of research methodology, and be able to evaluate, design and conduct research in psychology.

Note: PSYC 212 is an approved Science and Technology course for Cap Core requirements.

Note: PSYC 212 is an approved Quantitative/Analytical course for baccalaureate degrees. PSYC 212 is an approved Science course.

PSYC 213 Statistical Methods in Psychology
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: PSYC 100 and PSYC 101; and MATH 097 (C) or MATH 123 (C) or MATH 091 (C+) or BMTH 043 (C+) or MATH 096 (C-) or BMTH 044 (C-) or BMTH 048 (C) or Pre-calculus 11 (C) or Principles of Math 11 (C) or Foundations of Math 11 (C) or Applications of Math 11 (C) or Applications of Math 12 (pass).

This course deals with descriptive and inferential statistics as applied in psychology. These will be considered as they are used in psychological research.

Note: PSYC 213 is an approved Numeracy course for Cap Core requirements.

Note: PSYC 213 is an approved Quantitative/Analytical course for baccalaureate degrees. PSYC 213 is an approved Science course.

PSYC 222 Abnormal Psychology
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: PSYC 100 or PSYC 101

A study of the various models and perspectives for viewing patterns and treatment of abnormal behaviour. The course will examine research about how the medical model, behaviouristic school, humanistic school, psychoanalytic school, cognitive school and biological school view normal and abnormal behaviour. This course will also focus on the historical and contemporary approaches to treatment.

Note: PSYC 222 is an approved Self and Society course for Cap Core requirements.

PSYC 225 Biopsychology of Behaviour
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: PSYC 100 or PSYC 101

This course will expand on material introduced in introductory psychology dealing with the biological basis of behaviour. Students will examine functions of the nervous system, as well as studying brain anatomy and brain chemistry in relation to both normal and pathological behaviour. As well, students will discuss mind-body issues and develop an understanding of broader ethical and other issues in neuroscience.

Note: PSYC 225 is an approved Science course.

PSYC 230 Cognitive Psychology
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: PSYC 100 or PSYC 101

This course will address many of the issues relating to the thinking processes. Research into consciousness, memory, language, imagery, problem solving, creativity and intelligence will be examined, as well as social cognition and cognition across the lifespan.

Note: PSYC 230 is an approved Self and Society course for Cap Core requirements.

PSYC 240 Applied Psychology
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: PSYC 100 or PSYC 101

This course will introduce major areas of applied psychology. Students will learn about and critically evaluate ways in which psychological evidence and techniques can be applied to areas including mental and physical health management, forensics, business, education, and sports.

Note: PSYC 240 is an approved Self and Society course for Cap Core requirements.

Note: PSYC 240 is equivalent to PSYC 320. Duplicate credit will not be granted for this course and PSYC 320.

PSYC 300 Psychology of Interpersonal Relationships
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: PSYC 212

This course will include topics in the area of interpersonal relationships, especially romantic or close friendship relationships and family relationships. It will include psychological theories and research about the stages, processes and effects of the development, maintenance, disruption and dissolution of personal relationships.

Note: PSYC 300 is an approved Self and Society course for Cap Core requirements.

Note: PSYC 200 is recommended.

PSYC 301 Group Dynamics
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: PSYC 212

A study of the behaviour of individuals in social groups and institutions, such as friendship groups, work groups, therapy groups, and families. This course provides an intellectual and experiential approach to small group theory and allows the student to practise constructive interpersonal skills and leadership skills in a supportive, small group setting.

Note: PSYC 301 is an approved Self and Society course for Cap Core requirements.

Note: PSYC 301 is equivalent to PSYC 201. Duplicate credit will not be granted for this course and PSYC 201. PSYC 200 is recommended.

PSYC 303 History of Psychology
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: PSYC 212

This course will examine the development of psychological thought to gain a critical understanding of contemporary psychology. Issues will range from the mind-body problem, and the nature of science, to an analysis of historical and contemporary schools in psychology.

Note: PSYC 303 is an approved Self and Society course for Cap Core requirements.

Note: PSYC 303 is equivalent to PSYC 203. Duplicate credit will not be granted for this course and PSYC 203.

PSYC 304 Child Development
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: PSYC 212

A study of the child's development from infancy to adolescence, including the development of social behaviour, personality, language and cognitive processes. Students will be encouraged to do research and observations.

Note: PSYC 304 is an approved Self and Society course for Cap Core requirements.

Note: PSYC 304 is equivalent to PSYC 204. Duplicate credit will not be granted for this course and PSYC 204. PSYC 207 is recommended.

PSYC 305 Adult Development and Aging
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: PSYC 212

A course dealing with the psychological development of the individual from early adulthood to death, with emphasis on intellectual and personality changes, and the social context of aging. As well as being exposed to basic research in the area, students will be encouraged to develop an empathetic understanding of the aging process.

Note: PSYC 305 is an approved Self and Society course for Cap Core requirements.

Note: PSYC 305 is equivalent to PSYC 205. Duplicate credit will not be granted for this course and PSYC 205. PSYC 207 is recommended.

PSYC 306 Adolescent Psychology
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: PSYC 212

This course examines the biological, cognitive and social transitions of adolescence and how they affect such developmental areas as identity, autonomy, intimacy, sexuality and achievement. As well as being exposed to basic research in the area, students will be encouraged to explore their own identity development.

Note: PSYC 306 is an approved Self and Society course for Cap Core requirements.

Note: PSYC 306 is equivalent to PSYC 206. Duplicate credit will not be granted for this course and PSYC 206. PSYC 207 is recommended.

PSYC 315 The Psychology of Human Sexuality
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: PSYC 212

The psychology of human sexuality examines the psychological, biological and social science of human sexuality. Topics to be covered will include: sexual behaviour and arousal, sexual bodies, puberty and menopause, sexual orientation, sexually transmitted infections, contraception, abortion, sex hormones, sexual disorders, sex therapy, coercive sex, commodity-based sex, pregnancy and fertility.

Note: PSYC 315 is an approved Self and Society course for Cap Core requirements.

Note: PSYC 315 is equivalent to PSYC 215. Duplicate credit will not be granted for this course and PSYC 215.

PSYC 321 Theories of Personality

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: PSYC 212

This course will examine theories of personality including psychodynamic, trait, cognitive and humanistic and other approaches. Included will be a consideration of the historical/cultural development of the theory, what the theory says about the development, structure and dynamics of personality and examples of empirical research.

Note: PSYC 321 is an approved Self and Society course for Cap Core requirements.

Note: PSYC 321 is equivalent to PSYC 220. Duplicate credit will not be granted for this course and PSYC 220. PSYC 200 is recommended.

PSYC 325 Health Psychology

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: PSYC 212

In this course students will be introduced to the psychology of health. Topics will include research methods in health psychology and ethical issues, health behaviours, stress, coping, social support, pain and pain behaviour, and social factors in the etiology and course of chronic and terminal illnesses.

Note: PSYC 325 is an approved Self and Society course for Cap Core requirements.

Note: PSYC 222 or PSYC 240 is recommended.

PSYC 326 Positive Psychology

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: PSYC 212

This course provides an introduction to the major concepts and theories of positive psychology, focusing on the scientific study of well-being, happiness and positive human experience. Students will also learn how to apply principles of positive psychology to their everyday lives.

Note: PSYC 326 is an approved Self and Society course for Cap Core requirements.

Note: PSYC 222 or PSYC 240 is recommended.

PSYC 327 Workplace Psychology

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: PSYC 212

This course will review theories and research in workplace and social psychology to gain an understanding of individuals in the workplace, including individual differences, motivation, job satisfaction and stress. It will also explore topics in human resource management, social processes in group structure and dynamics, and research on leadership, decision making and ethics in the workplace.

Note: PSYC 327 is an approved Self and Society course for Cap Core requirements.

Note: PSYC 240 is recommended.

PSYC 328 Forensic Psychology

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: PSYC 212

This course examines psychological concepts as they apply to the criminal justice system. Forensic psychology includes research and practice in several areas of psychology, including cognitive, social, clinical, developmental, and psychometrics.

Note: PSYC 328 is an approved Self and Society course for Cap Core requirements.

Note: PSYC 240 is recommended.

PSYC 330 Thinking and Reasoning

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: PSYC 212

This course will address topics in the study of thinking and reasoning, a crucial topic in cognitive psychology, including theory and research on problem solving, thinking and decision-making; formal and "everyday" reasoning; intuition and creativity; cross-cultural and individual variations in thinking processes; and the cognitive heuristics which can bias or distort human rationality and effective decision making when dealing with social issues and problems. The theories will be applied to the problems of human cognitive limitations in solving urgent social and environmental crises.

Note: PSYC 330 is an approved Self and Society course for Cap Core requirements.

Note: PSYC 230 is recommended.

PSYC 331 Psychology and Language

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: PSYC 212

This course examines issues in psycholinguistics, focusing on how humans acquire, learn, construct, understand, and use language.

Note: PSYC 331 is an approved Self and Society course for Cap Core requirements.

Note: PSYC 230 is recommended.

PSYC 332 Reconstructing the Past: The Psychology of Memory

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: PSYC 212

This course will address topics in the study of memory, a crucial topic in cognitive psychology, and will include theory and research on explicit and implicit memory systems, working memory, the neurology of memory, forgetting and memory disorders, and how to improve memory (mnemonics). Current issues and research in long term memory such as reconstructive processes in memory, eyewitness memory, and repressed memory will also be included.

Note: PSYC 332 is an approved Self and Society course for Cap Core requirements.

Note: PSYC 230 is recommended.

PSYC 333 Learning

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: PSYC 212

This course emphasizes the evaluation and applications of learning theories to human and animal learning. Students will critically examine learning theories and principles including habituation, sensitization, classical and operant conditioning, and cognitive control of behaviour. There will also be an emphasis on applying these concepts to issues of behavioural change, at the self, community, and societal levels.

Note: PSYC 230 is recommended.

PSYC 334 Sensation and Perception

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: PSYC 212

This course examines the functioning of human sensory systems and explores how the brain receives, processes and interprets stimuli from our environment. Topics include vision, audition, taste, smell, touch, proprioception, and psychophysics.

Note: PSYC 225 is recommended.

PSYC 335 Motivation and Emotions

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: PSYC 212

This course will address research and theories in the allied topics of emotions and motivation. The course will include experiential, behavioural, psychological, biological, cognitive and social aspects of motivation and of emotions, including needs; goals; mindsets and beliefs; and basic, self, and complex emotions. The course will include stress reactions, attachment bonds, the development of self-regulation, empathy, and compassion.

Note: PSYC 335 is an approved Self and Society course for Cap Core requirements.

Note: PSYC 225 is recommended.

PSYC 336 Neuropsychology
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: PSYC 212

This course examines the relationship between human neurological functioning and behaviour. Neuroanatomy and the organization of the nervous system will be reviewed, with a focus on how they support a wide range of cognitive functions. Neuropathy, psychiatric disorders, neurological disease, and functional issues associated to brain damage will be explored.

Note: PSYC 225 is recommended.

PSYC 337 Drugs and Behaviour
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: PSYC 212

This course surveys the field of behavioural pharmacology, examines psychoactive drugs, their mechanisms of action in the nervous system, and their effects on the brain and behaviour. It will focus on current research into the pharmacology of drugs, historical accounts of drug use, an examination of recreational use/clinical applications, and insights into their potential abuse.

Note: PSYC 225 is recommended.

PSYC 338 Evolutionary Psychology
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: PSYC 212

This course applies the theory of evolution by natural selection to the study of the human mind. It examines the environments of evolutionary adaptiveness and the success and failure of human adaptations in the contemporary world.

Note: PSYC 338 is an approved Self and Society course for Cap Core requirements.

Note: PSYC 225 is recommended.

PSYC 340 Psychology of Environmental Sustainability
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: PSYC 212

This course surveys the psychology of environmental sustainability, the scientific study of the relationship between humans and the rest of nature. It will focus on the application of theories and research in psychology to the issues of conservation in the face of climate crises and the urgent need to develop environmental sustainability, to decrease the negative impact of humans and to encourage environmentally-friendly behaviour.

Note: PSYC 340 is an approved Self and Society course for Cap Core requirements.

Note: PSYC 240 is recommended.

PSYC 341 Psychology of Religion and Spirituality
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: PSYC 212

This course examines religious and spiritual experiences, attitudes and behaviours from multiple angles within contemporary Psychology. Themes of the course include: history of empirical inquiry into religion and spirituality; modern research methods; interacting roles of biological and psychosocial factors in the formation of religious commitments and predilection toward spiritual experiences; relationships between religious and spiritual orientations and physical and mental health; and determinants of religious behaviours, from altruism to terrorism.

Note: PSYC 341 is an approved Self and Society course for Cap Core requirements.

Note: PSYC 200 is recommended.

PSYC 342 History of Psychology: Conceptions of Imagination

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: PSYC 212

This course explores the nature of imagination from a History of Psychology viewpoint. The topic is framed in an evolutionary context; then relevant concepts are traced from preliterate societies to the present. Imagination is examined: as an archaic way of knowing; in relation to historical notions of body, mind, soul and spirit; as cognitive faculty or process; with respect to beliefs about health and illness; and as studied qualitatively and quantitatively in Modern Psychology.

PSYC 343 Psychology of Anomalous Experiences

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: PSYC 212

This course examines a range of commonly reported anomalous experiences from the critical perspective of Psychology. Unlike an Abnormal Psychology course, the focus is mainly on nonpathological experiences. The 'critical thinking' approach is reviewed; a brief historical overview of claims and critiques is presented; and several types of anomalous experience are considered with respect to the biopsychosocial processes that affect perception, memory and belief.

Note: PSYC 343 is an approved Self and Society course for Cap Core requirements.

PSYC 400 Cultural Psychology

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: PSYC 212

This course examines how culture influences psychological processes. Students will learn about methodologies used to study cultural psychology. They will also critically examine and synthesize research findings in this interdisciplinary field.

Note: PSYC 400 is an approved Self and Society course for Cap Core requirements.

Note: PSYC 200 is recommended.

PSYC 401 Indigenous Psychology

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: PSYC 212

Indigenous psychology is an emerging field that acknowledges and respects other ways of being and knowing in our world. This course will explore psychological perspectives on Indigenous cultures, histories, languages and identities. There will be a focus on strength from Indigenous perspectives, including Indigenous ways of healing and a consideration of ways to support and engage in decolonialization.

Note: PSYC 401 is an approved Self and Society course for Cap Core requirements.

Note: PSYC 200 is recommended.

PSYC 412 Applied Research Methods in Psychology

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: PSYC 212 and PSYC 213

This course will address how to develop, plan, and conduct applied research including experimental, correlational, and survey designs, as well as qualitative and field research methods. Students will learn how to identify a research problem and question, design and implement a study, analyze, interpret, and write up the results, and to communicate their research to academic audiences, and in their local communities.

Note: PSYC 412 is an approved Science and Technology course for Cap Core requirements. PSYC 412 is an approved Experiential course for Cap Core requirements.

Note: PSYC 412 is an approved Quantitative/Analytical course for baccalaureate degrees.

PSYC 413 Applied Data Analysis in Psychology

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: PSYC 212 and PSYC 213

This course outlines a variety of quantitative and qualitative data analytic methods used in applied psychological research. Quantitative topics will include the analysis of multiple independent and dependent variables, outlier identification, non-parametric tests, mixed method analysis of variance and covariance, and regression models. Qualitative data analytic techniques including phenomenological analysis, grounded theory, and narrative analysis will also be outlined.

Note: PSYC 413 is an approved Numeracy course for Cap Core requirements. PSYC 413 is an approved Quantitative/Analytical course for baccalaureate degrees.

Note: PSYC 413 is a required course for Psychology Honours students.

PSYC 415 Psychology and the Internet

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: PSYC 212

This course will cover the development of the Internet in a historical context, and explore how personal and collective relationships to technology influence Internet use. We will examine the empirical research evaluating the personal and collective social and psychological costs and benefits of Internet use, especially of activities that exist or are experienced in wholly online formats.

Note: PSYC 415 is an approved Self and Society course for Cap Core requirements.

PSYC 420 Tests and Measurement

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: PSYC 212 and PSYC 213

This course focuses on psychometric theories, concepts, and applications. Students will gain the theoretical and statistical knowledge necessary to understand when, why, and how to use psychometrics in their work and research. They will also gain experience in test-taking, interpretation, and design.

PSYC 422 Clinical and Counselling Psychology

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: PSYC 212

This course examines the foundational assumptions, efficacy, ethics and socio-cultural values in clinical and counselling psychology. It also reviews major theories of clinical psychology, counselling psychology, and psychotherapy, including analytic, existential, person-centred, behavioural, cognitive, family systems and postmodern, indigenous and multi-cultural/diversity approaches.

Note: PSYC 422 is an approved Self and Society course for Cap Core requirements.

Note: PSYC 222 or PSYC 240 is recommended.

PSYC 430 Service Learning Practicum

4.00 credits (3,0,2.8) hrs 15 wks

Prerequisite: PSYC 412

Students will gain experience applying their knowledge of psychology to working in a community organization, under the supervision of the course instructor and an employer or volunteer supervisor. Students will meet regularly with their supervisors to discuss their progress, and will produce reports and presentations related to their practicum experience.

Note: PSYC 430 is an approved Experiential course for Cap Core requirements.

PSYC 440 Contemporary Topics in Psychology

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: PSYC 212 and PSYC 213

The course will relate contemporary research and knowledge from psychology to various current topics and social issues. Specific topics will vary from year to year. Each delivery of this course will have specific instructor identified course objectives.

PSYC 480 Honours Thesis

6.00 credits (4,0,0) hrs 30 wks

Prerequisite: PSYC 412 and PSYC 413

This course will entail an in-depth investigation of a topic in psychology. The first half of the course will culminate in a critical literature review and the formulation of a research proposal. In the second half of the course, the research proposed will be executed and the results will be written in a thesis format, and presented.

PSYC 490 Directed Studies

3.00 credits (0,0,4) hrs 15 wks

Prerequisite: PSYC 212 and PSYC 213

Students will work with a Psychology faculty member to guide them in the development of a research-based project. Specific course details will be arranged between individual students and faculty members.

Rehabilitation Assistant

RADP 100 Rehabilitation and Professional Skills in Health Care

3.00 credits (3,0,1) hrs 15 wks

Students will learn about the environment in which health care is delivered, the rehabilitation approach, their role responsibilities and the client's perspective. Students will also learn the meaning of safe, ethical, competent practice and develop an understanding of professionalism in relation to clients/significant others, colleagues and community.

RADP 101 Effective Therapeutic Communication in Rehabilitation

1.50 credits (3,0,0) hrs 10 wks

Prerequisite: RADP 100

Students will learn effective interpersonal communications skills from a rehabilitation framework in order to facilitate and support the Rehabilitation Assistant in teaching and working with clients, clinicians and interdisciplinary teams both individually and in groups.

RADP 111 Rehabilitation Principles and Practices: OT/OTA

2.25 credits (3,0,0) hrs 15 wks

Prerequisite: RADP 112 is a prerequisite or co-requisite

Students will learn about occupational therapy in terms of rehabilitation theory, principles, process and practice.

RADP 112 Rehabilitation Principles and Practices: PT/PTA

2.25 credits (2,0,1) hrs 15 wks

Prerequisite: RADP 111 is a prerequisite or co-requisite

Students will learn about physical therapy in terms of rehabilitation theory, principles, process and practice.

RADP 113 Rehabilitation Principles and Practices: SLP/SLPA

2.00 credits (4,0,0) hrs 10 wks

Prerequisite: RADP 114 is a prerequisite or co-requisite

Students will gain an understanding of speech-language pathology in terms of rehabilitation theory, principles, process and practice.

RADP 114 Rehabilitation Principles and Practices: RA

1.00 credit (2,0,0) hrs 10 wks

Prerequisite: RADP 111 and 112

Students will learn about being a Rehabilitation Assistant in terms of rehabilitation theory, principles, process and practices specifically designed to provide Rehabilitation Assistants with a practice process and strong foundation for problem-solving.

RADP 120 Growth and Development for Rehabilitation Assistants

0.50 credits (2,0,0) hrs 05 wks

Students will learn about developmental milestones and skill acquisition. These will be discussed in terms of impairments and treatment plans for developing or restoring skill function following disease or injury.

RADP 121 Functional Anatomy, Theory and Skills: OTA/PTA

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: RADP 120 is a prerequisite or co-requisite

Students will learn about the musculoskeletal system, its functions, how it coordinates posture, core stability and body mechanics.

RADP 122 Physiology and Cardio-Respiratory Theory and Skills: PTA

1.00 credit (2,0,0) hrs 12 wks

Prerequisite: RADP 120 and 121

Students will learn about the cardio-respiratory and lymphatic systems, and acquire the practical rehabilitation assistant skills used in the treatment of cardiac and pulmonary diseases when working with physiotherapists.

RADP 130 Disease, Injury and Intervention: Musculoskeletal Systems

1.00 credit (2,0,0) hrs 10 wks

Prerequisite: RADP 120 and 121 are prerequisites or co-requisites

Students will learn about diseases and injuries which cause impairment to the musculoskeletal system, usual interventions and effects on a person's activity and participation levels.

RADP 131 Musculoskeletal Theory and Skills: OTA

2.25 credits (2,0,1) hrs 15 wks

Prerequisite: RADP 130 is a prerequisite or co-requisite

Students will learn to apply theory and acquire the practical rehabilitation assistant skills used in the treatment of musculoskeletal diseases and injuries when working with occupational therapists.

RADP 132 Musculoskeletal Theory and Skills: PTA

2.25 credits (1,2,0) hrs 15 wks

Prerequisite: RADP 130 and 131 are prerequisites or co-requisites

Students will learn to apply theory and acquire the practical rehabilitation assistant skills used in the treatment of musculoskeletal diseases and injuries when working with physiotherapists.

RADP 140 Disease, Injury and Intervention: Psychosocial/Cognitive Systems

1.50 credits (2,0,0) hrs 15 wks

Prerequisite: RADP 130, 131 and 132

Students will learn about diseases and injuries which cause impairment to cognitive and/or psychosocial systems, usual interventions and effects on a person's activity and participation levels.

RADP 141 Psychosocial/Cognitive Theory and Skills: OTA/PTA

2.00 credits (2,0,0) hrs 20 wks

Prerequisite: RADP 140 is a prerequisite or co-requisite

Students will learn to apply theory and acquire the practical rehabilitation assistant skills used in the treatment of cognitive and psychosocial diseases and injuries when working with occupational therapists and physiotherapists.

RADP 190 Practicum: Fieldwork I

6.00 credits (0,0,34) hrs 05 wks

Corequisite: RADP 101, 113, 114, 122, 140 and 141

Students will have practical clinical experience necessary to work effectively as a Rehabilitation Assistant supporting occupational therapists, physiotherapists and speech-language pathologists in public or private practice. All fieldwork competencies must be successfully completed at Fieldwork I Level in order to continue in the program.

RADP 201 Advanced Communications in Rehabilitation

1.50 credits (3,0,0) hrs 10 wks

Prerequisite: RADP 101

Students will learn advanced communication skills and learn technological methods to support clinical work with clients, clinicians, interdisciplinary teams and operational work that supports the delivery of rehabilitation services and related records.

RADP 210 Administrative Support Systems for Rehabilitation Assistants

1.50 credits (3,0,0) hrs 10 wks

Corequisite: RADP 230

Students will learn the fundamental data, file management and system skills to support efficient and effective operations within the health care delivery system.

RADP 211 Recreation Techniques for Rehabilitation Assistants

1.50 credits (3,0,0) hrs 10 wks

Prerequisite: RADP 114

Students will gain an understanding of the function and process of recreation activities and how to use these activities to assist people in developing, maintaining or restoring skills to their optimal levels of activity and participation within their community.

RADP 230 Disease, Injury and Intervention: Neurological System

1.50 credits (2,0,0) hrs 15 wks

Prerequisite: RADP 140 and 141

Students will learn about diseases and injuries which cause impairment to the neurological system, usual interventions and effect on a person's activity and participation levels.

RADP 231 Neurology Theory and Skills: OTA

3.00 credits (3,1,0) hrs 15 wks

Prerequisite: RADP 230 is a prerequisite or co-requisite

Students will learn to apply theory and acquire the practical rehabilitation assistant skills used in the treatment of neurological diseases and injuries when working with occupational therapists.

RADP 232 Neurology Theory and Skills: PTA

3.00 credits (1,1,2) hrs 15 wks

Prerequisite: RADP 230 is a prerequisite or co-requisite

Students will learn to apply theory and acquire the practical rehabilitation assistants skills used in the treatment of neurological diseases and injuries when working with physiotherapists.

RADP 233 Neurology Theory and Skills: SLPA

1.50 credits (3,0,0) hrs 10 wks

Prerequisite: RADP 230 is a prerequisite or co-requisite

Students will learn to apply theory and acquire the practical rehabilitation assistant skills used in the treatment of neurological diseases and injuries when working with speech-language pathologists.

RADP 240 Gerontology Theory and Skills: OTA/PTA

2.00 credits (4,0,0) hrs 10 wks

Prerequisite: RADP 230, 231, 232, 233 and 290

Students will learn about aging; the resulting effects on activity, participation, social community; and interventions for safety and maintenance of function used by Rehabilitation Assistants working with occupational therapists and physiotherapists.

RADP 243 Audiology Theory and Skills: SLPA

1.00 credit (2,0,0) hrs 10 wks

Prerequisite: RADP 240 is a prerequisite or co-requisite

Students will learn about hearing, its functions, how it affects communication, and the strategies and devices used to restore function.

RADP 250 Community Integration Theory and Skills: OTA/PTA

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: Completion of all first, second and third term RADP courses

Corequisite: RADP 201, 210, 240 and 243

Students will learn about the delivery of rehabilitation services in the community including maintenance, development or restoration of skills and performance in terms of activity and participation including home, work, and leisure.

RADP 290 Practicum: Fieldwork II

6.00 credits (0,0,34) hrs 05 wks

Prerequisite: RADP 190

Corequisite: RADP 210, 230, 231, 232 and 233

Students will have practical clinical experience necessary to work effectively as a Rehabilitation Assistant supporting occupational therapists, physiotherapists and speech-language pathologists in public or private practice. All fieldwork competencies must be successfully completed at Fieldwork II Level in order to continue in the program.

RADP 291 Practicum: Fieldwork III

6.00 credits (0,0,34) hrs 05 wks

Prerequisite: RADP 290

Corequisite: RADP 201, 211, 240, 243 and 250

In this practical clinical experience, the student will have an opportunity to work at a level comparable to that of employable Rehabilitation Assistants. All fieldwork competencies must be successfully completed at the Graduate Level in order to complete the program and receive a diploma.

Retail Marketing

RMCP 172 Retail Technology/Store Management I

3.00 credits (4,0,0) hrs 15 wks

Retail technology is the introductory segment to Store Management I. This course provides the student with a working knowledge of cash register systems and point of sale terminals as well as the latest in Interac technology. Store Management I is a practical application to retail marketing. Students will do buying, display, promotion, accounting, scheduling and all those managerial skills involved in operating a successful retail store.

RMCP 173 Retail Finance/Store Management II

3.00 credits (4,0,0) hrs 15 wks

A continuation of Store Management I. This extension of the store management course exposes the student to daily systems analysis, banking procedures, monthly accounting practices and money management in a practical setting. A portion of this course has been set aside to do a visual marketing project where field work is required. The employment standards act is also included as part of the curriculum.

RMCP 181 Strategic Retail Buying

3.00 credits (4,0,0) hrs 15 wks

This course teaches students to develop strategies and skills to be successful retail buyers and merchants. Students will apply both quantitative and qualitative methods to devise buying plans for fashion and hard line categories. What to buy, when to buy, from whom to buy, and how much to buy for specific retail formats including digital and traditional bricks and mortar. Up to the minute retail developments will be discussed and applied to course learning outcomes.

Science

SCI 100 Explorations in Science

1.00 credit (1,0,0) hrs 15 wks

This course uses guest speakers, videos and field trips to provide students with an orientation to a career as an applied scientist with a focus on life sciences, clean technology and data science.

SCI 369 Revolutions and Revolutionary Thinking in Science

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 42 credits of 100-level or higher coursework and one of the following: BADM 102, LBST 201, MATH 101, MATH 105, PSYC 213, Pre-calculus 12 (B), or Math Placement Test (Precalculus MPT)

Science is both a body of knowledge and a process of gathering knowledge. As a discipline, there have been key paradigm shifts throughout its history. Scientists triggering the shifts are considered revolutionaries because their ideas changed not only the course and progress of science but also the way humans see

and understand the workings of the world's natural systems. Revolutions in scientific thought have fundamentally transformed society's view of the dynamic relationship between nature and humanity.

Note: SCI 369 is an approved Quantitative/Analytical course for baccalaureate degrees.

Note: SCI 369 is an approved Science course.

SCI 400 Research Project
3.00 credits (0,6,0) hrs 15 wks

Prerequisite: 12 credits of 300-level or higher coursework in designated Science courses from the Faculty of Arts and Sciences

Working in multidisciplinary teams, students complete a scientific research project on a topic they select from a set of approved available options. Weekly seminar meetings address each stage of the research process and involve faculty lead discussions, student presentations and opportunities for teams to receive peer feedback and guidance from faculty advisors.

Note: SCI 400 is an approved Experiential course for Cap Core requirements. SCI 400 is an approved Science and Technology course for Cap Core requirements.

Note: SCI 400 is an approved Quantitative/Analytical course for baccalaureate degrees. SCI 400 is an approved Science course. SCI 400 is an approved Laboratory Science course.

SCI 410 The Science of Sound and Light
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of post-secondary education at 100-level or higher

An introduction to the study of sound and light from a scientific perspective. This course examines the properties of waves, which apply to both sound and light, as well as topics specific to each of the two fields. For sound, these will include hearing, pitch and timbre, resonance, music and musical instruments, the human voice, acoustics, noise, and the human ear. For light, topics will include colour, reflection and refraction, optical instruments, images, and the human eye.

Note: SCI 410 is an approved Quantitative/Analytical course for baccalaureate degrees. SCI 410 is an approved Science course.

Note: While familiarity and facility with mathematics to the high school grade 10-11 level will be helpful, a primer on the mathematical skills required will be included. Graphs will be used whenever possible to visually represent mathematical information.

Social Science

SOSC 249 Social Sciences Field School
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 24 post secondary credits

This course is intended for students who wish to include an overseas field school in their academic curriculum. The Field school will combine on campus course work with experiential learning in the field. Topics and locations will vary depending on the Instructor teaching the course.

SOSC 300 Eco-literacy
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework

This course introduces students to concepts involving ecological practice and connectedness within the framework of bio-environmental sustainability. Students move through several core themes such as: introduction to eco-literacy, applied biodiversity, community sustainability, connectivity and unintended consequences, community resilience, protecting natural systems, and initiating transformational change.

Through lectures, research, site visits, guest speakers and networking, students will gain valuable knowledge on the principles of ecology, practical field-based skills, connection with communities and community leaders, and the role of business and government in an eco-literate society.

SOSC 320 People and the Environment: Past and Future Relationships

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of post-secondary education at 100-level or higher

This course will consider the environment from the perspective of the interrelationships between nature and culture. The first part of the course will examine the history of ideas of human encounters with the environment, and the second part of the course will identify and critically analyse a number of interpretations and controversies shaping current cultural relationships to the natural world as identified by some of the disciplines of geography, economics, anthropology and sociology.

SOSC 349 Social Sciences Study Abroad

6.00 credits (0,0,8) hrs 15 wks

Prerequisite: 24 post secondary credits

This course is intended for students who are participating in a study abroad course overseas such as the Aichi Gakusen Exchange. Students will register in this course before embarking on the study abroad and will be expected to complete specific assignments according to the course outline.

SOSC 401 Contemporary Issues: The Presence of the Past

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of post-secondary education at 100-level or higher

This course will focus upon case studies that address the presence of the past in contemporary society. The course will be interdisciplinary, and may address such topics as land claims, language rights, globalization, ethnic relations, the role of tradition, the nature of historical and archaeological knowledge, and the forces of political, economic and social change.

Sociology

SOC 100 Social Structures

3.00 credits (4,0,0) hrs 15 wks

Society is comprised of institutions such as the family, religion, mass media and education, as well as rules, customs, laws and ideologies. Our society is also embedded with structural inequalities related to gender, social class and ethnicity. Utilizing what has been termed "the sociological imagination," this course looks at how we are influenced by these aspects of society and how in turn we shape society through our actions.

Note: SOC 100 is an approved Self and Society course for Cap Core requirements.

SOC 101 Concepts and Theories of Society

3.00 credits (4,0,0) hrs 15 wks

With current social conditions in mind, this course analyzes the general development of sociological thought in the 19th and 20th centuries. We will look at a variety of sociological theories and approaches to understanding society (structural functionalism, conflict theory, symbolic interactionism, feminism, and others) and employ these approaches to analyze events of current interest, importance and impact in society.

Note: SOC 101 is an approved Self and Society course for Cap Core requirements.

SOC 200 Identity, Culture, and Power

3.00 credits (4,0,0) hrs 15 wks

Society is a clash of identities. This can be seen in the struggle over LGBTQ rights, the rise of nationalism, racial profiling by police and border agents against people of colour, and the ongoing inequalities faced by Indigenous peoples. Students will look at the implications of these confrontations over identity. They will be challenged to identify the underlying sociological causes of contemporary social, political, and economic events.

Note: SOC 200 is an approved Self and Society course for Cap Core requirements.

SOC 201 Social Problems in BC

3.00 credits (4,0,0) hrs 15 wks

British Columbians face a housing crisis, an epidemic of drug and alcohol addiction, and increasing university tuition. Some low-income people find a means of survival in the sex trade, while Indigenous British Columbians face disproportionate levels of poverty and discrimination. Extreme wealth and poverty sit side-by-side. Despite a reputation as a "green" city, Vancouver is home to many environmentally destructive industries. This course will make sense of the sociological causes of these problems.

Note: SOC 201 is an approved Self and Society course for Cap Core requirements.

SOC 210 Sociology of Popular Culture

3.00 credits (4,0,0) hrs 15 wks

This course will explore sociological theories and ideas about popular culture from the nineteenth century to the present day. Students will analyze the social context that surrounds the production and consumption of cultural products such as art, music, film, fashion and television.

Note: SOC 210 is an approved Self and Society course for Cap Core requirements.

SOC 211 Global Issues

3.00 credits (4,0,0) hrs 15 wks

More than 20,000 people around the world die every day from hunger, and about 20% of the world's population live on less than \$1.25 a day. At the same time, countries like China, Brazil, and India have rapidly industrialized. Tens of millions have moved out of poverty, while trade and tourism have brought us closer together. Students will investigate the social, economic, and political causes of development, underdevelopment, and globalization.

Note: SOC 211 is an approved Self and Society course for Cap Core requirements.

SOC 222 Sociology of the Arts

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: SOC 100 or 101

A sociological study of art and artists in western and non-western societies. The course will relate the various art forms (painting, music, literature) to the social context in which they exist and to their social production; hence it will develop an understanding of the interrelationships between ideas (aesthetic codes), social institutions, cultural politics and political economy. This course is particularly recommended as a complement to SOC. 101 or 223.

SOC 223 Media and Society

3.00 credits (4,0,0) hrs 15 wks

The media have powerfully shaped society since the invention of the printing press. Modern media such as television and the internet affect how we see ourselves and how we relate to one another. This course investigates the relationship between the media and gender and racial inequality, corporate and government power, and citizen activism. Students will also examine the effects of social media on our sense of self and our society.

Note: SOC 223 is an approved Self and Society course for Cap Core requirements.

SOC 300 The Sociology of Consumer Culture

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework

This course looks at the construction of consumer culture in contemporary society. Specific attention is paid to the processes by which consumer society is created, reproduced and sustained through the media and advertising. It will examine the processes by which the role of the consumer is created and the impacts and implications for personal identity and society as a whole. This course is situated in the historical and current debates on ideology, political economy and capitalism as well as the social construction perspective.

Note: SOC 300 is an approved Self and Society course for Cap Core requirements.

SOC 301 Social Inequality

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework

Canadian society faces numerous social divisions, such as those between rich and poor, women and men, and Aboriginal and non-Aboriginal people. These differences lead to important social outcomes, as in access to health care, seniors' pensions, or the wages we earn in our jobs. The student will use theories and research to understand social inequality in Canada today.

Note: SOC 301 is an approved Self and Society course for Cap Core requirements.

SOC 302 Sociology of Climate Change

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework

Scientists agree that human activity is creating a climate crisis. The social effects of this crisis will be experienced depending on whether you are rich or poor, or live in the global South or North. Students will look at the role of human society in climate change, in particular at consumerism, the fossil fuel industry, and the role of the media, as well as at possible solutions to the crisis.

Note: SOC 302 is an approved Self and Society course for Cap Core requirements.

SOC 320 Technology, Work, and Society

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework

This course examines the technological and social changes that have created our contemporary world of work. It identifies the way that gender, race/ethnicity, age, sexuality, and other factors shape the experience of work, and surveys the role of technology in the relations between owners, managers, and employees. It links these issues with students' own experience of work, and their aspirations for their future careers.

Note: SOC 320 is an approved Self and Society course for Cap Core requirements.

SOC 330 Sociology of the City: Issues and Processes of Exclusion

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework including SOC 100 or SOC 101

The City is a hot topic among policy makers, cultural creative, and academics. Urban issues and processes of exclusion including gentrification are linked to globalization and the increasing commodification of everyday life. This course will provide students with the opportunity to examine processes of exclusion in Los Angeles, Paris and Shanghai, but will also use Vancouver as a living laboratory.

Note: SOC 330 is an approved Self and Society course for Cap Core requirements.

SOC 340 Migration And Displacement

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework

This course looks at the complexities surrounding global migration, including the plight of refugees, factors motivating different types of migration, and the way migrant issues are framed within receiving countries. Students will have the opportunity to reflect on Canada's approach to migration as well as the situation of migrants living within other countries.

Note: SOC 340 is an approved Self and Society course for Cap Core requirements.

SOC 351 Modernism, Postmodernism, and Society

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework

Sociological tradition argues that empirical social science can be used as a tool to change society for the better. "Postmodern" social theories emerged in the 1970s to criticize these mainstream assumptions, about rational science, revolutionary politics, and the "grand narrative" of progress. The debate continues, and this course will provide an overview of the social theories involved and the social changes that provide the context for these theories.

Note: SOC 351 is an approved Self and Society course for Cap Core requirements.

SOC 352 Marxism and Social Theory

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework

While Karl Marx's ideas seemed to collapse with the fall of communism in the Soviet Union and Eastern Bloc, this course will argue that Marx is better seen as a critic of capitalism rather than a theorist of communism. His analysis of subjects such as class struggle, the magical lure of commodities, and the spread of globalization remain relevant today. Indeed, many contemporary thinkers have taken Marx's ideas and reworked them in ways that provide an original and critical view of our society.

Note: SOC 353 is an approved Self and Society course for Cap Core requirements.

SOC 490 Directed Studies

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 15 credits of 300-level or higher coursework including 3 credits of 300-level or higher SOC

Students will work with a Sociology faculty member to guide them in an independent study or research project. Specific course details will be arranged between individual students and faculty members.

Spanish

SPAN 100 Beginner Spanish Language and Culture I

4.00 credits (4,0.75,1) hrs 15 wks

This is a beginners' course which offers a comprehensive introduction to the Spanish language and culture. Emphasis is placed on grammar and the development of the students' speaking, understanding, reading and writing skills.

Note: SPAN 100 is an approved Culture and Creative Expression course for Cap Core requirements.

Note: This is not a course for students with training or background in Spanish.

SPAN 101 Beginner Spanish Language and Culture II

4.00 credits (4,0.75,1) hrs 15 wks

Prerequisite: SPAN 100 or Spanish 11

A continuation of the work of SPAN 100. Must be taken in order to realize first year level college/university Spanish. Recommended also for those who are considering taking SPAN 200 and need review work.

Note: SPAN 101 is an approved Culture and Creative Expression course for Cap Core requirements.

SPAN 200 Intermediate Spanish Language and Culture I

4.00 credits (4,0.75,1) hrs 15 wks

Prerequisite: SPAN 101 or Spanish 12

A review of Spanish grammar with special emphasis on problematic areas normally encountered by students of the language. The reading, writing and oral fluency of the student will be improved through translations, compositions and extensive conversation practice. Also, the student will be introduced to Hispanic Literature.

Note: SPAN 200 is an approved Culture and Creative Expression course for Cap Core requirements.

SPAN 201 Intermediate Spanish Language and Culture II

4.00 credits (4,0.75,1) hrs 15 wks

Prerequisite: SPAN 200

A continuation of the work of SPAN 200. This course should be taken, wherever possible, in the term following SPAN 200.

Note: SPAN 201 is an approved Culture and Creative Expression course for Cap Core requirements.

SPAN 300 Advanced Spanish I

4.00 credits (4,0.75,1) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework including SPAN 201

This course is a continuation of SPAN 201; it is designed for students who want to take their oral, spoken and written abilities to the next level of fluency. Students will engage in readings, text analysis, translation, writing exercises and oral presentations that develop their knowledge of grammar and vocabulary of Spanish.

Special Education Assistant

SEA 100 History, Philosophy and Issues in Special Education

1.50 credits (5,0,0) hrs 06 wks

Prerequisite: SEA 102

The student will gain an understanding of the historical and philosophical issues in the field of special education.

SEA 101 Working in Schools

1.50 credits (5,0,0) hrs 06 wks

The student will gain an understanding of the school system and the EA role within that setting.

SEA 102 Interpersonal Skills for Education Assistants

1.50 credits (30,0,0) hrs 01 wks

The emphasis of this course is practicing the application of basic communication principles, interpersonal and problem solving skills.

SEA 103 Challenging Behaviours & Mental Health Concerns

3.00 credits (4,0,0) hrs 15 wks

Students will gain knowledge of various behaviour profiles and develop an understanding of how to support children with behavioural difficulties in a school setting. 15 hours of NVCI certification is also included.

SEA 105 Exploring Diverse Learners in Schools

3.00 credits (4,0,0) hrs 15 wks

The student will explore philosophical and current issues emphasized in inclusive education through definition, etiology, prevalence and implications for learning in the various areas of exceptionality. A practical skills introduction is included.

SEA 106 Supporting Students with Technology and AAC Systems**3.00 credits (4,0,0) hrs 15 wks**

EA students will become familiar with a wide range of low and high technology adaptations for students with disabilities. Common computer hardware and software that are used in school will be explored. Students will learn how the school system and related agencies assess the needs of students who present with a wide range of abilities and provide appropriate adaptations. Also covered will be the relationship between teachers, related professionals, and the education assistants in term of educational planning and implementation of plans regarding technology. Ten hours of basic signing is also included.

Note: Familiarity with basic computer skills/word processing on both MAC and PC

SEA 107 Strategies to Support Students Requiring Accommodations**3.00 credits (4,0,0) hrs 15 wks**

Prerequisite: SEA 103

The student will gain knowledge of and experience with a range of accommodation strategies suitable for inclusion of students K-grade 12.

SEA 108 Strategies to Support Students on Individualized Programs**1.50 credits (3,0,0) hrs 10 wks**

The student will gain knowledge of and experience with a range of instructional strategies suitable for inclusion of students on individualized programs in K-grade 12.

SEA 109 Practicum/Capstone Project for the Education Assistant**6.00 credits (2,0,8) hrs 15 wks**

Prerequisite: SEA 100, 101, 102, 103, 105, 106, 107, 108 and 110

The student will gain the practical experience necessary to work effectively as an EA in the classroom supporting students K-grade 12 who present with a wide range of abilities. For those students already employed in an EA role, a capstone project will be completed.

Note: Students must have current TB test, criminal records check and First Aid/CPR Level C certificate and approval by the EA Department

SEA 110 Supporting Students with Autism Spectrum Disorder**3.00 credits (4,0,0) hrs 15 wks**

Students will gain knowledge of best practices in autism and develop an understanding of how to support students with ASD in a wide range of school environments.

Statistics

STAT 101 Introduction to Statistics**3.00 credits (4,0,0) hrs 15 wks**

Prerequisite: Math Placement Test (MPT); or MATH 097; or MATH 091 or BMTH 043 with a minimum C+ grade; or MATH 096 or BMTH 044 with a minimum C- grade; or MATH 123 or BMTH 048 or Pre-calculus 11 or Principles of Math 11 or Foundations of Math 11 or Applications of Math 11 with a minimum C grade

An introduction to the language of statistics and some statistical methods, including random variables and their distribution; random sampling, normal distribution, estimation of parameters and testing hypotheses.

Note: STAT 101 is an approved Numeracy course for Cap Core requirements. STAT 101 is an approved Science and Technology course for Cap Core requirements.

Note: STAT 101 is an approved Quantitative/Analytical course for baccalaureate degrees. STAT 101 is an approved Science course. STAT 101 is equivalent to MATH 101 and MATH 204. Duplicate credit will not be granted for this course and MATH 101 or MATH 204.

STAT 205 Introduction to Probability and Statistics

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: MATH 126 with a minimum C- grade

A calculus-based study of probability, discrete and continuous random variables, mathematical expectation, moment generating functions, Central Limit Theorem, sampling from normal populations, confidence intervals, hypothesis testing.

Note: STAT 205 is an approved Quantitative/Analytical course for baccalaureate degrees. STAT 205 is an approved Science course.

Note: STAT 205 is equivalent to MATH 205. Duplicate credit will not be granted for this course and MATH 205.

STAT 301 Data Analysis in Action

3.00 credits (2,2,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework including one of the following: BADM 210, LBST 201, MATH 101, PSYC 213, or TOUR 350.

The ability to analyze data is an increasingly important skill in many fields of study. This problem-based course introduces common inferential statistics and data analysis techniques to students interested in improving critical thinking about data and evidence-based decision making. Students will explore different data visualization and data analysis techniques in the context of practical problems and students will investigate predictive analysis techniques using statistical software or spreadsheet add-ins.

Note: STAT 301 is an approved Quantitative/Analytical course for baccalaureate degrees.

Note: STAT 301 is an approved Science course.

STAT 305 Introduction to Data Science

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: COMP 215 and one of: STAT 101, LBST 201, BADM 210, PSYC 213 OR TOUR 350

This course introduces modern tools and techniques used for manipulation, analysis and visualization of data using software. Students will study regression models to make predictions and analyze the relationship between variables. Students will gain hands-on experience visualizing, analyzing, and interpreting data from multiple disciplines such as social sciences, life sciences, physical sciences, economics, education, and engineering.

Note: STAT 305 is an approved Science and Technology course for Cap Core requirements.

Note: STAT 305 is an approved Science course. STAT 305 is an approved Quantitative/Analytical course for baccalaureate degrees.

STAT 310 Design and Analysis of Experiments

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: STAT 101 or LBST 201 or BADM 210 or PSYC 213 or TOUR 350

This course gives a practical introduction to experimental designs. Students will design single-factor and factorial experiments. Students will analyze the effect of each factor as well as the interaction effect among factors. Commonly used statistical tests such as t-tests and ANOVAs will be used for analyzing the data.

Students will gain hands-on experience applying statistical techniques to real-world data from multiple disciplines such as social sciences, life sciences, physical sciences, economics, education, and engineering.

Note: STAT 310 is an approved Science and Technology course for Cap Core requirements.

Note: STAT 310 is an approved Science course. STAT 310 is an approved Quantitative/Analytical course for baccalaureate degrees.

Study Abroad - ABA (Autism)

SAAB 300 Study Abroad - Applied Behaviour Analysis (Autism)

0.00 credits (4,0,0) hrs 15 wks

The Arts in Applied Behaviour Analysis - Autism program has developed exchange partnerships with institutions around the globe. The program provides students the opportunity to study up to one term abroad, while paying Capilano University tuition fees and earning University credits towards degree completion. Most partner institutions offer programs in English and in all cases students will gain invaluable academic and cultural experiences.

SAAB 301 Study Abroad - Applied Behaviour Analysis (Autism)

0.00 credits (4,0,0) hrs 15 wks

The Arts in Applied Behaviour Analysis - Autism program has developed exchange partnerships with institutions around the globe. The program provides students the opportunity to study up to one term abroad, while paying Capilano University tuition fees and earning University credits towards degree completion. Most partner institutions offer programs in English and in all cases students will gain invaluable academic and cultural experiences.

SAAB 302 Study Abroad - Applied Behaviour Analysis (Autism)

0.00 credits (4,0,0) hrs 15 wks

The Arts in Applied Behaviour Analysis - Autism program has developed exchange partnerships with institutions around the globe. The program provides students the opportunity to study up to one term abroad, while paying Capilano University tuition fees and earning University credits towards degree completion. Most partner institutions offer programs in English and in all cases students will gain invaluable academic and cultural experiences.

SAAB 303 Study Abroad - Applied Behaviour Analysis (Autism)

0.00 credits (4,0,0) hrs 15 wks

The Arts in Applied Behaviour Analysis - Autism program has developed exchange partnerships with institutions around the globe. The program provides students the opportunity to study up to one term abroad, while paying Capilano University tuition fees and earning University credits towards degree completion. Most partner institutions offer programs in English and in all cases students will gain invaluable academic and cultural experiences.

SAAB 304 Study Abroad - Applied Behaviour Analysis (Autism)

0.00 credits (4,0,0) hrs 15 wks

The Arts in Applied Behaviour Analysis - Autism program has developed exchange partnerships with institutions around the globe. The program provides students the opportunity to study up to one term abroad, while paying Capilano University tuition fees and earning University credits towards degree completion. Most partner institutions offer programs in English and in all cases students will gain invaluable academic and cultural experiences.

SAAB 305 Study Abroad - Applied Behaviour Analysis (Autism)

0.00 credits (4,0,0) hrs 15 wks

Most partner institutions offer programs in English and in all cases students will gain invaluable academic and cultural experiences

SAMP 308 Study Abroad - Motion Picture Arts

0.00 credits (4,0,0) hrs 15 wks

The Motion Picture Arts program has developed exchange partnerships with institutions around the globe. The program provides students the opportunity to study up to one term abroad, while paying Capilano University tuition fees and earning University credits towards degree completion. Most partner institutions offer programs in English and in all cases students will gain invaluable academic and cultural experiences.

SAMP 309 Study Abroad - Motion Picture Arts

0.00 credits (4,0,0) hrs 15 wks

The Motion Picture Arts program has developed exchange partnerships with institutions around the globe. The program provides students the opportunity to study up to one term abroad, while paying Capilano University tuition fees and earning University credits towards degree completion. Most partner institutions offer programs in English and in all cases students will gain invaluable academic and cultural experiences.

Study Abroad - Social Sciences

SASS 200 Study Abroad/Student Exchange (Social Sciences)

0.00 credits (4,0,0) hrs 15 wks

This course is a field study course. Students will register in this course before they embark on Social Sciences studies as part of a study abroad program at another institution.

SASS 201 Study Abroad/Student Exchange (Social Sciences)

0.00 credits (4,0,0) hrs 15 wks

This course is a field study course. Students will register in this course before they embark on Social Sciences studies as part of a study abroad program at another institution.

SASS 202 Study Abroad/Student Exchange (Social Sciences)

0.00 credits (4,0,0) hrs 15 wks

This course is a field study course. Students will register in this course before they embark on Social Sciences studies as part of a study abroad program at another institution.

SASS 203 Study Abroad/Student Exchange (Social Sciences)

0.00 credits (4,0,0) hrs 15 wks

This course is a field study course. Students will register in this course before they embark on Social Sciences studies as part of a study abroad program at another institution.

SASS 204 Study Abroad/Student Exchange (Social Sciences)

0.00 credits (4,0,0) hrs 15 wks

This course is a field study course. Students will register in this course before they embark on Social Sciences studies as part of a study abroad program at another institution.

SASS 205 Study Abroad/Student Exchange (Social Sciences)
0.00 credits (4,0,0) hrs 15 wks

This course is a field study course. Students will register in this course before they embark on Social Sciences studies as part of a study abroad program at another institution.

Study Abroad - Tourism/OREC

SATO 201 Study Abroad/Student Exchange (Tourism/OREC)
0.00 credits (0,0,2) hrs 15 wks

These Study Abroad courses in Tourism Management bank credits that allow students to embark upon a variety of international (and national) study experiences with other partner colleges, universities or agencies/organizations. Programs of study can consist of academic courses, practicum, field skills development and/or co-op. Normally, students will be registered in these courses after being accepted in a study abroad program such as a study tour, field school or student exchange partnership.

SATO 202 Study Abroad/Student Exchange (Tourism/OREC)
0.00 credits (0,0,4) hrs 15 wks

These Study Abroad courses in Tourism Management bank credits that allow students to embark upon a variety of international (and national) study experiences with other partner colleges, universities or agencies/organizations. Programs of study can consist of academic courses, practicum, field skills development and/or co-op. Normally, students will be registered in these courses after being accepted in a study abroad program such as a study tour, field school or student exchange partnership.

SATO 203 Study Abroad/Student Exchange (Tourism/OREC)
0.00 credits (0,0,4) hrs 15 wks

These Study Abroad courses in Tourism Management bank credits that allow students to embark upon a variety of international (and national) study experiences with other partner colleges, universities or agencies/organizations. Programs of study can consist of academic courses, practicum, field skills development and/or co-op. Normally, students will be registered in these courses after being accepted in a study abroad program such as a study tour, field school or student exchange partnership.

SATO 204 Study Abroad/Student Exchange (Tourism/OREC)
0.00 credits (0,0,4) hrs 15 wks

These Study Abroad courses in Tourism Management bank credits that allow students to embark upon a variety of international (and national) study experiences with other partner colleges, universities or agencies/organizations. Programs of study can consist of academic courses, practicum, field skills development and/or co-op. Normally, students will be registered in these courses after being accepted in a study abroad program such as a study tour, field school or student exchange partnership.

SATO 205 Study Abroad/Student Exchange (Tourism/OREC)
0.00 credits (0,0,4) hrs 15 wks

These Study Abroad courses in Tourism Management bank credits that allow students to embark upon a variety of international (and national) study experiences with other partner colleges, universities or agencies/organizations. Programs of study can consist of academic courses, practicum, field skills development and/or co-op. Normally, students will be registered in these courses after being accepted in a study abroad program such as a study tour, field school or student exchange partnership.

SATO 206 Study Abroad/Student Exchange (Tourism/OREC)

0.00 credits (0,0,4) hrs 15 wks

These Study Abroad courses in Tourism Management bank credits that allow students to embark upon a variety of international (and national) study experiences with other partner colleges, universities or agencies/organizations. Programs of study can consist of academic courses, practicum, field skills development and/or co-op. Normally, students will be registered in these courses after being accepted in a study abroad program such as a study tour, field school or student exchange partnership.

SATO 301 Study Abroad/Student Exchange (Tourism/OREC)

Technical Theatre

TECT 130 Theatre Crew Responsibilities

1.50 credits (2,0,0) hrs 15 wks

This course will familiarize students with the equipment and technology found in a working full production range theatre, learning the terminology and developing the skills used in theatrical productions.

TECT 132 Stagecraft and Grip Production

4.50 credits (1,0,11) hrs 15 wks

Prerequisite: TECT 130 as a pre- or co-requisite

Students are creatively involved in projects involving a wide range of professional theatrical and music performances including stage, jazz and music concert based student productions each term. They explore various areas of stage grip responsibilities in experiential learning environments, developing their technical skills to a good- to - excellent level.

TECT 134 Theatrical Production and Design

3.00 credits (4,0,0) hrs 15 wks

This course is an introduction to some of the basic elements of theatrical production and design and will help develop skills in scenic painting, properties, carpentry, and theatrical rigging. Students will be exposed to a wide range of theatrical materials and techniques, as well as background information on design, staging, and working in technical theatre.

TECT 136 Scenic Construction

1.50 credits (2,0,0) hrs 15 wks

This course will familiarize students with the terminology, skills, and equipment necessary to function as a member of a set construction crew.

TECT 138 Stagecraft and Scenic Construction Production

4.00 credits (1,0,9.6) hrs 15 wks

Prerequisite: TECT 136 as a pre- or co-requisite

Students are creatively involved in projects involving a wide range of professional theatrical and music performances, including stage, jazz and music concert-based student productions each term. They explore various areas of scenic construction in experiential learning environments, developing their technical skills to a good- to - excellent level.

TECT 140 Stagecraft and Theatrical Production Design

3.50 credits (1,0,7) hrs 15 wks

Prerequisite: TECT 134 as a pre- or co-requisite

Students are creatively involved in projects involving a wide range of professional theatrical and music performances, including stage, jazz and music concert-based student productions each term. They explore various areas of theatrical production design in experiential learning environments, developing their technical skills to a good- to - excellent level.

TECT 210 Senior Production and Theatrical Design I

1.50 credits (2,0,0) hrs 15 wks

Prerequisite: ENGL 100 and TECT 134

An introduction to the theory and practice of the duties of the set designer. By the end of the course, students should be able to successfully create a scenic design from start to finish.

TECT 211 Senior Production and Theatrical Design II

1.50 credits (2,0,0) hrs 15 wks

Prerequisite: TECT 210

This course will introduce the student to the theory and practice of the duties of senior production personnel. By the end of the course, they should be familiar with the skills necessary to fulfill the duties required of the Technical Director, Designer and Department Heads in Carpentry.

TECT 212 Theatrical Lighting and Design

1.50 credits (2,0,0) hrs 15 wks

Prerequisite: ENGL 100 and TECT 134

This course will help develop an understanding of lighting design and instrument operation. Students will receive hands on experience with lighting equipment.

TECT 214 Scenic Art

1.50 credits (2,0,0) hrs 15 wks

Prerequisite: ENGL 100 and TECT 134

This course is a study of theory, techniques, and practice of creating scenic art for the stage. Students will explore colour, line, and shape as it relates to theatrical form.

TECT 216 Stagecraft and Scenic Art Responsibilities

5.00 credits (1,0,12.3) hrs 15 wks

Prerequisite: ENGL 100 and TECT 134, and TECT 214 as a pre- or co-requisite

This is a 200 level continuation of a series of courses where students are creatively involved in projects involving a wide range of professional theatrical and music performances, including stage, jazz and music concert-based student productions each term. They explore various areas of scenic art in experiential learning environments, developing their technical skills to a good- to - excellent level.

TECT 218 Stagecraft and Lighting Design

5.00 credits (1,0,12.3) hrs 15 wks

Prerequisite: ENGL 100 and TECT 134, and TECT 212 as a pre- or co-requisite

This is a 200 level continuation of a series of courses where students are creatively involved in projects involving a wide range of professional theatrical and music performances, including stage, jazz and music concert-based student productions each term. They explore various areas of lighting design in experiential learning environments, developing their technical skills to a good- to - excellent level.

TECT 220 Live and Studio Sound Design

1.50 credits (2,0,0) hrs 15 wks

Prerequisite: TECT 134

This course will familiarize students with sound and audio terminology, skills and equipment used in live and studio sound production.

TECT 222 Properties Design

1.50 credits (2,0,0) hrs 15 wks

Prerequisite: TECT 134

This course is a study of the theory, techniques, and practice of creating stage properties. Students will work in a variety of mediums as they create various prop elements for different theatrical productions.

TECT 224 Stagecraft and Senior Production Responsibilities

5.00 credits (1,0,12.3) hrs 15 wks

Prerequisite: TECT 211 as a pre- or co-requisite

This is a 200 level continuation of a series of courses where students are creatively involved in projects involving a wide range of professional theatrical and music performances, including stage, jazz and music concert-based student productions each term. They explore various areas of senior production responsibilities in experiential learning environments, developing their technical skills to a good- to - excellent level.

TECT 226 Stagecraft and Properties

6.00 credits (1,0,15) hrs 15 wks

Prerequisite: TECT 222 as a pre- or co-requisite

This is a 200 level continuation of a series of courses where students are creatively involved in projects involving a wide range of professional theatrical and music performances, including stage, jazz and music concert-based student productions each term. They explore various areas of theatrical properties in experiential learning environments, developing their technical skills to a good- to - excellent level.

TECT 374 Theatre Institute I - Production

12.00 credits (1,0,30) hrs 15 wks

This is part one of the Theatre Institute program focusing on production and stage management. Students will attend a tutorial production seminar, and complete their first and second projects. (The second project may be done in the second term.)

TECT 375 Theatre Institute II - Production

12.00 credits (1,0,30) hrs 15 wks

This is part two of the Theatre Institute program focusing on production and stage management. Students will attend a tutorial production seminar, and complete their second (if not completed in the previous term) and third projects.

Textile Arts

TXTL 120 Dyeing and Breakdown for Film and Theatre I

3.00 credits (4,0,0) hrs 15 wks

An introduction to textile arts and dyeing for the costumer applied to film and theatre.

TXTL 121 Dyeing and Breakdown for Film and Theatre II

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: TXTL 120

A further exploration of textile arts and dying with an emphasis on techniques used to age costumes and break down fabrics.

TXTL 220 Textile Arts for Costumers

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: TXTL 121

This course considers the application of textile arts techniques to the creation of costumes for stage and screen. A wide range of techniques and materials will be discussed. Specific techniques will be explored in class with exercises and projects pertinent to their application to costume creation.

Theatre

THTR 152 Costume Production I

3.00 credits (2,4,0) hrs 15 wks

An introduction to the theory and practice of the duties of the costume designer and other members of the costume department in a producing theatre company.

Note: For Costuming for Film and Theatre program students only.

THTR 153 Costume Production II

3.00 credits (2,4,0) hrs 15 wks

Prerequisite: THTR 152

A continuation of THTR 152.

Note: For Costuming for Film and Theatre program students only.

THTR 160 Technical Theatre Fundamentals

3.00 credits (4,0,0) hrs 15 wks

This course provides an introduction to the basic elements of technical production and design. Students will receive instruction in a wide range of topics in technical theatre.

THTR 266 Costume Production III

3.00 credits (2,4,0) hrs 15 wks

Prerequisite: THTR 153

Students work in assigned key level positions in all areas of costume production and management for theatre department productions. Working in a mentored situation, students will be directly involved in producing the costumes for one or more Theatre department mainstage productions. Instruction will take the form of practical demonstrations, and supervised work on assigned projects.

Note: THTR 266 is an approved Experiential course for Cap Core requirements.

THTR 267 Costume Production IV

3.00 credits (2,4,0) hrs 15 wks

Prerequisite: THTR 266

Following THTR 266, students have opportunities to work in more and different positions in the costuming of the Theatre Department main stage shows, and therefore expand their knowledge base in the production of large scale live theatrical productions.

Note: THTR 267 is an approved Experiential course for Cap Core requirements.

Note: THTR 267 is an approved Capstone course for Cap Core requirements.

Theatre Institute - Directing

INST 370 Theatre Institute I - Directing

12.00 credits (1,0,30) hrs 15 wks

This is part one of the Theatre Institute program focusing on directing. Students will attend a tutorial seminar, direct scenes, and complete their first project as an assistant director or director.

INST 371 Theatre Institute II - Directing

12.00 credits (1,0,30) hrs 15 wks

This is part two of the Theatre Institute program focusing on directing. Students will attend a tutorial seminar, direct scenes, and complete their second project as an assistant director or director.

Tourism Management

TOUR 104 Marine Tourism and Interpretation

3.00 credits (6,0,0) hrs 10 wks

The objective of this course is to enable students to develop an awareness and understanding of the marine near-shore environment. The content will focus on learning about marine resources within the context of tourism development and responsible stewardship by user groups within the marine tourism field.

TOUR 111 Tourism & Hospitality Management: A Global Network

3.00 credits (4,0,0) hrs 15 wks

Tourism and hospitality have been experiencing global growth and are one of the fastest growing economic sectors. Students will explore the current industry theory and application while discovering its interrelationship in global tourism, its economic, social, environmental and cultural impacts. Students are introduced to the history, common vocabulary, guest motivators, destination planning, evolving issues and trends that impact the industry including Indigenous tourism, technology and community-based tourism.

Note: TOUR 111 is an approved Self and Society course for Cap Core requirements.

Note: TOUR 111 is equivalent to REC 110, REC 111 and/or TOUR 160. Duplicate credit will not be granted for this course and REC 110, REC 111 and/or TOUR 160.

TOUR 112 Tourism Marketing I

3.00 credits (4,0,0) hrs 15 wks

This course focuses on the essentials of marketing, including key marketing concepts, methods of analysis, and the marketing process. These topics are primarily explored in the context of developing sound strategies to manage profitable customer relationships in the tourism and hospitality industries. The course incorporates such topics as environmental and market analysis, the elements of the marketing mix (product, pricing, promotion, and distribution), and corresponding strategies.

TOUR 113 Human Resource Management in Tourism

3.00 credits (4,0,0) hrs 15 wks

Human resource issues, job analysis, recruitment, interviewing, orientation, training and development, performance management, legislation, and labour-management relations.

TOUR 114 Organizational Behaviour in Tourism

3.00 credits (4,0,0) hrs 15 wks

Today's organizations are complex, global in nature, and diverse. This course focuses on how individuals function effectively by examining leadership behaviour from an individual, small group, inter-group and organizational perspective. Using participatory models and experiential exercises students will discover effective communication strategies for leading organizations to achieve their goals.

TOUR 116 Financial Planning in Tourism I

3.00 credits (4,0,0) hrs 15 wks

Designed to provide future entrepreneurs and managers in the field of tourism an introductory review of the basic accounting and planning skills required for small business operations. This course will also cover

basic financial statement analysis for the purpose of providing information to meet the needs of investors, owners and management.

Note: This is an approved Quantitative/Analytical course for baccalaureate degrees.

TOUR 120 Adventure and Eco-Tourism

3.00 credits (4,0,0) hrs 15 wks

Adventure tourism products will be examined; economic impact of the industry, selling adventure tourism, identifying markets, packaging, legal liability, organization and structure of the industry, government's role in area and activity management, resource management issues, protecting resource areas, eco-tourism issues, land use planning, and product opportunities.

TOUR 131 Tourism Product Development

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: TOUR 111 or TOUR 160 or REC 111

With today's intense global competition for tourists combined with the subjective and tangible nature of the tourism experience, operations and destinations are now compelled to analytically and methodically develop appropriate tourism products. This course will examine how to effectively develop, package and position tourism products for success in the market-place.

TOUR 133 Tourism Career Management

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 12 credits of 100-level or higher coursework including TOUR 111 or TOUR 160 or REC 111

This course will provide career counselling, job search coaching, feedback, tips, tools and techniques for tourism educational and career development through one-on-one meetings, class workshops, industry forums, and networking opportunities. Course work will focus on defining and developing skills necessary for the job search process. The course will provide tools and strategies to prepare students to research, apply for, and secure an appropriate placement. Confidence in interview skills and presentation skills will be strengthened through workshop activities. Students will develop a personal career plan to help in identifying workplace opportunities consistent with defined career and educational goals.

Note: TOUR 133 is equivalent to REC 191. Duplicate credit will not be granted for this course and REC 191.

TOUR 134 Promotions Management for Tourism and Hospitality

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: TOUR 112

This course covers the "P" in promotions and expands on the material covered in TOUR 112, Tourism Marketing. Emphasis will be placed on the unique requirements of promoting products and services within the tourism and hospitality industries.

TOUR 135 Hospitality Operations

3.00 credits (4,0,0) hrs 15 wks

This course takes a management perspective in introducing the lodging industry, with emphasis on the industry's management, ownership and scope. Students become familiar with the organizational structures of both front and back offices of a hotel; roles and functional interrelationships of various departments within a hotel as well as an understanding of the major segments within the lodging industry. This course covers historical developments of the industry, roles and functions of key departments, trends and future directions, as well as the dynamics of the hospitality industry.

TOUR 137 Hospitality Operations & Food & Beverage Management in Destination Resort Environments

3.00 credits (3,0,1) hrs 15 wks

This course introduces hospitality operations and food & beverage management within the tourism industry. The course studies topics such as organizational structures of hotels, casinos, spas, convention centre operations, roles and functional interrelationships of various organizational departments and their strengths and interests as they relate to hospitality operations. Students will learn to analyze a hospitality operation and understand the food and beverage operation as part of the resort environment through menu planning, inventory control, and food and beverage service.

TOUR 140 Tourism Co-op Work Experience

6.00 credits (0,0,33.33) hrs 15 wks

Prerequisite: 24 credits of 100-level or higher coursework including TOUR 133

The student co-op work experience is designed to provide a period of full-time, productive, paid employment in industry or government. The co-op work experience enables the student to apply classroom theory and skills to employment practices. It provides the student, faculty, and the employer with a measuring device for assessing the student's approach to full-time employment.

Note: TOUR 140 is an approved Experiential course for Cap Core requirements.

Note: TOUR 140 is equivalent to REC 260. Duplicate credit will not be granted for this course and REC 260.

TOUR 142 Building Cultural Connections Through Gastronomy Tourism

3.00 credits (4,0,0) hrs 15 wks

This course introduces students to gastronomy tourism, its impacts and growth opportunities as a vehicle of cultural expression and national identity. The students will investigate various global case studies that tackle planning and promotion of gastronomic experiences through Indigenous, local and national initiatives. Learners will also be able to create authentic gastronomic experiences such as food trails, tours and festivals that reflect understanding of terroir, culture and partnerships and align with tourism strategies and market needs.

Note: TOUR 142 is an approved Culture and Creative Expression course for Cap Core requirements.

TOUR 145 Career Preparation: Tourism & Hospitality Management

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 15 credits of 100-level or higher coursework including TOUR 111

This course will provide tools and strategies to prepare students to research, apply for, and secure an appropriate work placement. Students will develop the skills and tools necessary for the job search process along with developing professional competencies, attitudes and confidence in interview and networking situations. While the work experience is local, the tools and strategies will focus on working within a globalized industry. Students will develop a personal career plan and learning objectives to help in identifying workplace opportunities consistent with defined career and educational goals.

TOUR 149 Computer Applications in Tourism

3.00 credits (4,0,0) hrs 15 wks

This course is designed to provide students with the necessary computer skills to communicate effectively in a professional environment. The course will cover creating complex MS-Word documents, building advanced Excel spreadsheets as well as designing and presenting PowerPoint presentations.

Note: TOUR 149 is equivalent to REC 149. Duplicate credit will not be granted for this course and REC 149.

TOUR 150 Work Experience: Tourism & Hospitality Management

6.00 credits (0,0,18.66) hrs 15 wks

Prerequisite: 24 credits of 100-level or higher coursework including TOUR 145

Students will integrate academic knowledge with a work experience designed to provide a period of part-time or full-time, productive employment in the tourism & hospitality industry. Students will bring a global

perspective to their local workplace. This is a supervised work experience that enables the faculty and the employer with a measuring device for assessing the student's approach to employment.

Note: Departmental approval required to register.

Note: A CGPA of 2.0 is recommended for this course.

TOUR 151 Service Management in Tourism

3.00 credits (0,0,4) hrs 15 wks

The overall purpose of this course is to place emphasis on the single most important aspect of business within the tourism industry, and that is service management, in particular as it pertains to the customer. The course follows a sequence necessary for an industry leader to design, develop and implement a service culture that will support and enhance an organization's ability to provide a continual high level of service excellence.

TOUR 152 Event Administration

3.00 credits (6,0,0) hrs 10 wks

This course is designed to give students an understanding of the basic skills and concepts necessary to develop, finance, plan, and contract for a special event.

TOUR 154 Marketing and Public Relations for Events

3.00 credits (5.45,0,0) hrs 11 wks

This course is designed to give students an understanding of the basic skills and concepts necessary to create a professional marketing plan and sponsorship package for a special event.

TOUR 157 Event Production and Logistics

3.00 credits (4,0,0) hrs 15 wks

This course is designed to give students an understanding of the basic skills and concepts necessary to completely manage all technical and non-technical aspects of special event production.

TOUR 159 Geography of Destination Resort Environments

3.00 credits (3,0,1) hrs 15 wks

This course introduces the concepts of geography and its relationship to tourism, specifically to natural environments of destination resorts. The course highlights spatial distribution of destination resort environments in a global and local context, the evolution of destination resort landscapes, models and typologies of resort development environments in mountain and coastal settings, the evolution and dynamics of destination resort communities, community governance and management and the implications on tourism management and development, tourism impacts on the natural and cultural environment, First Nation land rights and destination resort environments, Parks and park management in destination resort setting, and other topical issues affecting the geography of the resort.

TOUR 160 Introduction to Resort Management

3.00 credits (4,0,0) hrs 15 wks

This course introduces the key concepts, language, and issues facing the tourism industry, specifically identifying trends, market profiles and demographic factors for leisure and business travel. Key industry sectors and regional products in BC, tourism's role in community development, social impacts of tourism, transportation, communication, and legal issues in tourism are all addressed. Students utilize general tourism concepts and adapt them to destination environments including examining the roles of the destination marketing organization, destination management, recreational programming, resort design and trends within resort destinations.

Note: TOUR 160 is equivalent to REC 110, REC 111 and/or TOUR 111. Duplicate credit will not be granted for this course and REC 110, REC 111 and/or TOUR 111.

TOUR 162 Food and Beverage Management**3.00 credits (4,0,0) hrs 15 wks**

This course covers the theoretical application of food service management. Students develop competencies in management practices, menu making, purchasing, payroll systems and merchandising and promotional techniques. Through discussion and examination, students will gain a thorough understanding of the many aspects of food and beverage management from service operations to production. Students learn to plan, organize and cater functions through integrated teamwork and participation.

TOUR 165 Resort Management Co-op**6.00 credits (0,0,33.33) hrs 15 wks**

Prerequisite: 30 credits 100-level or higher coursework

The student co-op work experience is designed to provide a period of full-time productive paid employment in industry or government. The co-op work experience enables the student to apply classroom theory and skills to employment practices. It provides the student, faculty and the employer with a measuring device for assessing the student's approach to full-time employment.

TOUR 170 Mountain Bike Park/Trail Design and Building I**4.50 credits (11,19,0) hrs 03 wks**

This course is an introduction to mountain bike park/trail design and building. Students learn the foundations of trail design and building, including partnerships involved, volunteer management, the philosophy of trail and park development, and the principles of sustainable design and building. In addition, students learn to properly handle relevant tools, and design and build a basic technical feature. Taking a 40-hour first aid course is strongly recommended prior to enrolling in this course.

TOUR 172 Mountain Bike Park/Trail Design and Building II**4.50 credits (11,19,0) hrs 03 wks**

Prerequisite: TOUR 170

This is an advanced course on mountain bike park/trail design and building. It builds on the material covered in TOUR 170. Students learn more advanced techniques for designing a park or trail and create a comprehensive proposal for a complete trail or park. Students build a section of trail and learn the different concepts around trail maintenance. Sustainable principles are applied throughout. Taking a 40-hour first aid course is strongly recommended prior to enrolling in this course.

TOUR 190 Destination Canada**3.00 credits (4,0,0) hrs 15 wks**

This course focuses on increasing the student's knowledge of Canada as a tourism destination, developing awareness of the primary tourism destinations and the visitor experiences they offer. Students will gain awareness of existing and developing tourism destinations and products in Canada, and improve their understanding of traveller expectations, market needs, and challenges and opportunities facing Canada's tourism industry. Students will be introduced to tourism businesses and associations across Canada.

TOUR 191 Tourism Destinations**3.00 credits (4,0,0) hrs 15 wks**

This course explores global destinations for touristic purposes by examining traveller motivations and expectations, tourism patterns, country and city iconic attractions, reasons why destinations are popular, world events that affect the tourism location, and how local culture and religion provide unique experiences. Using the International Air Transport Association (IATA) Traffic Conference Areas and Sub-Areas as a breakdown of global regions, students will use applied assignments, research, quizzes and presentations, to develop the essential knowledge required to sell and promote popular and emerging tourist destinations.

TOUR 200 Revenue Management for Tourism

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: TOUR 112, plus one of TOUR 111 or TOUR 160 or REC 111

A clear view on how the operating environment of hotel and airline companies influences the process of revenue enhancement. Students will understand the different mechanisms used to enhance revenues, master the theoretical and practical background of revenue management and techniques and understand the importance of these techniques in yield and revenue management.

TOUR 201 Tourism and Technology**3.00 credits (4,0,0) hrs 15 wks**

Prerequisite: TOUR 111 or TOUR 160 or REC 111

Students will gain an understanding of the function and importance of management information systems in tourism. This course explores a range of issues from Airlines Global Distribution Systems (GDS) to restaurant management systems. This course is not designed to train students in hands-on computer usage, but how these systems are used for decision making, problem solving, and increasing productivity and profitability.

TOUR 202 Strategic Marketing Management - Case Study Approach**3.00 credits (4,0,0) hrs 15 wks**

Prerequisite: TOUR 112

This course will provide students with a greater understanding and appreciation of strategic marketing management in the tourism industry. Marketplace potential, risk, delivery mechanism and the industry's unique characteristics will be explained. Strategic marketing process of how marketing plans are developed, implemented and amended are reviewed and analysed.

TOUR 205 Tourism Sales**3.00 credits (6,0,0) hrs 10 wks**

Building on components of the marketing mix, this course explores the development of a personal selling philosophy for those active in tourism and hospitality. Sales is an essential component of successful businesses and students develop skills in the selling process including selling techniques, communication strategies, human motivation, questioning, closing, and verbal and non-verbal cues.

TOUR 206 Directed Study in Tourism I**3.00 credits (0,0,6.67) hrs 15 wks**

Prerequisite: 30 credits of 100-level or higher coursework

Directed Studies is a student driven course intended for students that demonstrate clear interest and capabilities in a selected topic in a subject area that is not included in any other available course. The purpose of this course is for students to gain relevant experience, and to make an easier transition into the workforce. Major emphasis of this experience is to allow students to put existing tourism skills into practice while learning new sector-related skills and knowledge in the context of their applied topic.

Note: Individual TOUR 206 proposal approved through a departmental approval process. Students must work with their instructor to clearly articulate the intended outcomes for their term of directed study.

TOUR 208 Risk Management for Tourism and Outdoor Recreation**3.00 credits (4,0,0) hrs 15 wks**

Prerequisite: 12 credits of 100-level or higher coursework

This course is designed to familiarize students with the concepts of risk management and legal liability as it applies to the tourism industry. Students will be introduced to areas of risk, methods of identifying risk, and risk management systems. They will learn about important challenges facing tourism operations. Students will be familiarized with methods of reducing risk. They will also be introduced to the rights and liabilities of different parties relative to their relationships within the tourism industry.

TOUR 210 Strategic Management: Resort Case Study**3.00 credits (20,0,0) hrs 03 wks***Prerequisite:* 27 credits 100-level or higher coursework

This course is an integration course of terms one and two Destination Resort Management courses. The course will focus on methods of applying strategic management utilizing the entire cross section of skills that have been developed in previous terms of study, such as human resources, marketing, accounting and communications. Using a basic business case model, students will be provided with an opportunity to integrate a selection of operational and business issues to address key opportunities and challenges facing a resort operation.

TOUR 212 Sales and Promotions Management for Tourism**3.00 credits (3,0,1) hrs 15 wks***Prerequisite:* TOUR 112

This course is intended for students who have taken an introduction to marketing course and have a positive foundation of marketing knowledge. It focuses on the 'sales and promotions' aspect of marketing examining the role that advertising, consumer and trade promotion, online marketing communications, direct marketing, public relations, alternative marketing and personal selling plays in marketing communications. Students will investigate current trends, theories, and frameworks of integrated marketing communications management in the tourism and hospitality sector in a variety of different market conditions.

Note: This course is equivalent to TOUR 312. Duplicate credit will not be granted for this course and TOUR 312.

TOUR 216 Financial Planning in Tourism II**3.00 credits (4,0,0) hrs 15 wks***Prerequisite:* TOUR 116 or BFIN 141

This course focuses on business planning, control, and financial decision making in a tourism management environment, and the concepts are applicable to both large and small organizations. This course builds on concepts learned in Tour 116. Students apply financial knowledge to analyze current information, project future results, and support tourism business decisions.

Note: This course is equivalent to TOUR 125. Duplicate credit will not be granted for this course and TOUR 125.

Note: This course or TOUR 125 is an approved Quantitative/Analytical course for baccalaureate degrees.

TOUR 220 Special Events - Tourism Generators**3.00 credits (4,0,0) hrs 15 wks***Prerequisite:* 18 credits of 100-level or higher coursework including TOUR 111 or REC 111

This course will cover all aspects of event management and event marketing: choosing the right event, designing a business (event) plan, event/cause marketing, sponsor proposals, managing the pre-event, event day(s) management, and post event activities. Students will design a new special event and prepare a business plan for that event. The course will also include case studies from existing events.

Note: TOUR 220 is equivalent to TOUR 118. Duplicate credit will not be granted for this course and TOUR 118.

TOUR 221 Conference Services**3.00 credits (4,0,0) hrs 15 wks***Prerequisite:* 15 credits of 100-level or higher coursework including TOUR 111 or REC 111 or TOUR 160

This course provides students with an overview of the conference market focusing on the expectations of meeting planners and the purpose behind why people meet. Following the guidelines of the Certified Meeting Planner (CMP) certification students will develop knowledge in the planning phases of an event, relationship management, site management, and meeting/event design.

TOUR 225 Entrepreneurship: Small and Medium Tourism Enterprises

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 27 credits of 100-level or higher coursework including TOUR 116

This course familiarizes students with developing, owning and operating their own businesses in tourism and outdoor recreation. Students will be introduced to entrepreneurship concepts, principles and processes as they apply specifically to the tourism industry. Students will gain an understanding of the business planning process by generating innovative ideas for small to medium sized tourism enterprises, evaluating those ideas, preparing formal business plans, and pitching their plans to the class.

Note: TOUR 225 is an approved Capstone course for Cap Core requirements.

Note: TOUR 225 is equivalent to REC 225. Duplicate credit will not be granted for this course and REC 225.

TOUR 227 Heritage, Cultural and Arts Planning for Tourism

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 15 credits of 100-level or higher coursework

This course offers a conceptual overview of cultural, heritage and arts-based tourism, with emphasis on understanding and appreciating various forms of a destination's tourism product, both locally and internationally. The course will review concepts of product development and community planning, with a theme of community development. Concepts such as authenticity, commodification, representation, interpretation, identity, and sense of place will be discussed. BC and international examples will be used, along with experiential learning.

Note: TOUR 227 is an approved Culture and Creative Expression course for Cap Core requirements.

TOUR 232 Tourism Planning

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: TOUR 111 or TOUR 160 or REC 111

This course introduces the role and processes of planning and its significance in tourism development. The course builds knowledge of key elements of tourism planning, planning processes and their application to tourism, critical issues in tourism planning, and the roles of stakeholders in tourism planning. The course is designed to help students understand the significance of tourism planning and how it can lead to different and more productive outcomes for individuals, economies, and the environment. Special focus is placed on sustainable tourism management and the role of planning at a community level using case studies from around the world.

TOUR 233 Cross Cultural Tourism

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 15 credits of 100-level or higher coursework

This course will deal with differences between nations and cultures, and the ways in which these differences impact on the delivery of tourism services and programs to an international client base. The course is aimed at increasing participants' awareness of and sensitivity toward their own and other cultures and in increasing knowledge and skills competence in cross-cultural settings as they relate to tourism. Through the presentation of information on communication theory and culture in general the link is made to cross-cultural communication, first in a global way, then to specific countries.

Note: TOUR 233 is an approved Self and Society course for Cap Core requirements.

TOUR 234 Responsible Tourism Management

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 15 credits of 100-level or higher coursework

This course introduces students to the concepts of responsible tourism management, community-based tourism, and adventure travel in a global economy. Situating their knowledge in a global context, students

will visit several regional sites to learn the history of the area, including impacts on indigenous and ethnic minority communities. Students examine the organization's responsible tourism, stakeholder engagement, and visitor management practices at the local level. Case studies, research and journals are used to bring international perspectives in best practices and lessons learned.

Note: TOUR 234 is an approved Self and Society course for Cap Core requirements.

TOUR 249 Advanced Computer Applications in Tourism

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: TOUR 149

This course provides the student with hands-on experience using computer software to create electronic presentations, databases and Web sites.

TOUR 250 Operations Management in Tourism & Hospitality

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 15 credits of 100-level or higher coursework

This course introduces students to the decisions tourism and hospitality businesses need to make in order to run efficient, competitive, lean and profitable operations. In general, this course presents the fundamental issues in operations supply chain management.

TOUR 251 Hotel Operations I: Food and Beverage

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 15 credits of 100-level or higher coursework including TOUR 111 or REC 111 or TOUR 160

This course provides students with a broad understanding of the Food and Beverage division in hotel and resort environments with exposure to both front and back of house areas. Students will focus on the decisions required in order to run efficient, competitive, lean and profitable operations.

TOUR 252 Hotel Operations I: Rooms Division

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 15 credits of 100-level or higher coursework including TOUR 111 or REC 111 or TOUR 160

Known as the heartbeat of a hotel and resort, this course provides students with a 360-degree view looking at the decisions required in order to run efficient, competitive, lean and profitable operations. Understanding of both front of house (concierge, front desk and guest services) and back of house (housekeeping, sales and marketing) and the integral link between them is examined.

TOUR 253 Adventure Tourism Operations

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 15 credits of 100-level or higher coursework

The course is an introduction to the operation of various types of adventure businesses, programs and activities. Students will address decisions relevant to small- to medium-sized adventure tourism businesses including the day-to-day tasks, roles and responsibilities tied to operating adventure businesses. They will explore topics that specifically affect the running of adventure operations.

TOUR 255 Management Concepts in the Adventure Industry

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 15 credits of 100-level or higher coursework

This course focuses on theoretical and applied management concepts for leading an adventure business. Students will develop an awareness of the role of management functions in adventure tourism businesses today through the study of the current business environment. The focus will be on the four primary management functions of planning, organizing, leading and controlling. Students will learn how to lead small group meetings within a formal context.

TOUR 256 Adventure Education and Recreation Programming

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 15 credits of 100-level or higher coursework

Programming is an important function with the leisure and outdoor education sector. This course gives the students the knowledge to design, stage and evaluate recreation and leisure services to enhance guest experiences.

TOUR 259 Technology & Innovation in Tourism and Hospitality

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 15 credits of 100-level or higher coursework

Robotics and artificial intelligence (AI) are changing the nature of the industry. Innovations in this field will be explored and students will examine more closely the impacts on tourism and hospitality from a business and customer perspective. Additional new and emerging technology topics are selected at each course offering in order to ensure the most relevant disruptors and innovations are presented.

TOUR 261 Resort Financial Management

3.00 credits (5.45,0,0) hrs 11 wks

Prerequisite: TOUR 116

Students will be introduced to the basic concepts of financial management including accounting, cash management, budgeting, forecasting and payroll, in a destination resort environment.

TOUR 270 Special Topics in Tourism Management I

3.00 credits (3,0,1) hrs 15 wks

This course will be offered from time-to-time to give students the opportunity to examine more closely some aspect of the tourism industry. The course will introduce tourism topics to explore and engage in issues or trends affecting a sector of the industry or a place in the world. Normally such a course will take advantage of some specific expertise such as a faculty exchange or overseas offering.

TOUR 301 Business Law in Tourism

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 60 credits of 100-level or higher coursework

By the end of this course students should be able to appreciate the impact of applicable Canadian Law on tourism business ventures. Students will be introduced to relevant B.C. and Federal statute law as well as applicable judge-made law. They will learn about important legal issues and legal challenges facing tourism businesses. The rights and potential liabilities of the various parties in tourism business relationships will also be discussed.

TOUR 306 Directed Study in Tourism II

3.00 credits (0,0,6.67) hrs 15 wks

Prerequisite: 60 credits of 100-level or higher coursework

Directed Studies is a student driven course intended for students that demonstrate clear interest and capabilities in a selected topic in a subject area that is not included in any other available course. The purpose of this course is for students to gain relevant experience, and to make an easier transition into the workforce. Major emphasis of this experience is to allow students to put existing tourism skills into practice while learning new sector-related skills and knowledge in the context of their applied topic.

Note: Individual TOUR 306 proposal approved through a departmental approval process. Students must work with their instructor to clearly articulate the intended outcomes for their term of directed study.

TOUR 307 Tourism and Climate Change

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 60 credits of 100-level or higher coursework

In this course, students will explore the climate change challenge facing the global tourism industry. They will examine key trends and issues impacting the industry; discuss technological and policy solutions for addressing this challenge; and evaluate some initiatives undertaken by industry to be in front of this crucial issue. Students will also learn to be an agent for change in meeting the climate change challenge.

TOUR 312 Tourism Marketing II
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework including TOUR 112

This course gives students the opportunity to participate in the major activities of Integrated Marketing Communications (IMC) developing the knowledge and skills necessary to create and execute small marketing communications campaigns in the tourism and hospitality industry. It focuses on theories, concepts and applications with IMC strategies and tactics for building brand equity using advertising, publicity, personal selling, consumer promotion, online and social network marketing, and relationship marketing.

Note: This course is equivalent to TOUR 212. Duplicate credit will not be granted for this course and TOUR 212.

TOUR 316 Financial Management for Tourism
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 60 credits of 100-level or higher coursework including TOUR 125 or TOUR 216 or TOUR 225 or TOUR 261 or REC 225

The course will focus on financial concepts and tools to enable the tourism professional to deal with the financial elements of the business in terms of planning and controlling financial operations and using financial information to evaluate business effectiveness.

Note: This course is equivalent to TOUR 425. Duplicate credit will not be granted for this course and TOUR 425.

Note: TOUR 316 is an approved Quantitative/Analytical course for baccalaureate degrees.

TOUR 321 Organizational Leadership in Tourism
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 60 credits of 100-level or higher coursework including TOUR 113 or TOUR 114 or REC 245 or BADM 106

Advanced skills in organizational leadership, including leadership approaches, motivation, understanding of organizational culture, and management of working relationships.

TOUR 325 Tourism Managerial Accounting
3.00 credits (4,0,0) hrs 15 wks

The focus of this tourism service-industry course is on using financial information for management decision-making. Specific topics include financial statement analysis, budgeting and planning, cost-volume-profit relationships, and cash management and control. The course will include several tourism and hospitality industry cases, and a final major case or project, which is the development of the financial portion of a business plan.

Note: TOUR 325 is an approved Quantitative/Analytical course for baccalaureate degrees.

TOUR 326 Advanced Topics in Cross-Cultural Tourism
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework

The international nature of tourism and hospitality means that cross-cultural understanding and effective communications is essential for success in the industry. This course develops a deep understanding of cultural norms for various groups, effective communication methods, conflict resolution and negotiation

skills with employees, clients and customers from different cultures, and leadership and negotiation skills with communities in which tourism operations exist.

Note: TOUR 326 is an approved Self and Society course for Cap Core requirements.

TOUR 327 Research Methods and Applications in Tourism

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework

Ability to use market research skills needed for the effective management of tourism operations, including survey techniques.

Note: TOUR 327 is an approved Science and Technology course for Cap Core requirements.

TOUR 328 International Destination Marketing

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 60 credits of 100-level or higher coursework including TOUR 112 or BMKT 161

Students will learn and apply destination marketing and management knowledge in an international context. This will involve understanding the impact of changing market conditions and competitive pressures and being able to develop strategies and plans to capitalize on opportunities. International case studies will provide the students with a broad overview of current examples of effective destination marketing and management.

TOUR 331 Regional Topics in Tourism

3.00 credits (1,0,3) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework

This course provides students with the experience to study overseas where they can develop the skills to describe the geographical, historical and economic context of tourism of the destinations under consideration. Students will learn to analyze product and destination development in relation to regional culture and target markets, and to assess the benefits and impacts of tourism on economic and social development. Research skills will be applied to the evaluation of the future of tourism and development in the region, and students will gain practice in the development of a code of conduct to maintain the sustainability of the tourism industry in the region.

TOUR 335 Strategic Management in Tourism

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 60 credits of 100-level or higher coursework including ENGL 100

The course focuses on the formal decision making process called "strategic management". The course will help students understand how to manage a variety of internal and external variables to determine a strategic objective and achieve related outcomes. The primary course objective is to acquaint students with the process of developing a business strategy and how to implement that strategy. This will require integration of policy and planning, human resources, leadership accounting, and marketing skills and knowledge for specific goals.

TOUR 341 Advanced Tourism Product Development

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 60 credits of 100-level or higher coursework including TOUR 225 or REC 225

Students will learn about various processes of product development in a wide array of contexts. Special emphasis will be placed on designing and delivering engaging tourist experiences and evaluating opportunities in different locations and destination areas. Students will develop skills in conceptualizing products across a range of industry sectors, conducting pre-feasibility analyses, and identifying determinants of success. A key activity will be to generate a product experience for all class members to participate in and evaluate.

TOUR 342 Environmental Stewardship: Advanced Principles and Applications

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 60 credits of 100-level or higher coursework

This course prepares students to become agents of an overall sustainable transformation of the tourism industry. Resource productivity, nature connection, valuing natural capital, and growth versus progress will be explored. Students will be exposed to examples of community stewardship in action, review ethics and values of stewardship, and apply principles of sustainability.

Note: TOUR 342 is an approved Self and Society course for Cap Core requirements.

Note: REC 152 or a similar course in environmental stewardship principles is recommended.

TOUR 343 Cultural Tourism Management

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 60 credits of 100-level or higher coursework

This course deals with the management of cultural, heritage, and entertainment tourism. Topics include negotiating agreements with municipalities, planning approaches, sponsorships, protection of heritage properties, museum tourism, and performing arts and visual arts partnerships.

TOUR 344 International Ecotourism

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 60 credits of 100-level or higher coursework

This comparative approach to eco-tourism in different countries will highlight issues of sustainability, planning, socio-cultural issues, and economic demand.

Note: TOUR 344 is an approved Self and Society course for Cap Core requirements.

TOUR 350 Quantitative Methods for Tourism Management

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework including TOUR 125 or TOUR 216 or TOUR 225 or TOUR 261 or REC 225, and REC 149 or TOUR 149 or BCPT 123

Students will be introduced to a variety of quantitative tools used to aid decision-making in the tourism industry. Financial and statistical concepts, methods, and applications will be examined.

Note: This is an approved Quantitative/Analytical course for baccalaureate degrees.

TOUR 351 Tourism Consumer Behaviour

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 60 credits of 100-level or higher coursework including TOUR 112 or BMKT 161

This course examines and evaluates consumer behaviour in the tourism industry. Students will learn key theoretical perspectives and will analyse the relationship between tourist motivation and particular tourism products. They will be able to explain the reasons for variations between market sectors, and will become conversant with recent developments in tourist psychology and tourism consumer behaviour research.

TOUR 356 Adventure Sport Event Management

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 60 credits of 100-level or higher coursework

This course addresses events with an adventure sport focus within the realm of tourism, including an overview of winter and summer events at a local and international level. Topics include risk assessment and management, land access issues, sponsorship and funding models, use of adventure events in community development, and stakeholder engagement. Students will plan, organize and operate an event and may be required to volunteer at an adventure sports event in conjunction with the course delivery.

TOUR 360 Contemporary Topics Shaping Tourism – A Global Perspective

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework

This course will enhance students' understanding of global issues as they relate to tourism through a theme-based lens. These contemporary issues will provide students with a greater awareness, understanding, and appreciation of how transformative and impactful these global forces can be to tourism. Elements of the environment, economy, society, as well as noteworthy aspects of tourism governance and technology will be closely examined in this course, specifically in the context of their impacts to tourist destinations, its stakeholders, and tourists.

Note: TOUR 360 is an approved Self and Society course for Cap Core requirements.

TOUR 370 Special Topics in Tourism Management II**3.00 credits (3,0,1) hrs 15 wks**

Prerequisite: 45 credits of 100-level or higher coursework

This course will be offered from time-to-time to give students the opportunity to examine more closely some aspect of the tourism industry. The course will introduce tourism topics to explore and engage in issues or trends affecting a sector of the industry or a place in the world. Normally such a course will take advantage of some specific expertise such as a faculty exchange or overseas offering.

TOUR 371 Applied Service Management in North America**3.00 credits (4,0,0) hrs 15 wks**

This course focuses on the effects of individual and group behaviour on organizational processes and outcomes in a service organization, and will prepare students for success in their work practicum. Significant emphasis will be placed on interpersonal skills important in supporting high-level service management in a North American workplace culture from a front-line to managerial level. Service approaches in different international contexts will be compared, and human resource training approaches for application in supervisory and managerial levels in different organizational contexts will be addressed.

TOUR 372 Tourism and Hospitality Practicum**6.00 credits (1.4,0,18.6) hrs 15 wks**

Prerequisite: 21 TOUR credits of 300-level or higher coursework

This course provides tools, resources and helpful strategies to prepare students to research, apply for, secure and successfully complete an appropriate 8- week paid/non-paid Canadian work placement. Students will engage in self-assessment, create an action plan, survey the B.C. job market and articulate their competitive advantages. The course addresses the specific processes involved in finding a challenging and rewarding practicum position in alignment with individual career goals. Students will engage in a period of productive employment in the Canadian workplace applying classroom theory and skills to the workplace.

TOUR 373 Convention Management and Service**3.00 credits (4,0,0) hrs 15 wks**

Prerequisite: 60 credits of 100-level or higher coursework

Meetings, expositions, events and conventions (MEEC) are a key part of hospitality operations and can contribute significantly to hotel total revenue streams. This course introduces students to this market segment and the role it plays in hotel profitability. Students will examine the sales, servicing, and management of meetings, events, conventions, exhibitions, and trade shows in hotel and resort settings.

TOUR 374 Hospitality Operations: International Context**3.00 credits (4,0,0) hrs 15 wks**

This course introduces the accommodation sector, with emphasis on the sector's operations, departments and personnel, organization and ownership structures, international hotel rating systems, technologies applied in the operations and guest service experiences of hotels as well as the management of current issues and challenges in the international business scope.

TOUR 400 Revenue Management and Advanced Sales in Tourism

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 60 credits of 100-level or higher coursework

This course provides students with the skill and knowledge needed for a business to maximize growth and manage inventory. Emphasis is placed on sales as a revenue management tool and the use of a systematic process designed to optimize revenue. Through case studies students will analyze and develop pricing strategies for tourism products and services.

TOUR 404 Travel Distribution Management

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 60 credits of 100-level or higher coursework

Focusing on the use of new technologies in travel distribution, this course addresses the history, development, operations and management of traditional and evolving channels including retail travel agents, wholesalers, tour operators, specialty channels such as meeting planners and incentive houses, tourism associations, and destination marketing organizations. Three main components of distribution channels will be addressed: suppliers, connectivity systems, and intermediaries.

TOUR 406 Directed Study in Tourism III

3.00 credits (0,0,6.67) hrs 15 wks

Prerequisite: 75 credits of 100-level or higher coursework

Directed Studies is a student driven course intended for students that demonstrate clear interest and capabilities in a selected topic in a subject area that is not included in any other available course. The purpose of this course is for students to gain relevant experience, and to make an easier transition into the workforce. Major emphasis of this experience is to allow students to put existing tourism skills into practice while learning new sector-related skills and knowledge in the context of their applied topic.

Note: Individual TOUR 406 proposal approved through a departmental approval process. Students must work with their instructor to clearly articulate the intended outcomes for their term of directed study.

TOUR 416 Applied Hotel Financial Management

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: TOUR 316 or TOUR 325

This course is case study based that focuses on Food and Beverage and Rooms Division operations with finance, sales and human resources in order to be more efficient and competitive in meeting the needs of their customers. Students synthesize their learning to recommend solutions to hotel issues.

TOUR 422 People Management - Human Relations in Tourism

3.00 credits (3,0,1) hrs 15 wks

Prerequisite: 60 credits of 100-level or higher coursework

Advanced human resource management skills and professional knowledge for application to the tourism workforce including the best practices of recruitment and selection, motivating and managing performance, compensation and benefits, and employee and labour relations techniques which align with the business strategy of the tourism operation.

Note: TOUR 422 is equivalent to TOUR 471. Duplicate credit will not be granted for this course and TOUR 471.

TOUR 423 Tourism Planning and Policy

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 60 credits of 100-level or higher coursework

This course illustrates the role that policy and planning issues and initiatives play in the tourism industry. Students will learn to apply tourism policy and planning knowledge and implementation skills. Local, regional,

national and international case studies will provide students with an overview of current examples of tourism policy and planning.

TOUR 424 Entrepreneurship in Tourism

3.00 credits (0,0,4) hrs 15 wks

Prerequisite: 75 credits of 100-level or higher coursework including ENGL 100, and TOUR 125 or TOUR 216 or TOUR 225 or TOUR 261 or REC 225, and TOUR 341 or TOUR 441

Advanced capabilities in tourism product development, including innovation within the entrepreneurial process and through existing organizations with the entrepreneurial process.

TOUR 435 Applied Project Management in Tourism

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 75 credits of 100-level or higher coursework including TOUR 335

This course will provide students with an opportunity to apply concepts and skills learned from diverse courses through a team-based project. By solving a real problem for a client organization, students will integrate previous course content and project management techniques to deliver a high quality solution. The project may include deliverables for one or more functional areas including Strategic Planning, Marketing, Human Resources and Product Development. Wherever possible, students will be working on student teams and project topics that correspond to their individual career path aspirations.

Note: TOUR 435 is an approved Experiential course for Cap Core requirements.

TOUR 440 Applied Research in Tourism

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 75 credits of 100-level or higher coursework including TOUR 327

Applied Research in Tourism is a capstone course for the Bachelor of Tourism Management. Students will develop effective research skills to address issues or challenges in tourism, either from an academic or business perspective. Participants will learn how their own perspectives can alter the way that a research topic is approached and the outcomes that will be produced. Students will develop skills in applied research, gain advanced knowledge on specific topics, and generate a research paper that demonstrates their research capacity and specific knowledge.

Note: TOUR 440 is an approved Capstone course for Cap Core requirements.

TOUR 450 Tourism Operations II

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 60 credits of 100-level or higher coursework

Building upon operational knowledge learned in lower level coursework, this course will focus on the strategic decision-making approaches that tourism firms need in order to run efficient, competitive, lean, and profitable operations. Through case studies and applied assignments, students will deepen their knowledge of the standards, design, and analysis of cost controls in a tourism business.

TOUR 451 Hotel Operations II

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 60 credits of 100-level or higher coursework

Building on content from previous operations courses students continue to develop knowledge of operations through the core divisions and add other ancillary areas such as spa, health club and golf. This management focused course looks at operations from a strategic standpoint analyzing requirements of different styles of accommodations including standards, design, cost controls, sales, income and labour costs.

TOUR 455 Adventure Tourism Community-based Economic Development

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 75 credits of 100-level or higher coursework

Adventure tourism can be a vehicle for community development. Students will examine and analyze the role of adventure tourism and the community in the planning, policy and development stages of adventure tourism products and destinations. Students identify and examine the role of community stakeholders in adventure tourism community development including the community itself, public and private sector, non-government organizations, academic institutions, indigenous communities and women.

TOUR 456 Land Use and Tourism Operations

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 60 credits of 100-level or higher coursework

This course deepens students' knowledge of land use issues relating to operating tourism businesses in the context of various systems of land ownership types including Indigenous rights, title and land use, crown land and parks and protected areas. Students analyze and examine how these issues impact tourism businesses from an operational perspective. Case studies provide the opportunity for students to engage with complex situations and generate progressive solutions.

TOUR 457 Risk Management and Law in Adventure Tourism

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 75 credits of 100-level or higher coursework

This course focuses on increasing the student's knowledge of legal issues facing adventure tourism businesses, sports organizers, recreationalists, spectators, and recreation facilities. Students will develop knowledge of how various areas of the law impacts the adventure tourism industry, and will include both civil and criminal matters, administrative law, and risk management. By the end of this course students should be able to analyze and understand the impact of applicable Canadian Laws on adventure tourism business ventures. Students will be introduced to relevant B.C. and Federal statute law as well as applicable judge-made law. The rights and potential liabilities of the various parties in adventure tourism business relationships will also be discussed.

TOUR 470 Applied Digital Marketing Strategies in Tourism

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: TOUR 312

This course is designed to enable students to demonstrate, through practical application, e-marketing techniques and strategies focusing on those that are key to effectively communicating a destination's brand and engaging with customers. It examines digital marketing strategy, implementation and executional considerations within the broader scope of an organization that has multiple goals.

TOUR 471 Human Capital Development in Tourism Management

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 60 credits of 100-level or higher coursework

This course provides students with technical knowledge and skills to manage the Human Resources function in a tourism and hospitality management organization, carrying out generalist duties. It also enables students to assist the director of a Human Resources Department in a larger operation in a more specialized role, or to carry out the HR duties of a line manager.

Note: TOUR 471 is equivalent to TOUR 422. Duplicate credit will not be granted for this course and TOUR 422.

University Success Strategies

USS 100 Introduction to University Success Strategies

3.00 credits (4,0,0) hrs 15 wks

This course is highly interactive and designed to prepare students for learning success at university. Topics include time-management, note-taking, study and reading strategies, test-taking, presentation skills, mindset, and effective use of university resources.

University Success Strat-Found

USSD 105 University and College Reading, Study and Online Management Skills

3.00 credits (4,0,0) hrs 15 wks

Students learn and adopt methods and attitudes that promote success in college or university. Study skills learned are memory techniques, goal setting, time management, note taking and test taking. The reading component focuses on problems students have with textbook comprehension and retention, vocabulary development, and critical thinking and reading. In addition, this course addresses challenges students face through participation in courses delivered on-line, via course management software. Topics include log-in and navigation basics; use of calendars; downloading and submitting assignments; completing self-tests, quizzes and surveys; participating in discussions and chats; creating student presentations and homepages; and tracking progress and grades.

Note: Students may not enrol in USS 100 and USSD 105 concurrently.

USSD 110 Reading Dynamics

3.00 credits (4,0,0) hrs 15 wks

Participants learn and practice flexible and efficient reading skills at the college level. Strategies for increasing speed, improving vocabulary, reading comprehension, memory, and critical thinking are also included.

Vision

VISN 010 Cognitive Learning Skills Development Foundation Level

3.00 credits (4,0,0) hrs 15 wks

This course is designed for students who have difficulty with the comprehension, retention, evaluation or analysis required for success with their general academic program. An assessment is followed by a program to strengthen any under-developed abilities. Students will develop their comprehension, memory and problem solving at the basic, foundational level, and will learn concepts underlying the mathematics and language arts curriculum.

VISN 012 Cognitive Learning Skills Development Strengthening Level

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: VISN 010

This course is designed for students who have difficulty with more advanced comprehension, retention, evaluation or analysis required for success with their general academic program. Students will strengthen their cognitive abilities in the areas of comprehension, memory and problem solving, and will learn concepts underlying the mathematics and language arts curriculum.

VISN 020 Perceptual Skills Development Foundation Level

1.50 credits (2,0,0) hrs 15 wks

This course is designed for students who have physically-based perceptual problems affecting their academic success. For example, while the eyes may see, the brain may not necessarily understand what is being looked at. An assessment is undertaken and students are given an individualized program of activities. The activities are progressive in nature. Foundation level activities are undertaken in this course.

VISN 022 Perceptual Skills Development Strengthening Level

1.50 credits (2,0,0) hrs 15 wks

Prerequisite: VISN 020

This course involves more advanced perceptual skills development activities. Like VISN 020, the prerequisite course, this course is designed for students who have physically-based perceptual problems affecting their academic success. For example, while the eyes may see, the brain may not necessarily understand what is being looked at. An assessment is undertaken and students are given an individualized program of activities. Advanced level activities are undertaken in this course.

VISN 030 Auditory Processing Skill Development

1.50 credits (2,0,0) hrs 15 wks

Prerequisite: VISN 010 and 020

This course is designed for students who have auditory processing problems affecting their ability to succeed with their general academic curriculum. These problems are identified through the VISN 010 assessment and through observation in VISN 020. This course provides a range of auditory processing exercises geared to strengthening auditory processing abilities.

VISN 040 Preparation for the Language Arts Curriculum

1.50 credits (2,0,0) hrs 15 wks

This course is designed for students who need direct instruction with the fundamental concepts needed to benefit from language arts instruction. Many students gain the concepts through language arts instruction itself, but many do not. It presents basic linguistic concepts in as concrete a form as possible. It is not a substitute for language arts instruction. This course provides the framework for learning detailed linguistic standards, procedures, and techniques.

VISN 050 Preparation for the Math Curriculum

1.50 credits (2,0,0) hrs 15 wks

This course is designed for students who begin to flounder when the math curriculum turns from memorization to the broader application of concepts and the understanding of more abstract math. The focus is on developing the cognitive foundations needed and the acquisition of the concepts underlying math skills, not on arithmetic or math skills themselves. The approach is specifically designed for non-semantic learners, but semantic learners can benefit as well.

VISN 060 Memory Skills Development

1.50 credits (2,0,0) hrs 15 wks

This course is designed for students who have memory problems. Memory is the ability to retrieve previously learned or cognized information. Good cognition does not necessarily mean good memory. Cognition is the ability to take in information, whereas memory is the ability to bring back information. Memory is often assumed to be present, but if it is not, it can cause significant frustrations to both students and instructors. This course is designed to develop memory.

VISN 070 Preparation for Reading

3.00 credits (4,0,0) hrs 15 wks

This course is not intended as reading instruction. It is designed for those people who have not succeeded with learning to read. Reading instruction rests on presuppositions about students' perceptual skills, cognitive abilities, and conceptual repertoire. This course is designed to help meet these presuppositions so students can be successful with reading instruction.

Visual Communication

IDES 131 Survey and Principles of Illustration I

3.00 credits (4,0,2) hrs 15 wks

This course introduces students to the origins of illustration through an integration of history, theory, and practice. Lectures review notable artists and their work, and illuminate the influence of society on visual expression from the Renaissance until the mid-20th century. Applied projects are based on lecture content and related mediums and techniques, including principles of light, form, and colour.

IDES 132 Survey and Principles of Illustration II

3.00 credits (4,0,2) hrs 15 wks

This course provides a grounding in the development of illustration as a profession through the integration of history, theory, and practice. Lectures review notable illustrators and their work, and the influence of economic and historical milestones from the Golden Age until the present day. Applied projects are based on lecture content and the use mediums, techniques, voice, and storytelling in illustration.

Note: IDES 132 is an approved Culture and Creative Expression course for Cap Core requirements.

IDES 133 Visual Studio

3.00 credits (4,0,2) hrs 15 wks

This course provides an introduction to line, form, and light through an exploration of drawing and photography. Students develop skills in the use of drawing tools and a digital SLR (single lens reflex) camera. Principles of perception, observation, proportion, and perspective are covered through drawing and photography of man-made and natural objects, including the human figure.

IDES 141 Survey and Principles of Design I

3.00 credits (4,0,2) hrs 15 wks

This course examines the evolution of visual communication from paleolithic cave paintings to the mid-20th century through an integration of history, theory and practice. The course covers the origins of written communication and its subsequent role in the development of typography and the design and advertising professions. Applied projects explore the articulation of historical styles and aesthetics.

Note: IDES 141 is an approved Culture and Creative Expression course for Cap Core requirements.

IDES 142 Survey and Principles of Design II

3.00 credits (4,0,2) hrs 15 wks

This course examines graphic design and typography from the mid-20th century to the present day through an integration of history, theory, and practice. Students are introduced to modernist, post-modernist, and information age movements as an aesthetic and philosophical basis of modern graphic design and advertising. Applied projects, including the integration of concept with design principles, are integral to the course.

IDES 151 Digital Media I

3.00 credits (4,0,2) hrs 15 wks

In this course students are introduced to the digital technologies and media used in the design and advertising industries. Students gain technical knowledge on the set up and maintenance of digital platforms and tools, and begin to work with image-making software for static and dynamic media. The fundamentals of shaping the interactive experience – information architecture, navigation design, user interface design, and the user experience as it relates to screen technologies – are also introduced.

IDES 211 Technology Intensive I
1.00 credit (20,0,10) hrs 01 wks

This course introduces students to professional page layout software for print and digital publishing. Students gain knowledge in the use of industry-standard software and associated file formats, learn to manage fonts and colour systems, and prepare files for production. Students need a working knowledge of the computer desktop environment, file management, and vector/image software to take this course.

IDES 212 Technology Intensive II
1.00 credit (3,0,0) hrs 10 wks

This course introduces students to digital illustration for dynamic media. Students develop skills in image making and motion graphic software and develop a basic language of time-based media. Students need a working knowledge of the computer desktop environment and file management to take this course.

IDES 235 Illustration Studio I
3.00 credits (4,0,2) hrs 15 wks

This course introduces students to illustration as visual communication. Students learn the process of completing an illustration project through concept, sketches, client approval, and finished work, and begin to develop style and voice. Skills are developed using various mediums and techniques including contemporary painting and life drawing.

IDES 236 Illustration Studio II
3.00 credits (4,0,2) hrs 15 wks

This course focuses on the development of illustration styles for visual communication using voice and storytelling. Students are assigned targeted briefs and create conceptual solutions using moderately complex subject matter. The roles of illustrator and art director as part of a creative team are emphasized in the process of creating illustration for advertising, design, and publishing.

IDES 237 Digital Illustration
3.00 credits (4,0,2) hrs 15 wks

This course introduces digital illustration techniques for static and dynamic media. Students gain an understanding of the strengths of digital technology in contemporary conceptual illustration and motion graphics. Technical skills using image-making and motion graphics software are introduced through a variety of in-class exercises and projects with targeted briefs.

IDES 243 Design Studio I
3.00 credits (4,0,2) hrs 15 wks

This course introduces students to the fields of communication design, information design, and advertising, and to the role of design in business and marketing. Students understand the design process by analyzing design problems, working through creative briefs, creating appropriate design solutions, and developing rationales. Instruction in design-related software supports the course.

IDES 244 Design Studio II
3.00 credits (4,0,2) hrs 15 wks

This course focuses on communication design practice and its role in promoting sustainability. Students are introduced to ways in which design solutions can engage “strategies, processes and materials that

value environmental, cultural, social and economic responsibility” (GDC Sustainable Design Principles, 2009). Projects emphasize collaboration, the discovery process, and the development of platform-neutral solutions. Instruction in design-related software supports the course.

Note: IDES 244 is an approved Self and Society course for Cap Core requirements.

IDES 247 Survey and Principles of Typography

3.00 credits (4,0,2) hrs 15 wks

This course provides students with a thorough understanding of typography as a core element of visual communication. The evolution of type from the mid-1400s to the present day is discussed in the context of the technology of the time and its influence on letterforms. Students gain a grounding in the principles of best typographic practice as they apply to print and digital mediums. Instruction in design-related software supports the course.

IDES 249 Brand Identity

3.00 credits (4,0,2) hrs 15 wks

This course introduces students to the field of brand identity by following the process of a branding assignment as it would typically be handled in a design studio or advertising agency. Students are guided through the process from creative brief through strategic framework to logo development and design of a variety of marketing materials. Presentations are conducted in a simulated “real world” environment.

Note: IDES 249 is equivalent to IDEA 246. Duplicate credit will not be granted for this course and IDEA 246.

IDES 252 Digital Media II

3.00 credits (4,0,2) hrs 15 wks

Prerequisite: IDES 151

This course focuses on developing skills in the primary software programs used in the visual communication professions and builds on the principles introduced in Digital Media I. The emphasis is on the role of the designer and/or illustrator in the creation of visual communication for static and dynamic media, including information-rich websites. Applied projects address the needs of differing real-world digital communications scenarios.

IDES 313 Technology Intensive III

1.00 credit (20,0,10) hrs 01 wks

Prerequisite: 50 IDES/DSGN credits

This course builds skills in front-end technologies for digital media production. The emphasis is on user interface design and navigation for different types of screen technologies. It is important for students to already have a working knowledge of web authoring tools.

IDES 340 Visual Communication Workshops I

3.00 credits (4,0,2) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework

Students select from a wide variety of full-day workshops covering specialized topics in visual communication. Some workshops support skill development specific to a concentration (e.g. interactive design, illustration, or branding). All workshops provide tools and resources for self-learning, online support, and individualized faculty feedback on workshop projects.

IDES 341 Visual Communication Workshops II

3.00 credits (4,0,2) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework

Students select from a wide variety of full-day workshops covering specialized topics in visual communication (topics differ from those in Visual Communication Workshops I). Some workshops support skill development specific to a concentration (e.g. interactive design, illustration, or branding). All workshops provide tools and resources for self-learning, online support, and individualized faculty feedback on workshop projects.

IDES 360 Visual Communication Studio I

6.00 credits (8,0,4) hrs 15 wks

Prerequisite: 50 IDES/DSGN credits

Thematically structured around the concept of “design for good”, this course introduces a variety of creative briefs, research methods, leadership skills, and tools that model best practices. Students work in groups to deconstruct the briefs, build on the research, identify tasks, map workflow, explore and define problem-solving strategies, and build solutions and case studies. Students will work in their choice of visual communication areas.

IDES 361 Visual Communication Studio I: Illustration Concentration

6.00 credits (8,0,4) hrs 15 wks

Prerequisite: 50 IDES/DSGN credits

Thematically structured around the concept of “design for good”, this course introduces a variety of creative briefs, research methods, leadership skills, and tools that model best practices. Students work in groups to deconstruct the briefs, build on the research, identify tasks, map workflow, explore and define problem-solving strategies, and build solutions and case studies. Students concentrate on illustration for project deliverables.

IDES 362 Visual Communication Studio I: Branding Concentration

6.00 credits (8,0,4) hrs 15 wks

Prerequisite: 50 IDES/DSGN credits

Thematically structured around the concept of “design for good”, this course introduces a variety of creative briefs, research methods, leadership skills, and tools that model best practices. Students work in groups to deconstruct the briefs, build on the research, identify tasks, map workflow, explore and define problem-solving strategies, and build solutions and case studies. Students concentrate on branding for project deliverables.

IDES 363 Visual Communication Studio I: Interactive Concentration

6.00 credits (8,0,4) hrs 15 wks

Prerequisite: 50 IDES/DSGN credits

Thematically structured around the concept of “design for good”, this course introduces a variety of creative briefs, research methods, leadership skills, and tools that model best practices. Students work in groups to deconstruct the briefs, build on the research, identify tasks, map workflow, explore and define problem-solving strategies, and build solutions and case studies. Students concentrate on interactive design for project deliverables.

IDES 380 Visual Communication Studio II

6.00 credits (8,0,4) hrs 15 wks

Prerequisite: 50 IDES/DSGN credits

Using the process modeled in Visual Communication Studio I, students collaborate to identify areas of research that could benefit from design thinking expertise. The entire design process from problem identification to final solution is followed and recorded in case studies. Group work is complemented with focused individual study in a choice of visual communication subjects. The course is supported by research conducted in Design Thinking and Research II.

IDES 381 Visual Communication Studio II: Illustration Concentration

6.00 credits (8,0,4) hrs 15 wks

Prerequisite: 50 IDES/DSGN credits

Using the process modeled in Visual Communication Studio I, students collaborate to identify areas of research that could benefit from design thinking expertise. The entire design process from problem identification to final solution is followed and recorded in case studies. Group work is complemented with focused individual study in illustration. The course is supported by research conducted in Design Thinking and Research II.

IDES 382 Visual Communication Studio II: Branding Concentration

6.00 credits (8,0,4) hrs 15 wks

Prerequisite: 50 IDES/DSGN credits

Using the process modeled in Visual Communication Studio I, students collaborate to identify areas of research that could benefit from design thinking expertise. The entire design process from problem identification to final solution is followed and recorded in case studies. Group work is complemented with focused individual study in branding. The course is supported by research conducted in Design Thinking and Research II.

IDES 383 Visual Communication Studio II: Interactive Concentration

6.00 credits (8,0,4) hrs 15 wks

Prerequisite: 50 IDES/DSGN credits

Using the process modeled in Visual Communication Studio I, students collaborate to identify areas of research that could benefit from design thinking expertise. The entire design process from problem identification to final solution is followed and recorded in case studies. Group work is complemented with focused individual study in interactive design. The course is supported by research conducted in Design Thinking and Research II.

IDES 414 Technology Intensive IV

1.00 credit (2,0,1.5) hrs 10 wks

Prerequisite: 75 IDES/DSGN credits

This course focuses on the development of professional portfolio websites for designers and illustrators embarking on careers in the visual communication industry. Students are introduced to current trends in web experience design and a number of tools for building and showcasing a portfolio of work. Instruction will support students with varying degrees of front-end development experience.

IDES 490 Industry Practicum

9.00 credits (1,0,25) hrs 08 wks

Prerequisite: 75 IDES/DSGN credits

This experiential learning course takes place primarily off campus. Students work within a studio/agency environment or with a personal mentor in a capacity related to visual communication. Students undergo a placement interview and both parties work to strict contractual guidelines that guide behaviour and learning in a professional environment. Students provide written reflection and a final report on their work experience.

Note: IDES 490 is an approved Experiential course for Cap Core requirements.

Visual Effects

VFX 100 Visual Effects Foundation I

3.00 credits (4,0,0) hrs 15 wks

In this course, students will be introduced to the basic processes and procedures involved in the production of visual effects for the film industry. This course will emphasize the application of motion picture production methods and techniques and their relationship to visual effects. An understanding of the fundamental roles and equipment involved in motion picture production will be covered.

VFX 101 Visual Effects Foundation II

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 15 VFX credits

In this course, students will focus on professional production procedures used in the visual effects industry. Students will continue to develop the technical understanding of motion picture production methods and techniques and their relationship to visual effects. Students will learn about working on a film set, the roles of various crew members on set, work flow on set, and appropriate professional etiquette and behaviour. Motion picture language and vocabulary will be introduced. Students will learn about the use of technical equipment on set related to visual effects, including cameras, lenses and lighting.

VFX 110 Digital Compositing I

3.00 credits (4,0,0) hrs 15 wks

In this course, students will learn and practise the concepts necessary to successfully combine film and computer graphics elements. Students will be introduced to the concepts of blue and green screen removal and keying, travelling mattes and colour correction. The course will also cover the technical aspects of multi layer digital image creation and composition. An analysis of the production pipeline used in professional motion picture platforms will be implemented in student projects.

VFX 111 Digital Compositing II

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 15 VFX credits

In this course, students will learn advanced digital compositing techniques including the importance of shot breakdowns for effective compositing, how and when to use mattes, incorporating 2D and 3D visual elements, colour space and grading, motion tracking and rotoscoping techniques.

VFX 120 Visual Effects Modelling and Texturing I

3.00 credits (4,0,0) hrs 15 wks

In this course, students will learn to create production ready hard surface and organic 3D assets for use in visual effects productions. An introduction to 3D image creation, including modelling, texturing, lighting and rendering, will allow students to create production quality assets. An emphasis on research, design and project planning will help students understand the role of an artist in creating assets in a timely and professional manner.

VFX 121 Visual Effects Modelling and Texturing II

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 15 VFX credits

In this course, students will further develop their skills for creating 3D models and assets for visual effects. The creation of props and set extensions which match live action plates will be studied. Students will practice advanced modelling, texturing, lighting and rendering techniques in order to match live action plates.

VFX 130 Visual Effects Animation I

3.00 credits (4,0,0) hrs 15 wks

In this course, students will be introduced to the process of animating objects and effects in 3D space. This course will cover animation techniques used in the creation of visual effects shots in film projects. This course will focus on the use of realistic animated effects in film projects and their creation using advanced 3D animation software.

Note: VFX 130 is an approved Numeracy course for Cap Core requirements.

VFX 131 Visual Effects Animation II

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 15 VFX credits

In this course, students will continue to develop skills in animating particles, fluids and dynamics simulations. Using advanced 3D software, students will create natural phenomena such as fire, explosions, lightning, dust, rain, snow and water effects. Students will also learn to use dynamic simulations such as cloth, hair and object destruction.

VFX 140 Digital Matte Painting I

3.00 credits (4,0,0) hrs 15 wks

In this course, students will be introduced to the art and science of digital matte painting. An overview of traditional versus digital matte painting techniques will be covered. Students will use digital tools to create matte paintings which match the atmosphere and lighting of film footage. This course will emphasize the use of digital painting and photo montage techniques to create matte paintings suitable for use as background plates in a film production.

VFX 200 Visual Effects Lighting and Rendering

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 27 VFX credits

In this course, students will learn advanced techniques for creating 3D elements for a visual effect shot; how to create complex materials, match on set lighting and how to utilize advanced rendering technology effectively in the creation of visual effects shots.

VFX 205 Visual Effects Production I

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 27 VFX credits

In this course, students will plan and create visual effects shots in collaboration with an outside film production. This course will introduce students to the role of the visual effects artist in a film production, from analyzing and breaking down scripts to creating completed visual effects shot(s). Students will identify the keys to quality control in from onset production to integrated digital elements. The effects shots created during the course will serve as a basis for creating an effective visual effects demo reel.

VFX 210 Digital Compositing III

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 27 VFX credits

This course emphasizes developing advanced compositing skills with a focus on various pipeline workflows and shot finishing. Students will practice advanced compositing techniques using plates from actual film projects. Students will also learn stereo compositing techniques and workflows.

VFX 215 Visual Effects Production II

9.00 credits (12,0,0) hrs 15 wks

Prerequisite: 42 VFX credits

In this co-taught course, students will be introduced to the fundamentals of scripting in a production environment while continuing to iterate and advance their compositing, effects, and 3D modeling, shading and lighting techniques. Self-reliance, problem solving, critical analysis and finding answers in available resources will be emphasized.

VFX 220 Visual Effects Demo Reel

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 42 VFX credits

This course will help students prepare a professional portfolio and demo reel. Students will learn to critique their own work, while learning about professional presentation practices. A final portfolio presentation to industry will provide the opportunity for a professional critique of each student's portfolio before graduation. Students will plan and organize a grad show to showcase their talents to prospective industry recruiters and executives.

Note: VFX 220 is an approved Capstone course for Cap Core requirements.

VFX 230 Visual Effects Work Project

3.00 credits (0,0,4) hrs 15 wks

Prerequisite: 42 VFX credits

This course will prepare students to work in a professional industry environment. Students will complete a project for a client, or complete work experience in a local studio (based on studio availability). Students will be instructed in professional standards, ethics and practices. Students will be evaluated by their clients in the areas of work ethic, project realization and completion, professionalism and communication.

VFX 231 Visual Effects Animation III

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 27 VFX credits

In this course, students will continue to develop and refine the process of simulating particles, fluids, dynamic objects and cloth in 3D space. This course will focus on the use of realistic simulated effects in film projects and their creation using advanced 3D software.

VFX 240 Digital Matte Painting II

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 27 VFX credits

In this course, students will continue to develop and refine their digital matte painting and masking skills using digital tools. An emphasis on creating hand painted assets supported by photo texturing in the creation of convincing mattes suitable for use as film plates.

Wilderness Leadership

WLP 124 Winter Skills

2.00 credits (0,0,2.66) hrs 15 wks

Prerequisite: REC 148

An introductory course developing skills in avalanche safety, terrain and hazard assessment, route finding, and ski touring. This course is built around the frame work of Avalanche Canada's Avalanche Skills Training Certification program, for the Avalanche Skills Training Levels 1 and 2. Students may achieve industry certifications in Avalanche Skills Level 1 and Avalanche Skills Level 2 if industry certification requirements are met.

WLP 125 Ski Touring

2.00 credits (60,0,0) hrs 01 wks

Prerequisite: WLP 124 is a prerequisite or co-requisite

Students will develop backcountry touring skills including track setting, winter camp craft, hazard avoidance, skiing techniques and route planning, weather observations and avalanche safety. Students that achieve

the required competency level may achieve Avalanche Skills Training Level 2 Certification from the Canadian Avalanche Association.

WLP 126 Backpacking
2.00 credits (0,0,2.66) hrs 15 wks

Prerequisite: REC 148

Students will develop a proficiency in navigation with map and compass, wilderness travel, and mountain sense. Upon successful completion students will receive Outdoor Council of Canada Map and Compass certification.

WLP 127 Mountaineering
2.00 credits (60,0,0) hrs 01 wks

Prerequisite: WLP 124 or WLP 126 is a prerequisite or co-requisite

This course is designed for the experienced backpacker with little or no rope skills. Skills in basic rock climbing, rope management, crevasse rescue, snow and glacier travel and ice climbing will be developed.

WLP 128 Rock Climbing I
2.00 credits (48,0,0) hrs 01 wks

A technical course for non-climbers, emphasizing technique development through practical application of field skills. Students will gain competency in outdoor top rope climbing and following a lead climber. Skill sets include anchor construction, rope management, rappelling, climbing and movement techniques, and hazard management.

WLP 129 Rock Climbing II
2.00 credits (24,0,0) hrs 02 wks

Prerequisite: WLP 128 is a prerequisite or co-requisite

An intermediate level of skill development of rock climbing techniques including rock rescue and introduction to lead climbing.

WLP 130 Rock Rescue Clinic
1.00 credit (24,0,0) hrs 01 wks

Prerequisite: WLP 128 is a prerequisite or co-requisite

This course emphasizes the practical aspects of technical rock rescue.

WLP 131 Nordic Skiing I
2.00 credits (48,0,0) hrs 01 wks

This is an introductory course in Nordic skiing that develops competency in equipment selection and use, waxing, diagonal stride, poling, turns, skating, and telemark techniques. Students that achieve the required competency level may achieve Level 1 Instructor Certification from the Canadian Association of Nordic Ski Instructors.

WLP 132 Nordic Skiing II
2.00 credits (31.5,0,0) hrs 02 wks

Prerequisite: WLP 131 is a prerequisite or co-requisite

Students will develop and demonstrate competency in skiing and teaching diagonal stride, snow plow turns, double poling, off-set skate, and intermediate telemark techniques. Students that achieve the required competency level may achieve Level 2 Instructor Certification from the Canadian Association of Nordic Ski Instructors.

WLP 133 Canoeing I

2.00 credits (56,0,0) hrs 01 wks

A course in developing leadership skills in lake water canoeing; includes canoe history in Canada, equipment, canoe safety and leadership, tandem and solo rescues, and canoe-tripping standards and practice. Competent students may achieve industry certification for instruction in lake-water canoeing.

WLP 134 Canoeing II

2.00 credits (54,0,0) hrs 01 wks

Prerequisite: WLP 133 is a prerequisite or co-requisite

Tandem and solo moving water canoeing skills are developed in this course. Content includes theory, strokes, manoeuvres, and rescues. Competent students may achieve industry certification in moving water canoeing.

WLP 135 Rafting I

2.00 credits (48,0,0) hrs 01 wks

Includes equipment, strokes for oar and paddle boats, raft manoeuvring, and river reading. Competent students may achieve industry certification in rafting.

WLP 136 Rafting II

2.00 credits (63,0,0) hrs 01 wks

Prerequisite: WLP 135 is a prerequisite or co-requisite

This intensive course is designed to prepare students for the rafting industry. Students that achieve the required competency level may achieve raft guide certification.

WLP 137 Sea Kayaking I

2.00 credits (0,0,2.66) hrs 15 wks

Prerequisite: REC 148

This course focuses on each students' ability to make safe leadership decisions, manage groups on the ocean, choose campsites, facilitate launches, and provide appropriate client care and instruction. Students may achieve industry certification(s) in sea kayaking if industry certification requirements are met.

WLP 138 Sea Kayaking II

2.00 credits (0,0,2.66) hrs 15 wks

Prerequisite: WLP 137

This course focuses on each students' ability to make safe leadership decisions, perform surf landings and launches and provide a high level of client care and instruction. Students may achieve industry certification(s) in sea kayaking if industry certification requirements are met.

WLP 139 River Kayaking Clinic

1.00 credit (24,0,0) hrs 01 wks

This clinic introduces students to river kayaking equipment, safety procedures, strokes and rolling techniques. Skills will be introduced on flat water and will progress to river paddling.

WLP 140 River Rescue Clinic

1.00 credit (24,0,0) hrs 01 wks

This intensive course is designed to provide students with a solid foundation in river rescue. Students that achieve the required competency level may receive Swiftwater Rescue Technician Certification from Rescue 3 International.

WLP 145 Mountain Biking

2.00 credits (48,0,0) hrs 01 wks

The course provides an awareness of safe guiding practices for leading mountain biking rides and competence at the beginner to intermediate levels. Topics discussed include site selection, teaching materials, demos, progression, skill analysis, biomechanics, teaching points, common errors and corrections, safety tips, and environmental variables.

WLP 147 River Kayak I
2.00 credits (48,0,0) hrs 01 wks

This course introduces students to river kayaking equipment, safety procedures, strokes and rolling techniques.

WLP 148 Snow Boarding
2.00 credits (48,0,0) hrs 01 wks

A course developing leadership skills in snowboarding, including a comprehensive overview of the sport as it relates to snowboard instruction, guiding and leadership.

WLP 149 Overnight Field Leader
2.00 credits (0,0,2.66) hrs 15 wks

Prerequisite: REC 148

This course is designed to review and deepen the trip planning event cycle and offer students effective group management techniques for longer outdoor trips. Students will learn how to lead longer trips in low-risk terrain classes relevant to their activity. This course includes a field-trip experience and students may achieve an industry certification if requirements are met.

WLP 151 Interpreting the Wilderness Environment
3.00 credits (4,0,0) hrs 15 wks

This course is designed to enable outdoor leaders to learn interpretation techniques regarding experiential teaching methods. These techniques enable students to interpret the surrounding wilderness environment including weather and the night sky.

WLP 152 Wilderness Leadership Work Practicum
2.00 credits (0,0,35) hrs 03 wks

Prerequisite: CMNS 174, REC 156, 157, 163, 169, WLP 153 and 12 WLP credits

The student will gain practical experience necessary to work effectively in an adventure industry business. The student will have an opportunity to work at a level comparable to that of a non-Work Experience employee of the organization. The student will integrate and consolidate theory and skills developed during the Wilderness Leadership Certificate program.

WLP 153 Guiding Leadership
3.00 credits (4,0,0) hrs 15 wks

This course is designed to increase the students understanding of leadership theories and practices, communication in teams, and build the skills that are necessary for professional success in a leadership role. Students study literature on leadership, management communication, and group dynamics. The course will provide a set of engaging, hands-on experiences for exploring and mastering the capabilities for effective individual and team leadership. This course will assist participants in improving their capacities to think strategically, communicate effectively, and act decisively as a leader.

WLP 164 Winter Leadership
2.00 credits (0,0,2.66) hrs 15 wks

Prerequisite: WLP 124

This course is designed to develop field leaders in the winter environment. This course will develop effective personal and group management techniques for cold environments. This course will also provide an

intermediate proficiency in the building of winter shelters and camp craft for a winter environment. Students may achieve Outdoor Council of Canada Field Leader Winter certification if industry certification requirements are met.

WLP 166 Introduction to Alpine Travel

2.00 credits (0,0,2.66) hrs 15 wks

Prerequisite: WLP 126

In this course students will be introduced to the skills necessary to travel in mountain terrain in summer like conditions, including glacier travel. It also provides a range of interpersonal skills to enable the participant to work within a team and support the leader on a mountain traverse. This course includes a field-trip experience.

WLP 183 Selected Clinics in Outdoor Recreation

1.00 credit (30,0,0) hrs 01 wks

This course allows students to attend outdoor/adventure industry courses and obtain recognized outdoor/adventure industry certifications. Course topics may include guiding, instruction, leadership, or technical proficiency in a variety of outdoor pursuits, including rock climbing, kayaking, rafting, backpacking, rope rescue, sailing, and mountaineering.

Note: Must meet the minimum requirements as demanded by the course provider

WLP 184 Select Skills Course in Outdoor Recreation I

2.00 credits (0,0,2.66) hrs 15 wks

This course allows students to work towards obtaining an outdoor recreation industry certification in an area currently not offered in other skills courses within the Outdoor Recreation Management Diploma program. Specific topics will vary from year to year, but may include skills such as guiding, instruction and leadership, or technical proficiency in a variety of outdoor pursuits such as rock climbing, rafting, rope rescue, sailing, and mountaineering. The program convenor evaluates the industry certification to determine suitability.

Note: Contact the Outdoor Recreation Management program convenor for approval and course registration details.

WLP 185 Select Skills Course in Outdoor Recreation II

2.00 credits (0,0,2.66) hrs 15 wks

This course allows students to work towards obtaining a second outdoor recreation industry certification in an area not currently offered in other skills courses within the Outdoor Recreation Management Diploma program. Specific topics will vary from year to year, but may include skills such as guiding, instruction and leadership, or technical proficiency in a variety of outdoor pursuits such as rock climbing, rafting, rope rescue, sailing, and mountaineering. The program convenor evaluates the industry certification to determine suitability.

Note: Contact the Outdoor Recreation Management program convenor for approval and course registration details.

Women's and Gender Studies

WGST 100 Introduction to Women's Studies

3.00 credits (4,0,0) hrs 15 wks

This course examines the status and role of women in Canadian society within a global context. Topics include the impact of Women's Studies on traditional academic disciplines, the nature and origins of

patriarchal practices, gender role divisions in the family and other social institutions, women and work, reproductive rights, violence, communication/media/art, the social and legal status of women, and issues of power focusing on "race"/ethnicity, class and sexualities.

Note: This course is equivalent to WMST 100. Duplicate credit will not be granted for this course and WMST 100.

WGST 111 Introduction to Gender Studies

3.00 credits (4,0,0) hrs 15 wks

This course examines and compares various disciplinary approaches to gender, sex and sexuality, including how different disciplines construct these concepts. Disciplinary perspectives may include psychology, sociology, anthropology, biology, sport studies, law and policy. Students will learn to apply an intersectional approach – a foundational perspective in women's and gender studies – to contemporary issues of gender, including current areas of controversy and debate.

Note: This course is equivalent to WMST 111. Duplicate credit will not be granted for this course and WMST 111.

WGST 204 Women Write

3.00 credits (4,0,0) hrs 15 wks

This is a discussion-oriented literature course intended to broaden and intensify the students' awareness and appreciation of women writers from the late 19th to the 21st centuries. Material will come from a range of genre: stories, novels, poems, plays and memoirs. Using a feminist analysis, students will explore issues that mark the rise of women's writings from a sub-genre to contemporary full status acceptance.

Note: This course is equivalent to WMST 104. Duplicate credit will not be granted for this course and WMST 104.

Note: Completion of ENGL 100 and WGST 100 and/or WGST 111 is recommended.

WGST 208 Women and the Law

3.00 credits (4,0,0) hrs 15 wks

This course examines the history and development of equal rights for women through the lens of the Canadian legal system. Using feminist legal analysis, students will learn about sex discrimination and the interrelationship of it with "race"/ethnicity, sexual orientation and disability.

Note: This course is equivalent to WMST 108. Duplicate credit will not be granted for this course and WMST 108.

Note: Completion of WGST 100 or WGST 111 is recommended.

WGST 210 The Psychology of Women and Gender

3.00 credits (4,0,0) hrs 15 wks

This course explores the psychological construction of gender roles, their development in childhood and their maintenance in adulthood. Students will examine current research in biology, socialization, personality and mental health, and the course will include issues of current interest such as sexuality, aging, violence against women, gender relations, and the workplace.

Note: This course is equivalent to WMST 110. Duplicate credit will not be granted for this course and WMST 110.

Note: Completion of WGST 100 and/or WGST 111 is recommended.

WGST 213 Gender, Politics and Policy

3.00 credits (4,0,0) hrs 15 wks

This course examines the role of gender in political and policy processes using a multidisciplinary feminist approach. Students will focus on Canadian examples and examine the difficulties that affect women in particular. Students will be encouraged to research possible ways to increase women's political participation.

Note: This course is equivalent to WMST 113. Duplicate credit will not be granted for this course and WMST 113.

Note: Completion of WGST 110 or WGST 111 is recommended.

WGST 215 The Geography of Gender: Global Perspectives

3.00 credits (4,0,0) hrs 15 wks

This course uses a feminist perspective to examine how societal notions of gender shape our built environment and colour our perceptions of the world around us. Gender differences are apparent in how we live, work, travel, and explore. Drawing on geographical topics ranging from our everyday home and work experiences to the trafficking of women across borders, this course explores gender roles and patterns from around the world and their spatial implications.

Note: This course is equivalent to WMST 115. Duplicate credit will not be granted for this course and WMST 115.

Note: Completion of WGST 100 or WGST 111 is recommended.

WGST 220 Women and the Past: A Historical Survey

3.00 credits (4,0,0) hrs 15 wks

This course examines the lives of women in the western world from ancient times to 20th century North America. Private lives as well as public and political activities will be studied. Topics will include the role of women in the early Christian church, women in monasticism, women and the family in pre-industrial Europe, the impact of industrialization, pioneers and path-breakers, and the rise and nature of women's movements.

Note: This course is equivalent to WMST 220. Duplicate credit will not be granted for this course and WMST 220.

Note: Completion of WGST 100 or WGST 111 is recommended.

WGST 222 Cross-Cultural Perspectives on Gender

3.00 credits (4,0,0) hrs 15 wks

This course applies an anthropological perspective to the exploration of gender. Topics covered include gender diversity across cultures, the social and cultural construction of gender categories and social roles, variations in norms and beliefs concerning sex and gender, and the diverse ways in which gender intersects with other areas of culture such as work, family life, language, religion, and art.

Note: This course is equivalent to WMST 122. Duplicate credit will not be granted for this course and WMST 122.

Note: Completion of one of the following courses is recommended: WGST 100 or WGST 111 or ANTH 121.

WGST 224 Women and Health

3.00 credits (4,0,0) hrs 15 wks

This course presents an overview of women's health issues across differences of race, class, sexuality, ability, and age. Topics include approaches to health care, sexuality and reproduction, and occupational and social issues.

Note: This course is equivalent to WMST 124. Duplicate credit will not be granted for this course and WMST 124.

Note: Completion of WGST 100 and/or WGST 111 is recommended.

WGST 226 Women and Religion

3.00 credits (4,0,0) hrs 15 wks

This course examines ideas about and roles of women in the major religious traditions (Judaism, Christianity, Islam, Hinduism and Buddhism) as well as native religions, Wicca and goddess religions. Students will look

at how women have been shaped by religious traditions, at women as agents of resistance and social change, and at women as spiritual leaders, past and present.

Note: This course is equivalent to WMST 126. Duplicate credit will not be granted for this course and WMST 126.

Note: Completion of WGST 100 and/or WGST 111 is recommended.

WGST 230 Women, Art and Gender
3.00 credits (4,0,0) hrs 15 wks

Focusing on Europe and North America, this course examines the historical representation of women in art as well as the particular challenges and accomplishments of women artists. Students will investigate the ways that visual imagery has both upheld and critiqued gender differences and the impact feminist inquiry has had on the theories and practices of art and art history.

Note: This course is equivalent to WMST 130 and AHIS 109. Duplicate credit will not be granted for WMST 130 or AHIS 109.

Note: Completion of WGST 100 and/or WGST 111 is recommended.

WGST 240 Gender, Science and Technology
3.00 credits (4,0,0) hrs 15 wks

This course highlights the gendered packaging of science and technology and how this has affected the built environment, consumer choices, and the lives of women and men. Topics include an historical review of the role women have played in the development of science, investigation of the reasons for the traditionally low participation of women in scientific and technical fields, and an exploration of the relationship between science and gender.

Note: This course is equivalent to WMST 140. Duplicate credit will not be granted for this course and WMST 140.

Note: Completion of WGST 100 or WGST 111 is recommended.

WGST 250 Gender and Popular Culture
3.00 credits (4,0,0) hrs 15 wks

This course applies a feminist analysis to the study of gender in popular culture. Drawing on a variety of media, which may include advertising, film and television, comic books, video games, popular fiction, and magazines, students will examine the representation of gender. The course will also explore how popular culture often functions to reinforce social norms concerning gender roles and identities, while it may also allow for sites of resistance through challenging gender norms.

Note: This course is equivalent to WMST 150. Duplicate credit will not be granted for this course and WMST 150.

Note: Completion of one of the following courses is recommended: WGST 100, WGST 111, SOC 100, CMNS 112 or CMNS 132.

WGST 302 Jobs and Gender in a Globalized Economy
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework

This course examines women's work from the pre-industrial time until today. Topics such as participation in the workplace, inequality in the labour markets, and attempts to measure unpaid work will be covered. The course will also examine the impact of free trade, technology, privatization, and economic restructuring on women, and the gendered effects of the mounting debt and economic crisis in developing countries.

Note: Completion of WGST 100 or WGST 111 is recommended.

WGST 320 Feminist Killjoys: Gender and Social Justice Work
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework

Using Sara Ahmed's concept of the feminist killjoy, this course examines various theoretical and practical dimensions of social justice, equity, and diversity work. Informed by feminist theory, gender studies, critical race theory, and anti-colonial theories, this course will explore intersectional feminist activism at odds with racism, sexism and colonialism in institutional life. Pragmatic explorations will include an analysis of the physical and emotional intensities of embodying and performing killjoy tactics, and killjoy strategies for sustainable self and community care.

Note: WGST 320 is an approved Self and Society course for Cap Core requirements.

WGST 345 Gender, Slums and Urbanization in the Global South

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework

This course focuses on a dilemma in the development process: every week millions of rural peasants in the Global South, driven from the countryside by political and economic turmoil, population pressures and ecological breakdown, migrate to cities already overcrowded. This phenomenon uniquely affects women and girls. This course examines a range of gender inequalities and injustices in the Global South that constrain women's engagement in labour markets, inhibit their ability to access education and health care.

WGST 347 Women and Prisons: Gender Confined

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework

This course will examine current forms of penal governance in Canadian federal and provincial women's prisons. Through the lens of gender, this course theorizes the complexity of carceral power and examines the shifting and complex nature of women's penal governance. While the functions of prison - to contain, to segregate and to punish - remain consistent, the meaning and content of women's penal governance has changed over time. We examine how penal governance and the way that people experience incarceration is gendered, classed and racialized and hybrid forms of power and knowledge have informed prison strategies.

Note: WGST 347 is an approved Self and Society course for Cap Core requirements.

WGST 360 Contemporary Topics in Women's and Gender Studies

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework

This course explores contemporary issues in women's and gender studies, including current debates in the discipline. Specific topics will vary from year to year, but could include, for example, examinations of gender and international development, aboriginal women in Canada, women and public policy, feminist activism, gender and sexuality in Canadian sports, or feminist critical thought.

Note: Completion of WGST 100 or WGST 111, or another first or second year WGST course is recommended.

WGST 401 Queer Intersections: Histories, Identities, Cultures

3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 45 credits of 100-level or higher coursework

This course explores contemporary issues in queer studies from an interdisciplinary perspective. Drawing from a range of academic and community-based knowledge, the course will engage theory, history, and various analytic methods to explore queer cultures and debates.

Note: WGST 401 is an approved Self and Society course for Cap Core requirements.

World Music Private Ins.

WMPI 100 World Music Private Instruction

2.00 credits (0,0,14) hrs wks

This course is designed to provide students a personalized learning environment to acquire the skills and the knowledge necessary to enable them to successfully perform on their instrument.

Note: Successful audition and department approval are required to register in this course.

WMPI 150 World Music Private Instruction Secondary

1.00 credit (0,0,7) hrs wks

This course is designed to provide students a personalized learning environment to acquire the skills and the knowledge necessary to enable them to successfully perform on their instrument.

Note: Successful audition and department approval are required to register in this course.

WMPI 200 World Music Private Instruction

2.00 credits (0,0,14) hrs wks

Prerequisite: WMPI 100

This course is designed to provide students a personalized learning environment to acquire the skills and the knowledge necessary to enable them to successfully perform on their instrument.

WMPI 250 World Music Private Instruction Secondary

1.00 credit (0,0,7) hrs wks

Prerequisite: WMPI 150

This course is designed to provide students a personalized learning environment to acquire the skills and the knowledge necessary to enable them to successfully perform on their instrument.

WMPI 300 World Music Private Instruction

2.00 credits (0,0,14) hrs wks

Prerequisite: WMPI 200

This course is designed to provide students a personalized learning environment to acquire the skills and the knowledge necessary to enable them to successfully perform on their instrument.

WMPI 350 World Music Private Instruction Secondary

1.00 credit (0,0,7) hrs wks

Prerequisite: WMPI 250

This course is designed to provide students a personalized learning environment to acquire the skills and the knowledge necessary to enable them to successfully perform on their instrument.

WMPI 400 World Music Private Instruction

2.00 credits (0,0,14) hrs wks

Prerequisite: WMPI 300

This course is designed to provide students a personalized learning environment to acquire the skills and the knowledge necessary to enable them to successfully perform on their instrument.

WMPI 450 World Music Private Instruction Secondary

1.00 credit (0,0,7) hrs wks

Prerequisite: WMPI 350

This course is designed to provide students a personalized learning environment to acquire the skills and the knowledge necessary to enable them to successfully perform on their instrument.
